At No Additional Cost

Town OK's Additional Highway Work

Oyster Bay Town Councilman Warren M. Doolittle announced that an area in Hicksville has been added to an existing highway improvement contract at no additional cost to the Town.

Doolittle explained that the original contract was an extensive project including sections of eight communities in Oyster Bay. It is now near completion and the contractor has agreed to perform the additional work utilizing a surplus of materials that resulted from actual field conditions.

"As a result," stated Councilman Doolittle, "The area of Tudor Road, Fern, Maple and Lyon Courts and Eton Lane has been scheduled for improvement at a cost that will not exceed the original bid award."

"This contract was awarded last June 10th as part of the Town's on-going highway maintenance and improvement program," he continued. "The Town Board's action today simply extends the time permitted for completion of the contract to allow the additional work to be performed."

Nassau Economy Aided By OTB

The impact of legalized betting on the Long Island economy was emphasized by officials of Nassau Downs-OTB at a meeting of the National Association of Accountants on Tuesday, Sept. 23rd at the Fox Hollow Inn, Woodbury.

James Nagourney, Administrative Vice President of Nassau Downs-OTB, and Ramon Sanchez, Vice President of Finance, made public figures that indicated Nassau OTB was well over the \$16 million mark in net handle and was well on its way to exceeding its projection of \$28 million in net handle for 1975.

Nagourney told the audience of fiscal experts that on Tuesday, May 13th, when OTB officials stated their case before the Executive Breakfast Club of the Long Island Association, Nassau Downs was still in the guessing business as well as the betting business. "Now the guesswork about OTB is over," he said.

In May, Nassau Downs had only two offices and four branch months of operation (Hempstead had been open 3 1/2 months and Green Acres less than a month) under its belt. "We anticipated a positive impact, but nothing like what we have achieved," Nagourney said.

Earlier in the day, Easa Easa, President of Nassau Downs, released statistics relative to OTB's operation through August 31st. "Our gross net handle to that point was \$13,577,072," Easa said, "but the economic impact of OTB on the community goes much deeper than the handle."

Easa made the following observations: Nassau Downs has already reimbursed Nassau County \$750,000, one half of the start-up costs loaned by the county and has projected complete repayment of the 1.5 million dollar loan plus a small profit by the end of the year.

\$11,763,000 of the money wagered was returned to winning bettors.

The Nassau Downs payroll reached \$774,000 for the fiscal year and will total \$1-1/2 million in salaries for Nassau County residents by year's end. (Nassau Downs employs 82 full time and 161 part-time employees; 89 of the latter are housewives adding to the support of their families. Others include students, relatives and previously unemployed).

Nassau OTB employees paid \$129,000 in income taxes to the Federal (\$87,722) and State (\$46,316) government as of August 31st.

Capital improvements and

purchases, rents (including payment of county, town, school and special district taxes), and goods and services have accounted for more than \$1,679,000 spent in the community at large.

Letters To The Editor

To The Editor:

Despite increased efforts by transportation analysts, planners and environmentalists, little or no progress has been made in proving and expanding mass transportation.

One of the major problems has been the inability of mass transportation systems to sustain themselves despite major infusions of funds from federal, state and local government sources. Attempts to put the systems on a paying basis through increased fares have only exacerbated the problem, forcing more commuters to return to the use of the automobile. The recent 23 per cent increase in Long Island Railroad fares is a prime example.

In the present economic climate, state and local governments can no longer pick up the growing deficit as operating costs continue to rise.

At a recent hearing conducted by the State Senate and Legislative Committees on transportation, a regional tax that would be earmarked for public transportation was proposed as a new source of

revenue, a proposal I find to be unconscionable.

Rather than place additional burdens on the taxpayer, I would suggest that a restructuring of priorities is in order and that additional financial aid for public transportation be diverted from existing revenues going to services of a lower priority.

The Federal Highway Trust Fund is a logical source of funding for mass transportation systems. Motorists now pay 4 cents a gallon Federal Tax on gasoline, which goes into the Highway Trust Fund to finance the construction of interstate highways. If only one cent of this tax is returned to the states, it would provide over one billion dollars a year to the states for the much needed improvement of local mass transportation systems. These funds would give the state the means for developing reliable, convenient, reasonable cost mass transit to attract a ridership away from the automobile and ease the demand on our critical energy supply.

Fall Apprentice Program

During the months of October, November and December the New Nassau Repertory, Long Island's only county sponsored professional theatre company, will offer its second apprentice program. Classes in improvisation, advanced scene study and speech as well as an adult acting

class will be given for an eight week period on Saturday afternoons and one week-day evening.

