Welcome To The Hicksville School Board Meeting

By Marge Marcus

At the March 10th Board meeting all were in attendance except our President Iris Wolfson. Mrs. Wolfson has been ill, and Mr. Thomas Nagel Vice President proceeded with the meeting.

The agenda began when Mr. Harry Cressman, Science Supervisor, presented an overview of the District's Science Program. Slides were shown to illustrate science students using visual aids, models, museum tours, experiments, and field tours to enhance their understanding of science. Mr. Cressman further explained that in addition to the traditional courses in biology, chemistry, and physics, the students may now elect to take half-year courses in oceanography, ecology, and advanced college-level work. Mr. Cressman said, "The true purpose of science is to understand man's place in nature as a preserver not a spoiler".

Questions were answered and there was some concern over the study of solar energy. At this time no specific course exists but the program is covered in the ecology class and thru the Ecology Club.

There had been a Budget Study session on February 25th and March 2nd and the final results were still in progress. Mr. McCormick told us that the handicapped have been guaranteed transportation for a full twelve months. Mr. Ayres wants the Town of Oyster Bay to finalize an exchange of property; where a structure on the Dutch Lane school be given to the Hicksville Schools in exchange for a particle

combining due to the death of a teacher. Rejection of a request for Monitors in the girls locker room was made feeling that this would set a precedent for future help. Under the new government Title 9 program if there is to be a boys team at least a coed team should be made available. New ideas like this would involve more interplay between sexes and supervision is necessary. Suggestion was made to ask parents to be of assistance where possible.

The Board granted permission for local schools, St. Ignatius Girls Cadet Corp and Holy Trinity H.S. Lacrosse Team, to use school fields to practice. The District will be paid for the rental and custodial help will be provided. N.Y.S. Assemblyman Orazio had also requested rental of a school bldg. for campaign purposes.

It was suggested by Mr. Bruno that the Library and School Budgets voting be combined, and on June 23rd there be only one vote. No solution to this suggestion was arrived at. A suggestion to combine all voting to one school for budget voting did not prove to be feasible, and the idea was dismissed.

A thorough report on the registration in Adult Education was given by Mr. Meller and Ms. Giannelli. There are 186 enrolled, with 76 being non-district residents. In the class offering a high school equivalency diploma there were 36 students registered. Other special reports were tabled due to the lateness of the hour.

on the Willet Ave. property. Mr. Bruno advised that all employees will be given 90 days notice before being given the pink slip. He was also upset with the Comet story of sitting during the pledge of allegiance in the school. Mr. Campanella, our School Board Attorney, advised us that current law requires a student to be respectful and quiet but standing is no longer mandatory. Girls gym attire, also has been liberalized and they may now wear gym shorts and t-shirt or if they prefer their traditional gym suits. Mr. Rienzo, stated that this had never been a problem at the Jr. High where this practice was already in existence.

Speaking from the public: Mr. John Maniac, Director of HAD asked the Board and public to support him and send mailgrams to our Albany Legislatures. By April 1st the State budget is to cut-back money for its drug addiction programs causing HAD to receive 50 per cent less in funds.

Mrs. Shirley Smith, President of the PTA Council, defended herself from earlier comments that all mail, data and figures she receives refer only to PTA matters.

Dr. Clancy's report as Superintendent stated that \$300 was received by the District from the Federal Government for each adopted child from Viet Nam. At present there are eight children in Hicksville schools and special para-professional help was needed to assist them. Thirteen were hired at \$3.40 an hour. The Board approved an additional class at Dutch Lane School to equalize class sizes after a prior

TOB Requests

Law To Permit Referendum On Park Expenditures

Oyster Bay Councilman Warren M. Doolittle announced that the Town Board will issue a Home Rule Request calling for the State Legislature to adopt legislation that would allow the Town to conduct a public referendum before expending more than \$2 million for original construction within a Park

District.

Under the proposed legislation, the Town would be able to allow the residents of a Park District to formally vote in a referendum to decide if capital improvements amounting to more than \$2 million should be made. Doolittle said.

The Town forwarded Home Rule Requests in support of similar legislation last year but the bill only gained State Senate approval. "This year we are hoping that both the Senate and Assembly will give the Town the right to allow our residents to directly determine if such major expenditures within their Park Districts should be advanced."

La Boheme

A fully-staged and costumed production of Giacomo Puccini's charming opera, *La Boheme* (sung in Italian), will be presented by the Concert Orchestra of Long Island on Saturday, March 27 at 8:15 in the John Cranford Adams Playhouse, Hofstra University located in Hempstead, LI.

Yesterday, Music Director and Conductor, Maestro Laszlo Halasz announced the impressive roster of singers for this, the Orchestra's 7th, opera production. Yoshi Ito (leading soprano with the Nuremberg State Opera) will sing the role of the fragile Parisienne girl, Mimì, her lover, the struggling young poet Rodolfo is tenor Don Bruno Merlin, marking his American debut (First Prize Winner at the National Italian Opera Auditions), singing the part of tickle Musetta is soprano Rebecca Nesmith (Metropolitan Opera Studio); the pompous Alcindoro, Musetta's rich and elderly admirer-of-the-moment is portrayed by Ray Heatherton (noted TV and Radio personality); rounding out the merry cast who share the Paris garret with Rodolfo is, a Musician, Schaubert, sung by baritone Robert Patterson (Metropolitan and Frankfurt State Operas); an artist, Mar-

cello who still loves Musetta, by baritone Theodore Lambrinos (Opera Classics of New Jersey and formerly Metropolitan Opera); Colline, a philosopher, by bass Eugene Green (San Francisco and Metropolitan Touring Operas); The role of Benoit, the old landlord, bass Joseph Fair (Philadelphia Lyric and San Antonio Operas).

The stage director for this production is Anthony Stivanello, with sets by Enrique Cartaya.

