Facts And Figures About The Hicksville Library

The library, chartered in 1926, has a collection of over 215,000 volumes, 80 percent of which has been added since 1961. The residents of School District 17, therefore, have quick access to one of the largest and most comprehensive collection of books available in Nassau. It is open 7 days a week from October - May.

More than 125 special programs including films, concerts, drama, consumer hints and others were presented last year free to an average audience of 75 - 100.

The library meeting rooms are used nearly every evening by some registered community group, representing many interests and hobbies. Over 150

community meetings were scheduled in 1975.

Talking books, cassettes, and large print books are available for use by the handicapped. Homebound residents may have delivery or mailing service upon request.

The Hicksville Public Library subscribes to over 300 periodicals and newspapers, many of which are bound or micro-filmed. The New York Times is available from 1914.

The library has access to 1500 16mm films for loan to groups or individuals. For those requesting 8mm films the library owns a collection of 105 films, 8mm and 16mm projectors are available for organization use.

Friends Of The Library Report

The Friends of the Hicksville Public Library have announced that a survey, funded by a grant from New York State, has been completed by Sam Sheiner. In addition to the paramount concern of the Friends, accessibility of the over areas by elevator to the physically handicapped, the following improvements were suggested in his report: a ramp leading from the sidewalk directly to the Library entrance; longer stair hand rails to the lower level; toilet facilities for the handicapped on the main floor; a ramp to the fiction room;

and lowering of the public telephone so that it could be used from a wheelchair.

Letters from various organizations, such as Assoc. for Better Conditions for the Disabled; the Arthritis Foundation; Eastern Paralyzed Veterans Assoc., and many others were included in his report.

It is strongly felt by the Friends that there is a moral and social responsibility to the elderly and physically handicapped, to help them.

The School Board Meeting

By Marge Marcus

The April 7th Board Meeting was missing two members, with Mr. Nagle being out-of-state and Mr. Bruno being ill, but they had a quorum of more than four members to proceed with business.

The Educational Presentation of the meeting "Women in the American Revolution" was a slide viewing showing our Colonial sisters working very hard for their new homeland. In addition to homemaking chores and raising children it was often these women who planted the fields, cared for the sick, and bore arms, when necessary, to protect their freedom in this country. Men would often be away for long periods and communications not being available forced women to play many roles at the same time. Mr. Gregory and Mr. Evers put together a very thorough and interesting program. The educated woman, going back to Abigail Adams wife of Pres. John Adams, spoke out, wrote, and paved the way for women's rights to equality.

Under unfinished business, has been the increasing costs of Workmens Compensation, Disability & Health Insurances. The State plan for Employees Disability was accepted as being the best. Mr. McCormick asked if additional bids had been given to the Business staff to date. With this being until the first week in May as all bids had to be submitted by April 28th, and the Board agreed. Mrs. Wolfson informed the public that all employee contracts were public

record and could be viewed in the Board Room or the Library.

In approving the 1976-77 School Calendar Dr. Hill, Supt. of Schools reported a conference with Teachers and 182 days of instruction were set. There will be slightly shorter vacations due to a possible need for flu shots. The State Health Dept. has requested the cooperation of the schools should there be a possible serious flu epidemic. Dr. Nyquist, State Commissioner of Education has told the schools that there will be no more State aid for half day sessions. Our calendar will not be adjusted immediately. Our teachers have also agreed to evening conference appointments with parents whenever necessary.

The Elementary Intramural Wrestling Program had not been defeated, only tabled to this week for further discussion. Mr. Rienzo & Mr. Tomani were both on hand and attested to the merits of the program. It involves no additional cost to the District, being covered by school insurance and volunteer instruction. Mr. Tomani has had the program in East St. School for eleven years with no accidents. The decision to offer the program in all the elementary schools was unanimously approved by the School Board.

