PEOPLE IN THE NEWS: Kudos to County Exec Ralph Caso and County Controller M. Hallsted Christ, who each gave 4 percent of their 1975 salaries back to the County, as a gesture of goodwill. This is really setting a good example, and it would be great if all County employees earning over \$15,000 a year did the same. Perhaps this would help to save other county employees' jobs, who knows? Dr. Samuel D. Sherrid, now the director of the College Accelerated Program for Police at NY Institute of Tech, will be honored by the Long Island area of the National Conference of Christian and Jews at a dinner on Thursday, Feb. 26 at Antun's Restaurant in Queens Village. Among those serving on the dinner committee is Dep. Comm. Francis B. Looney. For more information call 437-1838. James B. Torney, Jr. M.D. has been appointed Director of Obstetric and Gynecology at Mercy Hospital, among those recently honored for many years of service to the Nassau County Dept. of Rec. and Parks, were Joseph Ferrante of Levittown, William Baumgartner of East Meadow, Ray Borquez of Hempstead, Frank Piscitelli of Westbury all of whom received 20 year pins, and John Simeone of Westbury and Donald Brace of Levittown who received 25 year pins. HERE AND THERE: The Lighthouse, the NY Association for the Blind, served 5,838 blind and visually handicapped individuals during fiscal 1975 at a cost of \$9,411,029, or \$1.612 per person. This was an increase in client load of 22 percent over the previous year. More than \$500,000 in Federal aid for 22 Long Island highway safety projects was disbursed during 1975 by the NY State Interdepartmental Traffic Safety Committee, Chairman James P. Melton, State Motor Vehicle Commissioner announced recently. The Metropolitan Suburban Bus Authority has a bi-lingual information agent in their Hempstead Terminal to aid commuters with travel problems. The agent, Mr. Hector Rivera, who speaks fluent Spanish, serves as an adjunct to MSBA's regular established team of Bus Information agents who can be reached at (516) 626-3000. He is available from 9:00 a.m. to 5:15 p.m. at Hempstead Terminal for the immediate convenience of passengers who seek fare, route or schedule information. Mr. Rivera has a background of transportation, having been associated with a taxi cab company in the past, so there is little he doesn't know about the roads and routes in Nassau County. Stop by and see him if you have any transportation problems.

THAT'S ALL FOR THIS WEEK. Stay well and remember the old saying, "My Country, may she always be right. But, right or wrong...MY COUNTRY."

CPES Advocates Reform

NY State Highest In Cost Per Pupil

Albany, N.Y. — New York State is the first state in the nation to break the \$2,000 mark in state spending per pupil in elementary and secondary schools according to Citizens Public Expenditure Survey, Inc. (CPES).

CPES is the statewide taxpayer research organization based in Albany, New York.

A spokesman for CPES said today that the latest figures emanating from the National Education Association show that New York State spent \$2,005 per pupil in average daily attendance during 1974-75. Thus, New York becomes the first state in the country to break the \$2,000 mark in spending.

The Survey spokesman pointed out that the new spending figure

represents an increase of 9.6 percent over 1973-74.

He said, "The time has come for every New Yorker to sit down and ask what it is we are paying so much for in this state? Do we have the type of educational system which warrants such an extravagant expenditure? New York is far and away the largest spender for primary and secondary education, but we have literally thousands of students graduating from high schools who cannot read, spell, write a coherent sentence or do even the simplest mathematical problems.

"Pumping more and more money into the present educational system doesn't seem to have solved any problems.

Many of the learning programs initiated by the Education Department over past years have simply not worked out. It would seem that New York State has become so obsessed with giving our children the most sophisticated of programs that the State has lost sight of the basics altogether. Most testimony to that is the fact that the remedial reading industry is booming in New York State."

The CPES spokesman concluded by saying that perhaps the State should consider dumping unproductive educational programs and attempt to establish new programs which would stress a more basic education for our youngsters.

1,000,000th Visitor At Old Bethpage

According to statistics recently made available from the Old Bethpage village restoration, the facility's millionth visitor was recorded in October, 1975.

Although the authentically restored farm community operated by the Nassau County Department of Recreation and Parks, has been open to the public only 5½ years, attendance has risen every year with the 19 percent increase in 1975 the greatest recorded when 213,737 persons visited the village.

