## Arson Blamed For Five Local Fires

By Ex-Capt. Owen Magee

The entire Hicksville Fire Department was called out early May 18, 1976 when a series of garages fires occurred, all within several hours of each other. The fires were deliberately set by unknown person or persons. The first alarm came in 12:39 AM for a garage fire at 19 Winding Rd. When firemen arrived the fire was moving swiftly through an attached garage which contained a car. Vamps were confronted with a heavy smoke condition upon arrival. The fire was spotted by a passerby and a county police roving ambulance. The occupants were alerted and evacuated the dwelling. The fire caused an estimated \$9,000 damage.

One minute later a garage fire was reported around the corner at No. 9 Plover La. A 2nd alarm was sounded and the Jericho Fire Dept. was called in to stand by. The Plover La. fire was fully involved upon arrival and caused an estimated \$12,000 to the garage and car it contained. At 1:00 AM a fire in a shed was reported at 194 Tenth St. Hicksville vamps brought that blaze under control in a few minutes but \$600.00 damage was done. At 1:19 AM Jericho firemen were called out to investigate smoke at 180 W. Nicholia St. no

fire was found.

2nd Asst. Chief James Huttie at this time had fire units patrol streets looking for fires as residents slept on unaware of the events taking place. While on patrol firemen found a garage fire at Jerusalem Ave & 1st St. It apparently had just been set. Damage to that structure was set at \$50.00. Levittown firemen were called out to battle a garage fire in their district about the same time as the Hicksville fires started. Hicksville units continued to patrol the area till after 3:00 AM.

At 5:40 AM a general alarm was sounded for another garage fire this time at No. 12 Winding Rd. Damage to this 2 car garage was put at \$1,200.00. Fire officials suspect this fire was started earlier but smoldered for several hours before spreading.

At 6:48 AM another general alarm was transmitted for a fire at Nathans Restaurant on No. Broadway. A fire there, believed to have been caused by an electric heater which spread to rubbish nearby caused an estimated \$14,000 damage mostly to food. A sprinkler did go off and confined that fire until employees spotted it and called firemen.

Meanwhile Asst. Chief Huttie ordered units out again to patrol

the residential areas south of Old Country Rd. for more fires. In several hours \$36,850 fire loss was suffered. Chief Huttie thanked county police for their assistance. One vamp suffered an eye injury and county police of the 8th Pct. took him to the hospital for treatment. The County Fire Marshal's office sent out an investigator to check the fires for evidence.

#### Fire Report

During the period May 11 thru May 18 Hicksville vamps answered 28 alarms. There were 17 fire calls, 6 rescue calls and 5 malicious false alarms. The false alarms came from the following locations: Nevada St. & Belmont Pl., Jerusalem Ave. & W. Marie St., Abbot La. & Ash La., Broadway & Cherry La. and Our Lady of Mercy School - So. Oyster Bay Rd.

#### Parade Awards

Hicksville Fire Dept marches in the Bicentennial Parade at Eisenhower Park won awards for best appearance The Ladies Aux. won a 1st place award in their spanking new red uniforms and the men of the department won a 2nd place Best appearance award. The parade took place Sat., May 15th. Next parade will be Memorial Day - May 31st.

## At The School Board Meeting

By Marge Marcus

The May 11th School Board Meeting had all members of the School Board present and the entire Administrative Staff. Before the meeting got underway Mr Bruno requested that a motion be made that he be allowed to use his own copying paper to get data from the school records free of charge. At present all data requested is available to residents but there is a service charge to cover costs. The motion was defeated by the Board.

For the 1976-77 year some exciting new programs were announced: A Career Education Materials Program - totalled funded under the EPDA Act -

geared toward the Child Care Worker, Dental Hygienist, TV Servicing, and the Commercial Artist. Under the NDEA Title III Program a Reading Laboratory costing \$7,364 - with Hicksville only paying 50 percent of the cost. The State Education Dept. ESEA Title IV proposes a Reading Center with visual materials, books, and learning tools. These programs will benefit all grade levels in an important realization of reading needs.

The meeting was halted with certification of the Library Budget Vote and Trustee announcement. The news of passage was proclaimed.