The special Hicksville drug program "Outreach" and all its services were redefined. Mike Elligard, the program Counselor reaches students through school guidance, family, or self-referral. Expansion of services now assists parents, and includes group & family counseling. Mr.

Rozran, Asst. Supt. for Personnel Services, stated that "the true benefit of the program is that it is outside the establishment and will not alienate youngsters."

Mr. McCormack referred to his concern for the abuse of property by youngsters. He felt that the letter Mr. Whearty, Principal of Dutch Lane School, sent to the parents of his students was worth repetition for the whole District. The matter will be referred to Mrs. Galante, Supervisor of the Educational Goals Comm. Reassessment of the Juvenile Protection Acts and the responsibility of parents were considered necessary by Board Members and Administrators alike.

A question was asked from the public as to what our Special Teachers are doing during Conference week. It was suggested that these teachers could use this time to provide programs for the students during their free time.

Student Council Representative, Elise Bixby, asked about the printing machines promised to the High School and not given to the school to date. The matter will be discussed with their principal. Request by the Dutch Lane PTA for planting trees as a memorial to their passing teacher was approved.

A public Budget Hearing is set for June 2nd three weeks before the vote, June 23rd as required by law. Residents may register May 5th for the Library Vote on May 11th and be registered to vote in the School Election later. The next School Board meeting will be April 28th at 8:15 PM - join us.

TUESDAY WAS "TWO\$DAY": Among the first Long Islanders to officially acquire newly-issued two-dollar bills, on Thomas Jefferson's birthday, April 13, was Mrs. Frances Beers of Hicksville, who received 15 (one for each of her 14 grandchildren and another for a great-grandchild) from James A. Fyfe, Manager of the Long Island National Bank's Main Office in Hicksville. Returning after an absence of ten years the "new" notes not only will serve as conversation pieces and collector's items, but will save the U.S. Government \$35 million in printing of one-dollar bills over the next 7 years. A total of 225 million "deuces" were issued for disbursement by bank tellers across the country starting Tuesday, or "Two\$day" as bankers labeled the historic occasion. (Graphic News Photos).

HAVE YOU NOTICED how patriotic Broadway looks on weekends and holidays? The Charles Wagner Post No. 321 American Legion decided to assist the Chamber of Commerce in their American flag program, and through the cooperation of the TOB, flag holders were installed where missing and on all parking meters north of the railroad. Various organizations (patriotic and fraternal) donated toward the purchase of forty additional flags so that flags may be flown all along Broadway and, thanks to the members of the Rotary Club of Hicksville, American flags fly every Sat. and Sun. weather permitting. We commend those interested citizens who are participating in this fine community project, and thank the nice lady, who brought this to my attention . . . Mrs. Anna Brenzel.

AS I SUGGESTED, some of you have sent in the information regarding your organization's planned events for the next two months . . . THE GREATER PLAINVIEW COMMUNITY ASSOCIATION will hold its Annual Dinner Dance honoring Irwin Zolotorof, President of the Plainview Baseball League, as "Citizen of the Year". To get your reservation in for this gala annual event write to the GPCA Dinner Dance, c/o Carol Eisenstein at 8 Ruth Rd., Plainview, NY 11803 . . . then, on Sunday, May 23rd, a "Covered Dish" Luncheon will be held from 2 to 6 p.m. at the Charles Wagner Unit No. 421 American Legion, at their Clubhouse, 24 East Nicholas Street. Admission is \$2.50 for adults, \$1.25 for children under 12 years of age and \$1.50 for Senior Citizens, so, if you want to enjoy some real fellowship combined with good home-cooking, don't miss this one!

Letters To The Editor

To the Editor:

I am a student of Hicksville Senior High School. I have lived in Hicksville and have gone to Hicksville Public Schools all my life. I consider myself an active student along with many others.

For the last few years the Hicksville School Budget has been voted down the first time it has been voted on. Then, revotes are taken until the budget passes. What most people don't realize is, the only cuts that are made are in areas which are supposed to help the student. Extra-curricular activities are dropped, there is no summer school and there is no summer recreation or drivers' education.