Among the visitors are many school children who participated in the "Long Island Life" educational series at Old Beth-

page. Four separate programs — food, clothing, shelter and trade — are available to visiting school groups. By selecting one of the topics, members of a visiting class participate in an on-site, "hands-on" learning experience that may actually get them involved in everything from the preparation of food, 1850 style, to having a try at quilting and farming. During the 1974/75 school year, a record number of 58,000 children visited the restoration with their teachers for a trip back in time.

Growing interest in the village, reflected in attendance statistics, is due in part to people becoming

more aware of their heritage as well as a desire to contrast 20th century fast-paced living with the slower way of life demonstrated at Old Bethpage.

The school program is available at a fixed fee per class on advance reservation. General admission for Nassau residents is \$1.75 for adults and \$1.25 for children between 5 and 17. The village is open six days a week (closed Mondays) from 10 a.m. to 4 p.m. through February and from 10 a.m. to 5 p.m. in the spring, summer and fall. For the summer months of July and August, the restoration will be open seven days a week.

Youth Debate at Sagamore Hill

"The championship rounds of the Bicentennial Youth Debates will be held at Sagamore Hill, the home of President Theodore Roosevelt, on Saturday, February 14, 1976 at 2:00 P.M. It was announced today by Brother George R. Zehnle, the Long Island Sectional Coordinator for this nationwide Bicentennial event.

"I am extremely happy at the enthusiastic response I have received from governmental leaders who have agreed to participate as Judges for the championship rounds," Brother Zehnle said. "Among those participating as Judges will be Congressman Jerome A. Amodeo, Congressman John W. Wyder, Congressman Lester Wolff, Assemblyman Joseph Margiotta, Supervisor John W. Burke,

Supervisor Michael Tully and Councilman Jerome J. Weinstein."

"All of the Judges have endorsed this project as a means to provide young Americans with a unique and exhilarating opportunity to take part in a national dialogue on our history and values as we prepare to enter the third century of our independence."

Brother George Zehnle has long experience in speech and debate activities in Nassau County and the State of New York. He is the speech coach at Chaminade High School, a school which has produced a number of state and national champions in the area of speech and debate.

The Bicentennial Youth Debates are supported by a grant from the National Endowment

for the Humanities, a federal agency formed to support research, education and public activities in the humanities.

The Long Island Sectional champions chosen on February 14, will participate in regional championships and will then go on to compete on a national level.

The topics for the event have been determined by the Speech Communication Association which is the coordinating agency for this Bicentennial program. Each participating institution will hold three events — The Lincoln-Douglas Debate, Extemporaneous Speaking and Persuasive Speaking.

For further information, please contact Brother George Zehnle at Chaminade High School.

Letters To The Editor

To the Editor:
At the time of this writing, the House of Representatives has overwhelmingly passed the Public Works - Counter-cyclical Anti-Recession Bill which could bring more than \$360,000 in federal funds to Oyster Bay for public works projects. Its fate when it is sent to the White House for the President's signature, however, is still in doubt.

The Bill (H. R. 5247) would bring immediate federal monies to local governments where the unemployment rate is greater than six percent. It is especially important to Nassau and Suffolk

because the funds would go for public works projects, and help the construction industry which has unemployment rates that are about four times higher than the area's average unemployment percentages.

While cuts in aid and inflated costs have put local governments in a position of being forced to cut spending in such areas, this bill could counterbalance the anti-recovery fiscal policies being forced on local government and would provide an immediate boost that could at least tend to combat the recession.

In telegrams sent to the Nassau

Congressional Delegation last week, I noted that the bill only appropriates funds according to unemployment figures in the area, and funds are not continued where they are not needed. This type of federal spending could lead toward recovery while minimizing its inflationary effect. While I am in agreement that federal spending must be cut to bring inflation within its proper bounds, I believe this legislation tends to offer federal spending with the safe-guard that the spending is only in areas where unemployment demonstrates that recession is the greater evil.

Dear Mrs. Noeth:

In her letter in last week's Herald, Mary Ellen Gray states that she "cannot understand" local opposition to the proposed Hippo discotheque, in light of the fact that Hippo will "give the youth of the area a place to go at night that is near home."

Ms. Gray might have understood the situation a little better if she had taken the trouble to check out her facts.

