## Hicksville Kiwanis Aids HAD

Help-Aid-Direction (H.A.D.), Hicksville's own youth and family counseling, drug and alcohol abuse prevention center, because of new state funding cutbacks and bureaucratic guidelines, will be forced to severely restrict its recreational and socialization activities as of July 1, 1975. Many of its "positive recreational alternatives" designed to keep teenagers off the streets, out of legal troubles, and away from drug abuse will no longer be paid for by state appropriations. H.A.D. must more desperately depend upon the increased generosity of local residents, businessmen, fraternal and community minded organizations in order to fund services curtailed by new state guidelines.

Fortunately, for the H.A.D. organization, youth-concerned groups like the Kiwanis Club of Hicksville have not forsaken H.A.D. in its time of need. Under the leadership of its President, Dr. Richard Smith, the mem-

bership of the Hicksville Kiwanis Club just recently voted a very generous donation of \$150.00 to help H.A.D. in the counseling and referral of troubled individuals.

A spokesman of the Hicksville Kiwanis indicated that "This \$150.00 donation was just an emergency measure to tide H.A.D. over until October, 1975 when our new Board of Directors formally takes office. At that time, an additional contribution will be given very serious consideration."

Help-Aid-Direction sincerely appreciates the deep concern for troubled youths and warm-hearted support shown by Hicksville Kiwanians for the continuing counseling services of the H.A.D. agency. The money donated by the Kiwanis will be utilized by H.A.D. to pay for counseling expenses not covered by state funds.

John Maniec, H.A.D.'s Executive Director, just recently announced that his agency must move the counseling service from

its present 389 New South Road location to the fourth floor of an office building at 76 North Broadway, Hicksville. This move is scheduled to be completed by August 1, 1975 and is required to satisfy new state guidelines. It will necessitate the severe curtailment of many present successful recreational and socialization activities. Mr. Maniec appeals to the community for financial donations to the future recreational positive-alternative activities can be contemplated. Furthermore, with this new move, H.A.D. will need to acquire additional couches, chairs and various types of office equipment and furniture which are in good condition.

If any individual can come to H.A.D.'s assistance, they can contact Mr. Maniec at WE 5-6858 or visit H.A.D.'s counseling facility on New South Road throughout July, Mondays through Thursdays, 12 noon to 5 p.m. and 6 p.m. to 10 p.m.

## Hicksville P.M. On Consumer Protection

The U.S. Postal Service demonstrates its concern for consumers in two major areas: (1) protection of postal customers from commercial deception under the authority of the Mail Fraud Statutes; and (2) response to complaints about mail service through the Consumer Advocate's office.

The Consumer Protection Office of the Postal Service's Law Department protects consumers from commercial deception by mail through administrative enforcement of laws prohibiting use of the mails to obtain money

or property by misrepresentation.

The Consumer Advocate and his staff handle mailing problems not resolved at the postal customer's post office. Hundreds of letters and telephone calls for assistance are received weekly. In addition to responding to these complaints, the Consumer Advocate analyzes them so attention can be focused on specific types of mail, certain cities and/or geographic areas which appear to be the source of an unusual number of problems. In this way corrective action can be taken by postal managers.

## New High School Principal

Bishop Walter P. Kellenberg of the Rockville Centre Catholic Diocese this week announced new clergy appointments including a pastor emeritus, a new pastor, a Catholic high school principal and a coordinator of religious education.

The Rev. Alphonse J. Cizmowski is pastor emeritus of St. Ladislaus Church in Hempstead. Succeeding him as pastor is the Rev. John J. Mirecki.

The new principal of Holy Trinity Diocesan High School, Hicksville, is the Rev. John C. Seidenschwang.

And the Rev. Francis X. Gaeta assumes the new post in the diocesan Education Department as Coordinator of Religious Education in diocesan Elementary and Secondary Schools.

Father Seidenschwang succeeds the Rev. Patrick J. Young as principal of Holy Trinity.

Father Young will stay on at Holy Trinity until the end of July to assist Father Seidenschwang.

Ordained in 1963, Father Seidenschwang has been on the faculty of St. Pius X Preparatory Seminary in Uniondale for the past seven years. Prior to that he had served in St. Thomas the Apostle parish, West Hempstead.