Classes will be instructed by professionals in theatre and education. Each two hour session will involve performance, preparation and discussion.

Burke Announces Opportunities For Unemployed Town Residents

Expansion of the Federal Comprehensive Employment and Training Act (CETA) will assure jobs for up to 100 Town of Oyster Bay residents, Supervisor John W. Burke announced recently. "An expected increase of \$6.8 million in federal funds for this program in Nassau County will not only permit current CETA employees to stay on through the end of this year and until June, 1976, but will provide for the placement of an additional 100 unemployed Town residents in positions with various municipalities throughout the County," Burke explained.

Under the program, anyone unemployed for 30 days or more can apply for placement. Dependent on experience and the position to be filled, they will be paid \$6,000, \$7,500 or \$9,000 per year.

Burke said that while the employees place through the CETA program were assigned

directly to departments, the new openings will be for specific programs. "The new employees will be provided to municipalities for special projects only," Burke explained. "Therefore, in order to receive additional personnel through this phase of the program municipalities must supply the U.S. Department of Labor with a description of the special project to which they would like to have individuals assigned." Such a list is currently being prepared by the Town along with other governmental bodies.

"Although the actual project to which an individual will be assigned might not be currently known by the Nassau county Office of Manpower, local administrator of the CETA program," Burke stressed, "it is important that unemployed residents fill out applications now."

Anyone interested should go to the County Office of Manpower,

33 Willis Avenue, Mineola, as soon as possible. The office is open for applicants from 8:30 A.M. till 12 Noon.
For further information call the Office of Manpower, 535-4575.

Conservatives Oppose ERA

At a regular meeting of the Executive Committee of the Nassau County Conservative Party overwhelmingly expressed opposition to the proposed "Equal Rights Amendment".

John J. O'Leary, Chairman, made the following statement: "How can we, or anyone else for that matter, support an amend-

ment as broad and vague as this? Neither our elected officials nor experienced attorneys can explain the full ramifications, except to say that they estimate it will abrogate or significantly affect some 700 existing statutes." Mr. O'Leary expressed grave concern over the effects of the amendment on the entire structure of our society. "It seems that the purpose of this amendment is to completely restructure our society, and it could do just that, into some form of monolithic aberration, classless and indistinct."

Mr. O'Leary criticized the professional organizations that support E.R.A. as "taking a myopic view; they should know better." He quoted the observations of a prominent psychologist: "A profusion of studies from the fields of neuroscience, anthropology, sociology, psychology, infant and child development observations, reveal a

universal recognition in all periods of history and in all cultures, of basic differences between males and females starting at birth". "We agree with these observations", said O'Leary. "Conservatives are philosophically out of tune with those so-called feminist groups who seem to despise everything feminine and whose ideology seems to center around free sex, abortion, and the socialization of our State and Nation. We believe that inequities can be dealt with on an individual basis through the enactment of SPECIFIC laws. The E.R.A. in its present form would place interpretation into the hands of the judiciary, resulting in the same civil rights abuses we are experiencing in the form of busing and quota systems.

You do not solve one problem by creating ten others. Our position clearly demonstrates that we are FOR women by being against E.R.A."

Acceptance Day

Midshipman James Murphy of Hicksville, today took part in the Acceptance Day ceremonies at the U.S. Merchant Marine Academy.

The colorful event annually marks the official "acceptance" of the Plebe Class into the ranks of 750 upperclass Midshipmen at Kings Point, swelling the regiment to more than 1,000 students.

A graduate of St. Dominic High School, Midshipman Murphy, along with more than 300 Plebes—including 22 women—were administered the U.S. Merchant Marine Academy oath by Superintendent Radm. Arthur B. Engel, USCG (Ret.). They were later sworn in as U.S. Naval Reserve Midshipmen, a requirement of attending Kings Point.

County Park Improvements

County Executive Ralph G. Caso has awarded five contracts totalling \$272,720 for improvements to three County parks.

A \$172,997 contract was awarded to Bancker Construction Corp., Manhasset, lowest of five bidders, for installation of irrigation systems for the eight softball fields at Wantagh Park and Cantiague Park, Hicksville. The large areas involved—562,000 square feet at Wantagh and 482,000 square feet at Cantiague—and the heavy usage make automatic sprinkling equipment necessary. The contract also includes installation of asphalt pavement for bleachers at both parks.

