## **Hicksville Bicentennial Ball**

By Sieg Widder, Bicentennial Co-Chairman

Final arrangements for the Hicksville Bicentennial Ball at St. Ignatius Loyola Old School Hall on May 21 are well underway. Co-chairman Dick Evers and Ann Gregory of the Gregory Museum, sponsor of the gala event, report that ticket sales are

mounting.
This is a once-in-a-lifetime affair, the nation's 200th birthday dance and more and more people want to be on hand for the celebration", Mrs. Gregory believes: Organizations whose members will be present, so far, at the ball with tables include the American Legion and Veterans of Foreign Wars and their ladies, the Hicksville Elks Club, Knights of Columbus, Sons of Italy, Parent-Teacher Association units and Scout Troop leaders. The Ball Co-chairmen ask that Ball Co-chairmen ask that organizations and family groups or individuals desiring tickets make their ticket returns or purchases as soon as possible to Mrytle O'Toole at the Gregory Museum or by calling 433-8148 or Wells 1-0667.

Tickets are selling for \$7.50 per person, and this price includes refreshments, beer, set-ups and the music of Joe Testa's Band.

Members of the St. Ignatius Loyola parish organizations are working with the Bicentennial

Ball Committee on refreshments and decoration of the largest private hall in Hicksville, a supurb setting for a spacious dance.

for those excited over the option and challenge of attending the Ball in a costume, Dick Evers reminds all revelers that, "any type of attire from America's 200 years of history will be acceptable. Starting with Revolutionary Period patriot and Redcoat and Hessian uniforms, one may put together or rent: 18th century gowns; simple dresses, aprons and mop caps (oridnary female dress); buckskins and minutemen outfits; pirates and tar's garb; somber clergymens' duds or Quaker dress. Costumes may be rented from Ruth Frank on Broadway, Hicksville, or one may write or visit the office of the Town of Oyster Bay Bleentennial Commission at Town Hall to obtain a copy of "Bleentennial Costumes: make your own", a free illustrated booldet.

But, don't let a costume keep you from being on hand for a truly historic evening in Hicksville's Bicentennial Year. Come on out and join in our tribute to our wonderful nation."

## **Councilman Doolittle To Become Judge**

Nassau County Executive Ralph G. Caso has appointed Oyster Bay Town Councilman Warren M. Doolittle to a vacancy on the District Court bench.

The Nassau Board of Supervisors will be asked to approve the appointment at its Mineola meeting on Monday, May 17.

Doolittle replaces Judge Ralph Diamond, who was elected to the Family Court. Doolittle will serve until the end of the year. The position will be on the ballot this November.

Doolittle, 53, lives in Hicksvillewith his wife, Lois. They are the parents of three children. He was appointed to the Dyster Bay

appointed to the Oyster Bay Town Board in 1970 and has been twice re-elected to four year terms. He is chairman of the town's Committees on Community Services and Drug Abuse and Alcohol Control and serves

the town committees on parking

Doolittle is a graduate of St.
John's University and its Law
School. He spent seven years as a
trial attorney before entering the
Nassau District Attorney's office
in 1956. He served 13 years as an
assistant district attorney in the
District Court, before the Grand
Jury, and in prosecuting major
felony cases in the County Court.

Doolittle has been active in many community organizations in Hicksville including the Community Council, Dads' Association of the high school, the Allied Community Civic Association and the Tri-Parkway District Boy Scouts.

He is a member of the Masons and is a former vestryman of Holy Trinity Episcopal Church of Hicksville.

# Picture makes her a 58 lb. loser.

One thing's for sure. You never see yourself as others do. At least, Sandy Vargo didn't. Before she was 16, her eating had pushed her over 180 pounds. Her dad teased her about her weight, hoping she'd lose. "You'll never get a boyfriend," he'd say. But as long as she could curl up with a good book and a bag of potato chips, Sandy didn't care—until she saw that fat picture of herself in horizontal stripes.

