Members of The Old Bethpage Village Restoration Brass Band stand at attention before breaking tanks to appear in the Hicksville Bicentennial Parade on Saturday, June 12, 1976 at 10 A.M. This will be the first band in the line of march. You will be listening to the only organized American brass band playing authentic instruments and music of the pre-Civil War era. The old instruments were located by an antique musical instrument collector and were restored by experts. The colorful uniforms you will see, were custom-tailored to typify the dress of marching bands attached to local militia units on Long Island in the 1840s. The red-plumed shakos are made of leather. In the 1850 period, brass bands like this one attracted townspeople to the square for rallies and local ceremonies. The Hicksville Bicentennial Parade Chairman, Steve Didier, and the Committee Co-chairmen, Dick Evers, Jack Landress and Sieg Widder are delighted to have this band in the parade for your enjoyment. The parade route is listed in the Hicksville Bicentennial Calendar.

## School Budget Hearing

By Marge Marcus

There was a very small turnout for a Budget Hearing planned in the large auditorium of the Hicksville High School. Extra copies of budget figures, details of expenditures, and special programs from the schools were all available for residents to view. Unfortunately, the approximate fifty people that were present were not interested. Many of these people were regulars at Board meetings and most of the others had a specific purpose.

The active group who did voice their opinions were concerned with the change in transportation for the new year. Parents were

very upset with the specific issue that bus transportation on the Jr. and Sr. High School level will be extended an additional half-mile distance. Board members tried very hard to explain why this cut-back was necessary and it would not effect the educational quality of the Hicksville schools. The cost saving would be \$178,000 to the district. Transportation to school in Hicksville is still lower than the mandatory State distance which is two full miles.

Often the term "apathy" was used by citizens, the Board, and Administration to describe the lack of interest by a good majority of the parents in their children's education. Board members were disappointed that more inquiries were not made regarding curricular studies per se.

Additional copies of the twelve page flyer mailed to all residents were available. The Board

thanked Dr. Charles Gouse, Mr. Gardiner Gregory, and Mr. Richard Evers for their combined efforts in producing such a fine Bulletin Board.

If you have not had the opportunity to meet those running for the School Board they will be appearing as candidates on Tuesday, June 15th at 8 P.M. The Hicksville PTA Council sponsors this Candidates Forum and invites all residents to attend.

On Wednesday, June 16th, all residents who have been in the District for a period of 30 days prior to June, are 18 years of age, and citizens of the U.S., can register to vote at their local schools. Schools will be open from 12 Noon to 8 P.M. The big date to mark on the calendar is Wednesday, June 23rd, 10 A.M. - 10 P.M. Budget Voting time.

The School Board will hold its regular meeting June 30th, at the Administration Bldg. at 8:15 P.M.

### PTA Council Sets Candidates Forum

On Tuesday June 15th the Hicksville Council of PTA's will host its annual CANDIDATES FORUM at the Junior High School Auditorium at 8:00 p.m.

This year the Council has invited candidates Thomas Nagle, John Prokopek, Frank Willard and Iris Wolfson to explain their

platforms and to answer your questions.

"We urge all interested Hicksvillians to meet the candidates and to ask questions so that on June 23rd they can cast their ballots as informed citizens," said a PTA spokesman.

## Tom Clark Appointment Expected On June 15

Town Supervisor John W. Burke announced that the Town Board is expected to vote Tuesday (June 15th, 1976) on the appointment of Thomas L. Clark of Hicksville to fill the Town Board vacancy created by the resignation of Councilman Warren M. Doolittle of Hicksville who was appointed to the District Court on May 17th.

He is also a member of the Parish Council of St. Ignatius of Loyola Church where he participated as an instructor in the confraternity program. # Dear Friends...

Inasmuch as June is always heavy with local events (all of them important), plus graduations on several levels, it is also the month that our local news is heavier than usual. Space is such a problem in June. However, don't be discouraged if your pictures and articles are not in on the week you submit them. We keep them and try again on the following weeks because we know that your interest in local events and people is not necessarily dated. By the middle of July even ON THE CAMPUS news is completed and goes back to a week-to-week basis. These are times that make us wish that we were the size of a daily newspaper.