The opera based on Henry Murger's romantic story, "*Vie de Boheme*" is about the carefree but meager existence within Paris' Quartier Latin in the 1830's. Giacomo Puccini set it to music. His orchestrations are filled with life and vigor, interspersed with romantic moments of sweetness and grace. And with the *Giacosa* and *Illica* libretto, *La Boheme*, first presented at the Regio Theatre in Turin, February 1896, remains one of the people's favorite opera.

Wydler Fights Enforced Busing

Stating he is fed-up with the "doubletalk" of the courts and the inability of Congress to act decisively, Congressman John W. Wydler (R-Nassau County) today introduced a constitutional amendment to prohibit forced school busing for racial integration purposes and signed a discharge petition to bring it to the floor of the House for a vote.

"I have tried to be patient with this issue," Wydler said, "but my patience is exhausted. Even though the House of Representatives has voted thirty-six times for anti-busing language in legislation, it has all been to no avail. Such busing continues against public and Congressional will.

"The recent proposal by the New York City Board of Education to bus students from Queens County to Nassau County for racial balance purposes is the straw that has finally broken the camel's back for me.

"The specific communities that would be affected in Nassau County are Lawrence, Hewlett-Woodmere, Great Neck, Elmont, Floral Park-Bellerose and Hempstead," Wydler continued.

"Everyone should realize, however, that these would be merely the first and that all other communities would be likely to follow. I warn the residents of Nassau County to discount the statements that such a move is barred by law. That is subject to great doubt. In recent cases, the courts have merged city and suburban area school systems in Louisville, Kentucky and Wilmington, Delaware. Even though the State Commissioner of Education, Mr. Nyquist, says such busing is barred by law, it is not necessarily so since the state might well have the power to change School District lines.

"The plan fact is that school busing for racial balance purposes is an unmitigated failure," Wydler stated. "Everywhere it has been attempted, segregation of the schools has increased. The cost of running the schools has increased, and absenteeism and violence have gone up. School Districts find themselves spending money for buses, bus drivers and bus maintenance which should be spent for educational purposes.

"Even Dr. James Coleman,

whose 1966 study was used by the courts to justify busing, now fully concludes that forced busing has proved to be detrimental to desegregation," Congressman Wydler pointed out. "No one seems to favor it and I certainly have found no parents' group in my District - be they black or white - in favor of it.

"I believe it is doubtful that a normal bill to prohibit the courts from requiring busing would be upheld by those courts as constitutional and, therefore, a constitutional amendment is the only way to proceed" Wydler explained.

"It is now clear that the leadership of the House will not act on this issue unless forced to do so," Congressman Wydler added. "On December 19th, I joined 169 of my colleagues in a letter to the Chairman of the Judiciary Subcommittee, asking for hearings on the constitutional amendment. His answer was a refusal to consider this matter at any time in the near future.

"Under the circumstances, I think it is proper to take the actions which the people want and the situation demands," Wydler concluded.

Prospective Home Buyer's Course

By mid-March, prospective home buyers will be able to take advantage of a course consisting of two three-hour group meetings and one private session for individual consultation. The course will be scheduled on weekday evenings from 7 to 10 P.M. at the Family Service Center of Bellmore-Merrick (a division of Family Service Association) located at 2518 Merrick Road, Bellmore.

"Purchasing a house is the largest investment most families make," stated Robert Sunley, FSA Associate Director. "The Home Purchasing Course," he continued, "has been developed to include the major aspects to be considered before making that final decision on buying a house."

The sessions are planned to: 1) Help establish how much you should spend; 2) Planning a budget and setting goals; 3)

Local considerations such as public transportation, shopping, school, and recreational facilities, taxes; 4) Pros and cons of buying a new house versus a resale.

After choosing a house, there is a need to know how to shop for mortgage money, the buyer's obligation, binders, contracts, closings, hidden costs, and new laws to assist home buyers.

The Home Purchasing Course will be conducted by a specially-trained Housing Counselor. A fee will be charged to help meet expenses. For more information, call Fran Umansky at (516) 785-4225.

Family Service Association is a multi-service, nonprofit agency serving residents of Nassau County without restriction as to income, race, religion. FSA provides family counseling and mental health programs, family

advocacy to help people obtain the family-preserving services which are their due and training programs to enable volunteers to serve the community. FSA is a member agency of the United Way of Nassau-Suffolk, various local funds and chests, and a contract agency with several County and State Departments.

Diabetes Association

The Nassau County Chapter of the New York Diabetes Association announces its next meeting will be held on Tuesday, March 30, at 8:30 P.M. at the North Shore University Hospital, 400 Community Drive, Manhasset, NY - Cohen Pavilion Board Room, Main Floor.

The lecture will be Diabetic Retinopathy delivered by Dr. Francis L'Esperance.

Dear Friends....

We don't know whether to caption this paragraph "You never know until you try..." or "We are all creatures of habit..." so, you can take your pick. The sad story is that the attempt to solve the problem of the illegal left turn at the Hicksville Post Office by making a legal left turn at the light and remarking the parking spaces accordingly so the exit and entrance areas were switched, just didn't work out. Three accidents occurred during the first few days. In the interests of safety it was necessary to switch back to the old way of entering and parking, at least for the time being. However...here is the good news...next Tuesday our Postmaster, Anthony Murello and his Traffic Expert Ray Maynard will be meeting with Inspector Streb of the Nassau County Traffic Safety Division of the County Police Dept. and our own TOB Councilman Warren Doolittle in the hope of solving this problem. Mr. Murello would like to try the simple solution of making a legal left turn at the Post Office front parking entrance. This sounds OK to us. We will let you know more as soon as possible.

