Our Bicentennial Fair Becomes History

(Part Two of a Two-Part Series)

There was no ferris wheel or livestock corral at the Hicksville Bicentennial Fair, but everything else which appeals to the human senses at a fair was available - in abundance. Simmering food and chilled soda pop tempted the palate; band music in the "rock" beat for today's patriots carpeted the tennis court with teenage devotees while the dexterity of old-time jugglers and sword swallows was present in the pedal coordination of the boys of the Hicksville Skateboard Exhibition Team and in the shooting skill of the Nassau Bowman Exhibition Team, demonstrating archery in the Boy's Gymnasium.

All ages were captivated by this outstanding fair marking the nation's two hundredth birthday; older folk found the cool shade of the high school fair location delightful while pre-teenagers ignored the heat and took part in the exciting track and field events arranged by the Fair planners. Pony and buckboard rides lured the young; the buyer found crafted bargains at the many booths and the casual stroller admired the floral arrangements, enjoyed the Kiwanis and Montana Real Estate displays of old and new Hicksville photographs, marveled at the great number of lovely entries in the competitions or were reminded of the creativity of our European immigrant forebearers in the striking Ukrainian Congress display of ethnic culture.

And, all the while, people wondered about the big event of the afternoon, the arrival and parachute-jumping by the "Sky Divers". "When are they coming? ... It is getting a bit cloudy. Do you think they'll still jump? ... I'm nervous, just thinking about them. ... Is there room enough?"

To recapitulate the range of the booths is to do justice to the many community organizations and individual workers who made the Fair possible. Honoring the Hicksville Council of Parent-Teacher Associations first, since this organization sponsored the "Old-time Fair", with the cooperation of the Hicksville Bicentennial Committee, one recalls the outstanding Lee Avenue School booth which drew crowds with its old-fashioned candy, homemade cake, hand-made articles and which raffled off the colorful Bicentennial tapestry won by Millie Pino at the Bicentennial Ball on May 21st and donated to swell the Lee Avenue PTA treasury. The Junior High School booth, manned by teacher Jim Brazzell and Zaida Zelacek, Shirley Smith, Marge Marcus, Marie Corrigan and Mr. and Mrs. Lowell Cordier at intervals featured many student projects, the fruits of seven Bicentennial contests organized by Mr. Brazzell and Richard Evers. Winner of a First Place Ribbon, three "second places" and one "third place", the exhibit was marked by lovely student quilting, needlecraft, a large patchwork quilt, posters, ingenious metal craft and a special large illuminated "Map of Long Island in the Revolution"

created by 8th grader Karl Spielmann.

Burns Avenue School's booth was also an "attention-getter". Martha Cowell and Nancy Staron of the PTA had on display and sold a variety of attractive items crafted by parents and students during school lunch hours: ceramic articles, woodcrafts, artificial flowers, decoupage of many types. The Senior High School booth, manned by PTA President Norma Dagna and Barbara Smith featured delicious home-baked cakes.

Among the booths from whence came succulent aromas all day was the Police Boys Club large stand helping to finance their many worthwhile activities with sale of frankfurters and soda. Their initial supplies were depleted by the throngs of visitors and frequent "trips out for refills" marked this active group's day. Italian sausage and pepper "Heroes" were the crowd-pleasing offerings of the Galileo Galilei Lodge of the Sons of Italy. The Fire Department Juniors under Don Hudson and Jack Pierson added to their treasury with the sale of soda and ices, and were on hand later for crowd control during the Parachute Jump.

There were, indeed, many types of crafted objects for sale, which pleased the festive crowd to no end: the ladies of the Gregory Museum, and the Museum's curator, Janet Kempster, displayed and sold the fine costume jewelry, the mineral and rock specimens for which the earth science museum's gift shop is known. Tom Daunt, the Museum's Assistant-Curator, dressed in his Continental Line regimentals, was an excellent advertisement and salesman for the handsome replica of the British "Brown Bess" musket which the Museum raffled off at day's end.

Among other booths featuring hand-crafted Americana for sale were: those of the Mid Island 4H Club with its young people in costume demonstrating needlecrafts as well: the booth of

the Campfire Girls with articles made by the members, as well as the booths of the Trinity Lutheran Troop 491 with Bicentennial articles and genial Pastor John Krahn enjoying the afternoon and Brownie Troop 291 selling hand-made articles made by the youngsters. Plant and floral displays were the colorful province of the Hicksville Garden Club which offered a selection of plants and plant hangers while the Village Cesspool Company, not to be outdone esthetically, featured lovely fresh and straw floral pieces.

