## Past Grand Knight Frank Dorsey Honored by Joseph Barry Council

By Jim Cummings

Past Grand Knight Frank Dorsey and his lovely wife, Evelyn, (left) smile for the photographers at recent Testimonial Dinner-Dance in his honor held at the Monsignor Bittermann Hall of the Joseph Barry Council, Knights of Columbus, 45 Heitz Place, Hicksville.

Frank personifies christian charity in his home, office plus his total commitment to the membership of the Joseph Barry Council. There isn't much more that could have been crammed into 18 years of Knighthood by anyone. After serving the Council as Treasurer for several years, Frank came back to be the Deputy Grand Knight, and then was unanimously elected Grand Knight for two successive terms. In addition, he served as the Kenny Club Secretary and later a Director, Past President and Chairman of its Board.

In addition to all of this, he served as President of the Council's bowling league for more years than he probably cares to remember. Frank is an avid golfer (in his leisure time) and a faithful router of the Council Softball Team. Heavens only knows what he did in the Al Smith Council, Knights of Columbus in Elmont, before he transferred to the Hicksville Council.

Frank and Evelyn moved to our wonderful Hicksville community from Jamaica. He served in the Navy from 1942 to 1945. For the past 28 years he has worked for the Securities Investment Automation Corporation in New York City.

Would you believe that he and Evelyn have five wonderful children and four grandchildren? Don and Sybille have Eddie and Patrick. Don is an Air Force career man currently serving in Germany. Jimmy and Laura are the parents of Scott. Son, Jerry and wife, Lois, have Denise; Mary Ann and Bob Longo were just married, and daughter, Kathy is a student at Farmingdale.

The Council is in your debt, Frank Dorsey and to your lovely wife, Evelyn and family, for

permitting all the hours of sincere devotion to our Council, its many improvements; but most important the many honors bestowed upon our Council during your two terms, because of your total commitment to Columbianism and our Council.

The evening was most enjoyable for the SRO members, family and guests who joined to honor Frank Dorsey and also say a special "Thank-You" to his wife, Evelyn, for her constant support and encouragement.

Officers on the dias were: Reverend Hugh Cannon, Chaplain; Paul Dunn, present Grand Knight; Stephen Ryan, PFN, Deputy Grand Knight; James E. Carroll, Chancellor; John Wenck, Recorder; Walter Schreiber, PGK, Financial Secretary; Steven Scover, Treasurer; Arthur Schreiber, PGK, Advocate; Archille Di Rocco, Lecturer; Olaf Costello, Warden; John Fletcher, Inside Guard; William Gradischer, Outside Guard; Charles Barhold, Jr., Outside Guard; Frank Klarman, PGD, District Deputy

and Trustee; John Mulholland, PGK, Trustee and our guest of honor Frank Dorsey, PGK and Council Trustee.

The Council now in its 52nd year has a proud record of accomplishment in the Hicksville community and it was through the efforts of the following Past Grand Knights that this continued fraternalism continues to expand today: Past Grand Knights Francis J. Klarman, District Deputy; John B. McKenna; John F. Mulholland; Lawrence Trubinski; Joseph Kaprinski; Robert Di Lorenzo; Arthur Schreiber; George P. Maguire, Past Faithful Navigator, 4th Degree; Michael Simile; Thomas Costa; Walter Schreiber; James Wise, PFN; Vincent Hilly; William Patchell; Robert Mc Gregor; Harry Woods; Francis Donovan; Thomas Douglas; Dermot Dunn, PFN; Vincent Mc Gungliffe; John Dooley, PFN; Bernard Braun; Steve Smatalak and William E. Koutensky - all who served so well.

## Waterfowl Rescue Team

Volunteers are being organized in the Towns of Huntington and Oyster Bay to be trained in the rescue, cleaning, and rehabilitation of birds victimized in oil spills. Ms. Eileen Connolly of Hicksville is chairperson of the Team which is sponsored by the Theodore Roosevelt Sanctuary in Oyster Bay. Oil pollution is a serious threat to Long Island's waterfowl. All those interested are urged to attend their next meeting being held Thurs., Oct. 14, 1976 at 8:00 p.m. in the Community Center in Oyster Bay.