These summer programs are designed to help youngsters. For some people summer recreation gives them an opportunity to work; for other people it provides a place to go and something to do instead of hanging around wasting time.

Extracurricular activities give us well-rounded educational experience. Without these we would go to school in the morning, stay for classes and then go home. When we stay after school we have the opportunity to develop our own interests and meet people who share our ideas. If these programs are dropped, the students are the ones who will lose.

Drivers' education provides students with a chance to learn to drive properly. Many seniors have jobs. Without a license, they would be unable to get to and from their jobs. Also, drivers' education helps these people to obtain lower insurance rates.

In a recent Letter to the Editor, Frank Willard stated that we must stop increased spending. This would mean that programs which help students would have to be cut. We should find other ways to save money.

Last year the teachers voted to eliminate regular substitutes. This was a good idea because regular substitutes often didn't even know the subject which they were supposed to teach. They ended up being babysitters. This was an obvious waste of money.

This year the new program which was adopted had teachers substituting for other teachers, during their free and prep periods. This program is simply a new version of the old system. How can a teacher teach a subject when they have never taken it themselves or don't remember it? Half of the students don't go to classes when they know that their teacher is absent. This isn't helping anyone.

Why doesn't Hicksville adopt a sub-program such as Syosset has? A variety of speakers and films would be used. This could save money while being a worthwhile program in which students could learn.

The students realize that extra-curricular programs cost money. Isn't education for the coming generation more important?

Please vote YES for the school budget, otherwise we students will suffer.

Yours truly,
Barbara Goldman, Student

To The Editor:

The School Board Budget Advisory Committee is a sham. It was my sincere hope that the committee would be useful to the school board and to the community and that my efforts on the committee would contribute to the return of fiscal sanity to school budgeting. Instead the first meeting was inaugurated by the "double fallacy" education philosophy: "bigger spending means better education and property values thus increase." Furthermore my powerful mis-

givings on the committee's role in the budgeting process were reinforced by the "business-as-usual" budget presented to the committee for review. That budget could have added up to a 3.4 million dollar increase in Hicksville's school tax liability. It was indeed an inauspicious start for the committee.

The committee is, by its very name, an advisory group. It has absolutely no policy-making function. It can only agree or disagree with amounts budgeted for each line item. It can make no decisions relative to elimination of functions or programs, or reductions of personnel or over-inflated salaries, or to increases for the lower-paid salaried employee. It is so important that it cannot even recommend budget changes unless they are "meaningful," and it can't agree on the definition of "meaningful." For example, is the purchase of a hand-held calculator for \$250 meaningful? How about a \$650 typewriter, or a \$1350 dictaphone system? Are they meaningful? Maybe it is meaningful to make the usual \$500 purchase of books for the superintendent's office? The answers depend upon whether you relate it to our present \$27.2 million dollar budget, or whether you relate it to the need to economize. There is no way agreement can be reached within the committee for it is composed of two factions with extremely diverse views. Therefore the majority rules. Since each school board member appoints 2 or 3 committee members, the majority of the committee reflects the same spendthrift views of the school board's majority.

The school board was much further ahead than the committee in the budget review. In fact, the board's action is consummated on most items before review by the committee and before its views were given to the board. To crown the affront to committee members, its chairman, when given an opportunity to reflect committee views on a subject it had holly debated, could not remember its viewpoints or its vote.

Regretfully I resign my membership on the committee for I believe it will be used by the board as a lion in leading the budget charge to the voters. But the lion has no teeth, no claws, and roars backwards like a timid cat. The committee can serve no

useful purpose other than as a smokescreen for a bloated budget when it is presented for voter approval - after all, didn't a committee of citizens review it?