Born in New York City, he was educated at Immaculate Conception School, Astoria, Our Lady of Perpetual Help School, Lindenhurst; Bishop Loughlin High School, Brooklyn, and completed studies for the priesthood at Immaculate Conception Seminary. He has also studied at St. John's University, Jamaica, and St. Bernard's Seminary, Rochester, and Iona Institute of Pastoral Counseling, New Rochelle.

He has served on the diocesan Commission for Sacred Liturgy, Music and Art.

## Hicksville Bicentennial Exhibit

While undergoing insulation and some interior renovation designed to improve display areas this summer, the historic Hicksville Jail at Heitz Place will remain open daily and weekends with the exception of July 4th Weekend.

Of continuing special attraction during the month of July will be the Bicentennial exhibit honoring the Early Events of the American Revolution. A fine pictorial display recalls the background events to the Battles of Lexington, Concord and Bunker Hill while artifacts and old weapons suggest the culture and arms which characterized the Revolutionary Era.

On display yet will be the dramatic and colorful diorama, "The British Retreat From Concord." The work of Hicksville's gifted military diorama-artist, Edward Tester-Gebeau, the striking creation depicts through the mediums of hand painted and crafted backgrounds, terrain and military miniatures the British raid into the Massachusetts countryside in 1775 which stirred a Hornets' nest of resistance and outright rebellion upon King George's soldiers.

Efforts are being made by the Historical Committee of the Gregory Museum which occupies

and maintains the National Historic Place, the Old Heitz Place Courthouse and Jail, to present an exhibit in August of many of the photographs showing the events and people of the past fifty years at the Hicksville Junior High School building on Jerusalem Avenue. The old yearbook and sports pictures

were a memorable and nostalgic part of the week-long program. June 27 marking the Golden Jubilee of the community's oldest school. It is hoped that alumni and citizens who missed the earlier opportunity to enjoy seeing the photographs will be able to view them at the Gregory Museum.

## To Host Israelis

Thirteen Israeli teenagers and their staff will be getting a sample of Jewish life in the United States this summer. They will arrive in Nassau-Suffolk as part of their study-tour on July 16th.

During their week-long stay in Nassau-Suffolk, each Israeli will be the house guest of a Jewish family in a program sponsored by B'nai B'rith Youth Organization.

The study-tour is designed to give the young visitors some first-hand experience of Jewish life outside of their native Israel. The host families have sons or daughters who are members of B'BYO or are B'nai B'rith members.

The thirteen Israelis are members of Noar Lenoar, a 5,000-member movement that is the Israeli counterpart of B'BYO.

## Garbage May Solve Energy Crisis

Stating that garbage may soon be "worth its weight in oil," Nassau County Energy Coordinator Francis E. O'Connor had high praise today for a plan by Hempstead Town to turn garbage into useful energy.

O'Connor, who is also Nassau's General Services Commissioner, made the comment in a radio interview with Hempstead Town Supervisor Alfonso D'Amato.

Under the town plan, a private firm will be granted tax exempt status to locate a refuse plant near Westbury, where all metals and glass will be separated and recycled. The residue will be compacted into combustible units and used to produce energy.

O'Connor said that the town's decision to bring in private enterprise without taxpayers' dollars "is a giant step by local government towards a long-term

solution to our energy needs." He added: "If the federal government would follow through on similar plans and priorities we can truly achieve energy independence in the traditional American way without a massive bureaucracy or sole reliance on vested oil interests."

O'Connor explained that the County's Bureau of Energy Resources, a sub-division of the General Services Department, is concerned immediately with energy conservation and energy alternatives.

"In the long run," O'Connor said, "we are looking towards involving the County in demonstrations of renewable energy sources and developing effective policies to insure that Nassau County residents get their fair share of petroleum products at a fair price."

## Study Program For Students In Israel

Women's American ORT, Organization for Rehabilitation through Training, is a worldwide vocational training program of the Jewish people. There are more than 75,000 students throughout the world, with over 45,000 students in ORT in Israel alone. Women's American ORT and the Department of Education and Culture of the World Zionist Organization, in cooperation with the Ministry of Education and Culture of the State of Israel and the Minhag Hadustentim with ORT Israel, will sponsor a secondary school program for the 10th and 11th grade North Americans at Kibbutz Shefayim, twenty minutes from Tel Aviv.

