The Fire which caused severe damage to the Cellar and floor beams apparently started from a fire in a faulty fireplace. The blaze was confined to the cellar.

Is Your Car

A Fire Hazard??

A National Survey Shows that Motor Vehicle Fires are increasing by more than 10 percent annually - Five Times the pace for Fires in Buildings. While Vehicle Fire went up 10 per cent, structural Fires were rising less than 2 percent a year. Fires in

Engines or Passenger compartments accounted for 94 per cent of Fires not the result of Collisions. The Age of the Vehicle had a very high correlation with the probability of Fire.

Many Fires we come across in Vehicles could have been prevented. Make Note of the following tips, it could keep you on wheels. Be sure the Air Breather is on your Carburetor. Repair at once any gas leak. Keep an Eye open for frayed Electrical Wiring. A blown fuse means trouble don't ignore it. Be sure your Exhaust System is leak proof. When working on your vehicle keep electric lights away from gasoline spills or leaks of any kind. Don't work inside with the Engine running the Exhaust fumes can kill you. And last but not least, be careful with matches and smoking. Many Car Fires start from carelessly discarded cigarettes. Use your Ash Tray, the Butt you toss out the window may land in the back seat, or be the cause of a brush fire.

OTB Survey Shows Patrons Typical Nassau-ites

Nassau Downs-OTB has released the conclusions of a professional in-depth survey of 1,200 Nassau County residents that add further support to the revenue-producing objectives envisioned by the Nassau County Board of Supervisors when it established off-track betting last year.

Mr. Easa Easa, President and General Manager of Nassau Downs-OTB, said the results of this extensive survey are also "interesting to note because while the major objections to Nassau-OTB locations are based on an opinion that OTB will draw undesirable customers, the survey shows that the potential patrons are typical of the Nassau County population."

The profile of the average bettor is: a male (63%), between the age of 21 to 49 (72%). He is likely to be married (69%), Catholic (61%), white (93%), educated (40% have gone on to college), and with an annual income that compares with the average income in the bettor's community.

He cited some additional examples of the following characteristics of those residents described as "likely" bettors.

- 76% have lived in Nassau 10 or more years with 45% residing in the county for 20 years or more.

- 84% own their own home.
- 57% own two or more cars.

An overwhelming percentage (61%) of the population looked favorably upon the legislation of gambling in Nassau County. Those opposed (25%) usually objected on moral grounds or because they felt "undesirables" would be entering the community. Among those considered to be "likely" bettors, the percentage in favor of OTB was 94%.

Even among those viewed as "unlikely" bettors the establishment of OTB was looked upon favorably by 51% as compared to 32% in opposition.

"Another aspect that has generated concern — the loitering potential — also has been shown to be of little substance," Easa noted. "Some 79% of the regular bettors will have made their selections in advance and will remain at the facility less than 15 minutes, leaving without waiting for the results. The experience of our first month's operation in the Hempstead office is further evidence that loitering will not be a problem."

The survey noted that 50% of those interviewed did not object to an OTB branch office being located in their neighborhood, but that there was a strong minority (45%) who did voice objections. In view of this, the report noted, a majority of 54% would prefer facilities to be located in major downtown areas and shopping centers. Opposition, naturally, tends to come primarily from unlikely bettors while those who would use the offices want smaller, more convenient locations.

The survey pointed out that the "neighborhood opponents" to OTB were mostly women (58%) but they represented a cross-section of all county adults. Interestingly, 39% of the opponents nonetheless favor OTB in the county, and 78% now participate in at least some form of gambling. Ironically, 29% indicated that they would seek employment with OTB and 9% indicated they would utilize the local facility.

The survey was conducted by Oliver Quayle & Company, 180 South Broadway, White Plains, New York.

Republicans Oppose Cutting Veterans Funds

Nassau Republican state legislators announced their opposition to Governor Carey's proposal to slash \$657,000 in funds from the budget of the State Division of Veterans Affairs, according to Assemblyman Joseph M. Margiotta (R-Uniandale).

