Community Council News

The Hicksville Community Council is composed of delegates from most active Hicksville fraternal, civic, religious, and community-service groups, clubs, and organizations along with many local residents, business and professional men.

The main purpose of the Council is to "disseminate useful information for the betterment of the Hicksville community."

Council meetings are held on the first Thursday evening of each month, October through May in the downstairs auditorium of the Hicksville Public Library beginning at 8:30 p.m.

On Thursday, April 1, the Hicksville Community Council presented two very fine programs. The first portion of this evening was devoted to an exceptionally fine musical performance by Hicksville Senior High School's Madrigal Singers under the capable direction of Mr. Charles Arnold. The Madrigal Singers are made up of juniors and seniors presently attending Hicksville High School. They are extremely talented young people who have been further professionally trained by Mr. Arnold, their faculty advisor.

The second portion of the April 1st Council meeting also proved to be highly informative as Council members had the opportunity to listen to Mr. Denis Dillon, Nassau County's District Attorney. Mr. Dillon's talk centered around the many new innovations developed by his staff since he took charge in January 1975.

For instance, Mr. Dillon's office has lessened the time spent between grand jury indictment of serious criminal violators and their actual court trials. In effect, this streamlining has resulted in

earlier convictions of serious violators and thus has lessened the time spent by criminals free out on the streets. He also outlined efforts made by his staff to inform crime victims of their rights regarding possible state reimbursement for physical harm done to them by criminals.

Both the Madrigal Singers and Mr. Dillon were well received by the Council.

Two upcoming monthly meetings remain to be completed by the Hicksville Community Council for the 1975-1976 year. On Thursday, May 6, the Council will meet in the Hicksville Public Library, 169 Jerusalem Avenue, Hicksville. The two scheduled programs will be: an updated slide presentation on the "History of Hicksville" given by Mr. Gardiner Gregory and the

1976-1977 budget presentation of the Hicksville Public School District given by Superintendent of Schools Dr. Fred Hill and Board of Education president Iris Wolfson.

On Thursday evening, June 3, the Council will hold its Annual Awards Dinner in the gymnasium of Trinity Lutheran Church, 40 W. Nicholas Street, Hicksville, beginning at 7:30 p.m. Dinner tickets are inexpensively priced at \$7.50 per person. Various Hicksville groups and organizations have already indicated their willingness to purchase tickets for this highly enjoyable evening. Anyone interested in securing additional tickets for this event should call Council President John Maniec as soon as possible at 433-9613 or 935-6858.

Friday evening April 23 at 8:00 p.m. the Hicksville Library is delighted to present the Guitar Workshop in a program of traditional American folk music. Jeff Warner (l) and Jeff Davis (r) will be the featured artists performing for this program.

This special event is free to the community, however tickets are needed for admission to the library auditorium. Tickets are available on the bookmobile and at the main desk of the library.

The library is able to present this program with grants from the New York State Council on the Arts and the National Endowment for the Arts.

Rotary Club Plans 25 Anniversary Reunion

The Hicksville Rotary Club plans a reunion of all their former members at their weekly luncheon meeting of April 29th, club president Joe De Paola has announced.

Marking the club's 25th anniversary, this luncheon meeting is one of several events planned for the current Rotary year.

All former Hicksville Rotary Club members have been contacted by mail and phone of this event to be held at the Milleridge Inn, at 12:10 P.M. on Thursday April 29th.

Persons planning to attend should contact secretary Elie Zambaka at 931-1234, 433-3331 or 433-9896.

Memorial Concert

Sunday, April 25 at 3:00 P.M. the sixth Annual Memorial Concert will be held at the Hicksville Library. This program is made possible by a grant to the library from the Music Performance Trust Fund.

The young chamber music performers who will participate in this production are all members of various sections of the

Training Orchestra directed by Paul Rudolf.

The program will include strings, woodwinds, brass and percussion group selections of traditional symphonic ensembles.

All the community are welcome to attend this free program.

New Dimensions

Mental Health Month will be observed by New Dimensions, an Adult Day Care Center, 35 Broadway, Hicksville, on Wednesday, May 5th from 1 p.m. to 7:30 p.m. A invitation is extended to all members of the community who wish to tour the facility and speak to the staff regarding its programs, aims and objectives.

New Dimensions is one of five outpatient facilities of Northeast Nassau Psychiatric Center, which is a separate community-oriented hospital on the grounds of Kings Park Psychiatric Center serving the Townships of Oyster Bay, North Hempstead, and all adolescents throughout Nassau County.

Kiwanis Square Dance, Sat., Apr. 24

The Kiwanis Club of Hicksville, Inc., a community service organization composed of more than sixty local business and professional men, will hold its annual square and round dance on Saturday night, April 24, 1976, from 9 p.m. to 1 a.m. at the American Legion Hall, Nicholas Street, Hicksville.

Tickets for this enjoyable event are inexpensively priced at \$6.50

per person. They entitle the participants to plenty of free beer, soda, snacks, coffee and cake along with more than four hours of square dancing under the professional direction of caller John Bruno.

In addition to square dancing, the Hicksville Kiwanis Club will hold its annual country auction whereby people in attendance can bid on valuable gifts and handmade craft items made

available to the auction by Hicksville Kiwanians.

Tickets for this April 24th Square Dance can be purchased at the door. All proceeds from this fund-raising endeavor are earmarked for supporting the Club's present financial obligations to past scholarship winners.

For further information contact Kiwanis publicity coordinator John Maniec at 935-6858.

Picture makes her a 58 lb. loser.

