School Board Reorganization

by Shirley Smith

At its reorganization meeting held Tuesday night, the Hicksville Board of Education elected the following officers for the 1975-76 school year:

President - Iris Wolfson
Vice-Pres. - Thomas Nagle
Secretary - Neil McCormack
The board then appointed the following district officers and set their respective yearly salaries:

District Clerk - Marie Egan, \$3000.
District Treasurer - Herbert Backman, \$4400.
Asst. Treasurer - Daniel Arena (no salary)
District Auditor - Solomon Newborn \$5500.
Board Attorney - Joseph Campanella, \$13,200.

The school board voted to retain membership in the New York State School Boards School Boards Association, Nassau-Suffolk School Boards Association, National School Boards Association and designated the Mid-Island Herald

and the Mid-Island Times as the school district's official publications. Appointment of board committees will be made at a later date. Meeting dates will remain as the second and last Wednesdays of each month, but the starting time will be 8:15 p.m. rather than 8 p.m.

Following adjournment of the reorganization meeting, a special meeting was held to discuss a revote on the defeated referendum items, which the board has been petitioned to resubmit. The board also had an executive session for the purpose of interviewing candidates for the position of Assistant Business Manager, after which the board planned to vote on its choice.

Last week students from the Junior and Senior High Schools presented the board of education with 5,005 signatures requesting a revote on three propositions defeated by voters on June 4; No. 3 - transportation; No. 4, extra-curricular activities, interscholastic sports, supplies; No. 6

- community use of the buildings, building and grounds upkeep. Five percent of the signatures were checked and found to be valid and the board is legally obligated to comply with the petition within 20 days.

Joseph Campanella, board attorney, advised the school board that if they set a vote because it is petitioned, the earliest voting would be September. However, the board can decide on its own to have a revote and just comply with the propositions as petitioned. In the latter case, a vote could be scheduled in two weeks. Mr. Campanella did make it clear that the three propositions must be voted on as one package, as stated in the petition.

The board, after questioning some of the students involved in acquiring the signatures, decided to make a final decision on the revote at its meeting July 9. This meeting will be held at 8:15 p.m. in the Administration Building on Division Avenue.

NCCJ Workshops

The fifteenth annual summer workshops in Human Relations with special emphasis on "police and community relations" will be held by Adelphi University, Garden City Campus, in cooperation with the National Conference of Christians and Jews. There will be again two consecutive workshops: one for beginners, July 7 - 18, and an advanced workshop, July 21 - August 1.

Both workshops will be conducted by Dr. Herman Ebeling of Frankfurt, Germany. Ebeling, who holds an adjunct professorship of Human Relations was the Long Island Area Director of the National Conference of Christians and Jews from 1958 until his retirement in December 1974. He represents NCCJ as its international human relations consultant in Europe and is affiliated with the International Council of Christians and Jews. Dr. Ebeling has been the coordinator and director of the Adelphi Workshops in Human Relations since 1960.

The co-director of the workshops is Mrs. Mary L. Chrichlow of Elmont (until recently of South Ozone Park), the NCCJ director for Queens, Nassau and Suffolk Counties.

The workshops are designed for law enforcement officers and, generally, personnel of all branches of the Criminal Justice System, as well as for teachers,

clergy, community leaders and all those concerned with improving human relations in the community. The emphasis will be on a broad range of human relations techniques and insights leading to self-knowledge, understanding of others and a grasp of the social system in which human beings interact with each other.

"One of the major points for analysis and discussion this year will be," according to Mrs. Chrichlow, "the impact of the economic recession on human relations in our country. The curtailment of employment in the Police Department and elsewhere will be viewed in both its psychological and social significance. So will be the phenomenon of mass unemployment, especially among youth and above all, minority youth and its impact on the national psyche. The workshops," Mrs. Chrichlow said, "will combine, as in past years, sound behavioral scientific insights and the raw material of our day-to-day reality."

Three credits on the undergraduate or graduate level may be earned. Partial scholarships may be awarded upon request to the NCCJ office: 199 Jericho Turnpike, Floral Park, N.Y. 11001; Tel. 516-437-1839 or 212-343-1383.

Bicentennial House Open

The Bicentennial House in Eisenhower Park, East Meadow, officially opened to the public on Tuesday, July 1. Ideally located in central Nassau, the Bicentennial House will serve as headquarters and activities center of the Nassau County American Revolution Bicentennial Advisory Commission.