The Nassau GOP lawmakers based their opposition to the governor's proposal on the fact that these funds were scheduled to be distributed to local veterans agencies and, in most cases, had

already been included in the 1975 budget of the local government.

The loss to Nassau County alone will be \$37,500 and this amount was already counted upon as income when the county's current budget was formulated.

"The loss of these funds, which amount to almost 25 percent of the county's veteran office's total budget of \$155,000 for 1975, would seriously curtail service to the tens of thousands of veterans in the county," Margiotta said.

CASO CROWNS EASTER SEAL PRINCESS ... Nassau County Executive Ralph G. Caso places crown on Margaret Cook, 1975 Nassau Easter Seal Princess, officially launching Nassau Easter Seal fund campaign. Caso gets an assist from last year's princess, Kristin Ann Behrmann, at coronation program held at the Human Resources Center in Albertson.

THE BALL IS ROLLING...The 11th Annual Heart Fund Ball will "salute" Nassau County Government and Industry on Saturday, April 19th at the Colton Hill, Hauppauge.

Making plans for this year's joyous event are: (seated l. to r.) Peter F. Pill (Glen Head), Sr. Vice President European-American Bank & Trust Co.; Daniel T. Sweeney, Esq. (Jericho), general counsel Sterling Nassau Cable Television; Frank Guarino (Jericho), Long Island Association. (Standing l. to r.) August F. Schmutz (Westbury), Vice President National Bank of North America; and Henry J. Campbell (Williston Park), President Campbell & Friedland.

Mr. Pill, who also serves as Chairman of the Board of the American Heart Association - Nassau Chapter, stated that the proceeds from this gala event will help provide the funds necessary to ensure continuity in the search for the causes and controls of the cardiovascular diseases.

PTA: "Excessive Violence On TV"

The board of managers of the New York State Congress of Parents and Teachers, representing over 350,000 parents and teachers of the State, have called for a significant change in programming involving the portrayal of violence on TV.

Charging that TV violence is excessive, and is polluting the minds of our youth, the statement asserts that these programs also constantly violate the NAB Television Code.

This code, which sets down rules governing the depiction of violent scenes

on TV, insists that "gratuitous, excessive and instructional" details should be avoided, and that "programs involving violence should present the consequences of it to its victims and perpetrators."

Instead, PTA alleges, these standards adopted by the industry are NOT being followed, and children and adults alike, especially the former are being indoctrinated into questionable attitudes and values of our society.

PTA urges that the depiction of violence be curtailed materially, that the exposure to such forms

of entertainment at hours when the audience is composed significantly of children and youth be reduced, that the broadcasters begin to follow their own code, and that the positive aspects of human conflict against nature, against intellectual challenges and similar efforts — be presented instead.

PTA feels that our citizens have had their fill of depictions of savage and violent atrocities on TV which often serve only to instruct real-life gangs in matters of real-life brutality.

Dear Friends

On March 6th the Hicksville Parks Task Force gave an excellent presentation on possible uses for the two town-owned park sites in Hicksville. The former Giese (Lee Avenue) property has three alternate plans which they presented, while a plan for the triangle on Old Country Road, Plainview Road and South Oyster Bay Road, received one modest plan for those present to consider. The meeting was well attended and the presentation was followed by many questions.

THE HERALD will carry a short series on these plans in the near future, so we won't go into them now. However, one matter stood out in our minds...although it was stated that Councilman Warren Doolittle plans to recommend a referendum to the Town Board on these proposed plans, it was also mentioned that a referendum was NOT necessary by law. We believe that, in all fairness to the residents of Hicksville who will pay for whichever plan is finally adopted, a referendum should be held. In essence we agree with Councilman Doolittle on this point. We trust that our Town Board also agrees, for, before any referendum, a public hearing is scheduled, which will give more details and publicity on this all-important matter. By the way, if your organization so desires, the Hicksville Parks Task Force will be glad to come to one of your meetings and present their suggestions and plans for your consideration and questions. They are doing a really great job which will eventually benefit Hicksville immeasurably.

