Christmas Party At Suffolk State A Smash Hit

Retarded children thrilled to the beat of rock music while Santa Claus brought laughs of glee with his presents and hearty greetings this past Sunday at the Suffolk State Hospital in Melville.

On hand for their annual visit to cheer God's special children and their loving parents were members of the Charles Wagner Post 421, Hicksville American Legion under Commander John Rizos and ladies of the Post Auxiliary under President Lillian Molinare.

Legionaire Frank Sattler was a perfect Santa with his banter and present for each child, and their delight was wonderful to see. Marking another heart warming visit to Suffolk State were Legionnaires and Auxiliary members: Past Commander

Frank and Mrs. Molinari; Past Commander Wesley and Mrs. Ellen Telsen; John Sheppard; Mr. and Mrs. Robert Boerckel; Mrs. Marie Gamble; Mrs. Eleanor Walsh and Mr. and Mrs. Martin Polizatto.

The Post members were joined in entertaining the youngsters by the popular Hicksville rock group, Hadrian's Decree. The youthful musicians were present without special invitation or prompting. Their impromptu concert brought immediate rhythmic response from the children, who seem to be unusually gifted musically.

Members of the Hadrian's Decree combo who topped off this grand Christmas party were Ray Gamble, Jr., Mike Callaghan, Fred Feldt, Lee Finklestein, John Fallon and Kevin Silver.

A Holiday Concert

Join the Hicksville Madrigal Singers for an afternoon of Holiday cheer. The Madrigals, under the direction of Mr. Charles Arnold, will perform the traditional Christmas music plus selections of medieval music.

Featured will be a guest

guitarist, David Doig, a former Hicksville High School student, soloing and accompanying the Madrigals.

This concert will take place Sunday, December 22 at 3:00 p.m. in the Hicksville Public Library. Admission is free and the community is welcome.

Hicksville Library News

The Annual Holiday Concert of the Hicksville High School Madrigal Singers will be held on Sunday, December 22 at 3 p.m. at the Hicksville Public Library. The program of traditional music

will be conducted by Mr. Charles Arnold.

The Friends of the Library will serve refreshments after the program.

Hicksville Family Suffers Tragic Loss

BY EDNA EDELSON

What happens to a Hicksville family when its mother dies and leaves behind three young children and a distraught husband? Such is the reality faced by Raymond Morace and his children Raymond B., Deborah 6, and Peter, 7 weeks, since the death of his wife Eileen on Dec. 11.

The Moraces were a typical Hicksville family, residing in a modest home at Cottage Blvd. until tragedy struck. They had celebrated the christening of their newborn son Peter on Sunday, Nov. 17. Four days later, Eileen Morace 31, suffered a cerebral hemorrhage and was rushed to Mid-Island Hospital. She lapsed into a coma and died without regaining consciousness three weeks later on Dec. 11.

Relatives and friends helped as best they could, but the baby had to be separated from his brother and sister so that he could be cared for by a relative outside the Hicksville area. The children had only begun to accept the death of their dog Brandy, when a week later their mother was stricken. How does a father explain the cruelties of fate to

such little ones? How do we explain it to ourselves?

Eileen and Raymond Morace were married ten years ago, and they moved to Hicksville from New York City to give their children a better life. They struggled on a modest income to make ends meet, and they did so by living as so many of us do here in the suburbs, by driving a compact car, putting all they had into fixing up their home—not into a bank account, and going to MacDonalds for family outings.

Eileen was a quiet woman who channeled all her energies into caring for her family and home. Raymond and Deborah will have rich memories of their dedicated mother, but what will Baby Peter have?

Mr. Morace has suffered financial devastation due to the costs of this illness, which follows the still unpaid medical expenses of the new baby. The Moraces recently remodelled their small kitchen, to fulfill a dream of Eileen's. Mr. Morace has this additional debt to pay, but he has the knowledge that he had made his wife so happy in her last days.

Mr. Morace doesn't know where to turn now. He wants more than anything else to keep his family together, here in Hicksville, but who will be able to care for them when he goes to work. There are unfortunately, no relatives available to stay here and fulfill these needs. The cost of hiring a "Homemaker" is approximately \$140 per week—beyond Mr. Morace's reach and probably beyond the reach of most of us.

What can we as a community do to help this family in their time of crisis? Concerned friends have established the Eileen Marie Morace Memorial Fund to help this family get back on its feet and stay together. Won't you do all that you can to join in this community effort to help your neighbor? Contributions may be sent to The Eileen Marie Morace Fund, 22 Amherst Road, Hicksville, 11801. Detailed information is available by calling 822-0790 or 938-5361. This is an opportunity, particularly at this holiday season to show that we are indeed our brother's keeper. God Bless.

Attracting Private Capital To Hicksville

Our Chamber of Commerce Fights For Hicksville's Future

BY KENNETH S. BARNES, PRESIDENT

community in implementing a specific redevelopment proposal already prepared, or they can undertake a staff study to identify commercial redevelopment opportunities. The contract (1974) with the City of Cohoes, N.Y., for example states that the Urban Development Corporation will review and evaluate the existing plans, interview officials in business, civic leaders, evaluate industrial market conditions and explore financial requirements. At the end of 90 days a guideline report will be submitted for review and approval by the Cohoes Governing bodies. At a later date, if the report is approved the Urban Development Corporation may be prepared, if needed, to bring in consultants and proceed with a plan. Some of the successful commercial projects in 1973 included development of an entirely new town in Lysander, N.Y., the creation of an industrial park on the site

of the Penn Central's abandoned railroad shops in East Rochester, N.Y. and attracting a lumber company to build a badly needed facility in Newburgh.

The Urban Development Corporation may or may not be the answer for planning and development in the triangle area of Hicksville. However, in view of its versatility and all-inclusive nature it seems to be the ideal combination of government and capital working together to create better communities. It can assist in planning, in locating prospective funding and in persuading private capital to invest.

This is simply a very brief out-line of one possible solution to the problem of attracting private capital to Hicksville. The initiative must come from the Town of Oyster Bay since the Urban Development Corporation will not begin its preliminary work without a signed agreement.

Holiday Hazards

People go to more parties, drink more alcohol, are generally busier and add extras in their homes at this time of year, according to Dr. John Dowling, Commissioner of the Nassau County Department of Health. All these things contribute to the need for greater care, he observed.

Some of the holiday decorations can be potentially dangerous, the Commissioner noted. Holly and mistletoe berries and poinsettia are poisonous if eaten; they should be kept out of the reach of young children.

All wires plugs and sockets on decorative lights should be checked to make sure they are in good condition, electrical apparatus should be Underwriters Laboratory (UL) approved, and lights placed outdoors should be specifically made for outside use, according to Henry Young, Director of Safety for the County Health Department.

In other precautions noted by the Department: Live Christmas trees, if dry, will burn easily. The tree, which should not be brought into the house until you are ready to use it, should be placed in a stand which will hold water, and be refilled daily. The tree should not be placed near a heat source, such as a fireplace, radiator, or heating vent.

Candles should be carefully placed away from anything which will burn or where a draft will blow something into them. Although decorative sprays may be perfectly safe once applied, Dr. Dowling warns, inhaling the aerosol propellants can cause nausea, vomiting or headaches.

Proper handling of food, necessary all year, is particularly important during the holiday period with such special situations as buffet parties and larger quantities being handled.

Robert Curiano, Director of training for the Food and Beverage Control Bureau of the Health Department, advises that perishable items such as salads with mayonnaise, fish, poultry or cream-filled pastries should not be left at room temperature for periods of time. Cold foods should be kept cold; hot foods hot. Potentially hazardous foods are in the danger zone when they have a temperature of between 45 and 140 degrees Fahrenheit.

Foods cooked in advance should be cooled in the refrigerator. Surfaces on which raw meat or poultry have been prepared must be cleaned thoroughly before being used for cooked food.

Salads will keep better if the ingredients are chilled. If salads are to be transported, the ingredients used should be pre-chilled.

Home caterers should be licensed by the Department of Health to insure proper sanitation of their facilities.

Some other general household precautions given by Dr. Dowling are: doorways and traffic paths should be kept clear of packages and decorations; wrapping paper should be placed in a closed trash container as soon as possible; when choosing toys, safety and appropriateness for the age of the child should be considered.

Mr. Young emphasizes if you drink don't drive. According to the National Safety Council, alcohol is a factor in half of all highway fatalities. Pedestrians should, for better visibility, wear light clothes after dark, he concluded.

Life Guard Testing Sunday, December 29

Lifeguard certification tests will be given during the upcoming holiday season on Sunday December 29, in the Mid-Nassau YMCA Pool, Hempstead, according to Dr. John Dowling, Commissioner of Nassau County Department of Health.

This test, a second chance for those who were unable to register for the original testing last month, Dr. Dowling said, will begin promptly at 9 am and will be limited to the first 60 applicants. No "walk-ins" will be permitted, he indicated.

