Court Ruling On Hicksville Parcel Upheld

The Appellate division upheld a ruling by Nassau Supreme Court Justice Edwin R. Lynde that the residence "D" (1 per 7,000 sq. ft.) zoning of a parcel of land on the north side of West John Street approximately 100 feet east of the intersection with Kuhl Avenue, is unconstitutional.

A suit against the Town

regarding the zoning of the property was instituted by Fred Unser after the Town Board, in November, 1973, denied an application for a change of zone to business "F" (neighborhood Business); the owner, at the time of Lynde's ruling, was reputed to be under contract to sell the property to an adjoining restaurant pending his success in seeking the

rezoning.

Nothing commercial and industrial development in the area, Justice Lynde, in his 5-page December, 1974 decision, ruled that "although not totally unadaptable for residential use... development of the subject premises for Business 'F' purposes would not alter the essential character of the locality."

Board Adopts Title IX Policy

At its meeting of November 25, the Hicksville Board of Education adopted the following statement and made it part of official District policy:

"The Hicksville School District will adhere to Title IX regulations as set forth by the Department of Health, Education, and Welfare. The Hicksville School District does not discriminate on the basis of sex in educational activities and employment practices."

This action was taken in accordance with the dictates of Title IX of the Federal Regulations implementing the educational amendments of 1972, prohibiting sex discrimination in education. At the same time, the Board designated Assistant Superintendent Erwin Rozran to coordinate the efforts of the Hicksville Union Free School District to comply with and carry out the provisions of Title IX.

Intern Program Established

New York State Senator John R. Dunne (R-Garden City) has established a Student Intern Program for high school students of the Sixth Senatorial District.

Senator Dunne said the purpose of this program is "to provide a valuable educational opportunity for students by allowing them to participate firsthand in the New York State legislative process."

Senator Dunne is writing to principals of each of the high schools in the district asking them to select either one or two students for the program. Each student will spend two days in the State Capital during the legislative session, "participating directly in the legislative process by attending committee meetings, examining legislation, visiting with State officials and the like," according to Senator Dunne. All expenses of the students will be paid.

To assist with the establishment and implementation of the

program, Senator Dunne has formed an Intern Advisory Committee comprised of six members who are involved in the educational process. They are:

Hon. Julius R. Lippman of New Hyde Park, retired Nassau County District Court Judge;

Dr. Anthony Bonanno of Garden City, Principal of Calhoun High School in Merrick;

William Heston of Garden City, Executive Director of the Long Island Regional Advisory Council on Higher Education;

Gerald Dolan of Garden City, social studies teacher at Garden City High School;

Mrs. Eileen Fanning of Levittown, who has been active for many years in the Levittown PTA;

Mary Porter of Franklin Square, a political science major at C.W. Post College.

The program will begin in late January and continue throughout the 1976 session of the New York State Legislature.

PLANNING A BALL: Long Island builder and developer, (seated 2nd fr. right) Abraham Shames (Belthage), Chairman of the 1976 Heart Fund Ball, gets the ball rolling with Committee members: (Seated left) Mrs. Edward J. Speno (East Meadow); (seated right) Joseph D. Massey (W. Hempstead),

Campbell (W. Hempstead), Executive Vice-President of National Bank of North America. Proceeds from the Ball will be used by the American Heart Association, Nassau Chapter, to help provide the funds necessary to ensure continuity in the search for the causes and controls of the cardiovascular diseases.

At The Board of Supervisors Meeting

By Marcia Yeates

A coat-throwing incident at the Monday Board of Supervisors meeting prompted the Board to adopt a new procedure at its weekly sessions. At present, citizens with requests, comments or complaints are permitted to bring them before the Board after the regular agenda has been completed. A five minute time limit was recently introduced due to the lengthy harangues by consistent critics.

But after Monday's angry outburst, the Board decided that beginning in January, only two of the supervisors, on a rotating basis, will remain after the regular Board meeting to hear the complaints and comments from citizens.

On Monday, Walter Sterling of Woodmere, who almost never misses a Board meeting and always appears with a shopping list of complaints, became angered at Hempstead Presiding Supervisor Francis Purcell. He decried Purcell's failure to call him to speak at the County Budget hearing the previous week until after he had left the hearing room. Purcell stated that he hadn't seen Sterling leave. "You mean you didn't see me in this bright orange jacket?" shouted Sterling, taking off the jacket and tossing it over the heads of the clerk and onto Purcell's desk where it rested for the remainder of Sterling's harangue. Purcell walked off,

commenting, "I don't have to stay here for this." He was followed by all the other supervisors, except Hannah Komanoff and County Executive Caso, who remained until Sterling had concluded his remarks.

