Youths Arrested For Arson

By Ex-Capt Owen Magee

Two 16 yr. old youths accused of setting 2 fires in Hicksville on Sunday July 27 only an hour apart, were arrested on Monday. Two other youths, 15, also from Hicksville were arrested in connection with the arson.

The four allegedly broke into a vacant house at 43 McKinley St. and set it afire because some friends who lived there, 2 of the occupants are among the accused, were evicted. The landlord evicted the people because there were more living there than the lease allowed. The house fire was reported at 10:27 P.M. 8 pieces of apparatus, 75 men under chief Mario Misturini responded. The fire was brought under control in 10

minutes by Hicksville vamps using 3 pieces of apparatus. There were no injuries. 1 room was gutted.

At 11:33 P.M. a general alarm brought 9 pieces of apparatus, 75 men under chief Misturini to a working fire at 36 E. Barclay St. The wood frame 2 story building suffered heavy damage to the rear portion. There were apartments upstairs which sustained smoke damage. The down stairs portion where the fire was set was occupied by operation outreach. No motive was given for the blaze. A number of occupants were evacuated. There were no injuries reported. The smokey fire was under control in 15 minutes. Firemen,

hampered by heavy smoke prevented the blaze from spreading.

HICKSVILLE FIRE REPORT

Hicksville volunteer firemen responded to 45 alarms during the period July 15 thru July 29, 1975. There were 6 false alarms, 21 rescue calls and 18 fire calls, 3 of which were serious and arson was involved.

A REMINDER TO ALL: Report all fires immediately to the Fire Dept. The first 5 minutes are most important. Fire spreads rapidly. Report all fires or requests for oxygen directly to the Fire Dept. Do not use 911 for fire reports.

Revote Set For Tues., Aug 5 Registration Sat., Aug. 2

Registered voters of Hicksville School District 17 will have the opportunity to vote on the following two propositions on Tuesday, August 5:

PROPOSITION NO. 1

Shall the School District budget for the school year 1975-1976, approved in part and rejected in part, at the Annual Meeting held on June 4th, 1975, be increased to provide the following services, supplies and equipment: Transportation on the same basis as provided in the 1974-1975 school year as follows: Grades K-3, over 1/2 mile, 4-6, over 3/4 mile, 7-9, over 1 mile; 10-12, over 1 1/2 miles, out of district private and parochial, up to a maximum of 15 miles; handicapped children, up to 20 miles; summer programs for handicapped children; and after school activity transportation. Co-curricular activities, inter-scholastic activities including transportation (thereof, supplies and equipment for Vocational 10th grade, Bicentennial Celebration: instruction equipment replacement; student classroom instruction supplies; textbooks in excess of \$10 per students and library books. Replacement of building equipment and classroom furniture; building and grounds repair; Auxiliary

Police, and Community use of schools - and that the cost of all such services, supplies and equipment, in the amount of \$1,112,357, be raised by levying a tax on the taxable property of the District in such amount, less sums received in the form of State and Federal Aid and from any other source for such purposes.

PROPOSITION NO. 2

Shall the School District budget for the school year 1975-1976, approved in part and rejected in part, at the Annual Meeting held on June 4th, 1975, be increased to provide a school lunch program, the free lunch program, and the Federal milk program at a cost of \$52,500, and that such sum be raised by levying a tax on the taxable property of the District in such amount, less any sums received in the form of State and Federal aid and from any other source for such purposes.

Registration will be held on Saturday, August 2nd, from 1 p.m. until 10 p.m. at the Administration Building on Division Avenue.

Voting hours on August 5th are from 10 a.m. to 10 p.m. at whatever school one is registered for. For details on this, check out the legal notice which appears in this issue.

SEPTA President Urges "Yes" Vote On Prop. 1

Paul Sauerland of 73 Sixth Street, Hicksville, President of the Hicksville Special Education Parent Teachers' Association, urges all voters of School District 17 concerned for the well being of handicapped children to support Budget Proposition 1 in the vote scheduled for Tuesday, August 5. This proposition contains funds for the transportation of handicapped children to summer activities.

"While it is true," Mr. Sauerland said, "that this year's summer programs will be virtually at an end by the time the vote is taken, members of the School Board and the new School

Superintendent have demonstrated an interest in finding a way to commit the funds for next summer's transportation. Such an interest was not present last year," Mr. Sauerland went on. "Consequently, handicapped children have been cheated out of transportation to summer activities for two consecutive years."

"This should not happen in 1976," Sauerland insisted, "and an essential step in trying to prevent it is a 'yes' vote on Proposition 1 on August 5. Let's see how Hicksville supports its handicapped children," Sauerland concluded.

Pete Collins Testimonial

The St. Ignatius C.Y.O., in cooperation with other local organizations, has announced a Testimonial Dinner Dance for Pete Collins. The Dinner Dance will be held at the Crest Hollow Country Club (former Four

Seasons) Woodbury, on Friday, September 19th, from 9 P.M. to 1 A.M.

Tickets and details may be obtained by calling Barry Dunne, 433-1474, Bob Willis, 433-9329, or Tom Smith, 433-8695.

Fire Injures Hicksville Firemen

By Ex-Capt. Owen Magee

A spectacular blaze on July 24 gutted a 2 1/2 story house which was converted to a store. The fire, at 169 Old Country Rd., Hicksville, injured 8 Hicksville Firemen. All the injured vamps were treated at local hospitals and released. A police officer and a repairman were also injured in the blaze. The repairman Alfred Arcari 35, of the Bronx received serious burns and is listed in poor condition at the County Medical Center. The police officer Donald Carberry of the 2nd Pct. was listed in satisfactory condition. Carberry was burned helping Arcari from the building.

Before being reported, the fire gained considerable headway. By the time the Hicksville Fire dispatcher was called the building was totally involved in fire. 75 vamps, 10 pieces of apparatus responded under 1st Asst. Chief Roy Schaaf. The fire was under control in 45 minutes. But vamps were on the scene for over 4 hours. Firemen prevented the fire from spreading to many nearby homes and garages. The building contained the mini-mart a combination fruit stand and dairy barn.

The following day, Nassau County Fire Marshals office inspectors went over the ruins and interviewed eye witnesses. 2 youths who allegedly tried to put out the fire and assist police were questioned and on late Friday Police arrested one of the youths, Alphonse Guidone 16, of 38 Polaris Drive, Levittown, and charged him with 2nd degree arson. Guidone, worked at the

mini-mart and claimed the owners would not give him back pay amounting to \$125.00. The youth broke in and looked for the money. Unsuccessful at this he allegedly set fire to some newspapers. Guidone received burns on his hands after trying to extinguish the burning clothing on the repairman and the police officer. Time of the 2 alarmers was 1:59 AM.

Board of Ed Urges All To Vote

The Board of Education and administrative staff urge all interested voters to state their choices in the supplemental budget vote scheduled for August 5th. The Board of Education believes that it can run the schools on the contingency budget which was previously approved by the voters on June 4th. However, those supplementary services beyond the mandated contingency items were turned down by the voters in Propositions 2,3,4,6 and 7.

Under the law, whenever the Board of Education receives a petition in required numbers over one-third of the residents

between the ages of zero and eighteen in the school census--then a revote becomes mandatory. The school census shows 13,364 such residents. The Board received petitions with over 5000 signatures. Therefore, the question of voting or not voting was no longer discretionary. The Board could wait under the legal procedures established by the Legislature, and go through a period of seven weeks of advertising, etc. with a vote scheduled some time in September. However, on its own motion, the Board could proceed with the election covering the items required services by the

time schools open in September. The petitions directed the Board to include Propositions 3,4, and 6 in one new question covering transportation, supplies and equipment, extracurricular activities, interscholastic sports, community use of schools, and similar non-mandated items. The petitions did not ask the Board to resubmit the question of school lunch program. However, the Board decided that inasmuch as there was to be an election anyway, it would cost no more to again include the lunch program on the revote.

