Court Upholds Residential Zoning In Hicksville

Oyster Bay Town Supervisor John W. Burke and Councilman Warren M. Doolittle have hailed a recent court ruling which "favors the retention of Hicksville as a viable residential, as well as business, community."

Burke explained that Nassau Supreme Court Justice Joseph Surzoi sustained the Town's Residence "D" zoning of an L-shaped parcel of land totaling a little more than 3.2 acres located on the north side of West John Street, opposite the Hicksville Post Office. The suit was brought after the Town Board's denial in 1973 of an application made by the owners of the Mid-Island Shopping Center for a rezoning to Business "G" (general business). The property is bordered on the east and west by

one-family homes and, in part, by a public school.

"The court has ruled that to permit a business use of this property would substantially affect the residential character of this area," Burke stated, "and, in doing so, has sustained the residential zoning that has existed on this land for the past twenty-two years."

The Town Supervisor said the court, in its decision, recognized the possibility that a rezoning for business purposes could result in "total commercialization" of the surrounding area, and praised the court's stated position that zoning policy is a matter for the Town Board's deliberations as one of the responsibilities accorded it as a legislative authority.

Councilman Doolittle, a

resident of Hicksville, further explained that the court rejected the contention that the property could not yield a reasonable profit through residential development. "The owners of the shopping plaza had asserted such a claim despite the fact that they have made no attempt to either improve the property or sell it as it is currently zoned," Doolittle asserted. "The Town has proven that this property can logically be developed for residential purposes," he continued.

"While the owners might realize a greater profit if this land were to be rezoned for business use, that in itself is not sufficient reason to demand a change in the residential character of the neighborhood," Doolittle concluded.

To Honor Howard Finnegan

The Hicksville High School Alumni Association plan to honor Howard Finnegan at their annual Fall Dance scheduled for this Friday evening, October 3, at the Old Country Manor in Hicksville.

Day - Nite Hearings Set

Oyster Bay Town Supervisor John W. Burke and Councilman Salvatore R. Mosca have announced that the Town Board has set both day and evening sessions on a proposal to restrict establishment of commercial airports within the Town.

Burke said the measure, to be heard at both 10 A.M. and 8 P.M. on Tuesday, October 7th, would amend Oyster Bay's Building Zone Ordinance to prohibit general airport use in Residence "E", Business "F" and "G" and Industrial "H" zones.

Councilman Mosca, a resident of Bethpage, noted that

"adoption of the measure would eliminate any doubt regarding the specific steps required of any applicant seeking to establish a general aviation use on his land." Mosca explained that the proposal, if enacted, would require such applicants to seek a change of zone to Industrial "I," the only zoning category in the Town that would still permit airport use.

Mosca said that the evening session of the hearing was scheduled due to expressed community interest regarding the proposal. The hearing will take place in the hearing room of Town Hall East.

The Hicksville Community Chorus will begin rehearsals for the 1975-76 season this Tuesday, October 7, at 8 p.m. in the Chorus Room of Hicksville Sr. High School.

Under the direction of Stephen Goldstein, the chorus has planned a challenging and rewarding program of choral music. The first concert, set for early December, will feature Johann Cristian Bach's Magnificat (with string orchestra) and Benjamin Britten's "A Ceremony of Carols". In March, the Chorus will join with the Hicksville Community Orchestra, under Dr. Charles Gouse in presenting Haydn's "Creation". Plans also

include a late spring concert of lighter music with a Bicentennial theme.

Mr. Goldstein welcomes new members to all sections, but male voices are in particular demand. There is no generation gap in Community Chorus which is made up of adults of all ages as well as high school students from the area, who enjoy getting together every Tuesday evening from 8-10 to make music.

Please join with us if you can; if not, please attend our concerts which represent a real community effort to bring you fine choral music," urged a spokesman for the chorus.

A month long grand opening celebration of Suburbia Federal Savings Plainview office at 52 Manetto Hill Road began last week.

Expertly handling a pair of golden scissors to cut the traditional opening ribbon is Harold Puchalsky, Senior Vice President of the Federal Home Loan Bank of New York, with an assist from the Hon. John Burke, Oyster Bay Town Supervisor at his left. Joining them are (left to right) Philip L. Straub, Manager of the Plainview office; Andrew P. Kane, President of Suburbia; Peter C. Doyle, Jr., Suburbia's Vice Chairman, and Hon. Frank J. Becker, former Chairman of the Board, immediately following the ceremony, scores of visitors entered the Manetto Hill office to join the festivities which included an abundance of gifts, contests and souvenirs.