In advance of the public opening, the center was toured on Wednesday, June 25, by Nassau County Executive Ralph G. Caso and members of local Nassau County commissions during preview and reception at 4:30 p.m. To provide a facility for the Commission accessible to the public, the Nassau County Department of Recreation and Parks converted the former Historical Museum for use as the Bicentennial House.

The Bicentennial House will offer three major services as an information and resource center for individuals and organizations; a special events center and a center for craft workshops and school programs.

As a resource center, Bicentennial House will provide details of Bicentennial activities at the local, regional and national levels and will make available resource materials, pamphlets, maps and other reference items largely through the Nassau County Museum Reference Library, located in Bicentennial House. An information secretary, Dorothy McLaughlin, will be present Monday through Friday to assist local commissions.

The special events section will feature exhibits and demonstrations concerning the American Revolution both indoors and outdoors in season.

The center for school programs and craft workshops, by reservation only, grades programs presented by attendant interpreters on topics relating to the period such as the

RIBBON-CUTTING CEREMONY at the formal opening of Nassau County's Bicentennial House in Eisenhower Park, East Meadow, was led by County Executive Ralph G. Caso (r.) and A. Holly Patterson, Chairman of the County's American Revolution Bicentennial Advisory Commission.

Revolutionary War Soldier. The craft workshops will give participants an idea of the way things were made two centuries ago.

Bicentennial House, which also houses the Bicentennial Gift Shop to be operated by the non-profit Friends of the Nassau County Museum, near parking field No. 6, will be open to the public seven

days a week from 9 a.m. to 4:45 p.m. While no fee will be charged for general admission, a nominal fee may be charged to school groups and workshops participants. Additional information can be obtained by calling or writing Bicentennial House (292-4162) Eisenhower Park, East Meadow, New York 11554.

Red Cross Warns of Lightning Dangers

The natural fear that both humans and animals have of lightning is well-founded and should not be taken lightly.

Lightning storms annually account for many deaths and injuries, the ignition of forest fires that burn off thousands of acres of timberland and many residential fires. Many of these lightning deaths probably could have been avoided if proper precautions had been taken.

Although lightning can strike anywhere, said Mr. Henry Hartmann, Safety Programs Director of the Nassau County Red Cross Chapter, it usually tends to hit the highest point in a given area — a tree, tall building or hilltop. Farmers, golfers, fishermen and others working or playing in open areas of land or water are in danger during thunderstorms. The best course of action is to get inside when a storm threatens, he cautioned.

"When a person is struck by lightning," the Safety Director said, "he suffers a severe electrical shock and should be given immediate first aid treatment." If the victim has stopped breathing, administer mouth-to-mouth resuscitation immediately. Once breathing has been restored, burns or other injuries can be treated. Medical assistance should be summoned immediately.

Mr. Hartmann continued. As an approaching storm advances, shelter should be taken in a build-

ing — not a metal shed. If no building is available, take refuge in a ditch, cave or ravine. Avoid tall objects — trees, telephone poles, antennae, hilltops and exposed sheds. If there is no protection in sight, crouch in the open, away from trees, wire fences, clotheslines, pipelines, power lines, structural steel and other conductive objects. Stay off farm machinery. If swimming, fishing or boating, get out and off the water.

Homeowners should protect their property with properly installed and maintained lightning protection systems. When in a house during a storm, the Red Cross advises persons to stay away from open doors and windows, fireplaces, radiators, stoves, metal pipes and sinks. Do not use or handle current-carrying appliances such as radios, televisions, refrigerators, toasters, hair dryers, electric toothbrushes or electric razors.

Golfers should not handle metal clubs, umbrellas and pull carts, nor continue to ride on electric carts. Fishermen should not handle metal poles, wet hand lines or flammable materials.

Lightning strikes not only during a rainstorm itself, but during the muggy lull preceding rain. "When dark clouds threaten," concluded Mr. Hartmann, "don't risk possible injury or even death — seek shelter. Play it safe. And, if you don't know how to respond to a call for first aid take a Red Cross First Aid Course. Information as to when and how can be had by calling the Nassau Chapter at 747-3500, Safety Programs Office.