Three teachers will be retiring after many years of service. In the High School are Mr. Cunningham and Mr. Ellsworth from the Math and Industrial Art Depts respectively. Mrs. Cunningham of the Jr. High Physical Ed. Dept. will also retire. Mr. Brown was requested to delay his Sabbatical leave to meet the needs of the H.S. Math Dept. Motions to table tenure requests and insurance bids were approved. All PTAS, Council and Community Groups were given permits to use our schools with waiver of any fees. A request for such a permit may be obtained

**FLAG PRESENTATION TO G.O.P. CLUB:** A gala time was had by all as a very happy crowd enjoyed the cocktail-party and dance held by the Ernest F. Francke Republican Club of Hicksville, last Friday evening, May 14th, at the Old Country Manor in Hicksville.

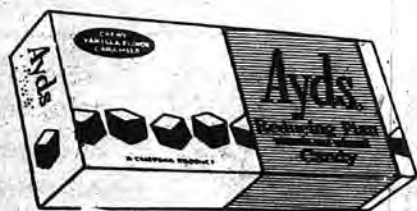

One of the features of the evening was a presentation to the Ernest F. Francke Republican Club, by Congressman Norman F. Lent, of a flag that has flown over the capitol in Washington D.C. shown in photo are: (left to right) Hicksville Leader Tom Gallahue; District Court Judge Warren Doolittle; Congressman Lent; Club President Robert Jackson, (accepting the flag for the club); and former Assemblyman Stuart Levine. # Picture makes her a 58 lb. loser.

One thing's for sure. You never see yourself as others do. At least, Sandy Vargo didn't. Before she was 16, her eating had pushed her over 180 pounds. Her dad teased her about her weight, hoping she'd lose. "You'll never get a boyfriend," he'd say. But as long as she could curl up with a good book and a bag of potato chips, Sandy didn't care—until she saw that fat picture of herself in horizontal stripes.

She decided right then that she needed to slim down. So she bought a box of Ayds® Reducing Plan Candy. Taken as directed, Ayds helps curb your appetite, so you eat less and lose weight. Sandy Vargo lost 58 pounds on the Ayds plan. Now she's thinking about buying a bikini. Try Ayds. Four delicious flavors.

## At Woodland Ave.

All the fourth and fifth grade classes at Woodland Avenue School are participating in a bicentennial field trip to Philadelphia. They have been busy earning monies for this in many varied ways.

Mr. Harry Mandel's class has sold pretzels in the lunch room. Mr. Mandel is now known as "The Pretzel King".

Mr. Donald Skupinsky and Mr. Charles Buckel's fifth grade I.I. class had a fantastic garage and rummage sale and sold candy and car bumper stickers. They also collected newspapers and sold holiday candles.

Miss Ruth Gloger's fourth grade class earned money doing odd jobs for family and neighbors, as well as selling household items. They were so successful that they had extra money remaining. The children used this extra money to give their mothers an extra special Mother's Day gift.

Mrs. Giannelli's fourth grade class sold cupcakes and candy, and Mrs. Marion Starnes fourth grade class collected newspapers, sold candy and also sold boutique and household items.

All the children worked on this event and will enjoy it that much more because they literally earned it. They learned much about planning ahead, working for a goal, achieving it and enjoying the fruits of their labor. Great going, kids, and thank you.

# Dear Friends...

IS MY FACE RED...last week's bylines got mixed up at the plant, and Sieg Widder, who is doing a fine job on the Bicentennial Calendar of Events, was surprised to find his byline under Dick Evers story on the Bicentennial Ball. So, apologies to both these fine community leaders who are so helpful in keeping us abreast of the Bicentennial doings.

We hope you will seriously consider making a donation to HAD, as this fine counseling organization has had its funds cut back by over \$11,000. We realize that there are many worthy causes needing additional help but we can't think of one that has done more good in its field. Be it large or small, your donation will help this fine group through its current financial emergency. We hope you will do it today. Send your donations to HAD, 76 North Broadway, Hicksville, NY 11801 (Room 4090), and in so doing you can know that you have joined with others to help those who really need help desperately right now. See HAD's appeal on another page.)

