Nassau County DA Speaks On "Victims Civil Rights"

Denis Dillon District Attorney of Nassau County recently announced the institution of a "victims civil rights" policy by his office as part of his plan for bringing the District Attorney's office closer to the people it serves.

Dillon said "accused criminals are immediately advised of their rights, as they should be. I believe that victims of crimes should be given the same consideration."

In line with this policy starting April 1st:

- Victims will be informed by the Assistant District Attorney handling the case of his/her rights, under the New York State Crime Victims Compensation Board, to get compensation for serious injuries and losses.

- After arraignment in County Court felony cases will be assigned to an individual Assistant District Attorney who will handle the case throughout. This will provide better and more thorough preparation of the case and the victim will know whom to contact.

- Victims and other main witnesses will be informed by mail of the final disposition of felony cases including the apprehension, conviction, guilty plea, acquittal or sentencing of the defendant, and the name of the sentencing judge.

- As a matter of standard policy the District Attorney's

office will request the judiciary to make restitution or reparation a condition of sentence or probation where the defendant is financially able.

- Beginning this week the District Attorney's Complaint Bureau, 400 County Seat Drive, Mineola, in addition to its regular hours of 9 a.m. - 4:45 p.m. Monday - Friday, will be opened from 9 a.m. to noon on Saturdays and until 8:30 p.m. on Monday evenings. Businessmen, as well as the general public, will now be able to file complaints without losing time from work.

- Victims and witnesses will be notified that transportation and lodging are available, if they are unable to provide their own, and that phone contact will be set up so that they do not have to lose unnecessary time from work, but will be called when they are needed to testify. This is an existing service.

- Dillon will formally request the Crime Victims Compensation Board to install a Nassau County phone number.

Dillon said "all too often the victim is left in the dark. When it is apparent that the victim or another party is entitled to restitution or reparation, it is our job to bring it to the attention of the courts and the individual concerned. I recognize that this will create an additional strain upon the court system, but the court system was brought into being for the protection of the

public.

"Restitution or reparation is to be considered not only as to the victim, but any other individual, business or corporation that would be entitled to it. Also included would be Insurance Companies, who via subrogation have sustained a financial loss. This restitution, of course, shall be contingent on the defendant's financial ability to pay."

The New York State Crime Victims Compensation Board exists to meet the needs of innocent victims of crimes who have suffered physical injuries. Awards can be made for unreimbursed medical expenses and loss of earnings; in the case of death of the victim, an award can be made to his dependents for loss of support. All such awards are contingent upon finding of severe financial hardship. (See attached "Crime Victims Compensation Board Brochure").

Dillon pointed out that there is clear authority pursuant to the penal law for restitution or reparation when the defendant is sentenced to either probation or a conditional discharge, but noted that the penal law is silent as to the ordering of restitution or reparation when the defendant is sent to jail.

Dillon praised Harvey Levinson, Chief of the County Court Trial Bureau for formulating this plan to help protect the rights of the victims.

Hicksville Fire Report

BY EX-CAPT. D. W. MAGEE

Hicksville Volunteer Firemen responded to 20 alarms during the period April 1 thru 8. There were 4 malicious false alarms, 8 rescue calls, and 8 fire calls.

There were 2 house fires during the last period. Damage was described as minor. The apparatus of Engine Co. 7 was damaged in a collision as it was responding to a rescue call in the Mid Island Plaza. There were no injuries. Damage to both vehicles was light. An interesting side note on this story is that the same vehicle and driver was in another accident shortly after the above incident and the vehicle was destroyed. No word on the fate of the driver. Getting hit by a mack truck evidently has its side effects.

TV Sets Cause Many Home Fires
Defective T.V. sets ignited 196,000 house and apartment fires last year according to a government survey. Appliances were the leading cause, over taking smoking. Appliances caused 3.5 million of the 3.5 million household fires. Gas stoves caused 360,000, electric stoves 855,000. The report did not go into detail on how many were due to faulty stoves or careless use of same. Electrical wiring was implicated in 435,000 fires. Cigarettes were the source of ignition in 365,000 fires and matches started another 248,000 fires.

