William Bruno

I am completing my 6th year on the Board of Education. I have been for realistic raises and a foe of featherbedding.

In the past, 4 years ago I was sent into Negotiations at the 22nd meeting of Teachers and Administrators Negotiating for the Board Majority (L.I.F.E.). I proved to the teachers we meant what we promised - Intelligent Financing in Education. The got the message - settled for 4.4% raise, or \$200,000 for 3 years. As chairman of Mr. Muratore's Budget Committee - we gave you a \$500,000 reduction in the superintendent of school's "Bare Bones Budget" to keep our campaign pledge. The following year we gave you only a \$1717,000 increase - with inflation and negotiation of all labor groups,

I have been a Hicksville resident for the past 23 years and have been privileged to have served the children, parents, and our community, for 20 of these years. I have had one child attend our schools from second grade through graduation and presently have one grandchild attending our schools and the second one will be attending in two and one half years. In the course of serving the district as Supervisor of Health Services (20 years) and Home Instruction (the past 10 years or more) it has been the privilege of my staff and I to also serve the pupils and faculty of the (5) Parochial Schools located within the Hicksville community. It is my wish to bring my experience, expertise, and any talents I may have, to the schools through working with the Board of Education and the community for the betterment of our school program, hopefully with consideration of our present economy, and within reason. We must of necessity, PRESERVE and pay for that which is best for children without either too stringent or too liberal spending. However, it is a fact that many items have increased in cost 300-400 percent, items over which the district has no price control. Because of economics, perhaps there exists a temptation to feel that we must operate within a very stringent budget or too liberal spending, either of which may not ensure good education. Fair and impartial employment practices must also be considered an integral part of education as the welfare of the entire school family is reflected in the performance of their duties, and may result in positive or negative results in terms of education. Each facet of school management must be considered in its appropriate set of circumstances at the time of reviewing and/or establishing policy; with the ever present realization of what the effects may be upon provision of quality education for all children.

5A - My candidacy to continue serving you and your children, hopefully will convey my appreciation for the past twenty years I have enjoyed as a district employee.

We reduced teacher staff by 50 - and wanted to eliminate 4 unneeded elementary assistant principals. Our opponents kept them in. Their "featherbedding" will cost you on this issue alone \$375,000.

In just 2 years school budget increased more than 5.2 million dollars. I urge you to vote NO on the budget and support a taxpayers budget before September 1. If you want to save your homes I urge you to vote Row A.

Hicksville SEPTA Installs

President: Sister Alphonse Louise, St. Ignatius Loyola Convent, Vice-President: Mrs. Imogene Harty, 79 Sixth Street, Secretary: and Irwin Dunayer, 114 Haverford Road, Treasurer.

The major concern of the Hicksville SEPTA at this time is to procure summer transportation for handicapped children so that those who need them can attend various special programs. Propositions 2 and 3 on the School District 17 budget vote scheduled for June 4 both contain funds for this transportation. Proposition 1 does not contain such funds.

President Sauerland urges a favorable vote on one of the transportation propositions. "Those who prefer Proposition 2 should vote yes on it," he says. "However, those who honestly favor Proposition 3 should vote yes on both 2 and 3 so that at least one of them carries. Otherwise, there is a risk that both may be lost."

The original "no" vote on the current school budget deprived handicapped children of transportation last summer. SEPTA hopes that the voters will not allow this situation to occur again.

Power Test moved into first place this week winning 2 games, the first over British Int'l Motors with a score of 10-8, the other over Goldman Bros. with a score of 5-3. In the first game with BIM Chris Martin pitched 3 strong innings, striking out 5 and giving up only 2 runs on 2 hits. Ken Busch pitched the last 3 innings, striking out 4 and allowing 6 runs on 7 hits. Chris Martin was the big bat for Power Test with 4 hits, 2 singles, a double and a deep centerfield homer for 3 RBI's. Mike Game drove in 2 runs with a hit along the third baseline. Ken Busch lined a 2-bagger to drive in 2 runs. Good solid clutch hit by Fred Passione driving in 2 runs in the big third inning. Other Hits by Brian Fulgram, John Bradley and Anthony Valle combined to win over BIM.

