DEMOCRATIC candidates for office in the Town of Oyster Bay look over a record number of designating petitions just prior to filling them with the Board of Elections in Mineola. Left to right we see Judge Francis J. Donovan, candidate for Supervisor and a resident of Hicksville and Gerald Twombly, candidate for Town Council and a resident of Bethpage.

St. Ignatius Sponsors Refugee Family

Members of Saint Ignatius Parish are eagerly awaiting the arrival, within two weeks, of a Vietnamese refugee family they have sponsored.

With the approval of the pastor, Father Harrer, and the Parish Council, a large, enthusiastic committee, with the guidance of Catholic Charities Refugee and Resettlement Service, set about providing housing, food, clothing and employment.

To help finance the family until they can be self-supporting, a collection was taken, to which parishioners responded generously. Plans are under way for a cocktail party on Sunday, September 7, at the Knights of Columbus Hall on Heitz Place, a

cake sale and a Walk-a-Thon. A group of people will be going to the camp at Indian-town Gap, Pennsylvania, to meet the family, and bring them home.

This family had to flee first from North Vietnam, then later, from South Vietnam. Had they consented to be broken up, with members sent to various parts of our country, they could have been individually sponsored before this. Their strong sense of family made this impossible.

"We hope that this sense of community will help them to become an asset to our community, and that they will find true peace and love with us," said a spokesman for the Parish.

This past weekend, the Hicksville American Boys' Division team sponsored by the V.F.W. William Grouse Post, journeyed to Virginia to compete in the finals of the United States Soccer Championship. Although Virginia is only three hundred miles distance from Long Island, many more miles had to be covered and numerous games played just to compete in the American finals.

Hicksville normally plays in the Long Island Junior Soccer League. During league competition, the Americans completed an undefeated season scoring seventy-nine goals while giving up only three.

Since tournament play was approaching, league play was interrupted for competition in the Huntington Invitational Tournament. Hicksville advanced to the finals beating, among others, Blau Weiss Gotschee, a strong New York City team. Huntington came next. In regulation championship time, both teams were tied 1-1. In tournament play, tied championship games are decided by penalty kicks. One on one, kicker against goal-keeper

with five shots given each team. Hicksville came away a winner on penalty goals 3-1.

On to Bricktown, New Jersey, site of the largest soccer tournament in the United States. With eighty-five teams competing, Hicksville brought home another championship when they beat Lee-Mount Vernon of Virginia in the finals 1-0.

Tournament play continued in North Babylon. The high point came when Hicksville defeated Amsterdam of Holland 5-0. Semifinal play matched the Americans against their arch rivals Massapequa. Again, penalty kicks were necessary to decide the issue. Hicksville advanced to the finals on the basis of a 3-1 penalty kick victory. Next came Bricktown, New Jersey in a tough championship game. The Americans again captured the gold trophies when they defeated a tremendous opponent, 1-0.

Ahead lay the U.S. championship. First, local opponents had to be eliminated. Bayside fell 6-1. Deer Park lost 4-0 followed by Garden City 6-1. Next came the ever powerful New York City finalist, the Greek Americans. In a physical game, Hicksville won the right to represent Southern New York State when they defeated the Greeks 3-0.

By a flip of the coin, Hicksville became host to the New England champs, Bellerica of Mass. Another step toward the championship was gained when the "Big Red Machine" as they were becoming known defeated Bellerica, 5-0. Now, Hicksville took to the road. The draw pitted them against the North Rose Jets of Rochester, N.Y.

Proposition 1, which covers interscholastic sports, community use of school buildings, co-curricular activities, classroom instructional supplies for students, supplies and equipment for vocational educational programs, additional library and textbooks, replacement of worn out educational equipment, needed repairs to grounds and buildings and auxiliary police patrols, was passed last Tuesday by a total vote of 2,605 for and 1,583 against.

Proposition II which would have covered the same school lunch program as was provided during the last school year, was defeated by a total vote of 2,406 against and 1,713 for.