SPEAKING OF IMPORTANT PUBLIC HEARINGS, keep your eyes open for those hearings that will precede voting on a proposed Nassau County Legislature, plans for which are presently being worked on by the present County Board of Supervisor (consisting of six persons). These propositions are expected to be ready to be submitted to you, the voters, in May or early June. It is conceded that this new legislature will cost a lot more...a conservative estimate for each of the possible 15 legislators would be \$50,000 a year, including his \$20,000 salary. Most voters judging by estimated costs of government in the past, feel that these figures would be "only a beginning". In Suffolk County where they went to an 18-man legislature in 1970, the costs to the Suffolk taxpayer have soared from the original \$6,000 a year and no other expense, to where each legislator receives \$16,800, a car, a district office, a secretary and a legislative aid. All at the expense of the taxpayers. We are absolutely against any such changes in Nassau County...we have too much government already. We'll keep you informed as to the public hearings on this as they are set up.

Letters To The Editor

Dear Mrs. Noeth:
The deplorable situation created by the New York Telephone Company's construction work on Old Country Road near Stauber Drive and Sylvia Lane in Plainview is nothing short of a disgrace. The project is being conducted in a manner that evidences no consideration whatsoever for the people of Plainview. Sidewalks and streets are blocked, and vehicular traffic is diverted, without any regard for the convenience of local residents or motorists. Construction materials and supplies are strewn, and heavy construction equipment is parked, in seemingly haphazard fashion throughout the surrounding area. Neither adequate fencing nor

other safety measures have been taken to protect the general public. The absence of measures to keep curious neighborhood children from wandering on to the construction site is an invitation to tragedy.

According to a spokesman for Ma Bell, the purpose of the work is to lay plastic tubing and cable eastward from the new Telephone Company facility on Old Country Road near Stauber Drive. (Funny thing - when attempting to justify erection of the new facility last Spring, the Telephone Company argued that the location was ideal because there were existing cables already in place under Old Country Road.) The manner in which the work is being carried forth is a dis-

grace. What's even more of a disgrace is that there seems to be no way to force New York Telephone to act like a good neighbor. Permits for such construction by public utilities are issued by our County and our Town as a matter of routine, with no public hearings. It is indeed unfortunate that such a permit is so often regarded as a license to proceed without even a semblance of consideration for the convenience or safety of local residents.

Ma Bell on Old Country Road - another prime example of the increasing "public be damned" attitude of the utilities.

Very truly yours,
Michael Polansky, Secretary

At The Town Board Meeting

BY GERRY KAHN

The twenty Resolutions, that made up the agenda, at the Town Board meeting on Tuesday, March 11th, were passed in quick succession, leading to an early adjournment at 10:15.

Comments from the floor ensued, with the first speaker being Mr. Polansky, representing Greater Plainview Citizen Association. The subject for the second week was the construction, related excavation and storage area relative to the project underway at the intersection of Old Country Rd. and Sylvia Lane, Plainview. (See Letters To Editor Column).

In the opinion of Mr. Polansky, nothing had been done to improve the conditions that previously existed.

Councilman Mosca explained that he had in the intervening week personally visited the site on three occasions. He discussed the allegations with Inspectors and the Highway Department and was led to believe that the conditions, circumstances and appearances were those

customarily accepted and approved by the trade.

Mr. Polansky seemed to be under the impression that neighborhood concern would be somewhat relieved if the storage area was fenced in.

The Association spokesman then had visions of a 9 year old being seriously injured on the site as a result of the negative concern by the Board and the then conscious stricken concern.

The next speaker from the assemblage was Mrs. Phyllis Singer, who promptly thanked Councilman Carman for some information he disclosed the previous week with reference to the printing of a particular book by a non-profit organization.

Mrs. Singer went on to complain about a sign on Sunrise Highway, in a South Shore Community that indicated the home of PETER J. BRENNEN, the former Secretary of Labor. She was informed that the sign was installed by the community and was on State property and that the Board had no jurisdiction over it.