Mrs. Sally Ruppert, Pres. of the Huntington Audubon Society,

will demonstrate the use of Shell Sol 70, a solvent used in the cleaning of oiled birds and donated to the team by LILCO. In addition, Dr. Basil Tangredi, D.V.M. will discuss new methods being used in the prevention of oiled waterfowl. Mr. Ed Timmes of Coastal Services, Inc. in New Jersey will also discuss oil pollution clean-up procedures.

Long Island is home to an invaluable number of waterfowl. They must not be carelessly disregarded. Please join the Waterfowl Rescue Team and help us protect these animals. For further information please call the Theodore Roosevelt Sanctuary at WA2-3200.

# New Federal Election Law Curtails County Committee Spending

One of President Ford's earliest and staunchest supporters in New York State, Assemblyman Joseph Margiotta, Chairman of the Nassau Republican Party, personally began painting out the names of President Ford and Senator Dole from the 26 railroad trestle campaign signs located throughout Nassau County, the most populous Republican county in the state.

Margiotta hasn't abandoned President Ford. On the contrary, he's supporting the President as best he can under the new Federal Election Laws.

The Federal Election Commission, however, has ruled that all campaign materials with reference to the candidacy of President Ford and Senator Dole must be altered, taken down or

otherwise destroyed to comply with the Commission's recent decision to enforce the proposed regulation that limits county committee spending on presidential candidates to a total of \$1,000.

Forced to comply with the Commission's decision, Margiotta protested by personally beginning the rub-out campaign by painting over Ford and Dole's names on a trestle located at Plainfield Avenue and Stewart Street, Floral Park. The rest of the work, including use of the names of local candidates instead, is being handled by a company.

Margiotta said that the new Federal Election Law "has effectively removed all local political committees from par-

ticipating in the election of the President of the United States. It is my understanding that the only campaigning local county committees can do for the President is to hand out a sample ballot with his name on it or to get volunteers to go door to door and ask people to vote for the President."

"It's really ridiculous and a shame," he said. He noted that many Republican voters are upset at the Nassau County organization for leaving off the President's name from literature being distributed by Republican candidates. "How do I tell them that I can't put the President's name on this literature as it is a violation of the law?" he questioned

## The One Party System

By Cong. Norman Lent

The 94th Congress finally adjourned last week, keeping intact the national secret of which political party is running the Congress and ruining its reputation.

Two years ago, some starry-eyed political commentators touted the newly elected 94th Congress with its two-to-one majority of Democrats as a vehicle to regenerate American government. Instead, the system has deteriorated. The reason is one party domination of Congress for 40 of the last 44 years.

controlled Congress ignored these proposals while allowing the Democratic Caucus—old "King Caucus"—to operate as a secret cabal, deciding procedures and the destiny of important legislation behind doors closed to the sunshine of public review.

Only a thorough cleansing of Congressional procedures—and not half-hearted attempts at simple dusting—can restore the people's faith in the House of Representatives. Yet, although they had the means, the Democrat-controlled 94th Congress lacked the will to enact thorough and meaningful reforms.

And what of legislation? Where are the bills to improve the medical health care delivery system? What about Welfare reform? Where are the measures designed to expedite energy exploration and remove American dependence on foreign oil imports? What about bills to create incentive for investment capital and create new jobs? The answer is that they languished and died in committee. Other vital legislation like tax reform, clean air legislation, and revenue sharing were delayed until the last minute by the Democrat-controlled leadership.

The Republican Task Force on Congressional Reform presented its program more than a year ago. The package included fresh proposals for open meetings in committees and conference committees, recorded votes in committee, fair apportionment of minority party membership on committee, fair apportionment of minority party membership on committees and committee staffs, and better scheduling of House business. The Democrat-

Every night during the hectic last week, the House stayed in session throughout the day and late into the night, hurriedly passing scores of bills. On one night, the House stayed in session until 4:00 A.M., trying to finish up an insanely overcrowded agenda.

The lesson of the 94th Congress is clear. One party rule must be ended in the Congress and it is up to the electorate to do that.