Other interesting displays were: the booth of the Hicksville Public Library, the exhibit of Americana sponsored by the William M. Gouse Jr. Post of the Veterans of Foreign Wars; the assortment of gumball machines by sponsor Makafsky; the original paintings and sketches of Hicksville artist, Harlene Falk, who raffled off a charming painting of a mare and her colt; the leathercrafts and jewelry of Leathercrafts, and the synthetic oil exhibit and American Motors booth of GTB Products and Grand Prix Performance LTD. Calling attention to the merits, history and political position of the "Grand Old Party" was the exhibit of the Hicksville Republican Club with Robert E. Jackson, the President, and fellow members in attendance.

At 2 P.M., the Fair grounds reverberated to the raucous but joyous sound of the Fire Department trucks' whistles and bells under the direction of Lieutenant James Huttie as Hicksville joined in the nationwide salute to the "Glorious Fourth". It was not possible to hear the ringing of the community's church bells at the Senior High, but the fire volunteers did the next best thing with their truck claxons.

Among the day's activities at the Fair which attracted many people was the exhibition of skateboard riding at the tennis court by Gary Cage, Richard Sommers and Steve Giordano

Bicentennial Fair Awards

The track and field events at the Hicksville Bicentennial Fair drew over 200 participants as pre-teenagers competed on the freshly chalked running track prepared by the ground crew of the Hicksville School District. Many spectators saw the boys and girls run and compete in fun races and a tug-of-war. 170 ribbons were awarded to young athletes who raced oblivious of the heat and humidity. The Committee members who supervised the four hours of sports were Cono Cimino, Andrew Eannucci, James and Steve Pino, Maria Harnett and Pat Healy and popular teachers, Phil Nova of the Junior High and Joseph Solosky of Lee Avenue School, who lent their professional talents through the long but rewarding afternoon.

The response to the Bicentennial Fair Committee's invitation to compete in various fair contests resulted in an almost overwhelming number of entries. Starting with four exhibit tables, Eileen Szabo, Competitions Chairman and her staunch aide, Arleen Didier, soon had eight tables crowned with entries. Judges Helen Hanna, Olga Hoebel, Tom Nagel, Rocco Pucci and "Doc" Richard Smith were kept busy evaluating entries. In the order of award here are: the winners: Needle Work; needlepoint entries; Jane Harmon, Joann Lanvingston and Lynn Valentine; quilts: Ines Tarantelli, Debbie Grottyhann;

pillows: Lorraine Quinn, Margie Rodriguez, Wendy Andrews; crewel: Janet Enderle, Nettie Wagner and Mrs. James Carroll; afgans: Louise Becker, Nettie Wagner and Mrs. O. Sattler; small crochet: Louise Becker; shawls: Harriet Haas, Elizabeth Slatery and Eileen Szabo; Children's Items: Louise Becker, Mary Boungerino and Nellie Carroll; Cross Stitch: Ann Martarello, Marie Darnowski and Evelyn Fippinger; Dolls: Ines Tarantelli, Janet Enderle and Louise Becker.

Competition winners in Art and Wood Work were: Shadow Boxes: Gina Sebastiano, Judith Sebastiano, Carolyn Edwins; Metal Art: Cono Cimino and Larry Tokar; Art: Vincent Kosolmi, Clara Hammer and Jane Harmon; Ceramics: Mrs. Fippinger, Mr. Wagner and Mr. Fippinger; Cooking: Judith Sebastiano, Mary Heberer and Kathy Grotto; Floral live arrangements: Craig Whitney, Floral dried arrangements: Alice Popelski, Frances Rogan and Frances Rogan.

"First Prize" ribbons for the best booth appearance were won by the Lee Avenue and Burns Avenue PTAs, Montana Real Estate and the Ukrainian Congress Committee. "Second prize" honors went to the Junior High, Gregory Museum; Sons of Italy; Republican Club; Hicksville Kiwanis; Village Cesspool booth; and the Brownie Troop 241.

Picture makes her a 58 lb. loser.

One thing's for sure. You never see yourself as others do. At least, Sandy Vargo didn't. Before she was 16, her eating had pushed her over 180 pounds. Her dad teased her about her weight, hoping she'd lose. "You'll never get a boyfriend," he'd say. But as long as she could curl up with a good book and a bag of potato chips, Sandy didn't care—until she saw that fat picture of herself in horizontal stripes.

