Youth Orchestra

The Long Island Youth Orchestra presents its first concert of the 1975-76 season. The concert, under the direction of the orchestra's founder and director Martin Dreiwitz of Sea Cliff, will take place at Jericho High School, Cedar Swamp Road (Route 107) on Sunday, November 23 at 8 p.m.

The major work will be the Berlioz Symphonie Fantastique. Also featured will be the Cockaigne Overture of Sir Edward Elgar, and the rarely performed Clarinet Concerto No. 1 by the 19th century German composer Louis Spohr. Soloist in this concert will be the young New Zealand Clarinetist Mark Walton. Mr. Walton is currently

in the United States as an exchange student with the renowned Stanley Dricker of the New York Philharmonic Orchestra. Mr. Walton is also a member of the Long Island Youth Orchestra this year.

Tickets at \$3.00 for adults, \$1.00 for students are available at the box office or by calling 883-6700 days, 883-2242 evenings.

Members of the orchestra from this community are:
Hicksville: Sylvia Alimena, French Horn and Kenneth Friedenbergh, French Horn.
Plainview: Ruth Gscheidle, Violin, Scott Hershman, Trombone, Ilene Klein, Violin, David Lennon, Viola, Barry Levine, Cello and Guy Pidkameny, Bass.

FOUNTAIN STREET: Do you know how Fountain Street in Hicksville got its name? Near the turn of the century there was a big fountain in Hicksville. The residents in that area decided that it would be appropriate to name the street passing the fountain Fountain Street. It is believed that the above

picture shows the fountain in the early 1900's. The children standing in the fountain are thought to be members of the Keller family. The houses in the background are on Woodbury Road.

The picture was loaned to me by Mrs. Fred Dudda, Hicksville, by Gardiner Gregory

HHS HOMECOMING: A presentation of a trophy at the Homecoming reception was made by Alumni President James Fyfe to Richard Maresco and Frank Cerone as the most valuable players of the game. In the center is Penny Wahne who was elected Homecoming Queen for 1975. High School Principal Mr. Raymond Rusch looks on.

At The Library Board Meeting

By Clara T. Bennett, President Friends of the Hicksville Library

The Trustees of the Hicksville Public Library met on October 15th and Messrs. Jones, Beane and Fishman were the Trustees present. It was noted that the new Treasurer of the School District was Ms. Miriam Rubenstein. After approval of bills for payment, air conditioning and bid proposals were discussed. Freeport Mechanical had given some analysis of the air conditioning situation at the library and it was felt that additional information should be obtained and that the matter be tabled for discussion by the entire Board.

The Trustees instructed Mr. Barnes to apply to the Town of Community Development Funds from the Federal Government under the Community Development Act of 1974, in order

to ascertain whether or not the Library would be eligible for same for the development of a lift for the handicapped and removal of architectural barriers at the Library.

The Book Detection system is being installed next week and should be in operation by the end of the week.

The Friends of the Library reported that Mr. Sam Sheiter would be present at the November 6th meeting of the Hicksville Community Council to discuss Architectural Barriers at the Library and to show the film "Sound the Trumpets" regarding same.

A letter received from the Human Resource Center requesting we give work to

disabled college students was again discussed. Under a Grant, the Library would pay 1/2 and the grant would pay 1/2. The matter was tabled for further discussion.

The Library Employee contract period of January 1974 through January 1976 will soon be renegotiated and 60 days notice is necessary for the negotiator to perform. Pursuant to a resolution of the Board, the negotiator will be notified that their services will be open for future discussion.

Dates and titles of Opera trips to the Metropolitan, with the dates being Nov. 21, February 4, March 4 and April 15.

Prior to the writers arrival, a Library user appeared before the Trustees to thank them for the use of the Auditorium facilities.

GOP Club To Meet

The Ernest F. Francke Republican Club of Hicksville will hold their regular monthly meeting at 8:30 P.M. on Friday evening, November 14th. The meeting will be held at the Veterans of Foreign Wars Hall - Wm. M. Gouse Jr. Post no. 3211, located at 320 South Broadway in Hicksville. (The hall is situated south of the Firestone Store and north of the H.I.P. Building). Refreshments will be served.

The guest speaker for the evening will be Angelo D. Roncallo from the Nassau County Board of Assessors, who will speak on the subject of "Real Property Tax Assessment."

Nominations for the Club officers for 1976 will also be held at this meeting.

PTA Flea Market

Hicksville High School cafeteria will be the scene for the PTA Flea Market-Fair Saturday November 15 from 10:30 a.m. to 4:30 p.m.

Patronize the Fair and assist PTA to support student activities as well as the annual PTA scholarships.

HHS "Pops" Concert

The fourth annual "POPS" Concert will be presented by the Music Department of Hicksville High School on Wednesday, November 19, at 8:15 P.M. in the school's auditorium. The Symphonic Wind Ensemble, under the direction of Mr. J. David Abt and the Madrigal Singers, conducted by Mr. Charles Arnold, will perform a wide variety of music.

Selections included in the Wind Ensemble's program are: Glenn Miller in Concert; The

Typewriter by Leroy Anderson and a selection of Football Memories. The Madrigal Singers will perform music made famous by the Association, the Beach Boys and the Free Design. They will join the Wind Ensemble in selections from the hit movie Mary Poppins.

The concert will be given in the auditorium of the High School. Donations are \$2.00 for adults and \$1.00 for students with the proceeds going to the Music Fund.

Hicksville High PTA To Meet

The Business Education Data Processing Center will be toured after the General meeting of the Hicksville High School PTA on Thursday November 20 at 8:15 p.m.