For British Int'l Motors, Steve Hayes pitched 2 strong innings until he ran into trouble in the bottom of the third inning. Lee Meehan had 2 big hits, including a triple. Billy Higgins and Steve Hayes each contributed 2 hits. Lee Meehan made several fine plays at second base.

In the second game Goldman Bros. lost their chance for a tie and a play off with Power Test as Chris Martin and Bob Strack combined to pitch 6 strong innings, striking out 7 to stop the Goldman bats. Ken Busch's

grand slam and Chris Martin's home run were the 5 runs for Power Test. Good fielding by Anthony Valle, Brian Fulgram, Tim Loeffler, Karl Schweitzer and Bob Strack.

For Goldman Bros., pitching by Al Libardi and Steve Jankowski proved to be in a losing effort but it was a job well done. Hits by Kevin Brown, scoring 2 runs, Tony Sprufiera, scoring 1 run and Steve Jankowski was all that could be had. Excellent fielding by Richard Mure and Kevin Brown in the outfield, Steve Jankowski, Billy Vollono and Robert Sterbens in the infield came up with excellent defense for Goldman's.

Once again Hardee's rose to play the role of spoiler, stopping Goldman's by a score of 10-8. Hardee's play is improving and that should make an interesting second half. Gene Maggio and Steve Playne combined to stop the Goldman batters. They struck out 6 while walking only one. Chuck Virga was the big bat for Hardee's with 2 doubles and a single, while scoring 3 runs. Ted Stry, Andy Rokito, Steve Playne and Frank Benvenuto garnered the rest of the Hardee's hits.

Goldman pitches Billy Vollono, Al Libardi and Steve Jankowski gave up a total of 123 hits and 13 walks. Triples by Al Libardi, Steve Jankowski and Richard Mure all figured in the scoring. Libardi was the big bat with 3 hits and 3 RBI's. All the boys hit well, however Goldman's errors gave Hardee's the winning edge.

In a make-up game of a prior rainout, British Int'l Motors snapped their 3-game losing streak with an impressive victory. Pitching for BIM was Larry Gray and Bobby Dunne. Every-

Dear Friends. . .

IN THE INTERESTS OF TRUTH, which this newspaper serves, there were NO totals omitted from the fine School District 17 Budget Brochure which appeared in this newspaper last week, contrary to the rumors spread by those whose recognition of the truth is slight indeed. However, in the first paragraph of a "Message to the Citizens of Hicksville" from the Board, an estimated amount was inadvertently omitted (which had nothing to do with the budget totals). And that's the truth, friends, as I'm sure you are all aware.

Much local news had to be held this week, due to the number and length of our candidates profiles, and all the letters to the editor regarding both the budget and the candidates. However, as much as possible, this news will be used in future issues.

We'd like to remind you of that all important date ... Tuesday, June 4th ... when both Hicksville and Plainview residents will be going to the polls to vote on their school (and in Plainview Library budget) budgets, and to elect candidates to their respective Boards. Nothing could be more important than your actions regarding these matters and we urge you all to circle that date on your calendar, so that you make that all-important trip to the polls.

WE HOPE THAT many, many of you have registered so that you can vote on June 10th on the proposed Nassau County Legislature. We will not go into the details again...we have brought you much on this subject....if you feel that we can afford another layer of government (there has never in the history of recorded time been an instance when any layer of government SAVED any monies) but if you really believe that this is possible I suppose you will vote YES. We do not believe that this is possible and we do not believe that we need 15 more elected officials and their respective entourages, cars, etc, to govern us. We do not believe the figures that have been given out as to what it will cost us. And we DO believe that many hard working people are rapidly being taxed out of their homes here in Nassau County. So, we are going to vote NO. We urge you to vote...whatever you believe and whatever you are going to vote.