As a result of the Aug. 5 vote the tax rate will be increased by \$1.28. This brings Hicksville School District 17 tax rate to \$15.903, which is broken down as follows:

For school purposes	\$15.416
Library	.486
Total Tax rate	\$15.903

"With the passage of Proposition 1, and the Contingency budget which was passed on June 4, everything except cafeteria service will be restored," a spokesman for the administration said.

"Inasmuch as it is now too late to use them for this season, summer transportation for the handicapped will be guaranteed for the summer of 1976 from these funds," he concluded.

Here is the voting breakdown, by schools.

Hicksville Soccer Club Captures US Crown!!

On a hot day, in a far-away town, Hicksville defeated the previously unbeaten Northern New York State Champions 3-1 thereby gaining the right to play in the finals of the United States Soccer Federation Championship.

Once again, the road of travel lay ahead for Hicksville. Their opponents, Southern Champs, Annandale of Virginia. The "Red Wings" were impressive, scoring first and leading throughout the first half 1-0. Second half play saw Hicksville fight back with the tying goal. Here scoring ended with both teams unable to penetrate the nets.

After seventy minutes of play, two ten minute overtime periods followed. The Hicksville Americans scored first. However, Annandale, not to be denied, came back and scored with only minutes remaining. Again, Hicksville had to face a penalty kick situation. With victory in sight, Hicksville out-scored Annandale on penalty kicks to become the 1975 Boys' Division United States Champions.

Since space does not allow players to be picked out for individual recognition, let the team record stand for all.

School Assessment Roll Increases

The Nassau County 1975-76 School Assessment Roll figures released on August 4 indicate an increase in the assessed valuation of the county's 62 school districts of \$30,181,134 for a total county valuation of \$3,536,682,044 according to Abe Seldin, chairman of the Nassau County Board of Assessors. Reversing a pattern of declining growth, the figures represent a .861 percent increase in assessment for 1975-76 as compared to only a .723 per cent increase last year.

"Taken as an economic indicator for the future," stated Seldin, "this percentage increase can be seen optimistically as a turning point in the Nassau County economic picture. Twenty-two school districts had increases in assessed valuation of over half a million dollars and five districts over one million dollars," continued Seldin. "For the first time in over five years all 62 school districts in the county increased their total assessed valuation."

The key factors causing the increases in assessment were a rise in the refurbishing and expanding of existing dwellings and extensive construction by local public utilities. Construction of communications towers, switching stations, power terminals and power lines by the New York Telephone Company and Long Island Lighting produced millions of dollars of added assessment.

Negative factors affecting the roll came from two main areas. 1)

Lowering of the equalization rate (the ratio of assessed valuation to market value) by the State Board of Equalization and Assessment brought a lessening of the expected increase in franchise assessments. Franchise assessments are those levied upon property and equipment of public utilities such as poles and wires which utilize public roads as rights of way and cross public property. 2) The courts have mandated reductions in assessment on commercial and industrial buildings due to economic conditions and high vacancy factors.

Those districts with the greatest increases are:

Town of Hempstead:
Uniondale - \$2,851,545 - 2.81percent increase;
Oceanside - \$1,009,965 - 1.00percent increase;
Franklin Square - \$808,250 - 1.6percent increase;
Long Beach - \$985,065 - 1.00percent increase.
Town of North Hempstead:
Great Neck - \$5,380,817 - 2.72percent increase;
Port Washington - \$408,379 - .041percent increase.
Town of Oyster Bay:
North Shore CSD \$1,127,491 - 2.16percent increase;
Syosset CSD - \$1,607,690 - 1.41 percent increase.

Dear Friends...