Gallery Exhibit

An audiovisual art exhibit using strobe lights and black light to give a unique art flavor to the display of paintings, sculpture and drawings will take place at the Firehouse Gallery on the Garden City Campus of Nassau Community College. Acid rock and classical music also will be used to give a subliminal tone to the exhibition of works by Dr. Stella Russell of Oyster Bay and Judith Pestronk of Lido Beach. The exhibition will take place from Sunday, September 28 to Thursday, October 16.

Gallery hours are Sunday through Thursday, 11 to 4:30 p.m. and Wednesday evenings from 7 to 9 p.m. Admission is free.

Police Back Burke

Dr. Charles Artale, Oyster Bay Town Republican Campaign Chairman, announced that the Nassau Police Conference, comprising members of 23 Village, City and Special District of Police Departments in Nassau County, has given its "full support" to the re-election of Oyster Bay Town Supervisor John W. Burke.

In a letter announcing the Police Conference support, Michael Limongelli, President of the Conference, noted that the support was given in recognition of Supervisor Burke's demonstration of "respect and concern for the difficult task a police officer

faces...I am sure you will continue the outstanding work you have been doing."

Gratefully accepting the police support, Supervisor Burke said: "It gives me great personal satisfaction to have these men support my re-election. These officers are very much a part of the reason that many of us can enjoy living here."

Dr. Artale of Plainview added that "it is indeed significant that the men who protect our people and our communities every day are supporting a man who, as Supervisor, has made the protection of people and communities his most important priority."

JOHN BURKE AND RALPH CASO

TOURNAMENT NEWS
 "Jimmy the Greek" and all the Soccer fans on L.I. would have predicted that the Hicksville Bantam Red (sponsored by Harris Aluminum) and the Massapequa team would face each other in the John Burke Tournament finals; and that they will on Saturday, September 27 in Cantiague Park at 6 P.M. Come and see B. Cresham's Bantams in action. Mr. John Burke will present the trophies to the winning team at the end of the game. Following these festivities, the finals of the Ralph Caso Tournament will be held; the finalists being Glen Cove and Massapequa, of the Midget Division. Trophies will be awarded at the end of this game followed by a Tournament All-Star game at 8 P.M. Mark your calendar and join in the festivities and soccer expertise that will be evidenced in Cantiague Park on Saturday.

Traveling Teams
 Ann Camara's "under 16" Girls Team defeated W. Babylon 1-0. The score in no way indicates the degree of dominance displayed by the Hicksville team. Karen Dolan, at fullback, continuously put the ball into offensive position so that Sharon Humphrey's could set up the winning score by Patty Decker. The entire team showed aggressive, driving ball handling particularly on the part of the defensive alignment.

The PeeWee, sponsored by Wagner's, under the direction of J. Neto, trounced Floral Park 4-0. B. McKenna scored a "hat trick" (3 goals) on assists by D. Weinberg & R. Martiny. The fourth goal was bootied in by J. Neto Jr. The half back line was impenetrable as T. Kenny, M. Jaycard & K. Conway repeatedly put the ball into offensive position. This, our youngest traveling team, illustrates the importance of our intramural program; from which this team was composed.

The PeeWee Red, coached by J. Morrisroe and sponsored by the Municipal Beef Corp. drew a "bye" this week.

Mid Island Bowl's Bantam Blue, under H. Zaretsky, lost a squeaker to Massapequa 2-1. M. Adrio put in a shot from L.W. on an assist by R.W. S. Tandy. An always tough Massapequa team was stalled by the defensive work of R. Burchins & J. Morrisroe.

The Bantam Red's, coached by B. Cresham and sponsored by Harris Aluminum also lost a heartbreaker to Deer Park 2-1. Goalie J. Rubins was not only outstanding, but handled every shot on goal with grace and tenacity. The excellent defensive work of K. Jung, at F.B., ably assisted by T. Lewis, J. Maguire

& D. Smyth kept most of the game to a 1-1 tie. A penalty shot broke the long standing tie in spite of the "digging in" of these defensive players.

A very strong Massapequa team, defeated the G.O.P. sponsored Midget Blue Team, coached by Tony Camara, 6-0. This score in no way indicates the effort and spirit of this newly developed team and particularly the tremendous saves at goal by Danny Burke and Bruce Schuck. This team stayed together and played together throughout the game.

The Knight's of Columbus, Midget Red, under the direction of J. Mitchell and J. McCann, edged Deer Park 2-1 on their own field. The highest points of action were the spectacular saves by goalie Ed Thompson, and the defensive efforts of G. Zakian. The entire team effort helped to coordinate the win, with outstanding play on the front line, fed by a strong defense.