One thing's for sure. You never see yourself as others do. At least, Sandy Vargo didn't. Before she was 16, her eating had pushed her over 180 pounds. Her dad teased her about her weight, hoping she'd lose. "You'll never get a boyfriend," he'd say. But as long as she could curl up with a good book and a bag of potato chips, Sandy didn't care—until she saw that fat picture of herself in horizontal stripes.

She decided right then that she needed to slim down. So she bought a box of Ayds® Reducing Plan Candy. Taken as directed, Ayds helps curb your appetite, so you eat less and lose weight. Sandy Vargo lost 58 pounds on the Ayds plan. Now she's thinking about buying a bikini. Try Ayds. Four delicious flavors.

Medicaid Costs Soar

Nassau County government expenditures for health services increased an astronomical 550 per cent between 1950 and 1974, mostly as a result of the introduction of the Medicaid program in 1967.

County Executive Ralph G. Caso revealed the figure today in preparation for meetings this week in Washington, D.C., with key administration officials and members of Congress on the fiscal crisis confronting county governments because of escalating medical assistance costs.

"The two major health insurance programs for the aged, disabled and needy, Medicare and Medicaid, are out of control," Caso declared. "They are running at a pace far beyond the ability of our taxpayers to finance and we at the local level are totally at the mercy of our state and federal governments for help."

"One only has to look at total federal, state and local outlays for the two programs to realize that we have a runaway on our hands," he added, noting that the total cost will near the \$40 billion mark in 1977, compared to \$5.8 billion in 1967.

Caso said he will bring with him to Washington a just-completed preliminary analysis of Nassau County expenditures for personal health services over a 24-year period prepared by the county's Community Medical Services Committee. The committee, chaired by Health Commissioner Dr. John Dowling, includes representatives from the Nassau County Medical Center and the departments of Social Services, Mental Health and Drug and Alcohol Addiction.

The analysis draws the following general conclusions:

• The growth in county population is not a major factor in the upward trend in county expenditures for health services.

• The major cause of the increased expenditures is the cost of medical care services in the Medicaid program.

• The cost of medical care services to county government increased far in excess of the increases in the general Consumer Price Index for the New York area.

• Net county costs have risen sharply in recent years, despite sharply increased revenues from federal and state agencies.

More specifically, the analysis shows:

• Gross county expenditures increased from \$3 million in 1950 to more than \$168 million in 1974. During the same period the net cost to county taxpayers rose from \$2.2 million to \$68 million.

• Between 1950 and 1960, gross expenditures went from \$3 million to almost \$11 million and reflected a major increase in county population (from 673,000 to 1,308,000) and expansion of county services.

• Between 1960 and 1966, before Medicaid and Medicare, expenditures almost doubled, increasing from \$11 million to \$20 million. During this period, there was a continuing trend of increased services to a growing population (up from 1,308,000 in 1960 to 1,406,000 in 1966.)

Health Department clinic services were expanded and Mental Health increased its contractual arrangements for clinic services and started two clinics of its own.

• With the introduction of the Medicaid program in 1967, gross county expenditures jumped from \$20 million in 1966 to \$39 million in 1967.

• Between 1967 and 1974, gross expenditures more than

quadrupled-- from \$39 million to \$168 million. The sharpest increase was in the area of welfare, where medical assistance costs rose from \$16 million in 1967 to \$98 million in 1974. (The welfare medical assistance expenditure was \$110 million in 1975.)

• The increase in county expenditures reflects to a great extent the greater utilization by Medicaid clients of nursing homes and health-related facilities and the increase in costs for "in-patient" care. In this area, Medicaid expenditures more than doubled between 1970 and 1974, despite a decrease of 22 per cent in the number of eligible clients during the period.

• Expenditures for health services rose from 14 per cent of total county expenditures in 1965 to 30 per cent in 1974. In terms of "real" dollars, the per capita cost for health services rose from \$14.49 in 1966 to \$70.71 in 1974.

Caso met on March 30 in the White House with James Cannon, director of the President's Domestic Council. Caso was joined by other members of the New York State County Executives Association who also feel that welfare and medical assistance costs mandated by higher levels of government are driving their counties to the verge of bankruptcy.

Today, Thursday (April 1), Caso will testify at a hearing on the impact of rising medical costs on state and local governments being conducted by the Senate Labor and Public Welfare Committee's Health Subcommittee, chaired by Sen. Edward Kennedy of Massachusetts. Joining Caso to testify at the subcommittee's 10 a.m. hearing will be other representatives of the National Association of Counties.

Taxpayer Grievance Period

Grievance Period, an opportunity for county taxpayers to protest the assessment of their residential or business property, will be held as outlined in the county charter from May 3 through May 18, according to Abe Seldin, chairman of the Nassau County Board of Assessors.

"All property taxes - county, town, school and special districts are based on the assessed valuation of the property," stated Seldin. "We are encouraging every property owner to take the time to examine their assessed valuation and how it was determined."

Representatives of the Board of Assessors will be located at 5 governmental buildings throughout the county during the Grievance Period May 3 - 18 with copies of the tentative 1977 assessment rolls open for inspection. Property owners will be given an opportunity to examine their property record cards at the

Mineola Office or the cards will be explained to them over the phone if the taxpayer is at one of the satellite locations. Staff personnel will detail the contents of the property record card, which is the basis for arriving at the assessment figure.

The taxpayer may file a protest form during the Grievance Period with the Board of Assessors, either at its Mineola Office or through its representatives located in other parts of the county. These protests are then forwarded to an independent body, the Board of Assessment Review, where they are examined and analyzed. Taxpayers can request a personal hearing before the Board of Review to present the reasons for the protest. After weighing the facts, the Board of Review is empowered to order the Board of Assessors to reduce assessments when warranted.

