### National Merit Scholarship Semi-Finalists

The following six Hicksville High School seniors are semi-finalists in the National Merit Scholarship Program:

- Robert B. Galvin
- Spencer Golden
- George M. Hripscak
- James P. Pelletier
- Paul Taddonio
- James E. Toth

In order to be considered a finalist each candidate must now complete additional

requirements and the determination of finalist standing will be in early Spring 1977. As finalists in National Merit Competition they could receive a 4 year scholarship or \$1000 as an outright grant.

In the past the highest number of Hicksville semi-finalists has been three. This year's number of candidates speaks highly not only of the candidates themselves but also of the quality of education we have in Hicksville.

Hicksville residents were dismayed and shocked to see their American flag and their Bicentennial flag missing from Kennedy Park on Tuesday morning, September 7th. The two flags which had been flying continuously since March 14, 1976, when the Hicksville Kiwanis Club donated the Bicentennial flag. The necessary funds for night lighting so the American flag could fly 24 hours a day during our Bicentennial year were also provided by Kiwanis at that time.

On Tuesday, September 7th, members of the Kiwanis Club noticed that the flags were not flying. Stopping to investigate, they found that the flags had been cut down by vandals and the Bicentennial flag thrown in the bushes. The American flag, which was purchased by Kiwanis at a cost of \$50.00, was missing but was later recovered

### Frank Chlumsky Honored

## Join The Cadillac Club

The Mid-Nassau YMCA in Hempstead recently unveiled its sparkling white 1976 Cadillac Eldorado convertible, one of the last 200 U.S. production convertibles already considered to be classics and selling for up to \$50,000 in this special auto market.

The Bicentennial flavored classic with red and blue pin-striping and white upholstery with red trim and carpeting will be awarded to the lucky member of the "Y's" Classic Cadillac Club in a drawing to be held January 1, 1977 or before. Membership in the exclusive club will be limited to 1250, and are available through the Mid-Nassau YMCA and members of the Board of Governors at \$100. Staff members and Board members are not eligible for membership in the club.

The rare, valuable Cadillac obtained through Brown-Conte Cadillac, Hempstead, was unveiled and the details of the

unusual drawing released at special ceremonies at the Mid-Nassau YMCA building, topped with champagne and pretty girls and attended by officials of the area served by the "Y", members of the Mid-Nassau "Y" Board of Governors and Executive Committee, and the local and metropolitan media.

Funds raised through the tax-deductible contributions for membership in the "Y's" Classic Cadillac Club will be used for improving the facilities and expanding the programs at the modern headquarters building in Hempstead which serves at least 8 Mid-Nassau communities—Lybrook to Merrick, West Hempstead to East Meadow, Garden City, Mineola, the Willistons, and Westbury.

One of the last 200 identical convertibles from the Cadillac assembly line, this car carries a special plate on the dashboard identifying it as one of the final

group. It has white leather and vinyl interior with red trim and red carpeting, a 500 cu. in. engine, front-wheel drive, power locks on windows and doors, special crested wheel covers, and air conditioning.

Those accepted as members of the "Y's" Classic Cadillac Club will receive a highly attractive membership certificate suitable for framing, and the person selling the winning membership will be awarded a prize of \$1,000. Attractive posters of red and white on a blue background with a color photo of the Classic Cadillac Convertible will be on display at cooperating stores, offices, banks and restaurants throughout the area served by the Mid-Nassau YMCA, located at 111 Jerusalem Avenue in Hempstead.

Further information on membership in the Classic Cadillac Club to qualify for the drawing may be obtained by calling the "Y" at (516) 483-9500.

## Human Services Program

The new Parish-Community Human Services Program, sponsored by Catholic Charities, Diocese of Rockville Centre, and participating parishes, is Long Island's answer to "The Good Neighbor Policy."

Purpose of the program, officially launched Friday (Sept. 17) is to assist people in local communities to meet their own needs through service to one another.

The concept takes the idea behind the agency's recent regionalization one step further. Charities reorganized to bring its services closer to the community; the new program brings some of those services directly into the community.

At the heart of the program is the volunteer, who will be trained by Catholic Charities' staff to handle certain needs at the local level. These might include shopping for a shut-in, visiting the sick, making referrals to governmental agencies and programs and providing emergency food assistance. More complicated requests for services will be referred to professionals at one of Catholic Charities' seven Community Life Centers or to outside agencies.

Assessing each case is the job

of the parish's human services coordinator, who also is responsible for exploring the needs of the neighborhood, for recruiting volunteers and for matching the former with the latter. A person with financial woes, for instance, might be paired with a volunteer who's been a bookkeeper. Non-Catholics are welcome as volunteers; the only prerequisite is a willingness to serve.

Home base for the coordinator will vary with the parish. It could be in the rectory or the church basement or a storefront. Flexibility is the key to the whole operation. A program is geared to the needs of its own parish and community and what may work in one locale, may not in another.

