Highway, Drainage Work OKed For Hicksville

Oyster Bay Town Councilman Warren M. Doolittle has announced an award by the Town Board of a public works contract calling for general highway and drainage improvements in Hicksville.

The contract has been awarded for \$517,000.85 to Hendrickson Brothers, Inc., the lowest of six bidders; Doolittle noted that this figure is approximately \$105,000 less than anticipated, indicating a continuation of favorable conditions for bidding on public works contracts.

The scheduled work calls for

general road improvement, including concrete repair work, as well as major drainage improvements along the following Hicksville thoroughfares;

All of 5th Avenue; 4th, 5th, 6th, 8th, 9th and 10th Avenues running east from their intersections with Jerusalem Avenue to points approximately 250' beyond 5th Street; and, all of 7th and 11th Streets.

Doolittle said that the work will commence shortly and that the anticipated time for completion of the contract is 145 calendar days.

SUPERVISOR BURKE AT HICKSVILLE G.O.P. COMMITTEEMEN'S DANCE. Town of Oyster Bay Supervisor John W. Burke is shown at the "Mike" saying a few words of welcome to the large crowd in attendance at the Hicksville G.O.P. Committeemen's Cocktail Party and Dance, which was held on Friday evening, October 17th, at Anton's Old Country Manor in Hicksville.

Supervisor Burke was one of the many candidates in the upcoming November elections - who were on hand to say "hello" and also greet old and new friends. The Cocktail Party and Dance was a huge success and a good time was had by all. The chairmen for the affair were: Robert Jackson, Joseph Ferrandino and Tom Connelly. (Photo by Bob Schmeelk)

Mr. Bernard Bruns, president of the Hicksville Chamber of Commerce, happily announces that the beautification program proposed by the Chamber has received the "OK" from all agencies involved and that the Chamber is moving to its realization under the direction of committee chairman Dr. Walter Dunbar.

The program consists of flower beds being established in the traffic dividers on Broadway at the north and south ends of the community; a border of flowering plants abutting the back of the sidewalk on the west side of Broadway from Old Country Rd. to Herzog Place with a shallow screen of bushes and dwarf ornamental trees immediately behind; a row of

planters on the east side containing flowering plants, rose trees and small evergreens; a multicolored fountain in the section of the JFK Memorial Park adjacent to the railroad. The fountain, Bursting Stars, will have a five light color blender, a 94" bowl, and a water height of 74".

The work will be largely done by staff of the Revitalization Project of the Central Nassau Action Council of which Mr. Michael McCann is the coordinator.

Expenses of the project will be met by public subscription. Members of the Chamber have pledged \$2000. Each family in Hicksville is asked to contribute \$5 or \$10 which should be sent to the Hicksville Chamber of

Commerce, 358-B Mid Island Plaza, Hicksville. If the generosity of the community permits the program will be expanded into other areas and other main highways.

1976 is a big year for Hicksville. On Monday, May 31st, there will be the Memorial Day Parade; on June 2nd, 3rd and 4th it will host 4000 Legionnaires at their Nassau County Convention; this should draw another 7000 visitors; and on Saturday, June 5th, the Shriners will hold their Masonic Bicentennial Festival in Hicksville with 10,000 to 12,000 Shriners marching in their parade; on Saturday, July 3rd, Hicksville will hold its own Bicentennial celebration.

1976 is a big year for Hicksville. Let's make it a proud one.

Hicksville Community Council

By Carole Wolf

What are you planning to do next Thursday night at 8:30 P.M.? By now, television has slipped into a routine and the novelty has worn off. On November 6th, at the Hicksville Public Library in their main auditorium, the Hicksville Community Council is presenting an evening of information you will really want to hear.

On the regular program, architectural barriers against the handicapped will be discussed, and a short film "Sound the Trumpets" will be shown. There

are many more handicapped people in Hicksville than we realize - besides those in wheelchairs, we have victims of heart attacks, asthma, emphysema, and stroke.

And, in a lighter vein, the Council will present the American Hosts Foundation, who will discuss "European families living with American families".

All this, plus the usual "New England Town Meeting" portion of the evening will make your attendance well worth your while", said a spokesman for the Council.

At Dutch Lane

TEACHER RECOGNITION DAY
On Wednesday, October 22, the Dutch Lane P.T.A. Room Rep. Committee prepared a delicious luncheon for the teachers in honor of Teacher Recognition Day. Co-chairmen Donna Hastings and Eileen Leitgeb planned, cooked and served the Italian style meal which included Baked Ziti, sausage and meatballs. Also helping in the kitchen were Ann Freyksen, Jo Ann

Genzale, Meg Newby and Lenore Maltzer. Many thanks to all for their time and hard work.

BAKE SALE

On Tuesday, November 4, Dutch Lane P.T.A. will hold its annual Election Day Bake Sale. The sale will be on from 6 A.M. to 4 P.M. When you come to vote, why not stop by and purchase a cake or two to support your local school?

SEMINAR HALF-TIME: During a break of the 2-day Firemen's Seminar held at Post College, Oyster Bay Town Supervisor John W. Burke, second from left, met with (left to right) Fire Chief Council Chaplin of Nassau County, Captain Robert Vaughan, 1974's Miss Fire Belle Debbie Klimpel of Hicksville, and Executive Committee President, John Richie. This year's seminar was the 29th Annual Firemen's Seminar and was held as "a salute to the dedicated volunteer firemen".