"Over 220 posters, and 45,000

booklets have been distributed county-wide as part of the department's informational campaign," stated Seldin. "In addition a letter will be sent to each property owner who received an increase in their assessment for the coming year."

The 1977 tentative assessment rolls will be open for inspection from May 3 - 18 from 9:00 a.m. - 4:30 p.m. weekdays and 7:00 p.m. to 10:00 p.m. Wednesday evenings May 5 and 12 at the following locations: Oyster Bay Properties - Town Hall Annex, on Broadway in Hicksville.

All protest forms must be filed on or before May 18. Additional information explaining grievance procedure including a new brochure can be obtained by calling the Board of Assessors Taxpayer Information Bureau at 535-2790.

20,000 To Take Sunday Stroll

It's not every Sunday that 20,000 Nassau residents will take to the streets to walk 20 miles. But every Sunday isn't Super Walk Sunday for the March of Dimes. But this Sunday, April 25th!

Over 20,000 residents, young and old, are signed up to walk the 20 mile route through East Meadow, Levittown, Hicksville and Bethpage. This year's March of Dimes Super Walk will kick off at 8 A.M. from Parking Lot No. 1 at Eisenhower Park in East Meadow, as the line of marchers file out along Hempstead Turn-

pike.

Motorists are urged to avoid the westbound lanes of Hempstead Turnpike for the 5 miles from Merrick Avenue to Stewart Avenue from 8 A.M. to 11 A.M. on Super Walk Sunday, to leave the way clear for 20,000 eager walkers. In this way, March of Dimes officials hope to avoid the tie up that occurred last year when a flood of super walkers overtook the turnpike to the dismay of motorists and the delight of the walkers.

Residents along the route are asked to put out hoses and gar-

bage cans to accommodate walkers passing by their homes.

All C.B. (Citizen Band) radio operators, are also asked to cooperate by staying off the air waves during Super Walk Sunday, as very important messages will be transferred during the walk hours of 8 A.M. to 6 P.M.

Anyone who has not yet registered to join the March of Dimes march against birth defects, may still do so by calling Super Walk Headquarters at 741-4045.

Dear Friends. . .

INSTEAD of relegating that old, but still-in-good-working condition, refrigerator to the depths of the basement, or giving it the old deep-freeze six by wrenching off its door and standing it on the curb, why not put it to good use by donating it to the American Cancer Society, Long Island Division office in Melville. The Division coordinates the education, patient service and rehabilitation, and fund-raising programs for the Cancer Society in both Nassau and Suffolk. If you have a serviceable refrigerator you'd like to donate . . . or any freestanding metal shelving units . . . contact the ACS Long Island Division, 420-1111, ext. 43.

County Executive Ralph G. Caso tells me that Nassau has been chosen by the state as the pilot demonstration area for a computer network which eventually will link all 57 of the state's welfare district. "Nassau County was selected to lead the way in this project because the state has recognized the value of our advanced management procedures," he said. "Effective and efficient control of the welfare program in Nassau has been a priority of my administration." We are glad to hear this but sorry to hear that soaring Medicare costs are "forcing our County to the brink of bankruptcy." (See story on page 3).

Speaking to Long Island Lighting Company shareowners at their Annual Meeting held last week in Hicksville, Chairman of the Board John J. Tuohy was optimistic about the brightening business picture for the coming year. This, together with the promise of some relaxation of intense inflation, brings hope of relief from erosive cost pressures on the Company as well as a revitalization and restoration of the economic progress of Long Island. We hope this "hope of relief" will filter down to LILCO's consumer's bills. Or is this too much to expect?

The "Letters to the Editor" column this week contains many interesting opinions and much important information on many subjects of local interest to all of us. Remember THE HERALD encourages responsible opposing opinion on all subjects of local concern, not only on our "Letters" column, but also on any articles we carry in their reflect opinions. So don't hesitate to write us.

THAT'S ALL for this week. Stay well and remember the old saying, "Although everyone may be too young or too old for some things, no one is too young or too old for everything." SHEILA NOETH P.S. - As we go to press it is with deep regret that we report that on Wednesday Peter J. Fallon, vice-president of the Long Island National Bank died in Nassau Hospital in Mineola. Services will be held on Saturday at St. Joseph's RC Church in Garden City. Mr. Fallon will be missed by many of us here in Hicksville for he was active in many local organizations and many local causes were helped by his presence and willing assistance. More on this next week.

LETTER TO THE EDITOR

Dear Mrs. Noeth:
As stated in our letter of February 9, 1976 the following is to update the Mid-Island Herald regarding the acquisition of property for emergency parking for the members of the Hicksville Fire Department.

At that time we forwarded you a copy of a letter that the District had sent to Councilman Warren Doolittle, outlining the entire situation as to what had taken place up until that time and the proposal offered to Mr. Braun and the other concerned tenants and landlords.

A proposal by the Board to offer Mr. Braun a 15 foot easement across the rear of the Fire District property in which he could gain access to the rear of his property from the roadway under the trestle, which would necessitate an approved curb cut by M.T.A., was not acceptable to Mr. Braun.

Since that time, Councilman Doolittle has been in contact with Mr. Braun and attempted to work out an amiable solution, to no avail. Mr. Doolittle recently contacted the Board and admitted that matters have reached an impasse as Mr. Braun will accept no compromise.

At their last regular meeting, the Board discussed the matter fully and felt that they had exhausted all the options for a workable solution. The Board then voted to contact their special council, Attorney Meyer Schepcs to proceed with the petition of condemnation.

