into a complex situation. Parents, teachers and students are encouraged to come out and be entertained and exposed to information and new ideas. "AND A GOOD TIME WAS HAD BY ALL ... at the 23rd Annual Founders Day Dinner of the Hicksville Council of PTAs. This gala event which honored Richard Evers, this year, was held on Thursday Feb. 26, at the Salisbury Restaurant in Eisenhower Park. In the top picture "Man of the Year" Evers addresses the spell-bound audience of over 400 parents and teachers, as he tells of the joys of serving the young people of Hicksville (and his community). In the center picture, that joy carries forward as Mr. Evers converses with Hicksville Council PTA President Shirley Smith, during the PTA officers, plus the Unit Honored Guests, as follows (but not left to right) Helen Grumo and Lee Palermo of Burns Avenue; Joanne Genzale and Terry McQuaid of Dutch Lane, Renee Lesetz and Pam Millet of East Street, John and Carolyn Maher of Fork Lane, Mary Embleton and Millie Pino of Lee Avenue, Rosemary Fitzpatrick, Jean Hughes, Jeanette Kornbluh and Matthew Mantello of Old Country Road, Roslyn Katz and Terry Lockrey of Willet Avenue, Eileen Wheelahan of Woodland Avenue, Joseph Giambalvo and Adele Weiss of Junior High, Norma Dagna, Shirley Nirenberg and Arnold Spaar of Senior High and Erwin Rozran of SEPTA. At The Town Board

by Gerry Kahn

Fourteen items composed the agenda at the Town Board Meeting held Tuesday, March 2nd. The formal meeting concluded at 10:55.

The meeting opened with a hearing on the petition of Gilbert Tilles for a special use permit to erect, operate and maintain an office building in an Ind II District, 558 n o n s of Sunnyside Blvd Extension in Woodbury. The petitioner was represented by Attorney Herbert Ballin who described the proposed building, location, prospective tenant (Royal Globe Insurance Co.) and other pertinent aspects of the petition. Councilman Saladino requested a landscaping plan to naturally affect a screening and relieve the flatness and open-spaced appearance of the industrial complex. The request suggested a covenant to that effect in the event of a granting.

There was no opposition to the petition. Mrs. Judy Jacobs, representing So. Woodbury

Taxpayers Assoc., spoke in favor of the petition and offered several suggestions to the Board to further promote harmonious relationships between the builder and the community. Specifically, Mrs. Jacobs was concerned about signs, the size and illumination, landscaping, internal roadways, curb cuts, the height of buildings and concern over placement of buildings indicating that at present only a four story building fronts Woodbury Rd and internal buildings appear held to single story. She hoped was not the proposed intent for future buildings in the industrial park.

The 2nd hearing on the agenda was for a change of zone from Bus G to Res. D at Hicksville (n s James St. & w s Strong St.)

The property in question is adjacent to and owned by Mid Island Shopping Center. The hearing was based on the Town Board's own motion. The owner was represented by Arnold Hauptman who opposed the granting. At the present time a court case is pending on the

decision of the board to deny the owner a permit to construct indoor tennis court complex on the property. Mr. Hauptman stated that the former board decision deprived the community of the best and least onerous use of the property in addition to a recreational facility that was a requirement and would be kept up in appearance to the highest standards of the community.

Among those present who appeared in favor of the granting were Victoria Whitney and a Mr. Terrance Borchers.

At the informal hearing that follows the regular board meeting the following people spoke before the assemblage: Terrance O'Donnell, Judy Jacobs, Mrs. Spinella, Sue Avalon and James Zeigler.

Mrs. Avalon, representing W. Farmingdale Civic Assoc., spoke in reference to an improvement needed at the Allen Pk facilities in Farmingdale and a more productive distribution of Town personnel currently employed there.

The informal meeting closed at 11:40.

DIGGING IN FOR ROSLYN SAVINGS BANK: Officials of The Roslyn Savings Bank don hard hats at the ground breaking for the bank's new Woodbury office at 887 Jericho Turnpike. Scheduled for completion this summer, the red brick colonial building was designed by architect Robert Dwight Nostrand

of Farmingdale and will be built by E. W. Howell Co. of Babylon. Welding the shovels are Charles Gordon, bank vice president and branch coordinator; Florence Iannelli, assistant vice president and public relations office; Floyd N. York, president of The Roslyn Savings Bank; and Mr. Nostrand.

Ski Trip For Tobay Youngsters

planning to rent. The fees include transportation, ski instruction and \$1,000 medical coverage. Checks should be made payable to Coachman Tours and returned in person or by mail not later than Wednesday, March 10, to: Coachman-Butternut Tours, 1010 Fulton Street, Farmingdale, 11735.

