No Summer School In Hicksville

BY SHIRLEY SMITH

In an economy move, the Hicksville Board of Education unanimously voted, at last Tuesday's meeting, to eliminate all summer programs this year. The estimated savings will be close to \$200,000. Assistant Superintendent Erwin Rozran said he feels the board's action will move students and teachers to reduce failures. "We have to establish priorities and in our best judgment, this is one item where we can save with no serious loss to the district," he said. Mr. Rozran added he did not think the elimination of summer school would lead to the need for additional teachers in the fall. In another effort to save money, the school board withdrew its plan to hire a professional group to search for a new superintendent of schools. Board President Robert Pirrung said the entire board will handle the search and hoped to appoint someone to the job no later than July 1. Wednesday, June 4 was set as the date for voting on the 1975-76 school budget. As yet the board has had no public discussions on

budget matters, but plans to hold some in the near future.

In further action, the school board reaffirmed its position regarding the access road (John St.) to Mid-Island Plaza. There is some talk of closing this road and re-opening other streets leading to Burns Avenue. The school district is opposed to this move.

The board of education approved a resolution which gives town park property located adjacent to the Willet Avenue school grounds and the area containing the pumphouse at Dutch Lane School to the district. This has been under negotiation for some time. The resolution now goes before the town board for its approval, but Superintendent Jerome Niosi says the matter has already been informally okayed.

The board turned down a policy recommendation that school district administrators may not attend conferences of longer than one-day duration without prior board approval. The new policy also stated that:

1. One-day conferences must be with prior board notification:

2. Central administrators may not be absent during Christmas and Easter holidays.

3. The superintendent must supply the school board with a list of approved conventions and participants, including costs, as soon as he approves such matters.

Trustees Wolfson and Pirrung said they felt the policy would interfere unnecessarily with administrative functions and both stated that conventions were learning and growing experiences, well worth the money spent on them. Mr. Bruno was the only board member to vote for the policy change. Mr. McCormack was not at the meeting.

The board of education approved textbooks, filmstrips, personnel appointments, award of bids and bills for routine district expenses. The board also designated June 2-7 as the celebration week for the 50th Birthday of the Junior High School building.

The next board meeting is Wednesday, February 26 at 8 P.M. in the Administration Building.

Letter To The Editor

Dear Editor:

Less than a fortnight ago at a White House dinner meeting, President Ford and his staff briefed me and a number of my House colleagues on his energy plan. They carefully detailed why the United States soon must have an energy program such as they proposed because it is at the heart of the complex inflation-recession-unemployment problem we face today.

Despite a number of such briefings, the House voted to suspend Presidential authority to adjust import taxes for 90 days. I voted for this action to give the slow-poke Congress time to evaluate Ford's proposals and to develop its own alternatives where they felt the White House plan fell short.

In my opinion, as I told the Nassau County Energy Crisis Committee, the 90 day delay will help iron out a number of the differences between the various opposing energy viewpoints.

I emphasized that I had serious reservations about specific provisions of President Ford's energy package. A couple need revision so they will not unfairly place an extra burden on Long Island and the Northeast. However many aspects of the Ford plan have merit in today's situation. Congress, on the other hand, has almost as many unrelated ideas as it has Members, and no individual and no legislative group, Republican, Democrat or a mixture of the two, has developed even a half-way complete legislative program on energy.

I pointed out to the Nassau committee that many Members of Congress, in effect, are saying our nation needs a middle-ground energy policy. It should reduce

consumption with a minimal inflationary effect and without placing an undue burden on persons who live on fixed incomes or are forced to use their autos in connection with their work. This policy, they say, should conserve energy, control imports, and develop the revenues and incentives needed to advance practical alternate forms of energy for day to day use as fast as economically feasible. On such general goals as these there seemed little basic disagreement between the White House and Capitol Hill.

At this point I should add another practical consideration. The Representatives and Senators from this part of the United States, and from other regions where there is also a shortage of energy in a usable form, have enough political clout and votes to help assure that the energy burden will be equalized geographically. We can rightfully expect there will continue to be relatively minor differences because of transportation costs and local taxation and the like. I cannot foresee however, any large price discrepancies that would place our region at a competitive disadvantage in energy supplies or price.