Essentially, the basic questions (Continued on Page 16)

Exhibit At Lincoln Savings Bank

Four prominent local artists will lend their favorite works to a special exhibit at the Lincoln Savings Bank at South Oyster Bay and Woodbury Roads, Plainview, New York through August 9th.

Florence Levine and Marion Oken, a Plainview resident, are noted for their innovative and striking graphics, many of which hang in private collections. Ms.

Oken's most recent shows have been at the Plainview Library and the Heckscher Museum.

Adding diversity to the Lincoln exhibit will be award winning watercolorist Nicollette Howard, and Bonnie Brown who has received wide acclaim for her work with acrylics.

Ms. Howard's awards include First Prize at both the Jackson Heights Art Show and the

Woodall-Williams Art Festival. She is also an active member of the Island Art Guild and the American Watercolor Society.

Ms. Brown's acrylic paintings have been most recently displayed at the Mill River Country Club and the Oyster Bay Library.

The special Lincoln exhibit will be on view to the public during regular banking hours.

Culture In The Park

Entertainment from a melange of cultures beckons visitors to the Mini-Invitational Festival at the Special Activities Center in Eisenhower Park from 10 a.m. to 4 p.m. on Friday, August 8. Rain date is August 15.

Dance, live music, film, travel slides, food samples and more will be the fare presented by the Nassau County Department of Recreation and Parks in cooperation with C.W. Post College, Hofstra University and health-related Nassau County agencies. Visitors are urged to come in costume to add to the gaiety and atmosphere of the day.

Booths on the rear lawn near the Special Activities Center will be representative of the culture of specific countries such as Russia, Ireland, Peru, some African countries and others. An International Gourmet Table will be laden with foods to taste and recipes to take by visitors as long as the supply lasts.

Beginning with opening ceremonies at 10 a.m., varied entertainment will be presented through the day from the Bandstand except when indoors as noted.

10:30 a.m. - Dramatic readings

of poems from Spain and Peru rendered first in the native tongue and then in translation and readings of U.S. poetry.

11 a.m. - Film, Four Families narrated by Margaret Mead, shown in the Activities Center.

12 noon - Slide show of Yugoslavia with in-person commentary by Dr. Mary Emery, Professor of Language at Hofstra University. (In the Center)

1 p.m. - Folksingers of Latin America, a group from the Hofstra University Spanish Department.

1:30 p.m. - Square dance music and dance demonstration with audience participation.

2:30 p.m. - Mock Revolutionary War battle.

3 p.m. - American Folksinging from the Bandstand plus tips to travelers on communication in foreign lands by Dr. Emery in the Center.

3:15 p.m. - Irish folksinging.

3:30 p.m. - International folksongs by Al Whelan and the Music Makers.

For further information, contact the Recreation for the Handicapped Unit of the Department, coordinators of the event (292-4254).

Nature Study

A brand new series of educational programs focusing on nature study is underway at the Tackapausha Museum and Preserve in Seaford, a facility operated by the County's Department of Recreation and Parks. Non-school groups of 30 are invited to register, and the series is open to Nassau County residents of all ages.

The hour-long programs start at 2, 3, and 4 p.m., Monday through Friday, and are both indoor and outdoor in scope.

Outdoor programs cover: general forest ecology; running water and still water; the ecosystem concept; and survival and orientation.

The indoor schedule will include: plants; man and life; animals and man; weather and life; Long Island Eco-Logue; the wetlands; and the biology of the sand dune.

Those interested may register by calling 292-4266. A blanket fee of \$5 is charged for each group. The Tackapausha Museum and Preserve is located on Washington Ave. near Merrick Road.

Surfguard Tournament

More than 10 teams of men and women from four states will compete in the 1975 Surfguard Invitational Tournament on Wednesday, Aug. 6, rain or shine. Spectators are welcome.

A power-house of ocean lifeguards from New Jersey, Rhode Island, Massachusetts, and New York will test their mettle in six action-packed events, beginning at 8 a.m. at Jones Beach, near Parking Field No. 6, and resuming at 9:30 a.m. at Nassau Beach Park, Lido, in the Central Terrace area. Team captains and judges will be welcomed by Richard A. Fitch, Commissioner of the Nassau County Department of Recreation and Parks, co-sponsor of the event with the European-American Bank & Trust Company.

Among local teams taking part are guards from Nassau Beach, Jones Beach, Babylon, Long Beach, Islip, and Rye Park.

The first two events, at Jones Beach, will be a two-man boat race over a one-mile course, and a three-part saga called "Iron Man", featuring only one entrant from each team. The "Iron Man" stint includes a one-mile boat race, plus a half-mile surfboard paddle; and a 200-yard ocean swim.

The events at Nassau Beach include a one-man rescue, using a torpedo buoy, of a "victim" 100 yards off shore; a two-man rescue, similar to the preceding; and a surfboard paddle over a half-mile course. The tournament will end with a dramatic six-man relay race with teams all participating.

Masters Open

Different strokes for all the folks will be covered in events of the New York State Long Course Masters Open meet for men and women age 25 and over sanctioned by the Metropolitan AU to be held on Friday, Saturday, and Sunday, August 8, 9, and 10, at Christopher Morley Park in Roslyn-North Hills. Friday warm up time is 5 p.m., Saturday and Sunday warm up time, 8 p.m.

well as relays.

Entrants must possess an AAU Masters registration card and pay a fee of \$1 for each event and \$3 for a relay entry by Monday, August 4, or pay double for late entry. Application forms are available from the co-sponsors of the event: The Aquatic Unit of the Nassau County Department of Recreation and Parks, Administration Building, Eisenhower Park, East Meadow, New York 11554 (292-4289) or from Mrs. Lois O'Donnell, Executive Secretary of the Nassau County Swim Conference, at 45 Miller Place, Levittown, New York 11756.

The meet offers an incentive to older swimmers to maintain their swim capability through physical fitness regimens and workouts in preparation for the competition to be held within 5 year age groups for races in all strokes as

"EAGLE EYE", a 17-year-old pony whose age qualifies him for equine "senior citizen" status, waits patiently while his owner, Bob Lapple of 108 E. Zoraine Dr., Farmingdale, and two sons get him ready for action. Lapple, vice president of the 50-member Nassau Trotting Association, was out for a practice run at the Pony Trotting Field in Mitchell Field, East Meadow. The quarter-mile track, which officially re-opened

on Sunday, July 20, was re-built and relocated in the northwest section of Mitchell Field by the Nassau County and relocated in the northwest section of Mitchell Field by the Nassau County Department of Recreation and Parks, in cooperation with the Association. Spectators are welcome to watch pony trotting races every Sunday, starting at 2 p.m.

AIMING FOR 12 PAR at the 18-hole miniature golf astro-turf course at Hempstead Harbor Beach Park, Port Washington, is a popular pastime for Nassau County residents and their guests during the day as well as under the lights in the evening hours. An 18-hole contest for golfers of all ages is set for Sunday, Aug. 10,

from 12 noon to 3 p.m. Raindate is Aug. 17. The usual \$1 fee will be waived for the event, which is co-sponsored by the County's Department of Recreation and Parks and the Manhasset Sport Shop. Registration is open seven days a week at the park's Administration Building until three days before the competition.

Concert At Eisenhower Park

A variety of famous selections, sure to delight all music-lovers, will spark the concert to be presented by the Brooklyn Philharmonic Symphony Orchestra at the Lakeside Theatre in Eisenhower Park, East Meadow, on Wednesday, Aug. 6, beginning at 8:30 p.m.

Led by guest conductor Yuri Krasnapolsky, the orchestra, now in its 21st season, will play Mozart's Violin Concerto in A Minor, featuring solo violinist Charles Castleman; Bach's Suite III; Stravinsky's Suite III-II; and Mendelssohn's Italian Symphony.

The performance is sponsored by the Nassau County Department of Recreation and Parks and is made possible by a grant from the New York State Council on the Arts.

