The Junior Committees of Correspondence, a U.S. Postal Service bicentennial program for elementary school children, has enrolled more than five million students in this country and abroad.

With about 1.5 million more participants than projected and already covering the 50 states, the Junior Committees' letter-writing network has been broadened by student participation in countries such as France, Germany, Japan, Nepal, New Guinea, and Brazil. Many students in these and other

countries are joining with the children here to celebrate the United States' first 200 years.

This bicentennial program, begun earlier this year, is carried to other countries through the Department of Defense military dependents school system, international private school organizations, and the Department of State overseas elementary and secondary school program.

The project is designed to encourage students' participation in existing bicentennial

JHS Anniversary Leaves Pleasant Memories

The recent Fiftieth Anniversary Celebration of the Hicksville Junior High School continues to prompt commentary and many expressions of pleasure and appreciation from many older residents and natives of this community. Among those former teachers or present teachers who are alumni and who were present in the school auditorium or for the "Open House" later were:

Three out of four living graduates of the Hicksville Class of 1915 (the first high school class to graduate): Mary Leach Brum, onetime teacher; Evelyn Derling Janke, Principal of Nicholas St. School from 1923-1926; Estelle Noon, class valedictorian and Hempstead High teacher of English for many years. Also enjoying the commemoration and greeting old colleagues and former students or sharing Honored Guest, Mabel R. Farley's company were: Nina Plantz, first high school librarian and Principal at East Street for

over thirty years; Dorothy Purdy, high school science teacher for many years, who traveled from her home in Rochester for the reunion and celebration; Helen Underhill who taught high school and junior high mathematics in Hicksville for many years and was on hand from her home in Poughkeepsie; Mae Byerly, retired teacher and Art Department Chairman at the High School; Esther Byerly, a Hicksville substitute teacher of many years service; Harriet Spink, retired Music Supervisor for School District 17; Leors Clinck, retired librarian who served long at the Junior and Senior High Schools and at Lee Avenue; Agnes Clegher, retired mathematics teacher and Arthur Knerr, business training teacher, both from the High School; Joseph Laucks, retired High School Mathematics Chairman and William Ellsworth, teacher of shop subjects and mechanical drawing, still in service at the High School; Louis Millevolte,

well-remembered local athlete-alumnus and retired High School Coach and District Supervisor of Physical Education.

Gracing the occasion also were Dera Darling, Miss Mabel Farley's secretary for many years and Helen (Augustin) Hiscoc of the Class of 1924, the last high school group to graduate from Old Nicholas Street School.

Among our schools' educators today who are Hicksville alumni were: Principal Raymond Rusch, Glen Munch and John Kearns of the High School as well as Stan Kellner, formerly a physical education teacher at the Junior High School.

Not mentioned in previous accounts of Miss Farley's delightful visit to this community was her escort for the day, her nephew, Mr. Daniel Bayler, prominent businessman of Lewisburg, Pennsylvania and her chartered aircraft pilot, Mr. Karl Ely.

HAPPY ANNIVERSARY: Recognizing the 50th anniversary of the Hicksville Junior High School, Oyster Bay Town Supervisor John W. Burke, right, presents a Citation on behalf of

the Town Board to student representative Susan Sullivan and Assistant Principal Joseph Giambalvo. The Citation acknowledged the past and

present personnel of the Junior High School, a school which boasts the largest student enrollment of any junior high school in New York State.

ALBERT HIRST HISTORY READING AWARDS

Six Hicksville High School students received fifty dollars apiece last week in the third annual Albert Hirst Readings in American History program.

The recipients were Joseph Cavaliere, a senior; Diana Fordham, a junior; and Gary Hiestand, Janet Pennisi, Debbie Niederkorn and Mary Williams, sophomores.

The students had to read twenty-five books from six categories of American History: Joseph focused on civil rights and arts; Diana on science and technology and 20th Century; Gary, who hopes to teach history some day, and Debbie on the 18th and 19th Centuries; Janet on civil

rights and modern history; and Mary on social problems and Colonial history.

Superintendent Dr. Frederick Hill and Principal Mr. Raymond L. Rusch, both former history teachers, and History Chairman Mr. Kenneth McGinnis spoke briefly to the students, parents and teachers assembled in the school library and then Dr. Hill presented the awards.

