SMILING PANOS SOFIANOS accepts his prize for winning the **BOOK BOWL** contest sponsored by the Children's Room of the Hicksville Public Library in celebration of **NATIONAL LIBRARY WEEK**. Staff member Jean Way presents the award, while third-prize-winner Willie Eichler looks on. Second prize went to Chris Tallarico. The winners were announced on April 19th, following a demonstration of glass-blowing by Martin Finkel - enjoyed by children and adults alike. The three winners of the contest came closest to guessing the number of book facsimiles in the bowl...1041. How close were you? (Photograph by Robert Berkowitz.)

At Our Library

The Hicksville Public Library will present **Lionel Barrymore** in "Ah Wilderness" on Friday evening May 2 at 8:00 p.m. This MGM production was made in 1935 and is the only comedy written by Eugene O'Neill.

On Sunday, May 4, the Northport Choir will present a program. This group, directed by Sandy Valerio is a sixty seven

member ensemble. The program will include works of Bach, Bachman and Schman. The Hicksville Library Music Series is made possible by a grant from Nassau County Office of Cultural Development. Ralph G. Caso, executive and John Maerhofer, director. All the community are always welcome to attend the free programs.

50th Anniversary Program For JHS Underway

By Richard Evers

Hicksville is having a "birthday party", the Week of June 2nd, to celebrate the Fiftieth Anniversary of its oldest school, the Junior High building on Jerusalem Avenue. Latest reports from the planning committee seeking to pay tribute to the handsome landmark indicate that a festive and properly nostalgic "half-century" party is shaping up.

The Fiftieth Anniversary Week will honor the educational contribution of the present Junior High School building and its many teachers and graduates over five decades, including thirty years of proud existence as both a Junior and Senior High School, 1925-1955. Special events and "open house" for alumni and the general public will take place each weekday evening of the Anniversary Week, with a grand celebration in the school auditorium on Saturday, June 7th. Program Co-Chairman, Runhild Wessel, urges all alumni, former teachers and School Board members, present faculty and "friends" among the general public who would like to join in visiting and honoring this fine school, to reserve some of the evenings and Saturday morning, June 2nd through June 7th. It promises to be an exceptional opportunity to meet old colleagues and teachers and to

relive shared school experiences.

On Saturday, June 7th, at 10:30 A.M., Hicksville's most distinguished school leaders will once again preside at an assembly in the well-known, mural decorated Junior High School auditorium, renamed in recent years the Bernard Braun Memorial Auditorium in memory of a well-remembered local son and vigorous school principal. Present as feature speaker and a guest of special honor will be Mr. Frank Chlumsky, the surviving member of the Board of Education which arranged for the construction and the dedication of the Jerusalem Avenue school in 1923-1925. Mr. Chlumsky, beloved senior community leader, will be joined at the rostrum by the legendary Miss Mable Farley, graciously returning from retirement in Pennsylvania to honor and see anew the school she presided over for 30 years.

Invitations have gone out, also, to other well-known Hicksville School Board members and principals closely linked with this school, leaders such as: Mr. Henry Brenzel, long-time Board President and distinguished community leader, former Junior High Principals, Richard G. McManus, Leon Galloway and A. Albert Glass. It is hoped that these honored guests will join Mr. Chlumsky and Miss Farley on the

dais for this memorable program. There will be ample opportunity for the many friends, former students and colleagues of these school luminaries to "say hello" and to reminisce a bit during the "open-house" after the ceremonies in the Junior High Auditorium on June 7th.

The weeklong evening "open house" at the Junior High and special programs being prepared by students will include the following events: Monday, June 2, Student Musical Performances in the Junior High Auditorium at 8 P.M.; Tuesday, June 3rd - Girls Gym Show at 8 P.M.; Wednesday, June 3rd - Boys Gym Show at 8 P.M.; Thursday, June 4th - Variety Show - in school auditorium, at 8 P.M. and Friday, June 6th, a school dance in the Boys Gym at 8 P.M.

Among the officials of government who have expressed an interest in honoring this Fiftieth Anniversary of the dedication of the Hicksville Junior High School building are Senator Jacob Javits, Congressman Norman Lent, County Executive Frank Caso, Town Supervisor John Burke and the United States Commissioner of Education, according to Assistant Principal Joseph Giambolvo, in charge of special program planning for Principal William Feigin.

Kiwanis Club News

Mr. Frank Chlumsky, shown here seated at the April 23rd luncheon meeting of the Kiwanis Club of Hicksville, was honored by his fellow members with a surprise anniversary cake celebrating his 68th wedding anniversary.

Mr. Chlumsky has been an active member of the Hicksville Kiwanis Club for over 25 years and presently serves the club as its recording secretary. While Frank is 89 years old, his activities with the club and the Hicksville chapter of the Salvation Army make him seem more like 49.

Hicksville Kiwanis President, Dr. Richard Smith wishes to inform the public that the club will run its First Annual Pancake Breakfast at the Hicksville Knights of Columbus Hall, Heitz Place, Hicksville, on Sunday May 18, 1975. This family pancake breakfast will run from 8 a.m. to 2 p.m. and the tickets are inexpensively priced at \$1.75 for adults and \$1.00 for children.

Tickets may be purchased in advance from any Hicksville Kiwanian or by calling John Maniac at WE 5-6858. Tickets will also be available at the door on May 18th.

Kiwanis will also be holding their annual Flea Market.

Saturday May 31st and Sunday June 1st, under the Rail Road at Broadway. Anyone wishing to donate articles, please contact Dr. Smith, WE 1-0938. Monies from the Pancake Breakfast and the Flea Market will go towards our Scholarship Fund.

HHS Alumni

At its April meeting, the Board and Directors of the Hicksville High School Alumni Association unanimously elected to Honorary Membership, Mr. Merton (Bill) Roberts. Mr. Roberts, a retired teacher of the Hicksville school system, has been, and continues to be, a very helpful worker for the Association, chaperoning the annual Thanksgiving Eve Basketball Game between the faculty and alumni, raising money for the Sports Award Dinner that the Alumni

Well it's little league season again, and the boys were out on the fields Tuesday for the first official major league games. There were many good plays and few errors in spite of first day jitters.

Power Test took the first game with Bob Strack on the mound in relief of starter Fred Passione, striking out two. Chris Martin came in the last three innings wrapping it up. Brian Fulgram's lead off triple and Chris Martin's two booming triples cinched the victory. Excellent fielding by Ken Busch nabbing two run ers at the plate. Smart ball in the infield by Mike Game and John Bradley.

Goldman Bros. were able to hold it close because of the good pitching by Bill Vollono and Steve Jankowski allowing 3 runs (2

SPEAKING FOR HAD: On Wednesday, April 23, Mr. John Maniec, Executive Director of Help-Aid-Direction (H.A.D.), spoke before the Kiwanis Club of Hicksville at its regular weekly luncheon held at the Milleridge Inn, Jericho.

Mr. Maniec described the multitude of counseling and recreational services available to the youths and adults of the Hicksville area by the H.A.D. agency. He emphasized that its program services are threatened with curtailments due to state aid reductions. He appealed to local residents and community groups like the Kiwanis Club of Hicksville for financial support to help its center survive.

Help-Aid-Direction has its walk-in counseling center at 389 New South Road, Hicksville and its hours of operation are: Monday thru Thursday, 12:00 noon - 10:00 p.m.