THAT'S all for this week. Stay well and remember the old saying, "Poise is the difference between raising the eyebrows and flipping the lid."

Letters To The Editor

Dear Mrs. Noeth:

What is Americanism? What is the democratic process? These two questions are a vital part of our being and our country. Each year, the residents of Hicksville have an opportunity together with millions of other people across this country to exercise what is both a right and duty to make this process work.

Those who sit on a school board, together with the administration of a school district largely determine the type and quality of education the children of the district will receive. Will the district equip the student with the knowledge and tools to be a productive citizen and human being; or will the district restrict through cutting programs and restricting of constitutional freedoms and rights, house students for 13 years and then send them into a world which they are not prepared to meet? These are but two of the many questions which we must ask ourselves with respect to the upcoming budget vote and election of school board candidates.

This year, your school board has given you the opportunity to study and search your conscience and determine what you want for your children and your community within the confines of the seven budget propositions. The decision as to what makes a well rounded youngster is yours through your vote on June 4th.

When you vote on candidates remember that constructive criticism and questioning by a board member is both healthy and necessary to do a job, but the tactics of protest, obstructionism, grandstanding and negativism when they stand alone with half-truths behind them can only result in the erosion and ultimate destruction of public education. What does it mean to be a protest candidate, when you have not told the people what you stand for? What does it mean when you have sat on a school board for a period of time and not contributed to enhancing the education of children? What does it mean when a candidate for election to a school board finds it important to "plug" his local business on cable television? What does it mean when a candidate leads to people to believe she has been active in local public school affairs and PTA when this is not the case? It means that you as a voting resident must study and determine which of the candidates you believe are interested in your child and his or her education during the 13 year time span when they are attending school and obtaining the tools of a lifetime.

Protest candidates with no platform of either education of finance, cannot give you better education with less taxation anymore than an insurance agent can give you more insurance coverage for less premiums, or a gas station owner can give you better and more gasoline for less money, or a headresser with a fixed payroll can give you a better permanent for less dollars. The object of any concerned board of education should and must be achieving the best education through the best and most honest utilization of each dollar spent.

It is the duty, choice and decision of each of us to study the budget with all the accompanying material which was sent home to all residents of the community and the record, background and qualifications of

each of the candidates and then cast the vote which we individually believe will continue to move education forward in this great country of ours.

Sincerely,
Iris Wolfson
Resident, Taxpayer, parent
and Vice President
Hicksville Board of Education

Dear Editor:

In reviewing the record of HCBCE's irresponsible spending increase of 5.2 million dollars in just 2 years—with declining enrollment—I decided to run for a seat as a taxpayer's friend.

Since it is more important HCBCE Losche, Wolf, McCormack and Teacher Ayres be defeated than personal glory, I will throw my support to Mr. Propopok on line 3A.

I urge all my friends—Vote NO—sign for a legal taxpayers budget and vote Row A all the way. 1A Bruno 3A Propopok 5A Garrison.

Respectfully,
SAL D. BERNARDO

Dear Editor:

I would like the citizens of Hicksville to know that H.C.B.E. (Hicksville Citizens for Better Education) means sponsorship not dictatorship. H.C.B.E. extracts no promises from the candidates it supports and has never, to the best of my knowledge, attempted to direct a board member once elected. My principles and sincere interest in the children and taxpayers would not have allowed me to accept backing from any organization I felt would in any way compromise my integrity. If elected my conscience will serve as my guide.

Mr. Bruno would like you to believe that the H.C.B.E. candidates and board members who have been sponsored by H.C.B.E. are some kind of robots programmed to act and react at the command of some higher being. As candidates, Mr. McCormack, Mr. Ayres and myself think for ourselves and, if elected, will continue to be free agents.

Mrs. Wolf was interviewed by the H.C.B.E. Screening Committee and again presented herself before their General Membership each time seeking their endorsement. She now refers to the organization as a

"dictatorship." I must pose the question — Would Carol Wolf refer to the H.C.B.E. as a "dictatorship" if they had elected to support her?