Mr. Francis Brown, chairman of the Business Department, will lead a tour of the Center and

discuss the business curriculum and new business machines.

All parents of students who are, or possibly may be, interested in business related careers should attend this exploration of business career preparation in the high school Business Department.

PTA Book Sale-Fair

The Fork Lane PTA is holding a Book Sale on November 19 - 20 - 21st in the All Purpose Room in the school from 12-3 P.M. Also "Happy Birthday America Fair and Bazaar" will be held on Saturday November 22nd from 10

A.M. to 3 P.M. in the school auditorium. Games, Boutique items and a White Elephant sale plus fun for all.
Please support the Fair and Book Sale plus get an early start on your Christmas shopping.

DOES HIS GRAY GIVE YOUR AGE AWAY?

If you're a typical woman, you spend hundreds of dollars each year trying to look younger—and rightfully so.

If your man has gray hair he makes YOU look older. He gives your age away.

RD for Men can change that in just 2 weeks. RD is a cream hair-dressing and conditioner. It's not a messy dye. All he does is apply RD each day for about 2 weeks—just like any cream hair-dressing. His hair gradually darkens to a natural color. Gradually—so no one will even notice the difference.

So do a favor for your man—and yourself. He'll look younger—and so will you.

RD for Men at all drug counters.

come, and what a show they put on. Our Comdr. Joe Normandy did not give any new members their obligation since taking office with the express purpose of having a group initiation and inviting this impressive team. It may have happened before, but not since I have been in this post, nor had any mention of a ceremony of this sort been made. So it may be safe to say it's a first for our post. At first I thought it was too military, and too much chicken chow mein, but as the ritual went on that feeling started to go by the wayside and looking forward to the next part, before long I was enrapt, and impressed.

We held an open meeting for members and their guests. We had a very good turn out. There

may have been some dissenters but the vast majority were over whelmed and thoroughly enjoyed the ritual. The above was the opinion of yours truly, and to the others that was questioned.

We had a number of V.I.P.s attend our own Pat Williams President of our Ladies Aux., Also from our post Harry Wurth, County Comdr. and Ed. Chwalisz County Chaplin., Then Bob Morgan County Sr. Vice. and Walter Weber Nassau County United Veterans Organization chairman, and at the head of the list was Ralph DeMarco State Americanism chairman from Queens. We must not forget our dear friend and lovely Lady Betty Mae Provost, N.C. President of the Ladies Aux. There were a number of other guests whose names we didn't get, and we apologize.

As has happened before in so many meetings this year again we entered two more new members in our fold, an old war horse from W W II, Harry Solomon, and from the army of occupation Bernie Chetkof. Welcome comrades, Become active, enjoy our Post, and our fraternal friendship.

A letter of sincere apology was received from our Town Supervisor, concerning the snub the Vet. Org. of Oyster Bay

ADMISSIONS DEGREE AT PLAINVIEW KNIGHTS OF COLUMBUS—Thursday evening, November 6th, 1975 was "ADMISSIONS DEGREE" nite at the last meeting of the Joseph F. Lamb Council No. 5723 KNIGHTS OF COLUMBUS - PLAINVIEW which was held in the new Council Chambers located at 1139 Old Country Road in Plainview. Six local men from Plainview and Hicksville were officially welcomed into the Joseph Lamb Council - when they completed their degree. Shown (left to right) are: - ANTHONY V. PASINI JR. ROBERT LAIBACH MIKE WALSH JERRY MACCO and EDWARD P. SMITH. On the extreme right is JOHN FEHLING, who is membership Director. JOHN J. WALSH who also made his degree is not shown. received. The first letter received was turned over to his Comm. Their answer as you know was not an apology but this is my baby, and I do what I want. The second letter that Joe Normandy wrote he gave them old Harry, and so much flak came from many of the Veterans Organization that the Supervisor decided to act on his own, and not trust his Comm. a second time, or it seemed. Much credit must go to Joe for not taking this laying down, but taking the offensive.

Also credit to those fine groups who supported us in the hassele. As our Commander Joe is also our representative.

Because of this we were asked to participate in the celebration of Teddy Roosevelt's 117th Birthday at his grave side. It was a late invitation but we managed to be present and display our colors, the entire ceremony took two and a half hours.

Once again we wish to commend and thank the Queens County Ritual team for their Wonderful display. It will be long remembered, and surely another page for our Historian.

Nothing more today, except that lucky Frank Lottie was the big winner of our raffle this week. One of these days!

Caso On Proposed Budget

Nassau County Executive Ralph G. Caso proposed for 1976 a general fund budget designed "to pull the county out of the whirlpool of fiscal crisis being generated by New York City and reaffirm to the financial community Nassau's sound financial position."

The proposed budget of \$594.7 million calls for no increase in the county's general fund tax rate — marking the fourth time in the past five years that Caso has held the line on the general tax paid by all county residents.

"I am forced, however, to seek a one-cent increase in the sales tax for the last half of 1976, mainly to provide for costs mandated on us by higher levels of government," Caso stated. "The half-year increase would generate an estimated \$22 million in revenue."

"In addition to establishing fiscal integrity, my other major objective was to hold the line on the homeowners' general property tax," the county executive said.

"While no tax is popular, given the alternative of a property tax versus a sales tax increase, I believe the sales tax is less regressive," he said. "Prohibitive property tax levels not only retard the buying and selling of homes and property within the county, but invite a whole series of economic consequences that will adversely affect our future economic growth and development."