She decided right then that she needed to slim down. So she bought a box of Ayds® Reducing Plan Candy. Taken as directed, Ayds helps curb your appetite, so you eat less and lose weight. Sandy Vargo lost 58 pounds on the Ayds plan. Now she's thinking about buying a bikini. Try Ayds. Four delicious flavors.

Hicksville Residents Oppose Purex

At The Town Board Meeting

By Gerry Kahn

The petition of Baron Blakeslee, a division of Purex Corporation, for a special permit use to maintain a freight terminal and warehouse for the storage of petroleum derivatives in Hicksville, approximately 500 feet south of West John Street, headed the agenda at the Town Board Meeting held Tuesday July 13th.

The morning meeting was to accommodate those in attendance who couldn't appear for the evening session.

Frank Georgio, represented the petitioner, and produced four professionals who testified to the safety of the materials, the traffic flow, the security and the non-polluting influences that the facility would and wouldn't have on the area.

Approximately 40 members of the community were in attendance at the evening hearing.

A petition in opposition to the granting was presented to the board, it contained 350 signatures. The points of concern

by the community involved night lighting, traffic safety, extent of inflammability and overall security.

The proposed facility would contain a 60 x 100 warehouse and a tank farm of 29 storage tanks.

The plant would employ approximately 24 people.

The evening session concluded at 11:30.

The second item on the agenda was a petition by the Getty Oil Co. for a change of zone from Bus. F to Bus. G, and a special use permit to maintain a public garage and filling station at Massapequa, N. Y. e s Hicksville Rd. and n s New York Ave.

The balance of the calendar was passed in quick succession.

Item 29 was a resolution approving the petition of Gilbert Tilles, for a special-use permit to construct an additional facility in the Froelich Farms Industrial Park, Woodbury, N.Y., the Hearing was held May 25, 1976.

The formal meeting was concluded at 11:15.

During the informal meeting

that followed, a group of tenants residing at the Fairhaven Apts. on Jericho Turnpike in Woodbury, made a plea before the Board for assistance in attempting to obtain some form of relief from the demands of their landlord.

The parties in question were being compromised and were in fear of retaliation if they gave their names before the Board.

The group numbering approximately 35 were being subjected to large rental increases, penalties for installing their own air conditioning, washing machines etc.

They requested that the town investigate the charges and if possible include the housing area under "Rent Emergency".

Those present received the assurance from Supervisor Burke that definite steps will be made to determine to what extent the law has been stretched and what means, if any, are available to the Town, to assist the tenant group.

The informal meeting concluded at 12:48.

Dancing On The Mall

TOB Grant From HUD

The Town of Oyster Bay has been awarded a grant of \$43,500 by the Department of Housing and Urban Development, according to Congressman Norman F. Lent. The federal funds will help pay for a land use survey and historic preservation projects within the town.

Oyster Bay officials want to catalogue all the vacant land subject to future development within town borders so they can plan to control development and

meet the needs for municipal services as that development takes place.

Lent praised Oyster Bay Supervisor John W. Burke and the Town Board for seeking out federal money to pay for this kind of planning. "Most of the vacant land in Nassau County is in Oyster Bay Township," Lent said. "Without careful planning for future development, the suburban way of life we all want to preserve could be destroyed."

DAR Honors Mary Hutchinson

Members of the Oyster Bay Chapter DAR celebrated the chapter's 44th birthday and honored Mrs. Irving Hutchinson, sole surviving charter member, at a luncheon held recently.

Plans for the luncheon were begun in January and included honoring Mrs. Arthur Youngs of Brookville who was a charter member. Mrs. Youngs died unexpectedly March 1, 1976.

Mrs. Hutchinson was presented a gold DAR Bicentennial pin and Mrs. Young's granddaughters, Mrs. Richard Weir III and Johana Youngs Postley, who are also chapter members, accepted on her behalf the chapter's gift of gold DAR charms.

Dear Friends

Oh the gremlins that beset the publishers of all newspapers. Inadvertently the name of the Camp Fire Girls was omitted from the list of the local organizations who marched in the procession which began the day-long festivities of the Hicksville Bicentennial Old Country Fair, for which omission we are truly sorry. The Camp Fire Girls rank high on the lists of our fine, local organizations. As you will note in the conclusion of this newspaper's report on this Bicentennial Fair, they also participated by manning a booth at this event. Everything about this great Fair was really unforgettable...and its planners are to be commended.