Providing the link between the local program and a Community Life Center is a member of a Catholic Charities' liaison staff who trains the human services coordinator and volunteers and provides supervision and support.

Although Catholic Charities offers resources, professional skills and training to participating parishes, the Rev. Ambrose Cabildo, program coordinator, stresses the fact that "programs are individually run and belong to the parishes."

Seventeen parishes in the diocese have implemented human services programs in conjunction with Catholic Charities. Some of that number had established similar social care programs on their own and have now elected to draw upon Charities' resources and expertise.

Calling the new program a way "to keep the expression of charity in the community," the Rev. Robert Emmet Fagan, Catholic Charities' diocesan director, added that it is "a response to the growing number of people who want to do something constructive and positive for their community and their neighbor."

"Our experience in the establishment of programs like "FISH" and the Share-A-Meal program for shut-ins convinced us we were moving in the right direction. Some things a neighbor can do; other things like psychiatric problems or marriage counseling require more professional experience. The Parish-Community Human Services Program is a team effort: priests, sisters and lay people all engaging in a parish mission according to the gifts and skills God has given them."

Serving as assistant coordinator of the program is Jane Pecoraro. Bob Williams is administrator of training.

## To Modernize Children's Shelter

Contracts totalling \$1,301,199 have been awarded by County Executive Ralph G. Caso for modernization work and construction of an additional wing at the Nassau County Children's Shelter in Westbury.

The award for general construction went to Primus Development Corp., Valley Stream, for \$749,000, lowest of 13 bidders; the heating and ventilating contract was awarded to M.J. Flood, Inc., Islip, for \$267,755, lowest of 13 bidders; the electrical contract also went to Primus, lowest of 15 bidders, for \$185,000 and the plumbing contract was awarded to The Miller-Letter-

man Corp., St. Albans, for \$99,444.

The major addition will be a connecting structure in front of the existing building to house a gymnasium and classrooms. In addition, one of the shelter's existing wings will be extended and alterations made in the other wing. The entire facility also will be air conditioned.

The additions will free space now used as a makeshift gym and classrooms and enable the shelter to provide each child with a single bedroom.

Work is expected to begin in October and require 18 months to complete.

## Compromise On Lead Shot

Congressman Norman F. Lent has announced a compromise solution to the controversy over lead shooting affecting sportsmen across the country. The U.S. Fish and Wildlife Service had banned the use of lead shot in shotguns, causing a furor among water fowlers.

"Sportsmen rightly pointed out," Lent said, "that steel shot is only available in one size - 12 gauge - and until the industry can gear up to produce the newly required shot in smaller than 12 gauge sizes, the ban works a real hardship on hunters who do not own 12 gauge shotguns."

Lent, and other Members of Congress, had asked the Fish and Wildlife Service to make some interim arrangement so that water fowlers could continue to enjoy their sport until the manufacturers could produce the new ammunition in all common sizes. The amendment of Fish and Wildlife regulations allows the continued use of lead shot in gauges for which steel shot is not available.

## Registration By Mail Deadline Nears

Application for voter registration by mail must be RECEIVED by Monday, October 4th, by the Board of Elections for the voter to qualify to vote in the November 2nd general election, election officials stressed today.

"We urge all persons wishing to register by mail to be sure to mail their forms not later than Thursday, September 30th," said Isabel R. Dodd, Republican Commissioner, and Henry W. Schober, Acting Democratic Commissioner. "Otherwise, we may not receive them by the October 4th deadline."

The forms may be obtained at

post offices, libraries, and town, city and village halls. They will also be sent by mail to individuals requesting them by phone (535-2411 or 535-2400).

The Commissioners also noted that citizens may register in person at the local registration place for their Election District on Saturday, October 2nd, between 1p.m. and 9 p.m., or on Tuesday, October 5th, between 12 noon and 9 p.m.

Qualifications for voting are: citizenship; 18 years of age (birthday on or before November 3rd); and resident of the county for 30 days by election day.

## "Homes For Children" Drive

An all-day drive to recruit homes for children will be conducted by the Nassau County Department of Social Services at Roosevelt Field, Carle Place, next Friday, September 24.

Children's Services staff will join with volunteer foster care and day care mothers at the Community Booth located near Gimbels on the Mall between the hours of 10:30 A.M. and 9:00 P.M. They will distribute information and respond to questions about the Department's child care programs.

According to Social Services Joseph A. D'Elia, the recruitment drive is part of the Department's ongoing effort to recruit homes needed for foster care, day care, and adoption.

"This is an outreach pro-

gram", D'Elia said, "to stress the message that children are waiting for homes. It is equally important to remind the public that they can earn additional income by providing foster care or day care for a needy child."

Foster families are paid a monthly board rate according to the age of the child in care. All medical and dental expenses are paid, and an annual clothing allowance is provided. Day care parents are paid a weekly fee for each child placed in the home.

Families interested in learning more about child care programs administered by the Department of Social Services may visit the information booth at Roosevelt Field on Friday or call the Foster Home-finding Unit at (516) 535-5490.