I have worked for the youth of this community for many years in various capacities and have closely followed the educational process of the district both as a parent whose children attend public school and as a taxpayer. I have not always agreed with board decisions but, the democratic process must prevail and who among us would want it any other way?

In seeking your support I would like to present a formula that could give this district top quality education and at the same time lower taxes. This, obviously, is impossible. It is not realistic to expect in today's economy. Reasonable taxes must be expected but the taxpayers must get a top quality educational system for their dollars. This is what I am seeking and, if elected, hope to achieve by constant evaluation of programs and by close scrutiny of all spending.

If, in voting on June 4th, you entrust me with a seat on the Board of Education I can do no more than promise to consider every child and taxpayer in Hicksville before making decisions, to work closely with the administration, the teachers and other board members in an honest endeavor to give the young people of this district the finest education possible.

Very truly yours,
Robert J. Losche, Candidate
for School Board Trustee

Dear Editor

As a former Assistant Principal at Hicksville High School, I still have a keen interest in the Hicksville schools and keep in close touch with many of my friends in the district.

In my new capacity as Principal of a Junior High School in Long Beach, I have come to know and work with John Ayres over the past three years. I feel he has a sound educational point of view and would be committed to ensuring quality education for Hicksville's youth. John's background in accounting would also help him weigh educational programs in financial terms.

Advice To Motorists

Public Works Commissioner H. John Plock, Jr. today advised motorists to avoid a 4,500-foot section of Old Country Road between the Glen Cove Road - Clinton Road intersection in Garden City and the vicinity of the Island Inn for the next two months. Work will begin next week on a \$438,047 reconstruction project which will require blockading of the two most northerly westbound lanes for at least a month beginning June 2. Preliminary work will involve eastbound lanes and final paving will be accomplished at night.

"This section of Old Country Road is the most heavily travelled in Nassau County ex-

cept for the L.I. Expressway," Plock stated. "It carries an average of 70,000 vehicles a day so elimination of any lanes can cause massive traffic tie-ups. I urge everyone to seek alternate routes so that chaos can be avoided. Jericho Turnpike and Stewart Avenue are good through routes that virtually everyone can use. Roosevelt Field shoppers should enter from Meadowbrook Parkway or Stewart Avenue."

Plock said Old Country Road is being temporarily restriped so that eastbound and westbound traffic will have an equal share of the remaining width during the construction period.

Tom Patwell, mgr.	0	4
Team No. 5 was aided in its winning ways by the 3 for 3 hitting of Chris DeSimone. Chris drove in 5 of his team's 13 runs and it was his 3 run triple in the 4th inning that broke the game open.		

Team No. 2 strengthened its grip on first place in the West, on the pitching of Anthony Scibelli. The offensive attack was led by Joseph Soodaro, Wayne Fisher and Joe O'Connell, who all had 4 hits apiece. The entire team had a total of 12 hits.

Team No. 8 won its 5th straight game this past Saturday after dedicating the game to Wayne Soderlund, who was forced to leave the game in the first inning because of illness. Wayne's great glove and batting ability were missed by his teammates, but they were quick to rally around the cause. Great hitting by the entire team, and with 2 singles by Ralph Santantonio and Paul Elenio, and doubles by Tom Callahan, Kevin LeBrecht, and Ron Nakashian led the team to victory. Credit must also go to Tom (The Bullit) Callahan and Ron (Right On) Nakashian for their great pitching, and lets not forget Jim Dougherty for 2 RBI's and his excellent catching ability.

Hicksville Soccer Club News

Neither heat nor rain, sleet or cold, dark of night or National Holidays shall prevent the faithful members of the Club from completing a few dozen games.