WELL DESERVED: Oyster Bay Town Supervisor John W. Burke, presents a Town proclamation to Dolores Cummings (right), in recognition of her many years of dedicated fraternal and community service to the Ladies Auxiliary of the Commodore John Barry Division Eleven, Ancient Order of Hibernians in

Hicksville. Peggy Donovan, Auxiliary President smiles in approval. The Auxiliary unit honored Mrs. Cummings their organizer and founding president during special ceremonies held at their recent successful Celli Dance held at the Joseph Barry Council, Knights of Columbus, in the community.

OCCASIONALLY adults help the volunteer boys mow the lawn at The Gregory Museum. Mr. Fabian Werner, 38 Lehigh Lane, Hicksville, recently stopped by to give a hand with the lawn. On another occasion he stopped by and planted some shrubs which he donated. Many of the activities of the museum are carried out by

volunteer workers, without whom the museum could not function. A few items The Gregory Museum badly needs are (1) a Fire Extinguisher, (2) a good First Aid Kit, (3) a Typewriter, (4) another Lawnmower. Donations of the above would be greatly appreciated.

Letter To The Editor

Mr. Willard and followers:

So you are the veteran of three wars. Do you now consider your attack on the Hicksville Schools another war? Are the students, faculty and administration the enemy? You fight against increased spending for education. Do you know that only seven billion dollars per year are spent federally for schooling while eighty billion dollars per year is spent for defense. If it was the defense budget you voted on would you also fight against the increased rate? What strange priorities our nation has.

The schools are not here to sell you out. The school is not a building to rally against. The school is your children, the future of the Hicksville community. So other districts cut programs, teachers and even schools to keep their budget down. We in Hicksville realize the value of developed minds. We wish to give our students every chance they can to use their talents and perhaps make this town a better place.

If this were your community hospital would you feel the same? Would you go along with closing it down to prevent an increase in your taxes? Many residents in Hicksville do not want a school tax increase because their children are no longer students. Would you feel the same if they decide to close the children's wing in the hospital? After all, your children can not use it. Don't you realize the school takes care of mental needs the same as the hospital takes care of physical ones?

Even if all a teacher did was to "play patty-cake with six-graders for 180 six hour days a year", Mr. Willard, wouldn't it be worth it? How many mothers at the end of the summer can't wait to get their children back in school, out of their hair? The school has charge of your kids for six hours a day. Isn't the cost

worth it? They get so much more than "patty-cake".

So who am I and why this letter? I'm just a seventeen-year-old who would hate to see Hicksville's future go down the drain. I would hate to see the increased crime, drug and vandalism rate when hundreds of kids who have no activities are out on the streets. I'm just a student who hopes to be a veteran of an educational system which teaches peace and not a veteran of three wars.

Eileen Bickard

To the Editor:

Last week appeared to be quiet along the pool pushing front so now is the time to ask questions about the plush and over-elaborate school-pool-park complex on the Geise property that the Hicksville Task Force is attempting to jam down the throats of the beleaguered Hicksville taxpayers based upon the desires of three percent of the Hicksville residents. (It would be a fair guess that most of the three percent didn't know what they were going to get for a pool when they said they wanted a pool.)

Do you think Councilman Doolittle has requested the State Legislature to authorize a referendum on the park proposal? If he has he should say so and then those that favor a referendum can offer their support. However, if he hasn't yet made a request to the legislature, do you think he will? If so - when?

Do you know that it is difficult to understand why they are pushing such an extravagant and imprudent park. Cantigue Park with its large beautiful pool is located here, and there are two other pools on Beach Lane and on West Village Green available to Hicksville residents. But even more puzzling is why they continue to call it a "Community Park". The Geise property only contains about six and one-half

acres. This is far less than the twelve acres recommended as a minimum for community parks by the Nassau County Park Planning Commission. So now ask yourself, what are the advantages of a Community Park?

1. It is certainly not to the advantage of Hicksville residents to foot the entire ten million dollar cost and the untold millions for maintenance thereafter.

2. Will the park pools be just for Hicksville residents? It can be if it becomes self-supporting. But why should Hicksville's park be any different from those already established. Need the Councilman be reminded that each of the other Community Parks in the Town of Oyster Bay have already opened their pools to all who can pay the fee, regardless of where they reside.