The goal of this program is to give the student a deeper understanding of Israel and its place in Jewish life, to provide the student with useful vocational skills and knowledge, to provide the opportunity to live and study with Israeli youths, to nurture the students' identification with the Jewish people and the land of Israel, to give the students a thorough knowledge of the Hebrew language, and to provide an enriching group-living experience.

The students will be given a Hebrew Ulpan, but their general studies will be taught in English.

The program will follow the required curriculum of the American public high school system and has the approval of educators in this country and Canada. The Judaic program will include study of the Hebrew language and literature, Bible, Jewish history, Jewish values and contemporary Israel.

Related to the formal study program will be many extracurricular activities, work experiences, planned and supervised field trips and tours, cultural and recreational programs with Israeli teenagers.

The students will leave as a group from Kennedy International Airport in New York in September and will return in June of the following year. Generous scholarships are available in many communities to help defray the cost.

## Jones Beach Bus Fares Reduced

Bus fares from Freeport and Wantagh to Jones Beach State Park have been reduced from 50 cents to 25 cents, according to A. Holly Patterson, chairman of the Jones Beach State Parkway Authority. In addition, there will be "shuttle type" service across the Wantagh and Meadowbrook Causeways to and from the beach and Merrick Road at 15 cents each way.

While the rate reduction will attract more people to the beach, it serves a double purpose—

reducing the number of youthful hitchhikers. Parkway Police have begun stepping up enforcement of the hitchhiking prohibition, adding extra patrols to turn back offenders.

Considered to be a major traffic safety measure on approaches to all causeways, the crackdown on hitchhikers comes at a time when the reduction in bus fares will be most welcome to young people. The problem, acute over the years, has spread

to considerable ride thumbing on the beach parkway itself, posing additional traffic safety hazards.

Concurring in the reduced rates were the Metropolitan Suburban Bus Authority, represented by Nassau County Executive Ralph G. Caso, and David Yonich, chairman of the Metropolitan Transit Authority, because of the prevailing severe economic conditions, and the desire to make more mass transit available to the public.

## Letters To The Editor

Dear Mrs. Noeth:

On behalf of the Men's Division, and the Ladies Auxiliary of our fraternal organization, may I say that we are most appreciative of the news and photo coverage given by your well read weekly publication in the Hicksville community, of our special events throughout the year.

We pride ourselves in not only having a large membership in both the men's and ladies unit, but in being actively involved in our Hicksville community. Our sponsorship of a Hicksville Soccer team, a Hicksville Little League team and other charitable endeavors, will be our continued interest in the youth of our great community.

We wish you continued success in your local coverage of the events as they happen in our community, and will keep you apprised of our activities, which will again highlight our community in September at our 3rd Annual Nassau County Feis to be held at Holy Trinity High School Field.

From your host of Hibernian friends, Thank you.

Frank Larkin, Division President  
Peggy Donovan, Auxiliary President

Dear Sheila:

It has been said that a little knowledge can be a dangerous thing, but it is also true that a lack of knowledge can often be of grave disservice to others.

In Frank Willard's latest letter, he has again misrepresented the long-standing efforts of the Hicksville Park Task Force and has failed to acknowledge publicly announced future steps that have been planned to assure that the full voice of all residents in the Hicksville Park District can be heard before further action is taken regarding the actual recreational development of the Hicksville Community Park.

The writer has again implied that an effort is being made to force an unwanted plan on the residents of Hicksville. Exactly the opposite has been true, as evidenced by public hearings held by the Town Board — by the Hicksville Task Force poll of all residents regarding their desires — by the extensive efforts of the Task Force (both collectively and individually) to advise all interested organizations and individuals of the progress being made in development of a plan, — and by the efforts currently being undertaken to allow residents of the Park District to actually go to their polling places and cast votes regarding the preferred plan of the Task Force.

Nothing could be fairer than an actual vote, but first enabling legislation must be enacted by the State to permit the Town to hold a referendum on the park plan.

Realizing this, Oyster Bay Supervisor John W. Burke and I encouraged the Town to pass a "home rule" message, a signal to State legislators that such legislation is, indeed, wanted by the local Town Board.