The real fact of the matter is that the promoters of Hippo do not envision a "local" establishment, but intend to draw the bulk of their trade from outside our local area. At a meeting with

How to reduce your current Federal income tax...

...and have more money for your retirement, too.

If you're working and not covered by a pension program, there is now a tax-favored way for you to build your own retirement fund.

You can defer Federal income taxes each year on up to 15% of your income or \$1,500, whichever is less, by putting this income to work to set up your own retirement fund.

Think about that! You can purchase your own retirement plan with money you deduct on your income tax. You won't be subject to tax until years from now after retirement, when your tax bracket probably will be lower.

So if you're not scheduled to get a pension, call me and we'll arrange one.

Little Known Facts About The American Revolution

By Gardener Gregory

Major Robert Rogers was the heroic leader of the successful British raid on October 1759, during the French and Indian Wars, on the Abnaki Indian village of St. Francis, Canada. This raid was in retaliation for attacks by the French and their Abnaki allies on English settlers. More than 700 English scalps hung on poles outside of the Indian lodges surrounding the Jesuit Church at St. Francis. Major Rogers had entered the

British army to avoid prosecution for counterfeiting in his native New Hampshire. When it came to scouting and fighting Indians, he had few peers.

During the American Revolution he sided with the British. He was arrested by Washington as a spy. Later the force of Queen's American Rangers he organized was routed by the Americans at the Battle of White Plains in 1776. He received no other command by the British.

Parents Effectiveness Training

Parents in the Trinity Lutheran Church of Hicksville are going to learn how to do a better job of parenting.

On Thursday, February 19 or Tuesday, February 24, the first in a series of eight three-hour classes in an Effectiveness Training for Lutherans (ETL) course will be offered at 7:30 p.m. at Trinity Lutheran Church, Hicksville.

Effectiveness Training for Lutherans is an adaptation of Parents Effectiveness Training

(P.E.T.), a course developed by Effectiveness Training Associates, of Pasadena, California. The firm is headed by Dr. Thomas Gordon, a clinical psychologist and author of several books on effectiveness training.

The ETL course at Trinity will be taught by Dr. Richard Engebrecht.

ETL is designed to help parents become more effective listeners. Basic elements of the course are:

1. Identifying the problem and determining who has it.

2. Listening for and to feelings.

3. The use of "I" rather than "you" messages.

4. Resolution of conflict through the "no-lose" method. The course is neither group therapy or sensitivity training, but rather an educational experience, according to Dr. Engebrecht. It is highly advantageous for both parents to take the ETL course, but it is not required, he said.

For more information call Trinity Lutheran Church 931-2225.

Kindergarten Registration

Kindergarten registration will be conducted in four primary schools - Pasadena, Old Bethpage, Parkway and Jamaica Avenue - commencing February 23, through March 12. Parents will receive notification by mail as to the scheduled date and time of registration for their child.

New residents who do not appear on the census rolls will not receive notification by mail and should bring their child to the primary school closest to their home for registration from February 23 through March 12.

It is suggested that parents arrange appointments for

required medical examinations NOW in order to avert delays in registration, in order to avert delays in registration. Medical forms are available from the school nurse for new residents and for parents who wish to have them in advance of the mailed kindergarten packet.

In order to be eligible for kindergarten in September, 1976, a child must be 5 years of age on or before December 31, 1975.

Any questions regarding kindergarten registration will be answered by materials that will be mailed prior to February 23 or by school personnel at the time of registration.

Woodland Ave. News

Can fourth graders earn money on their own? You'd better believe it! Especially when the results of their efforts is a trip to Philadelphia, Pennsylvania for the Bicentennial Celebration.

In order to make this trip into a multi-meaningful learning experience for her class, Miss Gloger, fourth grade teacher at Woodland, has devised several ingenious methods. The class has studied about the hard times of 1776 and the chores their children were responsible for. They compared times today and set about a plan where they would assume the responsibility for earning their own ticket money.

The class was then taught how to make bankbook ledgers. They placed a value on each extra chore that they could do at home and get reimbursed in small amounts by parents and neighbors. The many helpful jobs were: shoveling driveways, raking leaves, washing the car, helping paper boy, caring for pets, shopping at the store, drying dishes, cleaning room and several others.