These fees do not include the price of a lift ticket (\$7.00) or lunch. The ski area has a cafeteria, but it is suggested that skiers bring their lunch.

The trip will be supervised by trained chaperones. Permission slips will be required of all participants. Forms may be obtained at the main office of all junior high schools or by writing or calling the Department of Parks and Recreation, 800 South Oyster Bay Road, Hicksville, 11801 (433-8810).

Bus departure time and location is: Syosset-Woodbury Community Park Center, 7800 Jericho Tpke. 6:30 AM. For further information, contact the Department of Parks and Recreation, or Coachman-Butternut Tours at 649-0922.

Grants Help CAPA Series

The Town of Oyster Bay's fourth annual "Artist in Residence" series has received two grants to help fund its five programs. "Artists in Residence," which is sponsored by the Cultural and Performing Arts Division (CAPA) of the Department of Community Services brings performances by artists in various fields to students as an educational experience. This year, a total of 83 performances will be given in schools throughout the Town by five touring companies.

"Give Me Liberty or Give Me Death," a musical biography of Patrick Henry, received \$1,000 grant from the State Education Department's "Professionals Teach the Performing Arts Program," and another \$500 from the State Bicentennial Commission. Produced by Producers Association for Young America, Inc., the play has been scheduled for 12 performances to date.

A \$1,000 grant from "Meet the Composers," a project of the American Music Center which is funded by the State Council on the Arts, has helped finance both "The World of Electronic Music and Music Synthesizers" and "The Cartoon Opera Minstrel Theatre," a group which combines singing, dancing and mime to create living cartoons. Three schools have booked "The World of Electronic Music and Music Synthesizers," and "The Cartoon Opera Minstrel Theatre" is scheduled for 15 performances.

Other programs in the "Artists in Residence" series include "Abe Lincoln in Person," a one-man show featuring the jokes, yarns and philosophical wisdom for which our 16th President is remembered, and The Guitar Workshop, an introduction to history through folk music.

For information on these and other CAPA programs, contact Lois Manning, CAPA Superintendent, at 922-5800, ext. 245.

Aid For Home Gardeners

During recent years, due to the high cost of food items, a lot of people have turned to growing their own vegetables. This makes Richard Acritelli of Morton St., Port Jefferson, a very happy person. You see, as a second job, he sells horse manure to such people with gardens at home.

Manure can be purchased at farms and riding stables, but a customer would have to pick it up and fill his own bag. Usually, if it is delivered, it is only by the truckload. Dick is unique in the fact that he will deliver the aged (not moist) manure to any place in Nassau or Suffolk counties for \$1.75 for a 65 lb. bag. If he has to go to an out-of-the-way place, the sale has to be not less than five

bags to make the trip worthwhile.

"I have one customer in Hicksville who has a greenhouse as his hobby. He takes 10 bags a week," he stated, adding "customers find it more economical and every bit as good as other types of fertilizers."

Acritelli says his customers find it very convenient to have it brought to their yards in bags that can be stored odorlessly as long as they wish.

During the week, he sells power tools and lawn mowers in a department store here in Hicksville. On his days off, and at vacation time, he sells and delivers the manure. If you are interested phone Dick at 473-8074.

Tennis Registration

The difference between playing at tennis and playing tennis is knowledge of the game. Why not try the professional approach to this popular sport by registering for the Town of Oyster Bay free instructional tennis course.

Now through April 3, men, women and teens may sign up for an eight-week class. Instruction will be given on both the beginner and intermediate levels at day and evening sessions.

There will be three separate courses: a women's day session, a teenage session and a working men and women's session which is scheduled for the evening. All three courses will be given at the

Bethpage, Syosset-Woodbury, Marjorie R. Post and Plainview-Old Bethpage community parks for residents of those immediate park district, and at Ellsworth Allen Town Park which is open to all Town residents. Participants must supply their own equipment.

Applications may be obtained by calling or writing the Department of Parks and Recreation, 800 South Oyster Bay Road, Hicksville (433-8810), or at the manager's office of the participating park. Classes will be formed as applications are received, so early registration is suggested.

PROCLAMATION: Recognizing the eminence of the famed suffragist, Oyster Bay Town Supervisor John W. Burke (right) and the members of the Town Board proclaimed "Susan B. Anthony Day" (February 15) in the Town of Oyster Bay, issuing the Proclamation to T.O.B. League of Women Voters representatives (left to right) Battle Kaufman of Plainview and President Barbara Josepher and Jeanne Muller of Syosset. The League of Women Voters celebrated its 56th anniversary on the 156th anniversary of the birth of Susan B. Anthony, and the Proclamation cited the work of the League as a fitting example of the continuation of the work of Ms. Anthony.