ADOLPH HITLER operated on the theory that "if one tells a lie often enough, everyone will believe it is the truth". Telling half-truths serves the same purpose. In regard to the proposed Nassau County Legislature, both Newsday, Stanley Harwood, the County democratic leader who has been pushing for this expensive change for so long, and the LWV, who have been doing the same, are guilty of this procedure: read Harwood's "Letter to the Editor" on this page, note every news release and editorial in Newsday on this subject, and many releases from the LWV, have done the same thing...and that is to repeat endlessly the half truth that the "weighted vote" of the present County Board of Supervisors has been judged unconstitutional. That is half truth. To complete this half truth (which they rarely do) the Courts judged the present Board of Supervisors unconstitutional ONLY IN THAT THE TOWN OF HEMPSTEAD DOES NOT RECEIVE THEIR FAIR SHARE OF VOTES, on a one-man, one-vote basis. That and that only was the reason that the present County form of government was judged unconstitutional. Remember this when you read the half truth which will undoubtedly be continually repeated as the months of litigation on this subject wear on. Secondly, (and this is our fault, yours and mine) if we had questioned the proposition presented to us last November we would have understood that a simple changing of a few town lines would have corrected this problem AT NO EXPENSE TO US. I admit that the proposition was not worded clearly. But, in voting, as in the market place, it is CAVEAT EMPTOR...or let the purchaser (or the taxpayer) beware. Which is what we just didn't do. We didn't register...we didn't inform ourselves in enough numbers and we didn't vote for this proposition, which would have saved us a lot of money, to say the least. But let this be a lesson to all of us.

When the next opportunity to vote on this important matter comes up, let us ask ourselves two simple questions: are these changes of government really necessary and, HOW MUCH WILL THEY COST US? Perhaps, if we are really lucky, the courts will permit us the opportunity of voting once more on the same proposition as last November. If not, let us at least attempt to save as much money in taxes, as is possible. It would help if those of you who are really worried about your total tax bill would write to those in government in your area letting them know how you feel on the subject. Secondly, and this is so important...REGISTER...so that you can vote on this matter in the future. Don't be apathetic. You still have a chance to be heard, in spite of all those who are trying to place Nassau County in much the same position in the near future that New York City is at present...don't give up...write letters...tell your friends and neighbors to do the same...and by all means REGISTER. Hopefully, once you are registered you will be encouraged to keep on voting on all propositions affecting you, and all who will be elected to serve you in the future.

Words that bear repeating from Cong. John Wyder's release on New York City, is his last paragraph as follows: "The lesson of New York City is that officials who give, give and give of the public's money, are not protecting or helping the people they serve." We'll say "Amen" to that on any governmental level.

Drainage Improvements

The installation of storm drains and related appurtenances will soon be undertaken along Universal Boulevard and adjacent streets in Plainview.

The announcement was made after the Town Board awarded a \$609,907.40 contract for the work to Fossilico Bros. Asphalt Company, the lowest among six bidders.

The contract calls for installation of concrete curbs and

gutters, and sodding as well as drainage improvements. Work will begin within the month and is expected to be completed in 175 calendar days.

Improvements will be undertaken on Universal Boulevard running south from Wendell Street; Blanche, Sunrise and Relda Streets; Eldorado Boulevard; and, Vernon and Island Streets, as well as Norma Court.

Letters To The Editor

I recently read a letter in the Herald in which a woman attacked defense spending. I'm an aerospace worker, and I wonder if some of these people really think about what they're saying.

Let's take the cost of an airplane, Uncle Sam buys, as an example. Where does this cost come from? Most of it is the salaries of the workers who build it. These workers pay taxes, too, and after Uncle Sam takes his cut, they spend the rest in the local supermarket, the local gas station, and yes, on local school taxes, too! Even the cost of the raw materials used to build it comes from someone's salary. Not even a diamond is worth a dime until some salaried worker digs it up.

Take a long hard look at the present state of the economy, and it can be traced right back to

Dear Editor:

I believe the most recent wanton and deliberate affront to the court and the court appointed commission by the Board of Supervisors is reprehensible.

I believe since 1968, the Board of Supervisors has spent an inordinately large sum of the taxpayers money in its attempt to forestall the intent of the courts to bring one person, one vote constitutional legislative government to Nassau.

I believe the Nassau Board of Supervisors, unlike its counterparts in the neighboring suburban counties of Suffolk and Westchester, has resorted to every legal maneuver and trick to circumvent the directives of the courts and to confuse the public.

I believe that to ask the voters to consider three different local laws, seven proposed amendments to the state constitution and the election of many public officials at the same time is but a continuation of the Nassau Republicans' Machiavelian approach to government.