OTB to Handle Derby Wagering

Nassau Downs-OTB will conduct its second "Special Event" program by accepting advance wagering both Friday and Saturday (May 1 & 2) on the 101st running of the \$125,000 added Kentucky Derby from Churchill Downs.

Advance betting at the Hempstead and Green Acres branches of Nassau Downs-OTB, as well as telephone betting, will begin Friday (May 1) at 8 A.M. and conclude at 5:15 P.M. on Saturday.

The 1-1/4-mile Kentucky Derby will be televised live on ABC's

Wide World of Sports program between the hours of 5 and 6 P.M. Post time at Churchill Downs is 5:35 P.M.

Nassau Downs-OTB will take Win, Place and Show bets on the Derby in sums of \$2 and \$5 and multiples thereof. Exacta and Quinella betting in multiples of \$3 and \$5 will also be accepted.

OTB will book its own separate pool and calculate its own payoff prices. Win odds to the dollar will be updated periodically during the two days of Kentucky Derby betting and payouts will start one-half hour after the results are official.

Postal Bulletin

The design of a block of four 1975 commemorative stamps honoring the 200th anniversary year of the U.S. Military Services was unveiled in Washington Monday, April 21 at the Smithsonian Institution.

The unveiling followed a philatelic dedicatory lecture by Edward J. Webb of Westport, Connecticut, the designer of the stamps. His subject was "Military Uniforms of the United States."

The lecture was the second of

four scheduled for 1975 under joint sponsorship of the U.S. Postal Service and the Smithsonian Institution. All relate to the issuance of U.S. postage stamps.

The stamp designs depict uniforms worn by the Continental Army, Navy, Marines and Militia during the Revolutionary War. The stamps will be issued July 4 in Washington.

Issuance of the stamps continues Postal Service recognition of the Bicentennial of the American Revolution.

Hicksville Community Council To Hear Dr. F. Hill

Dr. Fred Hill newly-appointed Superintendent of the Hicksville School District will speak on the school budget at the Thursday, May 8th meeting of the Hicksville Community Council, starting at 8:30 p.m. at the Hicksville Library on Jerusalem Avenue, according to the Council's president, Mr. Siegfried Widder.

All candidates running for the Board of Education are cordially

invited to attend this meeting and, if they will speak to Mr. Widder, he will be pleased to introduce them to those present, most of whom are representatives of various Hicksville organizations.

As usual there will be a part of the Council's program devoted to announcements or discussion relating to any and all persons, organizations, or problems, AS LONG AS THEY INVOLVE

HICKSVILLE

Although by its by-laws this active Council does not itself take stands, the dissemination of all local information to its delegates and back to their local organizations, makes whatever action is needed just that much more possible on the local level.

Refreshments are served at the conclusion of each meeting and all Hicksville residents are cordially invited to attend.

At The Town Board Meeting

BY GERRY KAHN

Thirty-three items filled the calendar at the regular meeting of the Town Board on Tuesday, April 29th.

The first to appear on the agenda was a Hearing on the petition of Nemeroff Realty Corporation. It was seeking a Special Use Permit to construct an addition to a building and to permit the operation of a tire, battery and accessories business in Massapequa on the S/S of Sunrise Highway, approximately 500 feet E/of Unqua Rd.

Nemeroff Realty was represented by Mr. Paris. The attorney for the petitioner.

The new addition would contain approximately 24 Bays and an artists' concept was displayed for the board and the audience to see.

It was not officially announced who the tenant was to be, however the majority of the people present seemed to be under the impression that the premises might be occupied by Sears.

The Board questioned Mr. Paris and Mr. Nemeroff on various details relating to the disposal of debris, accumulation of used tires, noise and air pollution and proximity to school areas.

Among those from the audience who rose to speak were Mr. Dave Berman, president of the East Massapequa Civic Association. Mr. Berman's organization studied the proposal and its impact on the community. He proposed that the anticipated entry and exit be switched

around and that N.Y. State be persuaded to extend the existing holding pattern of traffic at additional 200 feet thus avoiding the traffic problems of congestion and hazardous conditions that currently exist at the intersection of Sunrise Highway and Old Sunrise Highway for westbound traffic. His organization was in favor of the granting of the permit.

Mr. Glen Curbs, The business agent for the carpenters local was highly in favor of the granting of the petition as a source of new labor and jobs for the construction industry and the townspeople.

Mr. Esposito, representing the Chamber Of Commerce, Massapequa, stated that his

Ayres, Losche and McCormack School Board Candidates Develop Platform

On Sunday evening, April 25th, H.C.B.E. supported school board candidates John Ayres, Robert Losche and Cornelius McCormack met at the home of John and Lynn Ayres, 45 Link Lane in Hicksville to develop their platform for the upcoming school board election. The candidates agreed upon a central theme, as expressed in the title of their platform - WE FACE REALITY.

Among the thoughts expressed in the platform were:

o Due to the state of the nation's economy, we must search out new ways to minimize the cost of our schools. The candidates advocate the continuous evaluation of all programs with this in mind.

o The candidates will also call for a Community Relations

Committee to foster a two way flow of information between the community and the School Board.

o As a result of the general trend toward increased recognition of educational deficiencies, Messrs. Ayres, Losche and McCormack will advocate that we concentrate our remedial efforts in the elementary schools to achieve the best results.

o In recognition of the contribution senior citizens could make to the total school program, the candidates will advocate a conscientious effort to involve the senior citizens in the school community.

The candidates will appear before the Hicksville Community Council on Thursday, May 8th to

introduce themselves.

The candidates also finalized plans for distribution of tickets to the H.C.B.E. annual fund raising cocktail party, which will be held at Brandy's in Hicksville on Thursday evening, May 29, 1975. Anyone wishing to obtain tickets may contact the candidates or call 938-5361.

Work is steadily progressing at The Gregory Museum, thanks to volunteer labor such as the photograph so illustrates, the unselfish help of Dr. Richard Smith, President of Kiwanis, assisted by Chris Boyens, installing a new display cabinet at the museum. It is only through continued donated manual physical help (and donated funds & Membership) that the Gregory Museum can complete the dream of bringing a teaching, research earth science center for All Long Island.

Don't be shy, if you have a little extra time on your hands, why not come down or give a call to 822-7505, there is always some area that could use your "helping Hands".

"Bye Bye Birdie"

Hicksville High School will present the musical "Bye, Bye Birdie" May 14, 15, 16 and 17. On Wednesday, May 14 ONLY, the proceeds will go to the Hicksville High School PTA Scholarship Fund. Each year two deserving seniors are awarded money from this Fund to provide assistance in their continuing education.

Admission for this night is only \$1.25. Youth group leaders and senior citizens group planners could take advantage of this price

to offer an enjoyable evening's entertainment for their groups. We hope for a big turnout on May 14 to benefit the Scholarship Fund and share the fun and music of these talented high school students.

Tickets can be purchased in advance in the main office at the high school and from Barbara Smith, 931-0485 or Muriel Schwartz, 935-3198. Plan to see "Bye, Bye Birdie" Wednesday, May 14.