This message was passed unanimously on Tuesday, June 10th, as part of the Town Board's regularly scheduled public session. Since that time, I have indicated this action during my conversations with local Hicksville residents, and would have gladly offered Mr. Willard the same information if he had been in contact.

The legislation has already passed the State Senate, where it was introduced by Senator Ralph J. Marino. As of this writing, the companion measure is in the Local Government Committee of the Assembly and I am hopeful for its passage there and the signing into law by the Governor.

Finally, I would like to point out that Mr. Willard has, once again, misrepresented the estimated

cost of the park. If this statement and some of my other remarks sound familiar, it is only because Mr. Willard has offered readers of this paper misconceptions and misinformation before.

Perhaps the medium of the "letter to the editor" does not lend itself to an understanding by Mr. Willard of the past and planned actions of the Task Force and what it is trying to accomplish. As stated above, this group has been most willing to meet with all interested individuals regarding the park development.

I encourage Mr. Willard to contact me at my Town Hall office (922-5800 - extension 311) to arrange for a meeting between himself, Task Force representatives, and myself to make a serious effort to resolve obvious misunderstanding.

Very truly yours,  
Warren M. Doolittle, Councilman  
Town of Oyster Bay

To The Editor:

My first reaction to Miss Eileen Bickard's letter taking exception to my urging a "NO" vote on the school budget was to ignore it as the prattlings of a non-taxpaying teenage. Her questions are facetious and undeserving of reply. Nonetheless, by writing a letter, she has shown herself to be interested in her franchise as a citizen. For this reason, a reply is made.

The first question to ask about the proposed school budget is, "Why seven propositions?" The answer to that is simple: "To de-emphasize a budget hike of \$2 million; to mask the inevitability of the \$2 million hike; to create voter apathy which usually results in a light voter turnout; and to appeal to the self-interest of voters, and to hold voter desired items in hostage for the \$2 million hike." All of this was done very skillfully by the use of the seven propositions.

1. Newspaper legal notices about the budget up to May 15th DID NOT contain a dollar value for Proposition 1.

2. On May 15th, just a few days before the budget's legal hearing, a value of \$26.1 million was listed for Proposition 1. This was \$705,000 above the entire budget for the previous year. However, last years budget included items totalling \$1.3 million which were now in Propositions 3 through 7. Therefore, add the \$1.3 million dollars to the \$705,000 and note the cost of just Proposition 1 equates to an increase of \$2 million dollars over last year's entire budget.

3. With an increase of 2 million dollars the budget would be defeated. Thus, the problem for the school board was to channel voter concern away from the 2 million dollar hike and into more parochial areas such as transportation, athletics, books, auxiliary police, and paper. The solution was to develop seven propositions.

4. Proposition 1 was designated as a contingency austerity budget. In effect this meant the increase was an inevitability whether approved or not approved by voters.

5. The board realized many voters would vote for Proposition 1 and its 2 million dollar increase because of its inevitability. They also realized many "NO" votes would remain home because of a "what's-the-use" attitude that inevitability would bring — and that attitude breeds apathy. Thus a coalition of school administrators, teachers, school employees, and HCBE spendthrifts could approve the budget by default.

6. By making the budget increase inevitable, the voters were then given the choice of parochial items in the other propositions — at an additional cost of course. The board knew

that a vote for any of the propositions (2 through 7) would also include a vote for 2 million dollar hike in Proposition 1. The board surmised that holding voter-desired items in hostage could assure passage of the budget because voter concern for their children would generate self-interest "YES" votes. Thus all the goodies in Proposition 1 for school administrators and teachers would have voter approval—maybe unwilling approval, but approval.

The actions listed above are unworthy of a school board. In spite of their platitudes to the contrary, the 7 propositions did not offer the voters a choice at all. It merely assured the passage of a bloated proposition 1— with nothing in it for the kids. It was obvious that there was no way of preventing it without disapproval of the entire budget by the voters.

The second question, "what caused the budget to increase so drastically?" cannot be answered by the simplistic reply of "Oil and Inflation". Nor can the answer be simplistic to the third question, "where can savings be effected?" Many examples of each could be cited, but in the interest of brevity, only one of each is given.