Prior to the Sterling incident, County Executive Caso had become increasingly annoyed at criticisms by two other perennial Board critics, Dr. Ralph Sorley of Rockville Centre and Richard Kessel of Merrick.

Sorley called for an investigation into conflicts of interest on hospital Boards of Directors. And he recommended that the County Budget be reduced by cuts in the number of public relations personnel. Caso defended their numbers, calling them "public information officers."

Kessel objected to the appointment of James Catterson as the new County Attorney. Caso defended his appointment calling him highly qualified.

Earlier, Kessel had objected to the appointment by the Board of Dr. George Roukis as Director of the Office of Manpower Programs at a salary \$5,000 higher than his predecessor. Roukis will have two Deputy Directors. Hempstead Supervisor Alfonso D'Amato defended the raise in salary, pointing out that the new Director has already saved the County some \$162,000.

"Con Men Active During Holidays"

Denis Dillon, District Attorney of Nassau County warns that, as the holiday shopping season approaches and holiday club checks are cashed, con men will be playing their trade in stores and shopping centers.

The District Attorney said that his Commercial Frauds Bureau has reports of a scheme presently operating in Nassau which has victimized shoppers and small store owners within the past weeks.

Dillon said "It is a clever form of the 'envelope switch'. The con man or woman will be seen attempting to stuff a large sheaf of one dollar bills into a small greeting card envelope.

"As the victim begins to show some interest, or sympathy at the impossibility of the task, the con man will smile disarmingly and explain that he is sending off a

Christmas gift to his favorite nephew.

"The con artist then asks the victim if he has \$100 in large bills. When the helpful victim offers two fifty dollar bills or five twenties, the con man slides the large bills into the envelope and gives the victim the pile of singles telling him to count them carefully because there might not be exactly one hundred.

"Invariably, the singles will total ninety-seven or ninety-eight dollars. The con man will immediately return the greeting card envelope to the victim, retrieve his shorted stack of singles and ask the victim to wait while he goes off to ask his wife for the missing two or three dollars.

"Naturally, the con man never returns and the victim soon discovers that the envelope contains nothing but cut

newspapers." Dillon said "The scheme is very simple and can be worked by one man", which is the reason for its popularity among con men.

A more complicated "money switch" which usually revolves around a "lucky find" of a large sum of money, requires the joint effort of two or more swindlers generally of different racial or ethnic backgrounds. In this scheme the victim, usually an elderly person, is approached by one of his "own kind" and is persuaded to trust one con man and distrust his partner.

District Attorney Dillon advises that anyone who thinks he has been, or is about to become the victim of a switch should immediately call the District Attorney's Commercial Frauds Bureau at 535-3340, or the nearest police precinct.

Dear Friends...

WE HAVE A FILLER which suggests that you "Read The Legals"... and we must admit that we didn't take our own advice in our issue of Nov. 13th, for that was where the legal for the POB School District Special Referendum appeared. Sorry for we missed bringing you registration dates in this.

THIS REFERENDUM will take place this Wed., Dec. 17th... and all details appear on Page One of the Plainview Edition of THE HERALD. Also, there will be an hour (between 7:30 p.m. and 8:30 p.m.) at the regular School Board meeting set for this Monday, Dec. 15th, when Board Members and representatives of the YMHA, will answer questions, if you have any.

We are definitely in favor of this sale as the programs available to all in the community, which will be offered by the YMHA, will help to serve the needs of the Plainview-Old Bethpage area.

What to do with empty school buildings is a problem which besets many districts in this time of declining school populations. This proposed sale seems to us to be a solution to this problem, at least for this one location. Don't forget to vote on Wednesday.

U.S. Senator Jacob K. Javitz tells us that on the 25th of Nov. the New York City Metropolitan Transportation Authority has received a \$5,315,716 supplemental grant from the U.S. Dept. of Transportation, "to help meet a higher than anticipated cost for 30 miles of track rehabilitation on the Long Island Railroad". Also, the State of N.Y. Dept. of Transportation will provide 20 percent of the total project cost, he says. This is "good and bad" news, in our opinion. We're glad to hear that the tracks are being kept in shape...and we're sorry to hear that more money is necessary to do this job...mostly because, no matter where the money comes from...it really comes from the pockets of those of us who are working for a living.

