Thank You So Much

Mrs. Wade and her kindergarten parents at the Dutch Lane School thank last year's kindergarten parents, Mrs. Busa and Mrs. Volino, and helpers, Christine Frey Eisen, Theresa Rottino, Debra Newlands, and Cindy Terzian for their generous help on Thursday, September 11. Their cooperation and caring

for the children of the new kindergarten parents enabled the class to have a very successful meeting.

"Thirty-eight out of forty mothers attended and this would not have been possible without the aid of Mrs. Busa, Mrs. Volino and their helpers," said Mrs. Wade.

Burns Ave PTA

On Thursday September 25th, at 8:15 P.M. the Burns Avenue P.T.A. will hold an Open House for grades K to 3 and Reading in the All Purpose Room.

After a brief business meeting, parents will go to their child's classroom where they will meet

the teacher who will outline the school year.

A tour of the building will be conducted by Dr. Burke, Principal at Burns Avenue, for all interested parents. Refreshments will be served after the program.

Receives Promotion

Alfred A. Finn of 5 Lawrence Court in Hicksville, has been elected as assistant secretary and department head of the equipment finance department of Manufacturers Hanover Trust. Mr. Finn came to the bank as a

clerk-typist in 1946, and progressed to bookkeeper and assistant department head before being elected an assistant manager in 1960.

A native New Yorker, Mr. Finn is married and has two children.

Outdoor Fall Festival

An Outdoor Fall Festival, "A Harvest of Talent" will be held on Saturday & Sunday, September 27th & 28th, at The Gregory Museum, Heitz Place, Hicksville, and adjacent parking lot, from 9:00 AM till dusk. Knowledgeable and Talented Craftsman, Artists, Garden Club Members, and Gem & Mineral Hobbyists will exhibit their outstanding creations for all to admire and purchase.

Interesting Demonstrations of Leathermaking, Wood, Silver, & Shell Jewelry; and Stone Sculpture will hold your interest.

Exhibits on display will include Beading; Quilts & Pillows; Pottery; Gems & Minerals; Paintings; Macramé; Decorative Mirrors; Dried Floral Arrangements; Recycled Silverware; Jewelry; Liquid Silver; Indian Rings; Special

Exhibit of Amber (which carries a legend handed down by the Romans & Egyptians, and treasured by Royalty, as having magnetic drawing properties). Be sure and tour through The Gregory Museum and don't miss the Special Bicentennial Exhibit in the Historical Room.

Chairman Anne Gregory of The Gregory Museum, Sponsor of the Festival, and Co-Sponsor Town Of Oyster Bay Dept. of Community Services Honorary Chairman Lois Manning are confident this 2nd Annual Outdoor Fall Festival will stimulate much interest, excitement, and entertainment for all. In event of rain, show will be held on October 4th & 5th.

For interested participants (if space is still available) or for information call 516-822-7505 or 516-OV-1-6041.

Ecumenical Council

The Mid-Island Ecumenical Council will hold its regular monthly meeting on Sunday, Sept. 21, at Trinity Lutheran Church, 40 W. Nicholas St. in

Hicksville. The meeting will begin at 8:00 P.M. with a prayer service.

Refreshments are served and the meeting is open to all.

School Board To Meet

The Hicksville Board of Education will hold a public meeting on Wednesday September 24, at 8:15 P.M. in the Con-

ference Room of the Administration Building.

The public is invited to attend.

A SIGN OF THE TIMES: Oyster Bay Town Supervisor John W. Burke, center, points out a sign of the times: "Hibernian Blvd." to John Bownes of the Hicksville Ancient Order of

Hibernians. The sign is located at the entrance of the Holy Trinity School in Hicksville, the site of the Nassau County Hibernian's Third Annual Feis. This

traditional Irish festival which was held over the weekend, afforded all who attended Irish dancing, pipe bands, and a mass pipers march.

HAPPY ANNIVERSARY: Frank Stempien of Hicksville, celebrating his silver anniversary with the Bethpage firm, has been a part of impressive growth and change in the company during his quarter century service. From the infancy of the jet age in 1950 to the historic landing of Grumman's lunar module (LM) on the moon, Stempien's had a hand in it all. And from what was essentially an aircraft company in 1950, Grumman Corporation is now a parent company with over 20 subsidiaries in such diverse fields as computer systems, hydrofoils, truck bodies, boats, solar energy, space vehicles, ecology and sophisticated medical equipment—in addition to aircraft.

Gregory Museum Sets Courses

The Gregory Museum, has scheduled three In-Service Courses for teachers, educators and interested adults.

Beginning on Tuesday, September 23, Dr. Charles Rockwell, Senior Member Of The Geology Dept., Nassau Community College, will teach "Practical Geology for Elementary School Teachers". This course will provide the teacher with a working knowledge of current geologic concepts & principles; will cover the present geologic state of the earth; study minerals; mountain formations; volcano eruptions; slides, films, and a field trip will also be a part of the course.

On Wednesday, September 24, Professor John Remo, Dept. Of Physical Science Nassau Community College, Washington State University and The Brookville Foundation, will teach "Introductory Astronomy". In this course an elementary background is developed for the concepts of the earth and its relation to the planets, sun, and

stars. An observation session & slide lectures will be included; topics in ancient astronomy & astrology will be discussed.

On Thursday, September 25, Professor Edward Devlin, Dept. Of Physical Science Nassau Community College, will teach "Minerals and Their Identification". The objectives of this course will be achieved through discussion and elementary laboratory exercises of the following: Mineral Identification; Mineral composition & uses; Rock identification; Crystal growing and crystallography; Introduction to scientific procedures; Field trip.

All courses will be given between the hours of 4:00 and 6:00 PM, and will continue for 10 consecutive weeks. The charge for each course is \$40. Teachers will be given certificates upon successful completion of courses. Please call 822-7505 for information or stop by the museum for a registration form if interested. Course is limited to a class of thirty.

Old Bethpage Man Heads Gamut Agency

In an industry widely known for the hiring, firing and relocation of its top executives, the announcement that a key advertising agency has been named a new president from outside its ranks, is hardly eyebrow-raising news.

However, the story takes on added interest if the new president happens to be one of the men who founded the agency 23 years ago.