Candidates who wish to take this test should telephone the special "lifeguard" number, 535-2591 any weekday between 9 am and 4:45 pm, or write the Nassau County Department of Health, Lifeguard Program, 240 Old Country Road, Mineola, 11501. The deadline for filing is

Tuesday, December 24.

A parent or friend may obtain an application for a candidate who is out-of-town; but the candidate must appear personally for the test on December 29.

According to Nicholas Abbatello, Director of the life guard testing and Certification Program for the Department, all persons planning to work as life guards at any pool or bathing facility within Nassau must be a minimum of 16 years of age and must be certified every three years by the Department of Health. Certification includes a medical examination, passing of a swimming test and rescue capability.

The Mid-Nassau YMCA Pool is located at 100 Jerusalem Ave., Hempstead.

"Oklahoma" at Jones Beach

Commissioner A. Holly Patterson, Chairman of the Long Island State Park and Recreation Commission, and Guy Lombardo announce that next summer's presentation at the Jones Beach Theatre will be "Oklahoma" the Rodgers and Hammerstein musical extravaganza depicting wholesome Americana in all of its splendor.

The cast and directional staff is now being assembled. Scenic and costume designers are

making preparations for the exciting production. The show, with family fare a priority, offering popularly priced tickets, will run nightly from June 26 through September 1.

Auditions for "Fiddler"

Director Robert O. Maher announces auditions for the North Shore Synagogue's sixth annual musical show "Fiddler on the Roof" will be held on Monday, January 6, and Thursday, January 9. Auditions will be held at the North Shore Synagogue, 83 Muttontown Road, Syosset beginning at 8:00 P.M.

Property Tax Brochure Available to Seniors

Commissioner Adelaide Attard of the Nassau County Department of Senior Citizen Affairs has announced the release of a new edition of an informational brochure, "Property Tax Reductions for Senior Citizen Homeowners." Applications for tax exemptions for Nassau homeowners 65 and over must be filed between January 1 and May 1, 1975.

The booklet, printed in large face type for the elderly, provides information on where, when and how to apply for tax reductions. It updates changes in the State Law passed at the last session of the Legislature, lowering ownership requirements from five to two years and increasing income limitations from \$6000 to \$6500.

According to Commissioner Attard, Nassau County was one of the first municipalities in the State to raise income levels and lower residency requirements to qualify its senior citizens for up to 50 percent reductions in property taxes, subject to local options by towns, cities, villages and school

districts.

The Department of Senior Citizen Affairs recently recommended the following proposals for changes in tax relief legislation:

- 1) a bill to increase from \$6500 to \$6500 the maximum income of homeowners 65 and over for eligibility for property tax reductions;
- 2) a bill to exclude Social Security benefits from determining income eligibility for property tax exemptions;
- 3) a bill that would establish a state program for rent supplements for low-income elderly;
- 4) a bill that would create a system of credits and rebates against the State income tax for certain low-income property owners or renters 65 years of age or older to protect them from extraordinary property tax burdens. This "circuit breaker" legislation will provide State financed tax relief to low income elderly property owners for that portion of property tax levies that

exceed a certain percentage of their total income and to renters for that portion of rent calculated as "rent constituting property taxes accrued" which exceeds a certain percentage of their income.

"We hope that all eligible senior citizen homeowners will take full advantage of tax relief opportunities by applying for reductions as outlined in this brochure," stated Commissioner Attard. "We also ask concerned individuals and organizations to join with us in pressing for our proposed legislative changes to ease the tax burdens of elderly homeowners and apartment renters."

Copies of "Property Tax Reductions for Senior Citizen Homeowners" may be obtained by writing the Nassau County Department of Senior Citizen Affairs, One Old Country Road, Carle Place, 11514. To conserve mailing costs, requests for large quantities should be submitted in advance and picked up in person.

Bridge Tourney Launches 1975 Senior Activities

A county-wide Bridge Tournament will launch the new year's activities in the Nassau County Department of Recreation and Parks' senior citizens program.

Open to all county residents 60 and over, the two-day event will take place on successive Mondays, January 20 and 27, from 12:30 to 4:30 pm. at the Special Activities Center off Parking Field No. 6 in Eisenhower Park, East Meadow. Trophies will be awarded to first, second and third place winners.

Other free recreational programs offered to seniors by

the department at the same location include painting, sketching, dancing, crafts, ceramics, yoga, orchestra rehearsals, music, singing, games, an amateur radio club, choral groups, socializing.

At Nassau Beach Park, Lido, in the East Terrace, the Golden Age Band meets each Wednesday. Other activities include yoga, photography, musical afternoons, and indoor lawn bowling in the East Terrace ballroom. In addition, recreation programs are provided there on a regular basis for groups of

nursing home residents.

Also in the Long Beach area, in cooperation with the County's Department of Senior Citizen Affairs, an "Introduction to Painting" is offered to senior residents of various hotels and adult homes.

A wide variety of activities for seniors is available at most major county parks on a regular basis.

For additional information, please call the Senior Citizens Unit of the Department of Recreation and Parks at 292-4247 weekdays between 9:00 am, and 4:45 pm.

Pistol, Rifle Courses Available To County Residents

Several pistol and rifle courses, with the accent on safety, are available to Nassau residents year-round at the county's indoor Rifle Range in East Meadow.

• The purpose of the Basic Pistol Course is to teach good shooting habits, sound techniques, and the reasons for them. Open to men and women 21 years old and up, the course is given by certified instructors on Fridays from 8 to 11 pm. The county will supply firearms, but students must bring their own ammunition and targets.

• Certification for a N.Y. State hunting license is the end result of the Hunter Safety Program, which is given on the first and second Wednesday of each month, from 7:00 to 9:30 pm. Hopeful Nimrods have to be at

least 14 and must be certified before they can hunt within the State of New York. State Conservation Department instructors will provide the firearms.

• Recognizing the fact that there are more accidents with guns in the home than anywhere else, a Home Firearms Safety Course is also offered on the first and second Wednesday of each month from 7:00 to 9:30 pm. Certified NRA home firearms safety instructors will supply the necessary equipment. Students, who must be 14 years old or more and who successfully complete the course, will be given both NRA and Nassau County Range Course certification.

• NRA Marksmanship Qualification for county residents

12 years old and up is offered Monday through Thursday from 1:00 to 7:00 pm, and Friday from 4:00 to 11:00 pm. All shooters must have their own pistols or rifles and supply their own targets and ammunition. NRA certificates are issued for appropriate qualifying courses.

The regular range fee of \$2.00 per person is charged for each session.

The indoor Rifle Range is operated by the Nassau County Department of Recreation and Parks and is located at the Santini Area of Mitchell Field, off Merrick Avenue, south of Hempstead Turnpike.

Further details may be obtained by calling the range at 292-4208 after 1 pm.

What to Stow in Case of Snow

important items for winter motorists to carry in their car trunks are:

- A flat-bladed shovel.
- A large bag or bucket of sand to provide traction on ice or hard-packed snow. (Be sure to keep the sand dry or it will

freeze solid and be of no value.)

• Traction mats (oblong wire mats) which are also useful for getting out of slippery locations.

• A combination ice-scraper and snow-brush for clearing windows.

Dear Friends:

JUST A GENTLE REMINDER that, if you are moved to help our neighbors, the Moraces (see lead story on page one of Hicksville edition), you do so without delay, as the grieving father is struggling to keep his family together...and his needs and the needs of his children are NOW. Whatever you do...God bless you for sharing at this time.

A BIG "THANK YOU" goes to the committee members of the Hicksville Rotary and Kiwanis Clubs, who decorated the beautiful Christmas tree in Veterans Square in the center of the Hicksville business district. You did a beautiful job.

A very special Thank you goes to the Twin Lawns Civic Association who are now celebrating their 25th year of service to their area, for it was in 1948 that this organization was formed. Originally it met in each others homes, for the purpose of protecting the Twin Lawns area and for seeing that the area remained residential in character. However, on Christmas Eve 1949 they started the first Santa Claus program. Santa came on a big open truck and visited all the children in the area. I believe that my husband, Fred, was the first Santa Claus, but as the years went on and more children came to the Twin Lawn families, it was necessary to add more Santas. Whatever presents the parents wanted, given to their children through this program were dropped at various homes in the area. Then they were all brought together to the Mid Island Herald office where they were sorted according to the order in which they were to be delivered. The Santa's mapped out their routes and were on their merry way. As the years went by the project grew in size and it was necessary to find a larger place to start from, so the original VFW hall was generously donated for this purpose.

Now, in 1974, The Santas of the Twin Lawns Civic Association are getting ready for their 25th local visit...the same plan will be carried out...This year the program is being handled by Mrs. Joyce Wanger, and Mrs. Barbara Tuohy, assisted by Mr. Daniel Dunlop and an active committee. We are told that as some of the original children who were visited grew up and had their own families, they often brought their children back to visit with Santa as they had. We think it is a great idea, well carried out.