On the traveling circuit, four teams represented Hicksville in an 85 team tournament held by the Bricktown, N.J. Soccer Club. In the twelve elimination games that our teams played, Hicksville won 6, lost 5 and tied 1, which is a very commendable record. One of the teams, Boys Red, sponsored by the V.F.W., ran up an undefeated string of victories to establish the championship in this division. The Boys Blue, sponsored by the Marco Polo Lodge, retired from the tourney on an impressive note, defeating Howell 1-0, following losses to the tournament favorites Bricktown 3-1 and Annonale, Va. 2-1. Our Midjet Red were given a more than second look by the teams and fans as they defeated Wall 1-0 in the first game, tied McLean, Va. 1-1 in the second game on Saturday. On Sunday, the host team, Bricktown dissolved the Club's anticipation by recording

a 3-1 win over a hustling Hicksville team. The Midjet Blues opened the tournament with an impressive trouncing of S.Toms River 6-0, but then met top contender Annonale, Va., losing 3-0. On Sunday, they met Mexico City, the eventual division champs, by whom they were barely defeated 2-0. This youngest team really played their hearts out during this tournament.

For Hicksville's Division Champions, Boys Red, the final game against Lee, Va., the first sight of the opposition was a shaking experience. The boys worked up the necessary confidence to meet a team that outweighed them by 35 pounds and outsize them by 6" in height. They proved that size in Soccer doesn't count, by scoring in the first five minutes and then maintaining that lead to the final whistle. There was one close incident that showed the depth of desire, the skill and the ability that the team took to the Bricktown Tourney. In a cloud of dust, among legs and apparent

confusion in front of the Hicksville net, one of the defensemen cleared the ball from what seemed to be an unavoidable score. This play was typical of many, up and down the field, that produced the final 1-0 victory which established our Boys as Division Champions.

On the home front, the Intramural Peeewe's were active as they completed the first half of their 14 game schedule.

Wednesday, May 21, had N.Hampshire defeat Maryland 1-0 in a thrill packed close game. Later, Mass. put the Tigers down 2-0 on scores by D.Borg and I.Peskowitz. Del. squeezed a 1-0 win over Georgia on the boot of P.ziembicki with an assist by J.Speros, who was outstanding as team quarterback.

During the weekend, Conn. and Del. played to a 0-0 tie in a game that was both frustrating and satisfying for both players and fans alike. Georgia's P.Corcoran scored twice for his teams victory over Maryland. Mass.

Dear Editor:

This is an open letter to Sen. Ralph Marino and Sen. Owen Johnson. Time is running out... I urge you to vote, as well as urge your colleagues in the Senate to vote for the proposed State Equal Rights Amendment now before you.

It was my pleasure to propose to Supervisor John Burke and the Town of Oyster Bay Council that they pass a resolution to show their support for this all important bill. It was gratifying to see this local body of elected officials act on this at their May 13 meeting. (Resolution No. 343)

I believe passage of the ERA is long overdue. The only way to provide the necessary changes in discrimination is through an amendment to the State Constitution. We cannot afford to wait, and should not be made to depend on other states to ratify the proposed ERA to the United States Constitution.

The need for an Equal Rights Amendment is very definite. Today, many women who are joining the work force are finding that the opportunities for them are less than afforded to men. The United States Senate Judiciary Committee concluded from an extensive documentation presented at its hearings on the proposed federal amendment: "On the whole, sex discrimination is still much more the rule than the exception."

There is not much time to act. Your vote is all important so that the voters of the State of New York can act upon this November.

Yours truly,
Carole Fishman

Dear Editor:

Mrs. Elizabeth Garrison is currently running for the Hicksville school board.

Her work as a School-Nurse Supervisor for many years has been highly praised by the community.

Her ability as an administrator, her keen intelligence, and years of experience in Hicksville education fully qualifies her for the School Board.

Although she is retiring, she is still my supervisor.

I heartily recommend her for the school board.

Sincerely yours,
(Mrs.) Grace Stewart, School-Nurse-Teacher, Hicksville.