The new president is Joseph Goldman and the agency is The Gamut Agency Inc., with offices in New York City, San Juan, Puerto Rico and on Long Island. The Gamut group reported billings of over \$10 million last year.

Goldman, 51, co-founded Gamut in 1952 with Arthur G. Ward, the agency's board chairman. In 1965, Goldman and Ward made an amicable agreement to separate, with Ward retaining control of Gamut. Shortly afterwards, Goldman

Joseph Goldman, The Gamut Agency

founded Adways, Inc., a general advertising agency providing complete copy, media and graphic arts services to a list of diversified accounts.

Adways was merged with a national marketing company and, in 1974, Goldman established G Van G as an affiliate of the

Gamut Group. The new agency provided advertising and promotion service to a wide variety of local and national clients, including Gim Metal Products, Inc.; Audimax International Corp.; Jodee Bra Co. and Sizzler Family Steak Houses, Inc.

"Because of the success of the renewed relationship," Ward said, "we asked Mr. Goldman to assume the post of president." Ward now plans to concentrate on managing his publishing and international marketing enterprises.

A native of Long Island, Goldman attended Pratt Institute, School of Fine Art. After a four-year stint with the U.S. Marines, he joined the Maxon, Inc. advertising firm as an artist. He left that firm in 1950 and before joining Ward to found Gamut, worked on a number of assignments as a freelance artist, copywriter and consultant.

In addition to being active in his own agencies, Goldman helped to promote the advertising field. He was one of the original members of the Long Island Advertising Club and, in 1964, served as president of the League of Advertising Agencies. In 1972, he was a co-founder of the Long Island Art Directors Club and served as president of that group for two terms.

Goldman and his wife, Barbara, live in Old Bethpage. They have two married children and three grandchildren.

William M. Gouse, Jr. Post No. 3211
By Lou Palladino

Since the beginning of the year we've had new members entering our Post almost every meeting. We certainly don't want to jinx ourselves by mentioning it, but such is the case, and we're very happy about it. The last meeting, being no different, four new members have been brought into our fold. Two are old war horses from WWII, John Boaro and John Psolto, and two young tigers of Vietnam caliber, Mitchell Ryan and a transfer, Walter Kierman. We wish to welcome these comrades. We're very happy to have you as part of us. Now, to really enjoy the VFW and to get something out of it you have to put in time and effort. To truly get anything out of the VFW is putting something in it. Then comes the feeling of appreciation and of really belonging.

The tape recorder was again used in the reading of the minutes. This time it stopped in the middle of the reading and Pete had to hustle to get it going again. Suddenly, at the end of the reading, music started before he could shut it off. Just a few minor boo boos, but very amusing. It's still a good idea, though.

We had quite a hospital list at the last meeting. Joe Adesso's wife is out of the hospital and Joe went into Northport Hospital. By

the time you read this, Spike Froenhoefer will already be out of Hempstead General. We have a Comrade Hickman and Lou Veltre also in Northport Hosp. Come on fellas, get healthy and get home and for Petes sake, stay healthy please. John O'Brien's wife is home and doing well. That's quite a list for our group. I hope it's not because old age is creeping up on us.

The Labor Day Parade was really something wasn't it? As you may know our Color Guards led the third division. Our Ladies Aux. right behind, and our Jr. Girls unit, directly behind our ladies. Not taking anything away from the firemen because it was their day, but I think our entire group looked beautiful or am I prejudiced? Not much.

Frank Lotti read off his list of dates and Sept. 20th is Black Jack Night. Wonder when white Jack Night comes up, he didn't say? The next day is Rita Aug's dinner at the New Hyde Park Inn. That should be a good one. We hope it turns out great for Rita's sake. She's a real doll. We also know our Aux. is going all out to make this a memorable affair. When our girls are so inclined, they can do a bang up job.

Our budget committee didn't

Each year, the United Way of Nassau-Suffolk asks almost a million Long Islanders to give on the job to support over 100 hospitals and health and social-service agencies.

Its 1975 slogan is, "Thanks to you, It Works...For all of us". Its definition of United Way means working people becoming partners-in-help at companies, union, and government agencies all over Long Island, working with fellow employees and urging them to share some of their good fortune with people in need.

All will share the satisfaction of knowing that giving to the United Way can offer hope to almost three million fellow Long Islanders in 1975.

Their efforts and their concern will assure that urgent medical and health needs of hundreds of thousands of Long Islanders will be met with compassion and dedicated skills to comfort, heal, and save lives.

LILCO Predicts...

The overwhelming economic benefit to LILCO customers of installing nuclear fueled electric generating capacity rather than oil or coal alternatives in the 1980's is clearly demonstrated in a report issued by the Long Island Lighting Company. The report, entitled "Generation for the 1980's" will be the subject of cross-examination this week at New York State hearings on LILCO's application to build two 1,150 MW nuclear units near Jamesport.

The LILCO study examines two specific subjects: the economics of nuclear vs. fossil fuel generation; and the economics of installing nuclear units as presently scheduled (one unit in 1982 and the second in 1984) as opposed to delaying installation until absolutely needed for system reliability.

During the 19-year period 1982 through 2000, the report reveals, capital and production costs for oil units, sized comparably to LILCO's proposed Jamesport nuclear units, would cost LILCO customers \$5.28 billion more than the nuclear units; comparable

coal plants would require \$5.72 billion more.

The study takes into account the expected increase in the cost of nuclear fuel after the first six to eight years of operation as a result of expiration of very favorable commitments LILCO now has. Even with a 50 percent increase in nuclear fuel price, there would be no adverse effect on the substantial economic superiority of the nuclear plants.

The need for installing the Jamesport plants as scheduled is based on economic reasons (i.e., cost savings to LILCO customers), as well as for system reliability reasons. A one-year delay in Unit 2 alone would cost customers \$125 million over the 19-year period studied. These additional costs increase to \$228 million with a two-year deferral of Unit 2. A Company spokesman pointed out that the regulatory delays that have forced a one-year postponement of the original 1981 1983 operation schedule have already added \$364 million to the cost to customers of the two units, when figured over a 35-year span.

Letter To The Editor

To the Editor:
Congress voted last week to override President Ford's veto of the education bill. I sympathize with many of the President's efforts to control inflation, but this is one issue where we parted company. I voted with the vast majority of my colleagues to override the veto and appropriate \$7.9 billion in federal funds for education. In the House, nine more Members voted to override the veto than voted for the original bill.