We wish you all a very blessed and joyful Christmas.

Sheila Noeth

Social Security

QUES: I will be eligible for Medicare soon. I know that Medicare helps pay many medical expenses, but what are some of the things it doesn't cover?

ANS: Medicare does not cover preventive medicine, such as routine physical exams. Other non-covered items include

prescription drugs and other medicines you buy yourself, eye and hearing examinations, eye glasses, dentures, or routine dental work. Medicare also does not cover custodial care such as help in dressing, bathing and caring for other personal needs. Your Medicare Handbook, which will be mailed to you, lists non-covered items and services.

Supervisor JOHN W. BURKE REPORTS

In recent weeks I have noticed that the message on automobile bumper stickers has changed from a political theme to "THINK SNOW" or some similar sentiment.

Snow is also a primary concern of Town government, but for other than recreational reasons. While Highway Division crews continue leaf collection operations, the Division's officials have been working on "Operation Snow". Snow plows and sand spreaders have been checked out, refurbished when necessary, and made ready for immediate installation at the first threat of

snow or icing conditions.

Several radio-equipped vehicles have already been fitted with sanders and are kept on a twenty-four hour emergency stand-by basis. About 18,000 tons of sand have been stockpiled at strategic areas throughout the Town. A snow removal plan of operation has been formulated, which includes vehicles and crews from the Sanitation Division and Parks Department to assist in clearing the more than 800 miles of Town Roads.

Town residents can play a major role in assisting these forces in the event of a storm.

When snow conditions are forecast or first observed, residents should park their vehicles in their driveways. This will greatly expedite the work of our crews when they reach your street.

The Town has also reactivated its snow emergency number. When a road must be cleared immediately to provide access for an emergency vehicle such as a fire truck or ambulance, residents should call 921-6030. This number should be used only in emergencies. For other snow removal information, the Highway Division can be contacted at 921-1030.

Receives Congressional Assignments

Congressman-Elect Jerome A. Ambro was today notified of his House of Representatives Committee assignments for the 94th Congress beginning January 14, 1975. In keeping with House traditions, Mr. Ambro has been selected to serve on one Major Committee—Public Works and Transportation—as well as the Committee on Science and Technology.

Mr. Ambro sought and was grateful to receive these assignments, especially in light of the new responsibilities assigned to them in 1975. He feels the actions of these committees will have a significant effect on the United States in general and the Third Congressional District in particular during the next decade.

In keeping with Mr. Ambro's record in the environmental and transportation fields, his new assignments will serve to foster his continuing interest and expertise in the fields of public transportation, energy, water pollution, oil spill control, and environmental research and development.

Specifically, the Committees are charged with clearing legislation in the following fields:

Public Works and Transportation: Flood control; rivers and harbors improvement; navigation public works projects; oil and other pollution of navigable waters; public buildings and grounds; water power; roads and road safety; transportation, including urban mass transit and civil aviation (excepting railroads), water transportation under the ICC and transportation regulatory agencies (except the I.C.C. as it relates to railroads, the Federal Railroad Administration, and Amtrak).

Science and Technology Committee: Astronautical research; Bureau of Standards; NASA; National Aeronautics and Space Council; National Science Foundation; outer space; science scholarships; scientific research; civil aviation R & D; environmental R & D; and all energy R & D (except nuclear R & D); weather; and special oversight over all non-military R & D.

In anticipation of his assignment to the Science and Technology Committee, Mr. Ambro spent all day Friday at Brookhaven National Laboratories reviewing developments in pure and practical research at one of America's leading scientific institutions.

Hofstra's Middle Income Plan Cuts Cost of a Quality College Education

Hofstra University is doing something about the high cost of a quality college education across the middle income family. The Hofstra Middle Income Plan of grants and scholarships means:

- To every accepted full-time freshman whose family's taxable income is between \$6,000 and \$17,000, Hofstra will grant a \$500 tuition award, independent of other financial aid.
- For students in the top 20 percent of their high school class, with a total SAT score of at least 1200, a Hofstra Academic Scholarship of \$800 minimum is also awarded, independent of financial need.
- Add to this Hofstra assistance the amount for which the family is qualified under the New York State Tuition Assistance Program (TAP) and a Regents scholarship of \$250, and it is possible to reduce Hofstra's tuition and fees from an average of \$2,040 to \$1,250 a year, or \$500 a year, or even in \$210.

If Hofstra is where you want to be, the Admissions Office can help you to determine the maximum benefits available to you.

DEVOTIONS

Dial-A-Devotion 931-2221

By the Rev. John H. Krahn,
Trinity Lutheran Church

KNEELING TIME

The greatest story in the world begins as quietly as a single snowflake drifting down into a silent forest at midnight. "And in that region there were shepherds out in the fields keeping watch over their flock by night." Imagine the feeling of those shepherds, simple men, as the sky filled with angels singing what was really the first Christmas Carol, "Glory to God in the highest and on earth peace, good will toward men." No wonder they "came with haste," to "see this thing which is

come to pass, which the Lord hath made known to us." Arriving at the stable, they found Mary and Joseph and the Baby who was lying in a manger. Artists throughout the ages have depicted roughly clad men kneeling beside the manger, their faces alight with adoration. There was wonder and reverence mixed with gratitude and joy.

In the Ozark Mountains, I am told, there is an old legend that at midnight on Christmas Eve the cattle kneel in adoration of the Savior who came into their stable so many years ago. A part of the legend, however, is that they will not kneel if any human being is watching. That, of

course, makes the story safe from prying, scientific eyes. We shall never be able to prove it or disprove it with our senses. But isn't that the way Christmas is...an intimate and ultimate experience which is forever beyond the eyes of proud minds.

Only the cattle know if they really kneel to the Savior at midnight - as only we ourselves know in the deepest regions of our hearts whether we are there at the manger. Christmas is kneeling time for the entire earth as the eyes of faith-filled hearts look upon the Only-begotten of the Father. And as we look, hard and distraught faces melt into expressions of joy and adoration.

SINGING FOR JOY: Recently the choir of Trinity Lutheran Church, 40 West Nicholas Street, Hicksville, sang at the Mid-Island Plaza as part of the parish ministry of sharing Christ with the community. Trinity exists to serve the community and to affirm God's love for its residents. Trinity's members welcome others to join them in their exciting ministry.

Hulver - Testa

Mr. and Mrs. Charles A. Testa, Sr., Hicksville, have announced the engagement of their daughter, JoAnn Marie, to John Austin Hulver, son of Mr. and Mrs. Ray Hulver, Winchester, Va.

Miss Testa received her Bachelor of Music Education degree from Madison College, Harrisonburg, Va. and is presently teaching in Warsaw, Va.

Mr. Hulver received his BS degree in Political Science from Madison College. He is presently employed by the Harrisonburg Daily News-Record as a sales representative.

Plans are being made for a July wedding.

Christmas Services Set

On Sunday, Dec. 22, at 6 p.m., a special Muscicle, combining the choirs of the United Methodist Church, Old Country Rd., Hicksville, will present "The Glory of Christmas."

On Christmas Eve, a service of carols and candles will be held at 8 p.m. and 11 p.m.

NCPD Warns Against Solicitors

Police Commissioner Louis J. Frank today issued an alert to county residents that any organization soliciting funds and linking its activities with the Nassau County Police Department is acting under false pretenses.

The Commissioner stated that it has come to his attention that a number of groups have embarked on fund raising campaigns recently and he said, "I want county residents to definitely know that they are in no way connected with the county police department."

Commissioner Frank continued that the rules and regulations of the department specifically forbid its members from engaging in fund raising activities. He pointed out that the department's line organizations such as the Patrolmen's Benevolent Association, the Detectives Association and the Superior Officers Association all adhere to this policy.

Frank added that the department neither endorses any forms of solicitation or authorizes the use of its name in such matters. He said, "Any group which either by direct statement, implication, inference or innuendo, connects its activities with the department is deliberately misleading the public."

Hicksville Fire Report

MISS FIRE BELLE: Debbie Klimpel of Hicksville was crowned Miss Fire Belle 1974 at the Nassau County Firemen's Seminar held recently at C.W. Post campus, Brookville. Debbie is the daughter of Fireman George Klimpel of H&L Co.1 Hicksville F.D.

Debbie won the top honor over 4 other contestants. She received two trophies, a savings bond and her crown (in this case a sparkling white chiefs helmet). Hicksville Vamps along with many others from the 9th Battalion turned out in large numbers to cast their vote for Debbie. Hicksville Vamps won the 2nd place trophy award for attendance. Keep your eyes on Debbie (not a hard thing to do by the way). Next year who knows — maybe Miss America. I know all the Vamps in the 9th Battalion congratulate Debbie and wish her well in the future.