June 19th is the date set for the Hicksville Lions Club garage sale, from 8 a.m. to 4 p.m. at 80 Lenox Avenue between Broadway and Bay Ave. and, speaking of service clubs, those in Hicksville deserve a lot of credit for the way they all work together to put up the flags on Broadway.

In Plainview the local Bicentennial Committee are planning important programs for the Fourth of July Weekend. We'll have details for you as soon as they are available.

In a democracy where there are many who really care, change is almost the norm. In Plainview the school budget was voted down and two incumbents were replaced by residents whose views, as expressed at School Board meetings were dissatisfaction with the school budget because they felt it did not spend enough. Well, the people have spoken and it is my opinion that sometime during this summer another budget covering more items will be presented to the taxpayers of Plainview-Old Bethpage for their approval. That's what democracy is all about, and certainly no one can fault people who wish to spend more on their children's education. It is a rarity today.

Speaking of this budget, which we felt was adequate and so stated last week, we would like all who are interested to know that all opinions expressed by this newspaper in the twenty-five years of its existence, are ours, made with no influence from any outside sources whatsoever. It is interesting to note that the only person who used our stories and coverage of the school board meetings without our permission in fact, after we had denied him this privilege, made these false accusations against us in last minute news releases, which was never checked by him with us. Needless to say, we have never "fired" anyone because of undue influence from any source, nor have we been "coerced" by anyone or any board, into making decisions and taking stands. Whether or not you agree with our opinions, they are our own.

This may answer the questions of those who wonder what the last minute "tempest in a teapot" the head of the POB Teachers Association attempted to stir up was all about. Sometimes we feel that an organization which represents such a fine group of teachers should at least check on what has been sent out on their letterheads for the past several years. But that, of course, is up to them.

THAT'S ALL for this week. Stay well, and enjoy the beautiful June weather.

# Letters To The Editor

Dear Mrs. Noeth,  
Please let me use your newspaper to say thank you to our Hicksville Firemen and all the Long Island Lighting Co. men for the great job they did in our storm last week.  
How they kept up with so many calls I will never know.

Mrs. E. Gebhardt

Editors Note: We couldn't agree more.

Dear Mrs. Noeth,  
During a recent visit to Hicksville High School I learned that a dozen foreign language classes previously scheduled for 76-77 were cancelled. Many students will be forced to curtail or redirect their language studies in order to fill this new gap in their program.

I, too, was subject to a similar cut when I was a senior at Hicksville High. The students and parents who were affected by the proposed cut organized themselves and we managed to retain my French VI class. What I am urging parents and students to do is to investigate this situation and exert pressure on the appropriate people to make sure classes such as French I, Latin I, German I and Italian I as well as electives in French, German, Italian and Spanish are offered next year.

I am particularly sensitive to problems such as these as I greatly benefited from Hicksville's language program. I chose to continue my French studies in college where I majored in French literature. When I student taught in Ithaca High I realized how far Hicksville's foreign language reputation had spread. The foreign language supervisor there knew a great deal about our program and was impressed by the extensive French education (as well as Latin and Spanish) I received prior to college. I don't see how our reputation can be maintained if these cuts are to be effected by September '76. More importantly, if you hope to preserve the present level of education in Hicksville, it's up to you to question the Board and Superintendent and make sure these classes are not eliminated.

Sincerely,  
Arlise F. Kreditor

Dear Mrs. Noeth,  
I'm sure many of our Hicksville parents and taxpayers are aware of the fact that there is a no "Growth in Dollars" budget being presented to us this year. However, this does not mean that we have not had any increases in expenditures. It means that in order for the board to present a "No Growth" budget, the school board must take away from one area of our budget and put it back in another area in order to offset its expenses. A typical borrowing from Peter to pay Paul. Only when they borrow, it's from the Hicksville children and they never pay them back.

This year, they are taking away transportation for our Junior and Senior High School students totaling 1832 children. By eliminating transportation from these 1,832 children (900 Jr. High, 932 Sr. High, 120 Parochial) who are additional walkers, the board is "saving us \$178,173.00 dollars. Based on a house assessed at \$7,000 dollars this savings is .18 cents per 100 dollars or \$12.60 per house per year or a little over one dollar a month. These figures were given to me from the Hicksville School Business Managers Office. So for one dollar a month savings, 1,832 of our children will have to walk to school between 1 1/2 to 2 miles a day.