Late in February the Town of Oyster Bay ran three ads in Oyster Bay weekly newspapers, listing three phone numbers that may be important for you to list in your own telephone book. In case you missed them, here they are again: Phone Number for the TOB Newspaper Recycling Information regarding your neighborhood's biweekly pick up schedule is 921-3850...the TOB Fast Action Line regarding your problems and town programs is 922-7676...and (we hope you don't need this until next winter) for Snow Emergency problems 921-1848.

HERE AND THERE: The Plainview Jewish Center Sisterhood have changed the date of their Boutique Day from April 25 to April 4th, from 11 am to 5 pm at the P.J.C....the renowned artist, Estelle Schutz, will lend several of her favorite works to a special one-person exhibit at The Lincoln Savings Bank at South Oyster Bay and Woodbury Roads from April 1st through 30th...."Two hundred years of Country Music" is the theme of a large music event set for Sat., April 3rd at the Mid-Island Shopping Plaza in Hicksville, when the First Annual LI Bluegrass and Old-Time Country Music Band Contest will be held. Admission is free. Doug Tuchman and the Bluegrass Club of NY are the producers of the event....beginning on April 13th you will no longer be able to say, "as phony as a \$2 bill", for on that day which is Thomas Jefferson's birthday, a new series of \$2 bills will be issued. The Treasury Dept. estimates that the new \$2 note will result in a savings of between \$3 and \$7 million dollars per year in printing of \$1 notes.

THAT'S ALL FOR THIS WEEK. Stay well, and remember the old adage: "A Candle loses nothing by lighting another candle."

Letters To The Editor

To The Editor:

Medical assistance for Nassau County's financially disadvantaged cost the County over \$110 million in 1975. This represents an 18 per cent increase over 1974's costs. The County pays 25 percent of the total Medical Assistance, or Medicaid, costs, with the Federal government paying 50 percent and New York State the remaining 25 percent.

There are 61,000 people in Nassau County who meet the Federal and State eligibility requirements of Medicaid. However, only a little more than half of these use the service each month. Of the total \$110 million expenditure, about \$57 million, or 51 percent, went to nursing homes and health-related facilities for the care of 4500 people.

In other words, 51 percent of the total medical bill is spent for only 7 percent of the eligible population.

The next highest expenditure is for hospital care, which cost more than \$24 million last year. An additional \$6.4 million went for clinical fees, a figure that continues to grow as more and more people are going to clinics in lieu of using private doctors.

As Nassau County Social Services Commissioner Joseph D'Elia has cited, there is a great need for local involvement in the reform of the medical assistance program. He notes that the County is totally at the mercy of the State and Federal governments without any power to control or dispute rates imposed on the County.

The cost of nursing home care, for example, ranges from \$850 to \$2200 per month in 27 privately operated facilities in Nassau County. Although there is a State-imposed ceiling on nursing home rates, the rate structure is based on a cost-plus formula, a practice which encourages spending and provides no incentive to limit costs. I fully support Commissioner D'Elia's contention that a fixed schedule of flat-fee rates be determined for nursing homes as is the practice in the States of Connecticut and New Jersey.

We must continue to pursue the reform of the medical assistance program to ensure that every dollar is spent in the most efficient and effective manner.

Day-Evening Hearing Set

The Town Board will conduct day and evening sessions of a public hearing scheduled for March 23, to consider an application by Ron-Con Realty Inc., for a change of zone on approximately 14 acres in Syosset to permit construction of condominiums.

The sessions will begin at 10 AM and 8 PM in the hearing room of Town Hall East in Oyster Bay. Town Councilman Kenneth S. Diamond explained that due to the great amount of interest expressed by residents of the area, the Board added the evening session.

The land, located north of Syosset-Woodbury Road and approximately 280 feet east of Cold Spring Road, is currently zoned Residence B-1 (approximately one unit per half acre). The applicant seeks a change to Residence E-2 (six units per acre) and has indicated its intention to construct 87 condominium units.

Dear Mrs. Noeth

Decision time is rapidly approaching and Hicksville taxpayers will be asked to support a business-as-usual "budget" that "budget" now being considered by the board and its budget advisory committee contains all the elements for a 3.4 million dollar increase in the district's tax liability with a resultant tax rate increase of about three dollars per hundred. The point in repeating all of this is to emphasize in the strongest language possible that viable alternatives to this business-as-usual "budget" must be considered before this inflated, bloated budget is presented to the voters for approval.

Viable alternatives which could be examined are (some of which have been examined and/or adopted by many other school districts):

1. School closings which seem practicable because of declining enrollments. The savings in salaries, utilities, oil and other ancillary expenses represent a large potential.

2. Wage freezes and furloughs to reduce expenditures on a one-shot basis until contingent liabilities have been resolved and long range adjustments can be made.

3. Eliminate substitute teacher expenses by using alternate programs in which children go to a central point for educational movies etc.

Please note that a reduction in the teacher force has not even been proposed because of last year's teacher's contract which locks in the number of teachers until it expires in a couple of years.

The document, called a "budget" presented to the school board advisory committee is nothing more than a codification of expenditures proposed by the school administration for the next fiscal year. It is based on the assumption that the status quo in most all areas will prevail, and that the increased costs will be absorbed by increased taxes. Further, no effort appears to have been made to include in the expenditure listing any provisions for the contingent liabilities relating to unearned income, reimbursement of busing money to the state, or reduced state aid. In addition, if there are any possible reductions based on declining enrollments, these are not reflected either.

If this has been the method of budget preparation the past year, it becomes very clear why the Hicksville School District tax rate has increased so tremendously. It appears obvious that the school board has placed NO restraints on tax rate increases, and further, that they have placed a meaning on "no-growth" that differs with the monetary meaning placed on the term by taxpayers. The board has not explored any alternatives to increased school taxes as is now being done by most school boards in surrounding school districts. In my opinion the school board has been unresponsive to taxpayers who plead for fiscal sanity.