## 10,000 Volunteers Needed For Swine Flu Program

Nassau County Executive Ralph G. Caso recently announced a massive recruitment drive for volunteers to serve in the swine flu immunization program.

Officials of more than 250 service and veterans organizations in the county were invited to attend a briefing on Wednesday Oct. 6 at 8:30 p.m. in the Board of Supervisors' hearing room.

"We are calling on the service and veterans organization to take the leadership in this recruitment drive," Caso said. "As many as 10,000 volunteers may be needed at the mass immunization clinics that will be operated by the Health Department."

The volunteers will serve at 35 sites over five Sundays in fall for the million residents of the county who may receive the swine flu vaccine. They will join a

volunteer staff of physicians, nurses and medical technicians who are being recruited separately, Nassau Health Commissioner Dr. John J. Dowling said.

"A volunteer need not have specific skills," Dr. Dowling added. "The only thing we require is a willingness to serve their fellow county residents during this critical immunization program."

Volunteers can be expected to help residents register, guide them through the inoculation and handle the paperwork connected with the immunization, according to Dr. Dowling.

"While we have concentrated the thrust of this new recruitment drive on the service and veterans groups, many other organizations in the health and welfare field already are cooperating in finding volunteers

for the immunization program," Caso observed.

Physicians are being obtained through the Nassau County Medical Society, nursing personnel is being supplied by various associations of nurses, the volunteer fire companies throughout the county are offering their medical technicians and lay volunteers are coming from the March of Dimes, Red Cross and other health-related agencies.

Volunteers may sign up in writing to Karl Kampe in the Health Department at 240 Old Country Road, Mineola, 11501 or by telephone 535-3345, 3346, 2672 or 3578.

The exact dates for the immunization; and the final site selections will be announced by the Health Department as soon as arrangements are complete.

## Long Island Fair Oct. 8 thru 11

One of Long Island's most popular family attractions, the Long Island Fair, will be presented again this year at the Old Bethpage village restoration, Friday, October 8 through Monday, October 11, 1976.

The 1976 edition of the Fair, sponsored by the Agricultural Society of Queens, Nassau and Suffolk Counties, Inc., marks the seventh consecutive year that the event has been held at the village. A recreation of a typical Long Island farm village of the period before the Civil War, the location provides a perfect setting for the fair. The Fair will feature family entertainment and special events, displays of farm vegetables, home garden crops, fruits, poultry, livestock, culinary arts, flowers, hobbies and needlework, as well as public agricultural skill tests and other contests.

During this Bicentennial Year, the 1976 Fair will present an exhibit featuring preparations for the 1851 American Exhibit at the Crystal Palace Exhibition in London, which highlighted the latest technological im-

provements of the time during the 75th anniversary of the Declaration of Independence (1776-1851). In addition, special events have been scheduled throughout the four-day event.

Heading the list of feature attractions is Professor George Gardino, the renowned mesmerist fresh from a recent European tour and ready to lecture on animal magnetism. "Lawrence the Magician," the "Great Wizard of the North," will mystify audiences with his magic, while women's rights rallies will fill the air with heated debate. Other special Fair events, most to be held daily, include puppet shows; folk music presentations; performances by the Old Bethpage village restoration Brass Band; choral singing; public agricultural skill contests including corn husking, spading, ploughing and crosscut sawing, special kite flying and race competitions for children.

In the agricultural display area, thousands of exhibits in 500 different exhibit classes will be represented at the Fair, with entries vying for prizes ranging

from \$1 to \$100.

The 1976 Long Island Fair will be open from 10 AM to 6 PM daily, and admission to all events as well as the historic buildings in the Old Bethpage village restoration is \$2.50 for all persons 18 years of age and older, and \$1.50 for those between the age of 5 and 18. The village, operated by the Nassau County Department of Recreation and Parks, is located off Round Swamp Road in Old Bethpage, south of Exit 39 off the Northern State Parkway and Exit 48 off the Long Island Expressway.

## Women's Party

The party, which will feature live entertainment by Judy Castelli, Karen Veltre and Elaine Young, a buffet, and raffle, is to raise money for the purchase of a building which will house many Long Island feminist organizations and groups.