So we come down to the fact that Congress in all probability will react to and recast the President's legislation, putting its own imprint on his proposals.

"At the end of this 90 day period we just voted," I predicted to the Nassau County officials and leaders, "I fully expect Congress to be using the Ford plan as its blueprint for most 1975 energy legislation. But changes in it there surely will be."

Cong. Norman F. Lent

CARE Launches Campaign To Feed Starving People

Because of the unprecedented world hunger crisis, CARE today launched an emergency, nationwide "EMPTY PLATE" campaign, asking for pledges from concerned Americans to skip or reduce one meal a week for the rest of the year and send food dollars saved to the aid agency. Funds raised will be used for crash expansion of CARE's feeding and food-growing programs for starving families overseas. Visual symbol for the campaign is the picture of an empty plate on which is printed the slogan, "I care."

"CARE's experienced staff people are there, in many of the famine countries in Asia, Africa and Latin America—including India, Bangladesh, Niger, Chad, Sri Lanka, Haiti and Honduras," Frank L. Goffio, the agency's Executive Director, reported. "Around the world we are now feeding more than 20 million people daily."

"In anticipation of Americans' generous response to the 'EMPTY PLATE' campaign, CARE is purchasing, initially, an additional eight million pounds of wheat, beans and other foods for

immediate shipment overseas. We stand ready to rush all the emergency food and food-growing aid funds enable us to supply to the areas where they are most desperately needed. Estimates are that more than 10,000 men, women and children are dying of starvation every day. The lives of many, many millions more hang in the balance.

"Each compassionate American's weekly 'empty plate' will enable CARE to fill many empty plates for starving families overseas, and to send seeds, fertilizer, tools and equipment to help hungry people grow more food tomorrow."

Examples of CARE aid which will be expanded with additional funds: In India CARE provides nourishing food daily to over 10 million children and also helps run irrigation, flood control, tank fishery, land reclamation and other Food-For-Work projects. Experience shows that for each pound of grain CARE pays the workers, these agricultural-related projects lead to four more pounds of food grown the first year.

In Niger, in addition to continuing distribution of survival foods, vitamins and medicines, CARE provides materials, equipment and know-how for such self-help food-growing projects as fish farm ponds, forestation to combat soil erosion, water-supply and irrigation. Land also reclaimed for farming is being rendered more productive than it was before the six-year drought.

"Greatly increased amounts of survival foods, plus supplies for many more projects boosting food production, must be kept moving to the hard-hit famine areas," Mr. Goffio said. "It is literally a matter of life or death."

Contributions and "EMPTY PLATE" pledges should be mailed to CARE WORLD HUNGER FUND, Tri-State Regional Office, 660 First Avenue, New York, N.Y. 10016. "EMPTY PLATE" campaign materials are also available for persons who would like to help spread the idea in their neighborhood, church, school, organization or place of business.

County Recreation

JHS Wrestling

The Second Annual Nassau County Junior High Wrestling Tournament set for Saturday and Sunday, March 8 and 9, is expected to attract 1,000 young matmen to the Nassau County Community College in Garden City.

The event, sponsored by the Department of Recreation and Parks, is strictly for non-varsity boys between the ages of 12 and 15 currently enrolled in grades 7, 8 or 9. Wrestlers who were on varsity or junior varsity teams at any time during the 1974-75 school year are not eligible.

Interested young wrestlers can obtain registration forms starting February 12 through their school sports department or through the Sports Unit of the Parks Department, either in person at the Administration Building in Eisenhower Park or by telephone (292-4284).

Weigh-ins will be held at the Community College Gym, Building J, on Saturday, March 8, from 8 a.m. to 10 a.m. A \$1 registration fee will be charged and each entrant must have a Leisure Pass.

The tournament will start at 12 noon and run through the evening on both days. Spectators are invited to attend the event free of charge.

Earth Day Marathon

Long distance runners are urged to register now for Nassau County's Third Annual Earth Day Marathon, set for Sunday, March 16.