The federal government's contribution to education in this country is only 2 percent of the total cost, but I found the lower appropriation for higher education suggested by the Administration to be most alarming. Cuts in higher education spending proposed by the President would have worked a severe hardship on college students and their families who need the assistance provided through the Basic Education Opportunity Grants, Work-Study Programs, and direct student loans. Under the education bill confirmed by Congress last week, \$2.4 billion will go for higher education — over half that amount directly to student assistance. The Administration wanted to slash \$400 million from that appropriation.

The bill's total price tag is spread out over more than one

year, with some programs continuing through 1977. Although the President characterized the bill as inflationary, I disagreed and voted accordingly. The Consumer Price Index, a persuasive indicator of inflation has increased 9 percent in the last year, whereas the education appropriation passed by Congress contained only a 3.6 percent increase over the 1975 funding level.

In an unrealistic economy move the Administration wanted to reduce the appropriation below last year's level. At a time when states are retrenching and reducing support for higher education and, in some cases, for elementary and secondary education, we must look for ways to decrease the financial burden of parents and students, not increase it.

Over half your property taxes go to support local schools, and although the federal contribution in that area is small, that's no reason to make it smaller.

I hold that investment in education is an investment in the future. The modest increase in the educational appropriation is both an affirmation of the future, and a sober responsible approach to present economic conditions.

Social Services Systems Being Modernized

The first step in what eventually will be the complete updating and modernization of the social services systems structure has been announced by Nassau County Department of Social Services Commissioner Joseph A. D'Elia.

Scheduled for installation next month are 21 video display terminals in key areas of the Department of Social Services. The new data system will unite personnel and modern technology in a joint working partnership.

Announcing the system, D'Elia explained that "the escalation of both the cost and personnel required to run government is forcing us to re-evaluate how to balance demands for increased service against our commitment to control the means of providing these services."

The complete case status of every current Public Assistance and Medical Assistance client will be carried - and therefore instantly available - via the new video display terminals. Updated information will be fed into the computers nightly, based on daily case activity.

When the terminals are operational, Social Services workers will have instant information regarding current cases, as well as knowledge of recent case closings. Now, workers must refer to case records in the Master File maintained in the Department's Central Records section, in order to document case information concerning amount of grant, shelter allowance, family size, etc.

D'Elia stressed the cooperation his Department received from the Division of Management Information, within the Department of General Services. "This was a total team effort with Commissioner Frank O'Connor's staff," he said. "We now have the capability for maximum efficiency by utilizing data which already exists in the County's computer."

Installation of the new system

NASSAU COUNTY DEPARTMENT OF SOCIAL SERVICES COMMISSIONER JOSEPH A. D'ELIA watches as worker uses one of new computer video-terminals installed in Nassau Social Services offices to speed up location of information on public assistance case records.

will involve only a minimum amount of programming effort, according to D'Elia. The 21 terminals are cost-justified, and designed to generate dollar savings immediately. Savings projected reflect no reduction in personnel, D'Elia emphasized. "What will be dramatically affected," he said, "are worker efficiency and productivity. Moreover, clients of the Social Services Department will be handled quicker, reducing waiting time while records are verified."

D'Elia predicted savings, for the first phase of the computer program, will run over \$120,000 annually, in reduction of man-hours spent in locating and

retrieving records, based on projections of the Department's systems analysis.

"Equally important," D'Elia said, "we will be able to handle additional cases, prevent backlog, decrease eligibility errors, and administer new mandated programs, without the need for additional personnel."

Social Services Department administrators began training sessions this week to inform workers about the operation of the new system. The terminals will be located in the main Social Services building in Mineola, and in satellite offices in Hempstead, Freeport, Westbury, Uniondale, and the Nassau County Medical Center, East Meadow.

Volunteers Needed

A generation gap has developed in Nassau's volunteer corps, County Executive Ralph G. Caso said recently.

"The high school and college students who served so well as volunteers in dozens of jobs during the summer have gone back to school," Caso said. "Adults are needed to step into a wide variety of posts in county departments and private agencies."

"Anyone with a few spare time hours to offer each week would be welcomed and could choose from a number of posts where help is most needed."

Mrs. Phi Fleer, director of the

county's Office of Volunteer Services at 1505 Kellum Place, Mineola, reports, there is an immediate need for volunteers with musical talent to work with the handicapped.

"That's a special talent," she said, "but you don't have to be any kind of expert to help out. Clerical workers will be welcomed by the Long Island Environmental Council and at the North Shore Child Guidance Center and at other volunteer agencies."

Mrs. Fleer says there are many helping hands required to work with the aged at the A. Holly Patterson Home with young in

Head Start programs, and in the Big Brother Big Sister project.

Workers are needed in the thrift shop at the Dorothy K. Robbins Day Care Center in Hempstead, at the Woodward Learning Center, Freeport; and at the Human Resources Center, Albertson.

"Here's a chance for someone who has been out of the business world for a while to sharpen skills for a return to full employment," Mrs. Fleer said.

Anyone interested in doing volunteer work or gaining more information about the program can contact Mrs. Fleer at her Mineola office or call 535-3897.

County Vending Machines To Be On Bid

Nassau County will soon be seeking bids for the vending machine and food concessions at all County buildings and facilities, it was announced today by General Services Commissioner Francis E. O'Connor. O'Connor said the decision to bid the concessions was prompted by a recent court ruling which implied that municipalities should bid contracts which produce revenue as well as those that expend it. Some of Nassau County's vending machine concessions have been handled through personal service contracts while others have been bid. Now everything will be bid

together at one time. Besides the vending machines, which supply such items as soda, coffee, candy, ice cream, and cigarettes, the County will also go out to bid on the five snack bar concessions and coin-operated photo-copy machines located within County office buildings, and on food concessions at all County parks.

O'Connor said that the bidding will be on a flat rate basis and that the contracts will extend over a one-year period with two additional renewal periods of the same length.

Separate bids are being sought

for different geographical areas. Mineola complex buildings are grouped under contract as are East Meadow-Westbury area buildings and County parks and all other outlying buildings.

Approximately 150 vending machines are presently located in County buildings, O'Connor said.