The Lakeside Theatre is located near Parking Field No. 6.

Box Lacrosse

Three members of the Long Island Tomahawks, the well-known professional Box Lacrosse team, will be on hand Saturday, Aug. 2, in Eisenhower Park, East Meadow, to staff a clinic in the sport, answer questions and sign autographs.

Fans of all ages will have a chance to meet and watch Pro's Doug Hayes, Artie Seekamp, and Dave Wolfong pinpoint the fine points of the game, starting at 11:30 a.m.

Box Lacrosse, an increasingly popular version of Field Lacrosse, is played by teams of six within the dimensions of a hockey rink.

The clinic, which is sponsored by the Nassau County Department of Recreation and Parks, will be held on Field 5, off Parking Field No. 1, near the Merrick Ave. entrance to Eisenhower Park, and bleachers are available for seating all interested participants and spectators.

NEW NAME for the familiar road that winds through Eisenhower Park, East Meadow, is "Bicentennial Drive", formerly known as Park Blvd. In keeping with the spirit of America's coming 200th birthday

celebration, the change was recently effected through the cooperation of Nassau County Executive Ralph G. Caso (L.) and Richard A. Fitch, Commissioner of the County's Department of Recreation and Parks.

"GODFATHER III"? No. And it's not "Machine-Gun Kelly". Either Taking aim is Attilio Phillips, complete with spats and boutonniere, costumed, along with Mrs. Phillips, to match their 1928 Model "A" Ford.

The Couple safari'd to

Eisenhower Park in East Meadow, all the way from Totowa Boro, N.J., for the recent annual show sponsored by the Nassau County Department of Recreation and Parks.

Phillips' car was named "best in show."

Dear Friends...

On the Hicksville School Revote: This week there is ample information in the story on page one of our Hicksville Edition, in the legal notice, and in the Letters To The Editor. We hope you read them all carefully.

One of the most respected men in our community is our Supt. of Schools, Dr. Hill. In connection with the coming revote, Dr. Hill said, "I have been very favorably impressed by the mature and responsible manner in which the young people of Hicksville have responded to the results of the school vote on June 4th. They know that the schools CAN be operated on the basis of the contingency budget which was approved on June 4th. However, they also know that such a basic educational program leaves out much that is important. Therefore, many students now in High School, plus a large number of recent graduates, have joined together to obtain over 5000 signatures on revote petitions, and are asking the adults to reconsider their vote of June 4th. These young people know, more personally than anyone else, how important such things as adequate supplies and equipment, sports, dramatics, concerts, and all manner of extracurricular activities are to the complete education of all students. They also know how vital transportation is for safety and convenience, particularly for the young elementary children. I think they are giving us adults an excellent example of their ability and willingness to participate in the orderly processes of democracy. What a refreshing contrast to the student rioting and building burning of only a few years ago. I hope the young people succeed in making their elders aware that these choices are basic educational matters, and not mere political exercises. Taxpayers cannot afford uncontrolled and ever-escalating costs, but no taxpayer can ever afford the false economy of what happens to property values in a community with poor schools which do not serve the people well." Amen to this—

Three statements we would like to add to this (and they are all contained in the Budget Revote brochure which was mailed out to every home in District 17):

1. Under the law, if Proposition 1 is NOT approved, little folks in Kindergarten through young people in Grade 8, will walk up to two miles, and all regular secondary pupils in Grades 9 through 12 will walk up to three miles to school, without bus transportation.
 2. New Proposition 1 will provide interscholastic sports, community use of school buildings, co-curricular activities, classroom instructional supplies for students, supplies and equipment for vocational educational programs, additional library and text books, replacement of worn out educational equipment, needed repairs to grounds and buildings and auxiliary police security patrols.
 3. If passed, new proposition 2 will provide the same school lunch program as was provided during the 1974-75 school year.
- If your home is assessed at \$6,000, we understand that all these advantages for our young people, which up until now have always been a part of their total education, will cost you less than \$1.20 a week. We are very much in favor of saving money on all governmental levels... but for these advantages needed to give our young people an average education and practical protection from the crowded streets of today, we gladly accept this additional expenditure and urge all whose concerns are along these lines to register and vote "YES" on these two propositions.

You probably wonder why we have not been commenting on the hearings of the INTERIM advisory committee to the Court, on the proposed County Legislature, or whatever interim proposal will be suggested to the Court by this fine committee. It is simply because it is only INTERIM and advisory. We understand that in November we will all have the right to vote on several suggested plans. We trust at this time that the wording can be understood by all, (not just Philadelphia lawyers), as was the case in the Proposition upon which we voted last November, and secondly, the costs involved (at least a ballpark figure) should be included with each proposition upon which we are asked to vote. If these two matters are complied with in

Letters To The Editor

To the Editor:

In her letter, Mrs. Heien Fontanes attacked me, my son, and my motives for getting involved in community affairs. Each of her gross charges will be answered, but first it is necessary to point out that I am not acquainted with Mrs. Fontanes.

1. Mrs. Fontanes calls me a "Johnny-come-lately". Judge for yourself. My wife, her mother, and her grandmother were born and raised in Hicksville. My wife is a Hicksville High graduate. We met in 1952 and were married a year later. Military service kept us away most of the time, but we did return almost every year to visit relatives who resided in Hicksville then and who reside here now, all within a block of my present residence. Thus for 23 years I have watched the growth of Hicksville, and with that growth, the rise in property taxes which has had such a debilitating effect on elderly Hicksville residents.

2. My son, Pete, graduated from Hicksville High School (52 out of about 950 classmates) and I certainly won't denigrate the education and motivation he received in the school which was excellent. But Pete was an "A" student for the nine years prior to his attendance at Hicksville, and school property taxes in those years for the schools he attended averaged \$400 for a house comparable in size and condition to the house we now live in. Furthermore, the amount spent on education per child averaged much less then and is averaging much less than Hicksville now. So equating high taxes with better education is not justified.

However Mrs. Fontanes alleges my opposition to the school budget only began because Pete has now graduated from school. That allegation is false. I attended school board meetings in the fall and spring of the 72-73 school year when Mr. Tom Clark was board president. At one meeting, I personally acknowledged to Dr. Hill my satisfaction with the board and with his vast knowledge of school administration. But then HCBE, backed by the teacher's union, came on the scene. Mr. Clark was defeated for re-election and in my opinion the school board came under control of HCBE. Where Mr. Clark kept moderation as his budget keystone, HCBE swept it aside and equated education with spending. That enormous fallacy, higher spending = better education, gendered by teacher unions, unsupported by the facts, increased the school budget by a large amount for the 74-75 school year and then ripped-off the taxpayers with a whopping 2 million dollar increase for the coming school year. That last increase triggered my opposition to the make-up of the present school board (excluding Mr. Bruno) and to the proposed monstrous budget. If Mrs. Fontanes thinks I would not have spoken out sooner if the facts had warranted, her thinking process is derailed. But the size of the Budget was not known until May 15, 1975. My opposition began immediately and my letters appeared in your paper before Pete graduated. If Mrs. Fontanes felt I feared a teacher backlash against Pete, her thinking is really derailed. I knew that teachers were professionals with honor and integrity and would act according to those principles. Events proved that contention.

3. My opposition to the over-elaborate school-pool-park complex is equated by Mrs. Fontanes to the fact my backyard contains a swimming pool (which came with the house). Again Mrs. Fontanes' logic is added. I AM FOR A PARK AND A POOL IF THAT IS DESIRED BY THE MAJORITY OF HICKSVILLE TAXPAYERS. I am against the gigantic and grandiose park

planned by the Hicksville Task Force because it will be a 10 million dollar yoke around the neck of the Hicksville taxpayer; because it was generated as a result of a ROTTEN poll; and because it will disrupt the lives of so many nearby residents since so much will be built on so little a space in a residential area. All of this has been said before in letters you have graciously printed. Mrs. Fontanes has missed the point.