All women are invited to attend; a minimum donation of \$3 is requested. For directions, information, etc., call 757-0248 or 767-4536.

# Dear Friends...

Among the "top ten" Hicksvillians who have been active in the service of youth and sports and recreational programs for our young people for many years, is the name of ROSEMARY WALSH. It is ironic and cruel that now when she is serving this School District as Head of the Transportation Dept., and has to carry out the orders of the school administration and the Board of Education (and also those who voted on the last school budget) regarding the reduced limits of transportation for some students, that Mrs. Walsh, (now a working widow) should be harassed and her home vandalised... that she had to have her telephone number changed and unlisted, that her tires have been slashed and her driveway smeared with paint... and innumerable other incidents of personal harassment and home vandalism. It is impossible for us to believe that these incidents could have actually been performed by adults, for no matter what they wish to have changed, they would at least know that any change must come from the Board of Education. This must have been done by those whose brains have not yet developed beyond infancy. Whoever is responsible for this incredible situation of personal harassment needs help, and we pray that they get it soon for their own sake and for the sake of those around them. Meanwhile, knowing Rosemary, we feel that she will always continue helping the young people of our community even though she may feel it necessary to move out of Hicksville... if anyone has specific suggestions as to how this situation could be alleviated, or how other Hicksvillians could help Mrs. Walsh, we wish you'd phone us at WE 1-1400. If we're out we'll get back to you after Oct. 16th.

Condolences to Mrs. Ebery Bean upon the loss of her beloved mother, Mrs. Bridget Fogarty, 87, of Lawrence, on Sunday, Oct. 3rd. Services were held for Mrs. Fogarty at St. Marys R. C. Church in Lawrence on Wed., Oct. 6, with burial following at the Star of the Sea Cemetery in Lawrence. Mrs. Bean wanted to thank both the clergy and women of the Prayer Group of the United Methodist Church of Hicksville for their many kindnesses and prayers during this time of bereavement.

PLAINVIEW RESIDENTS who are interested will want to put the hearing at 8 p.m. on Thursday, Oct. 21st of the TOB Zoning Board of Appeals, where the case of the Young Israel of Plainview will be coming up for consideration. Whatever your feelings on this matter, you will want to be present to hear all the details and to make your wishes known.

THAT'S ALL for this week. Stay well and remember the old saying, "Do unto the other as you would have done unto you."

# Fire Report

By EX-CAPT. OWEN MAGEE

Prevention Week the Hicksville Fire Dept. opened a display of fire equipment and fire prevention pointer at a vacant store loaned to the department at the east end of the Mid Island Plaza Mall near the taxi stand. The store front is manned by firemen for as many hours as possible. As of Wednesday interest has not been too overwhelming.

But if one looks at the fire statistics for Hicksville in the past 4 week period you can see the urgent need for community awareness in fire prevention not only for this week but for all year round. During the Sept. 7 to Oct. 6 period there were over 90 alarms. There were 49 rescue calls, 32 fire calls, almost all could have been prevented such as grass and rubbish fires and several building fires. Add to the list 9 malicious false alarms and you have a busy month for vamps.

The false alarm situation is getting worse all over. New York City had a recent survey taken in which it was recommended to remove all troublesome alarm

boxes. In nearby Hempstead a very high rate of false alarms has caused the removal of 25 of 165 alarm boxes. In Patchogue, L.I. all alarm boxes had to be removed. It is interesting to note that the expected jump in fire insurance rates did not rise at all. Even the insurance rating industry sees the alarm boxes for what they really are—a life hazard.

## Guest Editorial

By Arlene Levine, Vice President  
Four Freedoms Chapter B'nai B'rith Women

When Franklin Delano Roosevelt proclaimed the Four Freedoms, he should have proclaimed a fifth one - the freedom to serve others. The service to others performed by the members of the Four Freedoms Chapter of B'nai B'rith Women truly epitomizes this fifth freedom.

During the past year, members of the Chapter have served the general local community in various ways. Some of our members serve as volunteers in the local hospitals. Others crochet lap robes for the wheelchair patients at the A. Holly Patterson home in Uniondale.