Everyone opening a new account for \$250 or more has a wide choice of valuable gifts to choose from, including brand name personal and household merchandise. The gift program will go on throughout the celebration month that began on September 24. Those opening accounts for \$500 or more will also be able to enjoy Suburbia's exclusive

Superpack, a full financial service package that has attracted thousands of Long Island families, offering a multitude of free services, including Free Checking.

The highlight of Suburbia's celebration is a Grand Prize drawing of a Free eight-day trip for two to Grand Bahama Island. There will also be a weekly prize of a Deluxe six-piece matched luggage set. Drawings for the weekly prize will take place on each Saturday during the celebration ending October 25. A Special Treasure Chest contest highlighted the first five days of the opening and rewarded close to 100 area residents with a food shopping spree at next door neighbor, Waldhaun's, located in the Manetto Hill Shopping Center.

Throughout the celebration, Suburbia will be giving away souvenirs to all Plainview office visitors.

"We're excited about being able to offer Suburbia's many exclusive services to area residents," said President Kane. "The welcome has been tremendous, and we look forward to our Plainview office becoming an important link among our many offices."

Hicksville Library Board

On July 16, 1975, the annual reorganization meeting of the Trustees of the Hicksville Public Library was held. The following officers were elected: Mr. Abraham Fishman, President; Ms. Ruth Aaron, Vice President; Mr. Kenneth Jones, Treasurer. The Board voted to extend appreciation to Mr. Elery Bean for his many years of service as President of the Library Trustees. The bills were then presented for approval and payment.

A letter of thanks to Mrs. June Durenbacker and the Bookmobile staff for the service and help in selection of books, etc., from a handicapped library borrower was read.

The Attorney advised that the "No Smoking Law" applies in all public meeting rooms. Areas may be set aside for smoking in the lobby, but not in the auditorium.

Bids for installation of a Detection System were read, and Knogo was lowest bidder. Installation of the system will begin by September 15.

Mr. Sam Scheiner, Architect, who is doing a study on the Architectural barriers at the Library, through a grant being funded by New York State, presented the information he has come up with so far. He will appear before the Trustees when his study is complete. He stated that in his findings in this field, usually between 10 to 12 per cent of the population were handicapped, but that they usually hesitated to come forth on any survey for fear of letting their disabilities become too widely known and leaving them open for opportunists taking advantage of their disability.

The Friends of the Library reported a slight profit on the Crafts Bazaar held in June. It was noted that there is a reference library at Mitchel Field that is geared to the

business community.

It was agreed that there would be no meeting in August.

On September 17th, the first fall meeting of the Trustees was held, with Ms. Aaron and Messrs. Bean and Jones present. After the approval of minutes, bills were presented for approval and payment.

A change in the Education Law which permits investment by several libraries jointly in 30 day Certificates of Deposit was discussed. The matter was tabled for a full board and to give Mr. Smith, the attorney, an opportunity to review it.

A request for use of the Auditorium by a Nutritional group was approved.

A letter from Human Resources in Albertson regarding the employment of handicapped college students was read. More information is to be obtained for further discussion.

Under Legal, it was reported that Section 629 of the Laws of 1975 provide that anyone registered under the general election law, and who has voted within the past two years, can vote in School and Library elections without additional registration, effective September 1, 1975. Registration will still be held for voters moving into the Hicksville School District after the general election registration in the fall who wished to vote in the School and Library elections in the Spring.

As of July 1, 1976, Chapter 442 permits the School Board of Education to put up to the public whether they want the Library Trustee and Budget vote to go up together or separately and if separately, the Library will have to pay for the vote. None of the "money" bills passed as regards assistance to Libraries in the Legislature. The Nassau Library System may have to cut services as a result.

The BOCES Board of Education will meet on October 9, at 8:15 p.m. These meetings are held at Valentines Road and The Plain Road, Westbury. The public is welcome to attend.

Anyone wishing further information may call 977-8700.

Mr. Wexelbaum, and Air Conditioning expert, then appeared and discussed the system that he deems necessary for the Library in order to provide adequate cooling during the hot months. He then suggested that a licensed engineer be retained to prepare specifications and plans for same which could then be put out for bid. The matter was tabled so that the other Trustees may be apprised of the situation.