3. Is it to the advantage of Hicksville residents to have so much on so small a space? Just think. We will have an indoor pool, an outdoor pool, a training pool, 4 tennis courts, 2 basketball courts, a very large gymnasium, a complete with meeting rooms, craft rooms etc.), a senior citizens area, a picnic area, and space for 180 cars to park. All of this - on six and one-half acres. Can Mr. Doolittle tell us how he can put all of that on so small a piece of property in a fully built-up residential area, without rendering valueless the peace, quiet, and tranquility that the nearby residents hoped for when they purchased homes in Hicksville to escape the bankrupt, crime-ridden entity to the west? I sure hope he comes out with his "short shrift shrubbery" bit that he uses so frequently in meetings.

Gentle lady, if the sheep of Hicksville don't bleed their voices loud enough in protest, down the primrose path to poverty we'll all go.

Hicksville Soccer Club

"How sweet it is" to be able to win when the chips are down. The VFW Boys Red used the Annual Huntington Soccer Club Tournament as a vehicle to perfect their driving, aggressive game. The team reached the semi-finals the hard way, with a desperate necessary win over the L.I. Jr. Soccer League Champs (Northport) in the final elimination round.

The victory was proven decisive as our Boys took the semi final rematch against the same team 3 - 1. Few games could match the intensity of the final, as Hicksville - Huntington vied for the Tournament Trophy. It took the full double overtime and penalty kick competition to produce the 2 - 1 win for Hicksville. Every player on the Hicksville team deserves accolades for their efforts during the entire tournament. The team demonstrated the success that comes from coordinated team work and desire as taught by coaches P. McHugh and B. Cresham.

Also on the tournament circuit, the Boys Blue, sponsored by the Marco Polo Lodge, maintained Hicksville's integrity in the Willingboro International Tournament. The uneven competition produced a record of 16 goals for and 5 goals against which placed them solidly in third, and just barely out of the finals.

Registration statistics illustrate our community's increasing interest in Soccer. The Club is proud to claim an enrollment of well over 500 boys and girls.

The final results of intramural competition will be published over the next few weeks.

Hawkins knocked out 3 runs apiece in heading the blue team to their 8th win of the season. John McAleese won his 5th game pitching a 2 hitter. Harrison Heiman had a double which broke up John McAleese's no hitter. 6-20-75

Blue team 21 - Paragon 2

The blue team ended the season on a high note. They won their 9th game of the season giving them the best overall record at 9-3. This enables them to meet the winner of the 4-team playoff on June 30th for the League Championship. Chris Fiume collected three hits including two doubles. Craig Holzhauser and Ron Mitchell each collected two hits. George Tamborello pitched a 1 hitter and did not walk any. 6-12-75

International House of Pancakes closed out the season on a winning note. Neal Teney pitched three shutout innings and Andrew Jedd, in addition to pitching three innings, hit a two run homerun. Neal Teney and Kevin Dunston each contributed to the winning effort by going three for three. Tight defense was supplied by Danny Skarka and John Cascardo.

Aladdin Florist's two out, two run "come from behind" last inning victory was helped by Chris Colasanti's game tying hit and Tom Gambaro's game winning hit. Bill McCarty had three base hits, one of which drove in the first run. It was however, Ed Sottile with three scoreless innings of pitching, including five strikeouts, three base hits and two runs scored, who was instrumental in the win. Hitting and pitching was supported by fine back up fielding from Doug Barrett, Nick and Michelle La Vacca and Brian Marcinak.

The playoff game for the farms will be held July 7, 1975 between teams 8 (Meatgrinder) and team 2 (Coronet Toy) at the Fork Lane School. The following are the rosters for the two teams.

We've been helping people around here since the days when traffic noises went clippety clop.

When Queens County Savings Bank first opened its doors, the horses were on the streets and not under the hoods.

That was in 1859, and we were the first and only savings bank in Queens.

Today, we're a \$580 million bank with five offices in Queens and two in Nassau. We've grown to where we are by going quietly about our business —advising people on the best way to save and then paying them the highest rates the law allows on Regular and Day-of-Deposit to Day-of-Withdrawal accounts, compounded daily, credited quarterly. Each depositor's account is insured by the Federal Deposit Insurance Corporation up to \$40,000.

There's probably an office of "the quiet bank" just around the corner from where you live or work. Some of our offices even have drive-up windows so you can do your banking from your car.

And you won't even have to honk your horn to get our attention.

Social Security

QUES: I was recently in the hospital for a week. Now, my doctor has ordered part-time nursing care for me at home. Will my Medicare help pay for this care?