FREE FLAG PINS are available at all offices of the Suburbia Federal Savings and Loan Association, while supplies last. So, why not stop in and pick up your free gift.

Good News is always pleasant to report. We've been meaning to tell you for several weeks now that the Charbeth General Store in downtown Hicksville, has more than doubled its selling and storage space, by taking over the store next door. Best wishes to its genial owners, Charles and Betty Fetta.

IN PLAINVIEW the School District meets tonight and is expected to set their budget vote for August 2nd, and the public hearing on the proposed budget on July 26th. More on this next week.

October does seem to be scheduled as a busy month for many of us...the 1976 Bicentennial Scout Show of the Boy Scouts of America Nassau County Council is set for Oct 1, 2 and 3, at Eisenhower Park in East Meadow. The Scouts will be camped from Friday afternoon until Sunday noon. On Sat. there will be hundreds of demonstrations of Cub Scout, and Explorer activities and on Sat. evening at the Lakeside Theatre, a professionally staged show will be MC'd by Ray Heatherton. Boater tickets will be sold by Cub Scouts and Scouts BEGINNING AT MID AUGUST. Commissions on tickets sold will enrich Pack and Troop treasuries and will be used for equipment, field trips etc. Also, Cub Scouts and Scouts may earn valuable Scout equipment prizes by selling tickets. So, when a Scout visits you on this for this purpose, we hope you give generously for this towards these fine projects.

If you are interested, the Nassau County Board of Supervisors have set a public hearing for 11 a.m. tomorrow, Friday, July 16th, in the Board's hearing room on the fifth floor of the County Exec. Building, 1 West St., in Mineola. This hearing is on the proposal for a penny increase in the county sales tax. Persons wishing to address the Board on the tax proposal are urged to contact the Board's offices in the County Exec. Building prior to the hearing. However, Presiding Supervisor Francis T. Purcell tells me that the Board will accept comments by mail, and will listen to all those who appear at the public session to speak on the subject.

That's all for this week. Stay well

Sheila Noeth

Letters To The Editor

To The Editor:

We had tremendous cooperation from many citizens of Hicksville in making our Bicentennial Celebrations the success they were: For this we are most grateful.

In addition to actual Bicentennial activities, some individuals did much to make Hicksville more attractive during our celebrations.

We would like to publicly thank the Rotary Club of Hicksville for their dedication and labor in arranging to fly our Flag each weekend on Broadway.

We would like to publicly thank Dr. Walter H. Dunbar and the Hicksville Chamber of Commerce Beautification Committee for the splendid work done by them in planting the flowers along Broadway for all of us to enjoy.

I'm sure the people of Hicksville join me in this expression of our appreciation for an outstanding contribution to our community.

Most Sincerely,
Sieg Widder, Co-chairman
Hicksville Bicentennial Committee

To The Editor:

For many of our residents, summertime recreational activities center on the beaches and waters of both north and south shores. Boating and swimming continue to grow in popularity and, unfortunately, so do the number of water-related accidents and tragedies, most of which are the result of inexperience or carelessness.

The ability to swim not only reduces the probability of a serious incident, but also enhances the enjoyment for boaters as well as bathers. I would urge all Town residents to take advantage of the free swimming instruction offered at our Town beaches and the community pools.

Registration for the second session, which runs from July 26 through August 20, will be held throughout the week of July 19. Applicants may register with the lifeguards at Stehli, Centre Island, Beekman, and Tappen Beaches on the north shore; or at Florence Avenue and Tobay Beaches on the south shore. Community pool members can sign up during this same period at their respective pool manager's office.

Children must be at least six years of age, and separate courses are available for adults. Classes are given for Beginners, Advance Beginners, Intermediate and Swimmers. All instructors are certified by the American Red Cross.

For boat owners and operators, I would recommend the free boat safety courses offered by the U.S. Coast Guard Auxiliary and the U.S. Power Squadrons. Such courses are mandatory for boat operators between the ages of 10 and 15.

Enjoy your summer in Oyster Bay the safe way

John W. Burke
Supervisor TOB

TO ALL RESIDENTS OF HICKSVILLE:

I want to take this opportunity to thank all of you who were instrumental in returning me to the Hicksville School Board. You have given me three more years, during which time I shall continue to serve and represent all of Hicksville.

Please remember that I have a listed telephone, and it is always a pleasure to hear from you, whether the call is one of praise for the district or a particular problem or concern that you might have.

As President of the Board of Education, I wish to tell you that the board and administration are gratified by your overwhelming support of the school district budget, from which the entire community derives benefit.