THAT'S ALL for this week...Stay well....remember to mail as early as possible.

because of his expertise. The County will collect the money in federal funds.

The Board also heard from Dr. Harvey Roth of Suffolk, who outlined ways for the county to cut medical costs, including prescribing of generic drugs in County hospitals.

Gilbert Evans, president of the Hausch Manor Civic Association in Roosevelt, asked the Board to

do something about the exploitation by builders of the one-mile-square community. Evans charged that homes are being built for the express purpose of renting to welfare clients, with landlords collecting hundreds of dollars each month by crowding in tenants. He complained about the overcrowding in the Roosevelt High School and asked the Board to help "give some relief" to the problems in Roosevelt.

Jazz Concert

The Nassau Community College jazz ensemble and jazz workshop directed by Prof. Donald Gephart will play "big band" and small group jazz-rock from the Swing Era at a concert on Tuesday, December 16, at 8 p.m. in the South Student Center Ballroom on the Stewart Ave. campus.

The Time Machine

Chapter 3 of the FLASH GORDON series, and a journey ahead in time in THE TIME MACHINE, are the free movies scheduled for children on Saturday afternoon, December 13th, at 2 o'clock at the Hicksville Public Library.

Letters To The Editor

Dear Mrs. Noeth:

Re your editorial of Dec. 4 on the unfortunate incident whereby a Hicksville Junior High School youngster was assaulted by a teacher, you ended with a question: "Is there any Board policy regarding such incidents?"

The answer is yes. I know since 10 years ago I was instrumental, as a Board member, in having the Board approve policy clearly disapproving corporal punishment. The Board policy book, I'm sure, will contain the specific policy statement relating to our schools' approach toward discipline.

I was amazed to read your comment that Letters to the Editor have names deleted "for obvious reasons." It's more than sad that parents have to hide their identity when expressing their outrage at the pusillanimous action taken by the majority of the Board members. I shudder to think that parents are afraid of reprisals by teachers and other school personnel if they strongly disapprove of actions taken in schools. While I sincerely believe the overwhelming majority of teachers and administrators know the difference between necessary discipline and abject cruelty, the speaking out on this issue by the HCTA would do much to alleviate community concern. Once due process is served, it's not too much to expect a teacher association to purge itself of a "rotten apple."

Mrs. Wolfson, Mr. Ayres, and Mr. Bruno should be commended for properly serving the children of Hicksville; as to the other four trustees, let's hope their children are forever safe.

Sincerely,
Marvin Goldberg
Hicksville, N.Y.

Dear Mrs. Noeth:

First the good news. The New York State Assembly has overwhelmingly passed a bill that would merge next year's two scheduled primaries into a single primary to be held on May 4. The present law calls for a Presidential primary to be held in April and a separate primary for other offices to be held in September. By merging the two primaries into one, the Assembly bill would save the taxpayers of our State an estimated \$10 million. I was especially happy to see our own Assemblyman Yevoli in the forefront of the fight for this boon to the taxpayer.

Now for the bad news. It's still politics as usual in the New York State Senate, which has absolutely no intention of allowing the Assembly bill to become law. \$10 million of our hard-earned tax dollars will literally be thrown away for no apparent reason.

Why are Senator Marino and other local Senators content to silently follow the Senate leadership in killing this bill? Senator Marino gives lip service to fiscal conservatism and professes deep concern for the financial plight of his constituents, but he stands idly by while your dollars and mine are sacrificed on the dubious altar of political expedience.

In last month's election, Nassau Republicans asked the voters to "give the old one-two to expensive Government" by voting against the proposed Nassau County Legislature. Only a month later, Senator Marino and his colleagues are now delivering the taxpayer a knock-out punch their own in the form of a \$10 million dollar primary that we neither want nor need. It's high time that our esteemed Senators realized that we no longer can afford such expensive political gamesmanship.

Very truly yours,
Michael Polansky

To the Editor:

The Victorian Era has always been a popular theme on Christmas cards. Oyster Bay

Town residents will shortly be able to enjoy a "live" Victorian Christmas card at historic Raynham Hall in the hamlet of Oyster Bay.

Each year, the friends of Raynham Hall decorate a large Christmas tree located in the Victorian dining room in the manner of that era. The tree is decorated with traditional cookies in the shape of stars, cornucopia, colorful paper chains, walnut shells, and waxed candles. Another Victorian tradition are the thirty-three red and white roses placed on the tree representing the thirty-three years of Christ's life.