The program was begun three years ago by an octogenarian attorney, the late Mr. Albert Hirst, who was concerned with the anti-American demonstrations on school campuses. He hoped that, by learning more about their country's history, these youth would come to love it as he did, to appreciate the world leadership role, and to work within the system for redress of grievances.

The trustees of the program are the benefactor's son, Dr. Eric Hirst, a foreign language teacher, and Mr. Carl Danna, a librarian, both of Hicksville High School. To promote the readings, they give grants to other schools and public libraries with the proviso that the local programs become self-supporting.

AWARDS: For having read twenty-five books about U.S. History, six Hicksville High School students received fifty dollars apiece at a ceremony in their school library last Friday. Beaming happily, l. to r.,

Superintendent Dr. Frederick W. Hill; Joseph Cavaliere, senior; Mary Williams, Janet Pennisi and Debbie Niederkorn, sophomore; Diana Fordham, junior; Gary Hiestand, sophomore; and Principal Mr. Raymond Rusch.

During the week of June 9th, twenty-four more teenagers received the awards at Mineola High School library and Westbury Memorial Public Library, Hicksville Public Library and Plainville Public Library are

completing their first program, and several other libraries are seeking matching funds before they begin theirs. Tax-deductible contributions for the awards may be given to any participating school or public library.

Road Improvements In Hicksville

The Oyster Bay Town Board recently approved an extensive road improvement project in Hicksville, according to Town Councilman Warren M. Doolittle.

The restoration and improvement work, valued at almost a quarter-of-a-million (\$250,000) dollars, was awarded to Zara Contracting Company, Inc., the lowest of six bidders.

Councilman Doolittle explained that the award "provides for repair of the road base and for road resurfacing in Hicksville, part of an on-going program of road restoration and improvement throughout Oyster Bay."

The project includes: all of North Fordham Road; Lewis

Street; Chatham Court; North, East and West Woodbine Drives; Greenbriar and Birchwood Lanes; Ferndale and Mayflower Drives; Eli and Westwood Roads and Willy Nancy and Home Lanes, as well as Michigan Drive running east from the intersection of North Fordham Road.

Also included, Doolittle explained, are: all of South Fordham, Belmont and Albert Roads; Belmont and Dale Courts; Elliot Drive, Seth and Stephen Lanes; Scooter Lane running east from the intersection of Barrister Lane and the Oyster Bay portion of Barrister Lane as well as all of Alan Crest Drive.

Kiddie Korner At Cantiague Cantique

Mothers can now enroll their pre-school children in the summer Kiddie Korner at Cantiague Park where the little ones will be kept busy playing games and engaging in other supervised structured and non-structured activities.

Under the program, sponsored by the Nassau County Department of Recreation and Parks, which starts Wednesday, July 9, and ends on August 28, the children will participate in the

play group Monday through Thursday from 10 a.m. to 12 noon at the Boy Scout Picnic Area when weather permits.

Interested Nassau mothers should register their children, age 2-5, at the park administration building as soon as possible since the Kiddie Korner group is limited in size. Admission to the program will be on a first-come, first-served basis.

Cantiague Park is located on West John Street in Hicksville.

Allow Young Teens To Help

Legislation amending a State law which has curtailed the volunteer services of approximately 6,000 students to work in mental sponsorship of Assemblyman Joseph M. Reilly (R-Glen Cove).

Assemblyman Reilly said that the measure was drafted in response to a request made by Steven Grill, a 15-year old resident of Reilly's district.

"This young man had organized the JERICHO chapter of the Association for the Help of Retarded Children which grew to a membership of about 50 students," said Reilly. "The group participated in fund raising and volunteer work with their major participation being volunteer work at Suffolk State School in Melville. The group visited the school every Saturday and brought recreational enjoyment to the retardates at Suffolk State. In September, Steven Grills and his group was informed that, under State law, persons below the age of 16 were

no longer allowed to volunteer. "As a result, Steven Grill wrote me asking what could be done to enable 15-year-olds to do volunteer work, particularly in view of the fact that he had gathered so many young volunteers and was on his way to increasing the membership this year."

"State facility directors, volunteer coordinators and high school officials agree that young volunteers provide a valuable service and that their work should be allowed to continue. Volunteer services with the State Department of Mental Hygiene are professionally organized, oriented and administered and the guidelines for volunteers are strict and clearly spelled out with professional safeguards. It is certainly to the best advantage of those currently in our State mental health facilities to obtain the services of dedicated young people who wish to bring some source of enjoyment into their lives," Reilly concluded.