Girls Division
 Our newly formed girls intramural division had an opportunity to play against the experienced East Meadow girls on the opening day of the intramural season. Although Hicksville lost every game, the Club accepts this experience as a condition of growth. The Club is pleased and delighted with every girl on every team.

In the Junior Division (girls under 10), Jerry Shannon's Carnations lost to the E. Meadow Sioux 7-1. Hicksville's only goal was scored by Marie Weber. A consistent attack was maintained by S. Mitchell L.W. and L. Humann, C.F., while the defense was led by L. Finkelman.

The Rhododendrons under A. Condron, lost to the Mohicans 5-1. A. Kenny passed for a score by her sister Patrice. Defensive lines persons K. O'Shea, B. Rudin & B. Kendron performed admirably, as well as A. Horowitz at goal.

The Magnolias, under M. Berk, dropped a close game to the Seminoles 3-1. The Hicksville score was by K. Conway who played an outstanding game as did T. Frattini (goalie).

A. Fama's Iris were blanked by the Cherokees 4-0 in spite of the efforts of D. Luongo and A. Janelle at goal.

In the Senior Girls Division, P. Verhagens Camellias scored twice while losing to E. Meadow 9-2. Scores were made by M. Masiello & L. Ench. C. Verhagen at goal inspired defensive play while J. Lauritsen, C. Diffley, S. Liedt, M. Holland, I. Zavada & J. Pascolo all did their best. Goalie D. Richards prevented a total disaster by her many superb saves as the Orange Blossoms, under A. Nakashion, dropped a 4-0 game to the Comanche's. The

total team effort was admirable. Registration for the girls intramural teams is still open. Any girl who is interested, please call Mrs. B. Maguire - 938-6148.

In the first week of our male section of our intramural program, the Peevee's experienced their very first soccer competition.

Galileo Galillie defeated Georgia 7-0. Scores were by J. Speros, P. Egbert, J. Frost & D. Missimo. Goalie D. Murphy helped maintain the shut out as well as fullbacks R. Cahill & S. Pete. Three players for Ga. demonstrated noticeable capabilities: G. Tarral, M. Storm & J.M. Anthony.

The Terriers defeated Massachusetts 4-3 in a very close contest. A. Holder scored a "hat trick" (3 goals) followed by a goal by T. Somerville while I. Pescowitz did the "hat trick" for Mass. T. Donovan, D. Juric, J. Ackerman & A. That dominated play for the Terrier as Bershod, Greenberg, Caporicci, Masiello & Meyer made their mark for Massachusetts.

Delaware defeated Connecticut 7-0 as S. Blaustein scored 4 goals added to by scores from D. Borg & J. Yudi. The team was strengthened by S. Pilutik at goal and F. Pfeffer on defense. Connecticut's J. Doherty, D. Sirey, T. Sullivan & D. Olinchak fought a losing battle well.

Eco's Food (Flying Tigers) beat Maryland 8-0 on scores by S. Banalet, K. Hopkins (hat trick), J. Diel & J. Murphy. Efforts by Maryland's defense, A. Freeman, N. Kramer & J. Moehring were outstanding.

The Town Board Meeting on Tuesday, September 23rd lasted until 1:25 P.M.

Thirty-five items comprised the agenda.

Item No. 1 was a hearing to consider proposed amendments to the Code of Ordinances, to reduce the height of commercial buildings to 35 feet and include limitations as to heights and setbacks of projections on buildings. Speaking in favor of the amendment were Mr. Van Rees - Syosset, Judy Jacobs - Woodbury, Carol Eisenstein - Greater Plainview Community Assoc., Sarah Mittendorf - Syosset Homesteaders and Shirley Lang of Woodbury. Carole Fishman spoke in favor of

the amendment however, she added that provisions could be made to permit higher structures in areas that were strictly commercial and wouldn't offend residential areas in close proximity.

Opposing the amendment was Mr. Oscar Summers.

The 2nd item on the calendar was a hearing on a Petition by Robert Kapson Enterprises Ltd. for a special use permit to allow property in Bus F District to be utilized for the construction of 2-family dwellings.

The property in question is 2.6 acres and is located on the w. s of Plainview Rd. approximately 85 feet n. of Dorothea St. in Plainview.

The petitioner was represented by council, Mr. Adolph Siegal, who had a authority in Real Estate Appraising. The property could accommodate 10, 2-family homes to be sold for approximately \$80,000.00 per house.