Copies of the Fall Program of the Library were then presented to the Trustees.

The Friends of the Library reported a profit of over \$500. on their Annual Book Sale and announced plans for a Garden and Plant sale in the Fall. Copies of "An Invitation to Join the Friends" which are being distributed in Hicksville as part of their membership drive were given to the Trustees.

Approval was given for Mr. Barnes to attend two days and Mrs. Minogue and Mrs. Leach to attend one day of the Library Association meetings to be held in New York.

The meeting adjourned at 10 P.M.

Fall Festival A Success

The Gregory Museum Outdoor Fall Festival held September 26th & 27th, was well attended and enjoyed by all. The beautiful weather prompted a leisurely day spent browsing among all the many exhibits of plants, crafts, jewelry, minerals, rock collections, quilts, copper items, amber, shells, Indian beads, etc.. A demonstration of the skill of pottery making by Steven Shapiro, instructor at the Bisque Box, Hicksville, drew a large enthusiastic audience. Visitors toured the museum's many splendid exhibit areas; being sure they didn't miss the special Bi-centennial Exhibit in the Historical Room of "Old Time Hicksville Trades And Businesses" & their tools; and an especially outstanding Quilt, dated from 1884, on loan from the "Why No Antiques" shop in Hicksville. The Gregory Museum wishes to thank Co-Sponsor the Town of Oyster Bay Dept. of Community Services Lois Manning, Honorary Chairman; all museum volunteer workers; members of the Garden Club; the Historical Committee Dick Evers & Carl Nold; Curator Lynn Rolnick; Assistant Director Sieg

Widder; Board of Trustees Members and Exhibitors for all their help in creating a successful show. (A special thanks goes to all the faithful supporting museum workers, many of whom are young students and housewives; without their unselfish time and energy the museum could not continue presenting special events.

Letters To The Editor

Dear Mrs. Noeth:
If you're not registered, you can't vote. It's as simple as that.

New voters, persons who have moved since they last voted, and persons who have not voted in the last two elections, must register by October 6 if they wish to vote in the November 4 Town of Oyster Bay election. Local registration will be held at your regular polling place on Friday, October 3 (Noon to 9 P.M.), Saturday, October 4 (Noon to 9 P.M.), and Sunday, October 5 (Noon to 9 P.M.).

The elected officials of our Town probably have more direct effect on us and our families than any other level of Government. Your vote is your voice - don't give it up.

Sincerely,
Michael Polansky
Democratic Party Zone Leader
Plainview-Syosset Zone

To the Editor:
It is a great pleasure for me to applaud the selection by the Democratic Party of Stanley Meltzer as a candidate for the County Legislature in the 4th District (Hicksville and environs). On a professional basis, Stanley is well qualified; he is a practicing attorney, who has served as an Assistant District Attorney and as an Arbitrator. He is a member of the Nassau County Bar Association and the N.Y. State Trial Lawyers Association.

But his professional qualifications, while excellent, are not what impel me to strongly endorse his candidacy. Stanley Meltzer has given freely of himself to such local civic associations as HAD and HCBE, and is well known in Hicksville. He is a warm human being, with an honest concern for people, and is strongly motivated to use his considerable talents in, as the phrase goes, the public interest. He is not a pie-in-the-sky

dreamer, nor is he a cynical wheeler-dealer. He is a moderate who has promised to respect the wishes of his constituents when they are made known. I am completely confident that Hicks will be proud to call Stanley Meltzer its legislator.

Sincerely yours,
Eugene Edelstein
Editors Note: Inasmuch as we did print this type of letter to The Editor regarding Mrs. E. Fishman two weeks ago, we print the above too, but there will be so many candidates this year, we must of necessity restrict these "Letters" to one about each candidate due to lack of space.

To The Editor
I urge every eligible voter to go to the polling place on registration day and sign up on the vote rolls.

The number of registered voters in New York State has dropped off almost one million voters in the last year, a trend I consider "disturbing and dangerous for our form of government."

Voter participation has been in a long-term decline and this country, unfortunately, now ranks with underdeveloped nations of Africa, Asia, Latin America and the Middle East in use of the ballot. This is incredible in a nation founded 200 years ago to give people the right of self-determination. Make it a Bicentennial year tribute to America and freedom to reverse the downtrend in voter participation.