As in past years, the Town Board has authorized waiving the admission charge on Saturday, December 27, and Sunday, December 28, for the annual Christmas Open House.

Raynham Hall had a significant role in the American Revolution. The home of Samuel Townsend and his family, this 18th Century house became the headquarters of Lieutenant Col. Simcoe of the Queens Rangers during the British occupation following the Battle of Long Island. Unbeknown to the British "guests," Samuel Townsend's son, Robert, was General Washington's chief intelligence officer in New York under the code name "Gulper, Jr." It was Robert's sister, Sally, who overheard conversation between Col. Simcoe and Major John Andre that led to the disclosure of the Benedict Arnold-Andre plot to surrender West Point to the British.

The Town of Oyster Bay has restored and maintained Raynham Hall as an historic site and it has been furnished with authentic 18th Century and Victorian furnishings by The Friends of Raynham Hall. A visit to this historic house during the holiday season is well worthwhile. Follow Route 106 into Oyster Bay where it becomes South Street and turn left at West Main Street (the second light). Raynham Hall is on the right.

Supervisor, TOB

To the Consumers of the Hicksville Water District:

In 1945, after Bond Issues were repaid for Capital Improvements and water main extensions, the water rate was decreased from 45 cents per thousand gallons to 30 cents per thousand gallons. Through responsible planning and prudence in operation, this rate has been maintained for 30 years.

We now find that it is impossible to continue serving our Consumers at this rate. Our electrical and chemical bills have more than doubled. Requirements for analytical analysis including Bacteriological and Chemical sampling have been increased due to current Criteria as directed by the New York State Department of Health at greater cost to the District.

We have installed new methods of Chemical treatment and standby equipment as outlined by the New York State Department of Health. In addition, we are one of the first Districts on Long Island to install triple safety systems to monitor our automatic equipment.

The facilities of the District have been enlarged tremendously in the past few years without having to borrow by Bond Issue or other means of financing at a great savings to our Consumers.

The District has been notified that sewer and drainage projects proposed for our area will commence early in 1976. This will be a costly project for the Water District too, we will in many instances be required to relocate our water mains and replace or repair individual services to our Consumers. For the protection of our Consumers, we will have to have at least one inspector on the

job site at each location during the installation of drainage and sewer installations.

We reluctantly must, therefore, increase our rates to the same as in 1945, 45 cents per thousand gallons beginning with the first billing period in 1976.

Very truly yours,
Hicksville Water District

Dear Sheila,

I offer my sincere thanks for your editorial support of my reelection to office.

Knowing that you have always watched closely the Town efforts on behalf of its many communities, it gave me a great deal of personal satisfaction to receive your endorsement. In the future I intend to continue working in behalf of our residents and thus prove myself worthy of the trust you advocated the voters place in my hands.

Thanksgiving at Dutch Lane

On Wednesday, November 26, Mrs. Liban's second grade celebrated the First Thanksgiving in their classroom.

The children read original stories entitled "I am a Pilgrim child." They acted in a play called "Who are you?" in which they told the story of the Pilgrims trip on the Mayflower and the reasons for having the First Thanksgiving. Several songs appropriate for the holiday were sung.

Culminating the festivities parents brought food typical of what was eaten on the First Thanksgiving.

Dressed as Pilgrims and Indians, the children and their teacher and several parents

partook of turkey, corn, carrot and celery sticks, sweet potato

pie, stuffing, pumpkin and apple pie for dessert.

Hicksville Library News

In the Hicksville Library lobby a bit of nostalgia is on view in this holiday season. Joan Amundson, a local resident has graciously loaned us her character doll collection to be seen by all the community.

The 56 dolls on display include such famous names of "old as the Roosevelts" (Franklin and

Eleanor) to the Dionne quintuplets. The names of today's heroes in miniature, range from the "Beatles" to Joe Namath. This most interesting exhibit will remain at the library through the month of December. Come with some youngsters and find out how little (or how much) they know of the by gone days of "our" youth.

Cooking With Cordials

Have fun "Cooking With Cordials" after a free lesson at the Plainview-Old Bethpage Library, Old Country Road, Plainview. The entire community is invited to hear Ms. Rosalie

Soccer Club News

The traveling teams schedule has closed out as the Intramurals ground to a late fall halt. At the half way mark in intramural play, there are mid season standings to report.