Persons interested in bid specifications or other details are asked to contact the Department of General Services, Bureau of Purchase and Supply. O'Connor said the bidding process will probably begin about the last week of September.

Dear Friends. . .

STOCK ON DONATED TOYS and gifts for the disabled young children who celebrate the Christmas-Chanukah season at the March of Dimes Christmas-Chanukah Party is running low.

The March of Dimes is feeling the economic "toy" crunch. They so need toys and games (homemade or otherwise) and gifts for all ages to distribute to their young friends.

Any Santas out there who'd care to help out? Mail or bring your toy or gift to the Nassau County March of Dimes Office at 366 Jericho Turnpike, Mineola. Stock up Santa's workshop in time for the young peoples' party on December 14!

Here is 'A CAUTION TO EDITORS', we felt would interest many: "The quality or effectiveness of education within a state or school cannot be judged properly by the number of students in the state or school who are named Semifinalists in the Merit Program. Comparisons based on such data are unsound and lead to erroneous conclusions-usually to the detriment of all groups being compared.

"First, the number of Semifinalists in each state is determined through a representational system based upon the number of graduating high school seniors in each state. Second, the factors that can influence the number of Semifinalists in a particular school are many and varied. For example, the attitude of a student's family toward educational achievement, the level of a community's support of its schools, and the objectives of the school are important.

"Other influences are the distribution of the population throughout the state, the size of the school, the ability of its top students, the proportion of students who graduate and enter college, as well as the educational level of adults in the community where the school is located. For these reasons the National Merit Scholarship corporation considers comparisons of schools or school systems on the basis of the number of Semifinalists in each to be unwarranted and unwise.

"Merit Program Semifinalists do indeed bring honor to their schools, their parents, themselves. However, it is the individual student who receives recognition in the Merit Program. We consider each Semifinalist to have demonstrated unusual academic promise."

That's all for this week. Stay well and remember the old saying, "Think before you act."

Sr. Bridge Classes

Bidding for the leisure time of Nassau's Senior Citizens are two free bridge classes to begin on Tuesday, October 7, at Christopher Morley Park in Roslyn-North Hills sponsored by the County's Department of Recreation and Parks.

Beginner bridge classes are set for 12 noon and duplicate bridge sessions for 2:30 p.m. Phone registration is a must for would-be players and will be accepted by the Senior Citizens Unit (292-4247) on a first-come, first-served basis.

The mentor for duplicate bridge is Harry Essig, well-known tournament player, who will conduct foursome play in accordance with American Contract Bridge League regulations.

For bridge players over age 60 who would like to sit right down and play, a Senior Citizen Bridge Workshop continues most of the year at Cow Meadow Park in Freeport in the community room every Monday at 9:30 a.m. A call to 292-4247 will be necessary to check for vacancies.

Letters To The Editor

Dear Editor:

Registration is now open for Literacy Volunteers of Nassau County's Tutor Training Workshop to be held once again this Fall.

This consists of six, 2 1/2 hour sessions, morning or evening, on October 16, 21, 23, 28, 30, and November 6, 1975, to be held at Merrick United Methodist Church.

A \$10.00 fee covers the cost of training materials retained by the tutor. The service is provided without cost to the student.

There is a need for volunteers to give to adults or out of school young adults, on a one-to-one relationship, basic reading instruction, on a level below that offered by school or government programs, or where the student is unable to take advantage of such programs.

Students and teachers are matched by Literacy Volunteers of Nassau County and work together in such public places as libraries, houses of worship, banks, etc., at mutually convenient times for a minimum of two hours a week.

There are Literacy Volunteers or students, or both in every community in this county. Anyone interested in helping people in a challenging productive socially constructive way is invited to join us, by calling for additional information - 796-2186.

Sincerely,
Sylvia Fishman,
Publicity Committee

Dear Sheila:

The depression following the

National Panic of 1837 and a few years later the fire that destroyed almost every building in the village prevented the growth of the little settlement called Hicksville. Things were so bad that in 1845 Doctor Prime, the local historian, described Hicksville as a "miserable abortion" and expressed the sentiment "the town does not seem likely to be selected as a place of residence of any person in his senses."

Today as I was driving down Broadway through the center of town I felt that Doctor Prime's remarks were still timely.

As we enter the season of rhetoric this fall, pray God that men and women of action will be elected to our town government so that Hicksville will again be attractive.

Peace! Joy! Power!

for Town office before, yet those who know her are constantly astounded at the breadth and depth of her knowledge as to Town affairs. She has served her community well over the years, as President of the Greater Plainview Community Association, as Fund Raising Chairman for the Council Against Drug Abuse, as a member of and Secretary to the School District's Citizens Budget Study Advisory Committee, and as an ad hoc advisor to civic associations through out Town - from Syosset to Bethpage to Massapequa.

Carole's alert mind, her detailed knowledge of local communities and their problems, and her boundless energy mark her as uniquely qualified to serve on our Town Board.

Yes, it's high time for another woman to serve on the Oyster Bay Town Board... but not just any woman. It's time for Carole Fishman.

County Roads To Be Resurfaced

County Executive Ralph G. Caso has awarded a \$454,775 contract to J.D. Posillico, Inc., Farmingdale, for the resurfacing of seven County roads. Posillico was the lowest of four bidders.

Where necessary, deteriorated pavement will be removed and new pavement installed. At locations where the existing pavement is too low, a layer will be added to improve drainage as well as riding quality.

The roads are:
Middle Neck Road - Village of Great Neck; Old Mill Road to Arrandale Avenue.

Glen Cove Road - Village of Old Westbury; Hillside Avenue to Long Island Expressway.

Post Ave. (Wheatley Rd.) - Village of Old Westbury; Long Island Expressway to Morgan Drive.

Underhill Blvd. - Village of Muttontown, Syosset; Berry Hill Road to Jericho Turnpike.
Old Country Road - Plainview: At the intersection of Woodbury

Road.
Old Bethpage Road - Old Bethpage; Plainview Road to Round Swamp Road.

Central Ave. (Merritt Road) - Bethpage and Village of Farmingdale; Bethpage State Parkway to Hempstead Turnpike.

Due to heavy traffic, paving on Middle Neck Road and on Old Country Road will be done at night. Work is expected to begin next week with all roads being completed in two months.