Picture makes her a 58 lb. loser.

One thing's for sure. You never see yourself as others do. At least, Sandy Vargo didn't. Before she was 16, her eating had pushed her over 180 pounds. Her dad teased her about her weight, hoping she'd lose. "You'll never get a boyfriend," he'd say. But as long as she could curl up with a good book and a bag of potato chips, Sandy didn't care—until she saw that fat picture of herself in horizontal stripes.

She decided right then that she needed to slim down. So she bought a box of Ayds® Reducing Plan Candy. Taken as directed, Ayds helps curb your appetite, so you eat less and lose weight. Sandy Vargo lost 58 pounds on the Ayds plan. Now she's thinking about buying a bikini. Try Ayds. Four delicious flavors.

Town Of Oyster Bay Candidates

Supervisor

Councilman

VOTE FOR THREE

**John W. Burke -
Republican, Conservative**

Major strides in the areas of recreation, senior citizen housing, youth involvement, drug control, environmental improvements and the preservation of open space while controlling government spending, have marked the first two terms of office of Supervisor John W. Burke, the chief executive of the Town of Oyster Bay.

Since first elected in 1969 and after being re-elected in 1971, the 46-year-old Supervisor has concentrated his administrative efforts toward perpetuating the suburban atmosphere of the Town and maintaining it as an area where people can live, work, play and even retire.

Through stressing sound management and increased productivity, the Supervisor has vastly improved government services and facilities, while — despite inflation — holding the tax line on general Town taxes for the past two years.

His administration has been marked by the vast growth of recreational programs which are now providing facilities and instructions for residents who seek to be a part of active sports.

Besides the expansion of many of the Town's existing recreational facilities — such as continued development at John Burns Park, Massapequa — the Supervisor is in the midst of an ambitious program to preserve as parkland, more than 700 acres of the little remaining open area in the Town.

Burke has also moved toward assisting senior citizens who want to retire and remain in the Township. The Supervisor's deep concern in this area is best demonstrated through the fact that the Town has provided senior citizens with six housing complexes.

Recognizing that young people can be a major constructive force, Burke created the Town Youth Bureau and 11 youth councils to organize the efforts of young people in various communities.

He also established the first Town Drug and Alcohol Control Agency which has been a major force, particularly in conducting informational programs aimed at preventing the spread of alcoholism and drug abuse.

Recognition of the beneficial work performed by non-governmental groups has led Burke to devote a great deal of his time to such organizations as the Order of the Sons of Italy in America, Elks, Little League, Marine Corps League and religious and charitable organizations.

A graduate of St. John's University, Burke obtained a law degree from Cornell University and his masters in law from New York University. During World War II he served in the Marine Corps. Prior to his election, he was a partner in general law practice with the firm of Hall & Casey.

Burke, his wife Patricia, and their eight children reside at 135 Split Rock Road, Syosset.

**Judge Francis J. Donovan -
Democrat**

Francis J. Donovan, a long time resident of Hicksville and former District Court Judge, is seeking the position of Oyster Bay Town Supervisor in the upcoming November 4th elections. He has served the citizens of Hicksville and Nassau County for more than twenty-five years as a concerned, honest public servant.

From 1948 to 1959, Judge Donovan held the position of Deputy County Attorney for Nassau County. The County Attorney's office handles all legal business for county departments and agencies. His principal assignments were trials, appeals, administrative hearings and the drafting of bills relating to government for the Nassau County Delegation to the State Legislature. Duties involved finance and taxation, preparation of public construction contracts, ordinances and resolutions. He has served as counsel to every official department of Nassau County and was a member of the Legislature Committee of the New York State County Officers Association.

For fifteen years from 1959 to 1974, Francis Donovan distinguished himself as an outstanding jurist serving the people of Nassau County as a District Court Judge. Many of his decisions reached while on the bench were published in leading law journals and are still cited in law schools today. He resigned from the District Court in 1974 midway through completion of his third term to return to private practice with the law firm of Fleck, Fleck, and Fleck in Garden City.

Judge Donovan is running for Oyster Bay Supervisor because he believes that our present town government leadership is incompetent and unresponsive to the wishes and needs of the ordinary citizen. Present Oyster Bay town government is ruled by only one party — the Republican Party. Total control by Republicans has led to corruption of our town and insensitivity to the problems of the common man. Throughout the history of Oyster Bay Township, the Democratic Party has never won a majority on the Town Board.

If elected in November, Judge Francis Donovan pledges to respond favorably and quickly to local community concerns. His loyalty will not be to special influential groups. He will change town board meetings from mornings to evenings. He will make them more accessible to his constituency by holding controversial meetings in the localities most affected.

Judge Francis Donovan has proven himself to be a hard-working, dedicated, community-minded public servant. His election to town government along with the rest of his Team will revitalize a presently stagnated, insensitive administration and rid our town of arrogant, corrupt leadership.

His Team has called for Civil Service reform including the absolute appointment of candidates for jobs based on the numerical order established by test grades of competitive exams. Furthermore, Judge Donovan and his Team feels that there should be employee representation on the Civil Service Commission, an end to extortion of contributions from employees, and an elimination of provisional, political appointments presently found extensively throughout all town departments.

Gregory W. Carman

Gregory W. Carman was appointed a member of the Oyster Bay Town Board in February, 1972, and was elected with a plurality of more than 25,000 votes the following November to fill the remaining three years of his term of office.