ANS: It may. Medicare can help pay for home health care-part-time skilled nursing care, physical and speech therapy, and other services-if certain conditions are met. You can find detailed information about home health care in Your Medicare Handbook, the blue-covered booklet sent to people who have Medicare. If your copy is lost, call or write any social security office. Your local office is at One Station Plaza North, Mineola, N.Y. The phone number is PI-7-5470.

QUES: Because I work and get social security retirement payments, I had to give social security an estimate of my 1975 earnings. Now it looks like my earnings will change. Do I have to report this?

ANS: Yes, you should. If you are earning less than you originally estimated, you may get additional benefits during 1975 if you report the change. If you don't report the change, however, and you earn more than you originally estimated, you may get payments not due you and have to pay back some money at the end of the year.

QUES: My neighbor is severely disabled so it's difficult for her to do any housework. She can't afford to hire someone because her only income is a supplemental security income payment. Is there some place she can get help?

ANS: States provide social services to people getting supplemental security income payments. These services can include help with household chores, meal preparation, laundry, and marketing. Tell your neighbor to contact your local public assistance office for more information.

NOTICE IS HEREBY GIVEN pursuant to Chapter 332 of the Laws of 1954 and Article 12 of the Town Law, that the Town Boards of the Towns of Oyster Bay and Hempstead, Nassau County, New York, will conduct a public hearing at a joint meeting to be held at Town Hall Annex, 65 Broadway in Hicksville, New York, on the 15th day of July, 1975, at 9:00 o'clock A.M., Eastern Daylight Saving Time, at which time and place said Town Boards will hear all persons interested in the following proposals:

A) To increase and improve the facilities of the Central Park Water District (also known as the Bethpage Water District) in said Towns, in order to maintain an adequate water supply system of good, potable water for said District, by deepening existing Well No. 10 at well site No. 4 situated at the foot of Sophia Street, in Bethpage, New York, and to reconstruct a new stainless steel screen for such well; all at a maximum estimated cost of \$130,000; all in accordance with a map, general plan and estimate, prepared by Holzmacher, McLendon & Murrell, competent professional engineers, duly licensed by the State of New York; and

B) The above amount is to be raised by the issuance of serial bonds of each town in

with 3 hits and a walk: Bob Dunne, Lee Meehan, Tom McCann, Larry Gray and John Kneisel each had 2 hits apiece. John Kneisel also had 5 RBI's. Steve Hays made the fielding play of the game in the last inning with tying runs on base and no one out, he made a running, diving catch in center field, he then got up and threw it to second for a game saving double play.

Goldman won 2 games over Hardee's with a score of 8-7, and 1 over Power Test with a score of 3-0. In the first game pitching duties for Goldman were shared by Steve Jankowski, Bill Vullono and Al Libardi. But the final win went to Keith Erickson, who pitched in the sixth inning and kept Hardee's from scoring any runs, it was Keith's first appearance on the mound and it

was a job well done. In the hitting dept. Billy Vullono had the game winning double and Steve Jankowski with an extra base hit which was a triple. Jim Boehmler lead in RBI's, 3 at bats and 3 runs across the plate.

In the second game Billy Vullono and Steve Jankowski teamed up for Goldman to pitch a 3-0 shut-out against Power Test. They allowed only 4 hits and did not let a Power Test runner reach third base. Power Test's pitching cooled Goldman to a total of 6 hits, 3 of them in the first inning. Lead off batter Al Libardi singled, followed by Billy Vullono who also singled and clean-up batter Steve Jankowski came up with the big blast of the game with a solid hit into centerfield for a 3-run homer, it gave Goldman their 3-0 lead and it stayed that way for the next 5 innings. inning, Mike Mattei finally ended the game with a steal of home. Joe Sticco was the winning pitcher. This victory gave R.M.J. Securities it's seventh win without a defeat and assured them of the second half title.

On June 28th, the Senior Minor League championship game was played between World's Fair Liquors and R.M.J. Securities. The game started with R.M.J. Securities pitcher Joe Sticco striking out the first six batters he faced with a wicked curve ball. Scott Vitranio got the first hit off Sticco with a single in the 3rd inning. He then stole second and came home on a singly by Jerry Sozio. This made the score 2-0. A double by Matt Sullivan tied the score in the 5th inning.

In the bottom of the sixth, World's Fair Liquors, Mike Wagner laid down a perfect drag bunt down the first base line. He proceeded to steal second, third, and home. A walk to Bob Ryan, two hit batsman, and a double by Billy Gribbin made the score 5-2.