Caso also awarded a \$79,877 contract to Morse Boulger, Inc., Corona, lowest of three bidders, for upgrading the incinerator at the Nassau County Medical Center to the standards required by the New York State Bureau of Air Pollution Control.

Girls' Football

Nassau County's 1st Annual Girls' Touch Football Tournament for teams of non-varsity, junior varsity, and freshman high school girls age 16 through 18 will live up Eisenhower Park, East Meadow in late October. Spectators are welcome.

Starting at 4 p.m., the games, which are co-sponsored by the Nassau County Department of Recreation and Parks and Chemical Bank, will be played on Tuesday, Oct. 21, Thursday, Oct. 23, Monday, Oct. 27, and Tuesday, Oct. 28. Raindates are Oct. 22, 25 and 29.

Individual and team trophies will be awarded to 1st and 2nd place winners.

Teams may register either through their individual high schools or by calling 292-4285.

The tournament will be held on football fields number 2, 3, and 4.

CANDIDATES AT G.O.P. MEETING: The three guest speakers at the last meeting of the Ernest F. Francke Republican Club of Hicksville, which was held on Friday evening September 12th at the V.F.W. hall in Hicksville, are all candidates in the upcoming November election.

Shown left to right are councilman Salvatore Mosca; Hicksville leader Tom Gallahue, who welcomed the three candidates to the meeting; Receiver of Taxes Solomon Newborn and councilman Greg Charman. All three candidates are running for another term in office. (Photo by Bob Schmeelk)

Republican Committee To Be Honored

The Town of Oyster Bay Republican Executive Committee and its Chairman, state Senator Ralph J. Marino, will be honored at a breakfast on September 28th at the Holiday Manor in Bethpage with Supervisor John W. Burke as the keynote speaker, announced Martin Gannon, President of the President's Council.

The Council, which is composed of the Presidents of all the Republican Clubs in the Town, has scheduled the breakfast as a fundraiser for the forthcoming Town campaign, and hopes to raise a sizable amount of money for Supervisor Burke and his team, to aid them in their fight

for re-election.

"The purpose of the Council in holding the breakfast is two-fold," Gannon said. "We have an excellent slate of candidates, all of whom have done an outstanding job for the Town and are deserving of re-election. In addition, the Council feels that it is time for the efforts and work of the Republican leaders in Oyster Bay to be recognized."

"This is a year we will fight hard, and this is a year we will win," Gannon said. "We urge your full support."

For further information, or tickets at \$7.50 per person, contact Breakfast Chairman Tom Earey at LI 1-3247.

'Lawyers for Donovan' Committee chairman, Mr. Peter T. Affatato (left) expresses support for the candidacy of Judge Francis J. Donovan (right), presently running for Supervisor in the upcoming November 4th Township of Oyster Bay elections.

On Thursday, September 11, approximately a hundred lawyers gathered at Stouffer's of Garden City to pay tribute to former District Court Judge Francis Donovan. This meeting had been arranged by a committee of practicing Republican and Democratic attorneys who call themselves 'Lawyers for Donovan.' These attorneys respect Judge Donovan as a long time public servant whose integrity, honesty, and principles are to be admired and emulated. The Lawyers for Donovan Committee is chaired by Mr.

Peter T. Affatato, A practicing attorney for over 25 years, past exalted ruler of the Hicksville Elks Lodge, and a past President of the 88,000 member New York State Elks Association.

On Sunday, September 21st, from 4 p.m. to 7 p.m., Donovan Team supporters will gather together at the Hicksville VFW hall, 320 South Broadway. This cocktail and buffet party will feature Oyster Bay Supervisor candidate Judge Donovan and his entire Democratic team. Tickets for this September 21st affair are still available for only \$7.50 per person and they entitle the holders to cocktails and hors d'oeuvres for three hours. Tickets may still be purchased by calling John Maniec at 931-8788, Stan Meltzer at 333-8008, or Jim Fouassier at 433-7217. They can also be purchased at the door. (Photo by Robert Berkowitz)

TOB To Hold Day-Night Hearings On Proposal To Limit Building Heights

Oyster Bay Town Clerk Ann R. Ocker has announced that the Town Board has set both a morning and an evening session for a public hearing to consider limiting the height of new construction in business "G" (General Business) zones to

thirty-five feet (35'). Mrs. Ocker said that the sessions would begin at 10 AM and 8 PM on Tuesday, September 23, in the Hearing Room of Town Hall East, Oyster Bay.

"Current provisions permit a maximum height of fifty feet (50')." Mrs. Ocker explained. "The proposal to be heard on the 23rd also includes regulations regarding setbacks for roof-top appurtenances which are not part of present provisions."

If the proposal is enacted, the enclosure of appurtenances and a

setback at least twenty feet (20') from the roof's edges would be required; the total area of such construction could not exceed 12 feet (12' in height or twenty per cent (20%) of the total roof area.

Town Supervisor John W. Burke has described the proposed zoning change as a measure that would assist in avoiding the disruption of established communities.

Burke said the Town Board established an evening session in view of expressed community interest regarding the proposal.

Folk Music

Naomi Bygil, professional folksinger, has volunteered to perform Friday evening, September 26, during a free evening of music and socializing start at 7:30 p.m. at the Special Activities Center in Eisenhower Park near Parking Field No. 8.

Miss Bygil's appearance opens the music night series sponsored by the Recreation for the Handicapped Unit of the Nassau County Department of Recreation and Parks on the fourth Friday of every month.

SPEECHMAKERS: Bernie Bruns, left, President of the Hicksville Chamber of Commerce, greets Oyster Bay Town Supervisor John W. Burke, center, and Town Councilman

Warren M. Doolittle on their arrival at the Old Country Manor to speak before the membership of the Chamber of Commerce. Supervisor Burke's talk centered around the signs which indicate

the potential of downtown Hicksville becoming a reality. Burke said that "potential" is the one character the community has been "uniformly held to have."

To Discuss College Aid

On Thursday, September 25, at 8:00 p.m. the Guidance Department of Holy Trinity High School, Hicksville will sponsor a financial aid program for senior students and their parents.