Open letter to taxpayers:

Here we go again! Every year we go through the same exercise in futility - voting on the school budget. We have all received large increases in total property tax bills. School taxes account for about three fifths of the total. Costs of running homes,

businesses, governments and school districts have all risen, and nobody wants to pay any more than he has to. Only in the case of the school budget does it seem as though we have a chance to say "yes" or "no".

How much do we really vote on? Proposition 1 is a contingency budget. In other words, even if Prop. 1 were to be defeated, this would still be the basic operational cost for the district, and we would have to pay for it even under austerity.

Since there are two choices of transportation above the austerity level contained in Prop. 1 you can add up the remaining propositions in two ways. If your house is assessed at \$6,000 (Hicksville average), Props. 2, 4, 5, 6 and 7 together will only add \$58.20 per year to your tax bill. This represents only 6 1/2 percent of the total budget.

Props. 3, 4, 5, 6 and 7 total \$67.80 per year over the austerity base - about 7.1 percent of the school tax.

Approximately 93 to 94 percent of any school budget is mandated by the state as necessary expense to maintain the programs that exist in the district. This amount must be paid no matter what. Read your budget brochure carefully. See how much the sixty to seventy dollars a year for Props. 2 thru 7 really buy for the schools and the community. This is the only place where a "no" vote would have any effect, and it would affect us all.

If Props. 2 thru 7 go down we will be on austerity, still paying a large tax bill. We will save only \$60 to \$70 a year, but we will be without transportation, school concerts, plays, and sports, Adult education, driver education, evening High school, cafeterias (including the free lunch program), and community use of school property. Only emergency repairs can be made to valuable school buildings and property, and we will be without auxiliary police protection. On top of all that we will have to buy school supplies individually for our children. Does it make sense to lose so much by voting not to spend so little?

Please consider these facts, vote "yes" on all seven propositions, and work along with your PTA to get the state

legislature to shift the heavy burden of school financing from the shoulders of the local property owner. There has to be a better way.

Dear Fellow Sheep:

We have a "Judas Goat" in our midst. It is leading us to a pair of sharp knives, though aimed at separating us from our money, is getting us in the jugular instead.

The first knife is the school budget. We are being offered a 7-part budget for approval. But you really have no choice. Proposition 1 contains all that could possibly be inserted as minimum necessary, so that even if defeated, it can be mandated by the school board under the guise of "austerity-contingency". Then this supposedly makes legal the sell-out of the Hicksville taxpayer by the school administration of the HCBE and their supporters, HCOT (Hicksville Committee for Better Education and Hicksville Congress of Teachers). The school board, with appropriate raises for school administrators, thus approves that sellout.

All around us school boards are making sacrifices to keep the school budgets reasonable. Look at Plainview. After many years of higher and higher taxes, the highest on the island, they are now undergoing severe retrenchment. They and other school districts are closing schools, and removing marginal programs that serve minimum numbers of students, even if it involves a reduction in the number of teachers employed. But not our school board. They have granted the teachers a contract that ensures no teacher reductions through 1978; they have increased the number of teachers on the payroll by 11; they have added more programs, and they have increased the school budget by about 2 million dollars. They have done that even though economically unsound to do so in the face of a declining enrollment, a deep national recession, an 11 percent unemployment rate, and increased family expenses for all.

But fellow sheep, it is the second knife that looms even

more ominous than the school budget because we in Hicksville cannot stop the bandwagon unless we take action now. The second knife aimed at your jugular is the expenditure of some 4 million dollars to build an over-elaborate swimming pool-park complex in the Geise Nursery property on Lee Avenue and a \$200,000 project on S. Oyster Bay Road and Old Country Road. My stomach knots when I think of the trickery involved here. Sometime last year you and your neighbors received a questionnaire about the proposed park. There are about 18,000 families in the park district. Only 1100 replies were received, or about 6 percent. Of this 6 percent, only about one half replied they wanted a swimming pool etc. This equates to about THREE percent of the residents of the park district. As a result of that poll by Councilman Dolittle (from Hicksville), a committee was formed. This committee developed a 4 million dollar proposition to be paid for ONLY by the residents of School District 17 which has the same boundaries as the park district. The 4 million is just a drop in the budget when it comes to charges for use of the pool and annual maintenance taxes to be levied upon only the residents of Hicksville School District 17. Think of this: (1) While you as residents of the Town of Oyster Bay are paying for three town parks used mostly by residents of the area wherein the parks are located, ONLY we in the Hicksville school district will pay for the new "community" parks. (2) Why a community park? Because