Dear Friends...

AS WE SAID LAST WEEK, we are pleased with the defeat of the proposed Nassau County Legislature, but disappointed by the fact that slightly over 59,000 voters took the trouble to register and vote on this important matter. This week we have heard from several of our elected officials on this vote.

The Hon. Joseph Margiotta stated, "The people have spoken. They don't want a change in our present form of government here in Nassau County...let's move ahead with our present form of government to make Nassau County an even better place in which to live."

The Hon. Ralph Caso has directed the county attorney, John O'Shaughnessy, to have his staff prepare a recommendation and present it to the court for its consideration as follows: "I urge that the Board of Supervisors legislative system be replaced by a Legislature composed of representative elected from district of equal population. I propose a seven-member legislature as I did in January 1971."

On page 4 we carry the message of the Presiding Supervisor of the Town of Hempstead, Frank Purcell and a coupon you may fill in and send back to him if you so desire. We'd suggest that you write to all your elected representatives letting them know your wishes on this important matter which will so directly affect your future taxes.

JUST A REMINDER: It is our policy to consider only signed letters for our Letters To The Editor column, even though your name will be withheld upon request. Anonymous letters may never be used.

RESIDENTS OF HICKSVILLE SCHOOL DISTRICT and their children, are presently taking petitions around to request the School Board to resubmit the propositions that were recently voted down.

That's all for this week. Stay well and remember the old saying, "Where no wood is, there the fire goes out; so where there is no talebearer, the strife ceases." Proverbs 26:20.

Supervisor JOHN W. BURKE REPORTS

Last week I discussed the Town Board's award of about one-half million dollars in public works' improvement contracts for road and drainage improvements in various areas of Oyster Bay. Throughout the year, the Town also purchases considerable amounts of equipment, materials and supplies for the many functions of Town government.

In any expenditure of public funds, a detailed procedure of public bidding is followed, which is prescribed by the State of New York as well as rules and regulations promulgated by the Town Board. This assures that the interests of both the Town administration as well as the resident taxpayers are carefully protected.

Public bidding follows a well-defined procedure. The first step

in acquiring capital equipment is the submission of a requisition form, prepared by a department head, and describing the equipment desired, to the Purchasing Division of the Department of General Services. Detailed specifications are then prepared by the Purchasing Division which require various criteria of performance, cost, standardization, etc. to assure that the most cost-effective equipment is obtained through competitive bidding. The Controller's Office must formally certify that funds are available in the budget for the purchase of this equipment. A notice of bid is then published in newspapers and bid notices are sent to a list of previous bidders for this type of equipment.

All bids must be received in sealed envelopes no later than 11

A.M. on the date designated in the bid notice, after which they are opened and read at a public meeting.

The Purchasing Division then evaluates the submitted bids to determine which one is the lowest bid that meets the Town's specifications.

If that bid does not exceed the cost estimate in the budget allocation, a recommendation is forwarded with a copy of the vendor's contract to the Comptroller for his review and recommendation.

The purchasing recommendation, which is a detailed explanation of all the phases in the development of the public bidding, and all supporting documents are then forwarded to

What Kind of Government Do You Want?

by Francis T. Purcell Presiding Sup. TOH

Over the past decade the voters of Nassau County have told those in public office on four separate occasions what kind of change in county government they DON'T want. As I sat back this week and reflected on the latest defeat of a proposal to bring our county's government in line with the U. S. Supreme Court's "one-man, one-vote" edict, I realized that we have never given you, the people, a clear chance to tell us what kind of county government you want. You either had to

select or reject a proposal advanced by your elected officials, but you've never had a choice between two or more alternatives.

We had considered doing just that during the Special Referendum on June 10, but decided against it when one of our major newspapers and the League of Women Voters argued against such a choice.

If the poor turnout at the most recent referendum proves anything (less than 10 percent of the registered voters even

bothered to go to the polls), it may show that many voters resented not having such a choice.

The matter is now before the courts and soon some sort of interim change in county government will be forced on the people. But, just perhaps, another opportunity to choose will be possible in November. If so, I'd like to know now what type of change you'd like to see.

Please take the time to fill in the coupon below, clip it out and mail it to me.