Hicksville Soccer Club News

The momentum of the intramural program continues to rise a pace. In the PeeWee Division, Maryland won a close one, 1-0 over the Minutemen, by maintaining a tight defense. Maryland's goalie J. Bungert was ably assisted by full backs G. Condrion & Z. Pfeffer, while the attack was pressed by J. Condrion, B. Muller, G. Tyranski to set up the score by S. Menzes. For the Minutemen, defensive work was handled competently by J. Murphy & G. Ansoit. The defense R. Engelhard, G. Mottola & D. Ahearn maintained pressure.

Another close game saw Mass. defeat Conn. 2-0. Scores by S. Blaustein & I. Peskowitz capped the strong footwork of G. Greenberg, M. Habersaat & P. Pisani. Conn.'s D. Stry, M. Hadl & J. Zozola were outstanding.

Later, Del. scored a decisive 3-0 victory over the Tigers while K. Rice & T. Sgaraglio maintained the shut out at goal, backs T. Kenny & A. Horowitz put the ball in position for scores by P. Ziembicki & J. Spiros.

In the days final Pee Wee game, N.H. defeated Georgia on the games only score by D. Donsky. Georgia's K. Hopkins & P. Hopkins together with B. Raphael kept the game in sight.

The Bantam division contained the only high scoring game of the day as Penna. defeated N.J. 6-2. Among the winning scores were the two reported scores by S. Thompson while N. Jersey's goal were made by T. Cusack & K. Rohan.

In the second game, N.Y. played N.C. to a 1-1 tie as L. Moore scored for N.Y. & R. Brill & J. Davidson were outstanding on defense. P. O'Reilly & J. O'Reilly on N. York's forward line sustained offensive pressure. N. Carolina's concerted attack produced a score by D. Galloway. Goalie K. Thomas helped maintain the tie assisted by fullbacks J. Egbert & J. Hanson, while the halfback line of W. Burke, S. Hughes & C. Barkus controlled midfield.

In the last game, another 1-1 tie was maintained by S. C. and the Young Lions. The S. C. Goal was scored by D. Burke on an assist by V. Christiano, both of whom were outstanding in their positions. Panza scored for Island Trees (Young Lions) on a pass from Weisdorfer. On the field, R. Gamble, Michael & Reilly led the team as LoPresti at goal helped maintain the tie.

Close games made the Midget Boys division exciting. Virginia dominated the first game over Vt. 3-1 on a "hat trick" by J.

Pejril on 3 assists by J. Morga. Opposition scoring was kept down by R. Cripps, M. Slezak & goalie M. Murry. Vermont's single goal by J. Borthwick was developed by defensive action of J. Harris & T. Sullivan.

The Atoms came alive in the second half of their game with the Legionnaires to grab a 4-2 victory. After a first half score by Lager, assisted by B. Jackson, the Atoms added 3 more in the second half by J. Thorstein (2) & J. Ryan (1). J. Barletta & D. Lubman provided defensive action. Legionnaires Soldi & Ahrens scored & kept up offensive pressure together with P. Violo. Defensive players Shane & Bartnick combined with B. Zappola at goal, to keep the game a contest.

The wind up game had R. I. win a close contest over Kentucky 1-0. J. Stafford scored assisted by S. Stafford, F. York, L. Goldstein, N. Stafford & P. Catano handled the defense. A possible tying penalty kick was saved by the R. I. Goalie to keep the shut out. Kentucky's desire was illustrated by S. Borg & D. Galloway on the forward line & M. Hopkins at fullback.

REGIONAL CUP PLAYOFF RESULTS

In the first round of Regional Cup play, the Club fared well. Our Midget Blue team defeated Huntington 2-1 on scores by A. Coiro assisted by A. Menzin and R. Zaretsky on a pass from P. Bedell. The backline was very impressive as R. Coiro & B. Hastings positioned the ball for the halfbacks E. Sakk & P. Rubins who continually fed the front line accurately. The team welcomed the return of E. Sakk after an extended absence.

Heros Coast Into 2nd Place

By Mike Squillante

Mike and Al's Heros of Hicksville moved into second place in the Levittown Men's Athletic Association tourney last Sunday in East Meadow, as they grounded the "Mean Machine" club behind the strong pitching of Al Squillante, who allowed only 3 hits in the first game. Final scores were 12-2 and 12-4 in a double win for the Heros.

Sidelineers report that "Turtle" Keegan finally ended his 13 straight hit streak - a round of applause could be heard for his

first out and ever brought a smile to his face. Hal Edelmann and Pete Swedalla hit powerhouse homers for the second place Heros.

Next Sunday, May 4, the Heros meet the "Roadrunners" who are 6-0 at this point. Action takes place at Carman Avenue field, south of Old Country Road, Hicksville, at 10 A.M. The "Roadrunners" will need a directional map, if they think they can side-swipe the compact Heros.

TOB To Celebrate Youth-in-Law Day

TOB Supervisor John W. Burke recently announced that the Town Board will formally recognize the 42nd anniversary of

New Colorless Cream Lets You

Get Rid of Gray Hair Some Of It Or All Of It

Time-lapse photographs show how gradual action
of Grecian Formula 16 lets you control just how much gray
you slowly, simply get rid of—some of it or all of it

WHITE PLAINS, N.Y.—Hundreds of thousands of men all over the country are now using a remarkable, practically clear liquid to get rid of just as much gray as they want—some of it, most of it or all of it. It is called Grecian Formula 16 and the results are simply amazing. Now Grecian Formula 16 is available in colorless cream form. It's as easy to use as hair cream. This remarkable formula works for any color hair because it combines with the natural chemistry of the hair to recreate natural-looking color. There is no mess

and no rub-off. You simply use it every day for two or three weeks until you slowly get rid of just as much gray as you want. Some of it, most of it or all of it. You are in complete control of how much gray goes or stays. Then simply use Grecian Formula 16 once a week or so to keep it that way. With Grecian Formula 16 the resulting color is so completely natural that the hair definitely does not have a dyed look. New Grecian Formula 16 colorless cream and famous Grecian Formula 16 clear liquid are now both available at

We Think They're Great!

One organization that rates high in credibility with most of us is The Salvation Army.

This Army doesn't claim to be able to save the whole world or solve all of its problems, but the men and women in Army blue do what they can do today. And pray to do better tomorrow.

They tackle hard problems and deal with difficult cases. Within the limits of its resources, The Salvation Army gives a new start in life to the down-and-out men, the alcoholics, the drug-addicts who come to it for help. And a better start in life to thousands of children who find after-school recreation, summertime camping, and year-round interest and affection at a Salvation Army corps-community center.

For their exemplary service 52 weeks of the year, we salute the officers and soldiers of The Salvation Army during their special week, May 12-18 - National Salvation Army Week.

Youth Orchestra Concert, May 11

The Long Island Youth Orchestra announces its third subscription concert of the 1974-75 series, which will take place on Sunday evening, May 11th. The concert, at Jericho High School, Cedar Swamp Road (Route 107), Jericho, begins at 8 P.M.

The Long Island Youth Orchestra is comprised of nearly 100 of the most talented teenage musicians from all over Long Island. Its conductor is Martin Dreiwitz of Sea Cliff. The orchestra, which is preparing for a 5-week tour around South America beginning at the end of June, will present a varied program consisting of the Fra Diavolo Overture by Auber, the Moldau by Smetana (conducted

by the orchestra's assistant conductor William Titus), and the symphonic suite Pictures at an Exhibition by Moussorgsky as orchestrated by Maurice Ravel. Soloist in the concert will be the orchestra's concertmaster Andrew Schaw of Huntington playing the Wieniawski Violin Concerto No. 2.