# Dear Friends...

YOU HAVE A DATE... on Tuesday, November 2, 1976 between the hours of 6 a.m. and 9 p.m. you have the right and responsibility to vote at your local polling place.

DEBATES, it seems this year are most popular. Candidate Lowenstein wants to debate his opponent Congressman Wylder and Candidate Halpern wants to debate his opponent Congressman Lent. If these suggestions become a reality, it should be most interesting and informative. However, even on the presidential level, it is our opinion that debates should be considered as only one area in which to judge those who are running. Effectiveness in office is not necessarily dependent upon an individual's ability as an orator. We shall see....

PUBLIC WORKS COMMISSIONER John Plock, Jr. reminds all political campaigners and their aides that, in addition to being unattractive, it is also illegal to affix stickers, posters or other campaign material to traffic signs or traffic signals or to their supporting poles. "Since public employees must take time from their regular duties to scrape stickers off, it is obviously wasteful of tax dollars," he said. Mr. Plock also told us that political signs placed on public property such as highway right-of-ways would be removed. We would like to add, that whoever places signs on telephone poles advertising garage sales, should take the small amount of time necessary to remove them once their sale is over.

THE SAINT IGNATIUS GIRLS' CADET CORPS, Inc. of Hicksville, who have been World Open All Girl Champions for the years of 1973, 1974, 1975 and 1976 as well as many other awards they have won, are looking for new members. Girls from the age of 10 through 17, (any race or religion) are welcome to audition. No musical experience is necessary. You may enroll by calling WE 8-3392 or WE 8-7939.

FRANK'S ALIBI RESTAURANT well-known for its really fine cuisine in Hicksville for many years, is open on Sunday, too, now that the summer season is over....Hicksville just wouldn't be Hicksville without this fine restaurant on Old Country Road.

As you will see, on page 7, the Hicksville Community Council resumes its meeting next week. The first meeting of the 1976-'77 season is set for Thursday, Oct. 7th, 8:30 p.m. at the Hicksville Library. Join the many delegates of local organizations plus the many concerned and interested citizens, at the nine meetings which comprise this seventh season of our Council. There are many interesting programs planned, plus the "Town Meeting" part of each program, which permits the discussion of any matter brought up from the floor providing it pertains to Hicksville. On Oct. 7th, a representative of the Assessors Office, will be talking (and answering questions) on the re-assessment of all homes and properties, which is going on throughout the County of Nassau. Perhaps we will be able to find out just how this will affect our tax bill. Come on down and join us.

"BE PREPARED" is the well-known motto of the Boy Scouts of America and troops in the Nassau County Council are getting ready for their huge weekend encampment at Eisenhower Park in East Meadow from Fri., Oct. 1 through Sun., Oct. 3. You are all invited to view the many displays and activities representing the efforts of almost 7000 scouts during their Bicentennial Show on Sat., Oct. 2 beginning at 10 a.m. near Parking Field #1. Also, a two-hour variety show is scheduled at the Lakeside Theatre. MCed by Long Island's Own Ray Heatherton, starting at 7 p.m. Co-sponsors of this Encampment are the Nassau Council of Boy Scouts and the County's American Revolution Bicentennial Advisory Commission, with the cooperation of our County's Dept. of Recreation and Parks. We hope you'll all take the time to visit this 3-day program. We're sure you'll find it interesting and encouraging and a great balance to some of our daily news, which mostly spotlights what is wrong.... SCOUTING IS A GREAT PLUS ON THE RIGHT SIDE.

GREETINGS to all our friends of the Jewish Faith, who will be celebrating their High Holy Days during the coming week.

THAT'S ALL for this week. Stay well, and remember the saying of Thomas Paine: "...the harder the conflict, the more glorious our triumph."

Sincerely,

# Letters To The Editor

Next Monday, we will be in court for the next round in the offshore oil drilling battle. Our goal is to establish the legal precedent that the federal government cannot simply ride roughshod over local governments in making decisions that will affect the long-term welfare of local communities.

The stakes are certainly enormous.

For the nation, there is the danger that Congress, lulled into complacency by the prospect of Atlantic oil, may delay even longer coming to grips with the imperative necessity of adopting a national energy policy -- one that will recognize the lunacy of continuing to rely exclusively on rapidly dwindling reserves of fossil fuels.

For the oil industry, there are huge investments and potential profit bonanzas. Bids on the Baltimore Canyon tracts offered for sale on August 17th totaled \$3.5 billion. The industry would not make that kind of investment without expecting a substantial return.

For Long Island, there is the near certainty that one offshore accident, one major oil spill, would devastate our seashore and ruin recreational facilities that are enjoyed by millions of people every year. Even without a spill, the economic, social and environmental impact on Long Island of pipelines, refineries and other onshore facilities is incalculable. The nearest tract in

the current lease sale is 75 miles south of us and any oil discovered in the Baltimore Canyon will probably be piped ashore in New Jersey. But the government already has plans to sell tracts that lie within five miles of our shore.