When you vote on June 23rd, bear this in mind and let your conscience be your guide and remember you can't do much with a dollar these days.

TOO BAD, THE BOARD DID NOT GIVE US A CHOICE ON HOW TO SPEND OUR MONEY.

Thank you  
Mrs. Vera Cestari

Dear Editor,  
I am sure many people, just as I was, were unaware of the Hicksville Board of Education's decision to curtail bus transportation. As a parent I feel that this decision to force an additional 18 Jr. & Sr. High School students to the streets during peak rush hour traffic is fraught with danger. Will the Board of Education accept the responsibility if one of these children is involved in a mishap on the way to or from school?

As a working mother this decision will create an undue hardship on myself and others affected by the new policy.

Why is a small segment of Hicksville being forced to pay for the Board's no-growth budget?

I urge all parents who have their children bussed now to find out if they will lose this service.

I have always been a supporter of the cost of our educational programs, however, I feel that this budget is grossly unfair and discriminatory.

We have asked to "take it or leave it", under the circumstances I have no other choice but to reject it.

Very truly yours,  
Mrs. Patricia Harran

Dear Editor:  
I have learned that the proposed school budget does not call for an increase. Unfortunately there will be a tremendous increase in anxiety and worry for many parents. I am sure there are many people who are unaware of the additional mileage allowance for busing Junior and High School students. Some parents may be surprised in September when they find their children will not be getting on a bus. Presently there are some 1800 children who will be affected. Is this the beginning of further cut backs eventually impacting all grades from elementary school to high school? Is the purpose to burden a small group of parents in order to pacify the larger groups? How can we afford a raise in employee benefits if we cannot afford to bus our children to school?

It is necessary for me to work to help keep up with the increased cost of living. I cannot have peace of mind during working hours worrying about my children walking home from school especially during inclement weather. I am convinced this plan will create a tremendous increase in absenteeism, thereby, reducing state aid and ultimately causing a bigger increase in taxes. I do not mind sacrificing for the sake of education, but I feel the sacrifice should be spread out more evenly.

I intend to vote "NO" for this budget and hope others will also. Next year they may be the one hurt.

Very truly yours,  
Mrs. Frances Rogan  
7 Edward Avenue

Dear Mrs. Noeth:  
By this time the taxpayers of Hicksville should certainly be familiar with the various aspects of the school budget that will be voted on June 23rd. Although I commend the Board for its "no growth" budget, I heartily

protest the drastic cut in transportation for our secondary school students. I am a firm believer in exercise and fresh air, but to me a walk of up to 1 1/2 miles for a junior high youngster or 2 miles for one in senior high is a bit much in inclement weather with an armload of books.

The Business Office personnel indicated 120 parochial school children, 900 junior high students and 812 senior high students that have received transportation this year will be walkers next year. That's quite a large number! I understand that the savings involved would be about \$12,550 per year for an assessed valuation of \$7,000. Does it make sense to force 1,832 students to walk to school for a mere savings of about \$1 per month per taxpayer?

The Board has indicated no decrease in educational services - but I certainly think the education of our children will be adversely affected if they cannot get to school.

For those of you who feel that walking up to 3 miles each is beneficial, may I suggest the commuters who drive to the Hicksville Railroad Station try walking.

Sincerely yours,  
Alicenay M. Clark

To the Editor:  
The State Department of Environmental Conservation held public hearings last week in preparation for the implementation of the Tidal Wetlands Act which will impose extensive regulations on these areas.

No one in our Town can fault the public policy which engendered these regulations. Our district is not with goals but with mechanics. It springs from the creation of a new regulatory body at the taxpayers' expense: from delays which such a body would cause in our economic growth; from envisioning the usurpation of our home rule authority through the preemptive power of the State, from the draining of our tax resources through the easement process in restricting land use; and from the many related problems which will surely arise in the ever-enlarging formulation of a super regulatory agency.