Warren Dolittle needs to sell the park to the Town of Oyster Bay council. He knows the council would not buy the park if they thought the whole town would be taxed to pay for it. But I believe that if Councilman Dolittle can convince them we, in the district, want the park and will be liable for its cost and maintenance, then it will be easier to sell them the park idea. (3) In addition to the initial cost for which you will be taxed, you will be required to pay a fee for use of the pool. Dolittle estimates it will cost about \$70 for a three month summer period and about \$170 for a year's period. All of that will be in addition to the taxes required for normal upkeep of the park. (4) The school board will ask to use the pool for the school gym programs and for use of a varsity swimming team. The money paid will go to the Town of Oyster Bay parks department. IT WILL BE PAID FOR BY SCHOOL TAXES. (5) The school board knows that if it proposed building such an elaborate swimming pool in the school district, the voters would turn it down at budget time. Now the elaborate school - pool - park complex can be rammed down your throats and you will not have an opportunity to vote on it. Why? Councilman Dolittle says there is no law that allows the residents of a school district to vote on taxes and expenditures for building and maintaining a "community" park. "I believe that 'Judas Goat' mentioned earlier is our present school board. Unless we act now, we cannot change the inevitable. What can we do: 1. We can Vote NO on all school budget propositions. We must give the definitive word to the

HCBE and HCOT that BIG spending must stop and economy must endure. Get your neighbors out, ensure you are all registered then Vote NO on June 4, 1975.

2. Vote Row A to re-elect and elect only the economy minded as school board trustees. We must eliminate the big spenders, tricksters, and shell-game artists. Always remember the present school board double-cross of the tax-payers. If money spent on education is the criteria for quality, then all New York City students should graduate as Einsteins.

3. Advise Councilman Warren Dolittle that you do not want an elaborate pool-park complex in the Geise property. The initial 4 million dollar cost (increased by the interest paid by you on the bonds issued) is just the beginning. What will hurt even more is the ever-increasing tax that only you as a Hicksville resident will pay for its upkeep. Councilman Dolittle made this statement to the best of my recollection: "There are only two things for sure about the park proposal. There will be a tax and it will increase each year." (Said at Lee Avenue School meeting 22 May 1975)

So who am I, and Why, this letter? I'm just a retired Air Force pilot and fought in three wars for half the annual salary made by a teacher who plays

patty-cake with sixth graders for 180 six hour days a year, and who is seeing his annual property taxes zooming inexorably to infinity.

Sincerely yours,
Frank H. Willard, Resident,
Citizen, and Sheep.

To the Editor:
In last week's letter, I commented on Proposition No. 2, No. 3 and No. 4, which dealt directly with the school and the transportation to school. Today, I will discuss the other four.

Proposition No. 5 is difficult to make a decision on, because it is my belief that Adult Education should be completely self-supporting. And I understand that there is a bill passed by Albany declaring that the students inside a district can pay a nominal fee (registration fee of \$3) to be accepted in a Driver Education class. Driver Education is one of the most practical things taught in the schools today and it certainly makes the roads safer. I, myself, learned how to drive in the Driver Education Class of Adult Education. It is of my opinion, however, that this too should be self-supporting. But if Proposition No. 5 is not passed, we will wind up depriving our senior students with the opportunity to learn this needed necessity. Vote YES on

Proposition No. 5, and after the election let's see what can be done to amend the State law.