Carman is a graduate of St. Lawrence University and earned his Law degree at St. John's University, where he was a member of the St. John's Law Review.

As an undergraduate, Carman was selected to study at the University of Paris, France; currently, he has all but completed the course work necessary to receive a Masters degree from New York University Law School. The Councilman is currently a partner in the law firm of Carman, Callahan & Carman of Farmingdale and is licensed to practice at the Federal Bar and before the Supreme Court of the United States.

He is a veteran of the U. S. Army where he served in the office of the Staff Judge Advocate, 2nd Infantry Division, Fort Benning, Georgia, rising to the rank of Captain. His actions won him the Army Commendation Medal for meritorious service.

Carman is Chairman of the Town Board Committees on Local Government and Commerce and Industry; he also serves as a panel member of the Committees on Codes and Ordinances, Parks and Recreation, Environmental Control and Transportation.

A member of the American Bar Association and immediate past president of the Savings and Loan Section of the New York State Chapter of the American Bar Association, Carman is also associated with the Nassau County Bar Association where he is a member of the Ethics Committee, and with the New York State Defenders Association. He is also President of the Protestant Lawyer's Association of Long Island.

In addition, Carman is active in the Farmingdale Fire Department, Farmingdale Rotary Club and the Boy Scouts; he is a past president of the Farmingdale-Bethpage Historical Society and of the Washington Avenue Civic Association, and is chairman of the Farmingdale Community Fund Drive.

The Councilman is a Trustee of the United Way, and is an immediate past Vestryman of St. Thomas Episcopal Church.

Carman, born on January 31, 1937, lives at 66 North Main Street, Farmingdale, with his wife, Nancy, and their three sons.

**Warren Doolittle -
Republican-Conservative**
In the general election of 1970, Councilman Warren M. Doolittle was elected to fill the remainder of the one year term to which he was appointed the previous February. In November 1971 he was re-elected to a full four-year term. Before serving on the Town

Board, Doolittle was with the Nassau County District Attorney's office for a period of 13 years, during which time he rose to the position of Chief Trial Attorney.

Doolittle is the Chairman of the Town Board Committees on Community Services and Drug Abuse and Alcohol Control; he is also a panel member of the Committees on Safety and Parking.

The Hicksville resident, a graduate of both St. John's University and St. John's Law School, is a member of the Nassau County and Criminal Courts Bar Associations, the National and New York State District Attorneys Associations and the New York State Defenders Association.

Doolittle is well known for the many hours he has devoted to the youth of the Town — both as a Councilman and as a concerned resident. He serves as the Board's liaison with the Oyster Bay Youth Bureau; he was a member of the Hicksville Baseball Association (Little League) for 14 years, and has represented the organization in many legal matters. Doolittle founded the Hicksville Dads Association, which was affiliated with the local high school, and is the attorney who incorporated Hicksville Athletic Games Inc.

The Councilman, who was born on February 11, 1923, is also known in the Hicksville area as the founder and First President of the Allied Community Civic Association, as the Town Board liaison with the Hicksville Citizens Advisory Committee of Transportation and Development, and as 2nd Vice President of the area's Community Council. He is noted for his active participation in numerous charity drives; among them are the Tri-Parkway District Boy Scout Drive, the Levittown-Hicksville area Cerebral Palsy Drive and the Red Cross Drive. He is a former vestryman of the Holy Trinity Episcopal Church.

Mr. Doolittle and his wife, Lois, reside at 19 Alexander Avenue, and have three children.

Salvatore Mosca - Republican

Salvatore R. Mosca, incumbent Republican from Bethpage, is a graduate of New York University, Columbia University, and Brooklyn Law School. He has been associated with many civic associations including being a member of the Board of Direc-

tors of Central Island Community Mental Health Center; St. Martin of Tours Holy Name Society; Rotary; B.P.O.E. (Elks); Nassau Heart Association; Bethpage Community Swim Team; Sons of Italy; and a member of the Consumers Advisory Board of Mid-Island Hospital.

Politically, he was a Trustee, past President, past Vice-President and Corresponding Secretary of the Theodore Roosevelt Republican Club, a Republican Committeeman, and delegate to the Judicial District Conventions Town of Oyster Bay Presidents Council.

Mr. Mosca was appointed Town of Oyster Bay Councilman in April 1971 and elected Councilman, Town of Oyster Bay, for a four year term in the 1971 general elections. He was Chairman of the Town Board Committees on Parks, Recreation, and Beaches. He was also a member of Town Board Community Services and Environmental Control Committees and former Chairman of Town Board Committees on Public Safety, Codes and Ordinances. Mr. Mosca served as Senior Deputy Town Attorney, Town of Oyster Bay from 1966 to April 1971.

Carole Fishman-Democrat

The preservation of the suburban character of our Town is paramount in Carole Fishman's plans. She favors the adoption and strict enforcement of meaningful anti-litter ordinances, including an ordinance (patterned after that adopted in other Long Island municipalities) which would mandate that shopping centers maintain an adequate number of waste receptacles. She also favors the adoption of stricter restrictions on free-standing and other commercial signs, as a means of eliminating much of the "honky-tonk" atmosphere of many of the Town's major thoroughfares. She also proposes that the Town institute a priority program to halt the deterioration of local downtown areas and the decay and decline many of our local shopping centers.