Seasons Greeting To All

BY EX-CAPT. OWEN MAGEE

Hicksville Firemen responded to 128 alarms during the month of November: 47 sounded alarms, 43 silent alarms, 38 ambulance calls. To date there has been 200 malicious false alarms, and the yearly total stands at 1,208. (Total all alarms)

During the past week Dec. 10 thru Dec. 17 there were 19 alarms, 11 fire calls, 5 rescue calls, 3 false alarms. A smoke fire in a bedroom broke out on Saturday Dec. 14 at 1:04 PM at 59 Autumn Lane. The fire located in a second floor bedroom was quickly doused by vamps using a new fire fighting chemical called "PYRONOX". A viscous liquid mixed with water, it is mixed with water 3 percent, (30 gallons at 3 percent mixed with water produces 1,000 gallons of solution.) "Pyronox" can form a film over a flammable liquid fire in 0 to 3 seconds. In gasoline spills it forms a film over the spill and breaks it down and prevents ignition. It also is highly absorbent and is good on paper, wood, cloth (class A) fires. In this fire, the vamps extinguished it using only a 2 1/2 gallon extinguisher. A portion of the

dwelling suffered smoke damage. Damage to the bedroom was slight. It is believed the fire was caused by an electrician short circuit in a night light that was damaged or struck.

The Fire District recently had the old auto body shop on East Marie St. next to fire

headquarters razed. This spring work will start on an urgently needed parking field for responding vamps. The present F.D. parking field holds approx. 30 vehicles, forcing many other vamps to hunt for parking space in other fields near the fire

Our Armed Forces

US Air Force Reservists Major James P. Theoharides of Larchmont, NY, and Major Irwin Gorman of Neil Drive, OLD BETHPAGE, attended a conference of more than 180 liaison officers recently at the Air Force Academy near Colorado Springs, Colo.

They are among the more than 1,500 reserve and retired officers located throughout the 50 states and in several territories and foreign countries who provide information and guidance on academy admissions, procedures, curriculum and cadet life to young men interested in attending the service school.

The liaison officers were briefed by members of the academy faculty and staff on the latest curriculum and admissions procedures for cadet candidates. They also talked with many cadets from their local areas about cadet life at the academy.

Navy Seaman William E. Piccirilli, son of Mrs. Mary Piccirilli of Vincent Road, Hicksville, N. Y. graduated from recruit training at the Naval Training Center, Great Lakes, Ill.

He is scheduled to report to Electronics Technician School, Great Lakes, Ill.

The training included instruction in seamanship, military regulations, fire fighting, close order drill, first aid and Navy history.

Army Second Lieutenant William L. Conner, 21, son of Mr. and Mrs. William L. Conner, of Rosewood Place, Plainview, completed a nine-week engineer officer basic course at the U. S. Army Engineer School, Ft. Belvoir, Va.

During the course, the newly commissioned Corps of Engineers officer is trained for his first duty assignment. Emphasis is on leadership and on the knowledge of weapons, equipment, fundamentals and techniques required to assume that responsibility.

Table Tennis

The Town of Oyster Bay Department of Parks and Recreation will present its first Annual Table Tennis Tournament on Thursday, December 26th, (and Friday, December 27th, if necessary) at the Marjorie R. Post Community Park Community Center at Unqua and Merrick Roads in Massapequa from 10 AM to 5 PM.

The single elimination tournament is open to all residents age 10 through 18. Trophies will be awarded for first and second place.

Pre-registration is necessary. Interested persons may pick up registration forms at their community park, library or school. The form must be completed and returned no later than Monday, December 23rd to the Department of Parks and Recreation, 800 South Oyster Bay Road, Hicksville, 11801. There is no fee.

Children Share

Mrs. Miriam Feirstone's second-year primary class and Mrs. Jean Edelman's third-year primary class have again sponsored a cake sale in the Old Bethpage School to raise funds for Newsday's annual Adopt A Family drive. Cakes, cupcakes, and cookies were baked by the children as well as donated by parents and other staff members. The children's drive, which was held on Thursday, December 12th and Friday, December 13th raised \$157.45 for aid to the needy of Long Island.

Navy Seaman Recruit Christine Worsthorn, daughter of Mr. and Mrs. Robert L. Worsthorn of Division Ave., Levittown, graduated from recruit training for women at the Naval Training Center, Orlando, Fla. She is scheduled to report to Hospital Corpsman A School, Great Lakes, Ill.

Navy Seaman Recruit John G. Krawczyk, son of Mr. and Mrs. John L. Krawczyk of Constellation Road, Levittown, graduated from recruit training at the Naval Training Center, Orlando, Fla.

He is scheduled to report to Hospital Corpsmen A School, Great Lakes, Ill.

Marine PFC Randall H. Mahler, son of Mrs. Gertrude M. Mahler of Balsam Lane, HICKSVILLE, reported for duty at the Marine Corps Air Station, Cherry Point, N.C.

A 1973 graduate of Hicksville High School, he joined the Marine

Corps in January.

Navy Sonar Technician Third Class Edward F. Wood of Cambridge Drive, HICKSVILLE, has been deployed to the Mediterranean aboard the guided missile frigate USS Coontz, for extended operations with units of the US Sixth Fleet.

During the cruise, the Coontz will operate with US Navy and NATO forces, as flagship of Destroyer Squadron Two.

Wood will participate in exercises that will cover the entire spectrum of naval warfare, from the ship's primary mission as an anti-air warfare picket vessel, to underway replenishment.

Between at-sea operations Wood will have the opportunity to visit Spain, Italy and France. The Coontz is scheduled to return to its homeport at Norfolk, Va., next May.

A former student of Aviation High School at New York City, Wood joined the Navy in March 1972.

Plainview Fire Dept. Corp. Election Results

On Monday, Dec. 9th the Plainview Volunteer Fire Dept. Corporation held its annual elections.

Richard McCauley was elected Second Assistant

Chief for a one-year term.

Incumbent Peter Taomina was re-elected to the Board of Directors for a five-year term.

HHS Italian Club Field Trip

On Thursday, Dec. 5, the Italian Club of Hicksville High School, after surviving through a traffic tie-up on the LIE, enjoyed a visit to the Statue of Liberty and Museum of Immigration. Accompanied by its faculty advisor, Mr. A. Ferraro, the group caught the Staten Island Ferry at 10:00 on a cold but sunny day. Sitting on the top deck of the ferry, they made a fifteen minute, windy voyage towards the majestic statue. Upon arriving on Liberty Island (formerly Bedloe's Island), everyone circled and scrutinized the statue, then entered. Despite a shortage of personnel, they were given a brief but interesting talk

on the history of the statue. Then they proceeded to the Museum of Immigration and learned about the different peoples, as well as Italians, who were welcomed to this country by the Statue's promise of freedom. The next step was to the Statue itself which is made of copper with a steel frame: the copper is only as thick as a penny. They took an elevator to the base and then every person climbed the 168 steps of a narrow and spiraling staircase to the crown. A high-point of the trip was meeting Mr. Liberty, a 70 year old man who was very proud to have made it to the crown.

PARTY TIME: Oyster Bay Town Clerk Ann R. Ocker (left) was the guest of honor at a holiday party (top photo) for the Plainview Senior Citizen Club given by the Ladies Auxiliary of VFW Post No. 5942. Presenting a Christmas tree to Senior Citizen President Anneta Composti (third from left) is Filomena Gilmino of the VFW while County V.F.W. Commander Tony Esposito (second from left), Chairlady Anna Ceriani (center), Auxiliary President Sandy Manzo (second from right) and Post Commander William Rose look on.

Town Councilman Joseph J. Saladino demonstrates his chess prowess to some of the budding young masters (lower photo) at the First Annual Chess Tournament sponsored by the Town's Department of Parks and Recreation. Saladino's opponent Vincent Sakranda (right) of Massapequa contemplates his next move while (left to right) Mike Petrossian of Locust Valley, Andrew Sutton of Massapequa and Steve Goldblatt of Plainview silently figure how they would play the game. The tournament was held at Marjorie R. Post Community Park.

Galileo Lodge Hosts Retarded

On Sunday, December 15, the Galileo Galilei Lodge No. 2253, Order Sons of Italy in America, held its Third Annual Christmas Party for retarded children at the Lodge Hall, 200 Levittown Parkway, Hicksville. Each year, said the Venerable Anthony Monteforte, "it is our privilege to invite the parents and their children to celebrate the Christmas Holiday here." After dinner each child was introduced to Santa Claus, played by Ray Moffittan, to receive gifts which included a transistor radio. The dinner was prepared and served to our guests by the men and women of our Lodge, said Venerable Monteforte.