A letter has also been sent to Mr. Anthony Sinibatos, the owner of the Sweet Shop property, offering our assistance with Town of Oyster Bay and M.T.A. in the event he wishes to obtain a curb-cut to his property from the roadway under the trestle of the railroad.

George Frey, Secretary

Letters To The Editor

To The Editor:
Attempts to tape the suburbanite's pocket to bail out debt-ridden New York City become bolder and more blatant every day. Last week I noted that New York City was calling for "regional solutions to these regional problems," suggesting that the homeowners and taxpayers of the city's so-called "satellite" communities should help directly bear the expenses incurred through unprecedented fiscal mismanagement.

This same theme pervades the policies of the Tri-State Regional Planning Commission on which the suburbs are not even represented, a fact that I had pointed out more than a year ago.

More recently, another tactic to tap local municipal tills was proposed by Herbert Bienstock, regional commissioner of the federal bureau of Labor Statistics. Speaking unofficially at a New York City forum, Bienstock proposed that Federal revenue-sharing funds be funneled through regional organizations rather than going directly to local municipalities.

"So long as revenue-sharing money goes from the federal government directly to Larchmont and Teaneck and Great Neck, they will have no motive for sharing the burdens of the city," he was reported to have said. Despite his disclaimer that he was speaking unofficially, it is unfortunate that such a proposal, which is totally contradictory to President Ford's position as well as to the basic philosophy of revenue sharing, came from a federal official.

This proposal also smacks of the "carrot on a stick" approach that the federal Housing and Urban Development agency is using in its running feud with the Town of Hempstead: Approve scattered-site, low-income housing and we'll give you your community development funds.

Such attempts by a federal agency to shift the control of Town policy-making to Washington, D. C. are a deplorable attack on home rule and the sovereignty of local municipalities.

John W. Burke
TOB Supervisor

To The Editor:

An education system is in being for educating. But an education system in control of educators becomes stunted in growth and deformed in context the same as in-breeding destroys kings and kingdoms. It is the epitome of arrogance for educators to believe that only educators can operate an education system. Yet that is the philosophy -- only an educator knows what is best for a child. The devastating indictment of that philosophy lies in the proposal by the New York State Board of Regents to test all potential high school graduates in their senior year for proficiency in reading and writing at the ninth grade level with those not demonstrating the desired proficiency being denied a regent's diploma.

It is impossible to understand how such a decline in educational values could have occurred since this layman graduated from high school. Schools are still made of bricks, mortar, and wood. Paper and pencils are still being made; books are still being printed; and teachers still open class rooms to teach. What then has changed? In my view the surge of unionism in the teacher ranks has caused a big change in the attitude of most teachers from the teacher attitudes throughout and for some years after my attendance in school. Whereas professionalism

was once firmly ingrained into the teacher mold, now appearing to be indelibly inscribed thereon is the word "money". Money and education are not synonymous words. In other words, does more money expended mean better education is produced? Educators continue to insist that you only get as good an education system as you are willing to pay for, thus, you must be willing to pay higher and higher taxes for an ever-increasing, expanding, and bloated budget -- otherwise your education system will decline. In Hicksville, we keep voting higher and higher school budgets containing increases of enormous amounts -- last year reaching 2.1 million dollars. All we appear to be getting for that money is higher and higher paid educators. Since the great majority of increased money expenditures is paid for raising educators salaries and fringe benefits, are the educator administrators telling taxpayers that educator teachers are NOT NOW PRODUCING THEIR BEST, or that the teachers WILL NOT PRODUCE THEIR BEST unless they are paid higher and higher salaries and fringes each year? If that is so, then teacher professionalism as it was once known to this writer is dead, and children have become pawns -- their education being held hostage by educators for vast yearly salary and benefit increases.

Thus it is time we examine the philosophy that decrees only educators can operate an education system. We must examine the present "me-too" school board that follows and rubber-stamps the dictates of an entrenched school hierarchy; we must examine the "me-too" school board members that follow, one-behind-the-other, the spendthrift dictates of unreasonable logic. It is time to restructure our school board by voting out incumbents and delivering control of the education system into the hands of those who believe in education with fiscal sanity.

In ending this letter, I cannot help but contemplate what the fate of our country might have been by this bicentennial year if the framers of our constitution put control of the military system into the hands of the military.

Sincerely Yours,
Frank H. Willard

To The Editor:

Like Mr. Frank Willard, I am a member of the Hicksville School Board Budget Advisory Committee. I do not believe that Mr. Willard is presenting the facts in his weekly letters concerning this committee.

Mr. Willard accuses the committee of being a "smokescreen" for a "bloated budget". In fact, Mr. Willard has set up his own smokescreen. He joined this committee, presumably of his own free will, and participated in its discussions. He has also spent many weeks attacking it, and through it, the School Board and Administration. These attacks peaked with his "dramatic" resignation which appeared in last week's newspapers.

Mr. Willard makes a great point of stating obvious truths as if they were horrifying discoveries:

o Yes, "Mr. Willard, the committee is "advisory" only. You knew that when you joined it, by its name.

o True, Mr. Willard, the committee has no "policy-making function". State education law gives policy making power to the elected Board members.

o Correct, Mr. Willard, the

Board did take initial action on budget items prior to committee review. This was clearly noted at an early meeting, and results from the far-more frequent Board study meetings. Also, the Board must complete initial budget review as soon as feasible, and will be restudying all areas.

Mr. Willard does, however, get some things wrong:

o It is not true that the committee can only "agree or disagree" with proposed budgeted dollars. At meetings I attended, much discussion ensued concerning alternative budgets for various line items.

o It is also untrue that Board members "appoint" committee members; this committee was, and is, open to any Hicksvillian. Mr. Willard is perhaps confusing this committee with previous School Board committees which had appointed members.

