# This Saturday Is Big Event For St. Ignatius Corps

The St. Ignatius Girls Cadet Corps is having a truly great season. On the last two week-ends our girls have come in first in two contests and second in one. All the scores have been in the high seventies. They put on one of the finest shows in drum corps competition. The chances of them winning the World Open Title for three years in a row are excellent. The title has never been won for three consecutive years by any corp and we hope to be the first.

In order to compete in Massachusetts this August 7-8th we need your support. Our "Pageantry in Brass" will be held at the Hicksville High School, Saturday July 26th at 8 P.M. The price of the tickets in advance are

Letters To The Editor

Dear Editor and Residents of Hicksville:

The Executive Committee of the Hicksville Council of PTAs iconsisting of the unit presidents and the Council officers) urges all Hicksville residents to regis-ter and vote in the upcoming all Hicksville residents to register and vote in the upcoming
school election. Registration is
Saturday, August 2 from 1-10
P.M. in the Administration Building on Division Avenue, next to
the High School. All residents of
Hicksville, even if they do not
own property, who have lived
here 30 days and are 18 years of
age or older, are entitled to voteprovided they are registered. If
you are registered for a national

Voting will be held Tuesday,
August 5 from 10 a.m. to 10 p.m.
in your local elementary school
(Burns, Dutch, East, Fork, Lee,
Old Country and Woodland
Avenue).

We will be voting on two propositions. The first one is MANDATED by a petition, consisting of 5000 signatures and includes the following defeated propositions from the June 4 election:

election:

Proposition 3- dealing with transportation, providing for the same policy that we had during the past school year.

Proposition 4- providing for interscholastic sports and extracurricular activities, library books and supplies over and above the state minimum.

The second proposition is for the cafeteria program, which was defeated as Proposition 7 on the base 4 billot.

the June 4 ballot.

PTA Council would like to remind you that the issue in this election is not whether or not the school board said there would only be one vote. They did, in fact, say that Proposition 1 was a contingency budget and, pass or fail, this would stand as it was presented. The items to be voted on August 5 are MANDATED by a petition of over 5000 signatures the school board had no choice but to resubmit the items listed in the proposition and submit them the proposition and submit them as one proposal. The decision to vote in August, rather than September was both for economy and convenience -- the advertising costs for two weeks are much less costs for two weeks are much less than the costs for seven weeks; if the vote were scheduled for September, the district would not be able to begin football practice, buses would not be ready for the first day of school, necessary supplies could not be ordered As long as the board HAD to schedule another vote, it makes more sense to do it as soon as

possible. We ask you to remember that the children of Hicksville go through our school system once-what they lose (or gain) now can never be recaptured. We urge you to register and vole. VOTE YES! Give the students of '75-'76 the same opportunities for a COMPLETE education that the

Dear Editor Dear Editor:
What is education all about?
This is one of the major questions
students seek to answer. In the
past two years at Hicksville High
School we have studied and
learned our academics, participated in many extra-curricular
activities and have grown and activities and nave grown and matured to the point where we must make a major decision in the near future regarding what path to pursue upon graduation from Hicksville High School.

As we examine the high school experiences of older friends and relatives, and reflect back upon our own experience, that all important question, WHAT IS our own experience, that all important question, WHAT IS EDUCATION ALL ABOUT?, can finally be answered. In its simplest form, education is a process of learning; learning that leaches us a variety of academic disciplines and a process through which we mature, grow older and learn to live and work along with fellow classmates to achieve common goals.