These figures were contained in a report from the U.S. Consumer Product Safety Commission. The Commission has announced plans to write safety standards for the manufacture of TV sets and standards to correct the alleged fire hazards caused by aluminum wiring in the home and has begun development of standards for child proof match books.

A Reminder: If you have an "instant on" TV set it is highly recommended that you unplug the set when not in use. This type set even when off has power going through it, and many fatal fires have been caused by defective sets. Remember - When not in use Pull the plug.

Arson Caused Fires on the Rise

Just last week a report was released showing a rise of arson cases on Long Island. This rise is believed to be a result of the current recession. It was noted however that a major deterrent against arson in Nassau County is the County Fire Marshals Office. Nassau County has the only County Marshal in N.Y. State. The Fire Marshals office is very efficient in its duties, and although undermanned its inspectors briefings on how to preserve evidence so local Vamps don't destroy it as they fight the fire has in many cases scared off any arson attempt. Modern science has made a successful arson job almost impossible.

Hicksville Soccer Club News

The Club's "new blood" in the form of its twenty intramural teams, hit the fields this past weekend for the first time this season.

In the Pee Wee Division, Conn. played Del. to a 1-1 tie. Conn.'s score capped the outstanding efforts by teammates M. Hack and S. Singer., as K. Kusler scored the goal. P. Ziemicki scored for Del. on a pass from T. Sgaraglio. The scoring play was started by T. Kenny. The team was supported by K. Rice at goal & M. Jacard, J. Neto and P. Egbert up ahead.

Ga. and Maryland also played to a 1-1 tie with the Ga. score by R. Markey on a fine attack from the front line L. Mejia & K. Rochelle, while J. Fallacara dominated on the Ga. defense. Maryland's goal was booted by G. Condon on a pass from F. Brown. The scoring attack was led by J. Compress, G. Tyranski, and B. Mueller. J. Bungert at goal had defensive help from R. Human & M. Mueller.

A surprising third tie game came in the N.H. Tigers game. N.H. scored its single goal on an unassisted drive downfield. Defensive assignments were handled by E. Flanagan & B. Flanagan. J. Schup scored for the Tigers with an assist by C. Urban. While the Tiger attack was led by T. Lively & K. Hilbrig, A. Spur protected the goal from C.F.B.

The division's only winning game saw Mass. defeat the Minutemen 2-0, on 2 goals by I. Peskowitz. Other Mass. stand-outs included R. DiGaunza & F. Freyisen.

In the Bantam Division, N.C. squeaked a 1-0 win over N.J. In addition to N.J.'s strenuous defense by goalie R. Fremgen and backs H. Meltzer & J. Slezak, a constant attack by T. Cusack & M. Morga took some of the pressure off. The scoring drive was pushed thru the wall of defenders by S. Hughes. The shut-out was maintained by N. Storms, J. Egbert & W. Burke.

The Young Lions took Penna. 3-2. D. Smith, P. Daly & R. Halliday each scored for the winners, while S. Michalis & C. Noble kept the ball in position. The valiant work of the losers was performed by the scoring of S. Thompson & W. Probst, while D. Diamond & C. Caputo maintained the defense.

The 1-1 tie habit was maintained by N.Y. & S.C. R. McKenna scored for N.Y. with an assist from L. Moore. While P. O'Reilly & J. O'Reilly advanced the ball, R. Brill helped develop the plays. The S.C. goal goal by J. Fratini was assisted by D. Burke & V. Christiano. P. Magnuson at goal received defensive assistance from M. Christ, M. Lagnese & G. Giltin.

In the Midget - Boys Division, R.I. made the largest win of the

day by defeating the Atoms 4-0. T. Handshuh (2), K. Cunningham (1) & R. Mahoney (1) handled the R.I. scoring while L. Goldstein, N. Stafford & E. O'Reilly took care of the defense. Goal tending by Atom M. Diamond & defense M. Lively presented a real runaway.

A closer game was won 2-0 by Vermont over Ky. F. Behr scored 2 goals on assists by J. Borthwick & T. Sullivan. Goal keep L. Giltin saved the shut-out by stopping a penalty kick. The combined efforts of D. Galloway, M. Hopkins & R. Steveling for Ky. kept the team in the game.