Then followed a refreshing interlude during which Mrs. Singer, personally thanked Supervisor Burke and the Councilmen, although her intention indicated the Councilmen to be an afterthought, for their patience, understanding and thoroughly sincere and devoted service to the populace of the Town of Oyster Bay as Chairman and members of the Town Board. She indicated she had no intention of announcing her candidacy for any office, at least not when she started to speak, however she might have a change of heart.

Her enthusiasm brought laughter to all and possibly, in a serious vein, food for thought, to many of those present.

Councilman Carman thanked Mrs. Singer for the very fine manner in which she praised the Supervisor and her recognition of his selfless devotion to his job.

Councilman Doolittle added his thanks and stated that when he had spoken to Mrs. Singer prior to the meeting and complimented her, he neglected to add that she was a most perceptive individual.

The Supervisor added humor to the scene with several references to the continued accolades, with "it sounds like a eulogy,....all that won't fit on tombstone,.....this is some epitaph."

Mrs. Singer was followed by a gentleman who prefaced his comments by stating "it was a hard act to follow". Mr. O'Donnell then proceeded with comments, relative to relief for the infirm, comparable to the Tax Relief Laws for the Senior Citizens.

Mr. O'Donnell inquired into the N.Y. State Law, Article No. etc., in his personnel letter to Senator Marino he quoted the wrong referenced Law. He thanked the Board for the action taken in trying to reflect the necessity in having the N.Y. State Real Property Tax Law amended to included disabled citizens.

The Board had written to Senator Marino and to members of the Assembly thanking them for their concern and for their efforts toward seeking an amendment.

GIRLS DIVISION

The Girls Division opened with a satisfactory, though losing weekend. The older division, 16 and under, coached by Ann Camara dropped a tough one to Northport, 2-1 in spite of valiant efforts by the entire team. Northports winning goal came in the last five minutes capping a tie score that could have gone either way. Goalie Susan Stafford was highly effective and aggressive in handling the Northport attack while Diane Conway produced the teams single score.

Barbara Maguire's younger girls, 12 and under, were unlucky enough to face a heavily experienced Northport team. Our newly formed team lost by a disappointing 6-0 score. In spite of the obvious Northport dominance, the girls never gave up. Particularly, Joanne Wagda, Barbara Luongo and Joanne Mullings showed their continued desire on defense, as well as goalie Rosemarie Manfredi. The score might have been a complete disaster if not for the speed, skill and agility of the goal keeper. We're looking forward to great things for both teams.

BOYS DIVISION

The Mid Island Bowls, Bantam Red Team, coached by J. Mitchell and J. McCann battled the wind and a traditional powerhouse Massapequa team. The 3-0 defeat was apparently an unfortunate combination of both. This experienced team put together a great last line defense with John Fitzgerald, Kevin Cahalan and Glenn Zakian protecting Gene Tyransky at goal - who had his work cut out for him. He was more than equal to the task.

The first happy note of the weekend was provided by the Bantam Blues, under A. Luzzo and H. Habersaat, as they romped over Bohemia 5-0. The game provided opportunities for a number of picture-play scores, 3 by David Smyth, 1 by Mark Adrio on perfect passes by David Bell and Michael Sini. The last score by Chris Habersaat was on another cross by Michael Sini.

The defense came into their own as the entire team developed an obvious confidence that showed in the defensive work of Billy

Cresham, Billy Cheslock and R. Pearce.

Another close game saw the Midget Red Team, under Al Barcavage lose a closely contested event to the Massapequa Cougars 2-0. Here again the wind was a factor that limited the number of shots on goal, while Tommy Fletcher, Tommy Solaski, Mike Finkleman and R. Dunne on Hicksville defense turned the ball away time after time. The shots that eluded the defense were well handled by goalie Timmy Bell.

Boys Division Red, coached by P. McHugh and B. Chresham romped over Garden City 9-0. In this runaway contest, B. Bedell scored 4, M. Collins 3 goals, J. Jablonski 1, and M. Bell 1. On the defense, J. Shannon and A. Sakk did their usual good work as well as R. Fremgen at goal. This team is sponsored by the VFW of Hicksville.