Local Government must work closely with the local businessman to ensure that Oyster Bay does not become a commercial "ghost town."

Further, Mrs. Fishman has pledged herself to foster greater citizen participation in Town Government. She proposes, among other things, that the Town Board hold more evening hearings and hearings in the local communities that may be affected by significant matters coming before the Board.

Carole Fishman has been an active participant in all levels of Town affairs for more than six years. One of the founders and a former President of the Greater Plainview Community Association, she led community opposition to the Northville gasoline tank farm and the Plainview garbage dump. She was also instrumental in obtaining the enactment of the Town's "Unsafe Building" or-

(Continued on Page 5)

Dear Friends...

ELECTION TIME CHOICES are not always easy. It is possible to admire someone's community activities, even to like them personally, and yet feel that they are not the one best qualified for a particular office. I'm sure we have all had this happen more than once. This year particularly I feel that there are many fine candidates running for the various offices. Decisions were hard to come by, in several cases.

However, the economic climate today, is greatly changed even from that of one year ago. Those governing us have much belt tightening to do, to balance their budgets and to stay out of the troubled waters in which New York City finds itself. It is not impossible for the city's condition to become wide spread throughout our country. Therefore we need experienced men and women to guide us through these troubled times. I believe that under the

experienced leadership of TOB Supervisor John Burke, Councilmen Warren Doolittle, Gregory Carman and Salvatore Mosca, the Town of Oyster Bay will continue on the path of fiscal responsibility it has pursued in the past. We also endorse Ann Ocker for Town Clerk and Solomon Newborn for Receiver of Taxes.

Perhaps every voter following this reasoning would be wise to adopt this motto "Keep them in and keep in touch with them." We know that most elected officials really want to hear the opinions of those whom they represent. Let's all plan to do more of this. Remember, it is impossible for those you elect to know how you feel about specific matters, unless you keep in touch with them. Letters are the best way, in my opinion. But how you do it is up to you.

We recommend for Family Court Judge, Judge Ralph Diamond and Harry H. Kutner.

We have written so much about our opposition to the proposed 15-man County legislature that we will not take up more space now to repeat our feelings except to say that they are intensified as we approach Election Day. Friends, it isn't going to be easy to vote this one correctly. But if one is opposed to this additional layer of government here is how one must do it: Vote Yes on County Proposition Number One and No on County Proposition Number Two. If you neglect to do this, and if both of these propositions are voted down, THEN, the court will IMPOSE the 15-man legislature.

Here's where it gets even more complicated. Even though you do not want a 15-man county legislature with its resultant raise in millions of dollars in taxes in the next two years, you are still faced with the fact that candidates had to run for these legislative posts, just in case the legislature is voted in. There again, we feel that the Republicans are getting the "spend less money and balance our budgets" message at least more realistically than those who are fighting for this additional layer of government.

For the reason we will cast our vote for Republican Row B, for these positions, although we certainly hope that County Proposition Two will be defeated and they will not need to serve.

As to the STATE PROPOSITIONS AND AMENDMENTS which will appear on your ballot, we plan to vote No on State Proposition Number One. This proposition calls for the State of New York to issue (or attempt to issue) a \$250 million bond issue for low income and elderly housing throughout the state. The interest on this Bond Issue, if it could be floated, which is doubtful at this time, would be at least \$625 million.

On State Amendment Number One, the highly-publicized Equal Rights Amendment, we plan to vote NO. We know that there are excellent laws on our state books right now, to see that women get equal pay for equal work. We believe that not only would the passage of Amendment Number One weaken the family structure throughout our state and ultimately help to do so throughout our country, but it would also deprive women of many laws that are now on our books that protect her. We strongly believe that this Amendment would be a step backward for all women and we plan a resounding NO vote, on it.

On State Amendment Number Two we plan to vote YES, for obvious reasons. It is much needed and long overdue.

On State Amendment Number Three we plan to vote YES because we believe that a unified judicial budget could save money if wisely prepared.

On State Amendment Number 4, which gives our State Legislature the right to call itself into session with a two-thirds vote, if needed,

County Propositions

Notice is hereby given that at the General Election to be held in this State on the Tuesday succeeding the first Monday of November (November 4, 1975) the following County of Nassau Propositions will be submitted to the people of said County for approval, to wit:

FORM OF SUBMISSION OF COUNTY PROPOSITION NUMBER ONE BOARD OF SUPERVISORS WITH WEIGHTED VOTING

Shall Local Law No. 5-1975, entitled "A LOCAL LAW to keep the present six-member board of supervisors, changing only the weight of their votes" be approved?

ABSTRACT OF COUNTY PROPOSITION NUMBER ONE BOARD OF SUPERVISORS WITH WEIGHTED VOTING

This local law is entitled "A LOCAL LAW to keep the present six-member board of supervisors, changing only the weight of their votes."

The purpose and effect of this law is to keep the present Board of Supervisors' system of Nassau County government, making changes only in the distribution of votes among the supervisors. It has been held to be constitutional by the New York State Court of Appeals.

If this local law is approved, it shall become effective January 1, 1976.

This local law makes no change in the time or manner of any supervisor's election.

This local law makes no change in the rate of any supervisor's compensation of \$15,000.00 a year.

This local law makes no change in the term of office of any supervisor.