The State Environmental Conservation Law imposes an obligation on State officials to "coordinate" their efforts with the "cooperation" of "local governments" in the formulation of programs for the development and management of basic resources.

The record will show that, in spite of this directive and without regard to our experience and knowledge of environmental problems, we were never called upon to provide any input or comment on the preparation of these regulations. It is incredible that we, who are one of the most concerned and affected towns in the State of New York, were not privy to the meetings, discussions and other forums for exchange of opinions which begot these regulations.

Although we are somewhat critical, it is only because we see these regulations as another onerous yoke by a regulatory super agency at the further expense of our taxpayers. If it were the only course available, then the burden must be met. But this is not the case. There are now, in existence, effective local governments to administer regulations geared to fulfill the public policies as expressed in the present law.

Give us the means to reinforce

our existing local agencies, and we will do a better job at less cost and at the same time preserve our home rule powers while remaining sensitive to the needs of our people whose future is in our hands.

John W Burke  
Supervisor TOB

Dear fellow residents,  
As a resident of the Hicksville School District for 5 years, and as a father of two school age children I am particularly pleased to be writing this letter.

We have witnessed a quiet but dramatic turnaround in the educational affairs of the Hicksville school district during the past three years, supported and re-enforced by a constructive minded school board.

Before the turnaround, a circus atmosphere prevailed at school board meetings. Our problems made amusing stories for Long Island newspapers. During the past three years there has been a mature, cooperative effort on the part of the community, the school board, the administration and the teachers to upgrade the quality of our educational system.

Our community has benefited as the word spreads that Hicksville is a good place to buy a home and bring up children as educational programs such as foreign language, music and art have been maintained within a framework of fiscal soundness.

Our teachers and administrators have benefited as the feeling spreads that Hicksville is a worthwhile and challenging community to work for.

Working together cooperatively never produces interesting news stories. The rewards for such efforts manifest themselves ten, fifteen, or twenty years down the road when our children become adults. Lets keep it that way, for both our children's sake and our own sake.

I believe that two people who have been on the school board for the past three years have been among the architects of this turnaround. They are Tom Nagle and Iris Wolfson.

If you feel as I do, vote for them on the top line ROW A on June 23rd. They have earned your support.

Kenneth Rudin,

Supervisor John W Burke  
Town of Oyster Bay

Dear Mr. Burke

We are deeply concerned over current Town plans to bury raw compacted garbage in the Plainview landfill site.

The report of the consulting engineers who have examined the site indicates that such a procedure poses a "serious potential hazard to public water supplies." Similarly, the Board of Commissioners of the Plainview Water District has stated that it is "deeply concerned of the possible contamination of our only source of water supply" as a result of inadequate leachate control at the landfill.

We urge that you reconsider this ill-advised plan, at least until a detailed investigation can be conducted and a formal public hearing held on the environmental aspects of the plan.

A potential threat to our water is a most serious matter - serious enough that the public is entitled to have all reasonable and legitimate doubts put firmly to rest before the Town proceeds further.

Very truly yours,  
GREATER PLAINVIEW

To the Editor:

Two years ago, the children of Hicksville lost the summer recreation programs and all summer schools. Last year they lost hot lunches. Now the new budget proposal will leave 1832 Junior and High School children without bus transportation. If this new budget is passed, these buses will be gone forever. What's in store for next year? More walkers (another 1.5 mile)? Eliminate all driver education? Bigger surplus? Eliminate all late buses?

I want the children of Hicksville to have the present high level of education, but I am also concerned with the safety of these children to be able to reach the school buildings. Could you picture 1832 children trying to reach the Junior & High School buildings on Old Country Road in the morning? What would happen if one child is hurt on his way to school? Would you want this hanging on your conscience? What is the price of a child's safety? Could you also at the same time picture the million dollar surplus that the budget has this year just increasing and increasing? Is this the price of a child's safety? Be aware of all these things when you go to vote on the budget.