Nobody disputes that the nation faces a serious energy problem. Since the Arabs plunged us into an energy crisis two years ago by embargoing oil shipments, our dependence on Arab oil has more than doubled. The dispute is over whether Atlantic oil drilling will solve the problem or simply delay a real solution. The dispute is over how much oil is really out there, how long it will last, whether it should be drained dry now or banked for future emergencies, and whether the uncertain rewards for the nation are worth the certain risks for Long Island. In a nutshell, the debate is over the price that Long Island should be forced to pay for the nation's failure to adopt a national energy policy.

Ralph G. Caso  
Nassau County Executive

To The Editor:

It was over thirteen years ago that the Town of Oyster Bay committed itself to providing decent, low-cost housing for our older residents and others on limited incomes when, at the request of the Town Board, the State Legislature created the Oyster Bay Housing Authority.

And it was only after many months of concern, misunderstanding, controversy and acrimony that the first housing complex was dedicated in 1970. This was in the Hamlet of Oyster Bay and consists of 48 senior units, or apartments, and 48 units

for families.

Since then, another six housing complexes were built in various communities throughout the Town where the needs were greatest.

Last week, we dedicated the eighth Town complex in Massapequa, which will provide another 162 units of senior citizen housing and 10 family units.

Each of these complexes engendered concern and apprehension in the respective communities when the proposals were made.

And each and everyone of these projects has clearly demonstrated that these fears and concerns were groundless once they were built and occupied, and without exception, has proven to be an asset to the community in which each is situated.

All of these complexes have been built under the Department of Housing and Urban Development "turnkey" program in which a private developer handles land acquisition, design and construction of the project with Federal funding, after which ownership and operation is turned over to the local housing authority.

Now it's a new ball game. Any future, Federally funded public housing will be built under a new, so-called "Section 8" program. This program has raised many questions in the minds of the Town Board as well as myself. These have to be answered to our satisfaction and to the satisfaction of our Townspeople before embarking on new housing programs.

# Dems To Honor Their Committee People

The Nassau Democratic County organization will honor its outstanding committee men and women at a gala Fall Dinner and Ball on Thursday, September 30th at Leonard's of Great Neck, party Chairman Stanley Harwood announced.

"Many of our committee people have been doing an extraordinary job on the 1976 fundraising drive," Harwood said, and they will attend the dinner as guest of the County Committee and share the spotlight with our other honored guests, Nassau District Attorney Denis Dillon, Congressman Jerome Ambro and Lester Wolff, State Senator Karen Burstein and Assemblymen Jerry Kremer, Irwin Landes, Angelo Orazio and Lew Yevoli.

The Nassau Democrats will also see their Presidential candidate, Jimmy Carter, in Great Neck that night, Harwood said. But he will be on film rather than in person. A special showing of Jimmy Who?, the Carter film featured at the Democratic Convention in July, has been arranged for dinner guests on the 30th.

"We also expect to have a member of Carter's famous campaigning family with us. The candidate himself plans to appear on Long Island later in the campaign.

Dinner Chair people John Doran of Brookville, Morton Hayes of Hewlett and Lee Seeman of Great Neck predict a record-breaking turnout of guests due to the "tremendous mood of optimism among Democrats about the November, 1976 election."

Tickets to the event at \$125 per person include a cocktail reception at 6:30 p.m. and dinner at 8 p.m.

## Court Upholds Town

In a decision of State Supreme Court Justice David T. Gibbons, the court has ruled that there was no evidence showing the Town of Oyster Bay violated any laws or regulations in developing a sanitary landfill in Plainville.

The decision also pointed out that the Town of Huntington provided no facts that could support its request that the court stop Oyster Bay from continuing in carrying out this "lawful governmental function."

In his decision dismissing the Huntington Town suit, Justice Gibbons noted that the Huntington Town complaint "contains no factual allegations to show that the defendant (Town of Oyster Bay) is doing anything illegal or contrary to or in violation of the conditions of the permit issued by the Department of Environmental Conservation or that it has violated said Department's rules and regulations in excavating for the construction and operation of a solid waste disposal facility, a lawful governmental function undertaken under the supervision of the Department of

Environmental Conservation."

The court ruling went on to further support the position of the Town of Oyster Bay by stating that Huntington's evidence was also "insufficient in that it pleads conjecture and conclusory statements."

There are currently two other suits filed against the Town of Oyster Bay seeking the same relief as that sought by Huntington. The Town of Oyster Bay has also called on the court to dismiss these suits for essentially the same reasons.

### Asks For Hearing

Burke has called on the State Department of Environmental Conservation to conduct a public hearing on the landfill development. Other political figures and civic associations have urged the DEC to hold a hearing.