The tightest game of the day was a 0-0 tie between Va. & the Legionnaires. The superb defensive work for Va. was led by R. Cripps & F. Benvenuto while E. Hagan, R. Lawlor, J. Powers & E. Soldi did the job for the Legionnaires.

Traveling Teams
Pee Wee rolled over Bayside in a game that was dominated by backs B. Maguire & F. Musumeci. D. Spadero, P. Schnur & L. Sneddon each scored a goal. Pee Wee Blue held on to a slim 2-1 win over Bohemia. Hicksville scores by L. Rubin assisted by J. Bush and another by F. Christiano, who also directed the Hicks. effort. P. Brutshin at goal continually frustrated Bohemia's scoring attempts.

The Bantam Reds, sponsored

by the Mid-Island Bowl, had a 5-0 picnic over Malverne in a game in which the goalie only touched the ball once. Goals were booted by J. McCann (2), A. Pepi (1), J. Mitchell (1) & B. Andrus (1). The Bantam Blues fared less well in losing to Northport 3-0 despite the well coordinated efforts of D. Smyth, B. Cresham & J. Maguire. R. Pearce headed the defense & together with J. Rubins at goal kept the game in sight.

The Midget Red suffered a 4-0 loss to Massapequa despite the defensive effort of P. Heller, M. Finkleman & T. Fletcher. The Midget Blue was also overpowered by Mass. 5-0 as Mass. took control of the game from the start. R. Coiro, F. Grusso, P. Rubins & D. Cleary prevented the game from being a complete rout.

The only bright spot in Massapequa games came when the Boys Red, sponsored by the V.F.W., won their game 2-0. J. Rupp & P. Fischetti scored as J. Shannon dominated the defense while R. Fremgen at goal helped maintain the team's 4th consecutive shut-out. The Boys Blue team, sponsored by the Marco Polo Lodge, suffered the agony of defeat with a resounding 6-0 loss to the Massapequa A team. The defense held up well thru the first half but crumpled in the second half.

The A.O.H. sponsored Juveniles beat Brentwood 4-1 after

trailing 1-0 at half time. K. Anglin sparked an offensive game in which S. Halajian scored 2, T. Mercer & R. Dalton, 1 each.

The Kiwanis sponsored Junior Reds also came back from a 1-0 half time deficit to take Glen Cove 3-1. Unassisted goals by P. Bedell & J. Galgano plus a score by J. Focas won the game for the team.

The younger girls lost a real squeaker to that old arch rival Massapequa in spite of the field work of S. Brill, M. Carroll, J. Mullings & R. Manfredi at goal. The older girls played a thriller. A 0-0 tie was maintained for 40 minutes to go on an assist by P. Conway while T. Maguire at H.B. thwarted the opposition's attack.

The Club would like to thank the Hicksville Fire Dept. Rescue Unit for the First Aid Instructions given to all our coaches last Monday night. The benefits are immeasurable. This, plus our new first aid kits illustrates the Paramedics and Club's concern for our youth.

REMINDER - The monthly meeting will be held on Friday, April 11, 8 p.m. at the Hicksville Public Library.

NASSAU DOWNS OTB

OTB - ON THE RIGHT TRACK FOR NASSAU TAXPAYERS

Q. WHO ARE THESE PEOPLE?

A. Employees and customers of Nassau Downs OTB. In other words, your neighbors. Surveys show the typical OTB customer to be a family person and a long-time Nassau resident. His income compares favorably with his neighbors and he tends to have the same background as the people who reside in his community.

Q. WHO RECEIVES THE PROFIT FROM NASSAU OTB?

A. The taxpayers of Nassau County. All the profit goes to minimize the general county tax rate.

Q. HOW MUCH REVENUE WILL NASSAU OTB PROVIDE?

A. The eventual profit margin is between 5% and 6% of the gross handle and predictions are that Nassau residents will be wagering about \$125 to \$150 million a year within three years. This would mean as much as \$9 million in new money for the county's general fund... that's \$9 million which won't have to be raised by new property taxes.

Q. HOW DO WE KNOW OTB WILL BE SUCCESSFUL IN SUBURBIA?

A. It's worked in other suburban areas in New York State and in the first three weeks of operation our office in the Village of Hempstead handled \$1 million dollars worth of business.