FORM OF SUBMISSION OF COUNTY PROPOSITION NUMBER TWO FIFTEEN DISTRICT COUNTY LEGISLATURE

Shall Local Law No. 6-1975, entitled "A LOCAL LAW to establish, in place and instead of the present board of supervisors, a new county legislature consisting of fifteen legislators, one to be elected from each county legislative district" be approved?

ABSTRACT OF COUNTY PROPOSITION NUMBER TWO FIFTEEN DISTRICT COUNTY LEGISLATURE

This local law is entitled "A LOCAL LAW to establish, in place and instead of the present board of supervisors, a new county legislature consisting of fifteen legislators, one to be elected from each county legislative district."

The purpose and effect of this law is to change the present system of Nassau County government by abolishing the present six (6) member Board of Supervisors and creating a new County Legislature, consisting of fifteen (15) legislators, each of whom shall be elected from a legislative district. The fifteen (15) legislative districts shall be as delineated on the map which is posted in each polling place.

If this local law is approved, the fifteen (15) county legislators would be elected in a special election to be held on April 6, 1976 and would take office on May 1, 1976. The legislators shall receive a salary of \$15,000.00 a year. Each legislator's term shall be for two years and shall begin on the first day of January next following his or her election; except that the first term, beginning on May 1, 1976, shall be one year and eight months.

CHOICE OF TWO SYSTEMS

Elsewhere on this ballot is a proposition to keep the present system of county government by the six (6) member Board of Supervisors with a change in the weight of their votes. The purpose of the two propositions together is to give the voters a clear choice between the present Board of Supervisors' weighted voting system and a new county legislature system. Whichever local law is approved by receiving a majority of the votes cast will be the county's system of government for the future. If both local laws are approved, the one receiving the greater number of "yes" votes will become law.

POSSIBLE INTERIM LEGISLATURE

If neither local law is approved, THEN THE COUNTY MUST CHANGE TO AN INTERIM COUNTY LEGISLATURE ON JANUARY 1, 1976; candidates for that interim legislature appear elsewhere on this ballot. If the new fifteen (15) district legislative system is approved, the interim legislators would serve for only four (4) months, from January 1, 1976 to April 30, 1976.

State Proposition One and Proposed State Amendments 1 - 7

STATE PROPOSITION ONE, The Senior Citizens Low Rent Housing Bond Issue: would authorize the creation of additional state debt in the amount of \$250 million through the sale of state bonds, with the proceeds to be used to provide low rent housing for senior citizens.

STATE AMENDMENT ONE, The Equal Rights Amendment: would add a new section to the State Constitution which will read "Equality of Rights Under the Law Shall Not Be Denied or Abridged by the State of New York or any subdivision thereof on account of sex."

STATE AMENDMENT TWO, Removal, Censure, Suspension or Retirement of Judges or Justices: This would establish a permanent Commission on Judicial Conduct to receive and investigate complaints about judicial conduct or disability. The Commission would include judges, lawyers and laypersons. Before being removed or retired, judges would have the right to a hearing before the Court on the Judiciary and could appeal to the State Court of Appeals.

STATE AMENDMENT THREE, Administration and Financing of the Courts: would create a Chief Administrator of the Courts and vest in him, the authority and responsibility for supervision and operation of the State's courts. It would also provide for the financing by the State, of the unified Court System.

STATE AMENDMENT FOUR, Extraordinary Sessions of the Legislature: would permit the Legislature to call itself into special session if two-thirds of the members of each house agree. Presently, this power is reserved only with the Governor and may consider only what he puts on the agenda.

STATE AMENDMENT FIVE, Indebtedness For Storm Water Sewer Systems: Would permit local government units to contract indebtedness to construct storm water and sewage runoff facilities. Currently, they can contract indebtedness for only sanitary sewer systems.

STATE AMENDMENT SIX, Exclusions From Local Tax Limitations: would permit counties and cities (except New York City) and school districts wholly or partly within cities with less than 125,000 population to levy taxes to cover the cost of employee retirement programs over and above the property tax limits imposed on them by the State Constitution. Over the past six years, this practice has been permitted by law but the courts have ruled this legislation unconstitutional.

STATE AMENDMENT SEVEN, Games of Chance By Religious and Non-Profit Organizations: would authorize, subject to legislative supervision and local option, the limited contact of games of chance by bona fide religious, charitable, or non-profit organizations of veterans, volunteer firemen and similar non-profit organizations. Presently, only "bingo" or "lotto" are permitted.

Residents Urge Board To Acquire Park Land

Gerry Kahn

The formal Town Board Meeting on Tuesday, October 28th was concluded at 12:30 P.M. The first item on the agenda, a hearing on the petition of Hart-scott Enterprises for a special use permit to operate and maintain a restaurant cocktail lounge in a Bus F district on Sunrise Highway in Massapequa required an hour and a half before the hearing was closed and decision reserved. Mr. Shapiro, counsel for the petitioner met a steady barrage of questions from the board and the supervisor. Their concern centered over aesthetics, hours of operation, number of employees, entry and exit, parking availabilities, the age group the establishment would encourage, etc. These questions were repeated several times to determine definite and responsible answers. Among the members in the audience who addressed the board in opposition to the petition were Phyllis Singer, Yolanda Vendetto and Filamena Levy.