The Boys Blue Team, sponsored by the Marco Polo Lodge, Sons of Italy, played thru the surf at Long Beach to get a 6-0 victory, played thru the surf at Long Beach to get a 6-0 victory. Mike Sini's and Joe Sanna's boys had a walkaway as J. Jeanette kicked 4 goals followed by T. McCann's and P. Fletcher's single scores on breakaways with no assists. Meanwhile, the defense, manned at the half line by S. Playne, T. McCann and D. Cusack repeatedly kept the ball on the attack. The entire team effort was commendable.

Tony Cannara's Junior Blue Team traveled to N. Babylon to receive a surprising defeat. Our team scored first on a long shot of over 40 yards by Phil Gramaglia with an assist by Tom Denien but the feeling of success didn't last long since they lost 6-2. The second goal came when R. Allan made a throw-in which was headed into the net by J. Wayne. This rough game resulted in a number of injuries. One of the causes for this loss was that the mid line not only missed on defense but also did not provide the forward passing that is so necessary for a scoring attack by the front line.

REMINDER - Soccer meeting is on Friday, March 14th, 8 P.M. at the Library. All game copy due by Monday P. M. of each week.

Our Schools Commended

Mr. John J. Bardin, Supervisor of Elementary Education, State Education Department, commended the Hicksville School District for its "efforts to come to grips with the concerns and goals recently identified by the Board of Regents." Mr. Bardin had visited Woodland, Dutch Lane and East Street elementary schools. Mr. Bardin told Dr. Jerome J. Niosi, Superintendent of Schools, that it was "a genuine pleasure" to observe these three elementary schools in operation.

"The State Education Department visits schools regularly to insure that they are complying with the Education Law and the Department is interested in such things as

enrollment, the length of the school day and year, the certification of the teaching staff, as well as the organizational patterns of the elementary school," said Dr. Niosi.

Commending the principals for using their "administrative prerogatives" to develop new, as well as improve existing programs, Mr. Bardin emphasized that teacher turnover is low and that the clerical and custodial staffs are outstandingly cooperative, efficient and capable.

"We can certainly be extremely pleased with the result of this review by one of the highest authorities in the State Education Department," said Dr. Niosi.

At Holy Trinity Episcopal Church

On Sunday, March 16, the fifth Sunday in Lent, Sister Isabel, Sister-in-charge of the House of the Holy Nativity, in Bayshore, will be guest preacher at Holy Trinity Episcopal Church.

The Sisterhood of the Holy Nativity is a religious order for women in the Episcopal Church, specializing in parochial mission and retreat work. The Mother house is at Fond-du-Lac, Wisconsin. The branch house in Bayshore, located at 143 Bay Way Avenue, has provided hospitality for women of all denominations, for rest as well as retreats, for many years.

Before becoming Sister-in-charge of the branch house in Bayshore, Sister Isabel was associated with the Episcopal Church of St. Mary the Virgin in New York City. Before she entered into the sister-hood, Sister Isabel was deaconess in the

Episcopal Church and was Director of religious education in the upper peninsula of Michigan and in the Diocese of California.

The Community is invited to hear Sister Isabel who will preach at both the 9:00 A.M. and 11:00 A.M. Services on March 16.

The Rev. Dr. Boyce Bennett led a gathering of persons through an exciting pilgrimage to Masada in the Holy Land last Thursday at Holy Trinity Episcopal Church. This Thursday, March 13, and the following Thursday, March 20, Dr. Bennett will explore the archaeology of the Holy City Jerusalem with references to both Jewish and Christian historical incidents and places. These archaeological presentations are offered at Holy Trinity Episcopal Church from 8-10 P.M. on the Thursday evenings noted above. The Community is invited to attend.

JUST ONE OF THOSE DAYS

"I guess it's just one of those days." This short sentence has summed up many a day in our lives. Often times "those days" come all too frequently. Everything seems to go wrong, little problems appear insurmountable, life and its sweetness is lost in the mundane.