NOW THAT SCHOOL BOARD CANDIDATES are off and running, we find it necessary to go over some of our regular policies, for your information: LETTERS TO THE EDITOR endorsing candidates may only be signed by one person...those signed by numbers of people are advertisements, my friends...and secondly, we always print the background, qualification and educational philosophy of all candidates, plus a picture, usually in one issue, if this information is sent to us. This assures fair treatment for all who are running. Therefore we will not print either articles or LETTERS TO THE EDITOR, containing abusive material from announced candidates.

It is our feeling that thinking voters are more anxious to find out what each candidate stands FOR...and what he will try to do if elected, than they are to find that innumerable inches of important local news space is taken up with vituperative abuse and name calling. This applies to all candidates, of course.

As it stands at present in the coming school board election in Hicksville, Iris Wolfson and Thomas Nagle, board incumbents has announced that they are seeking re-election, and Frank H. Willard of Sixth St., Hicksville has announced that he will be a candidate. More on these and other candidates as the election date approaches.

In Plainview, all school board candidates have been contacted and invited to send in their picture and background information. Not all have as yet been received. We urge all candidates to do this as soon as possible.

We hear from sources on both "sides of the aisle" that all state park and beach facilities on Long Island will be open seven days per week this summer. That's good news... now, if someone could guarantee sunny weekends.....

That's all for this week. Stay well and remember the old saying, "There are no stupid questions."

## SCHOOL BOARD MEETING (Continued from Page 1)

through Rosemary Walsh at the Administration Bldg.

Under Special Education, classes will be started in the elementary, Jr. High and Senior High Schools for students not up to mainstreaming with their peers. Some will be former BOCES children and others recommended. In addition to learning classes, psychological help will be a part of the program. The cost of this will be \$87,000 and will be offset by lower payment to BOCES. A request for a Coordinator of Special Education was not carried. It was pointed out that this often helps to single-out these youngsters.

Conference and travel plans for the School Board were approved. Support of Assemblyman

Yevoli with introduction of a Bill to Uniform Personal Registration in Election Districts. This will make one registration necessary for Political & School Elections as long as voting has taken place by a citizen within a two year period. It also provides that separate schools will still be used, and is aimed at getting our voting public to the polls.

The Educational Goals & Objectives Committee submitted a very thorough report. It was broken into three parts: A Cooperative Review Survey in Elementary Education, Health Education Report, and Basic Competency Examination.

The first part deals with subjects to be studied, and necessary changes for the future.

To the Editor:

Dear Mrs. Noeth:  
I would like to take this opportunity to thank the people of Hicksville for my recent election to the position of Library Trustee. I would also like to state that I was, as many others were, disappointed in the extremely small electorate turn-out and it is my hope that I will be able to help bring about a more significant voter turn-out in future Library elections.

Further may I remind all of you that the time of the School Budget Vote, June 23, Proposition No. 2 will be presented to the voters as follows:

"Shall the Board of Trustees of the Hicksville Public Library be authorized to establish, notice and conduct all district meetings to be held for the purpose of electing Library trustees, approving Library budgets, and taking such other action as is authorized or required by law." Approval of this proposition would mean that the Library Trustees would have full control of the Library election, with no recourse to the School Board, including the cost of the operation of same. Be sure to voice your opinion by voting on this proposition.

I shall do my utmost to help continue the high quality of service provided by our Library, and do whatever I can to bring about more active participation in all areas of the Library by the community which it serves. Thank you again for your support.

Very truly yours,

medical, physical, and mental needs of today.

The Basic Competency Exam is to determine any deficiencies in each child's ability for schooling, as early as possible.

A NY State Audit & Control report has been published by the District Clerk and is available for public inspection. Announcement was made that there will be a Budget Hearing on June 2nd and the Budget Vote will be held on June 23rd.

All items on the agenda were covered, the next regular Board Meeting will be May 26th at 8:15 PM.

# Letters To The Editor

To the Editor:

The theft late Friday night or early Saturday morning of seven azalea bushes from the Dutch Lane School premises have left us all in a state of shock and surprise.