Caso praised the supervisors in the Towns of Hempstead, North Hempstead and Oyster Bay for also holding the line on general town tax rates.

"I am firmly convinced that if all of us can keep expenditures and property taxes under control, especially during a time when we are feeling the financial repercussions of our neighboring city going bankrupt, then we will weather the economic turmoil," Caso declared.

The county executive pointed out that the county moved quickly earlier this year to curtail expenditures in the face of a growing deficit. A job freeze resulted in not filling approximately 500 positions at a saving of \$5 million in gross expenditures. Cutsback in purchasing also saved the county \$200,000.

"The 1975 deficit was the product of events outside the control of my administration, such as state mandated transportation assistance and escalating social service costs," Caso said. "In the proposed 1976 budget we are making the hard administrative decisions necessary to make up the current deficit. We will not follow the path which led New York City to the tragic position it is in today."

Referring to the characterization that Nassau's 1975 budget was "bare-bones," Caso said the 1976 spending proposal "cuts into the bone to hold down expenses and put the county on an even fiscal keel."

The county executive said the following economy directives have been incorporated into the proposed 1976 budget:

- Elimination of tuition subsidies to county residents attending four-year undergraduate schools in the New York City University system. Residents attending two-year community colleges in the CUNY system would continue to receive tuition assistance, but in an amount no higher than that which the county pays for residents attending Nassau Community College. Projected saving: \$1,250,000.

- Elimination of the approximately 500 job lines not filled during the 1975 job freeze and continuation of the job freeze in 1976. Projected net saving: \$2,000,000.

- Replacement of 85 retiring members of the county police force with civilians in administrative positions. Projected saving: \$600,000.

- Postponement of the opening of a Westbury-New Cassel health center in 1976. Projected saving: \$968,000.

- Transfer of all Nassau County Medical Center operations in Plainview to the Medical Center in East Meadow. Department of General Services has been directed to develop a plan to utilize the Plainview buildings to reduce the rental cost of office space for other county operations. Projected saving: \$500,000.

- Closing of all county museums and historical sites one day a week. Projected saving: \$250,000.

- Postponement of the opening of Cedar Creek Park in Seaford. Projected saving: \$200,000.

- One-year moratorium on county contribution to the Nassau Library System because of the system's current surplus position. Projected saving: \$299,000.

- Abolition of the Office of Civil Preparedness and assignment of its functions to the police department. Projected saving: \$156,000.

- A 50 per cent cutback in the amount paid for chaplain services at various county facilities. Projected saving: \$130,000.

- Elimination of all outside printing of departmental annual reports and inside printing of only those annual reports mandated by law. Projected saving: \$200,000.

- Termination of the Long Beach Memorial Hospital ambulance subsidy. Projected saving: \$65,000.

- Reduction of certain equipment purchases. Projected saving: \$600,000.

- Elimination of a deputy county executive and secretary position. Projected saving: \$60,000.

- Merger of the Environmental Management Council into the Health Department. The move, which will not interrupt the environmental services currently provided by the non-salaried council, will result in a saving of \$80,000.

Caso also noted that his 1976 budget calls for a wage freeze.

"This is not an unrealistic position for 1976 in view of what is happening in New York City where tens of thousands of workers are being laid off and others are agreeing to pay cuts to save their jobs," Caso said. "A wage freeze next year is not asking too much of our employees who have fared very well in the past few years."

On the revenue side, the following decisions have been incorporated into the proposed 1976 budget based on an analysis of reimbursement formulas and the existing schedule of department fees and charges:

- The Medical Examiner's office will be merged into the Department of Health in order to secure additional state aid of \$600,000.

- The Department of Health will institute higher fee schedules for certain inspection services. This will increase departmental revenues by \$200,000.

- The Inwood Health Center will be transferred to the Health

The lecture will be "THE CHILD WITH DIABETES" delivered by Freda Ginsberg-Felner, M.D.

Everyone interested is invited to attend.

Set Hearings On Community Development Act

The Town of Hempstead Citizens Advisory Planning Board is inviting community groups, civic organizations and individuals to Public Hearings on November 17 and 19 to explain the Federal Housing and Community Development Act, to discuss community needs and eligible activities under the act and to receive comments, proposals and recommendations from Town residents.

The Town has been advised that under the Hold-Harmless Entitlement of the Act, it may file an application to qualify for the payment of \$379,000 available to it in the 1976 Federal fiscal year.

In a letter to civic organizations, Hempstead Town Presiding Supervisor Francis T. Purcell said, "We would particularly appreciate your attendance in order that we might

In addition to state legislative approval of a one-cent increase in the sales tax effective the last half of 1976, Caso said he intends to ask for a 2 per cent county levy on motel and hotel rooms to bring in approximately \$100,000 in revenue. He said he also is contemplating a tax on pinball machines in the county as an added source of revenue.

The proposed \$594.7 million general fund budget for 1976 represents a 12.2 per cent growth over the 1975 budgeted level of \$530.1 million. This is in contrast to the 18.4 per cent growth in the 1975 general fund budget.

In analyzing the basic causes behind the growth in 1975 expenditures, the following specific items stand out:

- A growth of \$30.5 million in federal and state mandated social welfare costs, including Medicaid services.

- An anticipated rise of \$5.5 million in utility, material and supply costs due to inflation.

- State mandated transportation subsidy of \$7.9 million.

have the benefit of your comments and suggestions.

"These will be helpful to us," he added, "in preparations of the qualifying application to the United States Department of Housing and Urban Development."