Dear Friends. . .

PROGRESS is being made toward a solution of the illegal (?) left turn into the scanty parking available in front of the Hicksville Post Office. We spoke both with Town of Oyster Bay Councilman Warren Doolittle and with Acting District Safety Mgr. Raymond A. Maynard of the Long Island District U.S. Postal Service. These gentlemen have met with Sgt. Short and Patrolman Boucher of the Nassau County Police Dept. Safety and Investigative Bureau, on this matter and have arrived at the following TEMPORARY solution: effective March 15th the exit and entrance places will be reversed, so that traffic will enter at the traffic light and exit where they formerly entered. The necessary changes in marked parking spaces will be made. This is on a temporary basis so that this possible solution can be evaluated. We will be hearing from these gentlemen as to the results of such a trial and evaluation around May 5th, and will bring you these results at that time. In the meantime, a left turn will no longer be illegal, which, while it doesn't solve the entire problem, certainly sounds like PROGRESS.

YOU WILL NOTE in Gerry Kahn's Town of Oyster Bay Board meeting coverage (on page 3) that on their own motion, the TOB Board has suggested that a piece of property on the corner of West John St. and the Mid Island Plaza access Road, near the Post Office (the NW end of James Street), be rezoned back to Residential D from its present Business G. This present Business G zoning was granted to the owners of this piece of property, FOR PARKING PURPOSES in 1966. However, in the early 1970s, the owners applied for a permit to put tennis courts on this property. This the Board denied and the appeal is presently in the courts. It appears that many residents in the area of this piece of property would like it rezoned back to residential D, as long as the parking purposes for which it was originally rezoned are not going to be completed. The Board reserved decision on the motion. More on this later.

PRIMARY VOTES: If you want to vote in the Primary contests and have not yet registered, the deadline is Sat., March 6 at noon. So, we'd suggest you waste no time...register in person with the Board of Elections in Mineola.

The annual meeting of the Hicksville High School Alumni Association is set for Monday, Mar. 8 at Frank's Alibi Restaurant. At this meeting the Association will elect officers and directors. More on this later.

WE REPRINT herewith a short essay entitled "Smile" from The Orthodox Baptist: "It happens in a flash, but the memory of it lasts forever... it cannot be begged, borrowed or stolen, but it is of no earthly good to anyone until it is given away. So, if in your hurry you meet someone who is too weary to smile, leave one of yours, for no one needs a smile quite as much as he who has none to give. It takes only seven muscles to smile... forty three muscles to frown. Conserve your energy... SMILE.

Letters To The Editor

Dear Mrs. Noeth:
I want at this time in the hour of my grief, to thank all the Hicksville friends who knew my son, Tommy Moran, who died a tragic death last week while working at a Gas Station in Farmingdale, N.Y. He was 16 years of age and had so much to live for. I could not possibly thank all the people that have written me from New Jersey, New York, Pennsylvania etc. Their kindness in my hour of need will never be forgotten.

I find solace in my grief with Tommys younger brothers and sisters who will bear the pain and sorrow as I do. I wish with all my heart that I could thank each and everyone who have sent me letters and cards but I can't find the strength. I offer my thanks and that's all I can do. May God Bless each and everyone for their thoughtfulness.

A Grateful Mother
Mrs. Elizabeth Moran Fiore

To The Editor:

Anyone who has attempted to pull in his belt an extra notch will tell you that it requires a change in normal habits. Either the person must reduce his eating habits or expand his exercise program, or combine a little of each.

In attempting to tighten the financial belt of the Town, we, too, have been changing our habits. Through a job freeze, reorganization and increasing individual productivity, we have managed to absorb constantly increasing costs without having to buy a new belt, or in the government's case, without having to increase general town taxes.

But despite these efforts, costs have continued to increase, and it is becoming apparent State financial aid is about to be decreased, this adding to the pressures on the Town. Greater changes will have to be made if we are to avoid expanding the property tax bill.

Because I believe the property tax cannot be allowed to expand, this administration is working to find other cost-reduction changes that can, and must, be brought about. One, currently being considered by the Town Board, will change the garbage collection schedule in the Town in order to save an estimated half a million dollars a year. This savings might well enable the Town to keep the tax rate in 1977 at its current level for sanitary collection.

Of course, to bring about such a savings - just as the person looking to reduce his waistline - a change in the current system is essential. Most dieters will agree that you have to cut down on portions of food if you want to lose the weight. In this case, residents will be asked to accept one less garbage collection a week. Instead of three garbage collections, there will be two. Rubbish will continue being collected once a week and newspapers will continue being collected every other week.