Tickets for adults \$3.00 and students \$1.00. For further information call 883-6700 weekdays, 883-2242 evenings.

Members of the orchestra from our areas are: from Hicksville: Kenneth Friedenberg, French Horn and from Plainview: Scott Hershman, Trumpet, Richard Katz, Percussion, Barry Levin, Cello, Guy Pidkameny, Bass and Tamara Schanwald, Violin.

Letters To The Editor

Dear Mrs. Noeth:

Your April 24 Editorial on the proposed Nassau County Legislature omitted one very important point.

The Legislative Plan that we will be voting on has been foisted on us, not by the State Supreme Court as you suggest, but by our supposedly cost-conscious Nassau Republican Party, led by Mr. Margiotta.

The Court has stated simply that the present system of governing Nassau County is unconstitutional, and must be replaced by a system that conforms to the current "one man, one vote" standards established by the Supreme Court. The Court did not mandate any particular plan. In fact, the specific Plan to be presented for a vote on June 10 was the work product of the Republican-dominated County Board of Supervisors.

There is much to be said for the proposed County Legislature. There is very little to be said for some of the costs and gerrymandered districts that, thanks to our Republican friends, will accompany it.

Whatever the "pros" and "cons" of the plan that will face the voters of Nassau County on June 10, let us place the responsibility for the details of the Plan where it belongs - on Mr. Margiotta, Supervisor Purcell, Supervisor Burke and the Republican Party of Nassau County.

Let us also hope that a County Legislature which is truly representative of the people will be able to effectuate future savings for the hard pressed citizens of our County.

Very truly yours,

Aaron Britvan

10th Assembly District

Editor's Note: In all sincerity we suggest that you and your Democratic cohorts, who have pressed hard for this type of government, join with the Republicans and come up with a division of this County acceptable to the Courts, AND TO THE TAXPAYERS.

To the Taxpayers of Hicksville.

SUPREME COURT OF THE STATE OF NEW YORK, NASSAU COUNTY.

PATRICIA C. KELLER PLIFF, vs JOHN T. KELLER Def't., Index No. 4205 75, Pliff., designates Nassau County as the place of trial. SUMMONS: The basis of venue is Pliff's residence in Nassau County, New York State.

ACTION FOR DIVORCE. TO THE ABOVE NAMED DEFENDANT: You are hereby summoned to serve a notice of appearance on the plaintiff's attorney within 20 days after the service of this summons, exclusive of the date of service (or within 30 days after the service is complete, if this summons is not personally delivered to you within the State of New York); and in case of your failure to appear, judgment will be taken against you by default for the relief demanded in the notice set forth below. Dated: Dec. 27, 1974.

LEWIS & LEWIS Esqs. Atty's. for Pliff., 16 Court St., B'klyn., N.Y.

TO THE ABOVE NAMED DEFENDANT: The foregoing summons is served upon you by publication pursuant to an order by HON. PAUL KELLY, a Justice of the Supreme Court, of the State of New York, Dated April 15, 1975, and filed with the supporting papers in the office of the clerk of Nassau County. The object of this action is for divorce on the grounds of abandonment.

First, let me thank those who saw fit to support me in my recent attempt to gain a seat on our Library Board as a trustee. Good luck to all, and especially to my advisory Mr. E. Bean, and our Library.

I feel I have no reason to apologize for anything I said, since I happen to be only advancing my convictions. As for those that made light of my apologizing when I misquoted one part of the auditors report, I have only this to say, "Since when is it a sin to apologize. It only proves that I am man enough to correct my mistakes publicly." As for the future, I will now become an active party to our Library, as I have always been in the past concerning the School Board.

In closing, let me say, never once did I say we did not have a good Library. What I did state was, that I felt there were certain aspects involved in the operation of our Library that were and are contrary to rules laid down by New York State Auditors Report.

In reference to Mrs. C. Wolf, maybe I should apologize for them. As for the other ladies, for your information, I used the latest audit report available. I am sure you are aware they have no set time for any given audit, for good reason.

To all you good people in Hicksville, may I say finally, may your success in life be surpassed only by your personal happiness.

Rueal J. Jackson

Dear Mrs. Noeth:
The Oyster Bay Town Board

presently has under consideration a proposed amendment to the Town Code of Ordinances which would, for the first time, establish standards openings or excavations to the owners of record of all property located within 500 feet of the work governing the granting of permits for making curb cuts, street openings, or other excavations in streets, highways or sidewalks. As the proposed amendment reads, the Superintendent of Highways may issue such a permit only when he finds, among other things, that the operation will not unreasonably interfere with vehicular or pedestrian traffic or with access to properties adjacent to the worksite, and that the health, welfare and safety of the public will not be unreasonably impaired.

As far as it goes, the proposed amendment makes a good deal of sense.

In my opinion the proposed amendment does not go quite far enough. The Superintendent of Highways will have standards to guide his decision. However, in making such decision, he will not necessarily have the benefit of the views of those who are in the best position to know whether the work will meet the newly established standards. I refer, of course, to the owners of adjacent and other nearby property.

As I suggested to the Town Board, a provision should be added to the proposed amendment which would require the

Contest At Old Bethpage Village

A marble shooting contest is being added as a special feature to the Children's games Weekends already underway at the Old Bethpage village restoration. To be held on three consecutive Saturday afternoons, May 10, 17 and 24, at 2:00 p.m., the contest will culminate with blue ribbon finalists competing for the village championship on May 31.

Same-day registration for entrants will take place at the site of play, in front of the Noon Inn located at the village crossroads.

All visitors to the village, young and old, girl and boy, moms, dads and grandparents, will be encouraged to enter and try their skill and luck at "Ringer," a circular marble game historically known as "Ring Taw."

The object of the game is for contestants to shoot target marbles out of a 5-foot circle

while keeping their shooter within that circle. Competing in groups of up to six contestants, the first player to shoot out seven marbles will be declared winner of the round and awarded a coveted blue ribbon. Contestants should provide their own favorite shooter, which may be an "aggie" or a "glassie," but not a "steelie," however shooters will be available to all marble enthusiasts who care to enter. Rules of play will be stated by the referee prior to the start of each round and will closely follow those established by the National Marbles Tournament.

All blue ribbon finalists will be invited to return on Saturday, May 31, when play-off rounds will be scheduled. Finalists will receive a copy of "The Great American Marble book" written by Fred Ferretti will judge the play-offs. In addition, the grand champion will be awarded a ten

dollar gift certificate redeemable at the Village Gift Shop.

The revival of marbles at the Old Bethpage village restoration will stir many memories for those whose childhood included scraped knees, sore knuckles and torn pants as they battled for the neighborhood championship.

In this day and age of equality between the sexes, this "open-to-everyone" marble contest at Old Bethpage could provide some very interesting results. But, more importantly, the children who participate will then join the long historic line of marble players which includes Thomas Jefferson and Abraham Lincoln.

Old Bethpage village restoration, a restored pre-Civil War farming community, is operated by the Nassau County Department of Recreation and Parks. It is located on Round Swamp Road, south of Long Island Expressway Exit 48.

Turn Meat Loaf Into a Double Delight

Twin meat loaves are a double delight. Cap one with hot mushroom sauce; serve up its twin with a cold olive topping.