Voter registration will be held on Friday, October 3 - 12 noon to 9 P.M.; Saturday, October 4 - 11 A.M. to 9 P.M., and Monday, October 5 - 12 noon to 9 P.M., at your local polling place.

Those who are registered received their tan card from the Board of Elections recently. Those who did not receive a tan

card probably have not voted during the past two years or have moved, and must re-register in order to vote on November 4.

Qualifications for new voters are, that they be citizens and 18 years of age on or before the day after election day. There is no longer a literacy requirement.

Call the Nassau County Board of Elections, 535-2411, for your polling place or further details.

Richard M. Rosenbaum
Republican State Chairman

To The Editor:
If you want to save yourself some tax dollars next year you're going to have to be alert when you enter the voting booth on November 4th.

In the top right hand corner of the voting machine (after all the State propositions) there'll be two Nassau County propositions. You can save yourself about a million dollars in new taxes if you vote YES on Nassau County Proposition Number One and NO on Nassau County Proposition Number Two. But to assure yourself of the savings you must vote on both issues. YES on Number One. NO on Number Two.

By voting in this manner you will be saying that you are in favor of keeping the present 6-member Board of Supervisors and that you oppose replacing it with a larger and more expensive 15-member Board.

I've just been studying some interesting figures on the cost of legislative government. Suffolk County switched over to a similarly large County Legislature in 1970. Over five years the cost of the legislature in Suffolk has increased by \$1,055,829. Their old County Board of Supervisors cost \$202,584 in 1969. Today legislative government costs Suffolk County \$1,258,418.

Scholarship Applications Available

Grumman Corporation today announced that applications for the 1976 Grumman Engineering and Science Scholarships are now available. The purpose of the Grumman Scholarship Plan is to encourage students from the local Long Island communities to pursue technological careers by studying either engineering or science. Interested high school seniors in Nassau and Suffolk counties may obtain further information and applications from their school guidance counselors.

The Grumman Scholarship Plan provides for full tuition, including laboratory fees, to the college or university selected by the scholarship holder. The actual value of a scholarship, which could be as much as \$18,000, depends primarily on the amount of a college's tuition. Scholarship

winners are also offered summer employment at Grumman every year until graduation. Upon successful completion of their degree, graduates will be employed by the company provided suitable positions are available at the time of graduation.

A maximum of ten scholarships are awarded each year, of which a minimum of three go to dependents of Grumman employees. Except for the dependents of Grumman employees, the scholarship awards are limited to the residents of Nassau and Suffolk counties. A total of 330 scholarship grants has been made since the program's inception in 1944.

The members of the Grumman Scholarship Committee are E. Clinton Towl, Chairman of the Board of Grumman Corporation; John C. Bierwirth, President of

Grumman Corporation; Joseph G. Gavin, Jr., Chairman of the Board of Grumman Aerospace Corporation; and J. R. Esquerre, a Director of Grumman Aerospace Corporation.

GRUMMAN OPPOSES ANTI-AIRPORT ORDINANCE.

We take this position reluctantly but firmly because:

- We need this airport in our future; we must meet stiff competition by lowering the cost of its operation.
- For 40 years we have operated a wide variety of aircraft from the Grumman field; we now propose to lease space and services to a limited number of selected private or business aircraft owners. The existing airport exceeds the Federal Aviation Agency standards for our proposed type of operation.
- We have studied the effect on the community carefully; we are convinced our goals are consistent with being good neighbors.
- We have explained our case in detail to our neighbors months ahead of taking action.
- We've been a vital part of the L.I. economy for 45 years; we need your support and understanding in this instance.

Winter Hockey

Registration is still open for winter hockey for boys age 6 through 14 at the four ice rinks operated by the Nassau County Department of Recreation and Parks, sponsor of the program.

County rinks include the Nassau County Arena in Long Beach; Grank Park in Hewlett; Cantigue Park in Hicksville; and Christopher Morley Park in Roslyn-North Hills.

Boys who are interested may register at the rink of their choice; however, those who are registered in the Nassau County-sponsored High School Hockey League are ineligible.