The Town will be able to decrease its collection personnel by 15 per cent. Instead of 11 sanitation holidays per year,

there will be six, and even then an alternate collection day is scheduled. There will be less fuel consumption with each of 47 trucks saving 100 miles per week, and maintenance costs are also expected to decrease. It is also hoped that future reductions in costs will be initiated in areas related to disposal of waste.

While the new schedule will call on residents to change their habits slightly, thorough analysis indicates the change will not result in any serious hardship for the homeowner. There are areas on Long Island that have been using a two-day-a-week garbage collection system for several years without difficulty. Even within the Town boundaries, highly populated areas that do not have Town collection are currently on such a schedule.

No one enjoys going on a diet, and public officials do not look forward to advocating even the slightest reduction in services for residents. But, people who are asked to cut down their food intake to avoid possible heart problems, will change their eating habits. Faced with the alternatives of a tax increase or a change in the garbage collection schedule, this administration believes Town residents would prefer to see a schedule change.

John W. Burke
Supervisor TOB

To the Editor:

Fallacies can be defined as "mistakes in reasoning". Nonetheless, fallacies are used in many cases as proof of illogical conclusions because, when used by experts, fallacies can be very persuasive arguments. Two such fallacies are repeatedly used by highly skilled school administrators to rationalize and justify expanding budgets to unwary school boards. The school boards, putty in the hands of the experts, adopt those fallacies to justify the annual school tax ripoff. The two fallacies are:

- 1) bigger spending means better education, and,
- 2) the better education allegedly received from bigger spending enhances real property values. Hogwash. The need for a big school budget is just as easy to prove by the use of fallacies as it is to prove that two equals one. Therefore algebra experts, here's proof that two does equal one:

- Step 1: Let a = 1 and let b = 1.
- Step 2: a = b
- Step 3: a times a = a time b; in other words a squared = a times b
- Step 4: Subtract b squared from each side; a² - b² = ab - b²
- Step 5: Factor each side; (a + b)(a - b) = b(a - b)
- Step 6: Divide each side by (a - b); (a + b)(a - b) / (a - b) = b(a - b) / (a - b)

Step 7: The equation is a + b = b or one plus one equals one, or two equals one

Now before all you math students, teachers, and experts jump on me, remember you were told that the proof is based on two fallacies. It must be quite apparent to you that flim-flammy was involved in the proof - but what if you were not a student of

mathematics - would you believe that two equals one? Probably not because the opening paragraphs about fallacies would lead you to believe flim-flammy would be used to prove that inequality.

But you are being given a abig inequality that is also based on two fallacies without being told of the flim-flam. The cost of education in Hicksville required the expenditure of 27.2 million dollars this year and will probably cost you 3.4 million dollars in more tax liability next year otherwise Hicksville education will stink and property values will fall. Can you recognize the fallacies from fact? Probably not, because you are being told those fallacies by those who benefit the most from a bloated budget.

Sincerely yours,
Frank H. Willard

Law Day Essay Contest

"After 200 years of having the Constitutional right to bear arms, should American citizens continue to be allowed to own guns?"

That's the question being asked of Long Island high school seniors by the Nassau Suffolk Trial Lawyers Association, as the topic assigned for the organization's third annual Law Day Essay Contest. The four best essays submitted by seniors at 135 Long Island public and parochial high schools will win the authors all-expense paid air trips to Washington this spring, in conjunction with observance of Law Day, USA.

"It's a controversial issue, but an appropriate Bicentennial theme," said attorney Robert C. Minion, of Rockville Centre, who is chairman of the 350-member association of lawyers who specialize in criminal and civil trial work.

Minion said that contest information has been sent to the guidance departments of every public and private high school in Nassau and Suffolk. Long Island seniors will be asked to submit 250-word essays on the topic by April 2. A panel of judges to be appointed by NSTL will select the four best entries.

"We're looking for the most thought-out, best presented arguments for either position, whether it's pro or con," said

Minion. Writers of the top four essays will spend four days in Washington from May 2 thru 5, personally meeting top officials in the executive, legislative and judicial branches of government.

"This is not a sight-seeing trip," Minion emphasized, "but a rare, unique opportunity to get an insiders look at our government." Past winners have had staff briefings at the White House, dined with senators and congressmen, been guests of the Vice President in the Senate gallery, and have had personal meetings with Federal Judge John Sirica, of Watergate fame, and Supreme Court Justice Byron White.

Minion said planning is underway to schedule a similar round of meetings with top government officials, as well as private tours of the White House, Capitol, Supreme Court, FBI and other agencies.