NEW YORK (ED) Meat loaf is one of those old family standbys that appears in every good cook's collection of favorite recipes. But (admit it) meat loaf *does* get boring. There's a sameness to it and a pervasive aura of budget-consciousness that just doesn't do justice to its potential for savory goodness.

One way to make meat loaf more than "just meat loaf" is to make more than one. Meat loaf twins offer a choice of sauces that change everyday flavor into something special. As a matter of fact, meat loaf twins would be ideal fare for a buffet party. Cook it now and serve it later to the accompaniment of assorted antipasto, made up of Italian specialties like artichoke hearts, mushroom salad, olives, roasted peppers and eggplant caponata. All are available (no preparation needed) in the ethnic section of the supermarket.

MEAT LOAF OREGANO

- 2½ lbs. ground beef, veal and pork
- 2 eggs
- 2 Tbsps. chopped parsley
- 1 Tbsp. olive oil
- ½ cup Italian flavored bread crumbs
- 2 tssps. lemon juice
- salt and pepper
- 1 tsp. oregano
- 1 clove garlic, minced

Hors d'oeuvre (pronounced or-DEEV) originally meant "outside of the work," now it means food served outside of the meal.

Beer Gives Stew Special Flavor

Flemish Beef Stew

In recent years more and more Americans have been cooking with wine, but, like everything else, the price of wine has gone up. Beer, too, can enhance the flavor-in food, as well as with food. Here is an easy version of Carboneades a la Flamande, probably Belgium's most famous dish.

- 6 slices lean bacon, diced
- 3 lbs. boneless, chuck, round or rump, cut into 1 inch cubes
- ¼ cup of water
- 3 or 4 large onions, sliced
- 1 clove of garlic
- 1 12 oz. bottle or can of beer
- 1 bouillon cube
- salt, pepper
- 1 teaspoon dried oregano

1. Sauté bacon until crisp, remove, drain and place in flame-proof casserole.
2. Brown beef cubes on all sides in remaining fat.
3. Add beef and onions in alternating layers to casserole.
4. Add water to skillet and scrape up brown glaze. Add to casserole.
5. Add other ingredients and cook covered in 350 degree oven until meat is tender, or simmer on top of stove 1½ to 2 hours. Add more water, if needed.
6. If you wish to thicken sauce, add two tablespoons of butter creamed together with two tablespoons of flour and cook on top of stove for a few minutes. Serves 6. Freezes well.

THE FAMILY LAWYER

Waterskiing And The Law

The growing popularity of waterskiing has led to an increase in the number of accidents—and an increase also in the number of lawsuits. What are the basic legal rules that apply?

To begin with, the person piloting the towboat must exercise the special care called for by this particular sport. Consider a case:

A man towing a youthful skier showed his boat, allowing slack to develop in the rope. Suddenly, he shoved the throttle to FULL SPEED AHEAD. The boat leaped forward and threw the skier into the water, causing him to suffer a painful injury.

In a court hearing afterward, the boatman was ordered to pay substantial damages. The court said he should have foreseen the likely consequences of his sudden acceleration.

Responsibility rests too on other persons who happen to be boating in the vicinity. For example:

A man in a speedboat kept following right behind a young woman on skis. When she lost her balance and fell in his path, the speedboat ran her down.

This man likewise was held liable later in court. The judge said he had negligently created an extra hazard for the skier.

Of course, the skier is well obliged not to take needless chances. In another case a man on water skis was well aware that another boat was moving nearby. On an impulse he tried to cut across the wake of his towboat. But he capsized directly in front of the second boat, which dealt him a fatal blow.

In the litigation which followed, the court held that the victim himself had been guilty of negligence. He should have shown better judgment, said the court, than to undertake a dangerous maneuver with another boat in the immediate offing.

Q. My stamp-collecting neighbor may not be so nutty as I thought. He recently told me that his collection had just been appraised for over \$5,000! When I asked him if it was insured he said that it was covered under his homeowners insurance policy. Is it?

A. Yes it is, but only for a portion of what he says it is worth. He should check to see just how much of it is covered in case of a loss.

If he is not covered for full value of his stamp collection, then additional coverage may be added. Without it, your stamp friend may take a licking.

Improve Gas Mileage

It's all very well to talk about car pools, public transportation and the healthy joys of cycling as ways to conserve gasoline and energy. But lots of Long Islanders can only get to where they have to go by using their own private automobiles. If you're one of them, here are some tips that will save you gas and money and give you a better performing car as a byproduct.

Slow down. Excessive speed is the greatest waster of gasoline. For best mileage, do not exceed 50 mph, even though an empty thoroughway beckons (In many areas the 55 mph speed limit is strictly enforced).

Start smoothly. Jumpy starts and fast getaways can burn over 50% more gas than normal acceleration.

Turn off your engine if you stop more than a minute. Restarting uses less gasoline than a minute's idling.

Don't be a jerk. Learn to drive as smoothly and steadily as traffic and road conditions allow.

Limit the use of air conditioners and other fuel-consuming accessories.

Check your tire pressure regularly. If it is too low, it increases tire wear and reduces gasoline mileage.

Check your tires for proper alignment. If they are out of alignment, they will wear excessively and mileage will drop.

Check with your mechanic if you get a sudden drop in gasoline mileage. Trouble is brewing and the sooner you have it fixed, the less it is likely to cost you.

Don't knock it. Knocking decreases power and fuel economy and can lead to serious engine damage. Most common cause is use of a gasoline with too low an octane rating for your car.

Before you buy a new car or a used car, ask the dealer how many miles per gallon you can expect. Gas gobs are going out of style.

YOUR GARDEN

MULCH MAKES IT MUCH BETTER

One of the best aids to wood-free, easy gardening is shredded hardwood bark. The organic materials, in fact, as well as boron, calcium and other important elements, provide a highly desirable growing medium for your plants.

Available at lawn and garden centers, where it's sold under the name Paygro, hardwood bark mulch protects the topsoil, conserves moisture and prevents soil erosion. It can be used around the roots of plants to aid in weed control and protect the root systems during the winter months.

The use of hardwood bark products as a lawn border provides a much neater looking lawn. Since the mulch aids in weed control, lawn borders can easily be kept crisp and clean.

Over 75 percent of this mulch comes from oak, ash and hickory, plus varieties of sweet gum, cottonwood and elm trees.

The interlacing of the shredded bark tendrils forms an almost strawlike mat that won't blow away during heavy wind or rain storms.

This mulch can be spread on a 45 degree slope with an ability to stay in place which makes it a much wiser investment dollar-wise than peat or pine chips. And it does not have to be replaced every year.

Hardwood bark mulch is free of chemical elements

that might be harmful to children or pets. And the substance is soft enough so there's no chance of damage to a rotary mower.

There's an environmental bonus, too. In years past, tons and tons of bark stripped from logs for pulp and

paper-making had to be burned or buried. But Mead Corporation, one of the country's leading paper companies, decided to put this waste product to good use. It developed techniques for shredding bark to the right consistency and for controlling moisture content. The result was Paygro, which has met with widespread gardening success.

Here are three important tips on how to use mulch:

1. Apply mulch about one to four inches deep.
2. It's best to apply it in the spring for summer water retention, and then reapply it in the fall for root protection.
3. For roses, especially, but for other garden plants as well, mulch should be applied to the soil to provide a more uniform temperature.