She decided right then that she needed to slim down. So she bought a box of Ayds® Reducing Plan Candy. Taken as directed, Ayds helps curb your appetite, so you eat less and lose weight. Sandy Vargo lost 58 pounds on the Ayds plan. Now she's thinking about buying a bikini. Try Ayds. Four delicious flavors.

### Letter To The Editor

To the Editor: There is a need for construction work on Long Island. Investors are entitled to a reasonable return without having to abide extortionate real property tax

The solution to this problem is not in generating more traffic on Jericho Turnpike in the Syossel-Woodbury area There will ultimately be demands to have substantial multiple residences erected from Woodbury Road to Route No. 106. It is conceivable that such buildings can easily generate a population in that area alone of ten thousand people plus. The long range costs to our sewer program occasioned by heavy concentrations of people in heavy concentrations of people in given areas may require revising the sewer program so that capital costs will have to be increased immeasurably. In the field of solid waste disposal, the Town has grappled with vigor. We currently have 370,009 people in the Township. How much more heavy population concentration can we support without sub-stantial capital investment in the solid waste disposal area in order to support these needs

On the other hand, it is not enough to say "no" to a requested zoning change. Constructive alternative economic proposals should be set forth. I, therefore, suggest that a moratorium on real property tax increases for the next five years be considered for the Bi-county Region. This can be accomplished by:

1. economies in local government by the nationalization of

welfare standards and by forcing local government, should it be absolutely necessary, to petition the Legislature for alternative methods of taxation. Such alternative methods will not be easily granted and will obviously cause local government to be chary in seeking increased

2 Lower interest rates for home mortgages and other types of construction should be sought

3. We need to study how to limit high utility rates through the use of tax incentives and outright federal grants to enable utility companies to meet future capital demands as well as to

capital demands as well as to enable our local population to amortize the costs over a long range period so that they will not be rendered bankrupt.

Business is leaving our community and state. We live in one of the richest areas in the world but we camfot seem to keep costs within reasonable bounds, Leadership is vitally needed in this area. I will comment and specifically address my attention to these issues in the weeks and months ahead. I hope that the residents will come forward with suggestions and sensible alternatives.

If business, labor and general It business, labor and general productivity are discouraged as they are being discouraged today, I see little chance for the New York metropolitan area showing any economic produc-tivity in any meaningful sense within the next ten to fifteen

## 'Landmarks' Designated

Oyster Bay Town Councilman Howard T. Hogan, Jr. announced that the Town Board designated eight structures within the unincorporated area of Oyster Bay as landmarks, thus giving practical application to the Town's Landmark Preservation Ordinance during "Nat Historic Preservation Week

Hogan, principal author of the legislation under which the landmarks were designated, said "the Town has demonstrated a reasoned and valuable com-mitment toward the preservation of local structures of special historic significance" in apmstoric significance" in ap-proving the designations at its May 11th meeting. Noting the "National Historic Preservation Week" is being recognized throughest.

Noting the "National Historic Preservation Week" is being recognized throughout the United States between May 9-15. The landmarks were the landmarks were designated at the recom-mendation of Oyster Bay's Landmarks Preservation Commission, which cited the structures on the basis of their special character, historic significance, aesthetic value and uniqueness of architectural design. The designations were the subject of a public hearing conducted by the Town Board on April 27. April 27.

Proposed exterior alterations, additions and repairs as well as

landscaping and demolition of the sites is subject to approval by the seven-member Commission, which is responsible for assuring that such changes are in keeping with the architectural and historic period of which the landmarks are representative.

Owners of the properties are eligible for reimbursement of General Town, Part-Town and Highway taxes, an incentive offsetting the loss of ownership prerogatives which accompanies landmark status. Four of the approved structures are already tax exempt; maximum reimbursement for the other four totals less than \$700 under current assessments.

## **New Motion Picture**

LULCO has announced the public release of a new color, motion picture focusing on the history of Long Island from colonial times to the present. Titled, "It Happened on Long Island," the film is LILCO's contribution to the local Bicentennial observance and is being made available to schools, libraries, community and rivice. libraries, community and civic groups.