4. Mrs. Fontanes also alleges that children and education are more important than all the money spent on defense and somehow ties that into Vietnam and "peaceful expenditures". That charge is evidently made in reference to my military service. Since she has mixed so many unrelated facts into a mish-mash accusation, no answer is possible. However using like-type logic her accusation can be restated thusly: "Children and education are more important than all the money spent for police protection in New York City as its crime rate has not been reduced in the past 30 years." By the way, Mrs. Fontanes' husband is a New York City policeman.

5. Mrs. Fontanes also takes a rap at my son Pete on his appointment to the US Military Academy. Pete competed for the nomination, and once nominated, competed with nominees from all over the United States for the appointment. That he was offered an appointment was a great honor for him - that he is not attending because of a visual deficiency was a great disappointment to him. However, any boy including Mrs. Fontanes' son can compete for the nomination and appointment and have their education "paid for by the taxpayer" providing they agree to defend the United States and its people.

As stated previously Mr. Fontanes is a public employee. Furthermore, Mrs. Fontanes is a BOCES employee. Thus I can understand her concern when sheep become ex-sheep and begin to bleat over the ever-increasing property taxes, most of which occurs because of the insatiable demands of public employee unions. I refer Mrs. Fontanes to the testimony of Commissioner Adelaide Attard of the Nassau County Department of Citizen Affairs during the Public Hearing on the NYS Social Services Plan. She said "...life here (in Nassau County) is geared to the higher incomes of its residents and the elderly, living on fixed incomes cannot hope to afford higher rents, property taxes, of medical care."

Mrs. Fontanes can be assured that my bleats for fiscal sanity will continue - regardless of her vituperate personal attacks upon me or my family.

Sincerely yours,
Frank H. Willard Ex-Sheep

To the People of Hicksville,

On June 4, 1975 Hicksville voters, when presented with a fragmented school budget, turned down 5 of 6 budget propositions, while accepting a basic contingency budget and a proposition to continue adult education and driver education programs.

The effect of turning down five of the six propositions was to put the district one small step beyond an austerity budget.

It is ironic to find that enough yes votes could be found among our adult voters to pass adult education but not enough yes votes to pass upon transportation for our handicapped children during the summer or enough yes votes to provide inter-scholastic and co-curricular activities such as athletic programs or musical and drama programs.

It is obvious that Hicksville's No voters on school budgets turned out in their usual numbers. Less than 5,000 of the approximately 8,000 registered or 25,000 eligible voters went to the polls. Of the 4,900 people who voted less than 50 attended the Public Budget Session to ask questions about the budget or to express pleasure or displeasure over its formation.

Each proposition that lost drew under 3,000 No votes. Yet this small turnout of negativism was enough to defeat important programs for many of our children.

This budget in its entirety would have cost the taxpayers approximately \$7.85 per month. (Figured at a \$6,000 valuation.) In interpreting these results I can only draw the conclusion that the people in Hicksville are uninformed or misinformed about the impact that the budget has on our children and community.

In turning down proposition 2 or 3 on Transportation we have prevented the handicapped children of our town from attending their summer programs which are essential to their continued growth.

Voting No for Proposition 4 which provided inter-scholastic and co-curricular activities has eliminated all sports, drama, musical programs etc. For many of our students who are seeking college scholarships in these areas we may be locking them out of a college opportunity. Textbooks, classroom supplies, etc. were also defeated in this proposition. Almost all supplies will now be furnished by you at whatever their cost, as well as all textbooks over the \$10 limit the district is allowed to spend per child.

Proposition 6's defeat means that only emergency repairs can be made to building. No auxiliary police; No community use of the schools without payment in advance for all costs. This means any group wishing to use the schools must pay \$40 per night, \$60 for the Junior and Senior High

gymnastics, CYO, Scouts, PTA, etc. afford this kind of fee?

Proposition 7, the Cafeteria has always been controversial. We could have a self-sustaining cafeteria even though this proposition failed. However, how many people in pushing the No lever thought of the over 200 families who need and are entitled to free lunch for their children. With high unemployment we could see these number climb higher.

Many of the students of Hicksville now realize the position they have been placed in. They have spent the last 6 weeks garnering over 5,000 signatures on petitions asking the school board to have a vote so that you can vote again on their futures. It is hard to explain to them how we can sacrifice them for \$7.85 a month when they see us spend \$14 a month on Cable TV, or over \$100 a year on our lawns, grooming our pets, cigarettes, etc.

On August 5th you will have the chance to vote again. This time there will be 2 propositions. Proposition 1 will include transportation, extra and co-curricular activities, supplies, auxiliary police, community use of the schools. (All the things that had been in propositions 3, 5 and 6.) Proposition 2 will be the Cafeteria.

Let's hope that those who are unregistered will do so on August 2nd from 1pm-10pm, and that we all face reality on August 5th and vote YES. It is time to put our children's welfare and education higher on our list of priorities.

Kenneth Rudin

To the Editor and Residents of Hicksville:

You have an opportunity August 5 to do something special for your children and all the other children in Hicksville -- and it will only cost you \$1.19 a week.

It's a simple thing and will only take a few minutes of your time. But it is something that will last your children all their lives -- something they will always remember.

It will provide them with bus rides every day, football games, parades, plays, musicals, yearbooks, CYO sports, Boy Scout meetings, intramurals, library books, lunches, art supplies, musical instruments, and much more.

What can you do to provide all this? Vote YES on August 5. Go to your local elementary school and pull the "YES" lever on Proposition 1 and Proposition 2. Then your children and your neighbor's children will have all this.

So simple for you, yet so meaningful and important for them. Remember: your children only pass this way once. What they lose now can never be regained. Don't let them lose the "extras" which make school important and prepare them for life in the communities of our world.

Vote YES on August 5.

(in addition to the current tax rate and the budget portions already passed, for a \$6000 assessment.)

Dear Editor,

For eleven years Hicksville Schools have provided us with a well-rounded education. It has been an exciting and stimulating experience. Now our Senior year looks bleak.

We have been very involved in all aspects of learning. Most of our time has been spent acquiring academic skills but we have also spent long hours in after school activities. Clubs, shows, sports and music have afforded us the chance to use our leisure time constructively. It is during these activities that we have developed the much needed

skills of cooperation to get a job done. It is this time that has contributed to making our schooling a total learning experience.

As seniors we hope to again have the opportunity for a complete education. We ask the voters of Hicksville to make this the exciting last year of high school it has been for others. Help keep us active and involved. Do yourself a favor by keeping us off the streets and out of trouble. Vote YES on AUGUST 5 and help to once again turn out a graduating class which will bring honor to the community.

Dear Mrs. Noeth,

The educators in Hicksville affect the level of learning and development in their students. But education is not limited to academia. As graduates of Hicksville High School, we found that our well-rounded educational program, both in and out of the classroom, prepared us for our freshman year in college. We came in contact with at Michigan State University. Our experiences in high school provided us with valuable insights into the areas of human interaction, with adults and our peers.

Through our participation in various extra-curricular activities, we were better able to grasp a concept of the world and the self. Youth provides the individual with the time to develop both the body and mind. Valuable experiences, such as student government allowed us to work individually and cooperate in a miniature government setting. The sports programs offered the opportunity to work as an integral member of a group, in the giving and taking of instruction, responsibility, and cooperation. Cultural activities such as music and the fine arts helped us to discover that the written word, the sight, the sound, and the touch are not limited to mere intellectual abstractions, but the experiences of creative process. The various clubs exposed us to interests that could lead to future consequence. It is only through these extra-curricular activities; the clubs, groups, shows, sports, exhibits, and concerts that the student can fully develop himself into a more mature person.

Education is both intellectual and social development of the individual. This learning is not limited to mere facts, figures and the standard reading, writing and arithmetic. It is only through the extra-curricular programs that we gain a complete education. It is in all of our interests that the citizens of Hicksville vote YES on the budget propositions on August 5, so that our younger brothers, sisters, and friends are provided with the same quality education that we have experienced. Thank you.