After signing up for clinic play, for which there is a registration fee of \$35, players may indicate their interest in joining the Nassau-Suffolk Amateur Hockey League. This consists of a group from Grant and the Nassau Arena, who will represent Nassau South; boys from Cantigue and Morley, who will represent Nassau North; and

A Mariner Who Sailed With John Paul Jones

by Gardiner Gregory

There is a man who sailed with John Paul Jones. His name is William Seach and he now lives in South Weymouth, Massachusetts.

This may seem to be impossible because John Paul Jones, the Revolutionary War hero who said, "Sir, I have not yet begun to fight," when his ship, the Bonhomme Richard, was on fire and sinking, died on July 18, 1772. Anybody who sailed with him would have to be at least 200 years old.

According to Mr. Seach, age 98, who retired from the navy in 1921, this is how it happened. In 1905 our ambassador to France, Horace E. Porter, was very much interested in the history of John Paul Jones. He knew he was buried somewhere in Paris, but couldn't find any records. He nosed around and finally found Jones buried in an obscure cemetery in Paris which had been turned into a building lot. Porter, in excavating one of the buildings, found a casket—

it was a leadlined affair, and in it were insignia and enough other evidence to prove positively that the remains were those of John Paul Jones.

With the permission of the French Government President Theodore Roosevelt sent a squadron of ships to pick up the remains.

When the returning ships, led by the cruiser, Brooklyn, were about 500 miles off our coast, the new Maine under the command of Rear Admiral Robert D. Einas put out to sea to meet them. Mr. Seach was serving aboard the Maine at that time. The Brooklyn hoisted the vice-admiral's flag, because Jones near the end of his career had been a vice-admiral in the Russian navy. The Maine escorted the Brooklyn to Annapolis and there Jones was taken ashore and interred in a vault at the Naval Academy Cemetery. Mr. Seach witnessed the event and that is how he happens to be an ancient mariner who sailed with John Paul Jones. He was 29 years old at the time.

players from Twin Rinks and Racket and Rink.

The clinic program features instructional hockey and an in-house schedule. Participants will begin play at Cantigue and the Nassau Arena and then return to the rink of their choice when the outdoor facilities open for the season.

Boys who participate in the Nassau-Suffolk League must pay an additional fee of \$40. Official birth certificates and Leisure Passes must be presented at the time of registration, and parents

are required to register with their children.

For further details, call the Recreation Department's Sports Unit at 292-4284.

Hicksville Soccer Club News

As the trees beside soccer fields throughout Long Island prepare their autumn finery, so too our soccer clubs have adorned the fields with the beauty of their play.

Our Knights of Columbus Midget Red team defeated Glen Cove 2-1 in a toughly fought contest. The team really came "up" for the occasion as E. Thompson, at goal, M. Andrus, A. Corio and T. Fletcher surpassed themselves, as did the entire team. Goals were scored by A. C. Corio and D. Barcavage. This difficult win illustrates the effectiveness of team effort.

The G.O.P. Midget Blue fared less well, losing to Massapequa 6-0. This score does not reflect the continuing spirit and dedication of the team that came back to play even harder in the second half. The defensive H.B. and F.B. line did themselves proud by repeatedly bringing the ball up for the forward line to score. Unfortunately there seemed to be a cover on the net as the many scoring opportunities went awry by the smallest of margins. P. Rubins, P. Bedell, M. Morga, M. Shannon and R. Zaretsky cannot be faulted on their conception of scoring plays at the attack.

The Bantam Red, sponsored by Harris Aluminum, rolled over Brentwood on a 5-0 score. An inspired team dominated the game on the efforts of L. Sneedon and C. Habersaat as scores were blasted by D. Smyth, B. Cresham, P. Schnur and B. Cheslock.

Bantam Blue, by Mid Island Bowl, continued the streak by demolishing North Shore 7-0. The North Shore attack was completely grounded by T. Levy and B. Maguire at fullback as F. Musumeci and M. Adrio dumped a "hat trick" apiece added to by a goal by Tandy.

The Hicksville "steam roller" continued with a 10-1 victory by the Peeewe Red Municipal Beef Team over Floral Park. R. Markey at goal maintained the shutout as K. McCann scored a "hat trick." Teammates L. Mejia, C. Bentley, P. Ziembecki and D. O'Leary all scored.

Wagner's Peeewe Blue maintained the weekend tradition with a 1-0 defeat of Brentwood. This basically defensive game was inspired by the outstanding of K. Rice at goal, T. Kenny, Peter and Paul Thompson in the back line. A successful penalty shot by M. Bobofola provided the edge required to win.