PeeWee Division

- | | |
|-------------------|-------------|
| 1. Delaware | 6. Galilei |
| 2. Flying Tigers | 7. Maryland |
| 3. Terriers | 8. Georgia |
| 4. Massachusettes | |
| 5. Connecticut | |

In the Bantam Division, the final games that produced the season standings went this way. S. Carolina defeated N. Carolina 5 - 1 on scores by C. Soto (4) and D. Riek (1), assisted by N. Lavocca. The S. Carolina victory was supported by outstanding defensive work by S. Greenspan and R. Diffley. N. Carolina's C. Bartkus scored on an assist by G. Condrion while J. Baggett pressed from defense.

New York took New Jersey 2 - 1 in a close contest as Robert scored twice for the victors. Abbattiello made the single goal for N. Jersey on an assist by M. Lagnese. Defensemen W. Coakley and R. Karlewicz handled New Jersey's backfield assignments. F. Cicio contained the attack mounted by N. Jersey for his New York team.

New Hampshire and Pennsylvania tied 1 - 1 with complimentary scores by M. Ficolare and M. Masters. The final results produced these standings:

- | East | West |
|-------------------|-------------------|
| 1. New Hampshire | 1. New York |
| 2. New Jersey | 1. Tigers |
| 2. Minutemen | 2. Pennsylvania |
| 3. California | 2. North Carolina |
| 3. South Carolina | 3. Marco Polo |
| 4. Bull Dogs | |

The Midgets haven't quite finished their season, but they struggled almost down to the wire as Rhode Island beat Indiana 2 - 0. The defensive efforts of W. Dempsey & J. Decker were unavailing in the face of Rhode Island's attack by R. Stengle and C. Holzhauf.

Virginia tied Island Trees as J. DeMarco, A. Lombardi & S. Drury dominated play for Virginia.

Another tie 2 - 2 resulted as Alabama's F. Grusso scored twice on assists by S. Thompson and M. Meyer against the Lions.

Kentucky lost to the Celtics 2 - 1. J. Shakato scored once on an assist by W. Lewis. Tye Celtics were contained by the defensive work of P. Cattano and D. Rubin.

Later in the weekend, Virginia played the Lions to a 1 - 1 tie as J. Mejia led the team in an outstanding display. B. Hastings scored for Virginia, as Jimmy and John DeMarco took care of the backfield, together with A. Lombardi.

Alabama swept Indiana 2 - 0 on scores by R. Gross and F. Grusso, ably assisted by M. Meyer and W. Stuart. Maintaining the shut out were C. Rubin, A. Rokito and E. Milacek. J. Decker and S. Bell kept the game within reasonable standards with more than competent play for Indiana.

Final standings in the Midget Division and the Girls Division next week.

Sunday night's coaches game against East Meadow was a real "cliff hanger" with the game ending in a 2 - 2 tie. Goals for Hicksville were booted by John Kerti who headed in a corner kick by H. Zaretsky, and a penalty kick by F. Schnur.

Our excellent defense was directed by Harry Habersaat at CFB, ably assisted by Phil Muller and Billy Cressham, player-coach, from their mid-field and fullback positions. Our strikers handled their positions admirably. Michele Sini, Jimmy DeMarco and "Dr. Stan" Greenberg had many shots on goal, only to have them stopped by the competent East Meadow goalie. Many thanks to Mr. A. BeMarco for giving his time to referee this game.

Announcements - Last coaches game of the season next Sunday, Dec. 14 at Cantiague Park - 7 P.M. against Island Trees.

Congratulations to Peter and Annie Collins on the birth of their daughter on Dec. 9th. Elizabeth Ann weighed in at 8 lbs 11 ounces.

Heart Association Suggestions May Help You

If your car gets stuck on ice or snow this winter, don't attempt to push it out. The American Heart Association, Nassau Chapter, warns that the sudden, strenuous effort involved in pushing a car can put a strain on the heart.

Instead of pushing the car, try keeping a light pressure on the accelerator while shifting rhythmically between reverse and first gear, gently rocking the car back and forth. Check your owner's manual for the proper way to rock your car. If after rocking for a minute or so, you are still stuck, call a tow truck instead of trying to push the car out yourself.