I do, however, agree with Mr. Willard in one respect: this committee should not in any way be used to indicate community approval of the budget. I would go further; I do not believe that the committee should even vote on items, since its members are all self-appointed.

But if Mr. Willard is sincere in his expressed hope that his efforts on the committee would be useful, it would seem far more logical for him to participate fully in the budget review, and then present a "minority report" if his views did end up in the minority, either through the committee, or directly to the people. His continuous attacks and his recent resignation, seem to me to indicate that his true concern is a campaign issue in the forthcoming School Board election.

Sincerely yours,
Eugene Edelstein

TO THE PARENTS OF THE CHILDREN OF NASSAU COUNTY

For 23 years Nassau County School Crossing Guards have been dedicated to the protection and care of the County's most precious asset -- its children. Are you aware that the proposed lay-off of 2,000 County workers, effective June 1, 1976, includes all the School Crossing Guards?

Who are the School Crossing Guards? To the children, we are protectors, teachers, nurses, substitute mothers, arbitrators and friends. As members of the Nassau County Police Department, we are responsible for insuring the safe conduct of children crossing streets and highways. We stand on our record! We perform a hazardous part-time job which releases members of the force for professional police duties. Unlike the blind Milton who wrote, "They also serve who only stand and wait", our eyes are alert for the potential threats-- the suspicious car, the child molester, the pusher. We are your neighbors with the same interest in our communities, good schools, the quality of life.

We are taxpayers concerned with maintaining property values in spite of spiraling costs. Government economy is mandated. The question is the choice of priority. The future of Nassau County will lie in the hands of its youth.

Who are we? We, too, are the parents of the children of Nassau County. Your children are our children. Help us to continue to protect them.

Joint Civic Council Becomes A Reality

In an effort to continue the unified action which Civic Associations found in their fight against the Hippo discoteque, fourteen Civic Groups met at the Plainview-Old Bethpage library on Wed., April 21st.

In the meeting, called by the Greater, Plainview

Community Association, president Paul Eisenstein, representatives from Woodbury, Syosset, Massapequa, Bethpage, Farmingdale, Jericho, Hicksville, Old Bethpage and Plainview agreed to the formation of the Town of Oyster Bay Joint Civic Council. The new group

will serve as an umbrella organization for all of the local civic associations and will provide a forum for the discussion of local and town-wide problems. Although the Council itself will not take positions on various issues, it is anticipated that individual associations will be willing to go to the assistance of other association, after a full discussion before the Council.

A second meeting was planned for June 3rd, Thursday, to be hosted by the South Woodbury Taxpayers Association. At this time it is hoped that the associations will adopt a set of by-laws.

K of C Surprise Party

Past Grand Knight Harry J. Henderson, from Joseph F. Lamb Council No. 5723 Knights of Columbus, Plainview, was honored by his fellow Knights and friends Saturday evening, April 10, by a surprise going away part

A crowd of over 170 people were on hand at the Joseph F. Lamb Council Hall in Plainview to bid a fond adieu to Harry Henderson and his wife, Bernice, who are moving to a new home in Sarasota, Florida. The evening was a complete surprise to the Hendersons who seemed overwhelmed. Many small items and gifts were given to P. G. K. Henderson to express the gratitude of the Lamb Council for all of the many things he has accomplished for the council.

Harry Henderson, who served as Grand Knight of the Joseph F. Lamb Council during the 1974-75 Columbian year, was a moving force in helping to further the efforts of the Council to obtain a new council home. Together with P. G. K. George Capalongo, and many of his brother Knights-Harry Henderson spent countless hours in the construction and renovation of the Lamb Council Hall, bar and other rooms. The Hall, which is located at 1139 Old Country Rd. in the Waldbaum Shopping Center in Plainview, is fast becoming one of the "show places" on Long Island.

P. G. K. Henderson has been a resident of Plainview, living at a home on Ontario St., for over twenty-three years. Together with his wife, Bernice, and his father-in-law, he intends to be partially retired but will still be active in Knights of Columbus affairs. His daughter, Nancy, is a school teacher in St. Petersburg, Florida. Needless to say, all the men of the Joseph F. Lamb Council, together with the present Grand Knights, Peter B. Volpe, wish the Hendersons "God speed" and "all the luck in the world."

Intramural Soccer

BANTAM DIVISION
Despite strong winds the Boy's Intramural season got underway with a great start.

New York coached by Steve Fiorio tied Marco Polo 2-2 with goals scored by J. Lauritsen and R. Cook.

New Jersey coached by Duke Youngs also tied Minutemen 1-1. A. Sgaraglio scored with an assist by J. Youngs. Goalie S. Massiello made some beautiful saves to keep the game a tie.

Coach Tony Cripps and his team Pennsylvania suffered an upset when the Tigers won 4-0.

New Hampshire coached by Jeff Lagos shut out Nick Lavacca's South Carolina 5-0 with 2 goals scored by J. Magner. The other goals were scored by M. Piscolare, B. Althaus and G. Grusso. P.I. Lagos and F. Freyksen both were credited with two assists each.

Ken Rice's North Carolina fought a hard game but were beat 5-0 by Stars United.

California coached by Tom Hughes did a fine job to hold the Bull Dogs to a tie, but in the last minutes lost by 2-1.