These plants were part of a "Living Memorial" to be dedicated to a dearly loved and respected teacher who had passed away. To steal is a crime in itself, but to steal such an item, is not only appalling but unconscionable.

We are put on this earth for but a short span of time, and to accomplish something of value I am sure is the desire we all strive toward. How anyone can add this act to their list of accomplishments is beyond my comprehension. I can think of no explanation for such behavior.

I can only say, that at some point in our lives, we are all held accountable for our actions...

"For when the One great scorer comes to write against your name, he writes not if you won or lost but how YOU played the game."

Lillian Solomon  
President  
Dutch Lane PTA

To the Editor:

FULL EMPLOYMENT??  
The House Education and Labor Committee, last week, approved a bill called the "Full Employment and Balanced Growth Act of 1976." This is just one more example of what I see as a need for a truth in labeling law for Congress.

How, you might ask, can anyone possibly be against "full employment," or "balanced growth"? Nobody is against a job for every American who wants to work, but there is a great deal of argument about whether this bill will provide full employment. Many responsible Congressmen also feel the bill will stymie balanced growth instead of encouraging it.

The Full Employment and Balanced Growth Act - also known as the Humphrey-Hawkins Bill after its principal sponsors - has a goal of 3 per cent unemployment within four years. Government would provide most, if not all, of those jobs. That means if you are now working in the private sector, you will pay

for them. The so-called Full Employment Bill carries a staggering price tag of \$25 billion a year. This budget-busting bill has been described by President Ford as a "boondoggle." Injecting that much additional government spending into our economy would certainly fuel the fires of inflation, just when inflation seems to be coming under control.

Any freshman economics student can tell you that increased capital in the private sector creates jobs and increased government spending takes money out of the private sector. Government policy should, therefore, be directed toward creating jobs in the private sector where they will do the most good. This bill, on the other hand, carries Uncle Sam another step down the road to ruin pursued by Great Britain and New York City. Rather than cutting the size of government and the amount of control it exercises over our daily lives, this bill would increase the size of government and move us closer to the day when we, like the Mother Country and New York City, can no longer afford to support the welfare state we have created.

In the United States, government already spends one-third of what you earn. The outrageous growth of government spending is one of our most severe problems. It must be checked. The Full Employment and Balanced Growth Act of 1976 sounds wonderful. What would you think though, if we re-named it the "Rob the Taxpayers and Accelerate Inflation Bill"?

For my part, I will continue to support legislation designed to create jobs in the private sector which will add to our nation's financial strength, while opposing new government programs which will cost you more than they are worth.

Norman Lent  
U. S. Congress

In the first semi-final round for the girls under 12 traveling team, sponsored by Ernie's Auto Body, the Hicksville Reds lost a 3-0 game to Massapequa's Spinners. Goalie Donna Berk, during the second half of play, staved off a strong attack from Massapequa. She was aided in defense by Janine and Angela Baggett. The forward line spearheaded by wings Cathy Conway and Denise Harkins and helped by centers Christine Verhagen and Patrice Kenny tried hard but were unable to penetrate the strong Massapequa defense.

### Hicksville G.O.P. Patchogue

Peter Rubins scored in the first half on a pass from Dennis Ench. The second half Ron Brill assisted by Bob Pearce for the second goal. Tom Cusack ran the ball down the Left wing beating two opposing defenders to score the last goal. ### K of C MIDGET RED

The K. of C. Midget Red registered their 6th shutout in 10 games this year & raised their league record to 7-1 by defeating Northport 1-0 over the weekend. The Lee Avenue School Annual Art Exhibit on Tuesday evening, May 4, was both the culmination and debut of the students' work this year. The 5th and 6th grades, two dimensional fine arts unit, consisted of charcoal tonal drawings and tempera paintings, was outstanding in quality, variety, skill and expression. Many paint palettes were on display to show the color mixing process behind the final painting.

Fourth and First graders' murals, covered themes ranging from the jungle to the eskimos, from the circus to prehistoric times. The first, second and third graders had collages, stichery, drawings, scratchboards, and clay work on exhibit. The art workshop was adorned by papier mache masks created by the fourth graders.