Each child then carefully recorded in his ledger the dates, chores done, and amounts received. At the end of each week the amounts earned were added and the total subtracted for the cost needed for tickets. (Great arithmetic learning!)

At Burns Ave.

On Wednesday, January 28, the boys and girls of Burns Avenue School were privileged to see John Wallace of Northport ("Busto" the clown) and his Old Folk Toys program.

The program began with "Busto's" introduction of Benjamin Franklin's kite flown in 1952. This was followed by Tangrams Chinese puzzle over 2000 years old, and the Dulcimer (old Appalachian musical instrument).

The main portion of the program concerned old folk wood toys. Mr. Wallace gave a brief history of each toy before they were demonstrated. Children were selected from the audience to work the various toys. The toys included: climbing bear and

climbing elephant; sliding block and clown; Whimmie Diddle; Jacob's Ladder; Tumbling clown and a swinging monkey.

Mr. Wallace, a retired Grumman employee, has performed before thousands of school children on Long Island since his retirement in 1973. Mr. Wallace is also a well known wood carver and some of his work was on display such as "The Three Pigs", "The Ugly Duckling", Mickey Mouse's "Singing Pigs" and the American Bald Eagle.

Arrangements for Mr. Wallace's visit to the school were completed by Mr. Lou Crandall, a member of the Burns Avenue Faculty.

Letter to the Editor

(Continued from Page 4)

local civic groups in December, the promoters of Hippo advised that they intend to advertise heavily on radio and in the newspapers in an effort to attract a clientele from "all over" Long Island. (Our local "kids" aren't even wanted - Hippo intends to restrict admission to those over 23 years of age.)

In short, we would not have a "neighborhood" disco at all. We would have a gathering place that would be visited seven nights a week by more than a thousand "fun lovers" coming into our area from miles around in hundreds of cars, and noisily departing in those cars at the 4 AM closing time. The only "effects" of Hippo would be increased noise and vandalism by outsiders who couldn't care less about Plainview, Syosset and Hicksville.

Ms. Gray should also take note of the fact that the Hippo petition calls for downzoning the ENTIRE Plainview-Syosset Shopping Center from a "Neighborhood" Business District to a "General" Business District. What will follow the Disco into our area if this petition is granted? Only the promoters of Hippo know, and I for one don't want to find out the hard way. Hopefully, neither will the Oyster Bay Town Board.

Very truly yours,
Michael Polansky

Dear Sir:

On the morning of January 22nd my mother-in-law suffered a stroke. From the moment that the Rescue Unit of the Hicksville Fire Department arrived at our home, I was, even with all the anxiety I was feeling impressed by their gentleness, kindness, efficiency and skill.

After transporting my mother-in-law to their fully equipped ambulance, the team of highly trained men administered to her needs, taking her blood pressure and an electrocardiogram on the way to the hospital.

My husband and I want to publicly thank the Hicksville Fire Department for extending their excellent services to us. Mere words seem inadequate to express our appreciation and admiration for such a fine group of men who give so unselfishly of themselves to help their fellow man in distress.

Yours truly,
Rose Marie Heitshusen

News From St. Ignatius School

On September 5, 1975, the doors of St. Ignatius School were flung open wide eager for the familiar influx of old and new students. Enrolled also was a very special family of five girls, the Doan girls. They came from Indian Town-Gap, Penn. refugees from Vietnam.

A program was quickly and efficiently coordinated to teach the girls to speak and read English, which included a corps of dedicated volunteer tutors, the gathering of suitable materials, and a time and place in the busy schedule of St. Ignatius to carry out this program.

Since the inception of the program, there have been five more Vietnamese children added to our school. The program has been a complete success and we are considerably proud of the results that are evident because of our efforts.

On Monday, Feb. 23rd,

Our Vietnamese Friends.

Tuesday, Feb. 24th, and Wednesday, Feb. 25th St. Ignatius will be hosting an open house to anyone in the community who would like to see just why we feel 'we have something special here at St. Ignatius'.

On these aforementioned dates registration for first grade will take place. We will also be registering any transfer students in grades 2 through 7. Please come visit us. We will be happy to see you.