Sincerely,
Lorri Gumanow and
Helen Maier.

To the Editor:

As the end of the month approaches and most of us pay our mortgages, I hope those who voted "yes" on the last school budget will remember how they gave to dig deeper and deeper into their pockets to pay these ever increasing payments (increasing because your taxes are going UP, UP, UP.)

You can't feel the pinch caused by the June 4th vote yet, that will be next January, but if you could you would all vote "N" on this next vote. One outrageous increase is enough, but AGAIN they want to increase our taxes. All increases will be to pay for last years services with less students. When will this stop? Remember your taxes are made up of County, Town, School and Library taxes, all of which have already gone up this year. If you don't vote "No" on this vote, the entire town of Hicksville will look like downtown Broadway, because NOBODY WILL BE ABLE TO AFFORD TO LIVE HERE!

To the Editor:

I have recently had the pleasure and good fortune to work with a group of Hicksville High School graduates and students on the upcoming budget vote.

I would like to take this opportunity to publicly commend these outstanding young men and women on their interest, dedication, concern, hard work and high ideals. I, for one, am very proud of them, their actions, and their attitudes, and I believe we, in Hicksville, are lucky to have such citizens in our midst.

Delay In Bayville Bridge Repair

Town Supervisor John W. Burke stated that arrangements had been made to have the nearly-completed Roosevelt ramps available to residents on weekdays beginning on Monday, July 28th when repairs to the Bayville Bridge had been scheduled to commence. This plan has been changed, and

A delay in the repairs to be made on the Bayville Bridge by the Nassau County Department

of Public Works has resulted in a change of plans by the Town of Oyster Bay regarding the availability of the launching ramps at Theodore Roosevelt Memorial Park. Residents should continue to use the temporary launching facilities at Centre Island and Stebbins Beaches.

"We have been notified that repairs to the Bayville Bridge

have been delayed," Burke stated, "and as a result, construction of our permanent launching ramps will continue uninterrupted."

Burke said that many residents had been using the temporary ramps placed by the Town earlier this year, and that the use of the partially-completed Roosevelt ramps would have abridged the inconvenience of West Shore Drive being closed during the bridge repair.

Ritch House Opened

Another reminder of life in the 1830's was the opening to the public of the Ritch House at the Old Bethpage village restoration on Sunday, July 20.

The Ritch House, a cape cod structure originally built on Long Island in 1813, was home for Lewis Ritch and his family. Ritch's five boys slept in the attic, one of four small rooms in the house, the others being the kitchen, living/dining room and small bedroom.

During the opening ceremonies, the entire Ritch family were represented by costumed persons giving visitors an idea of the logistics involved in managing a family of eight in the close quarters of the oak frame home. Ritch was an artisan who plied his trade of making felt hats on Long Island after the required four-year apprenticeship around 1830. The Nassau County Department of Recreation and Parks plans to authentically recreate the shop next door to his home so that visitors will be able to see the hatmaking craft practiced as it was mid 1800, just as they can

already walk down the village road and observe smithing, farming and cooking done with 1830-50 tools and utensils.

Settled in the village restoration is the 17 room Powell Farmhouse, the fisherman's modest house as well as the Manetto Hill Church, the Norm Inn and the Layton General Store all recreated for 20th century visitors seeking a look at a way of life common to Long Island dwellers of the mid-19th century.

Visitors to the restoration of July 20 also enjoyed music by the Brass Band and parlor music sung at Layton House to organ accompaniment throughout the afternoon.

The Old Bethpage village restoration is located on Round Swamp Road, one mile south of Exit 48 on the Long Island Expressway.

Admission to the restored farm community is \$2 for adults and \$1 for children. Nassau County Leisure Pass holders pay \$1.50 and 75¢. Hours of operation are 10 a.m. to 5 p.m., seven days a week.

Pool Chemicals

It is that time of year when many residents of Nassau County are setting up and using swimming pools in their yards. Most people don't realize that certain swimming pool chemicals can cause fires if handled improperly.

Calcium hypochlorite, a chlorinating agent, is such a product. In everyday use in the

treatment of water in swimming pools, calcium hypochlorite is a strong oxidizing agent and should never be contaminated by any foreign matter including, but not limited to, suntan lotions, soaps and other swimming pool chemicals, as contamination may result in fire or explosion and the fire can be of great intensity.

Soccer Club Does It Again!

CONGRATULATIONS - PEE WEE RED: The above Hicksville American Soccer Team (PeeWee Red) holds the honor of winning the L.I. Junior Soccer League Championship, the State Cup Championship, as well as being the first finalist from the

Hicksville American Soccer Club in the "Robbie" International Soccer Tournament in Canada. Your team spirit and effort is commendable. All of Hicksville commends you and your coaches. Congratulations from your Soccer Club. Bottom row:

D. Spadero, F. Musumeci, K. McCann, J. Knuth (goalie), J. Carroll, B. Cunningham, M. Bell, 2nd row: R. Bell, B. Maguire, P. Schnur, L. Sneddon, T. Leavy, R.J. Nakashion, L. Ziembicki, Top row: Coaches J. Neto; P. Muller.

Phil Muller's & Joe Neto's PeeWee Rd Team left a lasting impression on Long Island and Points north and west. This was the first time that this age team (8 yrs. & younger) was permitted to compete in L.I. Jr. Soccer League competition and State Cup competition. The team did Hicksville proud by sweeping League competition, taking the State Cup Championship and ending up as a finalist in the Robbie Tournament in Canada. A very impressive record, indeed, considering that season totals show 76 goals scored with only 7 against.

League competition was the training ground which sharpened the passing and teamwork in preparation for State Cup play and the Robbie International Tournament. The team breezed thru the League spring season with a 8 0 0 record, demolishing every team in sight. It was ironic and fitting that Hicksville should wind up its League season against Bohemia in one of the most thrilling contests of the year. An unorthodox strategic maneuver successfully protected a 2 - 1 lead late in the second half, with a six man front and a five man defense in front of an open net. It Worked. Little did they know that they would meet the same team twice in the semi's and final com-

petition of the State Cup.

As the Pee Wee's approached the end of Cup play, they faced Bohemia in the semi-finals and rolled up a 4 - 1 victory. L. Sneddon directed and led the offense that produced goals by L. Ziembicki, P. Schnur & D. Spadero, with most of the assists credited to F. Musumeci. This brilliant action sent them into the finals.

In spite of a slow start, the second half was a different ballgame, with the team coming alive. R.J. Nakashion drove in the tying goal, as L. Ziembicki, J. Carroll, B. Cunningham, R. Bell and the entire team became observably inspired. The Pee Wee's put the Championship on ice with a quick score by L. Ziembicki, followed by tremendous defensive effort. Results: Hicks, 2 - Bohemia 1.

The entire Club is proud to field this team: under the direction of Phil Muller and Joe Neto: D. Spadero, F. Musumeci, K. McCann, J. Knuth (goalie), J. Carroll, B. Cunningham, M. Bell, B. Maguire, P. Schnur, R. Belle, L. Sneddon, T. Leavy, R.J. Nakashion, L. Ziembicki. Congratulations Coaches and PeeWee's. Good job. Well done.

Our Pee Wee's really proved their mettle in international competition at the "Robbie" Tournament in Scarborough

Canada. Traditionally, this tournament selects the elite of the Western Hemisphere. Hicksville is proud to have achieved this position in Soccer-oriented communities around the world.

In the elimination rounds at this tournament, our Pee Wee's neatly disposed of Georgetown, Va. 5 - 0; Don Mills (Canada) 1 - 0, and our billeting hosts, Guildwood, 3 - 2. These victories provided our eligibility to the semi-finals against Mexico, the third out - of - country team invited to this Tournament. The 1 - 0 penalty kick win over Mexico made Hicksville a finalist. Our 2-1 loss to Oakville (Canada) did not disturb our local ego, since Oakville is the Canadian National Champion in this Division and we scored the only goal against them this season. Our Pee Wee were proud to have shared Finalist Honors with Oakville, Canada.