Mrs. Madeline Fredrickson

**GIRL'S MOVE TOWARD CUP**  
The under 16 girls, sponsored by the Hicksville Elks Club (B.P.O.E.), played their most exciting game of the season in their quest for the Long Island Cup last Sat. Before a large group of Hicksville spectators and in a heavy downpour, they battled the Northport Sea Devils to a 1-1 tie after regulation time. The lone score was a beautiful header by Patty Conway from a corner kick. Since this was a cup competition, a winner had to be decided, so after 90 minutes of hard, soggy soccer, the girls still had to face two 10 minute overtime periods and then the dreaded penalty kick situation if still tied. Neither team scored in the first overtime but Hicksville dominated. Karen Dolan at halfback played very aggressive soccer and the defensive unit of Theresa Dolan at goal, and fullbacks Jeanne O'Shea and Susan Stafford would not let the Sea Devils penetrate. Remembering their two losses to Northport and as they did a couple of months ago in the Indoor Tournament, the girls called on their deep-down strength and forced a very strong Northport team into submission in the second over-

She was followed by hits from Mark Calajo, Ken Frers, Tony Puma, and Mike Hogan, then Debbie McClure drew a walk, and was followed by Jeff Braunsteins hit, and a fielders choice to Ron Fleming. ### BOYS BEAT GLEN COVE

The Midget Red under 12 boys, sponsored by the Joseph Barry K of C Council of Hicksville, faced their arch rivals from Glen Cove last Sat. in a league contest. Glen Cove eliminated our boys from the L.I. Cup competition two weeks ago at Glen Cove. From the opening whistle, "Mitchell's Middlets" were up for this game and took complete control of the match. Scoring was provided by Anthony Coiro, Bobby Stenberg, Donald Barcavage and 2 by John Mitchell who very nearly had the coveted "hat trick." The rest of the front line deserve equal billing for their exceptional passing and ball-control soccer. Adrian Pepi, Pat Bedell, Bobby Andrus and John McCann. The Defensive Unit of this team has done its job almost to perfection all season as evidenced by 8 shutouts in 12 league games. Goalkeeper Eddy Thompson gets a lot of protection from Kevin Cahalan, Mike Andrus, Tommy Fletcher, Mike Jung, Glen Zakian and Steve Dolan. With 2 games remaining, the boys now have a 10-2 record with 35 goals for and 8 against.

The Hicksville American Boys Team sponsored by the V.F.W. competed in a soccer tournament at Bricktown, New Jersey, over the Memorial Day weekend. The Saturday schedule against two New Jersey teams, Wall and Bricktown, were held scoreless by our boys. Sunday we competed against Brookside, Mass. with a 4-0 win for us. Six teams competed in our age group (1963), the two teams with the best win loss record met in the finals on Monday. It was the Hicksville boys meeting the Don Mills team of Canada that brought on an exciting game. Don Mills scored the first goal. Although our boys displayed great effort to the last moment, they could not score the equalizer. Our boys proudly brought home second place honors because this was the only goal scored against them.

Representing the Hicksville team were Timothy Bell, (goal) Thomas Solaski, John Kerti, David Straub, Martin Conway, John Cusack, Richard Bodony, John Anglin, Doug Cochrane, Alex Sardi, Ron Coiro, Mike Finkelman, Jon Brothwick and Peter Rubins.

Saturday afternoon Hicksville G O P. Middlets lost to Glen Cove 2-1 in a very good game of soccer. The Hicksville team dominated the play with many shots on goal. Glen Cove scored in the first half. Hicksville equalized in the second half with a pass from Pete Rubins to Bob Pearce who beat the Glen Cove goalie and nudged the ball into the net for the tying score. Glen Cove scored the winning goal 5 minutes before end of game to win.

### GIRL'S HOLD ON

The Juvenile Girl's (under 16) were involved in an exciting nail-bitin' contest for 2nd place this week-end in Massapequa. The winner of this final League game of the season would take sole possession of second place. Hicksville came out all fired up and took a 2-0 lead in the first half on scores by Patty Conway and Karen Kolovich. These two girls have worked extremely well together all year with their ball control, passing, give-and-go plays.

included a second to first double play turned over by Vin Destefano, and Rich Markey.