The Girls, 16 and under, Team wound up the successful weekend by lroncuing Oceanside 4-1 on goals by K. Kolavitch, K. Jung, P. Decker, and P. Conway. Outstanding features of the game included a penalty shot save by goalie S. Stafford and the work of M. Brill and the entire half back line.

TOURNAMENT NEWS
The past week's rain plus the residual effects of Hurricane Eloise effectively delayed the completion of the JOHN BURKE & RALPH CASO TOURNAMENTS. The finals of both events will be held on Saturday, Oct. 4th. The opening game will commence at 5 P.M. Festivities will extend thru the early evening.

INTRAMURAL REPORT
In the Girls Junior Division, the Sioux downed the Magnolias 2-0 on goals by M. Iannotti and J. Ciriaco in spite of the aggressive tilting of C. Anglin, P. Bergin and A. Baggett.

The Division produced a 1-1 tie between the Carnations and the Canaries. The Canary goal by C. Somerville was offset by the Carnation goal of M. Weber.

Another 1-1 tie in this Division

happened in the Rhododendron game with a goal by D. Harkins. The Seminoles rolled over the Iris 7-0.

The Girls Senior Division saw the Apaches take the Orange Blossoms 4-2 while in the same Division, the Camellias lost 5-0 to E. Meadow.

The first eek of Boys Division teams provided three great games as County Sports defeated Vermont 3-1, the Legionnaires took Oregon 4-1 and the Cosmos 2 squeaked out a 1-0 victory over Montana. County Sports goals were by B. Jackson, M. Lively and M. Neal. Vermont's lonely goal was by J. Dolan. In the next game, winning goals were by B. Cahill, A. Barrill, and D. Lively for the Legionnaires while Oregon came back with one goal by M. Hopkins. The Cosmos 2 tripped Montana on a single goal by D. Darcy.

In the Midget Division, Kentucky defeated Rhode Island 4-0; Alabama was victorious over the Celtics 2-1 and Indiana took a close one over Virginia 1-0.

The Bantams continued the excitement as N. Hampshire edged N. Jersey 3-2; the Bulldogs trounced S. Carolina 3-0; the Tigers tied N. Carolina 1-1 in a wildly defensive game. Another defensive game between Penna. and N. York also resulted in a 1-1 tie as did the Calif-Minuteman game.

The playing was just as fierce in the Peeewe Division as Delaware tipped the Flying Tigers 3-2. Complete frustration reigned in the Massachusetts - Connecticut game that resulted in a 0-0 tie. Later Georgia edged Maryland 2-1 in a closer game than the 5-1 win of Gallit over the Terriers. More detailed information on the intramurals next week.

Plainview-Old Bethpage High School News

By Mark Silverstein

A capacity crowd at the Norman E. Merry Athletic Field last Saturday afternoon saw a much improved Plainview High School football team as the Gulls finished the game in a 14-14 deadlock against their cross-town rivals, the Kennedy Eagles.

The first touchdown in the '75 season was scored on a 3 yard run by Kennedy's Jay Finklestein. The Eagle extra point attempt failed. The Gulls came back in the second quarter as Senior Mike Hoops tied it up on a one yard run, and a pass by Bob D'Amico to Brain Sullivan made the score 8-6 in Plainview's favor.

The Gulls took a 14-6 lead early in the third quarter as Senior Vinny Fodera scrambled 5 yards for a touchdown.

Quarterback Barry Miller ran in for the two extra points. The score was tied at 14-14 when Brain Sullivan caught a long pass by Bob D'Amico. Sullivan was tackled but the clock kept running and before the Gulls could line up for their touchdown attempt time ran out.

Of course Plainview would have liked to win, but they are more than satisfied with the tie. Plainview will host island Trees this coming Saturday, October 4th, a team that beat the Gulls last year. Did anyone say "Sweet Revenge"?...It's going to be a thrilling season.

GULL FOOTBALL SCOREBOARD:
Won 0 Lost 0 Tied 1.
Next Game: Oct. 4 - Island Trees at Plainview.

Consumer Service Program

A nationwide Consumer Service Program designed to improve and broaden the quality of mail service was announced today by Postmaster Anthony M. Murello.

Beginning Oct. 1, the U.S. Postal Service will introduce a program at the Hicksville Post Office and other offices across the nation to encourage mail users to register problems they may have with their mail service.