Sincerely yours,
Frank H. Willard

To the Editor:

One of the more popular movements to catch the fancy of public administrators, planners and some elected officials in recent years is regionalism. The traditional units of local government - villages, towns, cities, counties, and even the states - seem to have disappeared from the political lexicon. Now, one hears of the New York urban region, Standard Metropolitan Statistical Areas, the Northeast Corridor, and Tri-State Regional Planning

Town Board OK's Syo Condominiums

By Gerry Kahn

Of local and significant interest at the April 13 Town Board meeting was Item No. 29 relating to the Petition of Orlando Caposianco and Samuel Wishner for a change of zone at Syosset. A hearing had been held on Jan. 20, 1976. This was for a change from Zone C and B District to E-3, (General Residence). The subject area is adjacent to the W. S. Marginal Rd. of the Seaford Oyster Bay Expressway, 640 feet north of Jericho Turnpike. The site will be utilized for 225 residential units (condominiums) at approximately 8 to an acre. They will sell from about \$50,000 to \$60,000 per unit.

The resolution was passed 4 in favor and 2 opposed.

Supervisor Burke and Councilman Carman were the two dissenting votes.

Supervisor Burke stated that he realized that the petitioners have an economic justification,

especially in today's sluggish economy. He added that the subdued public response and the bolstering job potential, the housing construction would create, gave voice to community assent. However, being a staunch advocate and proponent of the Master Plan he cast a negative vote.

Councilman Carman stated that he thought the area would not be able to handle the increase in population and traffic which the development would produce.

Other hearings dealt with amendments to the Code of Ordinances relative to Motor Vehicle and Traffic Rules, the third pertained to Building Zone ordinances dealing with Equipment on Roofs, Roadway Widths, Parking Spaces, and Restaurants in all Districts.

Mr. Gilbert Lewis addressed the Board regarding the seating

Mr. Gilbert Lewis addressed the Board regarding the seating

capacity in restaurants in a Business E zone and suggested the Board review the requirement with hopes of expanding the present limit from 75 seats to 125-150, thereby eliminating Board action on Special Use Permit Requests.

The balance of the Hearings were amendments to the Code of Ordinances, relative to Street and Sidewalk Repairs and the waiver of certain insurance requirements under particular repair conditions. The Local Law Hearing dealt with Purchase contracts TOB and the Division of Purchasing of the Department of General Services.

One item was a Finance Hearing pertaining \$15,500 expenditure for the construction of a Basketball Court at the Bethpage Community Park.

The remainder of the calendar were all resolutions that passed affirmatively in quick succession.

Accident Reports

April 9-5:20 p.m.—Cars driven by Pola Fox, 21 Eleanor Lane, Plainview, and Lester Keller, 23 Russell Park Rd., Syosset, collided on the Long Island Expressway, 1/4 of a mile west of exit 40. Pola Fox suffered head pain and was taken to Syosset Hospital. Lester Keller complained of knee pain and refused medical attention.

April 12-4:07 p.m.—A car driven by Salvatore Fezza, 52 Myers Ave., Hicksville, and bicyclist James Carson, 33 Indiana St., Hicksville, were involved in an accident on Myers Ave., 50 feet south of California St., Hicksville. James Carson was taken to Syosset Hospital with a concussion.

Two Holy Trinities

For three and a half years Holy Trinity Episcopal Church, Hicksville, has played host to Holy Trinity Greek Orthodox Church, which was organized in the Fall of 1972. The arrangement of two christian communities worshipping in the same building has provided a rich ecumenical experience for both congregations. Among the more interesting encounters is the celebration of Holy Week and Easter: for the Greek Orthodox according to the Eastern Rite and for the Episcopalians in the Western tradition. This year there is a separation of one week in the liturgical calendars with the Greek Orthodox community celebrating Palm Sunday on April 18, which is the Western Easter Day.