I believe that since Nassau is the only charter county in the State still governed by a Board of Supervisors, representing towns and cities and not people, offering two proposals for a 12 or 15 member legislature with the same built-in conditions to which the voters objected e.g. split communities, exorbitant salary, etc. guarantees their rejection. There is no doubt but that the Republican political machine will encourage "bullet voting" in favor of the modified weighted vote plan that will continue "two hat" government, in my opinion.

The hearings on the three proposed local laws will be held Monday morning, August 11th. I appeal to all those desiring to bring one person, one vote to fruition in Nassau County to attend the August 11th hearing.

Stanley Harwood, Dem.

Chairman

where congress cut defense and space spending, resulting in a loss of consumer purchasing power due to rising unemployment. Unemployment checks cost everybody money.

As to the layoffs of civil service workers, this has been a way of life to the aerospace worker on the island for years, and no one cared. If you're a policeman or a teacher who's getting laid off because of the budget squeeze, welcome to the club.

My point is, the biggest cost of education is teachers' salaries. Their salaries are paid by my school taxes. If I'm unemployed, where do I get the money to pay them? Stop beating the defense worker over the head with the cost of defense versus the cost of education. Here on Long Island, he's the teachers' bread and butter. Like it or not, Long Island's economy relies on the defense industry, and we don't need a war in order to be ready to defend ourselves.

I trust that the Hicksville

Chamber of Commerce sees fit to honor the 14 boys of the Hicksville American Soccer Team (Pee Wee Red) who recently finished second in the International Tournament in Canada. What an achievement! And, they almost beat Canada at their own game. In my 16 years residing in Hicksville, I consider this the greatest sports news to have occurred. I am not a soccer fan either. But this team of kids beat Mexico in getting to the top!

So, let's have three loud cheers for these boys including their coaches.

Regards,
John Gundel.

On The Campus

Fred Feldt, of HICKSVILLE, is appearing in the cast of "Your Own Thing," a contemporary rock musical based on Shakespeare's "Twelfth Night," which will be offered by Nassau Community College's Signal Company at the Lakeside Theatre in Eisenhower Park at 8:30 p.m. on Friday and Saturday, Aug. 15 and 16. Admission is free, with the raindate set for Sunday, Aug. 17.

Stop the Torture of Vicious Itching

Even Personal Membrane Itching

Now you can get fast, long-lasting relief from the tortures of itching, chafing, rashes, dry skin eczema, even embarrassing personal membrane itch (vaginal and rectal itching), with LANACANE Medicated Creme.

Thousands of people suffer the tortures of personal membrane itching, but now they are discovering the wonderful relief LANACANE brings. You see, itching causes scratching, which causes more itching. That's the misery of what Doctors recognize as the "itch-scratch-itch cycle."

LANACANE works because it breaks the itch-scratch-itch cycle. LANACANE relieves itching fast, quiets the urge to scratch. Then LANACANE soothes irritated skin, checks bacteria growth, speeds healing. It's so pleasant to use, it's greaseless, has no unpleasant odor. Stop being tortured by vicious itching. Let LANACANE help solve your itching problems today.

SCHOLARSHIP AWARD: Mrs. Florence E. Eisemann presents to Peter Willard the Tenth Annual Scholarship Award in memory of her husband Henry G. Eisemann. Also present is Mr. Kingsley Kelly, Treasurer and Administrator of the Eisemann Foundation. The Scholarship is offered each year to a member of the graduating class at Hicksville High School. It provides \$500.00 per year for four years of undergraduate study at an approved four-year college or university. This year's winner is enrolled as a Freshman at the State University of New York at Binghamton, where he plans to study Accounting and Chemistry.

In addition to his successful insurance career, the late Mr. Eisemann was a long-time member of Trinity Evangelical Lutheran Church. He found time for many other business, fraternal, service and community activities such as: Honorary Member of Co. No. 3 Hicksville Fire Dept., Masonic Order, American Legion, Veterans of Foreign Wars, President of the Bank of Hicksville (now part of the National Bank of North America), Director of Long Island Lighting Co., Trustee of both the Roslyn Savings Bank and Nassau Hospital, active supporter of the Boy Scouts and American Cancer Society, to name a few. He was intensely interested in the well-being of Hicksville and its people.