Nassau's Marathon is now second in size nationwide and is a qualifying race for that highly respected event. In 1973, Nassau's race drew 400 runners; last year the number rose to 700. The 26-mile course will start at Roosevelt Raceway, Westbury, at 12 noon, circle four times through nearby Eisenhower Park, East Meadow, and wind up back at the Raceway. Trophies

and medals will be awarded to the winners.

Sanctioned by the Metropolitan Association of the American Athletic Union, this year's Marathon is co-sponsored by the Nassau County Department of Recreation and Parks, Roosevelt Raceway, the Long Island Athletic Club, and the New York Road Runners.

Arrangements have been made at nearby motels to accommodate out-of-town entrants; and shower and dressing facilities will be provided, along with post-race refreshments.

Until March 7 the entry fee is \$2.00. Post entries, which will cost \$3.00, will be accepted until 11:40 a.m. on the day of the run.

Further information and applications may be obtained by phoning the Recreation and Parks Sports Unit at 292-4284 or by writing to: Marathon Director, Sports Unit, Nassau County Department of Recreation and Parks, Recreation Administration Building, Eisenhower Park, East Meadow, New York 11554. Checks should be made payable to the Long Island Athletic Club.

Temporary Closing

Nassau's two county-operated indoor ice rinks will close for general maintenance and non-skating programming from Friday, April 25, through Thursday, July 31.

Skating will resume at both rinks—the Nassau County Arena in Long Beach and the Cantiague Park arena in Hicksville—on Friday, August 1.

During the early part of that period, the rink will undergo a normal program of preventive maintenance. They will be used during the last half of June and the month of July for multiple recreational purposes.

The rinks are operated by the Nassau County Department of Recreation and Parks.

New Leisure Passes Needed Soon

It's time to check the date on your Nassau County Leisure Pass, since those issued in 1973 will begin to expire in March.

The pass, for which the \$1.00 charge covers the cost of the identification photo on it, is valid for two years and is required for admission to all parks and fee-paying facilities operated for county residents by the Department of Recreation and Parks. Included are all county parks and beaches, skating rinks, swimming pools, golf courses, museums, preserves and the Puppet Theatre.

Passes issued to senior citizens

60 years of age and over do not have to be renewed. The passes also entitle seniors to ride county-owned buses at half-fare at all times, along with discounts at county skating rinks, golf courses, and pools, certain movie theatres, restaurants and stores.

Veterans of the U.S. armed forces who are amputees are not required to obtain passes. They need only show an "Exempt Driver" license for admittance to the county's facilities.

With proof of residency, such as driver's licenses or voter registration cards, passes may be obtained at the following

locations, seven days a week, from 9:00 a.m. to 5:00 p.m.: the ice rink foyer at Cantiague Park, West John Street, Hicksville; the Golf Pro Shop at Eisenhower Park, near parking field No. 7 in East Meadow; and the pool cafeteria at Christopher Morley Park, Seagravetown Road, Roslyn-North Hills. On Saturdays, Sundays and holidays, passes are available from 9:00 a.m. to 5:00 p.m. at the ice rink foyer in Grant Park, Broadway and Sheridan Avenue, Hewlett, and the Nassau County Arena, located at the north end of Magnolia Boulevard in Long Beach.

Dear Friends

WELL, this past week brings a lot of news of local residents, first of all we spoke with the owners of the Penn Card and Stationery Shop located at 482 Plainview Road (in the Hill's Shopping Center next to Volkswagon) in Hicksville where they have a petition available as follows:

TO THE HICKSVILLE POST MASTER: A petition - The undersigned request your consideration of an application to establish a Postal Service Sub-Station at the premises of the Penn Card and Stationery, 482 Plainview Road in Hicksville. We believe this sub-station would save the local residents miles of travel and avoid the inflationary cost of buying stamps in vending machines. (Signed).....needless to say, we signed this petition. If you live in and around this area, and agree, why not drop in and add your name to the growing list?