Letters To The Editor

Dear Editor:

I have delayed informing your readers about the Library Trustee Meeting held on May 21st because of the space I knew would be needed for the School elections. However, I would now like to bring you up to date. All the Library Trustees were present and the first order of business was approval of claims to be paid totalling \$52,202.61. A proposal that the Library purchase the site on Levittown Parkway that Oak Beach Inn was interested in developing to house an annex of the Library was turned down as it was felt to be too costly at this time, and that this parcel of land was also at the very edge of the Hicksville boundaries and that if ever a site were considered, thought should be given to the area North of Old Country Road. A representative of "Knowgo" was present to explain plans and costs of this detection system to the Trustees. The Trustees decided to look further into this system before a decision is made.

The attorney will find out if the Smoking Law now in effect in New York State will also be binding on the Auditorium which is used for public meetings.

The Staff Reports were reviewed and it was decided that they would be sent to the local weekly publications as the Trustees felt that the general public should also have an opportunity to review them.

The following changes in the Policy for inspecting records was again discussed.

1. That requests for material be complied with within five days rather than 10 days.
2. That there be no disclosure of personal matters, i.e., medical information, addresses, references, etc., to insure the personal privacy of employees.
3. Any party denied access to records may appeal to the Trustees within 30 days.
4. There is a need of specific requests for information.
5. Viewing time is limited to two hours per day.
6. Fees for copying are those of

the machine in the Library. Larger items will have to have the actual cost of reproduction charged.

7. Inspection of material must be commenced within five days from the time made available. If it is not so inspected, the request must be repeated.

The problems regarding the air conditioning system were then discussed at great length and this will be looked into further before any decisions are made. It was noted that the water from the depth of the present well is no longer sufficient to adequately cool the system and this will be investigated further.

Mr. Barnes also informed the Trustees that the Town of Oyster Bay and the Independent Art Association will have an art show during the Bicentennial year.

A music program is being prepared with the cooperation of Mr. Gouse of the High School. J.C. Penney has promised to provide all high schools with a library of colonial music.

The Children's Room Reading Game this summer will have the theme of "Time Machine." They will also have Monday at the Movies, Art Classes, Handicraft classes, the Teen Age Repertory Theatre and the Puppet Mobile. The trip for the reading Club that was planned was also announced.

The Friends of the Library announced a modest success of the Flower Sale, with much cooperation and thanks to Boos Nursery who supplied the plants. They also announced a Crafts Bazaar the weekend of June 21-22. As regards their project of a lift for the handicapped, they have found that there are at least 300 handicapped people residing in Hicksville who could avail themselves of library facilities if they could get to them.

The Hospital Coverage of the Library employees was discussed as regards to the terms of the contract they have with the Library, and it was decided that

the terms of the contract would be adhered to.

Many thanks for affording me the opportunity to bring this information to your readers. Once again it is my hope that more people will join me in hearing the workings of the Library Trustees on the third Wednesday of the month at 8 P.M. in the Board Room at the Library.

Very truly yours,
Clara T. Bennett,
President Friends of the

Financed by 13 Canadian newsprint producers comprising the Newsprint Information

Committee, an advertising research study established that more than half the shopping visits of over \$15,000 a year families were more than five miles from home. The figure drops to 36 percent for those with incomes below \$10,000.

Hicksville American Little League

It took 7 innings but Goldman Brothers came out winners over Brit Intern'l Mot. with a score of 8-7. It happened in the bottom of the seventh inning with an intentional walk to Jimmy Boehmiller, who advanced to second base on a fielders choice, then Alan Hance hit a line drive into center field bringing Jimmy over home plate with the tie-breaking run. Pitching duties were shared by Al Libardi, Steve Jankowski and Bill Vullono, they had a total of 8 strike-outs and Steve lead them with 6 to his credit. Extra base hits by Bill Vullono and Richard Mure figured in the scoring. Kevin Brown had a triple, but was put out at the plate, but Jimmy Boehmiller lead with a double and a triple. Goldman played well in the field with an assisted double play by Keith Erickson. Bill Vullono had no errors at second, short or pitcher.

Tom McCann and Bob Dunne were the pitchers for BIM. Tom struck out 6 of the first 7 batters and Bob allowed only 3 hits. In the hitting dept Lee Meehan went 3 for 3. Bill Higgins contributed 2 hits and Brian Doner had a solid hit to knock in the tying run. At third base Brian made a couple of sparkling plays.