Ceramic work displayed varied from multi-functional mugs,

vases, bottles, banks, plaques, plates, pop art, pendants, coil pots, slab pots, pinch pots (hanging planters) that were glazed quite attractively.

## Seventeen Churches Present Successful Prayer Congress

Seventeen Churches representing the Mid-Island Ecumenical Council presented a three-night series "Sharing and Exploring the Experience of Prayer." Lutheran, Roman Catholic, Methodist, Reformed, Community and Episcopal make up the Council.

The Congress was held in three different churches last Tuesday, Wednesday and Thursday, May 11, 12 and 13.

Each church was jammed with interested Christians who heard about "Group Prayer" featuring Father James Brassil of Our Lady of Mercy R.C. Church, Hicksville. "Private Prayer" featuring Madeleine L'Engle Franklin, well-known author of 22 books and presently associated with The Cathedral of St. John the Divine, N.Y.C. and "Liturgical or Group Prayer" led

by The Rev. Richard McAlear O.M.I. from Newburgh, New York, on the closing night of the Congress.

The Mid-Island Ecumenical Council was founded in 1969 when several churches in the Hicksville-Plainview area joined together to have interfaith services. This has now grown to include most of the churches in Hicksville, Plainview and Bethpage. The Council meets monthly and sponsors such important agencies and groups as "Fish", "Hicksville Youth Council", "H.A.D.", "Ecumenical Consultation Center" and "Walkabout".

The Rev. Domenic Ciannella, Rector of Holy Trinity Episcopal Church, Hicksville, is President of the Council. Those interested in further information should call him at 931-1920.

### FOR SINGLE PEOPLE

Everyone is single sometime. Half of us who are presently married will live part of our future life as a single adult. This will come quite naturally through the death of either the husband or the wife. So there is a good chance that most of us will live a good many years as a single adult.

Unfortunately many single adults are living in a holding pattern, a waiting room, a count down to marriage or remarriage. They live with the supreme hope that the right mate will come along and bring total and final happiness into their lives. They assume that all of their unhappiness will vanish when that right combination of a Sir Galahad, Rael Welsh, Superman, or Wonderwoman invades their lives. Yet on the first count, such a person doesn't exist and the

second, marriage like most of life does not come with a guarantee.

Marriage is not something to do for the sake of marriage but is something to be entered into when the right person comes along at the right time under the right circumstances. Singleness is not a disease that is cured by marriage. It's okay to be single. Being single does not prohibit a person from achieving a successful and a fulfilling life.

The most influential and dynamic man who ever lived was single. He experienced all the things that single adults experience today. His name was Jesus. Among Jesus' closest personal friends were dynamic and beautiful singles like Mary and Martha and Lazarus.

Let me say it again - single is not a dead end street. It's okay to be single as you live your life to the glory of God.

In a public meeting held on Thursday, May 13th, the organization voted unanimously to accept the recommendation of its eight member screening committee and support the incumbent candidates.

HCBE issues the following statement summarizing its support of the incumbents.

"Three years ago, Mr. Nagle and Mrs. Wolfson ran under a platform that emphasized close school board ties with the community, quality education and fiscal accountability.

We as an organization believe that both trustees have performed exceptionally well during the past three years, providing energetic and intelligent leadership for the community during a difficult economic period. Their platform and goals have been translated into a record of solid achievement.

# Montana Agency Celebrates Thirtieth Anniversary

May 13, 1976 marked the celebration of the Thirtieth Anniversary of the establishment of Montana Agency, Inc. by its founder and president, Charles I. Montana. The Montana Agency is the oldest established realtor and one of the oldest insurance agents in this area.

Mr. Montana, born and raised in Hicksville, a graduate of Hicksville High School, Class of 1934, opened his first office at 70 Jerusalem Avenue in 1946. He was soon joined by another lifetime Hicksville resident, the late William M. Payoski, Class of 1933. Through their partnership, the Agency grew into a full-service Real Estate and Insurance office with a full staff occupying their own modern office building and facilities at 115 North Broadway. Charles Montana over the past thirty years has been active in the Hicksville Kiwanis Club, of which he is a past president, the Hicksville Chamber of Commerce, the Boy Scouts of America, the Knights of Columbus, the Nassau County Association of

**CHARLES I. MONTANA**  
Independent Insurance Agents, The Long Island Board of Realtors, a senior member of the Columbia Society of Real Estate Appraisers and the Long Island Society of Real Estate Appraisers. He is also a member of the Brookville Country Club.  
Mr. Montana's father, Dominick Montana, came to Hicksville just after the turn of the century and operated a barber shop on East Marie Street for almost fifty years. The Montana family is now raising their fourth generation in Hicks-

ville. Charles I. Montana, Jr. has been working with his father at the agency since 1971.