Past winners have been Richard Goldman, of Baldwin HS, Donald McCauley, of Huntington HS, Keith Fogerty, of Kings Park HS, Robert Steigerwald, of Mercy HS in Riverhead, Howard Taylor, of Levittown HS, Karen Ginsberg, of Lawrence HS, Darlene Silva, of Southampton HS, and Nehemiah Rolfe, Jr., of Freeport HS.

Dem Leader To Run As Independent Delegate

William J. Colvin Democratic Town Leader of The Town of Oyster Bay has submitted petitions containing 1492 signatures to the New York State Board of Elections in Albany to qualify as a candidate for delegate from the 3rd Congressional District in the April Primary.

Colvin, a resident of East Norwich said "I decided to make the run when I discovered that the slate of uncommitted delegates for the 3rd Congressional District was selected by a committee that had no representatives living in the district. This was not in keeping with the spirit of the guidelines set down by the National Committee."

Colvin stated that he has remained uncommitted for two reasons. "First I do not know enough about any of the candidates yet. They look good on paper but since the presidency requires a strong leader, I think I should wait to see who shows the most strength in open, public debate."

Secondly, if I committed myself to a candidate prematurely I would have no idea what stand the candidate would take on issues confronting the people in the 3rd Congressional District such as: experimental dumping in Long Island Sound, firm opposition to federal funds being used or any bridge being constructed between Oyster Bay and Lye, the high unemployment rate in the area and the unbearable tax burden. I'd like to hear their public commitments to us first."

Colvin was also disappointed that the selection committee ignored the under 30 group as possible delegates. Tony Carbo, 24 and a graduate student of Cornell University is Colvin's running mate.

Colvin, father of five children is a graduate of Fordham University with a Master's Degree from New York University. He is a former Congressional Aide to Congressman Lester Wolke and is presently teaching at Forest Hills High School.

Marino Releases Questionnaire Results

A poll taken of district residents by State Senator Ralph J. Marino shows an increasing eagerness to get on with energy expansion and a new reluctance to invest in higher education.

Respondents to a questionnaire mailed to Marino's 5th Nassau District voted 64.3 percent against any moratorium on new nuclear power plant construction in New York State, 69.5 percent in favor of drilling for offshore oil, and gas (up 12.5 percent from last year's poll), and a strong 78.1 percent in favor of the moratorium on state construction which has halted building activity at State University campuses. More than 81 percent would like to see free tuition at the City University of New York abolished.

On the matter of state aid to public education, 77.2 percent oppose a cut in state funding, but 59.5 percent also oppose a state tax increase to bail out local school districts. More than 79 percent would like to see lottery funds used exclusively for education and over 50 percent would be willing to buy tickets for a daily lottery if and when it is established.

Despite the pressures of rising property taxes, 85.9 percent would still like senior citizens to get a better break through property tax abatement on a sliding scale up to \$12,000 fixed income. Low income wage earners are also favored, with 58.3 percent opposed to reducing

their Medicaid benefits.

On the controversial matter of decriminalizing possession of small amounts of marijuana, 54 percent favor and 41.8 percent oppose the proposal. A get-tough attitude towards juveniles who commit violence was approved with 86.7 percent favoring longer incarceration penalties, one of the proposals promoted by Marino as Chairman of the Select Committee on Crime, and opposed by Governor Carey and the Assembly Democratic majority.

The public was divided by two percentage points on whether a sentence review board should be permitted to alter excessive and disparate sentences for convicted felons: 45.9 percent yes; 47.9 percent no, while close to 81 percent favor easing employment prohibitions for rehabilitated felons.

To the question of the firing of Special Prosecutor Maurice Nadjari, 9.1 percent agreed with Governor Carey's action, 83 percent disagreed, and 7.9 percent remain undecided in this Nassau District not directly

affected by the New York City issue. Only 16.1 percent believe that a special prosecutor serving simultaneously as a District Attorney can do an effective job rooting out official corruption, while 78.3 percent disagree.

As consumers, respondents favor time-of-day utility billing rates by 80.3 percent, and the advertising of prescription drug prices by 94.4 percent. More than 78 percent would okay a required return deposit on beer and soft drink containers.

Despite a defeat at the polls of New York State's equal rights amendment, only 40 percent would care to see the Legislature's approval of the Federal amendment rescinded while 48.2 percent would prefer it to stand and 11.6 percent are undecided. Over 80 percent oppose women receiving disability benefits on account of pregnancy, and the same percentage favors a statute establishing a medical definition of death.

The poll results were based on a sample of over 10,000 returned questionnaires.

At a recent meeting of the Hicksville Garden Club, Mr. Andrew Knauer, of the Bayard Cutting Arboretum, gave an informative, illustrated lecture on the designs for small gardens. The Hicksville Garden Club meets on the last Monday of each month at the Gregory Museum and is open to men and women. New members are always welcome.