ommon goals. The skills that we learn in our courses help to prepare us for either further schooling or a

career. Participation in extra-curricular activities provides both enjoyment and first hand knowledge about how to work with people, and in this way teaches us how to live. If we lived back in the days of Abe Lincoln. back in the days of Abe Lincolli-one might argue that education is comprised only of reading, writing and arithmetic But this is 1975, not 1850, and we no longer attend school in log cabins. As present seniors, we ask the voters of Hicksville to afford us a complete education in our final year at Hicksville High School by

final action to authorize the vote. As a result, the whole procedure, beginning with "home rule" message by the Town Board must message by the 1 own boat of must be initiated again in January 1976. However, Mr. Doolittle assured me that No MONEY WILL BE SPENT ON THE GEISE PARK (except for fencing) until the taxpayers at some future date have given the fencing) until the taxpayers at some future date have given the Town Board a clear indication of their desires. In the meantime he has graciously invited my attendance at HTF meetings. His offer was accepted with the hope that a solution to this park dilemma can be found that will be satisfactory to the great majority of silent-suffering taxpayers, and to the residents of homes near the Geise property whose peace and tranquility will be so greatly disturbed by the (grandiose) park planned.

Lest there be any misunderstanding, it is necessary to reiterate facts underlining opposition to the proposed Geise property park.

1. A school-pool-park complex is being foisted on the backs of licksville taxpayers.

a. Plans for the park contain three options and each option contains the same type indoor/outdoor 3-pool arrangement with a large multi-purpose building and other park facilities. So AT THIS TIME the only option open to taxpayers is "which of the rhere over-claborate complexes should be built".

b. The plans for the park were drawn as a result of a poll in

should be built".

b. The plans for the park were drawn as a result of a poll in which 3% of the Hicksville taxpayers opted for a pool. No choice as to type pool was possible, and cost estimates to enable those polled to make a rational choice were not on the polling sheet. Thus based on a poll of "pool or no pool", an indoor/outdoor 3-pool arrangement is being planned.

2. The park as planned will cost Hicksville taxpayers 10 million dollars— or more At the Lee Avenue School meeting on 23 May 1975, in response to a question.

Avenue School meeting by 1975, in response to a question, the park was estimated to cost 4 million dollars. Further query elicited the fact that the money for construction would be secured. by issuance of 20-year bonds. The prime interest rate for a triple A rated town is 71.4%. Therefore the interest alone will cost 5.8 million dollars in the 20-year life of the bonds. That interest, plus the 4 million required for bond redemption, plus the bond servicing costs will total over 10 MILLION DOLLARS— all to be borne by the Hicksville taxpayerand we haven't even started to by issuance of 20-year bonds. The and we haven't even started to discuss cost over-runs, or the millions in salaries, fringes, and equipment that will be required for park maintenance thereafter.

It is not possible to remain silent on the park issue as long as my residence here is in jeopardy. As developments occur, informa-tion good or bad, will be relayed

I. Sincerely yours, Frank H. Willard, Ex-Sheep

Fig. 19 a Mother- I do not have a career in civic matters, nor do I have a variety of (facts) and figures and other statistics at my fingertips as does the vociferous Mr. William Bruno, which he uses to confuse and befuddle the public.

I'm fed up with reading column after column of Mr. Bruno's letters stating that the funds exist in the budget for both transportation and sports activities. If they

do, then Mr. Bruno, get off the fence and lets have the assurance that the moneys in question will be used appropriately. It seems to me that questions involving our childrens education and related services are no stomping ground for professional dis-

senters.

My two small children live 8/10 of a mile from school and I want transportation. I do not want my 5 year old who is entering Kindergarten to walk that distance. Let our little ones walk back and forth to school and we will invite every wierdo, pillhead and creep to frighten and abuse our kids at this vulnerable age (and this has happened recently). Incidentally, while Mr. Bruno repeatedly questions the legality of the petition (which case circulated by an admirable group of young people) which mandated this second vote, he was the one who insisted that the cafeterial services issue was included. That issue was not included in the petition. I would like to question the legality of that proposition being added. LETTER TO THE EDITOR:

Vote YES on August 5th for the proposed addition to the School Budget. Please remember one of the most important issues in the new budget is School Busing, which under the budget passed on 6/4, LIMITS transportation par-ticularly for Children in Kindertotal transportation particularly for Children in Kindergarten to the Eighth grade, as these children must live over two miles from school, before they can get a Bus, all others in these grades are left out. If a Kindergarten or First Grader lives a mile and a half from school (and there are many) each day this Child (baby) will have to walk three miles. Can you visualize this in the middle of February or when the weather is extremely bad.