In their first meeting of the second half Power Test clubbed Hardee's 11-7. Chris Martin pitched 3 strong innings, striking out 9 out of 10 Hardee's batters faced. Bob Strack pitched superb in relief. In the hitting dept Ken Busch 2 for 4. Anthony Valle and John Brelly went for three and Chris Martin went 3 for 4. Bob Strack had a triple and Sean Garvey had 2 singles.

For Hardee's Steve Playne, Ted Stry and Gene Maggio shared the pitching with Gene being the most effective. Doug Bowen, Paul Heller and Ted Stry had the only hits. Jack Willis and Chuck Virga drew 6 walks between them and that gave Ted Stry the opportunity to drive in 3 runs. In the fielding dept Jack Willis made 2 fine running catches in center and a sensational catch just beyond his finger tips.

On Wednesday there was a make-up game between BIM and Hardee's. BIM put it all together as they combined strong pitching, solid hitting and a tight defense to gain victory over Hardee's with a score of 11-2. Tom McCann started, striking out 5 Hardee's batters and Bob Dunne pitched shut-out ball the last 3 innings giving up only 2 hits. Good hitting by Steve Hayes, Larry Gray and Lee Meehan with 2 hits a piece. Brian Doner started a 3 run rally with a single and Daryle Fulgram got his first hit of the season. In the field Bill Higgins made a leaping grab of a line drive and Steve Hayes made a running, diving catch of a smash to center field.

Pitchers for Hardee's were Ted Stry, Gene Maggio and Steve Playne. All of their hits were by Jack Willis, Chuck Virga, Steve Playne and Ted Stry. In the field Frank Benvenuto made a gem of a catch to snuff out a big inning. Steve Wong also made a nice catch in short right field.

The big bat for Goldman was Al Libardi, who had a homerun which saved Goldman from a shut-out, he also had a single. Jim Boehmiller had the third and final hit which was a double into center field.

BIM controlled strong pitching with long ball hitting to win over Hardee's with a score of 12-1. Pitching for BIM was Tom McCann and Bob Dunne who gave up 2 hits and 1 unearned run. Steve Hayes lead the team with a long homerun. Tom McCann had a triple and a double, John Kneisel lined a triple and Bill Higgins added a double.

The Hardee's pitchers Gene Maggio, Ted Stry and Steve Playne were cuffed around by the BIM hitters but with better fielding the would have been closer. Doug Bowen, Andy Rokito and Steve Playne had the only hits with Steve's being a double. Jack Willis continues to shine in center field making a shoestring catch to end a big inning.

On Saturday there was another make-up game, it was Goldman against Power Test. Goldman defeated Power Test with a score of 10-2. In a makeup game from last week Long Island Collision bombed Long Island National Bank 15-6. For L.I.C. Louis Sabato, Frank Sprufera, and Mike Gray combined to pitch a 5 hitter. Getting most of the hits for L.I.C. were John Pizzo, and Frank Sprufera with 2 apiece. Defensively Tim Campion ended the game with an outstanding catch in left field.

L.I.C. also defeated Sizzler Family Steak House, this time by a much closer score of 5-4. Louis Sabato, Tony Neff, Mike Gray, and Roy Trapasso came through with timely hits, and Louis Sabato made some clutch plays in the field.

L.I.N.B. finally decided to play ball, though they didn't win they weren't the victims of a rout as they have been lately. In-

ternational House of Pancakes beat them 6-3. Mike Holl led off the game with a Home Run, Joe

Bergin singled, and Tripled, and Matt Katz singled for Pancake House. Fielding was excellent for both teams with an outstanding throw from Brian Connaughton nabbing a Pancake House runner at third. Pitching was the strongest asset for L.I.N.B. as Fred Behr started and struck out 8. But hitting was weak with only 3 hits, all singles by Jim Williams, Brian Connaughton, and John Corrigan. John Lindell did a fine job behind the plate for L.I.N.B. Pancake House beat Sizzler 7-3 behind hitting from Joe Bergin, Frank Bauerschmidt, Tony Passione, Gene McCoy, Denise Hasser, Matt Katz, and 2 singles for Mike Lopez. Getting doubles were Mike Lopez, Tony Malczynski, and Bobby Hazelton. Defensively Denise Hasser made her usual fine catch in center field to top off great fielding from the team.