Q. IS NASSAU DOWNS-OTB THE SAME AS NEW YORK CITY-OTB?

A. No. Nassau Downs is a separate corporation designed to reduce illegal gambling in our county and provide additional revenue for our taxpayers. The only connection we have with New York is that we share their computers.

Q. WILL THESE OTB OFFICES BE LOCATED IN RESIDENTIAL AREAS?

A. No. About 20 are planned, some larger than others, and they will be scattered throughout the county to service the needs of the many customers we have among our nearly 1.5 million residents. The branch offices will be placed in business or industrial areas, preferably major shopping centers and in buildings along major thoroughfares.

Q. WILL TELEPHONE BETTING BE AVAILABLE?

A. Yes, and shortly, too. Watch the news media for applications or give us a call at (516) 292-8300. We can't give credit, but we do assure prompt and convenient service.

Q. WHAT OTHER BENEFITS WILL OTB PROVIDE?

A. In this time of high unemployment and economic hardship, Nassau Downs expects to provide more than 400 jobs. Its payroll, the goods it purchases and the contractual services it requires will pour millions of dollars into the local economy.

Q. I HAVE A SON 17. CAN HE BET AT OTB?

A. Sorry, not in Nassau County. He must be 21 years of age and prove it before our attendants will allow him to place a wager.

Supervisor JOHN W. BURKE REPORTS

In a couple of weeks, taxpayers in Nassau County will again have the opportunity to check the assessment of their homes or business properties during the annual Grievance Period from May 1 through May 20. The property assessment carried on the tax rolls is the figure determined by the Nassau County Board of Assessors that is used in computing county, town, school and special district taxes.

During the Grievance Period, property owners can examine the tax rolls, and, if they disagree with the board's determination, they can discuss it with department personnel or file a protest with the Board of Assessors.

For the convenience of Oyster Bay Town landowners, the 1976 tax rolls will be available for examination at the Hicksville Town Hall Annex, 65 Broadway, during Grievance Period and representatives of the Board of Assessors will be stationed at the Hicksville Annex during this time. These representatives will be glad to discuss with the owners their property record card and answer questions concerning the reasons and the formula used in arriving at the assessment figure. If still not satisfied, the taxpayer may then file a protest form with the Board of

Assessors, either while at the Hicksville Annex or at the Board's office in Mineola. The protests are forwarded to Board of Assessment Review, an independent body; after a careful examination and analysis of the facts, this agency can order the Board of Assessors to reduce or raise assessments as warranted.

Chairman of the Board of Assessors Abe Seldin has pointed out that the tax rolls will be available for inspection on weekdays from 9 a.m. until 4:45 p.m. from May 1 to May 20, and also on the Wednesday evenings of May 7 and 14 for the convenience of working persons.

All residents are urged to take advantage of this opportunity to have their voices heard on matters of assessment and taxes.

Leisure PassCenters Expand Local Resident Appears in Hofstra Play

With the onset of warmer weather, the number of locations where photographs may be taken for Nassau County Leisure Pass applications has been expanded to meet the increased demand.

Now open seven days a week from 9:00 a.m. to 5:00 p.m. are the centers in Eisenhower Park, East Meadow, and at Christopher Morley Park, Roslyn-North Hills. Also open every day from 9:00 a.m. to 10:00 p.m. is the center at Cantiague Park in Hicksville.

Photographs may be taken in the administration building of Bay Park, East Rockaway, the ice rink foyer of the Nassau County Arena in Long Beach, and the administration building in North Woodmere Park on Saturdays, Sundays and holidays from 9:00 a.m. to 5:00 p.m.

Beginning Saturday, April 12, Leisure Pass centers will be open

seven days a week in the East Terrace of Nassau Beach Park, Lido, from 10:00 a.m. to 4:00 p.m. and the administration building of Wantagh Park from 10:00 a.m. to 5:00 p.m.

Proof of Nassau County residency, such as a driver's license or voter registration card, must be shown at the time.