In R.M.J. Securities 7th, doubles by Paul Wiedenhaefer and Nicky Guadagno made the score 5-3. Bob Ryan tired at this point, and was relieved by Jerry Sozio, who struck out the last two batters. This gave World's Fair Liquors, managed by Charlie Mues, the 1975 championship.

The Director of the league, Ted Walsh, would like to thank all the managers listed below, for their cooperation, and also for their dedication to the youth involved.

with 3 hits and a walk: Bob Dunne, Lee Meehan, Tom McCann, Larry Gray and John Kneisel each had 2 hits apiece. John Kneisel also had 5 RBI's. Steve Hays made the fielding play of the game in the last inning with tying runs on base and no one out, he made a running, diving catch in center field, he then got up and threw it to second for a game saving double play.

Goldman won 2 games over Hardee's with a score of 8-7, and 1 over Power Test with a score of 3-0. In the first game pitching duties for Goldman were shared by Steve Jankowski, Bill Vullono and Al Libardi. But the final win went to Keith Erickson, who pitched in the sixth inning and kept Hardee's from scoring any runs, it was Keith's first appearance on the mound and it

was a job well done. In the hitting dept. Billy Vullono had the game winning double and Steve Jankowski with an extra base hit which was a triple. Jim Boehmler lead in RBI's, 3 at bats and 3 runs across the plate.

In the second game Billy Vullono and Steve Jankowski teamed up for Goldman to pitch a 3-0 shut-out against Power Test. They allowed only 4 hits and did not let a Power Test runner reach third base. Power Test's pitching cooled Goldman to a total of 6 hits, 3 of them in the first inning. Lead off batter Al Libardi singled, followed by Billy Vullono who also singled and clean-up batter Steve Jankowski came up with the big blast of the game with a solid hit into centerfield for a 3-run homer, it gave Goldman their 3-0 lead and it stayed that way for the next 5 innings. St. Ignatius Girls' Cadet Corps

For more than seventeen years, the girls of the St. Ignatius Girls' Cadet Corps, have represented Long Island and especially Hicksville, at many competitions and parades.

In 1966, they were ranked third in the nation in a contest held in Washington D.C. They went on to win the Nassau American Legion Competitions from 1963 through 1975. In March of 1971 they were selected as the best corps at the New York City's St. Patrick Day Parade.

The corps is recognized nationally as one of the finest groups of its kind for the intricacy of its precision marching as well as for the quality of its music.

The St. Ignatius Girls' Cadet Corps is made up of girls of many different faiths and ethnic backgrounds. They range in age from twelve to twenty one. The things that bind these young girls together is their dedication to hard work, a love of music, and the desire to make their parents and community proud of them.

That the performances are of such consistently high quality is the result of long, hard work under the supervision of the Director, Mr. Tom Costa and their instructors: Carmen Cluna-Drill, Hy Dreitzer - Horn, Jim Drost and John Oddo - Drum, Tom Beresford - Colorguard.

Their business manager is Howard Zimmerman. The Corps is lead by Majorette Susan Haverly and their Colorguard Capt. is Karen McCaffrey.

The 1975 repertoire promises to be more exciting than ever. The girls start with "Oklahoma Crude-Golden Slippers" and then go into "When Johnny Comes Marching Home". The popular "Light Fingers" is next and the girls follow this with their ever-famous "Coke Song". "True Grit" and "Red River Valley" finish their exciting new show.

The girls are holding their annual "Pageantry in Brass" at the Hicksville High School, Saturday, July 26, at 8 P.M. The price of the tickets are: Adults \$3.00 and Children \$2.00.

L.I.C. might have had an advantage over Sizzler. The first 3 innings looked that way as L.I.C. took an early lead 2-0 but Sizzler came back to take the lead 4-2 and were never to be caught. After the third L.I.C.'s pitching broke down and Sizzler went on a hitting spree to collect 13 runs. The Sizzler pitchers Brent Harrison, and Vince Scialabassi, were the stars of the game allowing only 5 runs to L.I.C. The following are the players of Sizzler: John Beschloss, T.J. Bittner, Mike Ferrado, Brent Harrison, Armand Keurian, Mike LaGrasta, Kathryn Maken, Kevin McDermott, Eileen McQuade, Kevin Pejril, Charles Porcasi, John Riccardi, and Vince Scialabassi.