The new vote if approved will provide bus transportation based one exactly what we had last year (K-3 over one half mile, 4-6 over three quarters of a mile, 7-9 one mile and 10-12 one and one half mile)

# News From The Senior Center

Activities are happening all the time at the Senior Nutrition Program. On July 16, about 50 people journeyed to Jungle Habitat in West Milford, New Jersey for a day full of adventure. They viewed wild animals in their natural surroundings, had a picnic lunch, and enjoyed the lovely scenery.

The participants also attended two picnics late in June, held at Eisenhower Park. One was sponsored by Nassau County in recognition of Senior Citizens, and the other was held by the Nassau County Police Wives. The police wives supplied a delicious lunch and arranged for a folk group to entertain the members. Everyone sang along and played frisbee, catch, and a few were seen playing softball with a group of youngsters.

These victories put the team into the play-offs on Saturday, the following day. A team from Amsterdam, Holland was promptly demolished 5-1 in the quarter-finals. As it turned out, this single goal was the only score made against the Boys during the entire tournament. Massapequa, always a strong contender, played to 0-0 tie at the end of regulation play, and also through regulation play, and also through the overtime periods that followed in this exciting semifinal game. This required turning to penalty shots to decide the victor. Hicksville came through in the clutch and squeaked out a 1-0 win. # The Old Brass Band

From the moment the Old Brass Band swings into view in authentic Dragoon uniform and the high-pitched sound issues from the saxhorns and cornets, a sound and look new to this century but familiar to Long Islanders of the 1850s dominates the Old Bethpage village

restoration.

Painstaking historical research by the museum staff of Nassau County into the type of band playing on Long Island in the pre-Civil War era - its music, uniform and instruments - form the base on which the brass band was created two years ago. Old newspapers provided accounts and photographs of the bands of the period and announced the ocasions on which they appeared. From old photos and other original source materials, researchers designed uniforms true to the style of the 1850s. More durable than the uniforms, which

had to be tailored to order, were the old horns and drums found for the band by an antique musical instrument dealer and restored to playing condition.

A search of archives for music A search of archives for music of the 1851-54 period provided the selections and arrangements which form the Old Bethpage Brass Band's repertoire. In-cluded are durable selections familiar to modern audiences uch as Hail Columbia written in

I remember we lived here for 5 years before our children attended school and on the very first day of our son starting school we were on austerity, we felt we were kicked in the teeth and you know why, because all the parents who had

children in school kept pleading with us to vote yes on the budgets and we did, but now our time came and their children were finished and their children were finished and the attitude to us was we are no longer interested in education as we have no one attending school anymore. Education is everyones responsibility and I believe that, as we paid for education in taxes for 14 years with no children in any school, but we felt this had to be done and never once questioned why, when we had no children to send to school.

I feel a strong lack of community when Mr. Willard detests anything that will help his fellowman. We just don't live here, we are an active part of this community, religious and secular and we are concerned from the youngest to the oldest. You can not measure \$ for people and not measure \$ for people and

their needs.

I agree with Eileen Bickard

that children and their education

that children and their education are more important than all the money spent in defense. Our values are sick when we can spend all the money we spent in Viet Nam and yet you argue over peaceful expenditures.

There is also another point to be made and that is Mr. Willards son has received an appointment of the Military academy at the taxpayers expense, I feel this is wrong. Why should ny taxes be spent for your son to become an officer? If that is what he wants, then you, as his parent, should pay his way like all parents have to do. You have a big mouth yet to do. You have a big mouth yet you want you and yours to reap all the benefits and the beck with everyone elses child.

everyone elses child.

Sorry Pal, but you certainly
lack a sense of Community in my
eyes. I don't believe our taxes
should go sky high, but your
arguments are really too much for your benefit and no one elses.