Yet on just one of "those days" the cry of a baby broke the stillness of a Bethlehem Barn. God had given His answer to "those days" by the birth of His Son.

Christ has been called God's Amen. A curious phrase. Amen

means Yes! In Christ God is saying that He is willing to enter into "those days" with His "Yes." Jesus Christ is God's "Yes" to our needs and His help to fulfill our hopes. There is no question of God's love and care for us. He desires that our every day be happy and worthwhile.

Once Jesus said, "The very hairs on your head are all counted." This was an unusual way of saying a most soothing truth. By these words Christ is saying: God cares for us with a deep-down care, one that exceeds our own care for ourselves. For God has a more detailed and intimate

knowledge of us than we ourselves possess. For even we do not have so passionate an interest in ourselves as to have taken a count of the hairs of our head.

Writer Robert Farrar Capon illustrates what we've been saying when he writes, "God doesn't start your stalled car for you; He comes and sits with you in the snowbank. You can object that He should have made a world in which cars don't stall; but you can't complain that He doesn't stick by His customers." We commit "those days" to the Lord and give Him a chance to enhance them.

PTA Albany March Postponed

The March on Albany for more aid to education, which was scheduled by PTA people throughout the State for March 18th, has been postponed until April 8th, due to the possibility of unsafe conditions caused by the pre-emption of the date by the Civil Service Employees Association.

Mrs. Edna Polin, President of the PTA State Congress, telegraphed Dr. Theodore Wenzl,

President of the CSEA, expressing PTA's displeasure over being forced to postpone the widely publicized Albany demonstration.

PTA had already obtained clearance from Albany police and had scheduled meetings with legislators and the Governor for that date. Albany police informed PTA on March 7th of a sudden plan by CSEA to usurp the day, causing

PTA leadership to cancel their plans in view of unsafe conditions. Said Mrs. Polin: "In future, we hope the CSEA leadership will evidence more forethought and cooperation with due respect for our large statewide organization."

PTA spokesmen say members will receive further direct information on the rescheduled April 8th date.

Math Competition At St. Ignatius

St. Ignatius Loyola School hosted the fourth meeting of the Math League on Tuesday, February 26. The final score showed St. Ignatius tied with Hicksville Junior High for first place and Jericho Junior High two points behind.

It was reported that in the

second meet held late last year Karen McGovern of St. Ignatius earned a perfect score. In the last meet, Terry Galvin also of St. Ignatius received a perfect score for the seventh grade.

All participants and alternates ended an enjoyable session with donuts and drinks.

OVERLOOKED

One of the most important - and one of the most overlooked items in an automotive tune-up is the exhaust manifold damper, says the Automotive Parts & Accessories Association. The damper must rotate freely and should be cleaned if the car is at least three years old or is a high-mileage vehicle. The stove is located between the carburetor base and the intake manifold.

Sculpture Dedicated

Mr. and Mrs. William Prohinsie of Hicksville, and the Artist LeRoy Schwen of Stony Brook, look at the bronze sculpture, "Jesus and The Child," dedicated in loving memory of their daughter, Christine.

A bronze sculpture by artist LeRoy Schwen of Stony Brook was dedicated at Trinity Lutheran Church, Hicksville. The 30 inch cast metal sculpture, on a marble base, depicts Jesus swinging a young child into the air. It is dedicated in loving memory of Christine Elizabeth Prohinsie, daughter of Mr. and Mrs. William Prohinsie of Hicksville, who died in 1970 at the age of four.

According to Schwen, while the sculpture is specifically symbolic it is also designed to work on many levels and to show several relationships. "I've tried to capture the emotions of joy, freedom and perfect trust," he said. "Some people see a child's faith as a simplistic, unreasoning commitment. I think, rather, that a child reacts instinctively to love, unencumbered by the reservations and inhibitions of the adult. The artist noted further that the sculpture is representative of every believer who sees himself as a child of God.