Mr. Harold Hecht spoke out against the petition and presented a list of 300 names representing members of the community to the Town Clerk. Mr. Marvin Sachs spoke as one of a large number of residents in the immediate area that were opposed to the petition. Approximately 20 members of the community were present and by

a show of hands were unanimous in their opposition.

Item No. 3 was a hearing on Finance relative to increasing a Bond Issue. It was unopposed.

The balance of the agenda was passed in quick succession and the public hearing was adjourned at 12:45.

In the ensuing informal hearings the first speaker to approach the rostrum was Mr. Oscar Summers.

Mr. Summers touched on all of his favorite topics and remained composed throughout the repartee between the board and himself. Among the topics broached were The Hiring Freeze, Town Aesthetics, Bottles and Cans, the Bridge, Noise ordinance and the overcrowded Parking Fields. (Nothing was said about Flood Control.)

Phyllis Singer next approached the rostrum and spoke about the loss of the basketball facility in the neighborhood and about the loss of trees ear-marked for saving on the construction site of the Senior Citizens Home in Massapequa.

Mrs. Lang next spoke before the assemblage suggesting that building permit requests be publicized so that communities can be aware of new construction that would adversely affect them and make their feelings known in advance of the issuance of such permits.

The meeting concluded at 1:25.

DEVOTIONS

By Rev. J.H. Krahn

NOT GUILTY.

The young man enters the traffic court. In minutes he takes his turn before the judge. "Says here you were doing 45 miles-an-hour in a 25 mile-an-hour zone. Guilty or not guilty? How do you plead?"

"Guilty, your Honor," comes the reply.
"Not guilty," bellows the judge. "Next case."

Such an exchange seems highly unlikely in most courts of law. Most judges would simply slap a \$25.00 fine on you.
Yet there is a system of justice which delivers "Not guilty"

verdicts on people who do wrong. This system began when a cry broke the silence of a Bethlehem night. A child was born, and God became man. Jesus became God's answer to people who need help.

God had a plan. Jesus was to live the perfect life. He did. When He got older, He began to speak out against sin, and before long He was in trouble. At age 33 His enemies brought a case against Him, and they crucified Him on a trumped up charge. Three days later several women visited His grave only to discover it vacated. He had returned to life. God's

power overcame death's power, and Jesus lived again.

Jesus' resurrection gave birth to a new judicial system. Now those who believe in Christ can offer their faith in Him as payment for their mistakes. And when they do, God declares them, "Not guilty."

Jesus will come again to earth. At that time we will stand before Him to receive justice. As those who believe approach the bench He will look into their hearts and find Himself. "Not guilty" will be His response as He turns and says, "Next."

SNACK TIME is always popular at Trinity Nursery School, 40 West Nicholas Street in Hicksville. Children three and four years old attend two, three, and five half-day sessions. Enrollment has grown every year of its five year history. For more information call 931-2211.

Especially on display for the "Harvest of Talent" Festival at the Gregory Museum old jail

historical room, the weekend of Sept. 28 and 29, is a magnificent example of the hand quilting skills of 19th Century America. Dating from 1884, an outstanding quilt is on loan through the courtesy of the "Why Not Antiques" Shop of Hicksville. HAD New Counseling Groups

Help-Aid-Direction, (H.A.D.) Hicksville's only youth and family counseling center will be starting several new counseling groups, beginning early in October. These groups are intended primarily for anyone who feels that they could benefit from a group experience in which the day-to-day problems and realities of life, whether drug or emotionally related, could be discussed in a free give-and-take fashion with the other group members. The groups will basically be problem solving in nature with the individual being able to depend upon the same time support while at the same time learning to be supportive of others. Groups will be led by trained, professional members of H.A.D.'s staff, all of whom have had a great deal of experience conducting group sessions.

These new counseling groups are a further indication of H.A.D.'s continuing involvement in the Hicksville community since moving to our new offices. We are turning more and more to direct forms of treatment services for all who live in the Hicksville area. In addition to our direct counseling of troubled youths and their families,

informational and referral services are always available.

Over the last five years it has become very clear that there is a definite relationship between the Hicksville community and H.A.D. we need EACH OTHER. Anyone interested in finding out more about the counseling groups is encouraged to call John Maniec or Bill Whelan at WE 5-6858. If you are just curious to see what we are about, drop in to see us. H.A.D. is open Monday through Friday from noon until 8:00 p.m. We are located on the fourth floor of the office building at 76 North Broadway, just north of West John Street.