"It also gives me great pleasure," he said, "to announce that a Ladies Auxiliary has been formed within the Lodge. It consists of wives and

daughters of our members. The President, pro tempe, of the Laides Auxiliary is available to wives and daughters of members and widows of deceased members of the Lodge."

The first election of

officers of the Auxiliary will be held in February, 1975. "The next festive occasion," said Venerable Monteforte, "will be our New Year's Eve Party. Tickets at \$22.50 per person are available to members and friends."

SEASON'S GREETINGS

Get Rid of Gray Hair Some of it or all of it

Time-lapse photographs show how gradual action of Grecian Formula 16 lets you control just how much gray you slowly get rid of—some of it or all of it.

White Plains, N.Y.—Hundreds of thousands of men all over the country are now using a remarkable product to control just how much gray they slowly get rid of. It is called Grecian Formula 16 and the results are simply amazing. Grecian Formula 16 is a practically clear liquid, as easy to use as hair tonic. This remarkable formula works for any color hair because it combines with the natural chemistry of the hair to recreate natural-looking color. There is no mess and no rub-off. You simply use it every day for two or three weeks until you slowly get rid of

just as much gray as you want. Some of it, most of it or all of it. You can stop where you like. You are in complete control of how much gray goes or stays. Once you get rid of as much gray as you want, simply use Grecian Formula once a week or so to keep it that way. Since Grecian Formula 16 works gradually over a period of time, even close friends won't notice the change happening. The resulting color is so completely natural that the hair definitely does not have a dyed look. Grecian Formula 16 is available at

HAD Bingo To Start "With Help From A Friend"—The VFW

Help-Aid-Direction (HAD), Hicksville's youth and family counseling, drug abuse prevention center, will soon begin weekly operations of a fund-raising bingo game. This project is a direct result of the continuing generosity of the Hicksville Veterans of Foreign Wars, Post 3211, who are loaning HAD \$500 needed to start the weekly games.

For many years, HAD has struggled for its financial survival. If community-minded, youth-concerned organizations like the Hicksville VFW, Hicksville Lions and Kiwanis Clubs hadn't repeatedly responded financially to HAD's appeals for assistance, the HAD agency would have collapsed many months ago.

HAD's present fiscal difficulties recently reached such a severe state that the agency had to respond by laying off a highly skilled part-time staff member. It was also forced to close its counseling facility from Fridays through Sundays. HAD's counseling and recreational services are now performed only four days per week (Monday through Thursday) from 12 noon to 10 pm.

In an effort to prevent future staff layoffs and curtailment of valuable counseling, recreational, and referral ser-

vices, HAD has finally arranged with the New York State Bingo Commission to start its own weekly bingo game. However, a very serious problem arose. To start bingo, HAD needed at least \$1000 as capital outlay to pay for supplies, rental of hall, town fees, etc. HAD does not have this starting capital. Its bingo plans were almost shelved for lack of this initial investment of capital.

HAD, once again, turned to the Hicksville Veterans of Foreign Wars, Post 3211, for financial help. They responded immediately. This post agreed to loan the HAD agency \$500 so that it could begin operations of its weekly bingo game as of Tuesday, January 21, 1975 in the Lions Den, Mid-Island Plaza, Hicksville, starting 8 pm.

Through this generous gift, Post 3211 has provided HAD with a tremendous opportunity to raise badly needed funds, thus gaining at least partial economic self-sufficiency.

The men of Post 3211 have truly proven themselves to be deeply concerned citizens of their community. More specifically, HAD is forever indebted to one of the VFW's most active, energetic members, Mr. Joseph Normandy. He has always showed a deep concern and interest for the survival of the HAD agency. He

really cares for young people. Mr. Normandy has worked constantly behind the scenes to insure that HAD survives and continues to serve the youths and adults of the Hicksville area. Mr. Joseph Normandy and the entire membership of VFW Post 3211 have proven themselves to be community-minded, youth-concerned individuals and "True Friends of Help-Aid-Direction (HAD)."

Foreign Language Greetings

The annual display of greeting cards made by foreign language students of the Hicksville Senior High School presents a festive welcome to students and parents using the main entrance to the school. With messages in French, German, Italian, Latin, and Spanish wishing everyone a Happy Hannuka, Merry Christmas, Happy New Year, or just Season's Greetings, the cards bear witness to this year's theme: "Foreign Language

Greetings Are Individual." In addition to cards there are mobiles hanging from the ceiling and boy and girl rag dolls seated and surveying the whole colorful panoply which is highlighted by a revolving, multi-colored floodlight. All teachers and students in the Hicksville Senior High School Foreign Language Department cooperated in making and displaying the cards and other greetings in what has become a tradition at the school.

Latin Club Celebrates

The Hicksville Senior High School Latin Club had its 20th annual Saturnalia on the 10th of December (Friday the 13th!) in the Latin Quarter (Room 318). The highlight of the event was a musical playlet presented by the students about the capture of ancient Troy. Refreshments enjoyed included cake, cupcakes, and cookies baked by the students themselves and other goodies bought for the occasion, washed down by apple cider. The Saturnalia in Ancient

Rome was an annual celebration lasting from December 17-24 which commemorated the mythological period during which Saturn was king of gods and everything was peaceful and prosperous. In hearkening back to those good old days the Romans exchanged gifts, students exchanged places with their teachers, and in general anticipated many of the customs followed today in celebrating Hannuka, Christmas, and New Year's Day.

FROM LIBRARY

(Continued from Page 11)

bringing about the new modification. In particular the maintenance staff led by Mr. Anthony DeMartino, Engineer and Mr. Edward DeFiglia, supervisor of maintenance was commended for a job well done. In turn the help of the following student assistants was acknowledged for the tremendous job of moving the collection and helping to maintain it in working order. Paul Brown, Mark Gresser, Kathy Lenhart, Steve Reis and Eric Zwerin.

The Collection of the PUBHS Media Center has reached 24,000 volumes which is a landmark

after fifteen years of operation. The variety of materials, the new services and the expanded area provide the student body with the ingredients for a rewarding educational experience.

OIL CHRISTMAS TREE ON CHRISTMAS TREE: Oyster Bay Town Councilman Warren M. Doolittle (center) and Lois Manning of Woodbury, Superintendent of the Town's Cultural and Performing Arts Division of the Department of Community Services, join

Gardiner Gregory, Director of the Gregory Museum, as judges at the Mid-Island Plaza Christmas Tree Trimming contest. The trees were decorated by various girls organizations. The winners were: 1st place - Girl Scout Troop No. 318 of Levittown; 2nd place -

3rd place - Mid-Island 4-H Senior Group; 1st place - Girl Scout Troop No. 110 of Farmingdale; 3rd place - Girl Scout Troop No. 361 of Westbury. The prizes were \$50 for first place on down to \$10 for fifth place. The contest was sponsored by the Mid-Island Merchants Association.

From Library To "Media Center"

Faculty, students and friends of the Plainview-Old Bethpage High School Library celebrated on Wednesday, December 11, the final completion of a new facility and a new interior design. Some four and a half years ago, the Board of Education approved an extension of the library into an area occupied by the Communications Department. This new area provides the library with much needed space for new books and new services.

The new facility provides our student body with access to a reference center, a listening center and a viewing room. In addition we now have a special storage room for securing equipment and providing space for our burgeoning magazine

collection. The most popular area to date has been the listening center which has a high fidelity system with simultaneous access to two recordings and a FM radio. Notable about this system is that it was developed by three students from our electronics department. The housewarming paid tribute to these three students, Richard Kagan, Eric Schweitzer and Gary Weiner. The new interior design was created by Russell Klein, a student in the art department.

The viewing room makes it possible for students to examine microfilm copies of the New York Times and numerous magazines. In addition it is possible to look at 8mm. loops, filmstrips and slides and at the same time listen to a

commentary on a cassette tape. The reference center makes it possible to conduct instruction and provide our students with a compact facility for doing research. The access to all the major carriers of information justifies our name change from library to media center. From now on we will be known as the P.O.B.H.S. Media Center signifying a library with extensive non-print as well as print media in the collection.

At the housewarming ceremonies Dr. Jerome Botwinick, Principal, congratulated the library staff (David Cohen, Pearl Rabinowitz, Shirlee Douglas and Mary Kempf) for significant achievement in

(Continued on Page 10)

LEGAL NOTICE

AMENDMENTS TO THE CODE OF ORDINANCES OF THE TOWN OF OYSTER BAY

BE IT ORDAINED by the Town Board of the Town of Oyster Bay, County of Nassau, State of New York, that Chapter 11, "Garbage, Litter & Waste" of the Code of Ordinances of the Town of Oyster Bay, be and the same is hereby amended to read as follows:

REPEAL Section 11-30 and insert a new section to read as follows:

Section 11-30 All schools which are exempt from assessment for garbage collection, located within the garbage districts of the Town, which desire to have the Town pick up their waste materials will be charged the sum of six dollars (\$6.00) for each ton of waste material picked up by the Department of Sanitary Services, which sum is to be applied for in-

LEGAL NOTICE

generator charges. This amendment to be effective January 1, 1975. **REPEAL** Section 11-72(a) and insert a new section to read as follows:

Section 11-72(a) The charge for disposing of garbage and rubbish shall be forty cents (\$0.40) per one hundred (100) pounds or fraction thereof. Regular broken concrete, sand, loam, clean fill containing no vegetation will be accepted at no charge when useable on site. Residents using private cars containing material from their homes may dispose of same at no charge during specified hours. The charge for disposing of bulky items over four (4) feet in length or rubber tires shall be ten dollars (\$10.00) per ton or fraction thereof. This amendment to be effective January 1, 1975.