Today's Logic

By James W. Phelps
LET'S GIVE ALASKA BACK TO RUSSIA

What? You don't think that's a very good idea? We only paid Russia about two cents an acre back in 1867. We practically stole it.

Well, then, how about giving

Louisiana back to France? The Louisiana Territory cost us less than a tenth of a cent an acre when we bought it from Napoleon in 1803.

No? You think I'm off my rocker?

Let me try once more. How about giving the Panama Canal Zone back to Panama? It has only cost us about six billion

dollars.

I hope you disagree with this suggestion, too—but how do your U.S. Senators feel about it?

Preposterous as this last suggestion seems to most Americans, our State Department has been negotiating with Panama to give the Canal Zone back to them—and over half of our U.S. Senators agree.

Why? Because Panama wants it back.

Maybe we should check with Russia and France to see if they want Alaska and Louisiana back, too.

We paid for Alaska. We paid for the Louisiana Territory. And we paid for the Panama Canal Zone. They all belong to the United States of America.

The Canal Zone was tropical swampland when we bought. We

built the Canal with U.S. taxpayers' dollars and we have run it fairly, on a nonprofit basis, for all nations that want to use it.

Since we don't make any profit from the operation of the Canal, it may not seem important whether we keep it or not.

The importance lies in the fact that the Canal must be kept open for the benefit of all the nations of the world. We would continue to do so, but would Panama?

To give the Canal to the unstable, left-leaning government of Panama could result in communist control in the near future.

If it did, would the communists run it as fairly as we have? If not, would they give it back to us if we were unhappy with the deal?

Not a chance. So let's not be so stupid as to give it away now.

"Mobilization For Survival"

Nearly 200 Nassau communities, synagogues, and other communal organizations are recruiting volunteers as the county's part in "Mobilization for Survival" that will reach a climax on Sunday, May 18th, according to Abner Levine, of Lawrence, Mobilization chairman for Long Island.

The "Mobilization for Survival" is expected to bring millions of dollars in contributions to support humanitarian agencies serving needy and imperilled Jews in Israel and 24 other countries as well as the aged, poor, and troubled in local communities here.

Nassau Jewish leaders feel that this is a period of extraordinary danger and distress for many Jews overseas and of growing hardship for many here at home, and that extraordinary philanthropic action is necessary. The "Mobilization for Survival", through the United Jewish Appeal and Federation of Jewish Philanthropies Joint Campaign, aims to bring the full resources of

the area's Jewish community to bear in the biggest one-day fund-raising effort it has ever attempted. This will be on "Survival Sunday", May 18.

On that day, more than 5,000 volunteers in the metropolitan area will call on at least 50,000 prospective contributors. They will work from 100 "Survival Centers" set up in synagogues and other communal institutions. Mr. Levine estimated that some 2,000 volunteers will be enlisted in Nassau County.

In the evening of May 18, hundreds of fund-raising parties will be held in private homes throughout Nassau County, coinciding with a four-hour television special broadcast by WPIX-TV (Channel 11).

The personal solicitations by volunteers, the home parties, and the general public response to the television appeal are expected to meet a Mobilization goal for the metropolitan area of at least 100,000 contributions in a single day. (Picture on Page one, Plainview Edition).

Counseling Available

A long-time Hicksville resident Ms. Gail Cote, announces that Birthright of Nassau - Suffolk, a 24-hour pregnancy counseling service, is holding an Open House on Wednesday, May 7, from 11 a.m. to 4 p.m., at its newly opened offices located at 1839 Wantagh Avenue, Wantagh. Refreshments will be served.

Birthright of Nassau - Suffolk - one of 600 pregnancy counseling services throughout the U.S. and Canada - is staffed entirely by volunteers and offers free pregnancy tests; free or reasonable medical care;

housing and clothing to any woman distressed by her pregnancy.

It is a non-sectarian, non-political organization and can be reached ANYTIME at 785-4070.

Salvation Army emergency and disaster services assist more than a half-million people in the U.S. in an average year.

The Salvation Army visited more than 145,000 inmates in correctional institutions last year, and aided over 16,000 released prisoners and families of prisoners.

ONE-TO-ONE CAR-NIVAL: Like to bop your favorite teacher with a pie ... and get away with it? Well, that's one of the things students got a chance to do at last Saturday's "One-To-One Carnival" held at Plainview-Old Bethpage High School.

The way it worked was that a bid of "X" amount of money was started by a carnival worker and then the students took over the bidding with the highest bidder getting to throw the pies.

The highest bidder in the sequence of pictures above was Kevin Bagnasco, a senior at Plainview High, and the recipients (the only polite word that fits) were Mr. Fred Alexander (business ed. teacher) and Mrs. Aletha Alexander (Assistant Principal). However, it was all in fun, as the bottom picture shows, and the fun helped raise money for a good cause. (Photos by ROBERT BERKOWITZ)

GRECIAN FORMULA 16

Gets Rid of Gray Hair Some of it or all of it

Time-lapse photographs show how gradual action of Grecian Formula 16 lets you control just how much gray you slowly get rid of - some of it or all of it.

White Plains, N.Y. — Hundreds of thousands of men all over the country are now using a remarkable product to control just how much gray they slowly get rid of. It is called Grecian Formula 16 and the results are simply amazing. Grecian Formula 16 is a practically clear liquid, as easy to use as hair tonic. This remarkable formula works for any color hair because it combines with the natural chemistry of the hair to recreate natural-looking color. There is no mess and no rub-off. You simply use it every day for two or three weeks until you slowly get rid of

just as much gray as you want. Some of it, most of it or all of it. You can stop where you like. You are in complete control of how much gray goes or stays. Once you get rid of as much gray as you want, simply use Grecian Formula once a week or so to keep it that way. Since Grecian Formula 16 works gradually over a period of time, even close friends won't notice the change happening. The resulting color is so completely natural that the hair definitely does not have a dyed look. Grecian Formula 16

At The County Supervisors Meeting

BY BILL MAIRS

County Executive Ralph G. Caso and the members of the Nassau County Board of Supervisors welcomed the high school students who will fill the roles of the Board during the 42nd annual Career Day on May 1 to the regular April 27th meeting of the Board. The youth members who will hold a mock Board meeting as part of the much lauded program which is designed to give outstanding Nassau students a working view of County government, are Michael Furman, Merrick, County Executive, Fred Brewington, Malverne, Presiding Supervisor, Hempstead, Jeremy Thau, Baldwin, Supervisor, Hempstead, Brian Rice, New Hyde Park, Supervisor No. Hempstead, Margo Sokol, Syosset, Supervisor, Oyster Bay, Vicky Polk, Glen Cove Supervisor, Glen Cove and Larry Richman, Long Beach, Supervisor, Long Beach.

The young would-be public officials had the opportunity to observe a full range of businesses the Board passed on a calendar which ranged from the confirmation of a new District Court Judge, Richard Furlong of Manhasset, to the approval of a resolution which approved an application for a \$600,000 transit operating subsidy from the Federal Urban Mass Transit Administration.