The hearings will begin at 8 p.m. in the Town Hall Pavilion at Peninsula Blvd and Main St. in Hempstead Village.

- A \$15 million deficit in the 1975 general fund.

As proposed, the 1976 general fund property tax rate will remain at \$4.95 per \$100 of assessed valuation.

Based on the provisions of the State Sales Tax Law which dictates the distribution of a portion of county sales tax revenues to the towns and the City of Glen Cove, the following will be the effective 1976 property tax rates in those jurisdictions: Hempstead Town, \$4.58 per \$100; North Hempstead Town, \$4.58 per \$100; Oyster Bay Town, \$4.572 per \$100 and Glen Cove, \$4.631 per \$100.

Because the City of Long Beach receives its portion of the sales tax revenue directly from Albany, its general fund property tax rate will be \$4.95 per \$100 in 1976.

"We are well aware of the road that led to the ruin of New York City," Caso observed. "I believe my 1976 budget proposal shows that Nassau County does not intend to take that road."

Dear Friends. . .

Just as American patriotism is our belief in our Country and its form of government, so, as I understand it, Zionism is belief in the Jewish National State in Palestine by those of the Jewish Faith. Therefore I am deeply saddened to know that members of the United Nations have voted by a large majority to equate those who believe in Zionism with racists.

It doesn't make sense. What will it accomplish? Does it solve the problems of the PAL? Or, does it divide even more, all our "United Nations?" The UN is all we have to keep us talking together with the hope of world peace and "enough" for everyone, if they are willing to work for it. I, for one, do not want to see the United Nations die. As imperfect as it is, its expressed goals are good for humanity. But they can never be accomplished by such a spirit of divisiveness.

Let us stay in and continue our fight for all that we believe in, never forgetting for a moment the motivation of those who would divide us and set back our world into darker days. We must at this time stand together... for what we believe in. Don't give up... stay in and we will enjoy ultimate victory.

We hope that in the next few weeks, a compromise will have been found by our president and the City of New York, to prevent default of this great international city, with the definite domino effect which such a default would cause to national and even international affairs. We realize that such a compromise will carry with it the necessity of strict steps by the City to balance its budget within the next two or three years. But it is generally agreed that it would take at least twenty years for the City to recover if default is permitted. And this doesn't take into account what default would do to other cities, to the State of New York and other States... involving much more unemployment, the bond markets conditions (and bonds need to be floated not only by cities, but by thousands of school districts throughout our country. In my opinion the results would be devastating at any time in history... but particularly at this time, when we're going to have enough belt-tightening to do on all levels, to solve the problems of our economy caught as it is between inflation and recession. Let's not add the last straw which might well be the one that breaks the proverbial camel's back. There must be a better, though "strictly conditioned" solution. I hope we find it. I know we can not only find it, but live with it and learn by it.

ON THE LOCAL LEVEL... it was a most pleasant surprise to have THE MID ISLAND HERALD receive a commendation for its news coverage of their activities by the Hicksville Fire Department. A beautiful electric clock, which is going to take a most prominent place in the decoration of our office. We are very proud of it. However, as I told those who presented it to us, "First, we couldn't carry the news if all you dedicated volunteer firemen didn't perform this important community service, day after day, night after night, year in and year out. Secondly, credit and thanks must also go to Ex-Captain Owen Magee who gets this information together, types it up and brings it to our office each week. And finally, I'd like to say, that we on the HERALD will promise to keep on printing it, as long as you keep performing, on both these levels." I'd also like to say that I am well aware that all our volunteer fire departments give tremendous service of the same quality to their respective communities. We wish for them that each department had an "Owen Magee," to make our part of the bargain, possible. We are happy to receive this recognition... but it really belongs to the men, and to the man who works to bring these weekly columns of important information to you. Thanks again.

Finally, an orchid to Dr. Walter Dunbar and to the Hicksville Chamber of Commerce, who are actively campaigning at present to help beautify Hicksville. Here is their message this week: "HELP MAKE HICKSVILLE BEAUTIFUL. CONTRIBUTE TO THE HICKSVILLE CHAMBER OF COMMERCE BEAUTIFICATION FUND. FOR DETAILS PHONE WE 1-0288." SHEILA

Letters To The Editor

Dear Editor:

This is in response to your October 9, 1975 editorial relative to traffic conditions on Old Country Road at South Oyster Bay Road and New South Road.

I directed our Traffic Engineering Division to survey these situations. At the intersection of South Oyster Bay Road and Old Country Road, we have decided to install a new "One Way" and "Do Not Enter" sign to help guide northbound left-turning traffic into west-bound Old Country Road.

At the intersection of New South Road, a Town road, and Old Country Road, traffic counts indicate that relatively few vehicles turn right from Old Country Road into northbound New South Road and the problem caused by the sharp radius is minimal. We feel that moving back the stop line would not help because of motorists tending to disregard stop lines too far back of their usual stopping point at a signal.

However, in conjunction with a sewer interceptor line that the County is planning to install next year on New South Road, we have asked the Town to work jointly with the County to make some minor improvements at this intersection that will include the easing of this sharp corner and widening of the approach lanes. This would not only solve the corner problem, but would allow the addition of traffic activated left turn arrows from New South Road traffic.

Thank you for bringing this matter to our attention.

Very truly yours,

H. John Plock, Jr.
Commissioner of Public Works

To the Editor:

I want to take this opportunity to express my gratitude to the voters of Oyster Bay for their support of this administration's policies and programs. Over the past few months, a considerable amount of information on this subject was disseminated through the local news media. You were asked to absorb it, evaluate it, and, on November 4, react to it.