BOARD OF THE TOWN OF OYSTER BAY

LEGAL NOTICE

Ann R. Ocker, Town Clerk
Dated: December 10, 1974
Oyster Bay, New York

STATE OF NEW YORK)

house. This new field is long overdue. It will enable ramps to respond with less wasted time during alarms. In the past firemen's cars parked in other fields have been damaged in hit run accidents. It is hoped this new field will eliminate such accidents and local congestion.

NEWS ITEM

In Sundays LI Press - Patchogue Village officials are seeking estimates on the cost of a proposed change over to telephone alarm boxes from the standard telegraph alarm boxes now in use (same as in Hicksville) due to the costly false alarms they receive. They received 9 in September (23 MFA Sept in Hicksville) and 12 in November (22 MFA in Nov. in Hicksville) A good example of how false alarms can cost - injure and kill. Help stop false fire alarms.

Greater Plainview Community Association Views 1975 With Confidence

In the wake of a year of unparalleled activity and accomplishments, the officers and Executive Board of the Greater Plainview Community Association are looking forward with confidence to the year ahead.

"Never before have we had the kind of community interest and participation that we have now," observed GPCA President, Paul Eisenstein. "I see no reason not to expect 1974's incredible increase in active membership to continue, thus enabling us to further diversify our efforts on behalf of the Plainview community and to further intensify effort on our current activities."

Eisenstein singled out the work of Membership Chairperson Elaine Sandler for special praise, noting that the organization had never before had a harder working or more successful head of the Membership Committee.

He also gave credit to Treasurer Rose-Marie Lopez for GPCA's well-ordered finances and to Secretary Mike Polansky for the group's outstanding Newsletter.

Looking ahead to specific activities for 1975, Eisenstein mentioned GPCA's role as "watchdog over application of the Town's 'Dangerous Building' ordinance." He stressed the efforts, now apparently near fruition, to force removal of the unsafe and unsightly abandoned house and barn on the south side of Old Country Road near Janet Drive. "We intend to vigorously pursue matters such as this in 1975."

A continued and intensified Beautification Program (under the leadership of Barbara Goldstein), was also mentioned as a high priority item for 1975, as was a renewed drive for safety fencing on the Old Country Road

and Souther Parkway overpasses over the Seaford-Oyster Bay Expressway (to be headed up by former GPCA President, Len Steinsaltz). Also in the works are efforts (being coordinated by Lydia Snyder) to bring a Mid-Island Concert Association concert to Plainview.

The Association also expects to continue its "Citizen of the Year Award," which was first presented to long-time civic leader Carole Fishman. It is hoped that in 1975 the award can be presented at another innovation — a GPCA formal dinner to be held in May or June.

Eisenstein stated that he and Vice President Elaine Zaremsky would be more than happy to discuss GPCA's plans with any member of the Plainview community. "We welcome the active support of everyone in Plainview. All it takes to get involved is a phone call to 822-4686."

TOB-CSEA Reach Tentative Agreement

After months of rigorous collective bargaining sessions between the Oyster Bay Town and the Civil Service Employees Association negotiating teams, a tentative two-year agreement was reached subject to ratification by the Town Board and the CSEA membership. Both sides in the negotiation have termed the proposal as both "fair and reasonable."

Deputy Supervisor Owen B. Walsh, chairman of the management team, pointed to salary increases as the main and toughest issue throughout the negotiations. "In the past, fringe benefits have taken up a greater portion of the discussion, but because of the pressures of inflation, this year's negotiations centered almost exclusively on salaries."

Town CSEA President Pat D'Alessio, who headed the labor team, said that both sides knew from the start of negotiations this summer that salaries would be the key issue. "With inflation

hurting everyone, they (management) were fighting to keep raises down and avoid large tax increases. We were aware of that before we started but we were also aware that inflation had cut seriously into our spending power and the rate of inflation far exceeded the raises we received under the 1973-74 contract."

The contract calls for \$1,000 increases in the graded salary schedule in 1975 and 1976. In addition, there is a cost-of-living clause which will, in the second year of the contract, provide for one-half of any increase change in the consumer price index for a measured period and this percentage adjustment has built-in dollar limits.

With inflation pressuring both sides, the negotiating meetings at times became strained, but both sides felt an agreement should be reached without a third party if at all possible. While negotiating teams in other municipalities were entangled in impasse procedures, the management and labor teams in Oyster Bay continued in a joint effort to negotiate their own agreement and not have one imposed by some outside third party. After a dozen active collective bargaining sessions, both sides felt they had reached an understanding as to what was termed both fair and reasonable and one which could be recommended for approval by the Town Board and CSEA members.

O.B. Offers New Pre-Kindergarten Program

A new Pre-Kindergarten class for youngsters 3-3½ years of age is being formed under the sponsorship of the Cultural and Performing Arts Division, Town of Oyster Bay Department of Community Services. This class, which will be held at the Syosset-Woodbury Park Community Center on Tuesday and Thursday mornings from 9:30 AM - Noon, begins the week of February 1, 1975.

The children in the program will be exposed to a variety of creative media and enrichment programs, as well as have the opportunity to participate in a myriad of physical activities. Classes are under the guidance of an accredited teacher and two assistant teachers.

Waiting lists are presently being compiled. Formal registration for Syosset park district residents will be held at the Community Center on Monday, January 13, 1975 from 10 AM - 3 PM. Registration for out-of-district residents will be held Tuesday, January 14, 1975 during the same hours.

In addition, openings exist for Spring Semester classes of youngsters, 3½ - 5 years of age. Formal registration for this age group will also be held on the same above-mentioned dates.

For further information on these and all other programs being offered, call Lois Manning, CAPA Superintendent, at 921-

Major Development in Women's Haircoloring.

Get Rid Of Gray Hair Some Of It Or All Of It

Time-lapse photographs show how gradual action of Lady Grecian Formula lets you control just how much gray you slowly get rid of — some of it or all of it.

WHITE PLAINS, N.Y. (Special)—Thousands of women all over the country are discovering a remarkable new product specially developed and tested for women's hair. It not only takes the guesswork out of hair coloring but also eliminates the gray roots problem that has for years been a thorn in the side of all women who color their hair. Lady Grecian Formula is not a dark messy dye. It is a colorless liquid as easy to use as water. There is no mess, no complicated instructions, no

strand tests, no clock watching. Simply brush Lady Grecian Formula through your hair every day and you will see the gray slowly fade away. You are in complete control. You can get rid of as much gray as you want — some of it, or all of it. When your hair reaches just the lovely natural-looking color you want, weekly use thereafter is all that's necessary to keep your hair just the way you want it with no gray roots problem ever. Lady Grecian Formula is available now at:

The Spirit Of Christmas Is Puppy Love

The spirit of Christmas is love. And what more endearing love is there than puppy love?

The Town of Oyster Bay Animal Shelter has plenty of love to give through its annual Adopt-A-Puppy-For-Christmas program. Full-grown dogs as well as puppies of several breeds are available for adoption now.

The cost of adoption is \$2.00 plus dog license fee which is \$2.35 for males and spayed females,

and \$5.35 for unspayed females.

The Animal Shelter is located on Miller Place, Syosset. It is open from 8 AM to 3:30 PM, Monday through Friday, and on Saturdays from 8 AM to 2:30 PM. It will be open from 8 AM to Noon on Christmas Eve (December 24). The telephone number is 921-5120.

"We have found homes for many dogs through the Adopt-A-Puppy program in past years," Town Councilman Joseph J.

Saladino commented. "I hope people will open their hearts to puppy love again this year."

Councilman Saladino reminded residents that the deadline for renewing dog licenses is January 1, 1975. Applications can be obtained at the Office the Town Clerk in Town Hall, Oyster Bay, or at the Town Hall Annexes, 95 Grand Avenue, Massapequa and 65 Broadway, Hicksville.

Energy Advisory

Nassau County resident who experience hardships due to heating fuel shortages should contact the Bureau of Energy Conservation for emergency service according to Frank O'Connor, Energy Coordinator.