Festival Of Life

The Hicksville Youth Center, in cooperation with the Nassau County Youth Board, is sponsoring the Festival of Life on Sunday, August 10, at Cantiague Park from 11:00 A.M. until 9:30 P.M. The Festival will present cultural and educational attractions. The cultural component will include a karate demonstration, museum exhibits and crafts exhibits in such areas as leatherwork, macrame, copper enameling and tie-dyeing. The educational component will

include areas such as youth services, health information and senior citizen programs.

The summer day of free fun and education with recreational activities and contests for children should not be missed and Hicksville residents and families are invited to attend.

More information about the Festival program can be obtained by calling Harlan Sylvan at 535-4011 or George Fisher at 822-7594.

Day Care Picnic

Family Day Care parents and their children are invited to a Day Care picnic at Eisenhower Park on Wednesday, August 13, from 10 A.M. to 2 P.M.

A program of games, sports, and arts and crafts is planned for a day of fun and relaxation.

Parents are asked to bring picnic lunches. Snacks will be provided.

Co-sponsors are the Nassau County Department of Social Services and the Nassau County Cooperative Extension Family Day Care program.

HOCKEY REPORT CARD is presented to Steve Sherry of Hicksville by N.Y. Ranger Pete Stelmowski, after participation in the Summer Canadian Professional Hockey School at Cantiague Park ice rink in Hicksville. Stephen M. Bernheim of Massapequa Park, Assistant to the Commissioner of the Nassau County Department of Recreation and Parks lends moral support.

The "Pro" hockey school, a "first" for Nassau County, also marks the first time a governmental agency and a team of professional athletes coordinated a school of this nature. The six-day sessions were held over a four-week period ending Aug. 16, and featured intensive training by N.Y. Ranger stars for boys six through 17. The school was offered at both Cantiague and the Nassau County Arena in Long Beach.

Country Rock Concert

On Monday August 11 from 8 to 10:30 P.M. LOKI Rock band specializing in country rock music will hold forth on the back lawn of the Plainview-Old Bethpage Public Library.

With their name taken from the elusive Germanic god, Loki is a group well known in Nassau, especially the south eastern area since all of the group hail from Massapequa Park. All college students, the five members of the band have been playing together for more than three years, performing on 2 lead guitars, a bass and drums under the direction of Joe Lauro with vocals by Janice Delvano.

The concert is co-sponsored by the Nassau County Youth Board and the library. Admission is free and all are invited to come provided with their own seating by way of folding chairs or blankets.

Rescue Demonstration

The many techniques used by lifeguards to rescue swimmers in trouble will be demonstrated at Hempstead Harbor Beach Park, Port Washington, on Wednesday, Aug. 27, from 2 to 3 p.m. During that hour, the beach area will be closed down so that the public can watch the Life Saving Exhibition by Hempstead Harbor's guards in safety.

The park, a facility operated by the Nassau County Department of Recreation and Parks, is located on West Shore Road.

Monday At The Movies

The Children's Room presents "Mabel at the Wheel" and "The Adventures of Huckleberry Finn", an hour-long film program, on Monday, August 11th, at 2 o'clock, at the Hicksville Public Library.

A luxury becomes a necessity whenever you are able to make the down payment on it.

Receives Award

At the National Old Timers Association Convention of the Energy Industry held in Lancaster, Pennsylvania, the organization which is the bridge between the 27 National Associations of the energy in-

dustry in heating and cooling, the Vocational Education and Extension Board of Nassau County was presented with the "National Educative Award in recognition of its outstanding contribution in the field of industry education for

energy conservation since 1955. The Vocational Education and Extension Board promoted energy conservation and preventive air contamination courses which have become the basis of many of the national programs being taught at present all over the nation.

Donald R. Hoak, Director of VEEB accepted the Award which was presented by the National Chairman John M. Sibarium assisted by Joseph Matachinskas chairman of the Manpower Training Committee of the Air Conditioning and Refrigeration Institute and John T. Dorfner chairman of the National Environmental Systems Contractor Association Educational Council.

He reposed at the Vernon C. Wagner Funeral Home, Old Country Rd., Hicksville, where the Veterans of German Descent held services on Monday evening, Aug. 4. Religious services were held on Tuesday evening at the United Methodist Church, Hicksville. Interment was Wednesday in L.I. National Cemetery.