The Leisure Pass, which costs \$1 and is valid for a two-year period, is required for admission to all parks, beaches, pools and other facilities operated by the County's Department of Recreation and Parks. The pass also entitles senior citizens to ride County-owned buses at half-fare and to discounts at most of the fee-charging facilities operated by the department. Senior passes do not have to be renewed.

Virginia Frederick of Dahill Road, Old Bethpage appears as Augustus in the Hofstra University production of *The House of Bernarda Alba*. The play runs April 17-20 in the John Cranford Adams Playhouse on the south campus.

A junior performance major, Ms. Frederick has studied at the Herbert Berghof Studio in New York City, and was a member of the Town of Oyster Bay Repertory Theater and the Forestbury Summer Theater. In addition to acting, the women's center and the occult club are among her interests.

Written by Garcia Lorca, one of the great names in modern poetry, *The House of Bernarda Alba* deals with maternal tyranny and sexual repression of the kind associated with Catholicism in Spain during the 1930's.

Mrs. Estelle Aden, who teaches graduate courses for Hofstra's drama department, will head an all-woman cast in the production. Sets are by professional designer Michael Sharp.

Dr. Miriam Tulin, chairperson of the drama department, will direct what she calls "this extremely theatrical and poetic play." She notes that the Hofstra Spanish department is co-sponsoring the production.

Tickets are \$1.75 and are available from the Playhouse box office at (516) 560-3283. Performances start at 8:30 p.m. April 17-19, and at 3 p.m. on April 20.

Coliseum

Revenues Up; Costs Down

The Nassau Veterans Memorial Coliseum met the twin ravages of inflation and recession head-on in 1974 as the Uniondale arena cut its deficit in half by increasing revenue more than 16 per cent and reducing operating costs almost four per cent.

Coliseum Executive Director Arthur Scharf, commenting on Coliseum audit figures released today by the Nassau County Comptroller, said, "The fiscal picture for our arena is bright and encouraging. While only three years old, we are making good financial progress. The 50 per cent cut in last year's deficit is significant and signals a positive trend towards profitability."

The 1974 deficit for the Coliseum was \$515,754, down 50.1 per cent from \$1,032,638 in 1973.

Significant event revenue increases were noted for the New York Nets, up 25 per cent from \$192,390 to nearly a quarter of a million dollars (\$240,488). Other entertainment events were up \$153,909 (16 per cent), to \$1,113,419.

The increased event revenues were realized, Scharf said, by a combination of increased bookings or "active days," and improved attendance enjoyed by the Coliseum throughout the year (more than 2.1 million persons).

"Between Nets and Islander playoffs and the addition of a minimum of 28 home dates for pro-lacrosse's Long Island Tomahawks and the return of Tomahawks' New York Nets led by Billie Jan King," Scharf added, "our 1975 season should reap, beyond excitement and enjoyment for New York fans, even better financial results for the Coliseum."

But the big story, for 1974, was the Coliseum's aggressive attack on operating costs.

Net expenses decreased some

\$125,179 in 1974, down four per cent; despite what County Comptroller W. Hallsted Christ called, "substantial inflation-caused increases in costs of heating fuels, gas, and electric." These utility costs increased nearly 50 per cent, up \$132,740. Heating fuel alone increased an astronomical 139.4 per cent.

Although no additional staff joined the Coliseum in 1974, mandated union and civil service salary, fringe benefits and pensions cost an additional 22.5 per cent over 1973.

However, where tight Coliseum management controls could be exercised on such "direct expense" items as contractual labor (a \$74,160 savings); materials and supplies (a \$52,351 savings); and equipment rentals and repairs and maintenance (a \$47,468 savings), a notable near six per cent reduction in operations and maintenance direct expenditures was made all against the continued demands of more events and the inflationary spiral of the dollar.

1975? "Continued progress

towards three goals," says Scharf.

The priorities:

Continuation and enhancement of the wide variety of quality sports and entertainment events for the people of Long Island and the New York region.

More public service, community events such as the 1975 Nassau and Long Island High School basketball, track, wrestling championships, the New York State basketball tourney, youth hockey and basketball programs plus others.

A further reduction of expenses and increased revenue.

"On the face, looking at just March 1975 event and attendance figures (35 events-313,683 persons-up 20 per cent, 1975 is going to be a good year for the Nassau Coliseum," he concluded.