Members of the community are invited to share in the Holy Week exercises at Holy Trinity Episcopal Church. On Thursday (Maundy Thursday) evening there will be a commemoration of the Last Supper at 7:00 P.M., including the ancient ceremony of the foot washing. Following this Eucharist there is a procession to the Altar of Repose symbolizing Jesus going to the Garden of Gethsemane, where he prayed until he was taken captive. A watch is set up at the Altar of Repose where visitors come for varying lengths of time through the night for prayer and meditation until 7:00 A.M. on Good Friday (April 16). The Stations of the Cross are offered at that hour in keeping with the hour when Jesus was condemned to death by Pilate. At 9:00 A.M. Morning Prayer is offered at the hour when He was nailed to the cross. From 12:00 Noon to 3:00 P.M. the three hours devotion commemorates the period with Jesus hanging on the cross and speaking seven times until his death. At 5:00 P.M. Evening Prayer is said and at 8:15 P.M. the Good Friday Liturgy is offered at the time of Jesus' entombment in the gravesite of Joseph of Arimathea. On Saturday at 4:30 P.M. there is the lighting of the new fire, the Blessing of the Paschal Candle and the attending ceremonies. On Easter Day (April 18) there is the celebration of the Resurrection with the Holy Eucharist offered at 7:00, 9:00 and 11:00 A.M. The services at Holy Trinity Church are always open to the public with Sunday School at 10:00 A.M., including nursery care.

Holy Trinity Greek Orthodox Church has a full schedule of Holy Week and Easter services with the Eastern Rite providing a grand display of pageantry in their ceremonies. A listing of their services is as follows:

Saturday of Lazarus (April 17)-Orthos 9:00-9:50 A.M. Divine Liturgy 9:50-11:00 A.M.

Palm Sunday Matins 9:15-10:00 A.M. Divine Liturgy 10:00-11:00 A.M. Service of the Nymphs 7:30-8:45 P.M.

AAL Representative Earn's FIC Designation

Juergen Weferling FIC, 5 Forest Drive, Plainview, has been notified by the Fraternal Field Managers Association of his successful completion of the fraternal sales training program and awarded the designation Fraternal Insurance Counselor (FIC).

To earn the designation, Weferling completed three examinations under the supervision of the Research & Review Service of America located in Indianapolis, Ind. The courses include studies of life insurance fundamentals, contract provisions, and their application to family financial problems.

Weferling, who began with AAL in January, 1974 as a part-time local representative,

became a full-time district representative later that same year. During 1974, he placed in the top 30 percent of AAL's nationwide field staff in insurance sales, and in 1975, advanced to the top five percent. Weferling is an associate of the H. W. Schrader Agency of AAL, Commack. He and his wife Elke attend Our Saviour Lutheran Church, Manhasset.

AAL is a fraternal insurance society, a nationwide organization of member-Lutherans and their families. Members buy insurance, take part in the Association's activities, and carry out humanitarian, service, and social projects. National headquarters are in Appleton, Wisconsin.

Commission. The regional approach to the solution of regional problems is certainly valid, but to attempt to extend this policy to all urban and suburban problems is fallacious. For example, New York City's fiscal crises have become the problems of the "New York metropolitan region" that require "regional cooperation" according to remarks by Governor Carey and Mayor Beame at a recent Tri-State Regional Conference. At that same conference, State Transportation Commissioner Raymond Schuler blithely blended regional problems, such as transportation and employment, with local concerns, such as land-use planning and housing.

Another fallacy promulgated by regionalists might be termed the "city satellite syndrome," which purports that the suburbs

(Continued from Page 4)

are dependent on the central city for their very existence. This situation has led to the "sock-it-to-the-suburbs" approach of regionalism whereby the suburbs pick up the tab for poorly administered, overblown city programs. This only serves to antagonize the local taxpayer and encourages resistance to the development of viable solutions to genuine regional problems such as mass transportation that are of mutual concern to the city and the suburb.

Local government must be willing and able to work with other municipalities and levels of government in seeking solutions to regional problems, but it must also zealously guard against its powers and responsibilities for the health and welfare of the people it serves.