In Jack's Beauty Salon we met the charming Mrs. Ernest Francke, whom the years deal with in a most kindly fashion...perhaps it is her engaging smile and friendly manner...if so, we hope this nice lady never changes...it is always pleasant to chat with you, Mrs. Francke...in the same place, we met another of our favorite Hicksvillians, Marge Gianelli, who had just returned from a trip to South America (see "Around Our Town" Column for the details). Seeing so many local residents at Jack's made us think that it might be a good idea to place a Mid Island Herald notebook at any beauty salon who would like to have one...then you could all jot down your local social news and we could pick it up once a week. Beauty salons, please note...phone me at WE 1-1400 if you'd like to do this.

NEXT we went to have a most enjoyable luncheon at Frank's Alibi, and heard that Frank Poggiali, Sr. is presently recuperating at Central General Hospital (get well soon, Frank)...and a beautiful baby boy was born to Mr. and Mrs. Richard Walker of Hicksville last week. His name is Richard Robinson Walker, he weighed in at 7 lbs. 12 ozs. and his proud grandmother is none other than the popular Molly Walker of Frank's Alibi.

BEST WISHES for success to the new owners of the Royal Diner, located on Old Country Road and South Oyster Bay Road. The new owners are Diamantis Kokkosis and Nikolaos Georgatos. And it will soon be "au revoir" to Angelo Mihelis who has owned and run his popular diner for the past six years. Best wishes to all.

Condolences to the families of Mr. Emil Szendy and Miss Gertrude Wetterauer who passed away this week. Sad as it is to those who are left...both these people left behind them many memories of services to their community and their world. They will never be forgotten.

THAT'S ALL FOR THIS WEEK, stay well and remember the old saying, "The power of Love breaks down the highest walls."

Sheila

Hicksville Answers HAD's Appeals (Continued from Page 13)

deeply indebted to these kind Hicksville educators.

Furthermore, Help-Aid-Direction has been very fortunate to have two very energetic members of its Board of Directors raising desperately needed funds for their counseling agency. Father Hugh Cannon of St. Ignatius R.C. Church singlehandedly sold more than 75 H.A.D. raffle books. Through his efforts H.A.D. received several \$25 donations from St. Ignatius Church, its Catholic Daughters of America, No. 889, Hicksville Knights of Columbus and St. Ignatius C.Y.O. Athletic Association. Dr. Walter Dunbar, H.A.D.'s Treasurer, and a highly respected local chiropractor personally wrote letters to many of his friends and business associates on behalf of H.A.D. H.A.D. would now like to publicly acknowledge the generosity of the following individuals who responded positively to Dr. Dunbar's letters: Mr. and Mrs. Edward Johnson, Mr. Ralph J. Albanese, Mr. Francis Anderson, Mr. and Mrs. Gottlieb Arthofer, Mr. and Mrs. Richard C. Botto, Mr. and Mrs. Henry Brenzel, Mr. and Mrs. Clifford Davis, Mr. Jean Koumjian, Mr. and Mrs. Joseph Gannon, Mr. and Mrs. Sherwood Gillette, Mr. and Mrs. Alfred Koch, Mr. Edward Kolim, Mr. and Mrs. Paul Kristofik, Mr. and Mrs. Harry Kurtz, Mr. and Mrs. Arthur Larson, Mr. Charles Montana and Mr. Robert Schnakenberg.

Help-Aid-Direction sincerely appreciates the concern and support of its friends. Through their generous efforts, H.A.D. has developed a firmer base from which to operate. Its financial difficulties are still very real but the Hicksville community has proven itself to be "true friends of H.A.D." Hicksville Fire Report

BY EX-CAPT. OWEN MAGEE

RESCUE SQUAD DELIVERS.....

The Hicksville Fire Dept. Rescue Squad scored a couple of firsts this past weekend. The Paramedics started using the telemorey equipment to help doctors at nearby hospitals monitor patients while they were still in their homes. The equipment was put into service over the weekend. The other first was recorded when firemen were called to assist a young mother deliver her first child, on Sunday Feb. 16th. Vamps were called at 1:16 PM to 10 Milburn Street. With assistance from Rescue Squad members, headed by Squad Capt. Bill Hommel, a healthy baby boy was born at 1:28 PM. There were no complications. Mother and child are doing fine at last report. Hicksville Vamps had an assist

from Syosset vamp Harry Palidino, who was visiting nearby. Palidino put a call in for support when he saw that the baby was on the way. Vamps are hoping that they will get the official OK to display their first stork on the rescue truck. (Maybe Syosset F.D. should get a half a stork at least for their assist.)