Items No. 2 and No. 3 on the Town Board agenda were taken together as their substance was relative to the Land acquisition of approximately 25 Acres for and in behalf of the Jericho Park District. The cost of the property in question is estimated at \$550,000.00. The Town Board and Supervisor Burke were on the receiving end of plaudits and praises for their efforts on behalf of the project and were urged to expeditiously move on the resolutions. Mr. Fred Switzer, representing the Joint Civic Council of Jericho, thanked the Board for their actions and requested that the Jericho Park

be made a reality as soon as possible. Mr. Richard Berkenfeld, Chairman of the Jericho Park Task Force, personally thanked Supervisor Burke for his actions in embodying the Task Force, his sincere concern in the movements of the group and his dedication to see to a fulfillment the needs of the Jericho Community.

Mr. Harry Seaton, speaking for the Birchwood Civic Association thanked the Board and Supervisor and recommended that the site plan and financing for the park be expeditiously approved.

Among the other speakers who gratefully endorse the board's action were Martin Silver, Martin Goodman, Terrance O'Donnell and Wini Gaines. Both Supervisor Burke and Councilman Diamond spoke for several minutes praising the actions of the Task Force as professionally performed and in a highly skilled manner. They thanked the members of the Task

Campaign Reaches Some Conclusions

Thomas L. Clark, Republican-Conservative candidate for election in the 4th Legislative District, said this week that he had reached a number of conclusions as he wrapped up a month of evening and weekend campaigning.

"One conclusion we reached is

Force who were present for their hard work and their dedication to their objective. The hearing was closed and the decision reserved.

The balance of the calendar consisted of another 16 items that were successively passed on.

Among the speakers who approached the rostrum during the informal discussion period was Carol Eisenstein, representing the Plainview Civic Association. Mrs. Eisenstein reported on a store in the Plainview Shopping Center on So. Oyster Bay Rd. That was apparently anticipation usage as a disquette. Through her contact with the Building Dept. and their study, Supervisor Burke authorized the issuance of a Cease and Desist Order for any further construction and the revocation of the building permit.

that people want to insure a government that is responsive and for that reason they will be rejecting the proposition to create a legislature," Clark commented. "They don't want to add an additional layer of bureaucracy to their tax burdens."

Clark said that unlike his opponent, who is an attorney, his fulltime job as a service engineer for IBM had limited his availability during the day for campaign purposes, but that he and some of his seven youngsters made up for it by turning the weekend delivery of literature

into a family operation.

He also stressed that he found most people understood what his opponent painted as an incongruous situation—that he was running for a legislative post that he did not feel should be created in the first place. "My point has been that if the people want a legislature then I am the man qualified to express their views," Clark said.

Clark, who has stressed he will provide careful attention to detail and attempt to increase productivity among county employees.

Perhaps the biggest problem of this office is convincing people that government can work for them. Events of the last two years - nationally and locally - have clearly demonstrated voter dissatisfaction with the political process. The best way to restore public confidence in government is not just to defeat Republicans, but to change the process itself.

- ★ Has already approved construction of the first low income housing project in the Town of Oyster Bay! (With more to come???)
- ★ Has done nothing to halt the decay of Downtown Hicksville!

- ★ Has increased your Town taxes by more than 65% over the past five years!

If you don't want a repeat performance ...

FRANCIS J. DONOVAN

- ★ Is opposed to forcing low income housing down the throat of unwilling communities! (He fought it in Massapequa, and he'd fight it in Hicksville).
- ★ Would give top priority to plans to make Downtown Hicksville a place we can all be proud of!
- ★ Would take out the parking meters and save each commuter \$62.50 a year!
- ★ Would reform the Town Budget, as recommended by the official 1975 State Audit Report, and use the surplus to reduce your taxes!

Fire Report

By EX-CAPT. OWEN MAGEE

Hicksville Volunteer Firemen responded to 36 alarms during the period Oct. 14 thru 27th. There were 15 false alarms, 5 which came in during the early morning hours all within 8 minutes. There were 11 rescue calls and 10 fire calls.

On Saturday Oct. 25, Hicksville Vamps fought a working house fire at E. Carl St. and Richard St. The house, which was vacant, sustained heavy damage to the attic, 8 pieces of apparatus, 85 men under Asst. chief Ferber responded.

Poster Contest Awards

On Sun. Nov. 2 at 2 p.m. the Hicksville Fire Prevention Bureau will award the winners of the Annual Fire Prevention Poster Contest. The awards will take place at Station 1 on Marie St.

Hicksville F. D. 5th Highest in County

The Hicksville Fire Dept in 1974 answered 1,327 alarms. The total response was rated 5th behind Long Beach with 1,966 alarms, Freeport 1,841 Alarms,

Hempstead 1,677, Massapequa 1,627.

The Title "Volunteer" is very misleading. The Firemen on Long Island, all volunteer, are on the go every minute. They receive no pay. Every Department is constantly undergoing training in the latest methods in fire fighting and first aid. During the past year members of your Hicksville Fire Dept. put into service its Cardiac Care Program whereby using the latest in heart monitoring equipment they enable a Doctor many miles away to monitor a patient and give instructions to the trained paramedics to render life saving drugs and or assistance to patients. The survival rate is very good. Years ago these patients would not have survived.

False Alarms on the Rise

Manpower and equipment are being drained by the severe amount of malicious false alarms this department receives. The Fire Alarm Boxes out on the

street are being abused at an alarming rate. During October so far there has been 22 alarms received from Fire Alarm Boxes. 18 of those calls were malicious false alarms. False Alarms are your problem. Your tax money is being wasted. Our free time is being wasted. If the rate of false

alarms continues, a life or lives will be wasted. Your help is needed.