During the next budget vote, two school board members will be elected. Let's hope that those elected will not have gone hand-in-hand to HCBE requesting endorsement. The budget increases of the past year and what is occurring this year will be foremost in the voter's mind as the voting booth lever is pulled.

Sincerely yours,
Frank H. Willard

P.S. In reference to Mr. John F. Petrelli's letter printed in your March 11th edition, the date he referred to, June 23rd, is the date of what has become the annual

"turkey" shoot - the date of this year's school budget vote. An annual "turkey" shoot occurs because of faulty school board budget planning. As a history teacher, Mr. Petrelli has forgotten last year's history - that my objections to a bloated budget did not result in my candidacy for a school board seat. However his letter may have tilted the teeter-totter in that direction for this year.

Dear Mrs. Noeth:

Albert Wahnson's attack on me in your March 11, 1976 issue was silly enough to almost have been amusing if it weren't for the dangerous implications inherent in his McCarthy-like libels.

Wahnson accuses me of being a "professional" letter writer. The word "professional" connotes activities conducted "for gain or livelihood" or "by persons receiving financial return." What I do for the Democratic Party and for the Plainview community is done out of a genuine community spirit, and brings me no financial gain whatsoever. Publicity is Mr. Wahnson's "profession" - it is certainly not mine! If Mr. Wahnson's command of the English language was not as flawed as his political judgment, he might have recognized his misuse of the word "professional."

Wahnson also accuses me of "concealing" my political involvement. Nothing could be more absurd. The pages of this Newspaper have time and again been filled with reports of my activities on behalf of the Democratic Party. Indeed, only one week previous to Wahnson's letter, the Herald contained a report of the speech which I made at a recent Democratic Club Forum. Unlike some others, I am proud of what I do for the Democratic Party. I am proud of my post as Democratic leader of the Plainview-Syosset Zone.

Wahnson's letter contains one irresponsible attack after another. However, the one thing that his letter doesn't do is say anything POSITIVE about the qualifications of the insurgent group that he is supporting in their attempt to take over the machinery of our local Democratic Party for their own ends. That's not at all surprising, since there is very little that can be said about this insurgent group. Indeed, one of the candidates put forth by this group - Sally Shepero - has no prior record whatsoever of involvement in our Democratic Party or in the affairs of our local community. Her candidacy is an especially cruel joke on those of us who have devoted so much time and effort to our local Democratic Party.

In contrast, both the readers of the Herald and local Democrats generally are quite familiar with the years of dedicated service to our Party and our community put forth by the current Democratic State Committeeman AARON BRITVAN and State Committeewoman CAROLE FISHMAN.

Who is the real exaggerator? Who is the real fabricator? The record speaks for itself, and the Democratic voters of the 10th Assembly District will decide the issue on April 6. Cheap shots don't win elections!

Very truly yours,
s Michael Polansky

Dear Editor,

In response to Mr. William Bennett's letter published in your paper last week, it is disheartening to see that some people in our community are so insensitive to others and also to the welfare of children. PTA is

Opens Walt Whitman Branch

The Independence Savings Bank, founded in South Brooklyn in 1950, will open its first Suffolk County branch in the Walt Whitman Shopping Center on March 19 at 9:45 A.M.

Kenneth C. Butterfield, Supervisor of the Town of Huntington, will officiate at the ribbon-cutting ceremony which will also be attended by Richard B. Loomis, chairman of Independence Savings Bank, Wilbur A. Levin, president, Alden M. Bassett, vice president marketing-public relations, and Chauncey I. McDowell, assistant vice president and manager of the Bank's new Walt Whitman branch.

Officials of Independence Savings Bank have accumulated an unusual array of gifts and prizes - capped by a Sweepstakes with daily and weekly grand prize drawings. The first 36 persons to visit the new branch office each day from March 19 through April 17 will receive a free gift of an International Silver glass bowl and silver-plated spoon.

According to Chauncey I. McDowell, Manager of the Independence Savings Bank's Walt Whitman Branch, "the Sweep-

stakes prizes being offered by the bank surpass anything we've done before." Weekly prize drawings include: 2 Zenith 19-inch color TV sets; 2 GE Electronic read-out AM FM clock radios, 4 International Silver goblet, pitcher and tray sets; 6 three-piece Carvel Hall knife sets; and 6 transistorized lanterns.

Residents of the Huntington area will have an opportunity to meet numerous celebrities during the Grand Opening which extends from the opening day - March 19 - through April 17. Top players from the Islanders, Nets, Jets, and Sets as well as ABC daytime television drama stars will be on hand on selected dates to welcome depositors and friends to the Independence Savings Bank - located between A&S and Hills at the Walt Whitman Shopping Center.

"To top it all off," Mr. McDowell said, "Independence pays the highest interest rates allowed by law - with interest compounded daily."

The Grand Opening of the Independence Savings Bank extends from March 19 through April 17 from 9:45 A.M. to 9:30 P.M., Monday through Saturday.

A "New Dime" Opens On Route 110

The Dime Savings Bank of New York has opened a new branch next to Walt Whitman Shopping Center on Route 110 and Detroit Road in Huntington Station.

From now through April 17th they are offering many valuable gifts to those who open a new account. These gifts are listed in several categories, as you will note in their two-page advertisement in the centerfold of this week's MID ISLAND HERALD. For two \$5,000 new

accounts, which comes under "super Gifts" either a matched set of luggage, or a five-piece bridge table and chairs set are listed. Several small gifts, under the heading of "Special Youth Gifts, which require a deposit of \$50 or more, are available.

One may select from fifteen fine gifts if one opens a new account with a deposit of \$5,000 or more. Then, fifteen different gifts are available to those who open a new account with a deposit of \$1,000 or more...then, seventeen

attractive gifts for those who start with a \$250 or more account, and a like amount of gifts, slightly smaller in value, for those who start with a deposit of \$100 or more to chose from.