HHS Girls Volleyball

It was stated before the Super Bowl game, "This is a contest of winners, no one can be a loser". So it was with the Hicksville Girls Varsity Volleyball Team as they played their own Super Bowl game (Nassau County Championship) on Saturday, January 17, 1976 against Mepham. Defeating Oceanside 15-5, 15-13 in the semi-finals on Friday gave Hicksville the challenge of meeting Mepham. It was a true championship match with Mepham winning the first game 15-7, Hicksville rallying 15-9 in the second game and the third game becoming the deciding factor; with time running out Mepham defeated Hicksville 17-15. It was an exciting evening for all those who attended. This was the first and only loss of the season for Hicksville.

Highlights of the varsity season were: an undefeated league season resulting in League III champion, winning the Section 8 Holiday Tournament (Nassau County Recreation and Parks), a 15-1 record, and being no. 2-in the County.

The Junior Varsity also had a rewarding season. Their record was 13 wins and 0 defeats. This is the second straight year that the team has been undefeated. The girls worked together with great determination and enthusiasm and showed that they will be ready for next years challenge as varsity players.

Thanks go to Mrs. Hanks as varsity coach for her hard work and dedication and to Miss Feuerstein as the junior varsity coach. Below is a list of those involved and their records:

Varsity
Capt. Robyn Sadowick, Wendy Bashan, Debbie Capel, Donna Carter, Diana Fordham, Lynn Fordham, Chris Gletschier, Teri Neff, Lori O'Neill, Joanne Russo, Peggy Stico and Manager Janetta Weikman.

J.V.
Capt. Sue Dircks, Lorraine Behr, Lee Crincinco, Ellen Dickert, Darlene Owens, Helene Ressa, Kathy Sarremon LuAnn Schwing, Tina Suppa and Manager Sue Caesar.

The Hicksville Varsity and

Junior Varsity Volleyball teams defeated Westbury, Farmingdale, Jericho, Bethpage, Berner, Plainville, Massapequa, Syosset, Seaford, Oyster Bay, Clarke, Cold Spring Harbor and Island Trees.

Congratulations go to all of the girls for an excellent volleyball season.

Hicksville Wrestling

Last week, dedicated Hicksville wrestling fans were treated to some of the finest Comet wrestling and one of the greatest matches seen so far this season. It was at Carle Place High School.

But first we had a match at home against MacArthur High School. It was a 33-22 win, the margin of victory being the six point pins by John Leo and Frank Cerone. A major four point decision by Brian Damm and wins by Bill Stepkowski and Pete Webb along with forfeits to Nelson Castro, subbing for the ill Andy Edell, and to Mike Lorio rounded out the scoring.

The match at Carle Place High School saw how great leadership can foster stout hearts and a will-to-win. Carle Place, loser to division leader Locust Valley High School by only three points, has a fine team with excellent wrestlers at all weights, while the Comets would again be without the services of unbeaten Andy Edell. Coach Steve Tomaini placed his wrestlers into their best possible weights to counteract the loss of Andy and to present the best overall team possible to meet the Carle Place powerhouse. He used John Pacifico in the 145 pound slot to replace Al Auffant who then moved up a notch into Edell's 155 pound weight class.

The team was behind 10-0 when Marty Byrnes broke the ice for Hicksville scoring with a 1-0 win. Marty's overall aggressiveness (his trademark) was a major factor in his victory. Bill Stepkowski and Marty Damm followed with identical 4-1 wins. Both had hard and tough opponents. Bill's superior wrestling skill and his extreme agility provided him with the margin for victory. Brian Damm's performance has improved with each match and that improvement combined with strength greater than his opponent were mostly responsible for his victory. Pete Webb then wrestled for a 2-2 draw. After John Pacifico's bout, the score stood 11-15 in favor of Carle Place with their best wrestlers still to come. For Hicksville to win the match it was necessary for the Comets to win 3 of the next 4 bouts. Al Auffant proceeded to justify Coach Tomaini's judgement with a hard fought see-saw come-from-behind 7-6 win. His never-say-die attitude helped in his winning. Nelson Castro wrestled valiantly in an attempt to win over his heavier, taller, and highly-skilled competitor. Although he lost the bout, his efforts succeeded in preventing his opponent from scoring any major decision as had other Comets who lost their bouts without injury. The score was now 14-18 and Roger Sokenis was to meet one of the strongest and better 177 pounders on all of Long Island. A Comet loss in this bout means Hicksville loses. The pressure was on - Roger and his rival knew it, and so did the fans - Hicksville's and Carle Place's. The noise was deafening. Roger stepped on the mat. The whistle blew and then began what turned out to be the most spectacular display of wrestling skill, strength, aggressiveness, and courage by both of the wrestlers. Adrenalin was flowing. The noise was unabated. Roger did what he had to do - win. The bout score was 10-6. This was one of the most exhilarating bouts of the year for spectators as the action was continuous with Roger, though ahead, pushing for a pin at the buzzer.