During the past few weeks, and for several more weeks Hicksville Volunteer Firemen are out in your neighborhood conducting our Annual Fund Drive. Your support would be

appreciated. So we can continue our fire prevention and training programs. Thank you.

Best wishes for a speedy recovery to ex-Capt. Phill Schlosser of Chemical Co. 3 who is home after a stay at the hospital.

Advanced First Aid Course

Henry Hartmann, Director of Safety Programs for the Nassau Chapter of the American Red Cross, announces a new course for Advanced First Aid & Emergency Care Instructors.

This course will start Wednesday, November 5, at the Strong Street Firehouse, Hicksville Fire Department. Classes will run from 7:30 to 10:30 p.m. for 7 consecutive Wednesdays. All sessions must be attended.

Equipment required includes Advanced First Aid & Emergency Care Textbook, a 40-inch triangular bandage, and 12.3-inch roller bandages.

Proof of an Advanced First Aid & Emergency Care or an EMT must be presented at the first session to Gordon Jenkins, Instructor Trainer.

Advanced enrollment is necessary. For further information call the Red Cross at 747-3590, Ext. 15.

False Alarms are YOUR problem... YOU could be the victim of the next False Alarm.

YOUR Fire Equipment cannot be at two places at the same time.

Fire apparatus answering FALSE ALARMS, can't get to a real fire until later. That fire could be at your home. This is why False Alarms are your problem.

Music Of The Orient

East St. School students under the supervision of Miss Florence Bowmar, vocal teacher, have been studying, listening to and performing music from the Orient (namely, China, Japan, Korea, and Thailand).

Miss Bowmar, recently on an NEA tour to the Orient brought back pictures and miniature instruments used in China, Japan, Korea, and Thailand. The students at East St. School have been sharing this tour in learning not only about the music from these four countries but about

some of their customs and culture.

Students from Grades One through Six have become so enthusiastic that they have brought in for an exhibit in the Music Room all sorts of beautiful dolls, carvings, pottery, embroidery, costumes, paintings, recordings, china, sample money, chopsticks, and story books. When Emperor Hirohito was visiting the United States newspaper clippings were brought in about his tour.

The children have been

fascinated by the different way of living in these countries and yet impressed with the colors and delicacy of their dress. Strangely enough, all the students have liked the unusual sounds of the music—the instruments, the use of the pentatonic scale and the variety of rhythms. They seem to react very favorably with the gamelan orchestra of Thailand and its percussive sounds.

Comments from the students have run as follows:

"I didn't know the Oriental people were so colorful and ar-

tistic."

"I liked the sound of the koto, shamisen, and all the Chinese instruments but the music of Thailand was definitely my favorite of the countries we talked about."

"I liked the music of the countries almost as much as American music."

"I didn't know the Orient was so beautiful."

"The Japanese girls dance with meaning—their hand movements mean something."

"I think that the people in

Japan, Hong Kong, Korea, and Thailand have to practice and study hard to play music that complicated."

"I never saw so many weird-shaped instruments before. They probably think the same about our instruments."

"I really found interesting the fact that Japan only has a five-tone scale and does so much with it."

So the favorable reactions of the children have proved the worth of music as a universal language and as a tool towards the understanding of other nationalities and cultures.

Old Noah couldn't have breathed a larger sigh of relief when the rain stopped, than the Club sighed at the dry air of Sunday morning. In spite of wet and soggy fields, the Club performed at optimum.

As the undefeated PeeWee Red, sponsored by Municipal Beef, drew a "Bye", Wagner's PeeWee Blue demolished Floral Park on home grounds, 8-0. The defensive alignment of Peter Thompson, K. Conway & M. Jaycard, anchored by goalie K. Rice, pushed the ball into attack position for scores by J. Neto (2), T. Kenny (1), M. McKenna (1) & M. Bocciofola (4). The obvious attempt to be hospitable via the mass substitution route, just didn't work.

The Harris Aluminum Bantam Red similarly rolled over our own Bantam Blue sponsored by Mid-Island Bowl 7-0. De. Bell & M. Sini were outstanding, scoring 2 goals apiece, and were quickly followed by goals from B. Cresham & D. Smyth. Defensive assignments were more than adequately handled by T. Lewis, B. Cheslock & L. Speddon. The activities of J. Magurie noticeable & vital in many positions. This game was kept active, interesting & precise by the field control of referee Joe Schuerwegen.

The Knights of Columbus Midget Red is starting to be known as the "Big Red Machine" after their victory over the very formidable Deer Park team, 4-0. They now are the "team to beat" in their Division. It was another shut out for Eddy Thompson in goal. The team played a very aggressive opponent but still came out on top because they controlled the game. The defense met the opposition at mid field and time after time took the ball away. Scoring this week was by D. Barcavage, J. Mitchell & (2) by A. Coiro.

Altho' the G.O.P. Midget Blue dropped a 4-0 loss to Brentwood, there were a number of impressive performances; not the least of which was the goal tending by Danny Burke, behind a strong fullback line.

The Girls under 16 continued their winning ways by defeating W. Babylon 4-1, on scores by P. Decker (2) & P. Conway (2). The forward line of K. Kolovich, K. Jung & S. Humphreys helped put the ball in scoring position many times after receiving accurate clears from the defensive backs of J. O'Shea & S. Leidle.