On Feb. 16, Hicksville Vamps were called at 2:09 AM to stand-by for Farmingdale firemen who were fighting a stubborn general alarm fire in a row of stores on Main St. The fire destroyed 4 stores and several parlments above. Vamps from Bethpage, Plainview, So. Farmingdale helped also. 1 Engine Co. was sent from Hicksville, and returned at 6 AM.

On Feb. 17 at 10:05 AM sharp eyed 2nd Pct. Police spotted a blaze in a factory at 290 Duffy Ave., Hicksville before the buildings fire detection system did. While vamps were responding the sprinkler system went off and kept the blaze under control. Closed for the holiday, a main water pipe separated inside the plant during the fire and caused some water damage. Vamps were on the scene over an hour mopping up the excess water.

8 pieces of apparatus, 85 men responded under Asst. Chief Roy Schaaf. There were no injuries.

Enough can not be said for the value of a smoke detector. If you need some information, drop me a note and I'll send you a list of suppliers. (Ex Capt. O.W. Magee c/o Fire Headquarters, E. Soccer Club News

Three of our active traveling teams maintained the Hicksville Soccer Club image at the Oceanside Tournament over the last two weekends. Each of the three teams entered, survived the elimination rounds to return on Sunday, February 16 for final competition.

Although our Midget team under Al Barcavage was eliminated in the final competition, they represented Hicksville very competently. The Boys "B" team, under the direction of John Kerti, went all the way to the finals, having won every game on the last day. (A loss at any time would have resulted in elimination from final competition.) Our Hicksville Boys "B" team lost only to Massapequa "A" in the final game taking second place in their Division.

The most coveted honor of any tournament, the Sportsmanship Trophy, was awarded to "Tom Solaski of the Boys "B" team."

The VFW sponsored Boys "A" team, coached by Bill Cresham and Pat McHugh, swept their entire Division with an unblemished record. Their final game against the host team, Oceanside, was the most exciting of all. This game was tied 2 - 2 when the final whistle blew, therefore necessitating a "sudden death" period. In the first minute of play, Hicksville scored, ending the game with a 3 - 2 victory.

This was a remarkable record in view of the fact that the team was consistently scheduled against highly - touted German American Clubs. The key to this teams success is their total team effort, both offensively and defensively. Outstanding in goal was Dennis Barcavage, who allowed only two goals during the entire tournament, while the team scored twenty two goals. ALEC Sakak was high scorer for the team with 5 goals and John Shannon was outstanding as full back. Congratulations to all.

Dedicate Center

BY CAROLE WOLF

A memorable "happening" occurred at Holy Family on Sunday, February 16th, for the TOM GAFFNEY RESOURCE CENTER was dedicated and blessed by Msgr. Martin O'Dea.

This primary learning center will be a special audio-visual room, where students from the first through third grades will be able to work in small groups, and discover things in greater detail. It will also be utilized as a beginner science lab, where things of nature will surround them.

Present at the dedication were: Mrs. Mary Gaffney, five of her six children, and her first grandchild; Msgr. O'Dea; Sister Eileen, Principal; Sister Jeanne, resource center co-ordinator; and Holy Family School Board members.

Mr. Gaffney was an extremely active member of Holy Family Parish, and it is a pleasure to

Hicksville Answers HAD's Appeals

Help-Aid-Direction (H.A.D.), Hicksville's own youth and family counseling, drug abuse prevention center has been very fortunate in having many fine friends in Hicksville regularly support its program services.

For many months the very existence of many successful counseling services offered by the H.A.D. agency have been seriously threatened by recurrent financial difficulties. Due to limited funds, H.A.D. in early December 1974 was forced to lay off a highly experienced, professionally-trained staff member and reduce its days of operation to only Monday through Thursday. H.A.D.'s future as a total community service counseling agency was clearly in jeopardy.