All deposits must remain fourteen months, and only one gift is available to an individual. While one may fill out the coupon in the Dime's advertisement, and select the type of account you wish to open, the gift you select must be picked up in person.

As well as these incentives to start saving at "The Dime" a free sweepstakes open to all who just come into the new Walt Whitman Office is available. No account is needed and there is no obligation. Just stop in, complete your Sweepstakes Stub and drop it into the box. Prizes in this sweepstakes include a 19" Sony color TV, a Jacobsen, Mark 111 ride-it-yourself power lawn mower and an AMF Alcott Sunfish sailboat.

Remember, all these opportunities are available through April 17th...so, come on down and join in the festivities!

To Perform "St. Matthew Passion"

Something brand new and a definite "first" in theater production is about to happen in Hicksville. Although the Long Island Singers are a Sea Cliff group who have mostly kept their performance in the North Shore area, they have chosen Hicksville as a central location in order to make a great masterpiece convenient to all music lovers throughout the Island.

The J. S. Bach masterpiece, "St. Matthew Passion", has been performed in many different ways but never before has it been done in its entirety as a fully staged, costumed, lighted, 1976 version of the old "Passion Play", so well known throughout

Europe since the early A. D. 300's.

William Warfield, many times a soloist with the group in former productions, will sing the role of Jesus. Darrell Lauer will do the role of the Evangelist, and Leavata Johnson, soprano, Phylis Hunter, Mezzo, Salvador Tomas, basso, as well as singers from all over the Island doing small solos as well as participating in this great choral work.

Ken Cooper, one of the world's finest harpsichordists, Michael Tolomeo, concertmaster for the Long Island Little Orchestra, staging by Richard Kramer of Hofstra, and the conductor of the

group, Clara Burling Roesch, all fine top professionals in their respective fields, promise to make this a memorable event and a fine top quality professional presentation - not often available outside of major cities.

The place where it is all happening is the enormous theater located inside the Holy Trinity Diocesan High School, Route 106 & Stewart Avenue, Hicksville, on Sunday, March 28th at 3 PM. Tickets are available at the door. For reservations or further information call 671-6696.

Easter Seals Bowling

The Fourth Annual Easter Seal State Bowling Tournament, featuring team, doubles, singles and all events, opening at Cort-Lanes, Cortland, New York, April 24 for seven week-ends through June 6, offers both men's and women's divisions.

Participation in the Third Annual Tournament tripled over the first year paying keggers over \$13,000 in prize money. Florence Fitzgerald, tournament manager, anticipates at least \$20,000 in prize money this year.

Men's team event first place offers \$2,000 in prize money, doubles \$500 and singles \$250.

First place prize money for the ladies offers the team \$1,000, doubles \$250 and singles \$125.

All events are returned 100 percent with a minimum prize ratio of 1 for each 10 entries.

Entry fees are \$40 for a team, \$16 for doubles, \$8 for singles and \$2 all events.

HAPPINESS IS OUR MATH LEAGUE - What's more fun than a barrel of monkeys? What is learning disguised as having a good time? Why, Math League, of course. Ask any avid St. Ignatius Math Leaguer and that's the answer you'll receive. Why else would a large group of seventh and eighth graders join Mrs. Marie Manzari every Monday and Friday during lunch hour? And besides the two practices a week there are five competitions each year. St. Ignatius competes against three other schools in the neighboring areas. Competitions are always ended with refreshments of milk and baked goods or doughnuts. So far there have been three meets, of which St. Ignatius has placed first once and second twice. At the present St. Ignatius rates as number eleven out of the 54 schools in Nassau County.

Applaud Hippo Rejection

The Oyster Bay Town Board turned thumbs down on the Hippo Discotheque on Tuesday -- and local civic leaders couldn't be more pleased.

Local civic leaders expressed both gratification and relief at the Board's decision. "It's clear to me that the Board did the right thing," observed Greater Plainview Community Association President Paul Eisenstein. "Approval for Hippo would have meant the beginning of the end for the residential character of surrounding neighborhoods." Joining with Eisenstein in applauding the

On Dean's List

Kenneth Zabb, of Glenwood Rd., PLAINVIEW, has been named to the Dean's List at Monmouth College, West Long Branch, New Jersey. He is a junior majoring in elementary education.

Town Board's rejection of the proposed Discotheque was Clearview Village Civic Association President Roy Entin, who had been instrumental in putting together the working force of civic leaders that was so effective in their opposition to Hippo.

Eisenstein and Entin also joined in expressing their gratitude to the other individuals and organizations who had devoted so much time and effort to the anti-Hippo drive. Called out for special mention were Judy Jacobs of the South Woodbury Taxpayers Association, Lawrence Wolfson of Hicksville, Roz Fiegelman and Howard Wolfe of the Clearview Village Civic Association, and Carol Eisenstein, Michael Dorf, Michael Polansky and Carole Fishman of GPCA. Thanks were also expressed to Ronald Kadin of Syosset Village Civic Association, Ronald Grimaldi of

the Civic Association of Bethpage, and Harry Singer of the East Massapequa Civic Association, each of whom spoke out against the Discotheque at the February 10 Town Board hearing.

Community opposition to the Hippo petition had been near-unanimous. At the February 10 hearing only one speaker came out in favor of the Discotheque -- Mark Straub of Straub Music, a local merchant who is not a resident of the area.

While expressing his pleasure at the Town Board decision, Eisenstein noted his awareness of the problems faced by the Shopping Center's landlord. "The Plainview Shopping Center is an important part of our community," he noted. "Now that the Hippo unpleasantness is apparently behind us, GPCA intends to work with the landlord in an effort to attract new businesses to the Shopping Center."

At The Town Board

by Gerry Kahn

The agenda at the Town Board meeting held on Tuesday, March 16th contained 46 items and concluded at 1:42 P.M.