This August, in the beginning of the Bicentennial year, the Hicksville Public Library will present a film every Thursday about the early history of our

country.

The film on August 7 will be King Vidor's adaptation of Kenneth Robert's novel "Northwest Passage". Spencer Tracy, Robert Young. Walter Brennan and Laraine Day star in this story of Roger's Rangers battle of Lake Champlain in 1789 during the French and Indian War.

On August 14, Conrad Richter's

"Light in the Forest" will be shown. August 21 "Drums Along the Mohawk", the best film of the Revolutionary War (in many historians opinions) will be shown. The final film in the series "Johnny Tremain" will be shown on August 28.

All our film programs are held in the auditorium at 8 P.M. and are free to the public.

DOING CHRISTIANITY
Let your actions praise the
Lord. Praise is something that
you do more than something that
you say. It is an act of kindness
which demonstrates that you are
a child of God. You can worship
God better with your life than
with your words. The New
Testament book of James says
we will be judged at the end of
time on whether or not we are

doing what Christ wants us to do doing what Christ wants us to do Faith without works is dead. Sure we are saved by faith in Jesus Christ but true faith produces good works. To say, "Jesus, I love you," and go through life showing it very little is so much hot air. When we stand before the Lord on Judgment Day, He'll ask us, "What have you done? What do you have to show for your life? How have you served Me and My church?" And

if we respond, "Well, Lord, I was planning on it, but you know how busy I was all week, and the weekend was about the only time I had for myself, but I enjoyed church when I went, and I tried to lead a good life, Lord, I didn't ask for the heart attack...I really for the heart attack...! really didn't expect to die so soon."
Then the Lord is going to say, "I'm sorry, You didn't have time for Me and My work in your life; now I don't have time for you in death."

Albert Schweitzer once said, Albert Schweitzer once said, "If there is something you own that you can't give away, then you don't own it, it owns you." What owns you? What makes you lick? What is important enough in your life to keep you awake at night thinking about it? If you call Jesus Christ your Lord and really mean it, He must be number one in your life. God's revealed truth in Christ must be the one thing that owns you. You revealed truth in Christ must be the one thing that owns you. You must desire constantly to get really close to Jesus. And in your quest your Bible must wind up with fingerprints all over it. # Marino On Victim's Rights

A \$500,000 pilot program to set up a Crime Victim's Advocate Program, sponsored by State Senator Ralph J. Marino (R-Syosset), has won Senate approval. The program will offer emergency aid immediately following a crime to persons who are injured as a result, or to their survivors in the case of death.

Marino, Chairman of the Marino, Chairman of the Committee on Crime and Correction, said: "As a victim, the law-abiding citizen does not have explicit legal status and often receives little personal assistance at a time of sudden shock and tragedy. Justice and common sense tell us we must give as much thought to the rights of the victim as to the rights of the criminal."

Marino's bill, co-sponsored by Senate Majority Leader Warren Anderson (R-Binghamton) establishes a victim's Bill of

Rights assuring:

-advice regarding available services and resources.

-emergency aid, including medical, economic and legal

services.

--job protection while assisting prosecution.

--speedy financial assistance from the Crime Victim's Compensation Board, if eligible.

Marino would like to see 2 four-member advocate leams focused geographically in neighboring Brooklyn, N.Y. and Nassai County. If the one year pilot program proves successful, a stalewide program will be considered for adolpton.

Charlie Tempano, chaplin and good old Spike Froenhoefer is Quartermaster again. Pete DeFlippes is the new Adjutant and Bill Moran is Officer of the how. The meeting wert along at a and Bill Moran is Officer of the Day. The meeting went along at a gretty lively pace, and we had a fairly good turnout, especially for the month of July. The meeting ran very smooth and peaceful, only three black eyes, and two bloody noses for the whole thing. Seriously, the whole thing ran very well, especially being the first meeting. Charlie Timpano read the Bible loudly and clearly, so everybody could hear and understand every word he read. From a guy like me, with a tin ear. I say to you, Thank you Charlie. Charlie

Vinnie Edwards did such a great
job, and it's going to be a tough
act to follow. We all think Charlie
can do it.