BOY'S DIVISION

In the boy's Division's seasons opener Vermont defeated Island Trees County Sports by a score of 2-0. J. Stafford punched in a goal midway thru the final period and P.I. Harkins scored another shortly afterward. Great defense was provided by goalie J. Holm, Fullbacks, W. Herzberg and D. Chow, and halfback J. Dey. In Florida's game against Island Trees Cosmos, Florida won 3-0. The credit for the victory goes to the entire team: D. Galloway, R. Busch and K. Kelly scored with assists by A. Traficante, W. Baumann, E. Reilly and A. Podlesski. The defense: R. Sieveling and M. Murray gave goalie M. Hopkins the Day off. T. Mularchuk kept midfield moving.

Hicksville Varsity & Jr. Varsity Baseball

This years Comet Baseball Squad has fine depth through-out, with a young but potentially strong pitching staff led by ace Doug Mizzi; and on-coming Elliot Rosi & Tom Markstiener, all Juniors. The hitting is led by returning Seniors Rick Maresco, voted out Honorable Mention Team Division One last year; Charley DiSalvo, voted the teams Best Defensive Player; and power hitting clean-up man, Steve Farrell. If the team puts it all together, it should definitely be a strong contender for the North Shore Division One Championship.

Live Theatre At Woodland Ave.

The fourth, fifth and sixth graders at Woodland Avenue were treated to a delightful theatrical experience in their school on April 13.

The Town of Oyster Bay's CAPA Artist in Residence Series, presented The Cartoon Opera Minstrel Theater for the children. There were three very talented young people who combined

singing, acting, mime and dancing to create living cartoon stories.

Some of the children had never seen live theater - most of the children had never seen mime and folklore stories presented in this manner. They especially enjoyed the electronic musical effects and other unusual musical instruments used to illustrate the stories being told.

HJHS Shows, May 1 & 8

The Hicksville Junior High School Dramatics club in association with the P.T.S.A. will be presenting another first. At two P.M. on both of these Saturdays they will be sponsoring a children's theater production of SNOW WHITE AND THE SEVEN DWARFS.

The production will be directed and done entirely by Junior High School students. Suzanne Putnam will be Musical director. Caroline Balek and Michele Harvey will serve as student directors.

LETTERS (Continued from Page 4)

Dear Mrs. Noeth: I would like to take this opportunity to announce to your readers that I am seeking the vacant five year term of Library Trustee on May 11th, when the Library Budget and Trustee Election is held.

As your readers are aware, I have been attending Library Trustee meetings for over a year now, and have been writing to your newspaper so that the community at large could be informed as to what is taking place at these meetings. Although many of the things I have been reporting have been on the trivial side, they do serve to inform the public of what is happening and that the Library is a functioning public institution there to serve us, the community. This is how I feel it should be, and I will continue to do so to the best of my ability in the future.

I feel that my attendance at the Trustee meetings has served as an informative period, acquainting me with the functions and duties of a Trustee and what is expected of one. I further feel that there have been many instances in the past year that I would have had something beneficial to add to the discussion or voting, but not being a member of the Trustees, had to "sit in silence."

As to my background in the community I hope to serve, I am currently President of the Friends of the Hicksville Public Library, elected Council Delegate of the Dutch Lane P.T.A., Cultural Arts Chairman of the Dutch Lane P.T.A.,

Recording Secretary of the Hicksville Community Council, Assistant Editor and Staff Writer of Holy Family Life and Chairman of the Hicksville Community Parks Task Force. As President of the Friends of the Library, I have been endeavoring to both inform the community and correct, if possible, any area of the Library which is inaccessible to the handicapped to whom we have a moral obligation in this regard.

May I strongly urge your readers to vote for me on May 11th. I sincerely feel I can do the job. I feel that my actions on behalf of the Community and the Library bear this out.

Sincerely yours,
Clara T. Bennett (Mrs.)
5 Petal Lane, Hicksville

Dear Mrs. Noeth: The Legal Notices in the April 15 Mid-Island Herald covered the Library Budget Vote and the coming election for the Library Trustee seat vacated by Mr. Joseph McCarthy.

I am one of the candidates for this seat. Our family came to Hicksville in July 1953. Our two children, Meryl and Keith, went to school in Hicksville and our family made extensive use of the Hicksville Public Library. We joined Trinity Lutheran Church where my wife, Iris, and I became very active in several organizations, including the Boy Scouts and Girl Scouts.

After serving on the Church Council and Board of Trustees for

15 years, I decided to branch out further into the community. Iris and I became involved with the Hicksville Community Council where I had the honor of serving as chairman of Religious Activities, and then as president for 3 years, 1972 - 1975. During this same period, I served on the Ecumenical Council. I also coordinated the May 20, 1973 celebration of the 325th Anniversary of the Robert Williams Purchase.

Several years ago, I was invited onto the Board of Trustees of the Gregory Museum where I serve as chairman of the Policy Committee.

On June 30, 1975, I accepted early retirement from IBM, after 38 years of service with the Field Engineering Division. Since July 1, 1975, I have been working at the museum as assistant director.

I encourage the citizens of Hicksville to study the proposed library Budget and make their decision on May 11 to allow the Library to continue the outstanding service it makes available to the community.

If elected as Library Trustee, I intend to listen carefully to all discussions and proposals at Board Meetings, with an open mind, before making any decisions as to what I feel will be best for the operation of the Library for the benefit of the citizens of Hicksville.

My friends and neighbors have encouraged me in this endeavor. Your support, along with theirs, and that of your readers will be greatly appreciated.