L.I.C. extended their winning streak to 6 games by beating L.I.N.B. 13-4. Frank Sprufera, and Louis Sabato held L.I.N.B. hitters to only 4 hits. Ed Eybs went 2 for 3, and John Pizzo went 2 for 4 and between the tow of them they knocked in 6 runs. Frank Sprufera made an outstanding catch to stop a rally.

If the recommendation meets with the approval of the Town Board, the Town Attorney then prepares a resolution authorizing acceptance of the purchasing contract, which is then formally adopted by the Town Board at a subsequent public meeting.

The purchasing process, which at face value may appear to be the epitome of bureaucratic red tape, is an important safeguard which constantly assures that the taxpayers' dollars are being spent prudently and in their best interests.

LOVE HONOR AND OH BOY!

Part2-HONOR

Our second ingredient for a good marriage is honor. The bible says that we are to honor Christ. That means to put Him in high esteem, to hold Him up. When we honor each other, we are also honoring Christ because we are doing something that He wants us to do. Are you proud of your husband? Are you proud of your wife? To honor someone we must be proud of them. If you are proud of him, let him know it. Compliment his good qualities. Speak well of him to others. Put

him on a high plain. Hold him in esteem. Thank God for him.

Too often we are like the five year old child who came to church on Mother's Day. There was a special Mother's Day service, and it was the custom of the little church that at the end of the service the Pastor would give corsages to the oldest mother, the youngest mother, the mother with the most children. The little girl noticed that the corsages were getting fewer and fewer, and her mother hadn't received one. She was very frustrated about the whole thing, so she finally whispered to her mother,

quite loudly, "Don't worry mother if they give one for the fattest mother maybe you'll win." The little girl was sincere in her comment, but too often we cut deeply with comments such as that.

We can also destroy our spouse just as readily by non-affirming silence. By not building him up. By not encouraging him. By not saying and showing that he is worth something, we can destroy him just as readily as with the unfortunate remark.

Honor is an ingredient that can do much for your marriage.

Mr. Endorf Honored

On Sunday, June 15th Trinity Lutheran Church, 40 West Nicolai Street, Hicksville, honored Mr. Weldon Endorf, Principal of Trinity Lutheran School, for celebrating his 20th year in the teaching ministry.

Mr. Endorf has been principal and Director of Christian Education for the past ten years. He came to teach at Trinity in 1955 from Nebraska.

He attended Concordia College in Seward, Nebraska from 1951 to 1955, and Queens College where he received his M.S. degree in 1959.

Mr. Endorf has given his time and talents in the service of our Lord Jesus Christ through dedication and work to Trinity Lutheran School and Church these past twenty years.

The congregation held a reception in his honor after the 11:15 a.m. church service, which was a Baccalaureate service.

William M. Gouse,
Jr. Post No. 3211
By Lou Palladino

It's all over, all the installations are over and the dinners. The Junior Girls' Unit, the Ladies Auxiliary, the Post and County, the end finally came. We were so involved with the County affair, that our own was neglected. Even Joe Normandy who is the Commander elect, was busy as a one arm paper hanger, because he was chairman of the County dinner. Poor Augie Barone was fighting a losing battle chairing the Post affair. However, in spite of all the competition, he did a fine job. It turned out well. The food and refreshments were excellent, and the band was good. When you get a combination like that, with a very reasonable price, how can you beat it. We must not fail to mention that our Ladies held their installation

ceremonies, jointly with the Post. So again, congratulations to Augie for a job well done.

Of course, the big one this time was the County Dinner, because our Post ran the show, and footed the bill over and above the actual cost with a little help from the Valley Stream Post, because a member of their Auxiliary, Betty May Provost, was installed as President. Before we go any further, it should be mentioned that our dinner at the Post was to honor Joe Normandy and Jean (Pat) Williams, to install them as Commander of the Post, and President of the Auxiliary. Bob Abermeyer did the honors for Joe, and my war Dept. Esther, did it for Pat. She substituted for Joan Chwalisz, who was very ill, and in the hospital.

Now back to County—it will be a

Accident Report

June 12 - 8:30 a.m. - A car driven by Jamie Holder, 8 Frank Ave., Hicksville, and pedestrian, Iga Zlonkiewicz, 14 Waters Ave., Hicksville, collided on Woodbury Rd. at Harrison Ave., Hicksville.