Commission.

The regional approach to the solution of regional problems is certainly valid, but to attempt to extend this policy to all urban and suburban problems is fallacious. For example, New York City's fiscal crises have become the problems of the "New York metropolitan region" that require "regional cooperation" according to remarks by Governor Carey and Mayor Beame at a recent Tri-State Regional Conference. At that same conference, State Transportation Commissioner Raymond Schuler blithely blended regional problems, such as transportation and employment, with local concerns, such as land-use planning and housing.

Another fallacy promulgated by regionalists might be termed the "city satellite syndrome," which purports that the suburbs

(Continued from Page 4)

are dependent on the central city for their very existence. This situation has led to the "sock-it-to-the-suburbs" approach of regionalism whereby the suburbs pick up the tab for poorly administered, overblown city programs. This only serves to antagonize the local taxpayer and encourages resistance to the development of viable solutions to genuine regional problems such as mass transportation that are of mutual concern to the city and the suburb.

Local government must be willing and able to work with other municipalities and levels of government in seeking solutions to regional problems, but it must also zealously guard against any attempt to erode or dilute its powers and responsibilities for the health and welfare of the people it serves.

The under 16 girls, coached by Ann Camara & sponsored by The Hicksville Elks, gained their 5th win & second straight shutout of the season by beating the N'port Sea Lions 5-0 over the week-end. Scores were by P. Decker, M. Flynn, S. Humphreys & P. Conway. Most of the action was at the N'port goal and mid-field. Minor injuries were sustained by "Stretch" Dolan & "Jaws" Decker but they're listed as definite for next week. The front line Karens - Jung & Kolovich contributed greatly to the offense by passing to and assisting their teammates and Michelle Brill played a strong defensive game. EASTER POWER

Easter is a magnificent day. It is the most significant day of the entire year. It is a day of celebration...the finest clothes, lilies trumpeting their beautiful fragrance, Christian fellowship, joyful greetings...nothing can be too good for this day. A day to celebrate new hope and the possibility of living life to its fullest. God is saying to us that His blessings and love are ours. Good and even great days are now possible for us with the best of days in heaven still yet to come.

What are your needs today? What problems lurk in your life? Are you afraid of death? Are you afraid of life? Easter proclaims that you can be victorious over any problem that you might face. Victory can be yours by believing in Easter and by appropriating Easter into your daily life.

But what is Easter? Easter is power. The power of God released which raised a dead son after He had been in the grave for

three days. Many gravestones carry the inscription, "Here lies..." but on Christ's tomb are the words, "He is not here." In Joseph's garden is history's only empty grave. I believe Christ rose from the dead, and I believe the resurrection power of God is still being unleashed today.

God wants to resurrect us from whatever defeat is in our lives, and then give us a victorious life. He wants to resurrect us from a life of loneliness and gloom into one of meaning and joy. He wants to resurrect us from a life deadened by fear to a life enlivened by confidence. He especially wants to resurrect us from our own personal death into His very own personal paradise.

On the first Easter the angel said to the women, "Do not be afraid, for I know that you seek Jesus who was crucified. He is not here, for He has risen." Fear comes when we are weak, but we need not be weak, for we can be Easter people, powerful people. When we are the powerful people

of God, we can do all things through Christ who strengthens us. He lives, and God's power can be ours through the Holy Spirit. We appropriate this power as we believe in Him and receive His Sacraments.

Easter is the day we celebrate that power unleashed in His resurrection. So roll back the stone of any unbelief in your hearts, behold the glory of the empty tomb, and thrill to the power that can now be yours. Place your weak and trembling hand into His and say with Thomas, "My Lord and my God." Belief in Jesus and His resurrection is the key that delivers us from fear and sorrow. Jesus is the key to personal happiness, to peace and to life everlasting. You can know this peace, you can know this joy, you can have this power, if today you will commit yourself to Him and then say with your whole heart, "I know that my Redeemer lives."