Heart Club Meeting

A HEART CLUB meeting is scheduled in the Lecture Room of Central General Hospital in Plainview, at 8 PM on Thursday, March 11th.

The Program is "Rap Session".

All are welcome.

Symphony Concert

The American Symphony Orchestra, conductor Richard Kapp, will appear at the POB High School Auditorium, Central Park Road in Plainview, at 3:00 o'clock Sunday afternoon, March 14th.

HHS Teachers To Act In Benefit Show

Footlight fever has once again overtaken the Hicksville High School Faculty. For three days this month, Thursday, Friday and Saturday, March 11, 12 and 13, 19 members of the faculty will exchange chalkdust for great paint as they display their little-known talents in the hilarious comedy, "My Sister Eileen."

Inspired by the spectacular successes of their previous productions, the teachers have moved on to their first non-musical show, a happy laugh-filled story of two girls' adventures in the Big City. Mrs. Penny Karl and Mrs. Pauline Jonassen, art teachers, will portray the sisters. Joining them in the festivities will be the Messrs. Ken McGinniss, George Higginson, Frank Bohl, Joseph Ryan, E. Grattan Dockrell, Carl Dana, Mel Albaum, Robert Sklarz, also Shirley Karish and Barbara Walling.

People who saw the previous shows were impressed, not only

with the array of talent that was revealed, but with the high degree of professionalism of the production. Credit then, as now, belong to Mr. Gus Patsis of the Guidance Department, for his direction.

As all proceeds, after costs, will be turned over to a scholarship fund, the teachers regard their efforts not just as a matter of personal enjoyment, but as an extension of their interest in serving the young people of the district. To this effort, many other faculty members—as well as students—have lent their behind-the-scenes support with their own special talents.

Tickets will be available, starting March 1, at the box office in the main lobby at a cost of \$1.50 for Thursday and Friday, and \$2 for Saturday. Curtain time is 8 P.M.

HHS Seniors Cited

The following seniors of Hicksville High School won Honorable mention in the Current Events Magazine Competition, Bicentennial Community Betterment Competition, Joanne Lesser, Bruce Farquharson, Les Schmerzler, Peter Wilby and Douglas Valley.

These students are members of Mr. Pitrelli's Advanced Placement class in American History.

A special project was done and forwarded as part of this competition.

These students are to be congratulated on their fine effort.

POB Library Forgives

Amnesty is a lovely word for those who need it. Hoping the word will get to those library borrowers who do, the Plainview Old Bethpage Public Library is waiving all fines for the two week period from March 1-15. Borrowers are requested to hunt around for forgotten and overdue books, records, pamphlets at home, at work, in their cars and to bring them back before the 15th of March after which fines will once again be charged.

Keeping library material out past their due date handicaps other borrowers who badly need them.

"A Star Is Born"

The Hicksville Public Library Films of the Thirties series will present the original version of "A Star Is Born" Friday evening, March 12 at 8 pm in the library auditorium.

This film, starring Janet Gaynor and Frederic March was first seen in 1937. The remake of this film was not up to the high standards of the first version. This Oscar winner will be forever a classic in the tender love story-type film. There is an added attraction to this showing. The entire film has been hand colored and is now seen in technicolor. This is a new technique that film makers have invented that enables old black and white films to be remade in full color. For those of us that remember Janet Gaynor and Frederic March in the film, we can now enjoy seeing them in color, and for those of us too young to have seen the original come and enjoy a truly beautiful film in the Hicksville Library auditorium.

Nursery School

The Lutheran Church of St. Stephen has initiated a Nursery School which will open in September, 1976.

Registration is open to all children who will be four years of age by December 1, 1976, and applications are being accepted now.

The school hours will be 10:00 to 12:00 Monday, Wednesday, and Friday. The program will provide various experiences for the four year old to grow socially, intellectually, physically and spiritually in a Christian environment.

On the staff is a consulting psychologist from the Ecumenical Consultation Center in Hicksville, and New York State certified teachers in the classroom.

The Reverend Roland Perez, Pastor of the Lutheran Church of Saint Stephen, is the president of the Nursery School Board.

Pastor's Course

What kind of body will we have in heaven? Young? Old? Is Baptism essential for salvation?

Gift From AARP

Hicksville Chapter 1592 of the American Association of Retired Persons helped the residents of the Jones Institute celebrate Valentine's Day by presenting them with a new Zenith television set.

This was another of the services the A.A.R.P., whose members reside in the Mid Island area, has performed recently for the 140 year old home located in Hicksville.

Where is hell? What is hell? Why must I worship every Sunday? How about the gifts of the Spirit - fact or fiction? What is life according to the Bible? Can I be like Jesus? How?