Summer Wind-Up

A fun-filled wind-up of the Senior Citizens summer program conducted by the Nassau County Department of Recreation and Parks will be held at the East Terrace of Nassau Beach Park, Lido, on Friday, Aug. 29, from 10 a.m. to 4 p.m.

All Nassau residents 60 and over are invited to enjoy dancing to the music of the Golden Age Band, a group of talented seniors that get together to play on Wednesday mornings throughout the year.

Pre-registration is required only of men and women who need bus transportation and may be made by calling the Recreation Department's Senior Citizens Unit at 292-4247.

GOOD NEWS... Over 400 children enjoyed two weeks of singing, crafts, Bible stories, recreation, and snacks at Trinity Lutheran Church, 40 W. Nicholas Street in Hicksville. In three years attendance at Trinity's Vacation Bible School has nearly tripled. On Sunday, September 7th, at 9:30 a.m., Trinity invites children of the community to register for their fine Sunday School.

DEVOTIONS

By Rev. J.H. Krahn

JOAN

Joan is a young single woman about twenty-five years old. I met her under the sign "Beyond This Point No Patients Allowed" on the second floor of Central General Hospital. As I was exercising my left leg which had been recently operated on, she commented, "You've got a bad left side, I've got a bad right side, maybe we should get together." At that point the orderly said, "How ya doin', Reverend," and Joan was embarrassed.

The next day she walked past my room, and I offered her a brochure which explained the ministry at our church. She refused it. "Can't handle that stuff," she said. I asked her if she was down on the church or on God. "Both," she answered. She said she believed you had to make your own way through life. God was little help in her opinion. Her father had died suddenly; she had a recent illness which left her paralyzed; before she recovered, her fiancé left her. Now she was in the hospital with infected ovaries.

I listened intently and said I could understand why she felt as she did. Then I told her how I felt about God. I said that I didn't see Him as the one who sent trouble to our lives. Yet He was ready to help us over the rough spots. "Joan, the Lord loves you as much as He loves me," I continued. "He wants to be a positive influence in your life." We talked for some time, and she took the brochure.

The next day as she left the hospital she stopped by my room, and we talked some more. She promised to come and talk with me again and go to church. As she was leaving she said, "You know I like you, you didn't give me any B.S. but really helped me." I said, "I hope God will give you physical, emotional, and spiritual health."

ASTRONAUTS' DIET

Want to "blast off" those extra pounds? Try the "top secret" "Astronauts' Diet." Attorney General Louis J. Lefkowitz upon investigation of this diet offer, which was claimed by its promoters to be the result of a multi-billion dollar space program-research project, revealed the "top secret", "miracle diet" as an ordinary high protein-low calorie diet. Insider's Mailbox, Inc., the company which sold the diet consented to the entry of a judgment which prohibits it from making false advertising claims and directs restitution of the purchase price to any New York purchaser who files within 60 days.

Spanish Folk Mass

On Thursday evening, Aug. 21, the Hicksville Summer Chorus, directed by Stephen Goldstein, music teacher at Hicksville Senior High School, will present a concert of choral music. Featured on the program will be the "Misa Criolla" by Ariel Ramirez, a folk-mass based on the music and traditions of Hispanic-America. James Bennett and Ken Shepley, both Hicksville High School graduates who are conservatory bound, are featured soloists.

The concert will be presented at 8:15 p.m. at the Trinity Episcopal Church on Jerusalem Ave., Hicksville. Admission is free and all are cordially invited to attend.

Winning way: Do not quarrel with an angry person, but give him a soft answer. This is commanded by Holy Writ and, furthermore, it makes him madder than anything else you could say.

Operation VFW Post 3211 Hicksville

By Lou Palladino

All the June action is over, the things have slowed down to a walk again. The only thing left is our National Convention. Ed and Joan Chwalisz will be the only delegates from our Post. We were so impressed with the State Convention, just imagine fifty states combined. This has got to be a real blast. Talk about high pressure politics, this has got to be it, to the highest degree. We just got a little of the behind the scenes action, and I mean only a little, because there was quite a lot. All the actions and decisions are made in the background, during all hours of the night. Caucuses are held, sometimes at ungodly hours, but that is where all the bargaining is done. Fifty states combined—Wow. It blows the mind.