Burke urged the hearing in response to the request by State Environmental Conservation Commissioner Peter A.A. Berle, who asked the Town to provide him with information

## St. Ignatius Bonus Points Plan

With the advent of the new school year St. Ignatius Loyola School is doubling their efforts to raise funds through the Bonus Points plan. According to Sister Kathleen Murphy, Principal, the fund raising will be a painless process because a major share will come from Bonus Gifts points which can be collected without additional cost whenever members of the group go grocery shopping.

The points, which appear on more than a hundred everyday food and household products, can be redeemed for cash and have already proven their ability as fund raisers in the past year at St. Ignatius.

Sister Kathleen hopes that all members of the parish as well as friends and neighbors of St. Ignatius School will help by sending Bonus Gifts points to her at 30 East Cherry Street, Hicksville, N.Y. 11801.

"Please come out and support your P.T.A. and meet your Teachers and Principal," urged a P.T.A. spokesperson.

If your son is interested in becoming a Cub Scout we would be happy to welcome him into Pack 293. Please call Dan Davidson (796-8426), Jim Mills (796-7240) or Jeanne Morgan (433-2642). Boys ages 8 thru 11 (or have completed the 2nd grade) are eligible.

## Cub Scout News Pack 293

By Jeanne Morgan

Would your son like to be a Cub Scout? Boy Do we have a Pack for you Pack 293 of Hicksville, sponsored by United Methodist Church (Nelson Ave and Old Country Road) would like to have more boys join us. Many of our Cubs have moved up to Boy Scouts and left room for new boys. Before you make a decision, let us tell you about Pack 293.

First of all, we are fortunate in having a Cub Room available at the church for den mothers' use for den meetings—a central location convenient for the den mothers, the boys and their parents. It should be noted that the church is our sponsor for the Cub Scouts but the Pack is NON-DENOMINATIONAL and welcome boys of all faiths.

Den meetings are held once a week. They are one hour in duration. The boys make things, receive help with their achievements, etc. The Pack Meetings are held the first Thursday of every month in the Church Social Hall. A program is followed at each Pack Meeting: i.e. archery demonstrations, baseball films, guest speakers from the Fire Dept., Police Dept., L.I.C.O., etc. all geared to the boy's interest and level. The

Pack Meeting is when the boys are recognized for their achievements and receive their awards. An Honor Den of the month is chosen. Coffee is served for the parents and cookies and juice for the boys. The duration of the Pack Meeting is usually 7:30 p.m. till 9:00 p.m.

Every month at least one activity is planned for the boys. These include trips to baseball and basketball games, museums, roller skating, kite flying, bowling, etc. We also have an annual Christmas Party, a Pinewood Derby, a Moonlight Bowl (for parents) and the Blue and Gold Dinner for the entire family which celebrates the anniversary of Cub Scouting.

We are very fortunate to have an exceptionally active Webelos program. Webelos are boys who are ten years old and in their last year of Cub Scouting. Last year we had three overnights at Camp Wauwepex. The boys and their dads really enjoyed themselves. We also participate in the annual Great Bear District Webelos Camporee which is an overnight consisting of all the Packs of the District.

Cub Scouts have fun. They learn responsibility, make new friends, do things they ordinarily wouldn't have an opportunity to

# Hicksville Community Council Invites All To Participate

By Carole Wolfe, President

The start of a new organizational year always brings excitement. The Community Council, like other groups, have been meeting over the summer to formulate plans for the coming year. I have been blessed with an executive Board whose suggestions are excellent and whose counsel is invaluable. Here is our tentative slate of issues for 1976-1977:

October 7. Representative

from the County Board of Assessors will try to answer the question: "How much will residential assessment rise?"

November 4...A panel discussion is planned with representatives from the Junior and Senior High School and local adult leaders debating the topic, "What can the youth do for our Community, what can our Community do for our youth?"

December 2...Holiday Festival, with a slide presentation on the

Bicentennial Activities of the year combined with the festive lyrics of the Holy Family Players, Farewell, '76.

January 6...What colleges have to offer the Community will be discussed with representatives from Adelphi, CW Post, Farmingdale, Hofstra, Nassau Community, N.Y. Tech, and Old Westbury.

February 3...The Commissioner of Public Works and a representative from Zara Construction will talk about sewers.

March 3...The para-medics will demonstrate emergency procedures.

April 7...Hicksville Public Library will discuss their budget.

May 5...The School Budget will be discussed and candidates for the School Board will be introduced.

June 2...Extra-Special Annual Dinner to be held at the Galileo Galilei Lodge with hot and cold buffet, unlimited champagne punch, installation of officers and awards.

We accomplished all this planning for you, so all you have to do is appoint a delegate or bring a friend. The Council is for everyone in Hicksville. And don't forget that at each meeting a portion is set aside to answer any question, make any announcements, voice any complaint, or echo any praise, as long as it pertains to Hicksville. This is our Hicksville Town Meeting. Town Councilman Tom Clark will also attend our meetings to give important insight into the current workings of Town Government.