I consider your decision as a mandate for this administration to continue to provide our Townspeople with the services that enhance the quality of life in a prudent manner through careful planning, fiscal responsibility and effective administration.

Equally pleasing was the number of Townspeople who voted in what is referred to as an "off-year" election. The turnout exceeded by a wide margin the predictions of even the most astute political analysts. I would like to attribute this to a revitalized interest and concern in local government as well as a growing realization by the people that the level of government closest to them is often the most conscious of and responsive to their needs.

I am also gratified that the people did not choose to interject another layer of government between themselves and the county by adopting a county legislature. The Board of Supervisors form of government will continue to have an active role in county matters and avoid the erosion of home rule that has occurred in other counties that have changed to a legislature-controlled government.

JOHN W. BURKE
TOB Supervisor

Dear Mrs. Noeth:
Thank you for the beneficial assessment of my past service and the confidence you displayed by endorsing me in the recent election.

As in the past, I shall continue to strive to be responsive to the needs and desires of the residents of the Town of Oyster Bay, and I

rededicated myself to those principles which have made Oyster Bay a good place to work, live and play.

I invite and shall always make myself available to listen to any comments, suggestions or criticisms which will make me better able to serve the residents of the Town.

A most humble thank you also to your readers for their vote confidence on Election Day.

Cordially,
SALVATORE R. MOSCA
Councilman

To the Editor:

As you perhaps may know, early next year a national Solar Energy Research Institute will be funded by the Energy Research and Development Administration. Having initiated this effort on Long Island, I thought you might like some background on this most important and timely subject. As we move into the nationwide competition for the actual site, it will take a well-coordinated state effort to be successful, and media support is essential.

As a short background, all this grew out of a letter I personally delivered to the Long Island Association last February. Sitting on the House Science and Technology Committee, it quickly became apparent that energy research offered lucrative opportunities to those regions of the country organized to pursue federal funding programs. My February letter pointed this out and made the general suggestion that Long Island work to make itself an energy research center. I have

appointed a member of my staff to work full time to coordinate efforts at all levels to bring SERI to Long Island.

Further contact with the energy programs proposed by ERLDA brought the Solar Institute to my attention. Informal discussions with Brookhaven Laboratory, SUNY-Stony Brook, and Polytechnic representatives culminated in my June speech outlining the need for a solid SERI effort on the Island. This effort has evolved into a broad-based group.

Currently, the Governor's office is making an evaluation of all New York sites interested in the Institute. Many of these areas entered the competition after learning of it from Long Island representatives soliciting their support. This divisive move toward state selection has temporarily slowed the Long Island effort, which has been forced to address the state at the expense of the broader, more important national competition. We feel, however, that our much older organization will have no trouble meeting internal state challenges that lack the established base we have formed over the last nine months.

My office has monitored the politics of the Institute for quite some time, and as I mentioned previously, we have a full-time research assistant working on it. If we can be of any help in the future, please contact Dana Peck at (212) 225-1942. The positive impact of a Solar Institute on the Northeast in general and New York in particular cannot be

Get Rid Of Gray Hair Some Of It Or All Of It

Time-lapse photographs show how gradual action of Lady Grecian Formula lets you control just how much gray you slowly get rid of—some of it or all of it.

WHITE PLAINS, N.Y. (Special)—Thousands of women all over the country are discovering a remarkable new product specially developed and tested for women's hair. It not only takes the guesswork out of hair coloring but also eliminates the gray roots problem that has for years been a thorn in the side of all women who color their hair. Lady Grecian Formula is not a dark messy dye. It is a colorless liquid as easy to use as water. There is no mess, no complicated instructions, no

strand tests, no clock watching. Simply brush Lady Grecian Formula through your hair every day and you will see the gray slowly 'fade away.' You are in complete control. You can get rid of as much gray as you want—some of it, or all of it. When your hair reaches just the lovely natural-looking color you want, weekly use thereafter is all that's necessary to keep your hair just the way you want it with no gray roots problem ever. Lady Grecian Formula is available now at:

The Man Who Halted An Army

By Gardiner Gregory

In April 1777 a British army of 2000 soldiers marched towards Danbury, Conn. to destroy an important patriot's supply of ammunition in that town.

On April 26th they were brought to a halt by an unusual incident. A brave American youth, Luther Holcomb, in order to give the Danbury residents a chance to escape with the ammunition and valuables rode to the top of a hill the British had to pass. There he pranced his horse back and forth shouting and gesturing as if he had an army behind him.

General Tryon, the British commander, stopped his army and prepared for battle. He ordered his artillery to bear in the direction he thought the invisible enemy lay. Flanking parties were sent to seek out the opposing force. Finally after 45 minutes had elapsed Holcomb was in danger of being captured. Wheeling his horse in the direction of Danbury, he sped off to warn the residents. However, other patriots had seen his heroic actions and had already spread the warning. When the British arrived in Danbury, they found that the citizens had escaped, taking their most precious possessions with them.

Thus ends the story of how the quick thinking and courage of a young patriot delayed a British army and contributed to the fight for American independence. He deserves a place among those who helped make our great nation.

Hicksville Baseball Association News

By Joe Trapp

On Friday evening, Oct. 24th, the newly elected Board held an informal meeting for the 1976 season at the home of Tony Elenio, the new H.B.A. President.