Malvese came back from the earlier loss to L.I.N.B. to trounce them 10-1. Big bats were Dave Winter, Paul Pisani, Ken Eckerle, Tom Yeager, Helmut Schleith, and Steve Lapiana. Dave Winter made the fielding play of the season. The situation was runners on 1st, and 3rd, none out. A pop fly was hit to Dave who tagged 1st to double up that runner, and then ran down the 3rd base runner who was trying to get back. Dave put the tag on him to end the inning with an UNASSISTED TRIPLE PLAY, a feat surer when a perfect game, Dave will probably remember that play for a long time to come as will anyone who witnessed it.

# County To Auction Off Properties

The Nassau County Department of General Services will auction off 71 surplus and tax lien properties worth approximately \$1 million, it was announced today by Commissioner Francis E. O'Connor.

The sale, open to the public, will be held June 23rd at the Police Department auditorium in Mineola starting at 10 a.m. It is the largest such auction in 28 years. O'Connor said that the parcels include odd shaped lots, such as a 5 foot by 700 foot strip in Great Neck, and large tracts suitable for development, such as two, three and four acre lots in Levittown.

The Levittown parcels are on

the site of the Old Motor Parkway, an unused strip which abuts the rear yards of a number of private homes.

Of the 71 properties, 20 are general surplus parcels owned by the County while 50 are tax lien parcels. Their locations are scattered throughout the County.

Successful bidders will be requested to pay 20 per cent of the purchase price at the time of the sale. The balance will be due in 60 days, at which time the deed will be delivered.

Auction brochures with upset prices are available in limited quantities at the Bureau of Real Estate and Insurance, 1550 Franklin Avenue, Mineola, New York, 11501, Phone 535-5313.

That may sound like a silly question, but think about it a minute. What it really means is: Do you spend too much of your time doing laundry? There are many little economical shortcuts that can help you cut down on wasted time—and money.</p>  <p>too—without sacrificing results. Start by asking yourself, "Does this really need to be washed?" Take towels, for example. You can cut your towel load in half by making one towel last two days. Just make sure they're damp and not dirty. Bath mats, too, add a lot of weight to your laundry. Try throwing a used towel over them when the kids take a bath. The towel can be laundered more easily than a heavy bath mat. A little time spent in pre-wash treatment goes a long way towards making washday easier. This is especially true of man-type dirt. Work clothes stained with dirty motor oil or grease add up to more scrubbing for you.</p>

## Bicentennial News

Hicksville's "historic main road," Broadway is being transformed these June days in preparation for the community's festivals honoring the Nation's 200 Birthday.

The thousands of marchers, biggest turnout of bands, color guards, floats and military units in Hicksville's history for the Bicentennial Parade, this Saturday, June 12th, will "step out" along a beautified treet.

As the community's great procession of patriotism forms off Jerusalem Avenue, North of Old Country Road at 9 A.M. under Parade Grand Marshal Stephen Didler, Broadway will await the marchers and "spectators in festive array.

Floral plantings will line the West Broadway lots and be spaced along the center mall, thanks to the efforts of teenagers, adults and help from the Nassau County Job Corps under the sponsorship of the Hicksville Chamber of Commerce and Chairman, Dr. Walter Dunbar.

"Old Glory" will fly high once again along the historic avenue through the labor of love of the Hicksville Rotary Club members who have placed and recovered the flags decorating Broadway for so many weekends. Most of the fire hydrants on Broadway

will sport bright, newly painted designs for the Bicentennial. The red, white and blue creations slowing traffic these days are the products of the art students of Mrs. Elsie Sayko of the Hicksville Junior High. Chroma Paint's community-minded proprietor, Albert Manelski, is providing the rustoleum paint and brushes for this project organized by Bicentennial Co-chairman Richard Evers for the Charles Wagner Post of the American Legion who sponsored a contest for the best student Bicentennial designs for the fire hydrants.

Advertising Hicksville as a "Bicentennial Community" with a calendar of the village's events are two conspicuous signs on Broadway. Placed at the Old Country Road and Kennedy Mall intersections of Broadway, the signs are the generous donation of the Galileo Lodge of the Sons of Italy.

The Bicentennial Parade will begin promptly at 10 A.M. and proceed north on Beoadway to the Mid-Island Plaza, where the Hicksville Bicentennial Committee and the Mid-Island Merchants Association will cosponsor ceremonies honoring the Nation's historical flags and pay tribute to Flag Day, June 14th.