Six financial aid counselors from local colleges will meet with the students and parents in small groups. The following areas of interest will be discussed:

1. Means of financial aid; e.g. types of loans, work-study programs and scholarships.
2. The Parents Confidential Statement.
3. New York State Regents Scholarship
4. New Basic Educational Opportunity Grant (BEOG) sponsored by the Federal Government.
5. New Tuition Aid Plan (TAP) program of grants sponsored by New York State Government.

Mr. Tim Murray, Director of Guidance at Holy Trinity, has indicated that because the groups will be small, there will be ample opportunity for discussion and questions. He believes the program will be most beneficial for many parents, since "the financing of education is the very heart of all other decisions regarding college."

Black American Exhibit

Black men and women who participated in events surrounding the American Revolution are the subject of an exhibition from the Smithsonian Institution "The black Presence in the Era of the American Revolution 1770-1800," on view at the Hicksville Public Library from Sept. 15 to Oct. 7. The exhibit was made available to the library through the joint sponsorship of

the Town of Hempstead Bicentennial Committee and the Nassau Library System.

Little Known Events Of The American Revolution

By Gardiner Gregory

Part 5

Keeping his men fed and fit was as much a problem for Colonel Benedict Arnold in October and November 1775 as slogging up the Kennebec and Dead Rivers in heavy bateaux made of green wood. On his way to try and capture the city of Quebec many of his troops came down with dysentery, and those that did reach Quebec would have welcomed a square meal.

Victualing and housing the modern army of 1150 men who reenacted Arnold's historic march this summer also had officials of the Arnold Expedition Historical Society concerned. They appealed to residents of towns along the Kennebec to board the troops and their families in between episodes of military pageantry.

According to a bulletin from the American Medical Association, this is what a Yankee soldier was supposed to have received for sustenance in 1776:

"1 lb. fresh beef, or 1 lb. salt fish; 3/4 lb. pork, or 20 oz. salt beef; 1 lb. bread, flour, 1 pint milk, 1 quart cider or spruce beer, per diem 3 lb. candles, 8 lb. hard soap, per week for 100 men - 3 pints pease, 1 pint Indian meal, 5 oz. butter, per man a week."

Cider, 200 years ago, meant hard cider. Spruce beer was a mildly fermented drink made by boiling spruce tips with sugar and molasses, Indian meal was corn meal.

If the Revolutionary War soldier got what was coming to him, it cost the commissary 10 pence sterling, or about 11 cents a day. By today's prices the charge would be close to \$4, not counting the spruce beer, hard soap and tallow candles. Should a present-day civilian masquerading as one of Benedict Arnold's soldiers try to exist on \$4 a day he wouldn't get enough to eat to last him much above Bingham Dam on the Kennebec River in Maine.

Hicksville Soccer Club News

The opening whistle of the L.I. Jr. soccer league season found Hicksville ready and waiting for the activities to begin. The PeeWee Division came away from the weekend with a perfect record, as the Municipal Beef red team, under the direction of Jim Morrisroe and assistant R. Humann, chalked up a 4-0 victory over Brentwood; and Wagner's Blue team defeated Floral Park 5-0.

L. Mejia led the Red to their win with a "hat trick" as K. McCann added the finishing touch with his booming boot late in the 2nd half. The goals were set up by the teamwork and fine passing of linemates P. Ziembicki, C. Bentley and K. McCann. Halfbacks G. Skupinski and R. Youngs along with fullback A. Brill were outstanding in their defensive play. The shut out was preserved by the goalie R. Markey.

J. Neto and J. Harris guided their PeeWee Blue to a decisive triumph on the scores of K. Rice, B. McKenna, J. Neto and P. Thompson. The out-standing supportive play and effort of D. Weinberg and T. Kenny helped produce this success, as did the teamwork passing and the aggressiveness of the front line.

The Harris Aluminum Bantam Reds, under the direction of B. Cresham, continued the winning tradition by blanking a resolute, altho' inexperienced East Meadow team, 11-0. This Hicksville team became the "Big Red Machine" on the basis of coordinated passing and attack. Goals were scored by D. Smyth (hat trick), P. Schnur (hat trick), M. Sini (1), F. Schnur (1), J. Maguire (1), C. Habersaat (1), D. Bell (1). These goals were very ably assisted by S. Devlin (2), B. Cresham (2), J. Magire (1), P. Schnur (1), L. Ziembicki (1) 7 M. Sini (2). The past training and experience of this team is self evident.

The G.O.P. Midget Blue, coached by Tony Camara, did not fare as well. They lost to Deer Park 4-0, in spite of the efforts of full backs J. Fitzgerald, G. Marco & R. Pearse. The combined efforts of these players kept the scoring down.

Unfortunately, the reversal continued as the Knights of Columbus Midget Red, coached by J. Mitchell and J. McCann, sustained a 2-0 loss to a powerful Massapequa team. This Hicksville team not only played well, but showed an extremely defensive team with good ball control, in conjunction with the goal keepers. Every boy on this team played at least half a game, in spite of the knowledge that this Massapequa team had just returned from Holland. Congratulations Massapequa and Hicksville on the excellence of your "team play".

The "Girls under 16", directed by Ann Camara & Gert Conway, defeated Deer Park 1-0. The early lead, established by P. Decker on an assist by K. Jung, was maintained by the outstanding defensive play of

Jeanne O'Shea at fullback and Susan Stafford at goal. This was a fantastic game illustrating total team effort.

REMINDERS: Enroll for the Wednesday morning Ladies Bowling League, 10 A.M. All soccer mothers and friends are invited and welcome. Come join us and have the time of your life, as well as supporting your Club, and children.

Plan to attend the First Annual H.A.S.C. Fashion Show at Levittown Hall, Thursday September 25, 8 P.M. Bring friends and neighbors to a display of the latest styles by Buckners of Hicksville. Donation is \$3.00. Refreshments, prizes and surprises. For tickets call - M. Mitchell 938-4075 or A. Luongo-835-0788.

SOCIAL NOTES: The Club extends its best wishes for a rapid recovery to Al Barcavage who is recuperating from a back injury at Mid-Island Hospital. The Club is further relieved to report that

Coach Jack Mc Cann's father is progressing nicely after his unfortunate accident. We are glad to hear that Jim Cummings (A O H news reporter) is home from the hospital and feeling better. The Club has been following the progress of "Snoopy" Andrus at the Woodbury Animal Hospital and shares the family's happiness at his recovery.