The Board also heard CSEA President Irving Flamenbaum and other civil service employee representatives address the issue of wage increases for CSEA represented County employees. Mrs. Doris Kasner, East Meadow, head of the Nassau County Medical Center CSEA unit, deplored what she described as "the divide and conquer tactics" which she said the Board used in dealing with the PBA and the faculty of Nassau Community College, on the one hand and the CSEA on the other. Mrs. Kasner said that as a taxpayer she had seen her taxes rise from \$345 to \$1030 annually and her income change from being a supplementary salary to a necessary means of meeting the cost of

living. "To paraphrase George Orwell, it appears that while all civil servants are equal, some are more equal than others," declared Mrs. Kasner.

Mr. Flamenbaum asserted that if Mr. Caso would send a representative to his office, Mr. Flamenbaum would prove that there were at least \$25,500,000 available to the County which were not reflected in the budget. Mr. Flamenbaum broke this figure down as 16 million in the general fund, 4 million in the hospital fund and five and one-half million from the budgets of eleven County Departments. Mr. Flamenbaum also charged that there were at least two instances where department heads had their budget requests increased rather than reduced, a situation which he described as "unheard of for municipal government."

Mr. Caso denied Mr. Flamenbaum's assertions and challenged him to prove his contention, saying that if Flamenbaum did so, "I will fire my fiscal expert and give you his job." Caso also pointed out every civil service raise had an additional 5 percent built in because of the increment provided by law. "The 4 percent raise offered by the County is really a 9 percent raise," Mr. Caso pointed out. When Flamenbaum disputed that statement, Mr. Caso retorted, "What do you mean it's not a raise? It's money, isn't it?"

Responding to a statement by Mr. Flamenbaum that the County government had not abided by an understanding that negotiations would "not be conducted in the press and radio", Hempstead Presiding Supervisor Francis T. Purcell told Mr. Flamenbaum that he was "overreacting" to newspaper accounts of a reported decision by the Board to grant CSEA a 6 percent-7 percent raise. "The Board has made no decision," said Mr. Purcell.

Matthew Bonora, Democratic candidate for Hempstead Presiding Supervisor read an open letter to Easa Easa, General Manager of Nassau Downs OTB in which he proposed that OTB offices be opened in

Long Island RR stations. Bonora's statement said that his plan would eliminate community objections, produce increased revenue for OTB from commuters and midday users of the facilities around railroad stations and also produce additional traffic for merchants. Hempstead Supervisor, Alphonse D'Amato disputed Bonora's proposal and pointed out that most railroad stations in Hempstead were either on ground level and had no area for constructing an OTB parlor or were lacking in adequate parking facilities. Prior to reading his prepared statement, Bonora charged that there were 18 unsolved murder cases in Nassau County due to what he termed "budget interference" with the Police Department in refusing to pay overtime to detectives. Mr. Caso termed Bonora's charge "irresponsible" and declared that he was "appalled" that a professional law enforcement man would make such a wild charge.

Earlier in the meeting, a number of representatives of the construction industry led by David Richardson, Secretary of the Long Island Building Trades Council urged the Board to help alleviate the serious unemployment conditions in the construction industry on Long Island. Richardson told the Board that there was 20 percent unemployment in the industry and that in some trades the rate reached 40 percent. He reminded the Board that this was a good time to do construction work because bids were coming in below cost estimates. Richardson asked the Board to unblock the \$4 million Federal office building set for Mitchell Field and to get on with senior citizen housing at Mitchell Park. In response, Caso said that as soon as he heard from Congressman John W. Wyder on the Federal project, he would go to Washington to press the case. Caso asked Richardson and other industry leaders to plan to go with him to support his efforts with the Federal authorities.

B.I.M. were overwhelming with Tom McCann pitching the first three innings and striking out six. Lee Meehan finished strong with four strike-outs. John Kneisel big bat contributed two hits including a triple which were worth five RBIs. Mike Hannigan showed the way with three singles. Team played errorless ball with Bill Higgins showing good glove at first base.

Hardee's had a big loss in spite of two strong innings of relief pitching by Ted Stry allowing only one unearned run. Charles Virga, Paul Heller, and Frank Benvenuto had all the hits, with Benvenuto's being a bases loaded triple. Mike Stankowitz made a nice catch to save a run.

Circle Texaco opened the 1975 Little League season with a 12 to 6 win over Maltese. Kevin Malone and John Autolino combined to pitch a no-hitter against Maltese. Malone and Autolino were also the hitting stars for Circle Texaco, Malone hitting a three run homer and a double, and Autolino going three for three.

Firestone defeated Cotten-Lillian by the score of 6-4 in their opener. Firestone's Steve Rokito struck out five batters in three innings. Frank Macchio of Cotten-Lillian hit a homer and triple for the losers.

On April 26, Circle Texaco edged Maltese 4-3. Texaco's Dennis Woessner and Kevin Malone each pitched three strong innings. Bobby Russo and Vic DiBenedetto were the hitting stars for the winners. Jack Schiff made a sparkling game ending play to preserve the win for Circle Texaco. Although they lost, Richard DePalma and Scott Madine both pitched excellent ball for Maltese. Glenn Madine led the team with two hits.

The game between Firestone and Cotten-Lillian was rained out and will be played at a later date.

Major Development in Women's Haircoloring.

Get Rid Of Gray Hair Some Of It Or All Of It

Time-lapse photographs show how gradual action of Lady Grecian Formula lets you control just how much gray you slowly get rid of—some of it or all of it.

WHITE PLAINS, N.Y. (Special)—Thousands of women all over the country are discovering a remarkable new product specially developed and tested for women's hair. It not only takes the guesswork out of hair coloring but also eliminates the gray roots problem that has for years been a thorn in the side of all women who color their hair. Lady Grecian Formula is not a dark messy dye. It is a colorless liquid as easy to use as water. There is no mess, no complicated instructions, no

strand tests, no clock watching. Simply brush Lady Grecian Formula through your hair every day and you will see the gray slowly fade away. You are in complete control. You can get rid of as much gray as you want—some of it, or all of it. When your hair reaches just the lovely natural-looking color you want, weekly use thereafter is all that's necessary to keep your hair just the way you want it with no gray roots problem ever. Lady Grecian Formula is available now at:

At Human Resources Center

The Human Resources Center, founded in 1952 by rehabilitation pioneer, Henry Viscardi, Jr., consists of the Human Resources School offering tuition-free education to 216 disabled youngsters from infancy through senior high, a Research and Training Institute conducting demonstration placement programs and applied research

in special education and bio-mechanics and the Abilities Inc. demonstration work facility. Mother's Day, Sunday, May 11, will be enlivened at Long Island's only indoor Antique Flea Market and Sale at the Human Resources Center in Albertson. There will be an unprecedented array of unusual and decorative antiques that will be on sale to the general

public from 10:30 a.m. on. Admission to the Flea Market is \$1.50, children \$.75, reduced by a quarter with a discount card. Proceeds will go towards the Center's programs of education and employment for disabled children and adults. The Center is located on the corner of I.U. Willets Rd. and Seeringtown Rd., Albertson.

HHS ALUMNI

(Continued from Page 1)

Association sponsors every June. Mr. Roberts has always given more of himself than was called for, and in this small way, the Alumni Association wishes to say "Thank you, Bill."

The Alumni Association is also sponsoring its Annual Spring Dance on May 3. This year the dance will be held at the American Legion Hall. There will be dancing from 9 P.M. to 2 A.M., a hot buffet, and unlimited drinks. Tickets are \$12.50 per person and can be purchased at Holden's Stationery Store on Broadway.