ANNOUNCEMENT - Of vital importance - An analysis of the Board of Education's Budget voters approve New Proposition No. 1 on August 5, there will be no interscholastic sports, plus the fact that no community organization can afford the required Building-Use Fees. All youth oriented organizations will cease to operate.

Protect the future of the Soccer Club and the future of every other club and group that serves our young people. Register on August 2 if you are not presently, then Vote Yes on New Proposition No. 1 on August 5th, to preserve athletic programs in Hicksville and the continued ability of youth-centered groups to use these school facilities. This is the only way to prevent absolute disaster in our community.

By Vince Murphy

BASEBALL.
On Wednesday July 9th the St. Ignatius CYO nine year olds were in a tournament. The St. Ignatius team was involved in the tournament with teams representing the Little League program throughout the Hicksville and Levittown areas. The St. Ignatius team lead by the pitching of Steve Briody and the hitting of Nick Babyak were the winners of the tournament.

Levittown-North L.L. 6 to 1. On the following day Levittown-Central L.L. defeated Hicksville American L.L. 9 to 6 and the Levittown-West L.L. team lost to the Hicksville Baseball Association team by a score of 16 to 3. On Friday July 11 saw the St. Ignatius team beat the Levittown-Central L.L. team in the Semi Final round by a score of 12 to 9.

On Thursday July 17th was the day that the champs of the tournament was to be decided. The game was played by St. Ignatius and the Hicksville Baseball Association team. It was a well played game with the St. Ignatius team coming out on top by a score of 13 to 12 thus making the St. Ignatius team the champs of the tournament.

Congratulations to the St. Ignatius team for winning the tournament. It was an all out team effort that led the St. Ignatius team to winning the championship.

Douglas Spinola (age 3), Lynette Perez (age 18) and Bonnie Salazar (age 13) of Knoxville were so excited they couldn't sleep the night before camp started. The Nassau Easter Seal Day Camp bus honked early on July 7 and they eagerly got on to start their first day of camp. Like Douglas, Lynette and Bonnie, 164 other physically handicapped youngsters attend the Nassau Easter Seal Day Camp for the six week session.

Located on the grounds of the Human Resources Center in Albertson, the camp is a specially adapted recreation program for disabled children ranging in age from 3 - 18 years of age. Because of their severe physical handicaps, they have been classified as homebound students by their school districts. Twenty-six different disabilities are represented in the camp population.

BACKGROUND ON BUSINESS

Panama, Travel And Financial Crossroads, Builds World Trade And Convention Centers

You learned all about the Panama Canal in school, right? Which direction do you sail when you cross the Canal from the Atlantic to the Pacific Ocean? East to West? Wrong!

The answer to that question is among the many oddities about Panama that Jose Rogelio Arias, Jr., the

dynamic master-planner of Panamanian tourism, likes to entertain Americans with U.S. educated (University of California), Arias knows that most Americans think of Panama as "only a canal." Now, as general manager of the Panama Government Tourist Bureau, he reminds them that his country has a most remarkable geography that offers scenic and cultural variety for the pleasure traveler and an orientation that today truly makes Panama more of a "crossroads of the world" (as its license plates boast) for the businessman.

Panama is like a gently curving "S" lying on its side, with Central and North America to its west and South America to its east. That's why the Panama Canal runs approximately north to south, instead of east to west, why only in Panama does the sun rise in the Pacific and set in the Atlantic, and why Panama City will open in 1977 an architecturally unique, 3,000-seat Convention Center and a World Trade Center.

A World Trade Center in

a country with a population of only 1.5 million? The international business community doesn't think it's such a wild idea. After all, more than 70 different banks (80 per cent of them foreign ones) operate in Panama, and they include financial institutions from the U.S., Canada, Great Britain, Spain, Holland, West Germany, Taiwan, Switzerland, Japan, South Korea, Colombia, Brazil and Venezuela. Panama's financial stability, favorable investment climate and strategic geographic location have brought them here. For representatives of foreign businesses, Arias has envisioned a 20-story round tower rising out of one of the two lagoons adjacent to the new Convention Center.

The two lagoons represent the Atlantic and Pacific and symbolize the fact that this will be the world's first and only two-ocean Convention Center. Fish indigenous to each ocean will be stocked in the respective lagoons, subtle reminders from Arias that the Atlantic and the Pacific are only 50 miles (and a few air minutes) apart and that the best fish-

ing in the world awaits convention delegates. Panama (which means "abundance of fish") is the Black Marlin Capital of the World, and more than 35 deep-sea fishing records have been made in its waters. Inside the Convention Center, its key chamber, a 3,000-seat theatre, will accommodate not only conventions but have complete stage facilities for light operas, concerts, theatrical performances and films. Separate conference and banquet areas can accommodate 3,000 persons at once or be divided into smaller sections for a mix of banquets, exhibitions and conferences. Audiovisual and communications equipment will include the most sophisticated facilities for simultaneous translations. Exteriors will reflect pre-Columbian art.

New hotel facilities in Panama City will match the demand for convention delegate housing. "Panama could use the rooms now," Arias laments, as he counts the large groups of prospective conventioners and sales-rewarded travelers he's had to turn away from "the crossroads of the world."

THE FAMILY LAWYER

"I Refuse To Testify"

Grouchy neighbor Jones, sitting on his front porch, sees a reckless driver plough into your parked car. Later, trying to collect damages, you need Jones to be a witness for you in court. But he balks. "I refuse to testify," he says. "The whole thing is none of my business."

Can you force him to take the stand? Indeed you can. Testifying in court is not a matter of choice but a matter of civic duty. The citizen who has useful information in a lawsuit must tell what he knows, willingly or not, because justice is entitled to his assistance.

One "persuader" is the court's power to hold him in contempt. But beyond that, if Jones' refusal should ruin your claim, he may even have to pay you the damages himself. Most states now have statutes allowing damages against the unwilling witness.

Thus, one court imposed damages on a businessman who was "too busy" to testify at a shopper's lawsuit against a supermarket. Conceding that the duty to testify is "rarely pleasant or desired by the witnesses themselves," the court added:

"Public authority has preference over private interest."

It's Superlative!

Diamonds are, chemically, pure carbon. But it was no carbon copy that actor Richard Burton bought in October, 1969, for Elizabeth Taylor, then his wife. It was a 69.12-carat flawless diamond ring and he paid \$1,200,000 for it, making it the highest-priced diamond ever sold at auction.

The most valuable metal used for engagement and wedding rings is platinum. It's rarer, harder and heavier than gold, and because of this many women prefer it for rings. They also like the fact it's so tough it resists nicks, scratches and corrosion. And platinum is so strong it's the most secure setting a diamond can have.

The world's most expensive sugar bowl is probably the one on display in New York's Metropolitan Museum of Art. Made in 1786 by the Parisian master-smith Marc Etienne Janety, it's 7 inches long, 5 1/4 inches high and, except for a glass liner, made entirely of the purest platinum.

On the other hand, a witness need not submit to embarrassment or hardship beyond the legitimate needs of justice. For example:

A woman witness in a homicide case was asked whether she had been quarrelling with her husband—a question that had no connection at all with the trial. The court threw the question out as improper.

As one judge put it: "Witnesses have a right to be protected from abuse by improper questioning and gratuitous attacks on (their) character."

YOUR LIFE INSURANCE

Prepared by the American Society of Chartered Life Underwriters, the national society of life insurance professionals who have earned the C.L.U. designation by meeting high educational, ethical and experience requirements.

Q. My cousin, an accountant, bought a \$5,000 Straight Life policy on which he figured he has paid about \$1,065 over the past 10 years. Now he wants to turn it in for its cash value and has discovered that he would receive only \$765. Why shouldn't he get back all the money he paid in?