The Four Freedoms Dramatic Group put on an original musical comedy for the residents of the Hempstead Nursing Home.

By far, our greatest services are performed by a committee under the able leadership of Rose Klein. These women make up packages to be distributed to the local poor on holidays which, of course, are greatly appreciated. Even more greatly appreciated are the monthly visits they make to the Jones Institute in Hicksville. They entertain, or play Bingo with, the residents; provide small gifts and prizes, refreshments, and most of all, the feeling that someone outside cares. The appreciation of the residents can best be expressed by the following poem which was written by one of them -

How can we thank you for all you do.  
Can one repay the sun that shines all day  
Repay nature for the beauty of the flowers  
That brighten lives as we pass along.  
We thank you all from the bottom of our hearts  
"God" bless you, for what you are  
We're grateful for the time you spend with us  
A happy time no sadness can ever mar.  
Time passes, and sometimes there's no time for quiet  
times and quiet places and quiet smiles in my heart  
that speak of love and friendship and thru all the  
times and places you'll stay in my quiet love,  
my friends, "B'nai B'rith".

## Postal Service Celebrates Hobby Month

Throughout the month of October, the Postal Service will celebrate National Hobby Month in cooperation with the National Hobby Industry of America, Sectional Center Manager. Postmaster Anthony Murello announced

"Stamp collecting is the most popular hobby in America and we support the belief that this and other hobbies are an enriching way to fill leisure time with creative pursuits," he added.

Lending White House support to National Hobby Month, President Gerald R. Ford has issued a special message pointing out that hobbies and crafts are for people of all ages.

"In our industrialized society," wrote President Ford, "hobbies provide a greatly needed

stimulus and outlet for the inventiveness and artistic talents of our people."

Dinah Shore a person with several hobbies, including art, needlepoint, and photography, has been named national Chairwoman for National Hobby Month. She and other prominent people will be talking about their hobbies on radio and TV shows in connection with this event.

Across the nation, over 5,000 post offices will feature posters of Ms. Shore in their lobbies, said Sectional Center Manager Postmaster Murello. In addition, many post offices will make lobby space available to local stamp clubs and other hobbyists to display their collections.

"Each year, thousands of school children tour our post offices to learn how mail is processed and delivered," explained Sectional Center

Manager Postmaster Murello. This year, most of our school-sponsored tours will take place during National Hobby Month.

"Not only will the children learn a great deal about how their Postal Service works, but they will also have a chance to examine other hobbyists' collections," he said.

**MIDGETS MOVING**  
After taking 1st place in the KLM Tournament a week ago, the Midget Red under 12 boys started their regular season with two quick wins over East Meadow and Brentwood. It was no contest from the opening whistle in the East Meadow game as Hicksville completely dominated and, although coach Bill Cresham moved the boys around to keep the score down, Hicksville still rolled to a 7-0 decision. Goalkeeper Robert Pearse was hoping for some action but hardly touched the ball as East Meadow could not get it by the defensive backs Kevin Cahalan, Steve Dolan, Todd Lewis and Frank Schnurr. Hicksville kept the pressure on

the entire game with strong performances from Phil Ridgeway, John McCann, Glen Zakian & V. Christiano.

In the Brentwood game, Hicksville started sluggishly but warmed up as the game progressed. The halfbacks & front line strikes John Mitchell, Sean Devlin, Jimmy DeMarco and Billy Cresham moved the ball well and scoring was Adrian Pepi with a hat trick, Dave Smyth and Bobby Andrus. Final score 5-1.

The team is beginning to jell but these Joseph Barry Kof C midgets face tougher competition in succeeding weeks & have practiced diligently for their next match with Northport.

## "Ice For Life" Skate-A-Thon

Long Island area ice skaters will soon join together in a nationwide skate-a-thon effort to raise \$30,000 for St. Jude Children's Hospital located in Memphis, Tennessee. A skate-a-thon is a unique way of raising money whereby each skater that is participating finds a friend, relative, small business or any other interested donor to sponsor them. By sponsoring a skater, each person or business, etc. pledges a set amount of money for each time period the skater spends on the ice.