Proposition No. 6 has many different ideas lumped together. In this time of economic strife, do we really need any more improvements other than the necessary roof and boiler repairs? And when we think of vandalism, we automatically think of broken windows and outside damage, but do you know that there is more vandalism occurring inside the school than there is outside? The thing to seriously consider in this proposition is the community use of the schools. How often do you, or your children, use the school building? Is it worth \$8.64 a year to use the schools (PTA automatically is allowed to hold meetings) is this a superfluous item? In this proposition, vote how your conscience dictates.

Proposition No. 7, cafeteria, has many proponents and opponents. What killed the cafeteria is the rise in food prices. Instead of spending the price of an expensive lunch per child, mothers are now beginning to send lunch boxes to school. As far as the free lunches are concerned, I have heard from reliable sources that some free lunches were thrown in the garbage. Cafeteria has been trying to become self-sufficient, but has not succeeded. So I urge

you to vote NO on this proposition that has nothing to do with a child's education.

Proposition No. 1 has been chopped down considerably by our administrators. They have taken our economic situation to heart and eliminated supervisors, assistant principals, and people in Central Administration. They have tried. Now let's vote YES and have a budget.

People may call this a fragmented budget, but I call this budget, a "people's choice" budget. Acceptance of all 7 propositions would cost a homeowner with an average \$6,000 valuation approximately \$94.80 a year or \$7.06 a month. But with 7 propositions, you HAVE A CHOICE. The fact is that we can juggle, just like everyone has to juggle to stretch their pocketbook at home. Take what's best for your child's education - eliminate the superfluous.

This will be my last letter before the School Elections on June 4th. My opponents will be Mr. William Bruno and Mr. Robert Losche. I am completely independent. I get my ideas from listening to people, not roaring so that no one else can be heard. I am energetic; I have a lot to offer to the district. Carole Wolf - Line 1 C on the ballot.

Thank you for everything.
Sincerely,
Carole Wolf

but now everybody's right up there with us. Check around and find out for yourself. And while you're at it, check around and see what kind of reputation the Plainview school system has. Ask what it means in terms of real property value. Ask any real estate broker what's the biggest selling point in Plainview. For younger families wanting to move into the community - it's

the schools - hands down.

Yes, fellow residents, the value of your house is directly related to the value of our schools. 150 new families have moved into Plainview during the past 12 months. From Suffolk County and New York, generally. From areas whose schools were not up to par. Chances are they paid a bit more for their house in Plainview because it's the most important thing to them for their children to go through a fine system.

"New Concept"

"New Concept," a thrift shop to be operated by United Cerebral Palsy Association of Nassau County, will have its grand opening on Tuesday, June 10, at 10 AM at 106 Mineola Blvd., Mineola. Nassau County Executive Ralph G. Caso will preside at ribbon cutting ceremonies to be conducted at 9:45 AM; town and village officials are expected to participate in the observance. The 1700 sq. ft. facility, which will be open from 10 AM through 4 PM Monday through Saturday, is a major effort of the health agency to increase financial support of its Center for Living, Roosevelt.

Being referred to as a "shop of modern day charm," the establishment will differ from the usual thrift shop concept in that only quality merchandise will be available, whether previously owned or new. Among the "carefully cared for" items being offered are everyday clothing, furs, crafts, bric-a-brac and desirable collectibles.

Staffed by courteous, knowledgeable volunteers, the shop is expected to become a favorite of the prudent, sophisticated buyer eager to purchase "like new" merchandise at "yesterday's sensible prices."

A free gift will be presented to each person visiting the store on opening day.

BOCES Fair

The agricultural fair sponsored by the Nassau BOCES chapters of the Future Farmers of America, originally scheduled for May 18, will be held on Sunday, June 8. The fair was postponed because of rain.

It will be held, as previously announced, from 10 a.m. to 5 p.m. on the site of the Nassau BOCES facility at the Old Westbury campus of the State University of New York. Admission and parking are free.