In the year to come I hope more of you will become active in school matters by joining one of our many committees and attending individual school functions as well as school board meetings. The general public segment of the agenda is set aside for you. Please let me hear from you so that I can continue to represent all Hicksville.

Thank you again for your concern, help and vote. I shall always strive to be worthy of your confidence in me.

Sincerely,
IRIS WOLFSON

Public Hearing On Title XX Social Service Plan, July 28

Mineola.

Three sessions at which public testimony may be presented are scheduled: 10 A.M. to 12 noon, 2 to 4 P.M., and a third evening session, 6 to 8 P.M.

Commissioner D'Elia explained that the purpose of the all day hearing is to encourage public comment on the proposed plan for the delivery of social services in the County. Nassau's proposed plan has been submitted to New York State as required under Title XX of the Federal Social Security Act.

The final plan, which must be submitted to the State by the end of August, is effective from

October 1, 1976 through September 30, 1977. Title XX permits States to plan for delivery of social services, such as day care, homemakers, foster care, adoption, protective and preventive services, etc. according to local needs and available resources.

Public and private agencies and interested individuals are invited to present testimony at the hearing. Those who intend to testify are requested to register with the Office of the Title XX Coordinator, Nassau County Department of Social Services, 535-2315. Copies of Nassau's proposed plan are available from the Coordinator's office.

The Public Hearing on the proposed plan for delivery of social services in Nassau County during the coming year will be held **WEDNESDAY, JULY 28** in the Auditorium of the Nassau County Department of Social Services Administration Building, County Seat Drive.

Cautions For Boat Owners

The Nassau County Police Department is urging all boating enthusiasts to enjoy water sports by following safe boating procedures.

Inspector Robert Sandie, Commanding Officer of the Nassau Police Marine Bureau stated, "The cooperation of every boatman is absolutely essential if we are to have a safe and enjoyable boating season."

Inspector Sandie also reported that the Marine Bureau constantly monitors AM and FM international distress frequencies. For FM the frequency is 16 and for AM 2182.

Sandie issued a list of safety guidelines for boat users to follow. They include:

1. Leave word with someone where you expect to be boating and include registration numbers and estimated time of return.
2. Observe speed limits.
3. Use lights if out at night.
4. Keep up maintenance on boats and equipment.
5. Observe fire precautions.
6. Do not overload.
7. Have sufficient life preservers.

Editorial:

We Don't Want More Danger!

On Tuesday, July 13th, at both a day and evening hearing, the Oyster Bay Town Board considered the application of Baron-Balkeslee, a petroleum division of the Purex Corp. for a zoning change which would permit the use of property between West John Street and the Long Island RR tracks, for the construction of a tank farm which would bring 28 storage tanks into this area. These tanks would be used to store petroleum derivative products. For details see Gerry's Kahn's story on page 3 of this issue.

We agree with those who oppose the granting of this proposed rezoning. There are over fifty homes located near this proposed tank farm and the Burns Ave. School is not very far away, either. No matter how strict the safety measures are, the potential danger is much too great. Less than three years ago, you will all recall, there was an explosion in a small chemical plant in downtown Hicksville, right next door to a school playground, where, only by the grace of God, no children happened to be playing at the time of the explosion. What a dangerous threat a 29-storage tank farm would be!

We trust that the members of our Town Board will deny this application.

RECOGNITION: Hicksville Fire Commissioner August Judd (right) presents limited addition Bicentennial medallions from the Annual Conference of the Southern Burn Institute to Oyster Bay Town Supervisor John W. Burke (center) and Nassau County General Services Commissioner Francis O'Connor. The medallions were given in recognition of the cooperation and assistance the men have always given to the volunteer fire departments of Nassau County.

Vamps Work 30 Min., Free Accident Victim

Hicksville Fire Department members worked for 30 minutes on July 9, 1976 to free a 29-year old man from his crushed auto. The accident occurred 7:26 p.m. on New South Road just north of the L.I.R.R. Crossing. Joseph Nelson of Plainview was heading south when he lost control of his vehicle and spun around and struck a utility pole sideways trapping him in the vehicle. The pole he struck had a fire alarm box on it and the impact set it off bringing Vamps on the run.

Upon arrival Hicksville Chief Roy Schaafl called the Plainview Fire Department for mutual aid assistance and their Hurst rescue tool. A fairly new device used to pry open wreckage of any kind. Their prompt response enabled Vamps to save many minutes in freeing the victim. At last report Nelson suffered a broken neck and a broken leg and is reported in good condition at Central General Hospital, Plainview.