The annual "Ice For Life" skate-a-thon is being sponsored by the Ice Skating Institute of America and will be held on Saturday, November 13, at Raquet & Rink in Farmingdale.

Kathryn Kirleis, Chairman of the skate-a-thon said, "The people of Long Island have always been very generous in their support of worthy causes. We need their help once again to reach our \$30,000 goal."

"We urge everyone on Long Island to either skate with us or sponsor a skater." According to Mrs. Kirleis, any person interested in participating in this project can get further information by calling 420-0664.

St. Jude Children's Research Hospital was selected as beneficiary of I.S.I.A.'s skate-a-

thon proceeds. Founded by entertainer Danny Thomas in 1962, it is the world's largest childhood cancer research center in terms of numbers of patients and treatments successes.

Mrs. Kirleis said, "Cancer is the second largest killer of little children--second only to accident. We can be proud of the contribution we are making to the fight against catastrophic diseases of childhood." For information on I.S.I.A.'s "Ice For Life" skate-a-thon, call Raquet & Rink at 420-0664.

# At The School Board Meeting

By Marge Marcus

The Administration Bldg. Conference Room was full to capacity with some overflow in the lobby at the September 29th School Board Meeting. Mrs. Wolfson, Board Chairman, read official reports of "sad" community news. The Supervisor of Transportation for Hicksville

schools, Mrs. Rosemary Walsh, has been personally harassed for the cut-back in school transportation. This employee of the District has received telephone calls through the night, her home littered, and white paint spilt on her black-top driveway. At this

point her home is up for sale all due to circumstances completely beyond her jurisdiction.

It was announced that there would be a fifteen minute first session public speaking in order to complete the three page Agenda. After this was done, all further questions would be open to discussion until everyone who wished had the opportunity to be heard. With this in mind, the meeting was not adjourned until 1:54 a.m. and many residents stayed throughout.

Under unfinished business the reclassification of nurse/teachers was approved, but clerical appointments delayed. Use of school buildings by the American Cancer Society and

PTA-Regional Meeting were approved with a waiver of fees granted. The Swine Flu Immunization Program is not settled as State policy has given priorities to other areas.

Mr. McCormick announced that over 1500 people registered for Adult Education Classes in Hicksville. Mrs. Wolfson announced that six Hicksville High School seniors are Nat'l Merit Scholarship semi-finalists.

Announcement was made of the retirement of Mrs. Ruth Williams a secretary with the District for fifteen years; also Mrs. Dorothy Gallahue with the Nursing Staff for seventeen years. Both women were praised for their services.

A petition for a re-vote on the transportation cut-back was presented to the Board by residents with 5427 signatures. This is more than necessary for action to be taken. Mrs. Wolfson acknowledged this but indicated it is only a first step for a public referendum. A registration date must be set, and voting machines rented by the District. Due to the closeness of the National Election the date would be so affected.

The residents who had children bordering on the 1.5 mile cut-off were most upset; others could not understand why empty busses passed by their homes, and still others had gone to great length to follow the bus to school and reported it as not being full. Distance law referring to "pedestrian route" was the hardest for Dr Hill to explain, "this is the child's walking distance to school and cannot always be the same as a bus route". Administrators again referred to an engineering map designed with "bench marks" indicating distance and thus far it has always proved accurate. Unfortunately, it is not permissible to make exceptions. Later in the evening Mr. Ayres arrived suggested that with all the "cloudy areas" involved, a sum of \$2500 be set aside to check individual discrepancies as soon as possible. Dr. Hill agreed to find out how many such cases could be resolved by either an

engineering or surveying firm for this amount of money. The Board approved this plan. Mr. Arena invited interested parents to join his Budget Advisory Committee where their suggestions may be used in the future.

Included in the Superintendent's report were the awarding of bids for school supplies and bldg. and ground needs; all were approved except for the PA System Renovation which was postponed. Dr. Hill explained the oil bid received from Exxon which is based on the "barge price" due to quantity but cannot be set for the year due to supply and demand pricing.

Use of school facilities for PTA Council was granted. TOPS, a weight-watcher organization requested school space; Dr. McCormick suggested that this might be a good program for Adult Education. This was approved by the Board and referred to Mr. Meller school Adult Ed. Director.