Mr. Elenio and the new staff began the meeting by stating their intentions and desires to do all they can to continue and improve the administration of the H.B.A. It is going to be a monumental task as it has been in the past and with the assistance of the members of the former Board and the entire membership, we hope this year will continue to be an even greater success. It was decided that the theme for this year would be "providing youth baseball in Hicksville".

Among the major points of discussion was the need for assistance and backing of the community, which is so vital both in participation and financial assistance. All items of interest were touched upon during this 8

hour meeting and many views and opinions were expressed. It was very gratifying to know that there are at least a few people who are totally interested and dedicated to the youth of Hicksville and are willing to do all in their power to provide them with the opportunity to play baseball and learn sportsmanship. However, it is also very horrifying to know that out of 325 families enrolled in this program, it is the very same 15 to 20 people who are doing all the work to make this league a success. The youth of Hicksville belong to all of us and are the responsibility of the community.

We especially ask for membership, cooperation, participation and attendance at all open meetings (scheduled for the third Thursday of each month at Levittown Hall) Is it too much to ask of a parent to give up 18 hours a year to attend the meetings to help provide a better organization for your children. Also we urge parents to attend their children's ball games for it

is the encouraging smile of a parent that helps a child to learn the value of success and the lesson of defeat. Your help is urgently needed in these troubled times (for how many parents have I heard who when their child gets in trouble with the law state "Where did I go wrong" was it possible that these were the parents who did not care enough to give up just a little time for their child). Hopefully with continued support we can decrease the cost of this operation and make the financial burden easier to cope with.

Many thanks to Last Years Board - JAMES HEALY President; SAM SCHWARTZ Vice President; MARTY ROSS Treasurer; PETE SARANDREA Secretary.

Good luck to TONY ELENIO President; TONY SULLO Vice President; ANDY CALAPAI Treasurer; OLGA MORRIS Secretary. HOPE TO SEE YOU AT ALL OUR MEETINGS IN THE FUTURE.

Hicksville Soccer Club News

Inevitably, as "Halcyon Days" must terminate, so does the Clubs record, periodically; Well folks, win a few - lose a few and tie the rest.

Ann Camara's Girls under 16 easily defeated Oceanside 6-0 on scores by P. Decker, C. Eichler, M. Flynn, S. Humphreys & K. Jung (2). This team has been supported by a tremendous turnout of parents and friends during the entire season. Could this be a part of this teams success? One thing is obvious - the Girls skill, determination and drive, as developed by the skillful direction of their coaches, has produced a "powerhouse".

In one of the most spectacular events of the weekend, Hicksville Blue lost to Hicksville Red in the PeeWee Division. In this newly formed Division of the L.I. Jr. Soccer League, competition is hard to come by. This meeting between the two best teams on L.I. produced athletic prowess beyond description. Wagners (Hicksville Blue) goalie R. Markey received compliments from both teams and coaches for the excellence of his play. Peter Thompson, LHB, and T. Kenny, sweeper, contributed

magnificent defensive efforts. This game winds up the Wagner season with a 6 and 2 record (losses only to the Hicksville Red team). The winning team (Hicksville Red, sponsored by Municipal Beef) sent C. Bentley on two scoring break away charges to provide the winning edge. He dominated the offensive game with multiple shots on goal as teammates P. Ziembecki, L. Mejia & R. Youngs kept the pressure on the opposition goalie. Additional defense was supplied by A. Brill, G. Skupinski, R. Humann & D. O'Leary in a game that was undecided down to the final whistle.

In the Bantam Division, Harris Aluminum Red held Deer Park to a 0-0 breathtaking tie. Both teams illustrated spectacular defensive work particularly by goalie J. Rubins and backs L. Sneddon, F. Schnur and J. Maguire. The offensive attack of D. Myth and P. Schmur kept Deer Park on their toes. The Deer Park goalie was instrumental in preventing a Hicksville win.

The Knights of Columbus Midget Red tied Garden City 2-2. Eddy Thompson at goal made the game, with help from his

teammates up field - A. Corio, A. Pepi and G. Zakian. Two days later, the same team dropped a close one to Massapequa 5-2. The score does not indicate the intensity of play. Hicksville was in contention every minute of the game. Willie B. Stenborg, K. Cahalan & M. Andrus handled the defensive assignments, A. Corio and B. Andrus hassled the opposition on the front line.

Hicksville's G.O.P. Midget Blue lost to Massapequa 6-1 in a game that saw great forward line action by T. Cusack, M.G. Shannon M. Morga, E. Bergin. The single Hicksville score was on break-away by R. Pearce. The boys showed a style of aggression that has evolved over the season, under the direction of Coach, T. Camara.

See next week for Intramural news.

Remember - The Bowling party is Saturday, Nov. 15 - 8 P.M. at Mid Island Bowl. Come and help support your children and your Club. For tickets - call A. Sini - 735-8937. A good time will be had by all.

St. Ignatius Midgets 3 O/Lady of Lourdes 0-

On Saturday, Nov. 8th the St. Ignatius Midgets won their seventh straight game by beating O L of Lourdes (Malverne) by a score of 3 to 0. Leading the St. Ignatius to victory was the great defense of the team along with the scoring of B. Cunningham 2 goals, and P. Cowan 1 goal. The Midgets' next game will be next Saturday, 10:45 a.m. at Eisenhower Park field No. 1 against St. Aidan "Tornados" (Williston Park). Below is a list of the girls who make up the cheering squad that are out their every week cheering the team to victory. The St. Ignatius Midget cheering squad is coached by Joan Bungert and Jackie Miller. The names of the girls on the squad are as follows: Carol Durante, Deby Kenifich, Sue Murphy, Mary Murphy, Linda Pesonen, Mary Heberer, Jane Barsilla, Sue Welsh, Justine Giegler, Terrice Solaski, Ellen Sullivan, Andrea Tourneur and Sue Geniti. The only thing that the cheerleaders would like to see is that there were more fans to help them cheer their team to victory.