Charles Montana, Sr., attended the Hicksville Elementary Public School formerly located on Nicolai Street School, and the Hicksville High School which, at that time, was located in the building which now houses the Junior High School on Jerusalem Avenue. He started selling real estate in Hicksville in 1936 with the sale of the "Wonder Homes," a small development East of Bay Avenue. His entry into the insurance field was with the Emigrant Savings Bank before World War II, when he was employed by the bank in the mortgage and insurance department. He was a Chief Petty Officer in the United States Navy, serving during the war in Europe; upon his return to civilian life in 1946 he opened his agency, serving Hicksville for three decades. Charles I. Montana is one of Hicksville's most respected businessmen, a distinguished authority in the field of real estate and insurance.

## 'HAD' Appeals For Help

Help-Aid Direction (H.A.D.), a free-of-charge, non-profit and tax-exempt youth and family counseling, drug and alcohol abuse prevention and treatment center serving Hicksville and the surrounding communities since 1970 has just been notified by Nassau County that its state aid has been severely cut by over \$11,000 for the 1976-77 year. This cutback represents approximately fifteen percent of H.A.D.'s 1975-76 budget. This drastic reduction in operating funds which has been made retroactive to the beginning of April 1976 has forced the H.A.D. counseling agency to lay off highly qualified and competent staff. Further important and effective counseling services to troubled adolescents, adults, and parents will have to be immediately curtailed.

Help-Aid-Direction appeals to the residents, businessmen, civic, fraternal, and religious organizations of the Hicksville area for emergency financial assistance. H.A.D. provides free, confidential, crisis-intervention and on-going individual, group, and family counseling services to anyone asking for assistance regardless of where they reside. Presently, most of its clients live in the communities of Hicksville, Jericho, Syosset, Plainview, Bethpage, Levittown, East Meadow, and Westbury.

H.A.D. hopes that you will seriously consider contributing \$5.00, \$10.00, any amount so that it can continue to provide quality counseling services to troubled individuals. Consider your donation a significant method of preventing present and future youngsters (possibly even someone you love) from drastically harming their own lives and maybe also innocent victims too.

Help-Aid-Direction will continue to provide as many of its current counseling and referral services for as long as financially possible. The H.A.D. counseling agency will remain open six days per week. Its present hours are: Monday, 12:00 noon to 8:00 p.m.; Tuesday, Wednesday, Thursday, 12:00 noon to 10:00 p.m.; Friday, 12:00 noon to 6:00 p.m.; and Saturday, 11:00 a.m. to 4:00 p.m. Anyone in need of assistance can call H.A.D. at 935-6858 or visit its center at 76 North Broadway,

Hicksville (room 4000), near Thomas Hill Furniture Store.

Finally, H.A.D. desperately needs to relocate its counseling facility due to its present financial difficulties. It is looking for some community-minded, generous citizen or businessman to either donate free space or greatly reduce the monthly rental charges. H.A.D. would be willing to accept space in the basement of a commercial building as long as the new location was situated in the Hicksville community. H.A.D. hopes that anyone with available space will seriously consider its requests. The donated value of

space to H.A.D. can be taken off the contributor's federal income tax returns since the H.A.D. organization qualifies as a non-profit charity under federal tax law 501(c)(3).

H.A.D. could also utilize a small couch, several living room chairs and a small portable refrigerator as long as they are all in good condition. All contributions to H.A.D. are desperately needed, and will be gratefully appreciated, and publicly acknowledged in the local newspapers.

Help H.A.D. help troubled people. The time is getting short. H.A.D. needs your support now or it will surely collapse.