Reports from Adult Education were the appointment of student assistants and registrars on an hourly wage scale. Dr. Clancy mentioned the "service to the community we are providing offering SAT Review Courses on Saturday". He felt this would take the fear out of taking the examination. An additional new course was Income Tax Preparation.

With the many athletic activities being offered a request was made to hire lay help to assist Staff Coaches and supervise youngsters. This will be publicly announced in local papers, the minimum wage \$2.30 per hour will be paid, and interested parties can call School Administration at 733-2018.

Saturday requests for school facilities and grounds by neighboring Parochial Schools and the Hicksville Soccer Club have increased so much since last year that further checking was necessary to ascertain available space and custodian help needed.

**FORGIVENESS: PART II**  
God want us to be willing to forgive others as He has forgiven us. "This is well and good," we may be thinking, "but I've been really hurt and disappointed in life." "I'm tired of two-faced people." "Phonies go home." "I sometimes feel like shouting." "How hard I try to be nice, and I know that I meet people more than half way." "Oh, how blind we all are. How blind to our own inadequacies. We are so often the two-faced phonies. We often see ourselves through the eyes of our mother or father—people who had such difficulty seeing our faults. Believe me, we have faults. If we were able to read the minds of

others, how painfully evident our inadequacies would become.

Forgiveness is something we need both from God and from another. Those around us also need to be touched by our forgiving love. Someone who abused us may very well not deserve our love, but he needs it. Someone who irritates us by his obnoxious personality does not deserve our love, but she needs it. Someone who has shunned our every effort of kindness does not deserve another effort, but he might need it. "But how hard it is to love some people." "We protest. Who said it would be easy? Crucifixion was never sought.

Being a follower of Christ is not a snap. When it becomes easy, we probably were side-tracked somewhere and are now following another leader.

So in our relationships with one another, in our families and our church, we must bury the hat. When we do, let's not have the handle above the ground. God knows we need forgiveness. I need it. You need it. We all need it. Forgiveness brings healing, with God...with others...and within ourselves. Look at the Cross again this morning and see the greatest sermon on love ever preached, then think, How Jesus loves

me." Now look around and before too long you'll find someone who really needs your forgiving love. Then there is but one thing left to do—give it

Harrer, Pastor of St. Ignatius Loyola, Hicksville, arranged for the following five School Board members to attend: John Bishop, Joan Bollhofer, Mary Colreavy, Daniel Gallagher and Marie Krause.

# Holy Trinity Episcopal Church News

Next Sunday, October 10, at 5:00 P.M., Holy Trinity Episcopal Church, Hicksville, is initiating a monthly covered dish and Bible supper for families. Interested families of the community are invited to join in this evening of sharing. Nursery care will be provided for the very young as well as attention getters for other children. Families attending are asked to bring a casserole for the buffet table. The evening will be an informal one. There will, however, be direction given by the Rector, The Rev. Dominic K. Ciannella and his seminarian assistant in the discoveries of scripture. Initially the study will be from the Covenant. Father Ciannella extends a ready welcome to families of the community.

Last Sunday children of the Church School met for their first Autumn Sunday School classes. A fully graded Sunday School is offered and children not attending other churches are welcome. Christian education at Holy Trinity Episcopal Church is fully Bible oriented.

Father Ciannella reports that the David Duncombe memorial will soon be ready for installation in the Church. Mr. Anton Rosti, the Artist, is expected to have the floor medallions depicting the Stations of the Cross finished and delivered in another week. Father Ciannella further reports that this memorial has not been fully underwritten and additional memorial gifts are asked in honor of this fine Priest and very active member of the Hicksville community during his pastorate. Donors should reply directly to Father Ciannella c/o Holy Trinity Episcopal Church, 130 Jerusalem Avenue, Hicksville.

**OFF BEAT APPLE PIE**

It's National Apple Month which means that it's your own favorite is the one to use.

This recipe for Sour Cream Apple Pie is a single crust pie. The apples are chopped instead of sliced. A mixture of sour cream, eggs and sugar is poured over the apples which after baking results in a custard-like texture. A cinnamon flavored crumb topping takes the place of a top crust, complementing the fresh apple flavor.