We have one thing on the

agenda for the month of August. Our annual picnic is to be held on Aug. 10. Tom McCabe is chairing the affair. Tom asked his committee to be at the Post, 6:00 in the morning, ready for action. Holy smokes, how does one get out of bed, and ready to work, at such an hour. So let's hope and pray we have beautiful weather on that particular Sunday. Oh yes, we had the drawing for prizes from the picnic chances. Third prize, a black and white T.V. was won by George Burgmeister, a member of the Post, and second prize was an air conditioner, won by Max Bergsohn, also a member, and both were present to take home their winnings. First prize was a color T.V. won by a friend of Mike Mack. Even Commander Joe Normandy couldn't read off the

name. It had so many consonants and so few vowels. The best that can be said, it's a Polish name that starts with a "B."

A check was made out for the deposit of the band hired for New Year's Eve. In this sweltering weather we are planning and paying for a winter activity. It seems like such a long way off. Yet we reserved Teddy Roosevelt Park for the picnic Jan. 2. The two important things for a New Year's Eve party, and in order, are, the place to hold the affair, which is to be held at our post. And the band. You can't wait too long or you get shut out. With these two things taken care of, everything else can be arranged later. Food, refreshments, favors, and most important, participants. This is Frank Lotti's baby.

Abe Feldman and Vinnie Edwards are planning a night at the Coliseum. We held one last year, but somebody stole our thunder. Our two boys say—it won't happen again. We'll let you know more, as we learn more.

Bingo is still moving at a pretty good pace, but Artie Fuelling would like more help. We need the money and we need the help, so let's try to make Artie happy. Charlie Timpano mentioned no ward party at Northport Hospital for August. Instead, the patients will be at our picnic. Same as in past years. And they love it.

Our newest member is Frank Walsh, a Korean Vet. He's no old plug horse, and not a young tiger, just in between. Welcome, Frank. Good to have you as one of us. Get active and enjoy the fruits of accomplishments.

Don't forget the dinner in honor of Rita Aug, being held at the New Hyde Park Inn, Sept. 21, 8:30 p.m. It's a Sunday affair, and we'd like to give Rita a good turnout. Sixteen dollars a head pays for everything.

Lucky winner of the Post raffle was Al Wangenheim. Next meeting is Aug. 11. Hope to see you then.

The most destructive insect pest of peach trees, as well as of plum, cherry, prune, nectarine, and apricot, is the peach tree borer. Before the tree dies, the only sign of injury is a mass of amber-colored jelly-like gum that appears at the base of the tree trunk.

Enjoy The Sun But Beware Its Dangers

by Robin Frames,
Staff Writer,
American Cancer Society

Fortunately the number of deaths from the common (non-melanoma) skin cancers is low - about 1,500 a year in the United States.

But Dr. Farrington Daniels, head of the Dermatology Division at Cornell Medical College, cautions when common skin cancer is not treated promptly, it can cause disfigurement, spread to other parts of the body, and in severe cases result in death.

Doctors don't know precisely what it is about the sun's ultraviolet rays that causes cancer, but they say it may be upsetting the body's delicate balance in which cells are

created, destroyed and repaired. It is known that DNA - a vital component of every cell - is easily affected by ultraviolet radiation.

Nevertheless dermatologists acknowledge certain beneficial aspects of the sun.

"For many people, there is an inexplicable and exhilarating feeling about being in the sun," says Dr. Alfred W. Kopf, a skin cancer specialist at New York University Medical Center. "It could be the sun itself, the qualities of heat or just being outdoors. We really haven't analyzed the psychology of exposure to sunshine."

In the same vein, a recent study made for the National Academy of Sciences and the

National Academy of Engineering declares that the pleasure of basking in the warm, tanning rays of the sun or a sunlamp "is an almost universal experience."