In another accident, a woman, 58, narrowly escaped serious injury when her car was struck by a L.I.R.R. train at Hicksville's South Oyster Bay Road grade crossing, 8th Pct. Officer Joseph Lore pulled the woman from the vehicle which was tossed 75 feet. She suffered head injuries. It was reported she made a left turn from Hazel Street and traveled north on the south-bound lane of South Oyster Bay Road. The Railroad gates block only one-half of the crossing on each side. Being in the wrong lane there was no gate to stop the vehicle and she drove across the tracks and was struck. The lights were flashing. However, the bells ring only as the gates go down; once they are down the bells stop. The possibility of no bells sounding may have contributed to this near fatal accident. This crossing being near the border of Hicksville-Bethpage resulted in Bethpage Vamps being called instead of the Hicksville Department in whose District the crossing is located.

Hicksville Vamps were kept busy on July 8 when a truck slammed into the rear of a parked vehicle on Duffy Ave. near Underhill Ave. The gas tank exploded causing a spectacular fire. The 8:55 a.m. alarm was extinguished in 10 minutes. The impact-absorbing bumper system exploded also, sending debris flying. It was erroneously reported in Newsday that it took firemen an hour and a half to put out the fire. As reported earlier, the fire was out in minutes, but Vamps were on the scene for over an hour till the wreckage was removed.

26 Calls for Vamps

During the period July 6 thru July 13 Hicksville Vamps responded to 27 alarms. There were 3 malicious false alarms - 2 from Jerusalem Ave and Walnut Lane - a box almost always used to sound false alarms and another from Plainview Road and South Gate. There were 9 rescue calls and 15 fire calls.

ACCIDENT REPORTS

The following poem was written by a gentleman who loves children & watches all the teams play. He wrote this poem for the Midget Team that won the 1964 Division (12 yr. olds) in the Hicksville International Bicentennial Tournament. He also wrote one for the 10 yr. olds which will be ready next week.

The Midget Red Team That Beats The World

By Eddie Cooper

They are my greatest bicentennial moments under the sun,
They scored twenty goals, their opponents none.
Their names shall now be unfurled,
"The Midget Red Team that beat the world" A good player is
Bobby 'Acey' Andrus,
Another Andrus that I like is 'Mugsy', first name Mike,
The defense he will ravage, will Donald 'Bumper' Barcavage,

Like his brother he plays well, does Paddy 'The Puma' Bedell,
Good players come from heaven, so does 'Chippy' Cahalan, first
name Kevin,

Another good player that I know is Anthony 'Cobra' Coiro,
As a player he is about even, is 'Dusty' Dolan, first name Stephen,
His determination will r'Get Yer", will Tommy 'Fleetwood'
Fletcher,

A player on the top rung, is Michael 'Jolly' Jung,
He plays good as anyone can, Does Johnny 'Mousey' McCann,
A good player anyone can tell, is Johnny 'Mitch' Mitchell,
Always full of vim & pep, is Adrian 'Atom' Pepi,
They scored twenty, their opponents none,
So the victory flag's unfurled,
And salute the "Red Midget Team that beat the world."

A good player under the sun, is Eddy 'Steady' Thompson,
Many a player he has shaken, has Glen 'Goody' Zakian,
A greater player I have yet to see, is Robert 'Rabbit' Zaretsky.
This then is the team our admiration has won,
They scored twenty, their opponents none,
So the victory flag's unfurled,
And salute the "Red Midget Team that beat the world."

7 12 76
The K of C Midget Red registered their 6th shutout in 10 games this year & raised their league record to 7-1 by defeating Northport 1-0 over the weekend. The score was no indication of the tempo of the game as Hicksville dominated throughout & narrowly missed several additional goals. Adrian Pepi scored the game's only goal with a beautiful header mid-way through the 2nd half. Another goal was taken away from Robby Zaretsky as the 1st half ended. The referee maintained that time had run out although there was no whistle. Bobby Stenberg was again in goal & got his 2nd win & 2nd shutout. Strong performances on the front line by

At The School Board Meeting

By Marge Marcus

The Reorganization Meeting of the School Board took place on Tuesday, July 6th at the Administration Building. The School Board for the 1976-77 will be: President - Iris Wolfson, Vice-President - Tom Nagel, Secretary - John Ayres. Authorization was given by the Board Members to continue their membership in the New York State Board Assn., the National Association and the Nassau-Suffolk Association.