In the film, Long Island's history is traced as it relates to the nation's development. Utilizing paintings, artifacts, local dialects, poems and songs authentic to the times depicted, the film is designed to instill a feeling of pride among Long Islanders in the rich heritage of their community. The 27 minute film was produced for LILCO by Saxton Graphics Associates of

Whitman era, Teddy Roosevelt's time, Lindbergh's flight and the post-war development. The film concludes with a tribute to Long Island from the people who live and work here.

and work here.
With 109 towns and villages on
Long Island, It became evident
over the last year that it would
not be feasible for LILCO to
respond to each of the many
requests it received to take part
in all of individual local Bicenlennial responses for in all of individual local Bicen-lennial programs planned for 1976. Instead, it decided to make a single, long lasting contribution to the community that will be of value even beyond the 200th birthday of the nation. The Company believes this to be a meaningful way to observe such an important occasion.

Appropriate for most age levels, "It Happened on Long Island" can be obtained for school groups by contacting the Nassau or Suffolk BOCES film libraries. "It Happened on Long Island" opens with scenes of Long Island in its natural state before the arrival of the colonists. Other film highlights include depictions of Long Islanders active in theRevolution, the paintings of William Sidney Mount, Sag Harbor as a great whaling port, the

## **News From** St. Ignatius School

In September of this school year, St. Ignatius School had the year, St. Ignatius School had the unique privilege of enrolling five Vietnamese students, the Doan girls, into our school. The Doan family resides in Hicksyille and are member of St. Ignatius Loyola Parish. Facing us was an overwhelming concern regarding the education we would be able to give them and how secure we would be able to make them feel in a new land. The language barrier was our first hurdle. With barrier was our first hurdle. With the help of Sr. Roseann McHale, Principal, and two members of Principal, and two memoers of the faculty, a program to teach the girls English was set up. A dedicated group of volunteer mothers were brought together to be familiarized with the program and then in no time at all were on the job.

Each day volunteers would come into the Learning Center for an hour and instruct the girls on a ratio of one-to-one or two-to-

one. Through the love and concern of these mothers the program flourished. Before long we received four more students.

In March, 1976 we were made aware of monies available from the U.S. Government that could be used to instruct the Vietnamese in scholastic education

At this writing we have a certified coordinator in charge of the program. Our faithful mothers are still with us and the girls are very happy with us here at St. Ignatius.

## Cub Pack 293 By Jeanne Morgan

May 6. The program for our Pack Meeting was fun and games for the Cubs. They participated in relay races, passing a basketball and football overhead and behind their backs and "Steal the Bacon". It was a non-competitive night where only the cubs' agility and funny bones were put to the

test.

The pinewood derby cars were passed out at the May Pack Meeting. This is our annual father-son project. The boys will race their completed cars at our next Pack Meeting (June 3). The Pinewood Derby is always a highlight of the Cubbing year and we are hoping that all parents will be there to cheer their son on. Prizes will be awarded to the first five place winners.

While the Webelos are still

While the Webelos are still talking about their last over-nighter, plans are being made for the Webelos Camporee (June 11-13) and the Pack Father-Son Overnighter (June 25-26). Please let your son's den mother know as soon as possible whether or not soon as possible whether or not your son will be the Pinewood party will be the Pinewood porty. We are hoping for a big furn out. We also welcome all boys 8 years old or who have completed the second grade and would like to become Cub Scouts to each overnighter will be approximately 85.00 per person (depending on how many will be going). The site of the overnighters is Camp Wauwepex, near Wading River, L.I.

SCIENCE FAIR: On May 6 the St. Ignatius Science Dept held its Annual Science Fair and Competition in the school auditorium. The fair was conducted by the science coordinators, Mr. Charles Gambino and Miss Maureen Quinn.

A ten-week preparation period gave the young seventh and eighth grade scientists ample time to prepare for the Fair and Competition. The faculty of St. Ignatias was asked to judge the finalist's projects which had to meet these criteria: creativity, originality, knowledge of subject and presentation.