Federal and State regulations still require careful use of energy resources and deliveries are based upon factors which change month to month. O'Connor

warned that although fuel seems to be in reasonably good supply at this time, we should be prepared for unpredictable circumstances which may affect our supplies.

Residents who want information on how to cut down fuel consumption or those who need help in an emergency should call the Bureau at 535-3838. Expert staff members are on duty 9 A.M. to 4:45 P.M. on Monday thru Friday to aid the public.

Plainview-Old Bethpage High School News

BY MARK SILVERSTEIN

In his office there are about 25 trophies which stand side by side on a long shelf. The pool, just adjacent to his office, has posters hanging on the walls reciting the past championships, and how there were so many. The one who coached them all, Charles Schlegel, is a legend in himself. Coach Schlegel has been coaching swimming for twenty years, the last fifteen at Plainview High. In the past fifteen years at Plainview Coach Schlegel has seen more glory than any other high school swimming coach. 1965 was the year Schlegel tagged as being "outstanding," and last year was the best team ever in New York.

Along with the championships, many talented swimmers came out of Plainview. Kevin Priestley was rated by Schlegel as his best swimmer in his coaching career. During a casual interview, Schlegel told me that the key formula for swimming, as with any sport, is "hard work." His swimmers practice every day for

about ten months each year. This year's team is young and inexperienced. Senior Joe Kusky is this year's captain and right behind him are Donny Knubowitz, Jimmy Milano and Steve McDonald. You could call it an end of an era for Schlegel, but he saw it coming. In fact, there were offers of getting to California, the "Palace of Swimming," but due to commitments, his future and his great career will someday end here in Plainview. Even though swimming on Long Island has drawn less attention lately, Plainview and Long Beach are still thriving. So for Coach Schlegel, who feels that he has ten more years of coaching left and who would like to win another championship, it's back to teaching the basic fundamentals to his swimmers.

With the come and go of great swimmers and championships there is still a poster that hangs across the pools which says, "When the body says no, Charlie says go."

Frank DeStafano Heads TOB P.I. Office

Frank DeStafano, who has served as Public Information Officer for the Town for the past two years, has been appointed to head the Public Information Office, it was announced by Supervisor John W. Burke.

DeStafano, 30, replaces Donald W. Kehoe, who resigned to accept a position with the Nassau County Off-Track Betting Corp.

Before joining the Town Public Information Office, DeStafano had been the Press Secretary with the Nassau County

Republican Committee. Prior to that he worked for the Long Island Press, where he started as copy boy while attending evening classes to gain a B.A. from Queens College of the City University of New York. Before leaving the Press in 1971, DeStafano had been promoted to general assignment reporter covering Nassau County for almost four years.

He lives at 25 Clinton Street, Farmingdale, with his wife, Anne, and their two children.

Plainview DECA Is On Radio

BY MARK SILVERSTEIN

What is DECA? That question and others were answered in an exclusive taped conference at Radio Station WPOB-FM. I had the honor of hosting the program with the Nassau County President of DECA, Karen Sjursen, and Kevin Bagnasco, Vice-President of Plainview-Old Bethpage High School DECA, and Paul Bauer, President of Herricks High School DECA, and Michele Taub, Secretary of the Plainview High School DECA Chapter.

DECA is the Distributive Education Clubs of America, a national organization with over 130,000 members. DECA, as it is more commonly known, works to develop civic consciousness, vocational understanding, social intelligence and leadership development in its members.

During the half hour program we talked about DECA's professional, social, civic and service activities. Under the professional activities, I was informed that every active DECA chapter in the United States performs a varied program with the local professional groups. In addition to the public appearances, guest speakers and panel discussions, every chapter is responsible for enlightening the community and spreading the word of DECA.

The service activities are the most significant and rewarding. In these programs, the need for sharing with others is emphasized. Frequently, many of the Long Island Chapters, such as Herricks and Plainview, sponsor community projects that are designed to coincide with Thanksgiving and Christmas. Many of the projects involve student participation as well as gifts and contributions.

It truly was an interesting and informative half hour, talking with these distinguished mem-

DECA SPECIAL: Paul Bauer, Michele Taub and Karen Sjursen at the WPOB-FM Station. (Kevin Bagnasco not shown)

bers from two of the top DECA chapters of Long Island. WPOB-FM Station wishes both DECA Chapters, Plainview-Old Bethpage and Herricks, a happy and successful year.

LEGAL NOTICE

STATE OF NEW YORK DEPARTMENT OF ENVIRONMENTAL CONSERVATION NOTICE OF APPLICATION FOR PERMIT TO DISCHARGE UNDER PROVISIONS OF NEW YORK STATE POLLUTANT DISCHARGE ELIMINATION SYSTEM APPLICATION NO. NY-0078309 Notice is hereby given that, pursuant to Titles 7 & 8 of Article 17 of the Environmental Conservation Law of New York State for the administration of and the issuance of permits under said Law.

TOD Manufacturing Co., Inc. 325 Duffy Ave. Hicksville, New York 11801 has filed a permit application with the New York State Department of Environmental Conservation at its office at 50 Wolf Road, Albany, New York 12233, where the application and related documents are available for public inspection.

The applicant proposed to discharge treated industrial and sanitary wastes into groundwater via a subsurface sewage disposal system from their facility located at Duffy Ave., Hicksville, N.Y. Oyster Bay (7) Nassau (C) at which facility the applicant manufactures fishing tackle items. This is an existing discharge.

The New York State Department of Environmental Conservation tentatively intends to issue a State Pollutant Discharge Elimination System (SPDES) permit for the subject discharge(s). A final issuance will follow: (1) review of the application to assure compliance with all applicable provisions of Article 17 of the Environmental Conservation Law of New York

LEGAL NOTICE

State and all applicable provisions of the Federal Water Pollution Control Act Amendments of 1972 (P.L. 92-500); (2) development of special conditions setting forth specific effluent limitations and other controls applicable to the discharge(s) described above including schedules of compliance; (3) development of monitoring and reporting requirements for the applicants performance; (4) consideration of all written comments from persons who qualify, as described below, as interested parties to this notice of application. Any person interested in this application who wishes to comment thereon or become an interested party in any proceeding regarding this application

LEGAL NOTICE

must notify the undersigned in writing stating specific areas of interest on or before Jan. 13, 1975. All such written comments will be retained by the Department and considered in the formulation of the final determination. Any such interested party will be eligible to be heard if a public hearing is ultimately held in connection with this application. Further information may be obtained from the New York State Department of Environmental Conservation, Division of Pure Waters, Room 201, 50 Wolf Road, Albany, New York 12233 (457-6897 or 457-5115).

William L. Garvey, P.E. Chief, PDES Permit Section Division of Pure Waters D-2071-IT 12/19/74

Scientific Medication Works Quickly, for Hours, to

Stop the Torture of Vicious Itching

Even Personal Membrane Itching

Now you can get fast, long-lasting relief from the tortures of itching: chafing, rashes, dry skin, eczema, even embarrassing membrane itch (vaginal and rectal) with LAMASEL Medicated Cream. Any itch causes scratching, causes more itching. That's the misery of what doctors recognize as the "itch-scratch-itch cycle." LAMASEL works because it breaks this cycle...relieves itching fast, quickly the urge to scratch.

checks bacteria growth, speeds healing, soothing, greaseless. And how LAMASEL brings you new LAMASEL SPRAY...specially indicated to relieve skin in pain due to sunburn, itching, everyday cuts and scrapes, brings prompt, temporary relief without stinging even on irritated surface tissue. "Christmas In The Woods"

BY JIMMY COOLEY, JAN. 20, 1974

The forest pines were dressed in white
From freshly fallen snow last night,
And deer tracks marked a lonely trail
That wended over hills and dale.
The eagle and his mate flew by
Across the coldness of a winter sky
The rabbits slipped through brush and grass
Upon the ground of ice like glass.
There nestled in among the trees
Hung vacated hives of summer bees,
A cabin small with frosted panes
That had withstood the yearly rains.
From out the windows came a glow
That kissed the gleaming,
glistening snow.

The candles on the Christmas tree
Were like a guiding light to see.
The animals came one by one
To sit beneath the setting sun,
To greet the Yuletide without fear
To receive some blessing and good cheer.
The door swung open high and wide
To spread its warmth there outside.
A crust of bread and water sweet
Was placed before these creatures' feet.
I cannot really say I know
Nor can I really say its so,
But there that day on frozen sod
The animals were blessed by God.

LEGAL NOTICE

NOTICE OF FORMATION OF LIMITED PARTNERSHIP

NOTICE IS HEREBY GIVEN that the persons herein named have formed a limited partnership for the transaction of business in the State of New York and elsewhere, and have filed a Certificate in the Clerk's office in the County of Nassau of which the substance is as follows:

The name of the Limited Partnership is: Si-Brap

The character of the business is music publishing

The location of principal place of business is 42 Cornell Drive, Plainview, County of Nassau, State of New York

The name and place of residence of each Member is as follows:

Harold Branch Publishing, Inc.
42 Cornell Drive
Plainview, New York
who is the only General Partner and

Seymour Thum
4625 San Gabriel Drive
Dallas, Texas
who is the only Limited Partner

The term for which the Partnership is to exist is from the 28th day of August 1974 and will continue until all rights to certain Musical Compositions owned by it have terminated or expire.