Fortunately for H.A.D., its recent appeal for financial help did not go unanswered. Responding immediately to H.A.D.'s urgent needs were the following concerned organizations: The Hicksville

Veterans of Foreign Wars, Post 3211 donated more than \$450 to insure the salary of one of H.A.D.'s part-time counselors from January through March, 1975. Without their generosity, this highly qualified staff member would have been laid-off when state funds were exhausted at the end of last year. They also recently loaned H.A.D. \$500 to help it start its own weekly bingo game. The Hicksville Lions Club voted, at a recent membership meeting, to make the H.A.D. counseling agency a special project of their service club for the second year in a row. They immediately sent H.A.D. a check for \$100 to help it meet emergency financial obligations. Another youth-concerned fraternal organization, the

Hicksville B.P.O. Elks Lodge No. 1931, also rallied to help. With H.A.D.'s survival clearly endangered, these fine Hicksville men cared enough about young people to respond to H.A.D.'s requests with a generous contribution of \$100. Finally H.A.D. was tremendously honored to receive a very substantial contribution from the Hicksville Congress of Teachers. These professional educators, of the Hicksville School District have proven themselves to be consistent friends of H.A.D. for many years. However, their most recent donation was not only one of the largest ever given to the H.A.D. agency but it came at a most crucial time. H.A.D. is

William M. Gouse,
Jr. Post No. 3211
By Lou Palladino

Our Commander, Frank Lotti is vacationing in sunny Florida, while the rest of us have to face the elements of wintry LI. Have a good time, boy, and come back nice and tan. See you when you get back. We'll still be at the same old work stand.

Meanwhile Joe Normandy, our Senior in charge of Vice, I mean our Senior Vice Commander, conducted the meeting and capably, too. We signed up another new member, John Dwyer, whom we all welcome to our Post.

We have something brewing for May 3rd, which is Loyalty Day...a parade in Dover, New Jersey, no less. Joe Adessio has a cousin in Dover VFW who extended an invitation, asking us to participate. We accepted and Frank Lotti put Clyde Stevenson in charge. At the last hearing, our Ladies Auxiliary will also be represented and an attempt is being made to have our Junior Girls Unit transported to and from the parade. This sounds great. Imagine going all the way to New Jersey for a place in line, just to show our feelings, and our loyalty. Go get them, Clyde...show them what we can do.

This is the last you'll hear about our Charter Night Dinner and Dance. The date is Saturday, Feb. 22nd at our Post

Vinnie Edwards reported the last ward party at Northport Hospital turned out very well, and one was scheduled for Feb. 11th. We have no report on that one as yet, but you can bet it will be another good one. A ward party every month at Northport makes the Chaplin's job really tough.

Mike Znack passed out brochures at the last meeting. It read, all Vets who took out and paid GI loans are now eligible for more loans. It appears we Vets are a good risk after all. You can find out the details from your local V.A. Joe McCarthy will be happy to see you anyway. This item is just in case you hadn't

THE G-1 ZONE: CENTRAL BUSINESS DISTRICT

Our Chamber of Commerce Fights For Hicksville's Future

BY LAWRENCE M. SCALERA, A.I.A.

Last week we promised to make some suggestions concerning needed changes in the G-1 Zone as requested by Councilman Doolittle and Supervisor John Burke at the Hicksville Community Council Meeting on February 6. We have made many suggestions over the past years, as have others in the Chamber of Commerce, to no avail. Opponents of change have always latched on to the apartment issue and have ignored

other basic faults of the ordinance. We are submitting these suggestions with the hope that they will not all be thrown out because apartments are included. We sincerely hope that each suggestion will be judged on its own merits. We also would like to inquire as to why the Central Business District of Hicksville is being discriminated against? Why, of all the business districts in the Town of Oyster Bay, is this the only one which does not allow shops and stores to be built; the only one which requires un-

derground parking, and the only one which does not allow residential use?

The charts, on page one, show the present ordinance and the proposed changes. We would appreciate any comments, pro or con, that you may have.

We also plan to have experts in related fields, such as taxes, insurance, commercial uses, the use of existing parking facilities, and other related subjects, add to this series. Whatever your opinion on any subject relative to the rebuilding of downtown Hicksville, let us hear from you.