INTRAMURALS - In the PeeWee Division, Massachusettes lost to the Flying Tigers 2-0 in spite of the defensive efforts of D. Kanuck & P. Masiello and with the assistance of F. Brown & M. Meyer on the field Delaware squeaked a 2-1 win over Galilei on the 2 goals of J. Yudd. The defensive efforts of D. Nathan & P. Sonka were aided by outstanding field action of F. Pfeiffer, M. Ayers & S. Blaustein. Connecticut demolished Maryland 5-0. The total team efforts saw scores by P. Posani (3), D. Sirey (1) & G. Tyranski (1). J. Shaulys & J. Montalo did more than admirably in their positions. Preventing a complete rout for Maryland, defense backs J. Moehringer & L. Smith worked well in defending their goal. Georgia's single score by C. Heller could not prevent a 3-1 loss to the Terriers. Notable for their efforts on defense were D. Linkens, K. Payton & B. Ferrain.

In the Bantam Division, S. Carolina defeated the Tigers 2-0 with both scores shot by C. Soto on assists by N. Lavacca & D. Reik. M. Habersaat directed a great defense from goal & R. Diffley took the ball up continuously from halfback. N. Jersey routed Marco Polo 6-0. Scoring was done by A. Sgaraglio (1), M. Lagnese (1), F. Christiano (1), J. Bush (1) & J. Abbatiello (2). N. Carolina blanked the Bulldogs 2-0 on scores by C. Bartkus & J. Moehringer. An important part of the win was handled by the defensive line of F. Bassalino & M. Fama while G. Condron was obviously effective on the front line. A most satisfying - unsatisfying 2-2 tie was played by N. York & California. N. York's scores by R. Cook & J. Lerenstein were set up by the backfield passes of K. Kugler & M. Maduras, moved along by L. Rubin. Calif. stayed in the game on scoring kicks by A. Greenberg & S. Hughes whose defensesmen D. Lynam & M. Rayle made it all possible with help from teammate W. Brown. The Minutemen edged Penna. 2-1 on a solo score for Penna. by R. McKenna, as J. Henderson maintained the goal and R. DeGuadenzi gave support from the fullback line.

The Middlets saw Virginia take the Celtics 4-1 on a "hat trick" by A. Padlessky and an extra by J. Marco. Stafford and Hastings assisted in the action on the front line and J. Mejia helped control the field. Rhode Island shut out Indiana 1-0 on a goal by J. Harkins. It was a cooperative team effort that produced the win. Alabama trounced the Lions 3-0, with 2 goals by F. Grusso & 1 by R. Grosse K. Cl. ry in goal led a competent defense of C. Rubins, D. Wells & A. Rakito.

The Boys Division had nothing but shut-outs. While Vermont presses hard and played well, they still lost to Montana 5-0. Montana's driving attack produced scores by T. Reed (2), B. Reed (1), E. Coakley (1) & C. Harney (1) while defensive assignments were handled by J. Rintz & A. Lubach. P. Harkins & R. Knuth on the forward line contributed their utmost, much to the chagrin of the hard-working Vermont goalie, J. Holm and back J. Day. The 3-0 score of County Sports over Oregon belies the intensity of the game. A rare penalty shot wave was accomplished by K. Cunningham for Oregon, but did not prevent the loss in spite of the field efforts by W. Stemborg. In another game the Legionaires topped the Cosmos 2-0.

DEAR FRIENDS..... (Continued from Page 4)

we plan a YES vote. Why not?

On State Amendment Number 5 we plan to vote NO. We believe that these expenses, when necessary, belong on a state and federal level.

On State Amendment Number 6 we plan a very strong NO vote. The courts have already ruled illegal the practice of placing the cost of retirement programs above the limit to which a local community may be taxed. Districts must come to grips with the reality of today's world and do more trimming so that they stay within limits already established. If this Amendment passes, it will cost each tax payer more and more each year. It's unbelievable.

On State Amendment Number 7 we plan to vote NO. We believe that Bingo is well enough supported throughout our entire state and nation to aid those non-profit organizations and those churches who use it to raise funds.

Well friends (I hope). That's how we are going to vote this year. We know, of course, that many of you disagree with us. Isn't that what this form of government is all about? As William F. Buckley said just the other day, when asked what one fault he sees as most apparent in this country, Mr. Buckley answered, "I see a great absence of appreciation of the freedoms we enjoy."

I would like to take this op-

Competent Tax Collector

Competence on the job and
service to the homeowner at the
lowest possible cost is the job
philosophy of Town Tax
Receiver, Solomon Newborn.
And Newborn practices what he
preaches. A Certified Public
Accountant, who also held the
precision - demanding job as a
Combat Navigator and Air Force
Captain in World War II,
Newborn's Tax office is a model
of efficiency and productivity.
Since 1966 his staff of 32 em-
ployees has decreased by one.

"Not a single increase in per-
sonnel to process more than
93,000 tax bills," Newborn says.
"In a tribute to the dedication
and competence of our Civil
Service Employees."

"In nine years we have had
substantial work load increases
and to cope with this demand we
have utilized the latest
techniques as well as increased
productivity," Newborn asserts.
This keeps costs to the
homeowner down and service at
an acceptable level.
Newborn has lived in Plainview
since 1953 with his wife Rita and
four children.