1. The before-election announced layoff of assistant principals and other personnel, and their after-election hiring as "permanent substitutes", at salaries ranging up to \$25,000, is a flagrant example of waste. Seven of them will average \$24,000 per year and the other three will average \$15,000 per year at a cost of \$213,000. This is a needless expenditure of \$176,000 because if all were hired for the entire school year at the substitute teacher pay of \$35 per day it will cost only \$63,000.

2. Teacher sabbaticals in the past were sacrosanct and necessary. Now they have been turned into year-long vacation at taxpayer expense. Teachers receive 75 per cent of their annual salary while on sabbatical. Last year, this cost the district over \$150,000. This is a teacher luxury the district can no longer afford.

School administrators are not excluded from the domain of the "invisible hand" which directs people for their own self-interest. School board members must be integrity conscious at all times, capable of knowing and doing what is right. They should be more than just rubber stamps for the school administrators. If they are rubber stamps, the trust placed in them is being ignored. They should and will be voted out in future elections.

As Eileen reaches maturity and begins to pay taxes, perhaps fiscal sanity will have returned to school budgeting, and the school board will share and be more responsive to the concerns of all its residents. If so, Eileen may be spared the ever-increasing monthly tax payments. She may even be able to afford living in Hicksville.

Sincerely yours,  
Frank H. Willard  
Ex-sheep.

### LOVE, HONOR, AND OH BOY.

#### Part 3 - OH BOY

Finally, we come to the last ingredient for a good marriage. It is the most important ingredient of all. It is the one that can help us when we have one of those "Oh Boy" experiences in life. This ingredient is Jesus Christ. I recently read of a woman who told her husband one evening that the Pastor had come to visit that day. "What did he say?" the husband asked. "Well, first he came in," she said "and before I had a chance to say anything he asked kind of a strange question. He asked 'Does Christ live here?' "Well," the husband responded, "Didn't you tell him we are

responsible people, we read the Bible and pray and go to church every Sunday?" To which his wife then answered, "He didn't ask those questions, he only asked 'Does Christ live here?'"

There's only one place for Jesus Christ in your life and in your marriage, that's right in the center of it. He wants to be involved with every aspect. Most marriages are not made in heaven; they come in little kits that you have to work at. Jesus Christ wants to help make your marriage work. He's not just an Alka Seltzer for the "Oh Boy" experiences in marriage, but He is a savior for a whole new life

and whole new possibilities.

Whether you have been married for a year, twenty five years or fifty years, the Lord Jesus Christ wants to help you make your marriage even better. He wants to help you bridge the troubled waters of your life. He wants to help you increase your joy as you reach for the heights. Love, honor and Jesus Christ can bring a breath of fresh air to a troubled marriage. It can also bring to a good marriage an even greater amount of joy.

Love, Honor, and Jesus Christ are three ingredients for a good marriage. Use them, use them, today.

## College Will Open Season at Lakeside

The second half of the Nassau College Parks Department's free summer theatre program will shift to the Lakeside Theatre at Eisenhower Park on Friday, July 11, with a showing of the colorful Broadway musical hit "Stop the World, I want to Get Off," starting the six-week season there.

This colorful Broadway musical hit is a lively story about the modern "Averageman" who claws his way to the top. It will be shown Friday and Saturday, July 11 and 12, at the Lakeside Theatre. Admission is free.

The following Thursday and Friday, July 18 and 19, will see "A Night of Cole Porter," an original musical review assembled by Nassau College graduate Jeff Goldstein. The show takes a progressive look at Cole Porter's works from the 1920s through the 1950s. Director is Martin Mann, with musical direction by Allan Scott Kashkin.

The musical potpourri will carry the audience through highlights from smash hits such as "Anything Goes," "e-kiss Me Kate," "Can Can," and "Silk Stockings." Among the 23 songs to be done are such popular selections as "Night and Day," "I've Got you Under My Skin," and "I Get a Kick Out of You." An audience sing-a-long is scheduled.

## Warning On Use Of Outdoor Propane Grilles

Stating that "simple carelessness can lead to destruction of property or personal injury," Oyster Bay Town Supervisor John W. Burke has issued a sharp reminder on the proper handling of propane tanks used to fuel outdoor grilles.