The opening hearing was a petition of Syosset Lanes, Inc. for a special permit to maintain & enlarge an existing bowling alley. (Syosset Lanes) by 6,000 square feet to include an additional 3 lanes.

The petitioner was represented by council, Mr. Abbey Katzman who presented a thorough explanation in detail of any and all effects the expansion would create. (Traffic, parking, signs, shrubbery.) There would be no change in operation or use and there would still remain excess parking as per ordinance requirements.

Mr. Katzman presented a petition in favor of the granting containing 1,381 signatures.

Charlotte Teitler, representing the Oakwood Park Civic

Association spoke in opposition to the granting.

She was joined by Mrs. Lindblown, Adele Columbo, Mrs. Klein and Mary Clark.

The main objections were the noise levels, hours of operation, debris, the nursery school and the irresponsible acts on occasion by some of the drivers leaving the parking area.

The Hearing on the petition of Rite Fuel Corporation for a special use permit to erect and maintain a public garage and business office in Ind. II District at Plainview followed the Syosset Lanes Hearing.

Rite Fuel was represented by council, Mr. Burton Coran.

Mr. Coran offered covenants and restrictions with the granting stipulating no fuel storage except for the immediate use of the occupants and no outside above ground storage of materials.

Anthony Di Gregorio, representing S & S Concrete Corp. stated his client had no objection to the granting as long as all covenants were included in the approval.

Michael Polansky, representing Greater Plainview Community Civic Assoc., aired the views of his association on the amendments relative to the Plainview area. Mr. Michael Weinstein spoke in addition to Mr. Polansky relative to an improvement in the traffic control at the intersection of Central Park Road and Southern Parkway.

Eight more hearings followed, all relative to finance.

The hearing pertaining to reconstruction of the Ice Rink and replacement of pumps, valves, etc. at the Syosset Woodbury Community Park Pool had an estimated expenditure of approximately \$567,000.00.

Judy Jacobs suggested that the cost involved could probably pay for an entirely new ice rink. The board took it under advisement.

It was the resolution denying the petition of Hippo Enterprises for the special use permit to operate and maintain a Discoteque, night club etc. It was the concerted effort of the various civic groups that demonstrated public opposition to the granting that defeated the petition.

A sad note was raised by Councilman Saladino when he stated that he and several colleagues had received threatening notes relative to the approval of the petition.

Mitchell's Midgets travelled to Northport in a heavy, driving rain which stopped just a few minutes into the game. One half of the field was turned into a sea of mud and of course, it was in front of the Northport goal where the ball was kept most of the day. Only coaches Mitchell & McCann did not take amud bath this past weekend. At day's end, it was difficult to see the K of C sponsor's name on any one-white jerseys.

Despite a strong wind, the mud, and the extremely bad footing,

the boys defeated Northport 2-0. The front line kept the ball at or around the Northport goal most of the day with their aggressive play and determination. A very strong effort by Pat Bedell with his ball hawking up front helped a great deal toward scores by Donald Barcavage and Bobby Andrus.

Glen Zakian at center halfback did an excellent job controlling the mid-field as did Bobby Stenborg, Ed Thomson, the goalkeeper, had to stop only about 5 shots to preserve his

second shutout of the season. This illustrates the kind of defense provided by the halfback and fullback lines. The team has now won two out of its first three games.

Hicksvilles' Harris Aluminium sponsored Bantam Team won a very closely contested game over Massapequa Diplomats this past weekend.

The game played in blustery winds, was exciting and entertaining to watch. The first half saw Massapequa enjoy a territorial advantage but thanks to John Rubins in goal and fullbacks Kevin Jung and Lloyd Sneddon Hicksville's defense held and half time showed a 0-0 tie.

Hicksville stormed out in the second half and bombarded the Massapequa goal. Time and again the Massapequa goalkeeper was forced to make spectacular saves to hold his team in the game. Finally, midway through the second half the midfield pairing of Smyth and Devlin, while providing a steady stream of passes to the forwards, saw their efforts rewarded when Peter Schnur scored what proved to be the winning goal.

The fine play of Peter Schnur is certainly deserving of special mention. Peter on numerous occasions broke through the Massapequa defense with deftly placed passes to his wingers, and in one instance the defense had no choice but to hold and pull him down to prevent his scoring.

This game provided a very important two points in the league standings for Hicksville and the unselfish work of Frank Schnur at center-half, the determination of Michael Sini, Chris Habersaat, David Bell, Larry Ziembicki and Billy Cheslock all were important factors in winning the day for Hicksville.

Led by center forward C. Bentley's three goal hat trick, Hicksville MB overpowered Floral Park Red in the Pee Wee Division by a 9-0 score. Inside right L. Mejia opened the scoring for the MB team in the first minute of play when he converted

a centering pass. Wings K. McCann and P. Ziembicki each scored two goals apiece. Center Half D. Donsky, who played a strong two-way game, added another tally. D. O'Leary and D. Fisher came up with their strongest efforts of the season as they were called on to play several positions during this game. The shutout was shared by goalies R. Markey and G. Skupinsky.

In the Pee Wee division, the Hicksville Wagners team defeated St. Kevins of Bayside by a 3-0 score. After a scoreless first half the boys came onto the field a more determined team and a few minutes into the half, ex goal keeper K. Rive playing his first game as a right winger put the ball in for the score. The other two goals were banged in by M. Boccafola on assists by J. Neto and B. McKenna. Again K. Conway, M. Jaycard and T. Kenny were superb in their halfbacks positions always antagonizing their opponent by their constant aggressiveness on the ball. M. Ayres, New goalkeeper for Wagners posted a shut out his first game.

Hicksville Midget G.O.P. lost to a powerful Huntington Boys Clubs team by a score of 8-0. Despite the untiring efforts of goalie Danny Burke and his full-backs and half-backs which held Huntington to a 1-0 first half.