These are just a few of the questions to be discussed in the Pastor's 15-Week Course. The Reverend John H. Krahn of Trinity Lutheran Church, 40 West Nicholas Street, Hicksville, is beginning the 15-Week Course on Wednesday at 8:30 p.m. in the Youth Room of their parochial school. One should be at least sixteen years of age to attend. All are most cordially invited.

Hicksville Soccer Club

All teams took advantage of the spring-like weather and opened the 1976 season on a highly successful note. The club fielded 12 teams this week-end and brought back 10 victories, 1 tie and 1 defeat.

The first team to kick off bright and early this week-end was the Juvenile girls under 16, sponsored by the Elks Club. They continued their winning ways and completely dominated Glen Cove 11-0. This team, coached by Ann Camara & Gert Conway, went undefeated in the fall and is trying for an unprecedented third championship in a row.

In an effort to keep the score reasonable, the coaches shuffled positions, had fullbacks playing up front, etc.; but the ball kept going toward the net like a bee to honey. Tougher games are ahead but this team is very strong and put on a fine display of ball control, passing, defense and scoring.

The Knights of Columbus Midget Red coached by John

Mitchell & Jack McCann put forth a very strong effort and convincingly defeated Deer Park 4-1. Several additional goals were almost scored as the defensive unit repeatedly provided the long ball to the front line for break-aways. Goalkeeper Eddy Thompson played an outstanding game as did the fullback & halfback lines - Tommy Fletcher, Mike Andrus, Mike Jung and Bobby Stenborg. Scoring was Adrian Pepi (2) and Anthony Coiro (2).

The Hicksville Blue G.O.P. Midgets won its first game of the season by beating the Farmingdale Wolverines 1-0 in an exciting game, 15 minutes into the first half. Hicksville's center-forward Bobby Pearse received a pass from right-wing Mike Morgan to net the only score of the game. In the second half goalie Danny Burke under much pressure, deflected many shots on goal, a total of ten saves in the last period.

Hicksville Juvenile Red sponsored by A.O.H. of Hicksville won its game over a strong Huntington team 2-0. Goalie B. Dalton registered his first shut-out of the new season by making some timely saves. Fullbacks M. Humphreys, J. Shannon, S. Solaski played a strong game and ruined any chances of a Huntington goal.

The ball was constantly brought forward by halfbacks M. Collins, P. Collins and D. Barcavage, where the front line of T. Cusack, M. Bedell and J. Jablonski kept the pressure on the other defense.

A tremendous shot on goal by D. Barcavage rebounded off a Huntington Defender and M. Bedell put in the rebound for the first goal. The second goal resulted in a picture play between M. Bedell and J. Jablonski.

Sunday was a beautiful day as temperatures soared into the sixties. It was also February 29th which signified leap-year and that is exactly what the Hicksville Blue team coached by Angelo Lozito and assisted by Frank Arias did. They leaped into The Long Island Junior Soccer League downing Farmingdale 4-1.

John Solaski and Charlie Wayte played an outstanding game on defense, spraying the ball in the Farmingdale's area. Goals were scored by Kevin Anglin, Donald Anglin, Dwayne Beard, and Kenny Court.

standing year for his boys.

Wagner's Pee-Wee Blue won over Floral Park Red with a 8-0 score. The defensive work of brothers Peter and Paul Thompson and goal-keeper K. Rice made the shut out possible. The Hustle and passing of the forward line resulted in scores by J. Neto 2, M. Boccafola 2, R. Martiny 2, A. Nikas 1, and B. McKenna 1. Great game boys.

Hicksville's Harris Aluminum came through with a tremendous team effort to defeat Deer Park Celtics in their first League Game of the spring season.

The score of 1-0 in favor of Hicksville was not truly indicative

of the flow of the game. Hicksville HA put constant pressure on the Deer Park defense. Hicksville's untiring efforts finally paid off midway through the second half on a great play which saw John Maguire score the winning goal with a beautiful left footed shot.

Hicksville's defense played tremendously all through the game, particularly outstanding was Lloyd Sneddon who cleared his lines time after time showing great skill and determination. Todd Lewis and Billy Cresham also played outstanding defensive ball.

The vital midfield sector was controlled throughout by Dave Smyth and Sean Devlin and their fine distribution of the ball was instrumental in setting up the winning goal.

Untiring in their efforts Michael Simi and Kevin Jung were a constant worry to Deer Park. All told it was team effort which finally won the day for Hicksville.