Because Christine had a deep love of nature, particularly flowers, the sculpted child holds a bunch of wildflowers. This also symbolic, Schwen explained, of God's concern and love for all creation, and his promise to someday make all things new. As stated in a specially prepared brochure, "the sculpture portrays the eternal 'yes' of God to man, and the responsive 'yes' in

the heart of every child who sees and recognizes his Creator."

Trinity is the largest Lutheran congregation on Long Island. It is well known for its artwork, including the main "Gates of Paradise" doors, which are exact replicas of Ghiberti's baptistry doors in the Duomo, Florence, Italy. Two of its stained glass windows are the work of Ernest Lakeman; the altarpiece is carved of English pin oak.

Schwen's sculpture stands in a

special niche in the Narthex of the church. It is the artist's eighth major commission for a Long Island church. He is also represented in public and private collections in New York, New England and the Midwest. Schwen, who studied for two years with the late Pierre Bourdelle, works in a variety of media, including stone, wood, metal and plexiglass. A teacher in the Greenvale School District, he lives in Stony Brook with his wife and three children.

MASTER CHARGE - BANKAMERICARD

At L.I. National Bank

A 50 cents per share cash dividend was announced by the independent Long Island National Bank at its 57 Annual Meeting held here on Wednesday, Feb. 26th.

James C. Dinkelacker, president of the bank, who revealed the Board's action, said the dividend will be paid on April 1, to shareholders of record on March 14th. Last year, the Bank paid a total of \$1 in cash dividends, on each of the 509,374 shares of issued stock.

The meeting, conducted by Charles R. Carroll, Board Chairman, heard Mr. Dinkelacker opine that "worldwide, national and general conditions now have a strong effect on Long Island's economic conditions." He explained:

"No longer is it the potato or cauliflower crop, or the sale of farmland for building programs that effects us exclusively.

Iranian money is now keeping our airplane industry busy; European banking interests have strengthened our local financial system; and a major American airline, which employs many Long Islanders, is bolstered by Middle East investments. All this, and more, makes Long Island an indivisible part of the overall and far-reaching economic picture. The turn of events, on a daily basis, therefore help shape our bank's policies - all aimed at preserving liquidity and holding down expenses."

He revealed that "1974's high rates on time deposits" obliged the bank to pay out over a million dollars more in interest, in 1974, than it did in 1973. At the same time, the bank's book value reached an all-time high of \$25.66 during the past year.

Directors re-elected for a one-year-term, include: Charles R. Carroll (Board Chairman) of Massapequa; James C.

Dinkelacker (Pres.) of Cold Spring Harbor; Albert L. Schackner (Secretary) of Roslyn Heights; Patrick C. Caputo of Bayville; Sidney Horowitz of East Hills; Malcolm E. Pierce of Huntington; Herbert W. Purick of Hicksville; and Robert W. Stackler of Huntington.

'The Great Waldo Pepper'

The young men with their heads in the clouds in the 1920's provide the inspiration for the new George Roy Hill Film, "The Great Waldo Pepper," for Universal opening at the Mid-Island Theatre on Thursday, March 13th. They were the barnstormers who eked out a precarious living flying from town to town, giving sky rides to awestruck country folk and amazing the populace with their daring acrobatics. Parachuting was elementary to these flyers; they provided thrills by wing-walking, car-to-plane transfers, and intricate and daring aerial maneuvers that left the earth-bound spectators gasping.

Producer-director George Roy Hill, a flyer and aviation buff himself, conceived the story of "The Great Waldo Pepper," a Jennings Lang Presentation.

Robert Redford, who was directed by Hill in the highly successful "Butch Cassidy and the Sundance Kid" and "The Sting," has a role made to his magnetic measure as Waldo-brash, iconoclastic, possessed by a passion for flying and given to dreams of glory. In addition to "The Sting," for which he won an Academy Award nomination as Best Actor, his most recent roles have been in "The Way We Were" and "The Great Gatsby." With only minimal rest periods between each of the films, Redford left for his home in Utah on the completion of "Pepper," vowing to take it easy for at least six months before starting his next, "Mayberry's Kill," a Zanuck Brown-Wildwood-Allen Production for Universal.