Now for the good news: Congratulations are in order to Mr. and Mrs. Fiscolare on the birth of their daughter and to Mr. and Mrs. Fichette on the birth of their son. We expect to see both youngsters on the soccer field in the near future.

BULLETIN - JOHN BURKE TOURNAMENT: The Harris Aluminum Bantam Red and Massapequa emerged from semi-final play as the contestants in the finals of the John Burke Tournament scheduled for Saturday, September 27, 6:30 P.M. at Cantiague Park.

An official at Sheppard AFB, Tex., has announced the graduation with honors of Airman Robert L. Lovisek of HICKSVILLE, from the U.S. Air Force aircraft maintenance course conducted by the Air Training Command.

Airman Lovisek, son of Mrs. Marilyn Fajese of 37 Wellesley Lane, HICKSVILLE, learned to repair current Air Force jet aircraft. He is being assigned to Griffiss AFB, N.Y.

The airman, whose father is Louis Lovisek of 40 Kalma St., Huntington, is a 1970 graduate of Hicksville High School.

An official at Sheppard AFB, Tex., has announced the graduation of Air National Guard (ANG) Staff Sergeant Gary E. Ogden of HICKSVILLE, from the U.S. Air Force aircraft loadmaster course conducted by the Air Training Command.

Sergeant Ogden, son of Mr. and Mrs. Edward L. Ogden of 1 Edward Ave., HICKSVILLE, was trained to compute aircraft loads and to deliver material and supplies by parachute. He is returning to his ANG unit at West Hampton, N.Y.

The sergeant is a 1967 graduate of Hicksville High School. His wife, Stephanie, is the daughter of Mr. and Mrs. V. Ferraro of 15 Evelyn Road, PLAINVIEW.

Coast Guard Subistence Specialist Richard J. Walkowski of 17 Fulton Ave., HICKSVILLE, recently helped fight a fire aboard The Caribe Sun oil barge docked at San Juan, Puerto Rico.

He is a crewmember aboard the Coast Guard Cutter Sagebrush, which responded to a distress signal from the 7.5-million dollar barge. The cutter's crew assisted local firemen in extinguishing the blaze, which had resulted from an explosion while the barge was undergoing welding operations.

The Sagebrush is homeported at San Juan.

Navy Lieutenant Commander Martin J. Polsenski, son of Mrs. Mildred V. Polsenski of 60 Arcadia Lane, HICKSVILLE, was graduated from the U.S. Naval War College, Newport, R.I.

The 42-week course is designed to provide senior officers with advanced education in the science of naval warfare. It includes instruction on U.S. policies and military strategy; the allocation and management of resources; and naval tactics and operating procedures.

Grain and other concentrates fed to all milk cows in New York during 1974 totaled 1,770,000 tons, down 7 per cent from 1973.

OPERATION V.F.W. (Continued from Page 2)

get too far in their planning reported Chick Mason. Spike's hospitalization is one of the causes. He did report progress. When it finally is all ironed out and running smoothly it should be a great asset to the Post.

The Ladies Aux. invited our staff of officers to their meeting. Understand they did attend and Cmdr. Joe Normandy made a little speech to make them feel more like a part of us.

Pictures of the soccer team were brought in and shown. They were taken at the prior meeting when the team came to visit us on invitation. Very nice pictures too.

Lucky winner at the last meeting was Augie Barone. He wouldn't split his winnings. Not with me or anybody else. Greedy isn't he? Oh well, maybe next meeting.

The next meeting will be Sept. 22nd. Come on down. Please, everybody stay healthy.

BATHROOM SHOWOFF - A kooky bathroom idea for the young - or young at heart - who are short on towel racks! Find a discarded ladder, sand out rough places, fit it into an out-of-the-way spot from floor to ceiling and paint it as gaily as you dare. A great towel rack!

CHEATING THE BIRDS - Don't throw out those stale rolls. Try freshening them by wrapping in a damp towel overnight in your refrigerator. At dinner time, remove the towel and reheat slowly in the oven.

Keep On Truckin'

Sept. 16 - 5:05 p.m. - A car driven by Richard Seltensbrino, of Brooklyn, jumped the curve on Toby Lane, Jericho, continued and did damage to a blue spruce tree and sod at 7 Toby Lane, continued and did damage to a flower bed and stone wall at 5 Marian Lane; continued on and

hit a fire hydrant; continued on and struck a house at 12 Marian Lane, entered a closed garage, and did damage to two cars owned by Louise G. Pollard, 12 Marian Lane, Jericho. Richard Seltensbrino was arrested for driving while intoxicated.

Hoe Down

Carole Fishman, Democratic candidate for the Oyster Bay Town Board, will be the guest of honor at a old-fashioned "Hoe-Down" organized by her friends and neighbors to support her candidacy.

The event will take place on Saturday evening, October 4, at Temple Beth Elohim, 926 Round Swamp Road in Old Bethpage.

starting at 8:30 P.M.

Highlighting the fun-filled evening will be lots of square dancing, an old time Country Auction, and old time Country Cooking.

Tickets are priced at only \$7.50 per person, and can be obtained by calling Elene Arowesty at 681-9188 or Terri Bader at 681-3843.

Merit Semi-Finalists

Principal, Dr. Arthur C. Colver, has announced that four students at John F. Kennedy High School in Plainview, have been named Semifinalists in the 1976 National Merit Scholarship Program. These students are among 15,000 who will continue in the competition for about 3,800 Merit Scholarships to be awarded next spring. The students are Frank London, Michael Silverberg, Dale Smith and Jonathan Yager.

Over 1 million students from more than 17,000 high schools entered the 1976 Merit Program by taking the 1974 Preliminary Scholastic Aptitude Test National Merit Scholarship Qualifying Test (PSAT NMSQT).

The Semifinalists are the

highest-scoring students in each state, the number named in each state is proportional to the state's percentage of the nation's graduating high school senior class. The Semifinalists, most of whom will complete high school and enter college in 1976, represent the top half of one percent of the nation's most academically talented young people.