AAA Honors Two Hicksville Dealerships

Two Hicksville dealerships have been awarded Certificates of Commendation by the Automobile Club of New York following their participation in the AAA Driver Education Program.

In announcing the awards this week, Club President Gilbert B. Phillips praised Mr. John Nugent, President of Grand Prix Performance, Ltd. and Mr. John DeMonaco, President of Eiseman Buick-Opel, Inc. for making "an important contribution to high-

way safety and the reduction of traffic accidents."

The dealerships were honored for providing one or more dual-controlled training cars for use by: Hicksville High School and Levittown Memorial High School.

The High School Driver Education Program was pioneered by the AAA in 1936. Students receive basic instruction in classroom and behind-the-wheel instruction in a dual-control car.

Hicksville Beautification

Community volunteers at work preparing the area on the west side of Broadway between Old Country Rd. and Carl St. for public gardens are, from left to right: John Maniec, Executive Director of HAD, Dr. Walter Dunbar, Beautification Chairman of the Hicksville Chamber of Commerce, Stephen Greebaum and Joseph Santaniello, volunteers from HAD, and Ed. Johnson, co-chairman.

Mr. Johnson, manager of Parr and Hanson, collected and removed the debris from the site, brought in several yards of leaf mold which is shown in the picture being spread. George Finn, of 3rd St., is following through with plowing, spreading lime and roto-tilling. Twenty-five families have registered for plots which should be ready for planting the week-end of April 12th.

This is a Chamber of Commerce project. Other members of the Beautification Committee are Gregory Chandler and Henry Brengel, Sr. Permission for the

Doctors Here Retain Membership in AAFP

Three doctors of the Plainview area have completed continuing education requirements to retain active membership in the American Academy of Family Physicians, the national association of family doctors. The Academy formerly was called the American Academy of General Practice.

The requirements call for members to complete a minimum of 150 hours of accredited continuing medical study every three years. Members become eligible for reelection at the end of the third year following their election to membership. The Academy, the country's second largest national medical association, is the only

national medical group that requires members to keep up with medical progress through continuing education.

The Academy, founded in 1947 and headquartered in Kansas City, Mo., was instrumental in the establishment of a new primary medical specialty in family practice in 1969. The new specialty is expected to increase the numbers of family physicians available to serve the public in the future. The Academy's continuing education program is the foundation of eligibility for family doctors now in practice who apply for certification in the new specialty.

The doctors re-elected are: Nathan Turner, Abraham Sidney Ludwig and Jacob S. Rand.

County Offers Puppet Workshops

Nassau County youngsters, many of whom have been enchanted by the fanciful shows presented at the Puppet Theatre in Eisenhower Park, East Meadow, will have a chance to learn how to make and use their own puppets in preparation for the Ninth Annual Children's Puppet Festival on Saturday, June 7.

Although the popular festival is still a couple of months away, registration is already in progress for a series of Saturday workshops to be held on May 10, 17 and 24 and open to children in grades one through eight, as well as interested mothers and teachers. Because of space limitations, participation is on a first-come, first-served basis, and pre-registration is necessary with a final registration date set for May 31 if any openings remain.

How to make and use various types of puppets—hand, rod and marionette—will be the subject of the workshops sponsored by the County's Department of Recreation and Parks. The May 10 workshop is open to mothers and teachers, while the one scheduled for May 17 is for children in grades one through three, and the May 24 workshop is planned for grades four through eight. There are two sessions on each date, running from 10:00 a.m. until noon and 2:00 to 4:00 p.m.

The Children's Puppet Festival, open to youngsters from 5 to 18 years of age, will be held on June 7 from 10:00 a.m. until 4:00 p.m. and will culminate in a

series of awards.

Highlights of the annual event include professional puppet performances, "Instant" Puppet-making classes, a Parade of Puppets, plus individual and group performances by the children.

Judging will be in two categories: for conventional-style puppets and "Instant" puppets and will be based on originality, craftsmanship and quality of performance both by individual children and groups. In addition to awards given to those who place first, second and

third in various age groups and a "Best in Show" award, every child who takes part in the festival will be presented with a Certificate of Participation.