Burke cited recent propane-related accidents reported by the Town's Building Division as his

reason for issuing the warning.

"Gas-fueled grilles have become quite popular due to the convenience they provide," said Burke. "It is precisely because these devices save time and effort that those who use them should be willing to take a few minutes to be sure they are not endangering lives or property." Misuse of propane tanks has

resulted in a number of fires and other property damage this year, according to the Town Supervisor.

In one instance propane (which is heavier than air) was leaking from a grille and drifted from a backyard to the cellar of a neighboring house; this was discovered after the leak had caused the grille to catch fire, but

was caught before further damage was done.

Burke has urged those using propane tanks to follow the suggestions of the Town's Building Division. Copies of the guidelines have been distributed to every fire department and company in Oyster Bay through the Town's Fire Safety Advisory Board, and are also available at the Building Division, the Town Clerk's office on Oyster Bay hamlet, and in the Town Hall Annexes in Hicksville and Massapequa.

### Suggestions

- 1) Transport, store and use cylinder only in an upright position; use and store cylinder only outdoors.
- 2) Position cylinder so that the connection of the regulator to the cylinder can be made without kinking the hose.
- 3) Connection of the regulator to the cylinder can be made only by screwing the Regulator Inlet Connector, which is part of the

regulator assembly, into the cylinder valve. This connector has a left-hand thread and must be turned counter-clockwise to tighten.

4) When not installed in the valve, the Regulator Inlet Connector should be protected so that it will not become buried or scraped. If it is permitted to fall on or be dragged upon the ground, concrete, gravel, etc., a leak-tight seal between the connector and the cylinder valve cannot be assured.

5) When checking connections for tightness, a soap and water or similar sudsy solution should be used. With all valves on the grille turned off, open the cylinder valve by turning the handle counter-clockwise. Apply soap suds to the connections being tested. If bubbles appear, the connection is not tight and the condition must be corrected before the grille is used. Never use a match or other flame to test for leaks.

## Hicksville Soccer Club

The final 3 rounds of Pee Wee Intramurals showed just how evenly these 8 teams were matched. Every one of the 12 games was a close one, with the out come in doubt up to the final whistle.

In Round No. 5, Delaware defeated Maryland 1-0 with outstanding effort on the part of the winning team by J. Nato, M. Jaycard, S. Pilutik, A. Sgaraglio, T. Kenny and T. DeMeo. Maryland maintained a strong attack on the passing of B. Muller and J. Compress, while the defensive alignment of F. Brown, C. Brown, L. Smith and J. Bungert at goal kept Maryland within scoring position.

Massachusetts beat N. Hampshire 2-0. The scoring team was driven by the coordinated efforts of I. Peskowitz and D. Borg, assisted by the downfield efforts of J. Rivers, G. Greenberg, P. Sonkin, P. Pisani and S. Blaustein. Georgia took the Minutemen, 1-0 on a score by P. Corcoran, with help upheld from L. Mejia and P. Hopking. R. Markey at goal maintained the shutout. Later, Connecticut won over the Tigers by the same score. The only goal was scored

by N. Lauacca, who was assisted by the hustling of J. Jennings, W. Jennings and K. Kugler. The entire Tiger team rallied around the defensive footwork of A. Speers.

In the next round, N. Hampshire's D. Donsky score a "hat trick" to defeat Maryland 3-0. Maryland's F. Pfeiffer and M. Muller worked the defense while S. Menzie on the forward line was able to give the defense a break. Connecticut and the Minutemen played to a frustrating 0-0 tie. D. O'Leary M. Hack and M. Mardaras helped maintain Connecticut's end of the shut-out. Massachusetts rolled over the Tigers 4-0 on the attack by F. Freyisen and D. Schattino. J. Yudi and R. DeGaudizi kept the ball in attack position. The Tiger's fullback C. Garrity played a great game while J. Schepand T. Lively as forwards were able to relieve some of the pressure. Georgia's 1-0 victory over Delaware sealed the team's championship. This time K. Rochelle, R. Diffley, T. Treat, P. Lagas and D. Fisher provided the winning momentum. The Delaware sweeper, A. Horowitz was magnificent at center

halfback.