At my installation as President last June, I presented a thought that might prove worthwhile to all Community groups. For we are initiating a Community Calendar that will be placed in a prominent position in the Library. This calendar will be a clearing house for all activities in the area and will try to end the "conflict of dates" problem. Make sure that your organization is represented-designate a delegate. Sheets will be available before, during, and after the meeting to place the pertinent information and dates.

The Hicksville Community Council is continuing to bring into the town a feeling of community identity and awareness. We are not an entity unto ourselves, but part of a growing Community. Hicksville is here; Hicksville is now. YOU are the moving spirit of our Community. Let's get together-For a Better Hickville on Thursday, October 7th, downstairs at the Library. I am looking forward to seeing you there.

# Guest Editorial: By Sieg Widder

It seems like ages ago that my wife, Iris, and I read an item in the Mid-Island Herald about a new organization in town, called the Hicksville Community Council.

We read about this Council which was made up of leaders of, or delegates from, organizations in Hicksville, as well as individual citizens who were interested in meeting together "For A Better Hicksville." The description of the meetings and future plans of the Council appealed to us so much that we decided to attend the following meeting.

This was one of the best decisions we had ever made. We had both been deeply involved in church and company activities for many years and thought it would be good for us to become involved in Hicksville community activity, and broaden our horizons.

At that first meeting, we met people we had previously read or heard about, but never had the opportunity to speak with them personally.

Actually, it wasn't ages ago, but more like six years. In those six years we have met some of the most interesting people, attended some of the most informative meetings, and have taken part in some of the most fascinating experiences.

You too have these same opportunities available.

The Council meets on the first Thursday of the months of October through June. This consistency of meeting dates makes it easy for you to set your yearly calendar.

The primary purpose of the Council is the dissemination of information. This is accomplished in several ways. The Executive Committee, made up of the current officers and some of the former officers of the Council, plans and schedules informative meetings, with knowledgeable speakers, on topics felt to be of primary interest to the citizens of Hicksville. For instance, the scheduled speaker at the October 7 meeting will bring us the latest information on Assessment. What could be more timely? In view of the newspaper headlines in the past few weeks, property reassessment is a possibility for all home owners. How many of you as individuals could possibly meet with the top man in the Assessors Office to discuss this situation? The Council will make it possible for you.

Another way information of interest to Hickville citizens is disseminated, is through the informal portion of our meetings. At this time we ask delegates or representatives of Hicksville organizations to tell us what their groups are doing, and what their scheduled dates of activities are. Anyone can ask any questions, or bring up any subject, providing it pertains to Hicksville. We expect the delegates to report back to their organizations what they learned. This exchange of information can also be helpful in avoiding conflicts of dates and activities.

For several years, we were privileged to have the former Councilman, Warren Doolittle attend our meetings to bring us first-hand information about what was going on at Town Hall. We look forward to Councilman Tom Clark continuing to bring similar information to the Council meetings.

The Council is not a so-called "Civic Association". As a council, we do not take a stand on any issues which may come up, but we do our best to bring all sides of any issues to the attention of those at the meetings, so that they, as individuals, or as member organizations, can make up their minds as to which way they choose to go.

We aren't the only ones who feel that our Council is a worthwhile organization. Several neighboring communities have invited us to come and meet with their community leaders to help them organize a similar council.

You are missing something if you haven't spent an evening with us.

**GIRLSTIE 1-1**

On Sunday Sept. 12th, the under 16 girls, sponsored by the Benevolent Protective Order of Elks from Hicksville, opened their fall campaign against the Northport Barracudas at Grumman Field. Hicksville drew first blood on a goal by Tricia Valle early in the first half. The game remained 1-0 until late in the second half when a determined Northport team came back to tie the score. Time and again the front line of Karen Kolvich, Donna DeStefano, Carol Mc Causland and Tricia Valle narrowly missed chances to regain the lead. Plaudits go to the defensive unit led by Michelle Brill and Laurie Daly at fullback and Karen Jung, Karen Dolan and Bev Zaza at halfback. Goalie Theresa Dolan turned back numerous Northport shots at almost point blank range.

**KLM TOURNAMENT**

There are a lot of proud parents and friends in Hicksville this week. Both Hicksville teams (Bantam & Midget) roared through the Nassau County KLM Royal Dutch Airlines

soccer tournament last weekend and emerged Tournament Champions. Twenty-four teams (384 boys) from Nassau County participated and, in 7 games, both local teams compiled identical records - 6 wins and 1 tie.

Mr. Bernd Brutechin, coach of the under 10 year old Bantams, and their Harris Aluminum sponsor are all smiles as their boys banged in a total of 31 goals while giving up only six. After tying Rockville Center in their first game, Hicksville went on to defeat Garden City, Oceanside, Holy Spirit (New Hyde Park) and St. Ignatius in the preliminary rounds. In the semis, Blue Star of Lawrence fell to Hicksville 3-3 and the little guys played terrific soccer to defeat a tough Massapequa team 6-2 in the Final. This victory was a total team effort and every boy deserves a hearty congratulations. Mike Boccaola, Ronnie Brutechin, Johnny Carroll, Frank Christiano, Mark Habersaat, Jeff Knuth, Troy Levy, Billy Maguire, Mike Masters, R.J. Nakashian, Robby Newlands, Peter Schnurr,

Anthony Sparaglio, Lloyd Sneddon & Larry Ziembicki. Present but not playing due to injury was Gerry Dolan.