At the regular Board meeting on June 30, several items of unfinished business were squared away to mutual satisfaction. Mr. Russo, whose property adjoins Lee Ave. School baseball field, was told that a 12 ft. fence will be erected around his yard to avoid any damage from high flying baseballs. A similar fence will be near the Old Country Rd. field

where private property is in danger.

A new job description was announced. Coordinator of Special Education and was approved. Recommendations of Principals, qualified teachers, and others interested will all be considered for the new position.

An insurance package for employees covering disability and health insurance was approved for the next season.

At the meeting it was announced that Mr. Gardiner Gregory our Director of Curriculum Materials will be retiring June 30th, 1977.

Mr. Rozran recommended that

more teachers, especially in the Secondary Level, become certified in Special Education. With the new outlook of "mainstreaming" more former BOCES students into the general school population, job opportunities in this field will be available.

The cost of the school calendar printing will be increased from \$2000 to \$2500 due to the addition of extra pages for the new school year.

There will be more Reading teachers for the Secondary School and "Math-Helping Assistance" in all the Grades.

Sen. Johnson Votes To Eliminate His Own "Lulu"

In voting for S 10750, State Senator Owen H. Johnson (R-Suffolk Nassau) in effect was doing away with his lulu.

As Vice Chairman of the Higher Education Committee in the Senate, Johnson was entitled to receive the lulu. As of next year, there will not be any extra payment authorized for the Vice Chairman for four years, and requested the extra stipend for the Vice Chairman be eliminated.

"The taxpayers need to know that the Legislature is not above budget cutting. The con-

stitutionality of the lulu question was upheld by the Court of Appeals in principle, but I believe the time has come to curtail many of these extra payments. Of course, I will continue to cooperate with the Higher Education Committee chairman, as I have in the past. My interest in higher education is not tied to my extra compensation, but rather a sincere desire to make colleges and universities in our state more responsive to the needs of the community as well as the students," the West Babylon Senator explained.

American Concert Band

A perfect way to spend Wednesday evening, July 21st (rain date, the 22nd) is to bring your family, a picnic supper and a blanket to Old Westbury Gardens, the former John S. Phipps estate, to hear and enjoy the American Concert Band in the style of the world renowned Boston Pops.

Who among us does not remember with nostalgia the fun and ambience of the Sunday concerts in the park, under the

stars, and the stirring thrill of an American marching band? Today this great tradition is being preserved and expanded by the American Concert Band, a full-sized, 55 piece band with a 17 piece jazz ensemble. Come hear the thrilling sound of full brass, winds and percussion. The program will cover music from Revolutionary times to modern big-band jazz.

Dr. Kirby Jolly, the band's founder and conductor, is a

seasoned professional of extraordinary talent. A trumpet virtuoso, Dr. Jolly's background covers a complete range... symphony orchestras, the Broadway theater, and appearances as a featured soloist and guest conductor with the famed Goldman band.

The fourth of a series of five Twilight Picnic Pops, the SPEAK EASY JAZZ BABIES—playing jazz of the '20s, will be held on Wednesday evening, July 28th (rain date, the 29th).

Gates open at 6 p.m. and close at 9. Music starts at 7 p.m. Come early and stroll through the magnificent gardens, which will be abloom with seedling dahlias, veronica, hardy fuchsia, phlox, exotic water lilies and achillea. Also, don't miss the Cottage Garden, with its enchanting exhibit of a Fourth of July party, circa 1918.

76 Mile Bicentennial Hike

On July 7, Boy Scout Troop 591 of Hicksville departed for a 76 mile, 6 day backpacking adventure on the Appalachian Trail. Seven boys, ages 10 to 15, and their scoutmaster, Jay Rogers will attempt to walk from Harriman State Park in N.Y. to Macedonia State Park in Connecticut. In addition to the distance, the elevation will be at least equivalent to walking to the top of the Empire State Building once each day. The boys will be carrying all their equipment, tents and food for the entire six days.

Can ordinary boys actually do something as demanding as this? Mr. Rogers thinks so. "The boys have been practicing, planning, and learning for six

months. Further, we've been out camping every month this season, rain, snow, or shine, from Sept. through June."

Why? "Walking 76 miles is a very special way to celebrate our Bicentennial. We will be climbing by Fort Hill, Little Fort Hill and crossing two sections of the old Albany Post Rd. Places now little known where the "Continental" fought the British 200 years ago. If the boys can tough this out, they will have done something for the Bicentennial and not just seen something. Something difficult, worthwhile and memorable."