In the last round of scheduled competition, Massachusetts dumped an undefeated Georgia on a single score by I. Peskowitz. In spite of the scoring attack of G. Mattolo and J. Hopkins, The Minutemen bought a 0-0 tie with the Tigers. The stand-off was maintained by Minutemen backs G. Abbott and J. Murphy against a concerted team effort by the Tigers. Maryland lost another close one to Connecticut 2-0 despite the efforts of R. Humann and G. Condon. S. Hertz and D. Sirey provided much of the winning effort. Delaware nipped N. Hampshire 2-1 on scores by P. Ziembicki and T. Sgaraglio, which tied up 2nd place.

The standings at the end of the regular spring season were: Georgia - 1st place and a 3 way tie for 2nd with Connecticut, Delaware and Massachusetts headed into the playoffs for 2nd place. Massachusetts wound up in undisputed possession of 2nd place after tying Connecticut and defeating Delaware. Delaware resides in 3rd place.

BIM won their sixth straight game, as they completed their extra inning game with Power Test winning 8-7. Bob Dunne picked up where he lead off pitching, and retired the side without any runs in the top of the tenth inning. In the bottom of the tenth the first 3 batters walked for BIM, then Tom McCann lined the first pitch into right field for a single, scoring the winning run.

This win for BIM created a second-half play-off between BIM and Goldman Bros. In the game, BIM found themselves down by as much as 6 runs, but they never gave up as they scored 7 runs in the last inning to take the second half title. Bob Dunne came in the last 3 innings for BIM allowing only 1 run and 1 hit as he held Goldman, while BIM was fighting back. Dunne retired the last 6 batters in order. Key hits were struck by Billy Higgins, Lee Meehan and John Kneisel. Every man in the batting order scored at least 1 run. The whole team showed good defense, as they played errorless ball.

In the meeting of the 2 half winners, Power Test came out champions with a score of 8-2. Chris Martin pitched the whole game for Power Test giving up 1 hit, 2 runs and striking out 14 BIM batters. They got 4 runs in the first inning on hits by John Bradley, Chris Martin and Anthony Valie and Ken Busch. John Bradley and Ken

## Hicksville AOH News

By Jim Cummings

The recent New York State Convention of the Ancient Order of Hibernians and Ladies Auxiliary held on Long Island for the first time in the 139 year history of the Order, is still the "talk of the town". The Nassau-Suffolk Convention Committee under the guidance and leadership of Joseph Murphy of Smithtown and Mary Barrett of Westbury, together with the men and Ladies Auxiliary of both counties worked diligently during the 4-day conclave to service and assist the more than 1,500 visiting delegates from across New York State. This working team of Nassau and Suffolk provided that "extra" for a first class run convention, which culminated with a banquet at the Holiday Inn in Hempstead, with highpriest for Joe Murphy and Mary Barrett and their committees, for the best run Convention in years.

We proudly note that Peter Bulfin of East Islip, (Suffolk) was elected State Treasurer and Michael J. O'Rourke, of Woodmere, (Nassau) past County Board President was elected State Director for Nassau-Suffolk, 6th New York District. The combined vote of the 52 member Nassau-Suffolk delegation carried the balance to elect these deserving Hibernians to State office.

Hicksville delegates to the Convention included: Jim Crimmins, past president; Peggy Donovan, auxiliary president; Grace Halcott, past president and your reporter.

The Ceili Dance sponsored by the Ladies Auxiliary recently was a great social success and will become an annual event. On that occasion the Ladies honored their organizer and founding president, Dolores Cummings, who quite surprised to say the least.

On Saturday, July 5, at Catiague Park, the Division hosted its Annual Family Picnic attended by members and guests, including the Larkin "clan".

From early AM a dedicated band of workers were present to set-up the events: Ed and Nora Bergen, who provided the food, corn, watermelon, ice-cream, soda, beer, records etc. - Past President John Connolly, setting up the refreshments, handling sports and games for children throughout the day: John Campbell, Mike Crowley, John Steele, and of course our worthy President, Frank Larkin, (shorts and all) - Special thank you to Catiague Park personnel, Tom Connolly, Security Chief for his valued assistance and to Ed Ocker, Commissioner of Parks & Recreation for his ever-present assistance to our organization - Thank You!