In the juvenile division I a 5-1 win in favor of Hicksville was the final score between Hicksville A.O.H. and North Shore Olympics. During the first 15 minutes of the game North Shore kept constant pressure on the Hicksville defense. From then on Hicksville halfbacks took charge and the first Hicksville goal was scored by M. Humphreys assisted by M. Collins. A hatrick was then scored by M. Humphreys assisted by B. Bedell and D. Barcavage. A. Sakk scored the other two goals assisted by T. Cusack. Coach H. Habersaat was

pleased by a complete team effort.

Although gale force winds prevailed, Marco Polo's boys team sailed over Northport 2-0 on Saturday, March 13th.

In the first half, a perfectly passed ball by Steven Playne allowed Peter Janitte to score for Hicksville.

The Mid-field was again in control of strikers Scott Cahalan and Donald Cusack. Northport tried desperately in the second half to score, but Tommy Luongo and Martin Mize were impenetrable on the defense. A well timed cross by left wing Jimmy Janitte enabled his brother Peter Janitte to clinch the victory.

Hicksville Juvenile Blue beat Bohemia 8-0 at Bohemia. A. Beard scored 4 goals.

Midget bowl sponsored by Mid Island Bowl, won over North Shore 2-0.

V.F.W. boys blue team lost to Garden City 7-0.

Hicksville Kiwanis Junior team won its second cup game 2-1 over Brentwood.

B.P.O.E. Juvenile girls game against Dee Park was rained out.

Glen Cove girls failed to show at Grumman's against Hicksville Midget girls sponsored by Ernies Auto Body.

Mid Island Bowl Bantam Blue coached by Herbert Zaretsky defeated a much improved North Shore team by 2-0. After a scoreless first half of mid field battles, Hicksville in the second half penetrated enemy defenses by strong and passing and breakaways. Scores by R. Newlands and S. Tandy with assists by J. Frattini and R. Nakashian. The halfback line of J. Carroll and J. Frattini and Fullback T. Levy were outstanding.

AT DUTCH LANE

Mrs. Johnnie Donovan, nurse-teacher at the Dutch Lane School is demonstrating the dangers of smoking with "Nicky-teen", a simple smoking machine she made by attaching a plastic container filled with white cotton (simulating lungs) to a styrofoam head. When a cigarette is inserted in "Nicky-teen's" mouth, smoke is pumped into container and the cotton discolored by the tars and nicotine shows the children the adverse effects of smoke on the lungs. Mrs. Donovan also discussed the history of tobacco in the United States and the many diseases caused by cigarette smoking.

"NATURAL KINDERGARTEN"

What do you give your child for a snack? Cookies, candies, lollipops? Do you send popcorn, pretzels and potato chips for lunchbox desserts? This is not

the case for children in Mrs. Miriam Karie's classes at Woodland Avenue School. They are on a good health - natural food kick!

In Mrs. Karie's class, the children will verify that raisins, nuts, apples and bananas make an excellent snack. They also can tell you what constitutes a healthy breakfast, lunch and dinner. The children have also spoken to their dentists about which snacks are best for preventing tooth decay.

concerned with securing adequate legislation for the care and protection of children and youth. The Dutch Lane PTA sent home a very simple "flyer" asking for parents consideration and support against the SST. It certainly was not a demand, as we are well aware that not everyone shares the same opinion and these opinions are respected. No information regarding the definite hazards of the SST were furnished to the children by PTA. Any information they received came from other individuals and not at our request. We are interested in letting the parents know that we can help by speaking out to our legislators whether it be on matters such as the SST or an aid to education, health, special education or the three R's. The PTA is people taking action to help our children. We are here to help provide for a protected environment, which is so flexible with changing conditions, to the benefit of all mankind, present and future.

Let us not lose sight of exactly how helpful and useful PTA has been in securing a better education for our children. As a progressive thinking organization, we have broadened our areas of concern to health, home and community all of which make up part of our children's environment.

Very truly yours,
Dutch Lane PTA

Dear Editor,

I would first like to congratulate the Dutch Lane PTA for their affirmative action concerning the SST and thank them for the "flyer" they issued as a reminder. Most positive community action of this nature should continue.

Secondly, I would like to address Mr. Bennett's letter published last week. Disregarding his ill formed opinion about the PTA "brainwashing" his children, using "pamphlets" and "scare tactics", his letter indicated four justification points concerning the SST. The points which he raised were (1) "The Federal Government" in the person of Mr. Coleman, Secretary of Transportation, is reasonable in declaring a sixteen month trial period, (2) since noise already exists, a little more can't hurt, (3) the SST is a great technological achievement, and (4) it only affects homeowners in the densely populated area of JFK airport.

The need for a test period is very questionable. This aircraft has now been in use for some time and certain tests, facts and opinions have been made. Using Mr. Bennett's own words, we would certainly be "naive" to think, that in this "industrial-technological" age which abounds with engineers and technicians that tests have not already been made and the results know.

To be considered a "wonderful achievement of man" and technological advancement, why then can the SST not meet existing FAA standards which as we all know also represents "The Federal Government".

Some facts are known about the SST such as its requested waiver of U.S. operating standards concerning reserve fuel requirements, request for special take-off procedures considered hazardous by many commercial

pilots, its noise impact area 3 times greater than subsonic jets, increased pollution and noise exceeding that of jets in use today. Forgetting the environmental factors, I would think that anyone would question the viability of the SST in its present form, considering the doubtful safety of both passengers and area residents.

One must be reminded that Dullus airport is not Washington National airport which is located in the capitol. Dulles cannot be equated in activity or location to JFK. Dulles is a little-used, rurally located, government controlled airport. If Mr. Coleman was sincere, landing would have been authorized at Washington National causing a greater furor.

Yours truly,
Neil J. Mezeul

Post 3211 Hickville

By Lou Palladino

We accepted two more new members into our Post, one a transfer from the Vietnam controversy Kevin Burke, and from W.W.II. Sam Mogavero. To you both: young Kevin and not as young Sam, we of our Post welcome you with open arms.