The boys involved in the hike are Doug Auerbach, Bruce Marcus, Danny Sharky, Arnold and Stanley Elstein, Richard Trama, and Erik Rogers.

Pool Day At Cantigue

Fun for all people with a bit of porpoise in their personality is on tap during "Pool Day", sponsored by the Nassau County Department of Recreation and Parks at Cantigue Park beginning 12 noon on Wednesday, July 28 (rain date August 4).

The splashy goings-on include events for the little ones in the Kiddie Pool, jumping and diving contests, and inner tube races. A

watermelon feast will follow the popular watermelon game during which the bobbing melon has to be pushed past the defenders to the opposite goal.

The contest are planned for laughs rather than serious competition during this family day when regular pool admission policies and fees apply. Cantigue Park is located on West John Street in Hicksville.

County Police Honored

Eleven police departments were honored by the State Traffic Safety Council during the 76th annual conference of the New York State Association of Chiefs of Police recently held in Rochester.

Among the top award winners in the Council's "Department of the Year" program was the Nassau County Police Dept. which includes agencies with

specialized traffic divisions.

This is the fifteenth consecutive year that the Council has recognized municipal law enforcement agencies in the state for their accident prevention and traffic safety activities.

Julian D. Rivo, Director of Research and Program Development, presented a bronze plaque to Nassau County Police Commissioner Daniel Guido.

under the supervision of Richard Gage. Spectators marveled at the balancing skill of the youths as they glided, turned and soared off small ramps without falling.

A large special exhibit was the trailer halbed display of the Grumman Aviation Corporation depicting America's space achievements and the lunar module.

The Hicksville Bicentennial Fair is history now, but the memory of what the community did to climax its strong loyalty to the United States and its ideals will remain for many years to come. Among the prime movers of this splendid community reflection of faith and pride in America were the Fair Co-chairmen: Millie Pino, who lent her enthusiasm and business talents this entire past year; Dr. Richard Smith whose wit, confidence, creativity added to the momentum propelling the Old-time Fair Committee; Joan Eannucci, the charming awards chairman, who worked hard to see that no effort among competitors should go unrecognized; Carol Skupeen, whose resourceful efforts did much to provide entertainment on the "Big Day"; Steve Didier who served so capably in numerous capacities in processional arrangements, in Supervision of parking, in "clean-up" on the school grounds, on July 6th; Sigfried Widder who did such a fine job as Field Master of Ceremonies, handling the microphone and announcements through the afternoon; Dick Evers who handled arrangements with the School District, did publicity and "swung" the deal with the Long Island Sky Divers whose sensational appearance in the late afternoon sky crowned a glorious 200th Birthday Party for America.

Special thanks are extended by the Committee to the enlightened school administration making the

On To Philadelphia!

NEW SIGNERS: Mr. Cornelius McCormick, Board Trustee, sets his signature down for posterity, in upper right picture.

Board President, Iris Wolfson, reaffirms the principles stated in the Declaration of Independence with her signature, in upper left picture.

"I reaffirm the principles as stated in the Declaration of Independence", said Dr. Hill, Superintendent of Schools, as he adds his signature to the second signing, in lower right picture.

Mrs. Wolfson, Board President, and members of the 4th Grade class at Lee Avenue School. These pupils will be in attendance at the second signing, in lower left picture.

For eight years the fourth grades of Lee Avenue School, Hicksville, have made a day's trip to Philadelphia to visit the historical area there. Each trip has been an excellent learning experience.

This year in May the trip was special. New displays were set up for the Bicentennial. In addition to the usual visits to Independence Hall, Congress Hall, Betsy Ross' house and the mint, they visited a new exhibit called "Salute to the States". There the children, in a replica of the East Room of Independence Hall, participated in the second signing of the Declaration. These signatures will be stored until the 2076 when our nation celebrates its Tri-Centennial.

As a follow-up activity, the fourth grades set up the front hall of their school for a special signing of the Declaration of Independence at Lee Avenue, with fourth grade children in colonial costumes hosting the event.

Another follow-up activity was a contest. Mr. Mawn, the tour director, offered a twenty-five dollar savings bond. To determine who should receive the bond, the fourth grade teachers asked the children to write down the reasons we went to Philadelphia. The entry of Julianne Kent, of Mrs. Reilly's class, was judged to be the most well thought out. She was awarded the bond at a fourth grade assembly.