We want to give special thanks our past Cmdr. for doing such a grand job for 1974 & 75. He and his staff went and did so many things for the year that our past Historian could fill a book Congratulations, Frank, for a job well done

Our Ladies Aux, notified us of the coming dinner to honor Rita Aug as the outgoing County President of the Ladies Aux, Rita has been a member of our Aux for many years, and is really a wonderful girl. Rita was given a plaque at the State Convention for the time, effort, and devotion she gave to the sickle cell foundation. You surely must have heard of that disease. Our Post will make a presentation to Rita and it is our hope that our post will be out in force to honor this great gal.

great gal.

There was alot of talk about the state convention. We had eight members and their wives present. So our Post and Aux were well represented. This was an education on the VFW. There wasn't much time for relaxation. The only thing we didn't get much of was sleep. There was too much doing until all hours of the night. Our ladies were also busy doing their thing. It was the first time I was in a parade and, except for the bands, it was strictly VFW. The people of Syracuse were very much impressed. Joe Normandy received an award for his work on drug abuse. It was my first I. received an award for his work on drug abuse. It was my first time and both the War Dept. and I are looking forward to the next one. Oh yes, the Nassau County hospitality room was always mobbed. The air conditioning was useless with so many people. The Nassau County room was so hot that our small group from Hicksville started our own

hospitality room in our 2 by 4 quarters. We were doing better than alot of other county rooms, and nobody knew about it. Two benches were removed from near the elevator so others could sit while having a little liquid refreshment. Even the State Cmdr. stopped to spend some time with us. It was great. Very enjoyable.

# Local Students Win Grumman Scholarships

Andrew J. Mendelsohn, Jay R. Kreizing and David N. Mallenbaum—all from John F. Kennedy High School in Plainview—have won three of the ten 1975 Grumman Corporation Engineering Scholarships. Each award is worth about \$13,500.

It marks one of the very few times in the 31-year history of the competition that one school has gamered three of the coveted scholarships in the same year. Each of the ten winners will receive full tuition and payment of laboratory fees at any accredited engineering college of his or her choice. This will average out to about \$13,500—

believed to be the most valuable scholarship on Long Island, and one of the nost valuable throughout the country. This year's awards bring to 330 thenumber of scholarships granted since Grumman started the coertrag in 1944

# Young Adults Sought For Blood Drive

A saturation promotion campaign is underway to attract young adults, 17 years and older, from all over Nassau County to donate blood for patients in Long Island hospitals at the NASSAU COUNTY YOUNG ADULT BLOOD DONOR DAY August 18, 4 to 9 p.m., at the Dynamic Care Building, Nassau County Medical Center, 2201 Hempstead Turnpike, East Meadow, L.I.

The campaign was officially kicked off when Nassau County Executive Ralph G. Caso proclaimed August Nassau County Blood Donor Month at a flag-raising ceremony, July 22, at the County Executive Offices Building, Mincola, L.I. The ceremony was attended by Andrew Petrie, Deputy Commissioner, Department of General Services and Nassau

County Blood Program Chairman, and John Butler, Administrator, Inter-County Blood Services.

Services.
Actually, DONOR DAY posters
and packets of pledge cards have
already been placed at parks and
libraries throughout the County
in an effort to enlist as many
young donors as possible from
area high schools and colleges.
Tear-away pledge cards are

designed to be filled out with name, address and telephone number, and placed in boxes at the locales.

Expectations are running high for a large response to the appeal: Seventeen-year-olds, who became eligible to donate blood in New York State last year without parental consent, have been actively supporting the

blood drives of Inter-County Blood Services in numerous high school bloodmobiles. However, this is the first time the County's young adults have been called upon to come together during summer vacation when the blood needs of hospitals on Long Island — and throughout the greater New York metropolitan area generally — can be particularly pressing.