Sincerely,
Siegfried R. Widder

HCBE Hears Mr. E. Rozran On "Parents Right To Know"

By Ken Rudin
HCBE President

Can the subject of school personnel records excite the interest of Hicksville school parents? Apparently yes. At the April 8th meeting of HCBE (Hicksville Citizens for Better Education), at the Hicksville Public Library, Mr. Erwin Rozran, Hicksville's Assistant Superintendent Pupil Personnel Services spoke on the subject, "The 1974 Freedom of Information Act - The Parents Rights and the School Districts Responsibility".

Mr. Rozran's remarks emphasized that the 1974 law, mandated reasonable access to all public records, including school records, posed no difficulty for the Hicksville school district. In fact, parent access to their child's personnel records has been a district privilege for the past 20 years. As a result of the new law, however, the district, anticipating the possibility that parents would seek access to their children's records in great numbers, set up guidelines to inform teachers of the proper form for commentary to be inserted in the records.

After his initial remarks Mr. Rozran accepted questions from the audience and was peppered with numerous questions from an enthusiastic audience until library closing time.

Mr. Rozran emphasized that he felt all parents should ask to see their children's records. He also noted that relatively few have taken advantage of this opportunity.

The process of examining your child's records consists simply of

making a request, prior to a visit by the parent, via the guidance counselor, prior to a visit by the parent, via the guidance counselor or school principal. No reason is required to be given. All of a child's records are available for review by the parent with an administrator in attendance to assist in the interpretation of the record.

Record Keeping Begins Early

From the time a child enters school a Cumulative Record Card is opened containing records of attendance, health, speech, reading, behavior, etc. The presence of a green sheet in the folder indicates additional test results (I.E. Learning Disabilities Testing) is maintained in a separate file. The intent is that the records retain all material considered relevant. Individual records retain all material considered relevant. Individual records are examined after the 6th, 9th, and 12th grades to expunge materials no longer considered relevant.

Along with the Freedom of Information Act, Mr. Rozran mentioned the Family Educational Rights and Privacy Act of 1974 which required that such records as test scores, teacher evaluations and counselor comments be made available to parents and student over 18 to correct inaccuracies.

The act requires parental permission before personal records are provided to others such as colleges or employers. Then, only specific information requested is sent. Exceptions to this requirement are school personnel, federal administrators, or subpoena.

Most of the questions from the audience dealt with inaccuracies in the records or with subjective remarks concerning the child or the parent. Mr. Rozran declared that there is a delicate balance between protecting pupils rights and meeting the schools need to know more about pupils. He was aware that comments were sometimes less than objective.

Mr. Rozran himself has examined records to ascertain the objectivity of comments. The right of parents to comment on these records is an additional tool to maintaining their objectivity. If parents feel that their child's record is not relevant, or objective, and cannot resolve the problem at their local school, they should contact Mr. Rozran's office.

Spanish For Job Opportunities

Raymond Rusch, Principal, Hicksville High School; Vera Galante, Foreign Language Supervisor; Morton Spillinger, Associate N.Y.S. Department of Education; and Irwin Rozran, Assistant Superintendent, are elated over the State approval of Spanish for Job Opportunities.

Spanish for Job Opportunities has received approval from New York State Department of Education to be offered in lieu of the third year of Spanish at Hicksville Senior High School. A student taking Spanish II now has a choice of either taking the regular Spanish III course or Spanish for Job Opportunities. A student can use this course to complete a three year sequence in Spanish. In lieu of the III Year Spanish Regents Examination the student takes a state approved examination.

Mr. Spillinger, Associate in Foreign Language Education of the New York State Department

of Education, visited Hicksville on April 12 and 13. Mr. Spillinger was impressed with our students and the course. He stated, "It is practical and realistic because students can see its (Spanish) applicability and the community will be able to profit from their acquisition of skills."

Hicksville will be used as a State model for this type program. Mrs. Galante, Foreign Language Supervisor, stated, "I am extremely pleased. All students, college bound or not, should have the opportunity to acquire a language skill, thus increasing their ability to obtain employment."

Mike Zaack came up with a very interesting point, it concerns the child of a Veteran. The read of a column that I could not possibly remember, however the gist of it is once a child of a Vet. He remains one always, whatever may happen to the parents the child's category remains the same and is entitled to certain benefits. Just thought you might like to know.

We accepted a group of new members at the last meeting. John Moses Duncan McLean, Jim Culbertson, Si Goldberg, and Mike Ciadella, who has past County Cmdr of the American Legion. These five are old war

horses from WWII. We also accepted a young tiger, Mike Lesone. We of our Post, are happy to have you as comrades, and sincerely hope you get active enough to enjoy your Post and it's activities.

Any one interested in the Bicentennial flag or the Bennington flag, which we have adopted, Vinnie Edwards says he has a few left. We had to keep ordering these flags continuously they were in such demand.

Being that our Post Cmdr Joe Normandy's term is almost over, it goes without saying that our own Harry Wurth's term is also ending as County Cmdr. County installation will be held in Albertson on June 5th, the reason for that is Bob Morgan the next County Cmdr. comes from that Post, while on the subject of County, our own Joan Chwalisz is next on the list for the high office of Pres. of Nassau County Aux. It is customary to have a joint installation, so you can be sure a large group of us will be heading for Albertson that night. Our Post is really well represented in

County. There is a good possibility Ed Chwalisz will be next Jr. Vice Cmdr. there.

July 31st, is a Mets day game for the kids. We don't have the age group yet but it's limited to forty children. If your kids are interested, you'll be getting a newsletter soon with all the information. Mike Monteleone is the man to get in touch with. The home team will be playing the Phillies, a Met game is always a good game regardless of who they play.

If you have anything interesting to put in the monthly Frank Blesi will be very happy to do it.