Of course the best way to avoid getting stuck in snow is to be

prepared. Here are some practical suggestions:

- Park six inches away from the curb when parking on ice or snow. This gives you room to maneuver.
- Carry a shovel, set of chains, and a bag of sand or ashes in the trunk of your car.
- If your car is light, put 100-150 pounds of weight in the trunk of the car for added traction.
- Check the tread on your snow tires. With normal driving, snow tires should be replaced every two years.

By taking these precautions you may be able to avoid getting stuck in snow, but few car owners

will be able to avoid the job of shoveling out a snow-covered car or driveway.

If you have heart disease, do not shovel snow unless you have your doctor's approval. Snow shoveling is strenuous exercise. Anyone over 40 should be sensible about tackling the job, pace themselves, and rest frequently.

For more information about your heart, see your doctor. For more information about heart disease, contact the American Heart Association, Nassau Chapter, 365 Willis Avenue, Mineola, NY 11501, or call (516) 741-5522.

Pack 293 Cub Scout News

By Jeanne Morgan

At our December 4 Pack Meeting Jimmy Mills and Stephen Lohmeier graduated into Webelos. Congratulations Boys. The Honor Den this month was Den No. 3.

Our Pack Meeting was a very exciting one because... suddenly who to our wonderful eyes should appear but good ol' Saint Nick (minus reindeer). Santa opened his pack and had presents for all the Cub's younger brothers and sisters and grab bag gifts for the Cub's. It was a very happy time and Pack 293 joins Santa in wishing one and all a very Merry Christmas.

Our next Pack Meeting will be January 8, 1976. We have many plans for the new year. The Long Island Lighting Company is scheduled to present a program at our Jan. pack meeting. February is our annual Blue and Gold dinner celebrating the anniversary of Cub Scouting. Also scheduled in '76 are ice skating, Skits put on by the Cub's, the Pinewood Derby, the Webelos Olympics, the Webelos Overnighter the Moonlight Bowl (for parents) and many more fun-

filled events for the Cub's.

Dec. 21 the boys will meet at the United Methodist Church and go caroling. This is an enjoyable time for all concerned and a nice way to spread the Christmas spirit.

If your son is 4 years old or has completed the second grade and would like to be a Cub Scout, we have room in Pack 293 for more boys. Call Dan Davidson 796-8426, Jim Mills 796-7240 or Jeanne Morgan 433-2642.

Philadelphia Or Bust

To coincide with the Bicentennial Celebration, the 4th and 5th grades at Woodland Avenue School are planning a forthcoming trip, June 2, 1976, to our country's birthplace - Philadelphia, Pa.

Their itinerary includes visits to the Franklin Museum, Liberty Bell, Betsy Ross' house, Carpenters Hall and Elfreth Hall (an authentic colonial street).

The children are planning several fund-raising efforts in order to finance their trip. There will be several candy sales, collections of paper and aluminum for recycling, and some enterprising 4th graders will rake, leaves, clean garages, etc. in order to raise money.

Parents - We hope you forget your diets - buy candy and support our children's efforts.

GOP Party

(The hall is situated south of the Firestone Store and north of the H.I.P. Building). Refreshments will be served.

The annual Christmas Party of the Ernest F. Francke Republican Club will be held at this meeting. There will be live music, songs, carols, and other items of entertainment. A feature of the party will be an exchange of gifts, via a special "Grab Bag" for the women, and also one for the men. All those wishing to participate in the "grab bag" are requested to bring a gift costing no more than \$1.00. (Women to bring gifts for women and men to bring gifts for men.)

Around Town

Tommy Morgan of 50 Fordham Rd., HICKSVILLE, celebrated his 7th birthday on Dec. 12. Happy Birthday, Tommy.

Birthday greetings go to Georgette Rossetti, granddaughter of Mary Georgeson of HICKSVILLE. She celebrated her birthday on Dec. 12.

How to reduce your current Federal income tax...

...and have more money for your retirement, too.

If you're working and not covered by a pension program, there is now a tax-favored way for you to build your own retirement fund.

You can defer Federal income taxes each year on up to 15% of your income or \$1,500, whichever is less, by putting this income to work to set up your own retirement fund.

Think about that! You can purchase your own retirement plan with money you deduct on your income tax. You won't be subject to tax until years from now after retirement, when your tax bracket probably will be lower.

So if you're not scheduled to get a pension, call me and we'll arrange one.

'Fade Away' Your Gray

Time-lapse photographs show how gradual action of Grecian Formula 16 lets him control just how much gray he slowly gets rid of—some of it or all of it.