Behind now by only one point, the pressure fell on the broad back of Frank Cerone just as it has on so many occasions in the past. Equal to the task once again, Frank proceeded to devastate his opponent and pinned him in the first period, which clinched the Comet's seventh win in eight matches.

Our last dual match of the year is at Westbury High School on Tuesday 17 February 1976. If you haven't seen the team in action, give yourself a break - don't miss the opportunity to do so at Westbury.

Individual dual match records as of 30 January 1976 are:

	Wins	Losses	Pins
Pat Bennett	3	3	
John Leo	5	1	2
Gene Haas	2	1	1
Pete Harvey	3	2	1
Neil Hardin	2	0	1
Marty Byrnes	5	3	
Bill Stepkowski	5	3	1
Brian Damm	5	0 (3 ties)	
Pete Webb	2	3 (1 tie)	1
Al Auffant	3	3	1
John Pacifico	1	1	1
Andy Edell	5	0	3
Mike Lorio	2	1	
Nelson Castro	1	2	
Roger Sokenis	5	3	3

Hicksville JHS News

In tune with this year's Bicentennial, the 9th grade Home Economics classes, at the Hicksville Junior High School, are studying regional foods in the United States. After selecting a research topic, students are preparing posters depicting foods of their region, and researching information in the school library for "travel brochures". The final activity will involve the students in actual preparation of a regional meal. This class project is entitled "Cross-Country Cooking".

The French students, at the Junior High, have decorated Room 203 so that it looks just beautiful. There are dozens of models including a life-sized kiosk. In addition they have had a chance to sample French cuisine, as each day a few students have been bringing in a different dish.

Trees Damaged By Ice Need Immediate Care

Ice storms can do considerable tree damage. Should one hit this winter, knowing what to do and how to do it will mean the difference between saving your favorite tree or chopping it up for firewood.

Greatest storm injury is likely to occur on the faster growing trees. These include poplars,

maples, willows, black locust, and Chinese and Siberian elms. Stronger species are oak, sycamore, and honeylocust.

If you're faced with the job of straightening a toppled tree or mending the wounds of broken or split branches, the following first-aid treatment is offered.

Remove all broken branches.

Do all cutting with sharp tools. You may need saws, knives, and wood chisels. Make cuts either at a good side branch or nearly flush with the mother branch. This avoids leaving "dead end" stubs. Make smooth, fast-draining wound surfaces. Remove splintered, rough, or loose wood from all parts of any wound with

a wood chisel or sharp knife.

Trim off all bark not solidly attached to the wood. Use a sharp knife, exposing uninjured bark on all edges of the wound.

Orange shellac makes a quick, tight seal and will protect the surface of a large wound until the bark grows over it. A good tree asphalt paint will last longer and

prevent rot of the heartwood.

After the wood has thawed, lift, straighten, and support trees, shrubs or evergreen trees with wire encased in a hose wherever it touches the bark. Supports should remain a full season. Cover exposed roots with soil and mulch with leaves or straw.

Seniors Help Open House

Beginning on January 29th over 200 seniors at Holy Trinity High School in Hicksville generously volunteered their time to visit elementary schools throughout Nassau County.

The purpose of their visit was to speak to 6th, 7th, and 8th graders about Holy Trinity and thereby promote its open house scheduled for Sunday, February 8, from 1:00 to 5:00 PM.

The Trinity students were most

enthusiastic and cooperative in setting out on their tasks. In the great majority of cases, their experiences were very rewarding, and many of them expressed the desire to speak again on behalf of their school.

Arrangements for these visits were coordinated by Mr. Joe Testa, chairman of the open house committee. He was aided by teachers, Guy De Marco, Charles Conley, and Jack Nyhan.