A little good news, Al Kreigle is feeling better, and finally getting out of the hospital, and a little bad news, my old friend and comrade Chick Masone is in Central General Hospital ailing. A little word of cheer goes a long way. Come on Chick lets be a good boy and make a quick recovery.

The next meeting will be April 26th, why not come down and help us elect our new slate of Officers. Hope to see you then.

Chain Letters

Fraudulent chain letters have been around for many years, but odds are better now that you may receive one, this time with a Bicentennial theme, according to Postmaster V. M. MURELLO.

"A scheme, which involves the mailing of U.S. Savings Bonds, has shown up in major urban centers of Massachusetts, Rhode Island, Maryland, Virginia and Florida."

"The letter with the Bicentennial gimmick urges those receiving it to mail \$2.00 - \$1.00 for each 100 - to the person whose name is first on the list in celebration of our nation's 200th birthday," our Postmaster explained.

"Chief Postal Inspector C. Neil Bental has informed us that actual profits from chain letters are usually obtained only by those who originate or enter the scheme very early," he concluded.

For example, a chain letter requiring each purchaser to send copies to six others would theoretically reach the entire literate population of the earth by the time it reached its 12th link.

On the other hand, so-called chain letters which call for nothing more than recipes, picture post cards and the like, are ordinarily considered to be mailable because the items sent do not constitute a "thing of value" under applicable law. However, postal cards involving "good luck" chain prayers that contain a threat of bad luck to those who break the chain are prohibited because it is against the law to place threatening matter on the outside of mail.

The fact that chain letters are not mailed does not exclude the scheme from being a violation of law if the scheme involves the mailing of bonds or other valuable items.

Postmaster Murello cautioned the public to be especially alert for numerous current chain letters which contain a claim that

they have been reviewed by some legal authority and officially approved for mailing.

"This is not true," and I would appreciate having all chain letters received in this area promptly turned over to me or Postal Inspectors so that we can help protect the public from this illegal activity."

Booklet On Colonial Costumes

Town Councilman Warren M. Doolittle announced the availability of a limited number of booklets offering instructions on the creation of colonial costumes.

Residents and organizations planning to attend or to conduct colonial costume balls, parades or other appropriate Bicentennial events, might be interested in obtaining a copy of the booklet, which has been put together by the Oyster Bay Town American Revolution Bicentennial Commission," Doolittle said. "It offers some basic instructions on the creation of colonial period men's and women's clothing. It also offers some economical hints that will enable residents to keep down the costs of such creations."

While some knowledge of sewing is necessary, according to Dorothy Horton McGee, Commission chairman, "we prepared instructions to keep the project as simple as possible."

To obtain a copy of the booklet, residents can make their requests by writing to the Town of Oyster Bay American Revolution Bicentennial Commission, Town Hall, Audrey Avenue, Oyster Bay, New York 11771. Due to the short supply, requests will be handled on a first-come, first-served basis.

"Closing Park For One Day A Mistake," Levine

Former Assemblyman Stuart Levine of Bethpage, a Republican candidate in this year's legislative race, has forwarded a letter to Gov. Carey demanding a review of the decision to close Bethpage State Park one day a week in the interest of economy.

"While I commend the effort to save precious dollars in this time of fiscal crisis, I must criticize the folly of sweeping decisions that are not properly researched. For instance, the closing of this park will result in a loss of more than \$200,000 annually, possibly as much as \$300,000," Levine wrote.

The former legislator said he reacted immediately to the news, that the park would be closed to save money. He visited the

facility to reaffirm his knowledge that Bethpage State Park is one of the best revenue sources in the state park network because of its heavy traffic of golfers.

"This park, which might be the world's busiest golfing facility," he asserted, "has waiting lists seven days a week when weather permits. To deprive its patrons the use of the property while also losing money is an ill-conceived and self-defeating policy that should be reversed. You should have been better advised before taking this action," Levine stated.

He explained that the golf courses generate approximately \$4,000 in fees on a typical Tuesday in the cooler months and upwards of \$8,000 for the six or

seven better months. There is additional income from the driving range and the sale of food and golf equipment, he added.

Closing the park on Tuesdays, which the state administration has ordered, will realize a payroll cut of only \$600 per day, according to sources at the park since maintenance and other staff services must continue, Levine learned. Only the starters and golf rangers will be affected by the reduction of hours, he was told.

"In view of these facts, I ask you to order a study of the situation and to reconsider the decision to close Bethpage State Park. The state needs the money and the golfers need the access," the Levine letter concluded.

County Dems Drafting Platform

Nassau County residents are being invited to submit their recommendations for planks in the Nassau Democratic County Committee Platform.

"A platform should reflect the input of those who reside in the political sub-division," said Dr. Edward Schiller, Chairman of

the Democratic County Committee Issues Committee. "This year the platform will primarily address itself to state and national issues. Accordingly, we would welcome suggestions from those who reside in Nassau County."

Those wishing to make

recommendations are requested to do so in writing and to forward them to Dr. Edward Schiller c/o Nassau Democratic County Committee, 240 Mineola Blvd., Mineola, N.Y. 11501.

In accordance with the policy of the Democratic County Committee the Platform Committee will submit a draft to the Policy Committee of the County organization for their examination with the final draft being submitted to a convention of the Nassau Democratic County Committee for their consideration.

Fashion models will be members of the League.

Proceeds will help to pay off the Leagues pledge for a Telemetry Room Donations \$8.50. Reservations limited. Call Mrs. James Celestino 921-2092 or Mrs. John Cartiglia 921-1454.

BOCES Board Meeting

The BOCES Board of Education will meet on Thursday, April 29, at 8:15 p.m.