Mr. Bill Cresham directed the activities of the Knights of Columbus Midgets. This very strong unit continued their winning ways from last year and gave up only one goal in the entire tournament while scoring 25. In a very exciting and very close Final, Hicksville defeated Massapequa 1-0 after getting by Oceanside, Rockville Center, Notre Dame (New Hyde Park), Massapequa (1-1 tie), and Glen Cove in the prelims and Garden City in the semi-finals. The boys who did the job so well for Hicksville were Bobby Andrus, Kevin Cahalan, Vinny Christiano, Billy Cresham, Jimmy DeMarco, Sean Devlin, Steve Dolan, Todd Lewis, John McCann, John Mitchell, Robby Pearce, Adrian Peppi, Phillip Ridgeway, Frank Schnurr, David Smyth and Glen Zakian.

Our hats are off to all the boys on both teams for their excellent performance and a special thanks to KLM Royal Dutch Airlines for making it all possible.

# Holy Family Celebrates

After over two decades of serving the needs of the people of Hicksville, Holy Family is proud to announce that it will be celebrating its silver jubilee on Sunday, September 26th. Holy Family got its roots from the potato fields of Hicksville. For the first few years, while the construction of the Church was undertaken, Holy Family's priests said Mass at the Meadowbrook Theater and Levittown Hall. On November 15, 1953, the Church building was dedicated and actual construction was begun.

Out of the roots of the Levitt, Duffy, and other construction companies, families came from Brooklyn and the Bronx to settle 'in the country'. They came to have and raise their families in the sight of God. And under the direction of its first pastor, Father Martin O'Dea, the parish grew. By August of 1954, over a thousand infants had been baptized. And that same year, Bishop Boardman confirmed over 400 children. The parish grew in leaps and bounds. By 1958, a definite need for a parochial school was there

and work was begun on the fund drive. On August 16, 1959 ground was broken, not for a 16 classroom school as was first anticipated, but for a 24 classroom and auditorium complex. Work went full steam ahead despite the steel strike, and classes were opened the following fall. As a matter of fact, Hurricane Diane blew the doors of the school shut on the scheduled opening day. The plant was there, but the parish kept growing. It's needs are it's peoples needs. From the Rosary, Holy Name, and Ushers Society of 25 years ago, Holy Family has grown to over 24 different organizations, each catering to a particular need of

General Convention of the Episcopal Church meeting in Minneapolis (September 11-23). They were most anxious to hear in detail the Convention's actions regarding the ordination of women to the Priesthood and the new proposed Prayer Book.

In both instances the Convention has acted affirmatively

allowing, as of January 1, 1977, women with the same qualifications as men to be ordained to the Priesthood, with also the privilege of ordination to the Episcopacy. This matter has been debated at length and with much heat and passion at all levels of the Church. While the permission for women to become

Priests was joyously welcomed by many, there was a prevailing concern regarding the distress of others. In all of its crises, however, the Episcopal Church has not only openly aired its household problems, but has always been able to hang together.

The other serious matter was

the action of the Convention in accepting the revised Prayer Book that has been in the preparation stage since 1945. The action of the Convention on this issue was decisive and overwhelmingly positive to the surprise of those who have labored to preserve the 1928 Book of

## Refuse—Problem Or Opportunity?

Conveyors rise almost 50 feet high to feed City of New Orleans residential solid wastes into plant shredders.

Cities large and small are paying increasing attention these days to finding workable solutions to a common problem — the management of municipal solid wastes.

Municipal executives are looking not only for ways to more economically and environmentally process and dispose of refuse, but also for opportunities to reclaim and re-sell those portions of the waste stream that have value.

The City of New Orleans, Louisiana, for example, recently dedicated the nation's first full-scale facility to recover marketable materials from municipal solid wastes. Called *Recovery 1*, the \$6.5 million plant has a minimum daily processing capacity of 650 tons, more than half of the city's daily solid waste generation. The start of operations at the new facility will allow the city to close three municipal incinerators.

*Recovery 1*, however, is more than a substitute for New Orleans' incinerators. Early next year, the plant will begin to recover ferrous and non-ferrous metals, glass and paper. The profits from the sale of these reclaimed materi-

## The Kitchen Almanac

A recent survey reveals that a woman's favorite dessert for entertaining is cake. Pies rank second and third is ice cream.

And, according to the National Live Stock and Meat Board, at-home eating is becoming more informal with 75% of all meals eaten in the kitchen. There is also a trend to few items per meal and greater use of convenience foods.