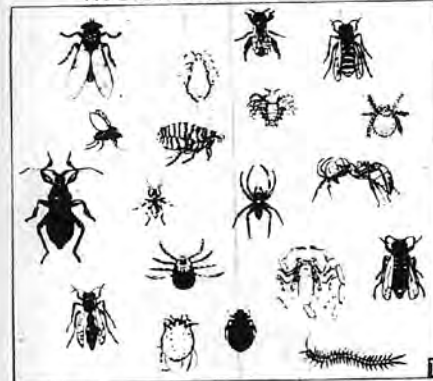

A. Because the difference, in this case \$300, represents the company's charge for insuring your cousin's life over the 10-year period. The fact that he is still living does not entitle him to a refund of this sum, just as he would not expect a refund of fire insurance premiums because his house did not burn down.

Of course, your cousin can borrow up to 94% of the cash value of his policy from the insurance policy. His right to do so is automatic, and the company must advance the money if he asks for it.

A theater's green room was the off-stage sitting room used by the actors, and got its name from the fact that its walls were often painted green to rest the eyes exposed to bright stage lights.

Safety Sense

AVOIDING INSECT STINGS

To most people, an insect sting is a painful experience, but one that's forgotten overnight. But for one person in a hundred the sting of an insect may be fatal. Here are a few tips on how to avoid and treat insect stings, provided by CIBA-GEIGY Corporation as a public service, in their booklet *Insects That Sting*.

1. Keep lawns free of clover and dandelions, which attract honeybees to the yard.

2. Avoid close contact with flowering trees and shrubs when bees and wasps are collecting nectar.

3. Honeybees are generally most aggressive on dark, overcast days, and in the early spring. Avoid working with flowering plants at these times if bees are present.

4. If a stinging insect lands on your body brush it away—don't slap it against you. Slapping the insect will

trap it and cause it to sting. In most cases, if you stand still and stay quiet, the insect will fly away.

5. If you spot an insect nest, you may want to use a high-pressure aerosol spray against it. The aerosol should contain pyrethrin, an instant knockdown insecticide, and should shoot a high volume spray 10 to 15 feet.

6. Vines may conceal nests and should be removed from the house.

CIBA-GEIGY, a leading U.S. chemical company, creates and manufactures a wide variety of products that make life healthier and more pleasant, including pharmaceuticals, agricultural products, dyestuffs, pigments, plastics and additives and consumer products.

If you would like to obtain the booklet *Insects That Sting*, write to CIBA-GEIGY Corporation, c/o Corporate Relations Dept., Ardsley, N.Y. 10502.

Recipes from the Best Foods Kitchens

Good Taste Never Goes Out of Style

What is it that people miss most about the "good old days"? Memories of picnics, mother's potato salad, and the corner store evoke nostalgia for the past, but some time-honored traditions still prevail.

In 1912, one could stop at Richard Hellmann's delicatessen in New York City, chat with him and buy a little wooden boat of his wife's mayonnaise. As the popularity of Mrs. Hellmann's mayonnaise grew, the clever delicatessen owner began selling the mayonnaise in glass jars and soon added a fleet of delivery trucks. Today what began as Mrs. Hellmann's mayonnaise is available around the country, as Hellmann's in the East and Best Foods in the West. Since it was first used for potato salad we offer a recipe for Old Fashioned Potato Salad, as good today as it was in 1912.

Old Fashioned Potato Salad

- | | |
|-------------------------------|------------------------------|
| 4 cups diced cooked potato | 1 cup real mayonnaise |
| 1 1/2 cups sliced celery | 1 tablespoon vinegar |
| 1/2 cup chopped green onion | 2 teaspoons prepared mustard |
| 1/4 cup sliced radish | 1/2 teaspoon celery seed |
| 2 tablespoons chopped parsley | 1 1/2 teaspoons salt |
| | 1/2 teaspoon pepper |

Mix together potato, celery, green onion, radish and parsley. Toss with real mayonnaise, vinegar, mustard, celery seed, salt and pepper until well mixed. Chill. Makes 8 (3/4 cup) servings.

Letters To The Editor

(Continued from Page 5)

There are some of our citizens for whom I could not express such sentiments, however. For those who use this, or any other, budget vote (or other occasion) as a chance to vent their petty racial or ethnic prejudices on the ones who have taken a stand for something they believe in, I have only contempt. To turn this election or any other into a personal vendetta is wrong and anonymous phone calls which convey derogatory remarks about someone's ethnic or

cultural background are the product of a sick mind.

Our schools do not advocate such harassment nor such prejudice. They re-inforce the values of tolerance and respect for others. And, as products of the Hicksville schools, these young men and women who are working to insure a TOTAL budget for our students, are shining examples of these values.

It is a TOTAL school which has helped produce such community-minded and concerned citizens. A school with more than just the

basics.

I will be voting YES on August 5 - for a TOTAL school budget, for all the "extras" that make a school and its students important to a community. And my YES vote will be my way of saying "thank you" to all those young men and women who are in, or have graduated from, our high school, and all the ones yet to enter - "thank you" for turning out the way your parents and teachers tried to guide you. My YES vote will be my vote of confidence that we can turn out more good citizens like you.

I ask the people of Hicksville to join me in voting YES on August 5.

Shirley Smith

Dear Editor and Residents of Hicksville,

It has often been said that the most important influences on a young person's life is his or her parents, friends and education. On June 4th a vital part (4.2 percent) of the educational process in our schools was defeated, a tremendous tragedy for EVERY student.

Indeed, reading, writing, and arithmetic are important, but what is more important is learning to work with fellow human beings.

Do you have any idea of what can be learned after school, outside of the classroom? As recent graduates we can look back upon our memories of the Hicksville school system. There we find memories of students meeting every week for a Student Government meeting. But do you think that is all they do, just meet once a week? No, on the contrary, the real work is done during the students' "free time" - committee meetings, organizational meetings, publicity meetings, planning committees, Executive Board Meetings - yes, they work just like the Congress - sometimes just as slow, but the important thing is they are working together for a common cause, they are interacting with each other to bring forth something the student body wants, or the school building needs.

There are other memories too, memories of Homecoming Day, Football Games, Basketball

(Continued on Page 13)

Just moved in? I can help you out.

Don't worry and wonder about learning your way around town. Or what to see and do. Or whom to ask. As your WELCOME WAGON Hostess, I can simplify the business of getting settled. Help you begin to enjoy your new town... good shopping, local attractions, community opportunities. And my basket is full of useful gifts to please your family. Take a break from unpacking and call me.

HEIDI WYNNE of 24 Admiral Lane, Hicksville, lived up to her name when she was named 1st place winner in the "Little Miss Cantique Park" contest. The

recent event was co-sponsored by the Nassau County Department of Recreation and Parks and the Lullaby Children's Shop, East Meadow.

Safety Town Open

Safety Town, the Nassau County Police Department's miniature community, designed to teach youngsters the safe rules of the road will have Open House on Tuesdays and Thursdays from now until Labor Day.

Ordinarily groups must make reservations to bring youngsters to the facility but Police Commissioner Louis J. Frank said that visitors may tour Safety Town

without such reservations at 12:30 p.m. on the specified days.

Safety Town, located in Eisenhower Park, is geared to instruct youngsters between the ages of seven and nine in how to conduct themselves on the road and has been a popular attraction for schools from all over Nassau County. The tour of the facility lasts between one and one half and two hours.

DEAR FRIENDS (Continued from Page 4)

November, AND, if you are registered so that you can vote on this vital and possibly tremendously costly issue, we will all have to abide by the results of our own voting. Isn't that what democracy is all about? Much more on this later.

THAT'S ALL for this week. Stay well, and think about the little girl who recently wrote to one of our local daily newspapers saying "I belong to my school ecology club, and every day I pick up eleven pieces of litter, and I plant two growing things." This is a letter I will never forget.

Policeman Charged With Grand Larceny

A Nassau County Police Officer has been arrested and charged with Grand Larceny following the discovery of a loss of \$7,000 at a Bayville beverage distributing firm.