WHITE PLAINS, N.Y.—Thousands of men all over the country are discovering they don't have to dye their hair a solid dark color to look years younger. Grecian Formula 16 is not a dark messy dye. It is a colorless liquid as easy to use as hair tonic. Used every day, the gray slowly 'fades away' and is replaced by natural-looking color. The change occurs so

slowly over a period of time even closest associates don't notice it happening. The user has complete control of just how much gray he slowly gets rid of—some of it or all of it. Once the desired results are obtained weekly use thereafter is all that's necessary. The hair definitely does not have a dyed look. Get Grecian Formula 16 today at

THE FAMILY LAWYER

Name In Vain

"I urge you to veto the welfare bill."

So said a telegram sent to the governor, supposedly from a concerned citizen by the name of Watson. But in fact, Watson had nothing to do with the telegram. It had been sent by a local manufacturing firm, which had simply picked his name out of the telephone book.

Watson later found out about the telegram, and filed a damage suit against the company "for taking my name in vain." And a court ruled that he did indeed have good grounds for complaint. The court said:

"(The company) appropriated, without the plaintiff's consent, his name, his personality, and whatever influence he may have possessed. This they had no right to do."

This case illustrates the growing recognition of the right of privacy as a legal doctrine. Often called "the right to be let alone," it has already been applied in a wide variety of situations.

Another example arose when an obstetrician, summoned to a woman's home to deliver her baby, brought a young man into the bedroom with him.

The woman assumed that the stranger was some sort of medical aide. Only afterward did she learn that he was merely a personal friend of the doctor. She sued for an intrusion on her privacy, and the court upheld her claim.

Of course, the right of privacy is not unlimited. It must be reconciled with other rights with which it may conflict. Thus:

A man who was mugged on a downtown street objected to the publicity that appeared in the local press. He argued in a court hearing that, as a private individual who had done no wrong, he was entitled to the shelter of the privacy doctrine.

But the court pointed out that whether he liked it or not, he was "newsworthy"—a legitimate object of public interest. The right of privacy, said the court, did not outweigh the freedom of the press guaranteed by the Constitution.

DEVOTIONS

By Rev. J.H. Krahn

I AM THE BIBLE

I am the Bible. You know me well - at least you know about me. I come in a variety of shapes and sizes. Most of you own a copy of me having received me as a present for Confirmation. Your presidents and elected officials rest a hand upon me when they take the solemn oath of office. I was with your astronauts when they rendezvoused in outer space. Generally you can find a copy of me in most motels and hotels throughout the land. I have accompanied brides down the aisle and the dead into their graves.

What troubles me is that although I still enjoy a "Best Seller" status, I may be the most bought least read book in history. As I mentioned when I began, you know more about me than you actually know me. I am not as widely read or correctly understood as I deserve to be. I have what you might call a "Relic Complex." People use me much the way they use a good luck charm. But the paper and ink of which I'm comprised is no

more holy than that of the telephone directory. My message is what's important. To read me is to discover my value. You can trust my words for God took an active part in making me trustworthy. I have even become a legend in your time. But I want to be more than a legend. I want you to know me for the living word that I contain.

People, it seems, will do anything for me except the one thing needful. They will fight and defend me. Purchase and display me. Argue over me. Translate and circulate me. The one thing they do not do as they ought is pick me up and read me. How I long to feel the warmth of your hands on my cover and the eager searching of your eyes over my pages. I don't mind if an occasional tear moistens me as you are moved by the Father's mighty acts. When you have difficulty understanding parts of me, don't despair, read on for a blessing awaits you on another page.

I'm not to be read only by the kids and grannies. Someone let the cat out of the bag just the

other day when he said, "Grandma reads her Bible every day now. She's cramming for her finals." I have something to say to you at every stage in your life both individually and collectively. Only the fool turns his back and forgets about me.

You don't need a degree in theology to understand me. Just a ready and willing heart. Start by giving me as much time as you give the Sunday paper. Perhaps you want to start with my gospel of Mark or Paul's letter to the Ephesians. Ask God to give you a receptive mind. Let me speak to you. When you come to something that seems to be talking directly to you, stop and meditate upon that thought. Invite it into your life. Thank God for it... even if it makes you squirm. Share it with someone else.

I am your Bible. I point beyond myself to Jesus - the Word that lives. I will not fail you, for He has not failed you. Try me and see. The Christ proclaimed through my pages is awaiting you.