No other property is contributed and no additional contributions are agreed to be made by any Limited Partner

The time when the contribution of the Limited Partner is returned is upon dissolution of the partnership

The compensation of the Limited Partner is 60 percent of the net profits of the partnership

No assignee of a Limited Partner has the right to become a substituted Limited Partner. The partners may admit additional limited partners

No right to priority is given any Limited Partner over the other as to contribution or as to compensation by way of income

The Certificate referred to above has been sworn to by all the General Limited Partners. Dated: October 15, 1974
ID-2056-ET 1 5 75 Mid

LEGAL NOTICE

APPLICATION NO. NY-0076287
Notice is hereby given that, pursuant to Titles 7 & 8 of Article 17 of the Environmental Conservation Law of New York State for the administration of and the issuance of permits under said Law,

John Hassall, Inc.
Cantiague Rock Road
Westbury, New York 11590
Attn: Theodore B. Smith, Jr., Pres.

has filed a permit application with the New York State Department of Environmental Conservation at its office at 50 Wolf Road, Albany, New York 12233, where the application and related documents are available for public inspection.

The applicant proposed to discharge treated industrial wastes into groundwater via a subsurface sewage disposal system from their facility located on Cantiague Rock Road, Westbury, New York, Oyster Bay (T), Nassau County, at which facility the applicant manufactures special nails, rivets, and screws. This is an existing discharge.

The New York State Department of Environmental Conservation tentatively intends to issue a State Pollutant Discharge Elimination System (SPDES) permit for the subject discharge(s). A final issuance will follow: (1) review of the application to assure compliance with all applicable provisions of

LEGAL NOTICE

Article 17 of the Environmental Conservation Law of New York State and all applicable provisions of the Federal Water Pollution Control Act Amendments of 1972 (P.L. 92-500); (2) development of special conditions setting forth specific effluent limitations and other controls applicable to the discharge(s) described above including schedules of compliance; (3) development of monitoring and reporting requirements for the applicants performance; (4) consideration of all written comments from persons who qualify, as described below, as interested parties on this notice of application.

Any person interested in this application who wishes to comment thereon or become an interested party in any proceeding regarding this application must notify the undersigned in writing stating specific areas of interest on or before Jan. 20, 1975.

All such written comments will be retained by the Department and considered in the formulation of the final determination. Any such interested party will be eligible to be heard if a public hearing is ultimately held in connection with this application. Further information may be obtained from the New York State Department of Environmental Conservation, Division of Pure Waters, Room

Gregory Museum Offers Holiday Exhibits

All ages are sure to enjoy these "special exhibits" at The Gregory Museum, Heltz Place, Hicksville, during the Christmas Holidays, December 22 thru January 3, 1975. A display of antique, old fashioned traditional Xmas toys in the Historical Room will bring back many memories to senior citizens, and young folks can see the type of toys from olden times.

An exciting exhibit of "Gemstones Of The Bible," and "Bible Land And Minerals," will be on loan from Pastor William Glenn, Massapequa, accompanied by a taped narration explaining various stones, how they relate to the bible and to our present day minerals, including the foundation stone of the New Jerusalem. The gift shop abounds

with many unusual Xmas gifts, as well as the usual mineral specimens and jewelry. Hours are Monday thru Saturday, 9:00 AM to 4:30 PM; Sunday, 1:00 PM to 5:00 PM. Admission: adults, \$1.00. Children, 50 cents. For information call 822-7505.

Special Note The Gregory Museum has two urgent needs at the present time. One is a request for storage space for items which will eventually go into the museum, but which at this time aren't needed yet. The second item is the donation of a wheelchair, perhaps one that is not being used at the present, so that handicapped visitors may tour thru the museum at their leisure. Call OV-1-8041 or 822-7505 if you can help with either of these items.

State Liquor Authority Denies License Transfer To OBI

On Thursday, December 12, the State Liquor Authority denied Oak Beach Inn's request for a transfer of a liquor license from OBI Island Park to the Hicksville location on Levittown Parkway.

The Concerned Citizens of Hicksville thank all who sent letters to the Authority expressing their concern. It is felt that the letters were instrumental in getting the SLA to explore OBI's operation in full. On another front the Town of Oyster Bay's case against OBI for failure to obtain a building

permit is being heard in Judge Suozzi Courtroom this week.

"Regardless of the outcome of the Towns case, the Concerned Citizens of Hicksville recognize that the Town has been diligent in pursuing its case. We thank them for their efforts on our behalf," said a spokesman for the "Citizens."

Although the Concerned Citizens are encouraged by the SLA's action and the Towns speed in getting their case to trial, they do not feel the battle is over. In both instances OBI has

Dear Editor:

(Re: Letter to the Editor 12-12 by Aleta Villazon)

On behalf of the Concerned Citizens of Hicksville I hope to answer some of Ms. Villazon's questions.

We do appreciate Ms. Villazon's feeling that our town needs some place for our young

the right to appeal.

Therefore they urge you to keep letters going to the SLA, the Town Board, and also the Letter to the Editor columns of our daily and weekly newspapers.

Letters To The Editor

adults to go. We agree. However, we see Oak Beach Inn as a discolored with a reputation as a swinging place. It draws young people from Westchester, New York City as well as all over the Island. Our contention has been that OBI does not belong in a residential area on property that is Zone F - small neighborhood business.

Secondly, we did not mean to imply that because the Sherwood Bay had been a local nuisance we were condemning Oak Beach Inn. However, we do raise questions about OBI's operation. We have personally visited the OBI's in Island Park, Smithtown, and Oak Beach. The locations in these areas is very different than what we would be faced with here. Smithtown and Oak Beach are in relatively isolated areas. Island Park is on a commercial strip. We spoke with local residents,

local police precincts and the Towns involved. After absorbing their input we feel that OBI does not belong on Levittown Parkway.

On Thursday, December 12, the State Liquor Authority denied Oak Beach Inn's petition for a transfer of a liquor license from Island Park to Hicksville. We have not as yet received their report which will detail their reasons. However, since that time someone felt it necessary to graffiti the exterior of the building with statements that suggest that our Town Board should be investigated for corruption. It is my hope that the landlord request the police to investigate to determine who graffitied it so that the culprits can be punished.

The town should be applauded for all it has done to get OBI to

THINK SNOW

Some people like snow. Some don't. Whichever category you fall into, the Town of Oyster Bay knows that you don't want to be inconvenienced by it. Our Highway Division will plow and sand your street whether you're off to the slopes or off to work. All we ask is a little help. When snow is predicted, or when snow is first spotted, park your car in your driveway. That simple move alone will double the speed of our snow removal operations. Then, with the roads clear, you can take off to the slopes or to work. Whether you like snow or not.

If a road must be cleared immediately to permit access by an emergency vehicle - Ambulance, Fire Truck, etc. - call the Town Emergency number. But, only in emergencies.

Soda Pop, Ring Dings No Good, Says Board

BY SHIRLEY SMITH

(Continued from Last Week)

Cormack, Lari and Arena voted for the amendment while trustees Pirrung and Wolfson voted against it. William Bruno was not present at the meeting.

The board approved a memo of agreement with the cafeteria workers which restores their fringe benefits and the same hourly rate they were receiving last year. However, the number of working hours was not increased to last year's rate, but remains reduced.

After waiving a district policy which requires a 24-hour notice to change policy, the school board approved a new schedule of extra-duty compensation for teachers (supervising athletic and other co-curricular activities). The new schedule raises the hourly rate from \$15 to \$18, but reduces the number of teachers working at each event. Mr. McCormack was the only board member to vote against the action.

In further action, the board approved bills for

routine operating expenses, awarded bids and approved personnel appointments and the purchase of library books. Also approved were 3-year contracts with Assistant Superintendent for Personnel and Pupil Personnel Services, Erwin Rozran at \$35,000 for the first 2 years, and District Director of Curriculum, Manus Clancy, at \$32,000 and \$33,000 for the first 2 years.

The board approved attendance at the National School Boards Association Convention in Miami for trustees Pirrung, Wolfson and McCormack. Approval was given for Mr. Pirrung, Mr. McCormack and Dr. Niosi to attend the American Association for School Administrators Convention in Dallas.

There will be only one school board meeting in December - Wednesday, the 18th-at 8 P.M. in the Administration Building.

Note: As of Dec. 2, all soda, chips, Ring Dings, etc. have been removed from the elementary school cafeterias.