While registration for the festival may still be possible on the morning of the event, space limitations once again make it necessary to adhere to a first-come first-served basis.

Open to Nassau residents at no charge, the workshops and festival will be held at the Puppet Theatre near Parking Field No. 6. Further details may be obtained by calling 292-4188.

MBA Courses Offered at Mid-Island Libraries

Mid-Island residents are invited to join the residents of this area for whom an MBA degree is already "just around the corner," according to Dr. Timothy Costello, President of Adelphi University.

These residents are mature men and women attending courses nearby at hours convenient for working people. The

courses, at the Plainedge and Syosset Libraries, lead to the Master of Business Administration degree. They are offered by Adelphi's School of Business Administration and University College, and are identical to those offered at the Garden City campus. Summer classes begin April 30 and end July 19. Full information on

courses and degree requirements may be obtained by calling Adelphi University, 294-8700, ext. 7600.

Adelphi University will meet prospective Mid-Island students at the Plainedge Library on Wednesday, April 23, at 7:30 p.m., or the Syosset Library on Saturday, April 26, at 9 a.m. School of Business personnel will

be on hand to present degree requirements and give individual advisement. Registration will occur at that time for courses given on Wednesday and Thursday, 7:30 to 10 p.m. and Saturdays, 9:15 to 11:45 a.m. Fall courses will also be offered at the Jericho Public Library in evening hours.

Described as "an easily

available route toward career development," the MBA courses help business people, learn how to develop sound organization for firms, how to motivate and evaluate staff performance, how to develop effective communications and interpersonal relations in work situations, and how to make sound management decisions by analyzing data.

FTC Approves All Six Klein's Locations

Korvettes announced recently that the FTC had approved the application to operate Korvettes stores on six sites now occupied by S. Klein.

The FTC had previously given permission for two sites in Wayne, New Jersey and Yonkers, New York and had asked for additional data on the four sites in Nassau and Suffolk counties of Long Island, New York: the Green Acres Shopping Center in Valley Stream, the Mid Island Shopping Center in Hicksville, and in Commack and Hempstead.

David Brous, President of Korvettes said today, "We are very pleased with this decision by the FTC. We regard it as being of major importance since it will constitute a significant expansion

in the New York metropolitan area."

These six stores, comprising over 1,000,000 sq. ft. of additional space, are expected to contribute an additional \$60 - 70 million of revenues to the over \$600 million in sales Korvettes did last year.

Mr. Brous noted that this move implements the company's policy of increasing penetration in existing market areas where Korvettes is known and has wide acceptance. It provides stores at rents below what would be charged if new stores were built; allows these new stores to benefit from Korvettes existing advertising and promotion in New York.

Korvettes has had a proven record of taking over sites of

stores previously operated by other retailers — Fulton Street in Brooklyn, and Herald Square and Fifth Avenue in Manhattan — and turning them into profitable units.

Upon conclusion of the deal, Korvettes will have 31 stores in the metropolitan area, and 60 in the entire chain.

Korvettes is a division of Arien Realty & Development Corp.

Vacant Howard Johnson's Selected for Levittown Branch of Nassau Downs

Nassau Downs-OTB has announced it has signed a lease for a branch office in a vacant Levittown building that formerly housed a Howard Johnson's restaurant. The site is on the south side of Hempstead Turnpike, just east of Wantagh State Parkway.

Easa Easa, President and General Manager of Nassau Downs-OTB, said the corporation had originally considered the

opening of a branch office in the Mays Shopping Center last December. "However, after public meeting with Levittown residents and a private meeting conducted with various civic officials as well as representatives of the Division Avenue High School, this alternative site was considered and found acceptable," Easa said.

Although the only Nassau OTB branch now in operation is in the Village of Hempstead, Nassau OTB has signed leases for five additional branch offices, including Westbury (Westbury Plaza Shopping Center), Valley Stream (Green Acres Shopping Center), Bethpage (Hicksville Road), and Island Park (Austin Blvd.).

Under negotiations are sites in Massapequa (Sunrise Mall) and Carle Place (adjacent to Steak & Brew). Other locations presently under consideration include Jericho (Pathmark Mall); East Meadow (Dave Shor's) and Plainview (Industrial Park).