The Hicksville American boy's Soccer team sponsored by the V.F.W., played a 1-1 tie against the Huntington Hornets on Saturday. Playing against a strong breeze in the first half the Hicksville Blues held the opposing forwards scoreless with the great great goal-tending of Timmy Bell and the good defensive playing of Tommy Solaski, Michael Finkelman and Richard Bodony. In the forward line the great passing and team work of Martin Conway, John Kerti, John Anglin and Andy Menzin played the larger size boys from Huntington to a standstill, but the winning goal evaded them.

In their first game of the season the Under 12 Girls Traveling team, sponsored by Ernie's Auto Body Shop scored a 3-0 victory over the West Babylon Islanders. Scoring were Denise Harkins 1, and Cathy Conway 2, with assists from Joanne Mullings. Outstanding in defense were Janine Baggett, Maryann Carroll, Brenda Condran and Joanne Mullings.

Colonial Kindergarten At Woodland Ave

Mrs. Marilyn Goldstein's kindergarten class at Woodland Avenue School is enthused about comparing their kindergarten to that of colonial times. They have discussed the old schoolroom and compared it to the present day classroom.

They have made books (colonial readers) and also splint brooms. The classes have made their own quill pens just as their colonial ancestors did. They are

having the experience of writing with ink and have also dramatized a colonial schoolroom scene.

For Valentine's Day, the children sealed their cards with sealing wax as was done in colonial times. The children discussed George Washington and Abraham Lincoln and now know how their schoolroom looked and some of the chores they had to do for school.

Operation VFW

By Lou Palladino

Did anybody watch the N.Y. Nets game against Kentucky Friday Feb. 27th? Doesn't that sound like a silly way to begin a V.F.W. Letter. The game was televised on Cable TV. What was important about the game and does concern us the VFW was the program held by us. It was a reminder for all to know that we of the V.F.W. have not forgotten the POWs and the MIAs and to

our boys who gave their lives in Vietnam. To the deceased there is nothing we can do for them except to remember them, but for the others we will not rest until each and every one of them has returned to his home. This may sound corny to some who aren't involved, but our Post, County and right up to National V.F.W. is involved and will continue to be until our aim is reached. Now to get back to the 27th of Feb. This program was approved by County, but sponsored financially by the Hicksville V.F.W. along with East Meadow and Inwood Posts, and yet from what I saw and heard, we got lost in the shuffle. Our Color Guards were hardly noticed in the back ground and if you didn't look close you would have missed them. Our Ladies Aux. were sent to sit away from everybody in a completely different part of the arena, along with their colors. Our Jr. Unit was no better off, because they were with our Aux. Even though we put up a full third share we were treated like stepchildren. It was a very impressive event, and if it helps the POWs and the MIAs then we can be forgiving. I do hope there is a reasonable explanation for this shortcoming.

The following evening Sat. Feb. 28th, our Charter Night Dinner Dance was held. It was a beautiful party. The band was terrific, the food was good the refreshments were flowing. That's a winning combination every time. As an added bonus, we had a floor show. Our thanks to Abe Feldman, and his committee, and to Joe Normandy as

Friendship Day

On January 23, the Lee Avenue 5th Grade Social Studies classes of Mr. Darienzo and Mr. Foley celebrated Mexican-American Friendship Day, an annual Lee Avenue event. Several students brought in tamales, tacos, chili to the fête. Mariachi music was also co-featured with many children in Mexican type dress.

Named To Dean's List

Linda C. Rudis, of Beatrice Lane, OLD BETHPAGE, has been named to the Dean's List at the University of Hartford.

Post 3211 Hicksville

Comdr., and Vinnie Edwards and his Journal Committee for spending so much time and doing a good job.

By the way, Our ladies Aux. is having a St. Patty's Day Dance On March 20th, and as usual it will be their Delicious brand of Corned Beef and Cabbage. Rolling bar to refresh yourselves to capacity and fine music, all for the price of \$12.50 per person. With the way prices are today how can you beat that and still have a good time? If you are interested, get in touch with Virginia Byrnes, Chairlady.

Sun. Feb. 29th, we were visited again by our Dept. Commander Jim Kinsella, he is on a membership drive, and decided to stop in. It wasn't a surprise but it was nice having him come to see us. Not too many comrades were present but most of County V.F.W. brass were on hand to greet him. Of course our own Joe Normandy was there to make him welcome.

Mike Znack reports anyone who lost pension checks can have them mailed to a bank of their choice or insure safety. Last meeting was also significant because we didn't get any new members, but we did have one transfer to our post, an old war horse from 11, Henry Gongoilewski welcome comrade and enjoy our Post.

Lucky winner of the raffle was Chick Mason, that was a nice birthday present, after all he only gets a birthday every four years, does that make him younger or older then me? Any way Happy Birthday Chick old friend.

Next meeting will be March 11th. Come on over.