A few pieces of charcoal tied in cheese cloth and placed on a shelf of your refrigerator will help keep the unit sweet smelling.

Peanut Butter 'n Ham Spread: Take 2 (3 oz.) cans of deviled ham, 1/4 cup of chunky peanut butter and 2 teaspoons of prepared mustard and empty deviled ham into a bowl. Next, add peanut butter and mustard and mix thoroughly. The spread makes a tasty topping for crackers.

Want to enjoy really fresh coffee at lower cost? An electric coffee mill may be the answer, according to researchers for KitchenAid appliances. Whole coffee beans are usually priced lower than

ground coffee, and — for the true coffee lover — there's nothing better than a cup of freshly brewed coffee that's just been freshly ground.

And, these experts point out, the key words to remember are "planetary action" when looking for a food mixer. This is the same method used by large commercial bakeries in their bakery mixers. As with commercial units, two of the three KitchenAid food preparers use a special "dough hook" for mixing and kneading homemade yeast breads. Homemade bread... Yum!

Even the early Chinese recognized the nutritional value of fish — as noted in this proverb: "Give a man a fish and he will live for a day. Teach him to fish and he will have food for life."

On a diet? One medium-sized fresh pear contain only 70 calories — which makes the fruit a good afternoon or evening snack.

## THE FAMILY LAWYER

by Will Bernard

### Holding Junior Liable

Suppose that little Willie, who lives down the street, heaves a brick through your picture window. Unless he is a habitual troublemaker, chances are you cannot collect damages from his parents.

But what about suing Willie himself? Even if he has no money of his own, he might well be covered by the family's liability insurance.

Most courts say a child is indeed liable for willful destruction of property. For example:

A six-year-old boy deliberately stomped on a neighbor's fresh bed of geraniums. The neighbor filed suit against the boy and won a judgment. The court pointed out that the main purpose of a damage suit is not to punish the wrongdoer but to reimburse the victim for his loss.

A child may also be liable for inflicting personal injury. Another six-year-old boy, seeing a four-year-old girl approaching, announced to his playmates: "I'll take care of Lucy."

He thereupon gave her a hard shove that sent her spinning to the ground. Result: injury to Lucy's arm and, in due course, a damage verdict against the boy.

On the other hand the child is usually not liable if his action, even though intentional, even though harmful, lacks a mischievous motive.

One affectionate four-year-old grabbed a woman visitor just below the knees, causing her to fall over and get hurt.

But when she sued him for damages, the court found no wrongful intention in the child's mind. Rejecting the woman's claim, the court said the hug was not an act of mischief but an act of love.

## Babysitting Cooperative

Mothers from the Hicksville-Jericho-Levittown area have formed a Babysitting Cooperative. Begun last February, the cooperative is an organized club in which mothers

take turns babysitting for each other both during the day and evening.

Each month, the mothers hold a regular meeting in order to become better acquainted and to introduce new members. A new member must first attend a regular meeting before she can join the cooperative.

Not only does a mother save financially from such an arrangement, but she also benefits emotionally by knowing that an experienced mother is caring for her children.

The cooperative works on a point system. If you engage a babysitter, you lose points; if you are the babysitter, you gain points. There is no obligation to sit—you sit when it is convenient.

So far, the cooperative has been working quite successfully. If you are interested in joining, please call 822-3345.

They don't have to know how little it costs.

## HOLY FAMILY

the parish

Msgr. O'Dea served 20 years as Holy Family's first pastor. (Last June, Msgr. celebrated his 50th year in the priesthood.) Father Daniel Nelson followed him as shepherd for a total of 5 years. Health reasons forced Father Nelson to retire, and our current administrator is the former principal of Trinity High School. Father Patrick Young in 25 years, we have been blessed with the dedication of these holy men.

On September 26, Holy Family will be celebrating its anniversary with a Mass and Liturgy at 2 P.M. Bishop McGann has been invited to join in the solemn celebration. Following the Mass, a "Film Festival" containing hundreds of slides and pictures is to be held in the School auditorium. Most of these pictures were taken by Father Fagan, the first "unofficial" Church photographer.

"Come celebrate with us on Sunday at Holy Family and join in our happiness," urged a spokesperson for the Parish.

## VANDALISM

fasteners to attach the flags to the halyard, custom made by Kiwanian Joe Oliver of Hicksville, were damaged by metal cutters and are also not repairable. The service organizations of Hicksville now have the job of obtaining a new halyard and new fasteners and getting the flags flying again, and in this regard there is help coming from the Town.

The Department of Parks of the Town of Oyster Bay has assured the Hicksville community that the Town will supply the manpower and equipment necessary to raise the flags.

Two American flags have recently been obtained by the Kiwanis Club through donations. One was from Rep. Norman Lent and another was given by the newly formed Nassau County Lodge of Woodmen of the World. These American flags will be for the benefit of the Hicksville community and will be flown at Kennedy Park.