LETTERS TO THE EDITOR

(Continued from Page 9)

Superintendent of Highways to give written notice of the proposed curb cuts, street site and would further require him to invite such property

owners to advise in writing of any facts in their possession bearing on the question of whether the regulatory standards are met.

I am not suggesting that the Superintendent hold a formal hearing before issuing or denying a permit. This would obviously be neither practicable nor desirable. What I am suggesting is that the amended ordinance be drafted so as to give local property owners some opportunity to be heard and to maximize the chances that the Superintendent's decision respecting any such permit will be made on the basis of all available information.

There is a tremendous sense of frustration, of helplessness, in

situations involving excavation work on local streets. You wake up one morning, look out of your window ... and there are six bulldozers chewing up your azalea beds. You have been given no prior warning, no prior notice, no prior opportunity to make your views known (or to safeguard your azalea bushes). By further amending the proposed regulation as I have suggested above, our Town fathers can help bring an end to these frustrations and restore public confidence in the orderly process of local government.

Very truly yours,
Michael Polansky

Get Rid of Gray Hair Some of it or all of it

Time-lapse photographs show how gradual action of Grecian Formula 16 lets you control just how much gray you slowly get rid of - some of it or all of it.

White Plains, N.Y. — Hundreds of thousands of men all over the country are now using a remarkable product to control just how much gray they slowly get rid of. It is called Grecian Formula 16 and the results are simply amazing. Grecian Formula 16 is a practically clear liquid, as easy to use as hair tonic. This remarkable formula works for any color hair because it combines with the natural chemistry of the hair to recreate natural-looking color. There is no mess and no rub-off. You simply use it every day for two or three weeks until you slowly get rid of

just as much gray as you want. Some of it, most of it or all of it. You can stop where you like. You are in complete control of how much gray goes or stays. Once you get rid of as much gray as you want, simply use Grecian Formula once a week or so to keep it that way. Since Grecian Formula 16 works gradually over a period of time, even close friends won't notice the change happening. The resulting color is so completely natural that the hair definitely does not have a dyed look. Grecian Formula 16 is available at

Music Students In Festival

One hundred and sixty-eight Plainview Old Bethpage music students will be participating in the N.Y.S. School Music Association 1975 Spring Solo and Ensemble Festival to be held May 9 and 10 at the Bethpage High School. As participants in this festival, these students will audition before professional adjudicators. Their performance music is selected from a manual of approved and grade musical selections for all instruments. Part of their audition also in-

cludes scales and sight reading requested by their judge. At the conclusion of their audition they will receive a rating which includes the grade of music they performed along with a written critique offering constructive criticism on their entire performance. This activity is urged by the Plainview-Old Bethpage music department for secondary students as a motivating and challenging experience toward the development of individual talent.

TOWN BOARD

(Continued from Page 3)
group voiced unanimous support for the granting of the petition.

Mr. Gilbert Lewis, a Director of the Chamber of Commerce stated that such an addition to the community would only enhance the overall business and commercial qualifications of the town.

Mr. Rudolph Ziegler presented a petition on behalf of the residents on Belaire Drive to the Board. The neighboring residents were concerned over debris, and noise and air pollution. They wanted some form of guarantee that their rights were not to be denied.

Mr. Jack Goldman resides immediate to the proposed site and offered testimony to the fact that no permanent fence was erected to separate properties, summons had been issued on more than one occasion because of the debris accumulation and in closing suggested the highest possible fence be erected. He was opposed to the granting.

The Hearing on Item No. 1 was closed and Decision Reserved at 11:29.

The second item on the agenda was a hearing to consider the establishment of the Northeast

Farmingdale Water Supply District.

The requirement for the new water district became apparent after a survey established that there were certain areas that were supplied with an insufficient amount of pressure and that in the event of a fire the recommended fire flow could not be attained.

The Superintendent of Public Works and the Consulting Engineer for the Village of Farmingdale were present to answer any and all questions pertaining to the Hearing.

The hearing on Item No. 2 was Closed and the Decision Reserved.

A recess was called at the conclusion at 11:40.

Students Visit Bank

Ms. Betty Cassaro and several of her students from the Lexington School for the deaf visited the main office of the Long Island Savings Bank, in Long Island City.

Each year students from the Lexington School visit the Bank so they may acquaint themselves

with the operations of the Bank and the various departments including the computer center.

This annual visit is always a delightful and interesting visit for the youngsters and a rewarding experience for the employees of the Long Island Savings Bank.

Get rid of gray hair some of it or all of it

Time-lapse photographs show how gradual action of Grecian Formula 16 lets you control just how much gray you slowly get rid of... some of it or all of it.

White Plains, N.Y. — Hundreds of thousands of men all over the country are now using a remarkable product to control just how much gray they slowly get rid of. It is called Grecian Formula 16 and the results are simply amazing. Grecian Formula 16 is a practically clear liquid, as easy to use as hair tonic. This remarkable formula works for any color hair because it combines with the natural chemistry of the hair to recreate natural-looking color. There is no mess and no rub-off. You simply use it every day for two or three weeks until you slowly get rid of just as

much gray as you want. Some of it, most of it or all of it. You can stop where you like. You are in complete control of how much gray goes or stays. Once you get rid of as much gray as you want, simply use Grecian Formula once a week or so to keep it that way. Since Grecian Formula 16 works gradually over a period of time, even close friends won't notice the change happening. The resulting color is so completely natural that the hair definitely does not have a dyed look. Grecian Formula 16 is available at

THE POWER OF IMPOSSIBILITY

One of our confirmands recently wrote in a paper, "Because you are a Christian, you have the power of God, so you have the power of impossibility." The "power of impossibility," what an interesting concept. All of us at one time or another have sought to do the impossible. Some have even succeeded.

Unfortunately, doing the impossible happens too infrequently for most of us. Yet, I believe it can become a regular occurrence. Yes, it can happen frequently for the Christian when he first believes in the power of God and then appropriates that power into his life.

What problems are you facing today? Let's see how we might solve them with God's help. Begin by writing them down. This is very important. If you need a second piece of paper, use it. Include the tough ones too: lack of confidence, timeliness, stealing from the job. Now group them according to their importance. When solved which ones will give you the most peace of mind and renewed joy? You might list them under the headings, "Critical," "Very Important," "Important." I am sure that many you list under the "Critical" column will seem impossible to solve by every human standard. But wait, the Christian has the power of God to bring to bear on the situation. In other words he has the power of impossibility.

Now choose one from your "Critical" list. It can even be that really big one. Each day find ten to fifteen minutes when you can be alone. First picture your problem in your mind. Visualize all its ramifications. Next invite

God to stand by you as both of you consider the situation. Discuss the alternatives with Him. Be sure to listen to what He has to say. Now ask God for the power of impossibility to solve your problem.

Two other important things must be mentioned. First, you've gotta believe God can help you do the impossible. Second, you must understand that He's not going to help you solve something in a sinful manner. He won't encourage you to buy a gun to be

used on yourself or some other seemingly deserving person. If this seems to be your answer, you must listen harder.

Be sure to thank God for the solution you will receive. Do it immediately, it shows faith. Move in this way from one problem to another, one list to the next. If you get bogged down on one, continue to work on it a little each day as you tackle another. Before long, you will find doing the impossible a daily occurrence.