Olga Zlonkiewicz was taken to Nassau County Medical Center with severe bleeding of the upper leg.

June 9 - 7:20 p.m. - A car driven by Terry E. Turdik, of Uniondale and bicyclist, Mary-Jo Endondino, 60 Spruce St., Hicksville, collided on Park Ave. at Heitz Pl., Hicksville. Mary-Jo Endondino was taken to Central General Hospital with upper arm pain.

long time before they forget our Post. It was to honor Harry Wurth as County Commander. And his is the first one to come out of our Post. We are proud of him and did what we could to make this dinner a smash. The proper superlatives can't be found to describe how successful it was. Not only did it have the largest attendance ever, but the food, drink and band was great. Beyond that, it was the congeniality, the warmth, and the exuberance of good cheer that could be felt. Even the dignitaries got the feel of it. Harry was as proud as a peacock, and Betty May was walking on air.

We must be doing pretty good in County, after all Rita Aug is the outgoing President, and Poor Joan Chwalisz is now Sr. Vice, and her husband, Eddie, is Jr. Vice in the men's dept. Also, Chick Masone is County Surgeon. I would trust him with my life, but I wouldn't let him operate on me no how.

Once again to Joe Normandy and his committee, congratulations on a tremendous undertaking. Well over 600 people attended the dinner. It was a gigantic operation and steps had to be taken. All is well that ends well.

Chick Masone was the lucky winner. Hey Chick, was it fixed? The next meeting is June 23, hope to see you then. By that time, this should have worn off, and you'll get all our Post news instead.

THE BOARD OF FIRE COMMISSIONERS of the Jericho Fire District, at a regular meeting thereof, held on June 16, 1975, duly adopted a Resolution pursuant to Section 6d of the General Municipal Law, subject to a permissive referendum, an abstract of which resolution is as follows:

BE IT RESOLVED that the Board of Fire Commissioners of the Jericho Fire District of the Town of Oyster Bay, Nassau County, New York, subject to a permissive referendum, shall withdraw the sum of \$38,940.00 from the "Apparatus & Equipment Therefor Fund" for the payment of a 1500 GPM Pump.

Approves ATC Loan Lincoln Savings

The Lincoln Savings Bank has approved a permanent first mortgage loan of \$400,000 to the American Jewish Congress (AJC) for its office buildings at 15 East 84th Street and 16-18 East 85th Street.

In announcing the loan, Covington Hardee, Chairman of the Board at the Lincoln, cited the American Jewish Congress for "...its vital efforts to protect human rights, preserve democratic freedoms and advance the cause of peace."

The Lincoln, ninth largest savings bank in the nation, has always maintained in its mortgage portfolio, currently in excess of 1-1/4 billion dollars, a strong commitment to local community ventures such as houses of worship, hospitals and child day care centers.

For more than half a century

the American Jewish Congress has dedicated itself to pioneering new strategies for fighting all forms of racism. In addition, it has worked to promote the creative survival of the Jewish people and earned the role of a national leader in upholding the constitutional guarantees of religious liberty.

Title I News

The Hicksville Parent Advisory Committee for the E.S.E.A. Title I programs met on Thursday, June 12, in the Board of Education Building. Over eighteen parents and teachers listened to reports given by the administrator of the program, Dr. Manus J. Clancy and other members of the staff, on the highlights of the various projects.

Dr. Lee Firester reported on the Extended Learning Readiness Program which was held at the Fork Lane School. The four remedial reading teachers, who taught Title I remedial reading programs in project area schools, reviewed the results of the pre and post tests of project children with the Committee.

The program proposals for next year elicited much discussion among the members of the Parent Advisory Committee. The Committee members expressed great concern that in spite of the projected budget reductions due to the changes in the aid formula prepared by the Federal government, that the remedial programs should be continued.

A brief question and answer period concluded the meeting.

Time-lapse photographs show how gradual action of Grecian Formula 16 lets you control just how much gray you slowly get rid of... some of it or all of it.