The officer, 27-year old George J. Warner of 4 Dawson Place, Huntington, on the job since June, 1969, came under suspicion through a systematic routine check of open door reports on posts he had been working.

Under the direction of Chief of District William F. King and Acting Chief of Detectives Charles E. Spahr, an internal investigation was begun. Matters came to a head this morning.

Shortly after 1 a.m. on July 2, Warner reported an open door at the J & D Beverage Distributors, Inc., 263 Bayville Avenue, Bayville. When the owner arrived, he reported to police that \$7,000 in a bank deposit bag was

missing. Warner, who had gone back on foot patrol was subsequently questioned and arrested.

Police Commissioner Louis J. Frank suspended Warner from the force at 9:15 a.m. today. He was due to be arraigned in First District Court, Mineola, this afternoon.

Police Commissioner stated that Warner apparently worked alone and that the series of incidents have been going on for less than six months.

Warner, a bachelor, lives alone.

K of C Meeting

The Joseph F. Lamb Council No. 5723 Knights of Columbus, Plainview, will hold a business meeting on Thursday Evening August 7, 8:30 P.M. at the American Legion Hall in Plainview.

All brothers of the Council should try to attend. Refreshments will be served after the meeting.

At The Movies

The Children's Room presents "THE BANDWAGON", an hour-long film, on Monday, August 4th, at 2 o'clock, at the Hicksville Public Library.

Letters To The Editor

(Continued from Page 12)

Games, Baseball Games, Wrestling Matches, Shows, Clubs, etc. to name just a few. This is where it's at. This is where learning continues.

What about community use of the school? Well, this is also involved in the vote on Tuesday, August 5th. Is there any reason why a community organization should have to pay a fee for using a school building and/or its premises -- a building built with taxpayers' funds, supposedly built for the taxpayers' use?

These are just some of the issues involved in the August 5th vote. Others include auxiliary police, building and grounds upkeep, library books and supplies over and above the state minimum, and a cafeteria system, but probably the most important issue of all -- transportation.

On August 5th YOU, the residents of Hicksville will be asked to vote on Propositions 3, 4, 6 and 7, previously defeated on June 4th. We ask, we urge, we beg every citizen who has not registered to do so on August 2nd, 1 P.M. - 10 P.M. at the Administration Building and to vote on August 5th, 10 A.M. - 10 P.M. at your local school. Vote, and vote YES.... You do not have to be a home owner to vote. You need only to be 18 years of age, and to have resided in Hicksville for at least 90 days. Remember, education is no place to "cut corners" for the sake of economy. All of us feel the economic crunch -- but do our students have to pay. We try to mold our children -- give them a rounded education, make them feel fulfilled. Why short change them by making it hard for them -- they need the extras. We must give them the same opportunities they so richly deserve, the same opportunities that you gave us. Remember, what is lost to the students of Hicksville today, cannot be regained tomorrow.

Thank you, Warren M. Seigel - chairman of The Student Struggle for a Better Education Class of '75.

Edward Saueracker - President of The Thespian Society, '73-'74 Class of '74.

Mary O'Leary - Business Manager of The Thespian Society '74-'75, Class of '75.

Tony Agnese - Thespian Society, Class of '72.

Doreen Hutchings - Student Director of the Madrigal Singers '71-'73, Class of '73.

Lenny J. Provenzano - Vice-President of the Stamp Club, Class of '73.

Karen Williams - Madrigals, Class of '74.

ACCIDENT REPORT

July 22 - 6:35 p.m. - cars driven by Anthony G. Holly of Brooklyn, and Elaine M. Marzoli, 18 Oak Dr., Plainview, collided on Rte. 495 at Rte 135, Syosset. Both were westbound at the time of collision. Elaine M. Marzoli was taken to Syosset Hospital with upper arm pain.

July 23 - 10 a.m. - a car driven by Juanita Ramondio, 20 Milford Dr., Plainview, collided with a parked car owned by William E. Haynes, 33 Jamaica Ave., Plainview, on Jamaica Ave., 50 feet west of Elwood St., Plainview. Juanita Ramondio was taken to Central General Hospital with head pain.

July 12 - 6:30 p.m. - Cars driven by Frank Bongiorno, Rita Visceglia, 222 Dartmouth, Dr., Hicksville, and Richard De Lucia of Levittown, collided on Old Country Rd., 300 feet west of Newbridge Rd. Hicksville. All were west bound at the time. Injured and taken to Central General Hospital were: Rita Visceglia, minor bleeding of the head, and Richard De Lucia.

Thousands Helped By United Way Campaign

Last year, almost 500,000 Long Islanders, working men and women, combined to give on the job to the United Way of Nassau-Suffolk's Island-wide appeal on behalf of 94 community agencies and hospitals. Their generosity, combined with contributions made by corporations and privately-held business firms, produced a \$3 million dollar-plus contribution which was the

highest in Long Island's history. This generous effort by Long Island's wage-earning population, as elsewhere in the nation, inspired the United Way's 1975 theme, "Thanks to You, it works...for all of us".

This motto expresses the conviction that giving to the United Way is a way of sharing with one's working companions in the satisfaction of helping each

other while helping the community at large.

Our annual campaign on behalf of the United Way of Nassau-Suffolk will begin on October 1, 1975. And this year, we have more than 100 agencies and hospitals to help support.

Volunteer chairmen, enlisted to date, with the energetic assistance of a corps of helpers including volunteer solicitors,

anticipate an outstanding result.

The United Way now supports over 100 agencies and hospitals on Long Island to cover a broad spectrum of humanitarian services that cut across sectarian lines in helping hundreds of thousands of people annually.

Our volunteer leaders are stressing that when you give to the United Way of Nassau-Suffolk you are contributing to voluntary

neighborhood hospitals, clinics, and emergency treatment centers, facilities needed by your family and your friends.

The United Way of Nassau-Suffolk asks us to give just once a year via payroll deduction at our place of business. In return, it promises to give us back better communities in which to live or work. Please give generously when asked.

Kiwanians To Celebrate Family Reunion Day

On Sunday, August 10, families in the United States and Canada will again celebrate Family Reunion Day. The observance was first held 8 years ago following a Family Reunion Day proclamation by President Johnson. Kiwanis International and Freedoms Foundation at Valley Forge sponsor the observance with the help of many other organizations.

Dr. Richard Smith, President of the Hicksville Kiwanis Club, strongly encourages you to join in the celebration. It is not a day for parades or mass gatherings. It is a time to call your own family together around the dinner table or the picnic table. It is a time to worship as a family. It is an occasion to telephone family members in other areas of the country. It is an opportunity to

renew family ties and to review family history.

Families, historically, have been the basic unit of society. It is the family which sets standards for youngsters — ideas such as honesty, integrity, self-reliance and religious faith are first learned in the family circle.

It follows that strong families are the keystone of a healthy nation. They determine the moral level for the conduct of life for both private and public action. Strong families hold the key for reduced crime, lower divorce rates, control of drug abuse and violence and many of our other serious social ills.

Reaffirm your faith in the strength of the family on this unique holiday. Make Sunday, August 10, your Family Reunion Day.

Name The Riverboat

Nassau County residents are invited to enter a contest to name the "Riverboat" that circles the lake in Eisenhower Park, East Meadow, with a name appropriate to the Bicentennial celebration. The contest ends on Labor Day, Monday, Sept. 1.

The winner will be presented with a \$50 gift certificate by Goldman Brothers, Hicksville, co-sponsors of the contest with the County's Department of Recreation and Parks.

Suggested names must be mailed directly to Stephen M.

Bernheim, Assistant to the Commissioner, Nassau County Department of Recreation and Parks, Administration Building, Eisenhower Park, East Meadow 11554.

Hours for the 25 cents cruise around the lake are from 9:30 am to 5 pm Wednesday through Friday, and from 11 am to 6:30 pm on Saturdays, Sundays and holidays.

The currently nameless "Riverboat" plies the waters near Parking Field No. 6.