The sun also has long been a part of treatment for specific medical disorders. Niels R. Finen received the Nobel Prize in 1903 for showing how ultraviolet radiation could cure skin tuberculosis. Although antibiotics and other drugs now are being used to treat that disease, ultraviolet lamps still help battle skin disorders such as acne and psoriasis.

Nevertheless the vast majority of sunbathers are seeking recreation, not relief from disease. And that is where the

subject of sunshine is anything but bright.

"For healthy people," says Dr. Kopf, "we know nothing really good about the sun. As a matter of fact, it's terribly damaging to the body."

Dr. Katz says that "about a quarter of my practice deals with solar damage, but many patients don't believe the sun can hurt them."

"Conceivably one case of sunburn could lead to skin cancer, although the resulting skin damage might not appear for five to 20 years. However the effect of ultraviolet radiation usually is cumulative, and the sooner you treat the sun sensibly, the better chance you'll have of staying out of trouble."

A sunbather should know three things in order to act intelligently: How strong the sun's rays are, how protected his is personally, and what the risks are in overexposure.

The strength of the sun - the amount of ultraviolet radiation - depends on the time of day, the time of year, the geographical location and the surroundings such as sand and snow which are capable of reflecting harmful solar rays. The effects of the sun initially are reduced by the ozone in the stratosphere, and then by the atmosphere below.

The overexposure danger is greatest, therefore, around midday and in the summer generally.

The Annual Nassau County Cerebral Palsy Forget-Me-Not Ball - traditionally the opener of Long Island's fall-winter social season - will be held Saturday, Oct. 18, at Crest Hollow Country Club, Woodbury. In making the announcement, Nassau Cerebral Palsy Association President Harold Jay Greenberg (Hewlett Harbor) said the event again will be a "major fund raising effort in behalf of our expanding, 14-acre

Center for Living complex, in Roosevelt." (The Center serves the daily needs of some 1100 cerebral palsied and other handicapped youngsters of the total Nassau community.) Co-Chairmen of the black tie affair are Mr. and Mrs. Edward T. Robinson III of Syosset,

Honorary Co-Chairmen are Dr. and Mrs. Jack W. McElwain of Syosset, last year's General Chairmen.

Greenberg said Robert G. Becker of Lynbrook, a former Nassau Cerebral Palsy Association President and long-time Ball committee member,

will be awarded the 'CP Man of the Year' plaque during the evening's festivities for his dedicated service to the Cerebral Palsy cause.

Among the many prizes to be awarded during the affair is a fully equipped, 1976 Vega Hatchback Coupe. Herb Meyers and

his society orchestra will provide the evening's music.

Further information concerning the Ball may be attained by telephoning 516-378-2000, extension 832 or 833.

One out of every six American workers is now on the public payroll: 14.5 million federal, state and local employees!

Donald C. Lind, of Agatha Dr., PLAINVIEW, is among one hundred and twenty nine New York Boy Scouts attending the 14th World Scout Jamboree in Lillehammer, Norway. The Jamboree is hosted by five Nordic nations—Norway, Denmark, Sweden, Finland, and Iceland. They issued the invitation to Scout associations around the world in 1971. The New York Scouts are among 2,500 Americans joining other young people from around the world.

HAPPY ANNIVERSARY... Stefano Malesky of 104 Bay Avenue, Hicksville, recently celebrated 25 years with Grumman. Later in the year he will be presented with an Ac-

cutron watch at Grumman's 25 Year Club Luncheon which honors all 1975 Silver Anniversaries as well as those of previous years. In addition, wives of men marking anniversaries this year receive 25 long-stem roses on actual anniversary date.

Congratulations to Paul and Carol Eisenstein, of Ruth Road, PLAINVIEW, who celebrated their 11th wedding anniversary on Aug. 1. Paul is President of the Greater Plainview Community Association, and Carol is quite active as a PBC girls' active softball and basketball coach, but they still find plenty of time for each other, and for daughters, Julie, 8, Jill, 5, and Nancy, 3.

Engaged

Mr. and Mrs. Alexander P. Plankoff of Hicksville have announced the engagement of their daughter, Christine Marie, to

Grayson P. Gilmore, son of Mr. and Mrs. Frank Gilmore of Rockville Centre.

No date for the wedding has been set.