To continue in the competition, Semifinalists must advance to Finalist standing by meeting a number of requirements that include being fully endorsed and recommended for scholarship consideration by their secondary school principals, presenting school records that substantiate high academic standing, and confirming their high

PSAT NMSQT scores with equivalent scores on the Scholastic Aptitude Test (SAT). Over 90 percent of the Semifinalists are expected to qualify as Finalists and to receive Certificates of Merit next February. All winners of Merit Scholarships are chosen from the highly able group of Finalists.

Every Finalist competes for one of the 1,000 National Merit \$1000 Scholarships. A Finalist competes with all other Finalists in a state for the scholarships allocated to that state. The allocation procedure is the same as the method used to name Semifinalists. The National Merit \$1000 Scholarships are one-time, nonrenewable awards supported by business and industrial sponsors and by NMSC's own funds.

There Is Room In A Great Cub Pack

By Jeanne Morgan

It has been said "Don't hide your light under a bushel". We have a great Pack. We are sponsored by the United Methodist Church of Hicksville (Nelson Ave. and Old Country Road). We would like to have more boys join us. Perhaps the only way to let you know what you're missing by not being a Cub in our Pack is to brag a little.

First of all, we are fortunate in having a Cub Room available at the church for den mothers' use for den meetings—a central location convenient for the den mothers, the boys, and their parents. It should be noted that the church is our sponsor for the Cub Scouts are NON-DENOMINATIONAL and welcome boys of all faiths.

Den meetings are held once a week. They are one hour in duration. The boys make things, receive help with their achievements, etc. The Pack Meetings are held the first Thursday of every month in the Church Social Hall. A program is followed at each Pack Meeting.

The boys are recognized for their achievements and received their awards. An Honor Den of the month is chosen. Coffee is served for the parents and cookies and juice for the boys. The duration of the Pack Meeting is generally from 7:30 p.m. till 9:00 p.m.

Every month, at least one activity is planned for the boys. Last year we had a tour of McDonald's, a trip to see the Mets play at Shea Stadium, A nets basketball game, a trip to the Gregory Museum, A Family picnic, etc. We also have an annual Christmas Party, a Pinewood Derby, a Moonlight Bowl (for parents) and the Blue and Gold Dinner which celebrates the anniversary of Cub Scouting.

We are fortunate to have an exceptionally active Webelo program (Webelos are boys who are ten years old and in their last year of Cub Scouts before they become Boy Scouts). This past year we have had three Over-nighters at Camp Wauwepex. The boys and their dads have enjoyed it so much, more over-nighters

are planned for this year. As a matter of interest, this year for the first time the Great Bear District held a Webelos Camporee Overnighter at Wauwepex. We are very proud of the nine Webelos from Pack 293 who succeeded in placing second in the relay race competition and achieved Fourth Place in "Overall Performance" competing with 150 boys from Nassau County.

Cub Scouts have fun. They learn responsibility, make new friends, do things they ordinarily wouldn't have an opportunity to do (make things, go on trips, go on over-nighters,) and become closer to their families.

If you can would like to become a Cub Scout, we would love to have him. Please call Dan Davidson (796-8426) Jim Mills (796-7240) or Jeanne Morgan (433-2642) Boys ages 8 (or have completed 2nd grade) thru 11 are eligible. Many of our cubs have moved up to Boy Scouts and made room for new boys to become Cubs. Why don't you be one of them?

Girls Touch Football

Nassau County's 1st Annual Girls' Touch Football Tournament for teams of non-varsity, junior varsity, and freshman high school girls age 16 through 18 will be held on Eisenhower Park, East Meadow in late October. Spectators are welcome.

Starting at 4 p.m., the games, which are co-sponsored by the Nassau County Department of Recreation and Parks and Chemical Bank, will be played on Tuesday, Oct. 21, Thursday, Oct. 23, Monday, Oct. 27, and Tuesday, Oct. 28. Rain dates are Oct. 22, 25 and 29.

Individual and team trophies will be awarded to 1st and 2d place winners.

Teams may register either through their individual high schools or by calling 292-4285.

The tournament will be held on football fields No. 2, 3, and 4 M.

Joan Wollman, Westbury Riding Chairman, chats with her daughter Linda, Reserve Champion of 1974 Mid Island Girl Scout Horse Show.

The 22nd Annual Mid Island Council Girl Scout Horse Show will be held on Sunday, September 21 at Bethpage Stables on Round Swamp Road, Farmingdale. Girls from 10 to 18 will be riding in competing classes at

a walk, trot or canter according to their skills.

This all day program will also feature a Scouting Salute to our Nation's Bicentennial Anniversary in which the Mounted Drill Team will present the Flags of the newly independent nation and ride with these colorful banners while performing a Drill maneuver. The presentation will be shortly before noon.

Sports Awards

For the fourth straight year, students from Long Island senior high schools who star in weekly football games will be honored by National Bank of North America when its Outstanding Football Player Award Program begins Sept. 27.

Promoting skill and sportsmanship among high school students, the program will recognize an estimated 975 athletes from 113 Nassau and Suffolk schools this year.

Winners of the Outstanding Football Player Award, who will be selected by their coaches or teammates, will receive plaques from the bank engraved with their names. They also will have their names posted prominently in the nearest branch of National Bank of North America.

L.I. National Bank

The Long Island National Bank has voted a 50 cents per share dividend payable on Oct. 1 to shareholders of record of Sept. 15th, it was announced by James C. Dinkelacker, president of the 58-year-old independent bank.

In April of this year, Long Island National Bank paid a similar 50 cents dividend on each of its 509,374 shares of issued stock.

Easter Seal Bike-A-Thon

Islander goalie, Glenn "Chico" Resch and his wife Diane will be two of the many students and adults to pedal into action for the benefit of crippled children and adults at the 3rd annual EASTER SEAL BIKE-A-THON set for Sunday, October 19th at Eisenhower Park from 9-4 pm. Rain date Sunday, October 26th. Riders will pedal a specially designed in-park route for a total of forty miles. Included in the mileage total will be round trip credit for the bike trip from home

to the park if the rider so desires. Cyclists are expected to obtain sponsors who promise in advance of the Bike-A-Thon to donate a certain amount per mile ridden. After the Bike-A-Thon riders return with verification to their sponsors to collect their tax deductible contributions and to turn the money into Easter Seal.

Residents interested in pedalling into action for the benefit of crippled children are urged to call the Nassau EASTER SEAL Society.