At the core of the program is a consumer service card, through which problems are identified and which postal managers attempt to expeditiously resolve.

The Consumer Service Program reflects Postmaster General Benjamin F. Bailor's determination that mail services to the public will be "friendly, courteous and efficient, as well as speedy and reliable."

"Good service is a far broader concept than just fast mail handling, as important as that is," the Postmaster General says. "It is also built on employee courtesy, our responsiveness to customer needs, the sympathy and understanding we bring to your own expectations of what good postal service is all about."

Postmaster Murello urged customers in Hicksville to bring their inquiries and complaints to the attention of postal managers. And if people feel their problems have not been properly handled, the Postmaster said, they should see him personally.

To make it easier for a customer to make a suggestion or complaint about postal service, the new consumer service card will be available from letter carriers and at post offices.

According to Postmaster Murello, the card is two postal cards with carbon paper between them. "One copy goes to me or a station superintendent so work can begin on the problem," he said. "The other goes to Postal Service Headquarters in Washington for cataloging and analysis. The cards will help management spot problem areas and trends and take corrective action if necessary."

The Consumer Service Program was tested earlier this year in Illinois, Massachusetts, Arizona and Rhode Island. Postal Customers in the test found the cards easy to complete and most complaints were resolved to the customer's satisfaction.

The card should take no more than two minutes to fill out. The postmaster also said he and his staff are willing to discuss any problems, including lack of courtesy, irregularities in deliveries or collections, collection box convenience and postal office hours.

"We want you to come to us with your problems," concluded Postmaster Murello. "The whole point of this service program is to bring your problems and gripes out into the open where we can attempt to resolve them."

The High Cost Of Government

By Congressman Norman Lent

The fiscal crisis of New York City has been caused more by the soaring cost of government than as a consequence of inflation. This is not an original thought, but one of my colleagues in the House of Representatives has come up with one that might have given a more strident warning to the beleaguered Gothamites of the terrible storm coming.

According to the latest Gallup poll, more than twice as many people regard high prices as our number one problem as any other. Among these is the high

price of government.

Government has the primary tools to fight inflation. While self-restraint should be among these tools, it is an unhappy fact that over the last ten years the cost of government at all levels has risen much faster than the cost of living as measured by the Consumer Price Index. Rep. Charles Thone of Nebraska has studied this matter, and developed what he calls the "Cost of Government Index". Combining many statistics which the government already collects,

it demonstrates over the past 10 years that while the cost of living went up 72.1 per cent the cost of government skyrocketed 125 per cent in the same period. IN COURT, THE COST OF GOVERNMENT HAS BEEN INCREASING FASTER THAN THE COST OF LIVING.

In 1965, the U.S. per capita income was \$2,770 and the average person paid \$885 a year to all levels of government for taxes and Social Security. By 1975 per capita income was up to \$4,690 but taxes were up to \$1,938

a year, and increasing at a faster rate than income. So instead of fighting inflation, governments have been contributing to it. State governments have been leading the way, increasing in cost 169 per cent over the last 10 years.

Rep. Thone has proposed a bill to require the Bureau of Labor Statistics to publish such a "Cost of Government Index" every month. He believes it will help the public to judge their elected officials on how well they exercise self-restraint. I agree with him.

cover book with guidelines for the consumer, entitled "SHOPPERS GUIDE." I will be happy to send one to any constituent or organization in the 4th Congressional District free of charge on a first-come first-served basis for as long as my supply lasts.

Day Care Mothers

Children back at school? Housewives who find they have some free time are invited to become Family Day Care mothers in their own homes - and be paid.

The Children's Bureau of Nassau County is recruiting Family Day Care homes in your area to care for children whose mothers must work. Some Family Day Care mothers have young pre-schoolers of their own at home, so one or two neighborhood youngsters fit easily into their normal household schedule.

Family Day Care mothers receive a fee for each child they take care of. Hours are Monday through Friday, usually from 8:30 A.M. to 5 P.M.

Those interested are asked to call the Family Day Care Homefinding Unit of the Nassau County Department of Social Services, 535-3622.

LETTERS

So remember to save yourself more than a million dollars on Election Day, you have to deliver "the old one-two." Vote YES on Nassau County Proposition Number One... NO on Nassau County Proposition Number Two.