White Plains, N.Y. — Hundreds of thousands of men all over the country are now using a remarkable product to control just how much gray they slowly get rid of. It is called Grecian Formula 16 and the results are simply amazing. Grecian Formula 16 is a practically clear liquid, as easy to use as hair tonic. This remarkable formula works for any color hair because it combines with the natural chemistry of the hair to recreate natural-looking color. There is no mess and no rub-off. You simply use it every day for two or three weeks until you slowly get rid of just as

much gray as you want. Some of it, most of it or all of it. You can stop where you like. You are in complete control of how much gray goes or stays. Once you get rid of as much gray as you want, simply use Grecian Formula once a week or so to keep it that way. Since Grecian Formula 16 works gradually over a period of time, even close friends won't notice the change happening. The resulting color is so completely natural that the hair definitely does not have a dyed look. Grecian Formula 16 is available at

activities or to develop programs of their own and then to share these experiences with similarly inclined children through mutual correspondence. A high degree of interest has been reported by participating teachers and students particularly as a greater understanding of this country's heritage is developed. Inspired by the Colonial Committees of Correspondence formed between 1764 and 1776 by the "Sons of Liberty" and

patriots such as Samuel Adams, the Junior Committees emulate the primary method of communication — letter writing — used by the Colonists to fan the scattered sparks of independence.

Those participating in the program receive a teacher's kit for each classroom. Each kit contains an instructional booklet, two classroom posters, Junior Committee membership cards for each student and a partial list of Junior Committee groups with which to correspond. This program is jointly co-

sponsored by the Postal Service, the American Revolution Bicentennial Administration and the National Association of Elementary School Principals.

Garbage Shredders

Ferrous metals—mainly some 70 million steel food and beverage cans annually—are recovered magnetically from the garbage for recycling. Steel's magnetic property makes it the easiest material to separate from municipal waste.

On June 11, Mr. Tony Sullo's Green Hats won a close and exciting game against Pat Morris' Black Hats. Behind 6-3 in the bottom of the fifth inning, with two men on base, Anthony Sullo hit a ball over the left fielder's head for a game tying home run, and was followed by another home run blast by Terrance Doyle for the lead run. The Black Hats tied the game in the top of the 6th inning, but in the bottom of the 6th, Edward Rivera got his 3rd extra base hit that scored Paul Leo, who had lined a single. Final score was 8-7. Anthony Sullo's game tying home run follows his well-pitched no hitter against Mr. Weiss' Red Hats the previous week, and continues his bid for the All Star Team. Congratulations to both teams.

Team No. 7 (Aladdin Florist) won its second game of the season on extra innings. Tom Gambaro's leadoff single followed by Ed Sottile's single enabled Tom to score the winning run easily on Bill McCarthy's sizzling line drive base hit. Keith Berg, who pitched a scoreless 7th inning and drove in a run early in the game, was the winning pitcher. Great scoreless pitching by Ed Sottile in the 4th, 5th, and 6th innings, and a good pitching performance by Bill McCarthy contributed toward the 3-2 win.

Team No. 6 (Pathmark) was involved in a tight game Saturday. Team No. 5 (Pancake House) had just scored one run and had a runner on first and threatening, when the next batter hit a line drive to pitcher, Larry Martineau, who threw to Mike McDonnell for an inning ending double play. In the 5th inning, singles by Jeff Wider, Doug Nassissi, Bob Cook, and Joe Sullo scored two runs. The insurance run was scored by Gerry Schnebel, who tripled to lead off the 6th inning, and was driven in by James Schoenig. Team No. 2 (Coronet toy) pitching staff turned in shutout pitching. Joe O'Connell and Scott Gilchrist combined for the win. Wayne Fisher was the big batting star, with a 3 run homer and a 2 run double, drawing in a total of 5 runs. Joe Spadaro and Joe O'Connell each had two hits apiece. A great defensive effort as second base was turned in by Anthony Scibelli.

Team No. 8 (Meatgrinder) won its 8th straight victory this past Saturday, with another shutout. This was the fourth shutout in eight games. To date, the team has allowed only 15 runs, while driving in 94. The game was dedicated to Ron (Right On) Nakashian, a great player, who was unable to attend because of illness. The feared bats of team No. 8 continues to swing, as Jim Dougherty and Kevin LeBrecht homered. Jim Hughes, Tom Callahan, Paul Elenio, Dan Rivera, Eddie Rolston, Wayne Soderlund, George Danko and Joe Spinoza contributed with from one to four singles apiece. The pitching department was superbly staffed by Tom (The Bullit) Callahan, Paul Elenio, Jim Hughes and Kevin LeBrecht. The defense was supplied by the entire team.