We received a report on the Dinner Dance, and the night at the Coliseum Vinnie Edwards made his Journal report. It must have been alright as he got a rousing cheer of thanks from all. One thing not mentioned in the Coliseum report, Joe Normandy or the Post, whichever you prefer, received three Proclamations for our efforts. One from Gov. Carey, one from County supervisor Caso, and the last a real nice flowery one from

Vinnie Esposito.

Don't forget our next visit to Las Vegas Sat. night March 27th. We need help, and lots of it. The more the merrier. If you interested just get in touch with Frank Lofti or Augie Barone.

The Sat. before Las Vegas our Ladies Auxiliary are having a St. Patrick's Dance. The date is March 20th. I was talking to Virginia Byrnes about the affair and was told the tickets are moving very well; if you are interested you may be lucky enough to get a couple of tickets.

I happened to walk in on the Jr. Girls Unit and the girls were making center pieces for the Ladies Dance. These young people are terrific, and we are

proud of them. I was surprised to see the Nassau County Pres. Betty Mae Provost, evidently she was invited. Our youngsters surprised her with a gift, she really flipped over.

A bit of sad news, an old time member Edwin Crygier passed away. We had a group attend the wake and had services.

Harry Holbreck had a heart attack we all wish him a speedy recovery.

Vinnie Edwards says we have more Bicentennial flags so if your interested get in touch with him.

Lucky winner of the raffle this meeting was Dan Zinkher. Our next meeting will be Mon. March 22nd, come on over and help us to operate. See you then.

Music Center Established

STUDENTS in the Senior High School Media Center continue to enjoy the music center established last year by a Special Purpose Grant. Not only is it possible to listen to both tapes and records, but students have access to recording equipment where they may make cassettes

for home study or special classroom projects. While still restricted primarily to Music Comprehension Classes, it has been possible in this second year of operation to extend the services to additional students for English and Social Studies Projects.

Adult Discussion Group At East Plains Center

Adult Participatory Discussion Groups are now being formed under the sponsorship of the East Plains Mental Health Center. Initially, there will be two groups - one for Parents with Adolescents in Turmoil; and the second, for the Single Parent Experience.

For parents with adolescents, focus will center around the generation-gap conflicts, identity questions, need for peer acceptance and conformity. Also, the group will discuss the sexual mores, anti-adult orientation and "rebellion" of the youth culture today. Emphasis will be placed on helping to educate parents to better understand the maturational needs of the adolescent, as well as their struggle to find the answers, while making the process less painful for everyone in the family.

For the single parent,

discussion will be directed to the vital areas of dating, "living together", remarriage, sex, finances and the parent-child problems. This group will deal with the questioning, searching and struggle of the single parent to help them find fulfillment, enabling them to form new meaningful relationships, without guilt, and to gain acceptance from their peer groups and family members.

In addition, these sessions will allow adults to meet each other and share in mutual concerns. It will be an opportunity to come together to air and discuss the emotional stresses and strains of day-to-day living, to learn to deal and cope more effectively with each situation. It will be a place to exchange and express thoughts and feelings. We believe these participatory discussion groups will prove to be a worthwhile, rewarding experience.

East Plains Mental Health Center is a non-profit community agency located at 35 Broadway in Hicksville. The Center is dedicated to serving the mental health needs of children, adolescents, young adults, couples and senior citizens, as well as offering counseling and consultation to community agencies. East Plains serves the communities of Bethpage, Farmingdale, Hicksville, Island Trees, Jericho, Old Bethpage, Plainedge and Plainview. The Center is staffed by highly skilled professionals with expertise in the field of mental health.

The groups will meet for eight consecutive sessions and will be limited to twenty participants. Fee for the complete 8-session workshop is \$25 per person. They will meet beginning Wednesday, March 24th 7 p.m. to 8:30 p.m. and 8:30 p.m. to 10 p.m., in the offices of East Plains, 35 Broadway, Hicksville, second floor. The sessions will be conducted by highly skilled mental health professionals. Participants from all communities are welcome.

For further information and/or registration, please call 822-6111, ask for Ms. Deniz.

GERASO FIRST - ANGLIN SECOND - ENDRES THIRD: Over 600 boys converged on Nassau Community College last weekend from Pennsylvania, Connecticut, New Jersey, and Nassau and Suffolk Counties for the Nassau County Invitational Jr. High Tournament.

Hicksville Jr. High, under the coaching of Mr. Goldberg and Mr. Oltisky, entered 4 boys into the tournament. After wrestling all day Saturday Jeff Ceraso, Donald Anglin, and Philip Endres, placed in the top 3. Sheen Taylor lost a tough battle but showed great potential for next year. The three boys came back Sunday and Jeff Ceraso took first place at 77 lbs, while Donald Anglin took second at 92 lbs. and Philip Endres third at 107 lbs.

At this time the boys and their parents would like to thank Mr. Goldberg and Mr. Oltisky. Their dedication and hard work during the long wrestling season put the Hicksville Wrestlers on top. The 4 boys did a great job and the Hicksville Community, as well as the Hicksville Jr. High has reason to be proud of their accomplishments.

JHS Adopts A Child

For more than eight years the Hicksville Junior High 9th Grade Social Studies teachers and students have participated in a program in which an Asian child was adopted, originally through Save the Children Federation, and for the last four years through the Pearl Buck Foundation.

The child they adopted is named Jimmy Munor of the Philippines. He is an American-Asian, whose mother is a Philippine citizen and father an American. He was abandoned when he was four days old and a kind neighbor, Mrs. Munor, took him in. Since she has children of her own and is very poor, she applied to the Pearl Buck Foundation for aid.

This year \$255.00 was raised, more than the \$206.00 necessary to support a child for a year.