Junior Division
Sunday Nov. 9th

St. Ignatius 10 - O L of Lourdes 0-

Once again one of the teams from O L of Lourdes (Malverne) played one of the St. Ignatius teams this time in the Junior Division. The results were the same. The outstanding play of the St. Ignatius team proved too much for the Lady of Lourdes team. Also helping the Junior team to victory are the Junior cheerleaders who not only cheer for the whole team but give a cheer to each one of the boys who score a goal or who make an outstanding play for the team. After today's game the team showed their appreciation to the cheerleaders by giving them a cheer and shaking hands with the girls as they came off the field. The names of the girls on the junior cheering squad are as follows: Coaches Mary McAvoy and Dot Bickhard, Kathy Cunningham, Helen Freil, Marianne Green, Chris Volpe, Nancy Campbell, Grace Borsella, Wendy Carson, Maureen Collins, Sandra Hance, Karen Kelly, Regina Masciello, Bernadette Mescall, Denise Rupp and Donna Macchio.

Intermediate Division

Saturday, Nov. 1st

St. Ignatius 6 Aidan 0

On Saturday, November 1st, the St. Ignatius team behind the scoring of J. Kerti and J. Harkins 2 goals each and 1 goal each by K. Bungert and M. Conway and a good defense lead the St. Ignatius team to another victory.

Sunday, November 2nd

St. Ignatius 10 St. Aloysius 0-

Once again the St. Ignatius Intermediate team proved a little too strong for their opponents. Helping St. Ignatius to another victory were J. Kerti, J. Harkins and M. Conway 2 goals each and 1 goal each by J. Salada, P. Harkins, J. Gahan and R. Howe. For J. Gahan and R. Howe, it was their first goals of the season. They wanted to prove to the coach that they could do it when the team needed it.

Saturday, November 8th

St. Ignatius 5 Notre Dame 2-

On Saturday, November 8th the St. Ignatius intermediates meet one of their toughest opponents, the Notre Dame (New Hyde Park) team. The St. Ignatius team found themselves behind by

and have more money for your retirement, too.

If you're working and not covered by a pension program, there is now a tax-favored way for you to build your own retirement fund.

You can defer Federal income taxes each year on up to 15% of your income or \$1,500, whichever is less, by putting this income to work to set up your own retirement fund.

Think about that! You can purchase your own retirement plan with money you deduct on your income tax. You won't be subject to tax until years from now after retirement, when your tax bracket probably will be lower.

So if you're not scheduled to get a pension, call me and we'll arrange one.

METHODIST YOUTH travel to Canaan, Connecticut to present "Natural High" a folk musical about God's son to an ecumenical youth rally next Sunday November 16. This cast, together since last January, has presented "Natural High" to various churches on Long Island under the direction of Rev. Albert Miller of the United Methodist Church of Hicksville. The production cast of twenty-four range in age from ninth grade to college age.

Pastor Miller says, "It's a joy to associate with such a hard working group of young people with such obvious sensitivity and personal faith. It makes their highly talented musical abilities catch fire. I'm overjoyed that so many adults and youth have been deeply moved by their enthusiastic presentation."

"Natural High" a lively folk musical written by Ralph Carmichael and Kurt Kaiser has been warmly received by 2000 adults and youth on Long Island.

"Wetsons To Nathans To Conversions"

Nathan's Famous, Inc., has announced the completion of the acquisition of over 80 percent of the stock of Wetson's Corporation. Wetson's, with 29 company-owned restaurants located throughout the greater metropolitan area — New York, New Jersey and Connecticut — has become a subsidiary of Nathan's Famous, Inc. This acquisition followed confirmation by the United States District Court for the Southern District of New York of a plan of arrangement with the creditors of Wetson's which had filed a petition for arrangement under Chapter XI of the Federal Bankruptcy Act.

Murray Handwerker, President and Chairman of the

Board of Nathan's Famous, said that over a period of time the Wetson's units will be converted to compact Nathan's restaurants, featuring the world-famous government inspected all-beef hot dogs, french fries, and other menu items that Nathan's has been famous for since 1916.

The acquisition of the Wetson's units and their conversion to Nathan's restaurants will more than double the number of Nathan's outlets in the metropolitan area. Nathan's currently operates 16 company-owned units.

Mr. Handwerker said a store-by-store conversion plan has been set in motion and construction work will start immediately.

No Fee Increase At Tobay Rinks

Oyster Bay Town Supervisor John W. Burke this week announced that admission fees for public skating sessions at the Town's three rinks — Bethpage, Syosset-Woodbury and Marjorie R. Post (Massapequa) Community Parks — will reflect no increase over last year's rates.

"I am pleased to announce that general admission fees for all public sessions will again be \$.75," Burke stated. "In an economy where prices on everything seem to be rising, I

am happy that the Town has been able to hold the line on these rates."

Burke also announced that schedules of public skating sessions at each of the Town rinks are now available. They can be obtained at your local library, at the rinks or by calling the Department of Parks and Recreation at 433-8810.

The ice skating season will begin on Friday, November 21 at all of the rinks and continue through the middle of March, 1976.