Next, on the agenda is the 3rd

## Mike & Al's Heros Take Double

for 7, 2 hrs and 6 rbi's and Ed Milcher hit a homer to give the Heros the second win for the day.

The teams under the sponsorship of the Levittown Men's Athletic Association play next Sunday at Sandhill road field, Levittown - game time 10 a.m.

Annual Nassau County Feis to be held on Sunday, September 14, 1975, at Holy Trinity field, Hicksville under the capable direction of John Bownes, of Baldwin, who has served as its Chairman for the past two years. Our Division, will again be the Host Division - more details in the weeks ahead. We also understand that Channel 5's Dr. Martin Aban, will be the guest speaker.

President Larkin reports five new members of the Division received and the Ladies Auxiliary added three - what with the new Irish families moving in the Hicksville community, we

look forward to many new faces when we convene of first meeting on September 11th. In closing we wish our Division Vice-President Tom Ryan, a patient at Mid Island Hospital, Belhpage - a speedy recovery, drop a card - Room 18.

## SOCCER

By Don Anglin

**SOCCER:** top row left - Bob Cochrane, Robbie Gerhart, Ricky Cochrane, Ray Dalton, George Fitzgibbon, Mike Garger. Bottom row left - Kevin Jostlin, Kevin Anglin, Kenny Court, Bill Dalton, Mark Boyer, Peter Collins, Mike Bedell. Missing from picture - Pat Vignona.

On this past 4th of July, 3 day holiday, our boys from the Hicksville American Soccer Club participated in a tournament in North Babylon. In all, there were thirty two teams that contributed their time and effort into making this competition a success. The soccer clubs traveled from as far away as Virginia and Florida.

Although our juvenile team placed fourth in the second division, those of us who helped to coach them and watch their tireless consistency and effort are very proud of them. They not only displayed great sportsmanship, while losing, but played a well-shaped, clever game. Their gentlemanly conduct both on and off the field was a credit for all of Hicksville and especially their parents.

In three days the boys played six games scoring a total of thirteen goals and allowing only nine goals against.

I'm sure that every team had many highlights for their pleasurable weekend. Some of ours is as follows:

1. Losing to Florida, one to nothing, after playing for fifty minutes with neither team

scoring. Although we had many opportunities to score, we just couldn't get that one very important goal. However, it was an exquisite game to see and one our boys could never be ashamed of.

2. Ricky Cochrane scoring on a power kick, closing on the goal from the left wing, breaking the game wide open for us against Newtown, Pennsylvania.

3. Mike Garger, in between games, found a part-time job. Believe it or not, he blew up ninety balloons at a concession stand for a parade that was taking place near by.

4. Learning how to pronounce words correctly from our newly made Chicopee, Massachusetts friends.

Although we didn't receive that first place trophy, it was quite a winning experience for us because we all played, in every game, with one thought in mind, that we will do our best.

At this time, I would like to thank every member of my team for conducting themselves as gentlemen. You made my 4th of July holiday. I hope I made yours.

## Bethpage Branch Opens

Nassau Downs-OTB has announced that its fourth branch office will open Wednesday, July 9th.

The new branch is located at 940 Broadway, Bethpage, across from Grumman and adjacent to Farmer's Market.

Hours for opening day will be 10 A.M. to 7 P.M.; thereafter, this office will be open from 7 A.M. to 7 P.M. Monday through Saturday, and 10:30 A.M. to 3:30 P.M. on Sundays during the experimental summer program being conducted by the New York Racing Association.

Bethpage is the fourth of more than 20 branches that will eventually be opened to obtain revenue for Nassau County. The

existing offices in Hempstead (opened January 31), Green Acres (opened April 22) and Westbury (opened June 20) plus telephone betting will have accounted for a gross handle of more than \$8 million by the end of this week.

On Thursday, July 10, Herve Filion, the nation's leading harness driver, will make a personal appearance at the offices in Bethpage from 11 A.M. to Noon, and at Westbury (1077 Old Country Road) from 12:30 to 1:30 P.M. Filion's appearance is the first in a series of special events aimed towards informing racing fans about the intricacies of horse racing and wagering.