META MEARES RETIRES: Mr. Irwin Rozran, Assistant Superintendent of Schools, presents Meta Meares, Director of Cafeteria, a plaque in acknowledgment for her dedicated services to the students of Hicksville. Mr. William Becker, Mrs. Rosemary Walsh and Mr. Richard Weigang, members of the school family, were also on hand to wish her well.

Voting Guide Published

The New York Public Interest Research Group, Inc. (NYPIRG) today released a guide to the voting records of Senators and Assemblypersons on more than 30 key issues during the last legislative session. "The most important way in which citizens can review their legislators' actions," the guide states, "is by checking their voting records."

The guide lists key consumer, environmental, and government operations votes as well as important bills in other areas. Every individual legislator's vote is recorded, and the vote is totaled by party in each house.

Along with the vote totals there is a brief description of some of the most important measures voted on this session. Among the bills described are ones dealing with Big Mac, prescription drug advertising, legal insurance, malpractice insurance, the ERA, UDC, the SST Ban and the Wild Rivers Act.

NYPIRG summed up the 1975 legislative session in the following way: "There was much environmental legislation passes, but few important consumer bills became law, and legislation passed for the aged was mainly token. Although there was much discussion about political reform, the bills were almost ignored when crucial voting decisions were made."

The 12-page NYPIRG Voting Guide is available free of charge by sending a stamped, self-addressed envelope to NYPIRG, 5 Hickman Street, Room 410, New York, New York 10038.

The New York Public Interest Research Group, Inc. (NYPIRG) is a non-partisan, research and advocacy organization supported and directed by New York State college and university students. Last year NYPIRG completed profiles (running 16 to 24 pages) on each person in the New York State Legislature. Copies of profiles are available for \$.50 each from the above address.

LILCO News

The Long Island Lighting Company today announced that it had filed suit in federal court to require the Westinghouse Electric Corporation to fulfill its agreement to supply uranium to LILCO for use in its nuclear plants between 1977 and 1984. The suit, which was filed in United States District Court for the Eastern District of New York, also seeks monetary damages in an amount to be determined during the proceeding.

A company spokesman explained that LILCO had been advised by Westinghouse, in early September, that it would not be able to provide uranium to LILCO under the terms of the agreement. The spokesman emphasized, however, that even in the event uranium had to be purchased at the market price, it would not significantly affect the favorable economics of nuclear power for Long Island.

Appointed

Mr. Y. Takeda, Vice-President of Sankyo Seiki (America), Inc. has announced the appointment of Mr. Gene Schillinger of Hicksville to the post of National Marketing Manager of Consumer Products.

Mr. Schillinger joined Sankyo approximately a year ago as Sales Manager for the audio division. During this time and under his direction sales have escalated more than 100 per cent. Under Mr. Schillinger's leadership, Sankyo plans significant aggressive expansion in all three divisions.

It was stated that Mr. Schillinger's responsibilities will be marketing, new product developments, sales programs and advertising.

violinist; and Seymour Benstock, cellist; all members of Hofstra String Quartet. The Mozart Piano Quartet in G minor and Brahms Piano Quartet in A major will be performed.

This concert is presented by the Hicksville Library with a grant from the Nassau County Office of Cultural Development, Ralph G. Caso, county executive and John W. Maerhofer, director. All library concerts are held in the library auditorium and the public is welcome.

"George M"

The Hicksville Library will present Theatre Plus in their production of "George M" on Friday evening, December 5 at 8:30 p.m. Free tickets are available at the library and on the bookmobile.

Last year the library presented this company in "Camelot", and the community are still raving about the performance. Theatre Plus, a group based in Dix Hills was formed by Dick and Pat Meares a professional husband and wife team. Dick is the musical director, and Pat does the staging, costuming, directing, etc. The Meares felt that the Long Island area needed a musical theatre group, and Theatre Plus is their baby.

NEWS OF SAFETY

HIBERNATION FOR LAWN MOWERS

When storing your lawn mower, it's important you do it safely. Here are some tips from experts at the Outdoor Power Equipment Institute for the owners of the 40 million lawn mowers in America that will be bedded down for the cold weather.

1. Drain all gasoline out of the mower before putting it away. Store the gas in a strong, metal, clearly marked, safety-type can with a self-closing cap and keep it away from children and combustible materials.

2. Never reach into the blade to clean it unless you're sure the mower is off and the power is off. Stop the engine and disconnect or remove the spark plug before making any repairs.

3. Make sure that you store the mower in a safe place where children and pets can't "play" with it.

4. Discuss proper servicing and maintenance needs with your dealer. Schedule a service appointment well before the spring rush.

5. Before you take the machine out again for spring mowing, make sure to read the safe operating instructions included with the mower. Make sure you relearn the controls well enough to be able to act instantly and correctly. Follow these rules and your lawn mower should be in great shape after its winter hibernation.

Consumer Protection

The U.S. Postal Service demonstrates its concern for consumers in two major areas: (1) protection of postal customers from commercial deception under the authority of the Mail Fraud Statutes; and (2) response to complaints about mail service through the Consumer Advocate's office.

The Consumer Protection Office of the Postal Service's Law Department protects consumers from commercial deception by mail through administrative

enforcement of laws prohibiting use of the mails to obtain money or property by misrepresentation.

The Consumer Advocate and his staff handle mailing problems not resolved at the postal customer's post office. Hundreds of letters and telephone calls for assistance are received weekly. In addition to responding to these complaints, the Consumer Advocate analyses them so attention can be focused on specific types of mail, certain cities

and or geographic areas which appear to be the source of an unusual number of problems. In this way corrective action can be taken by postal managers.