**SOUR CREAM APPLE PIE**

1 pie crust, for single crust pie  
2 cups pared, chopped apples  
2 tablespoons flour  
1/2 cup sugar  
1/4 teaspoon salt  
1 cup sour cream  
1 egg, slightly beaten  
1 1/2 teaspoons vanilla extract

On a lightly floured board roll out pie dough to fit 9-inch pie plate. Transfer the dough to the plate and trim edge, leaving 1/2 inch overhanging. Fold edge under and flute.

Place chopped apples into pastry shell. Combine flour, sugar and salt in a bowl. Add sour cream, egg and vanilla extract. Beat until smooth, then pour over apples in prepared pastry shell. Bake at 425°F for 15 minutes, then reduce heat to 350°F, and bake 30 minutes longer. Remove from oven and add the following crumb topping.

**Crumb Topping:** Blend together 1/3 cup flour, 1/3 cup sugar, 1 1/2 teaspoons ground cinnamon and 1/4 cup butter or margarine. Sprinkle on top of pie and bake at 400°F for 10 minutes. Makes one 9-inch pie.

One 19th century "philosopher" believed that the moon and planets were just reflections of the sun and earth. It was all done with mirrors!

# Expanding Services At HAD

Help, Aid and Direction, 268 North Broadway, Hicksville, announces the expansion of its Group Program to benefit the community it serves. HAD has been an integral part of Hicksville and the surrounding communities for many years. New groups are presently forming in three major areas:

Teenage Groups - (about 13-17)  
Young Adult Groups - (about 18-25)

Parent Groups - (for parents with or expecting children)

Since Help Aid and Direction opened in 1969 it has offered groups. Groups are a proven affective method of bringing the different sections of our community together to help them help themselves. Unfortunately, there has been a great deal of confusion about groups through the years. HAD's perception of group goals are these: self awareness, awareness of others and awareness of the group situation; self valuation, valuation of others and valuation of the group situation; self activation, interaction with others

and action through the group. The groups are designed to give the participants the maximum space in which to learn and put the new knowledge into practice. There is no yelling and screaming in HAD group, just the sound of people working together.

Many people come to group with problems they feel they no longer wish to handle alone. Others come to expand their experiences. Still, other people want to become more aware about themselves and the people around them. Whatever the motivation, HAD's Group Program is being designed to meet your needs.

The teen years are difficult and challenging. Your body is changing, emotion experiences, friends pressuring you, parents hassling you, drugs and much more with which to contend. You can sit in your room alone and wonder, or join a group with people in a similar life situation as yourself. Share your loneliness and doubt, your misunderstanding and fears. The group can bring what may be con-

sidered dark thoughts into the light.

The young adult is faced with a different set of pressures than when you were a teenager. The new social relationships, new roles, pressures from schools, jobs, friends, and parents all serve to bring you down. The group can handle these in a new and effective way. You also need new social skills in communication and conduct, all these and more can be found if you are willing to commit yourself to the group experience.

Parents, you seem to be the first blamed for everything that goes wrong. It doesn't seem fair and you're trying to help your children, your spouse, your life. There are other ways of handling situations; you know there are. The group with people in similar life situations as you may show you that alternative you've been looking. The group may put your children and your relationship to your children in a different perspective.

There is no fee for the teenage and young adult groups. We ask a \$15.00 donation for the parent group. HAD also provides help with alcohol and drug abuse, individual and family counseling and a referral service. All inquiries are confidential. For further information, please

## Successful Fair

The sixth annual Hicksville Library Old Time Country Fair held last weekend was the usual successful climax to a year of making and doing of handicrafts for the community. The entries this year were not as many as in previous years, but what they lacked in quantity, they made up for in quality. The judges had even more difficult a time deciding on the Blue Ribbon winners. We are very grateful to the Nassau County Cooperative Extension Association for providing us with their professional experts to have to do the deciding. Barbara Leno, Richard Weir, Carolyn Lettiere and Hannah Meeser were the judges for this year.

The first prize winners will be announced in next week's paper, as well as the second and honorable mention award

## School Board Meeting

The Hicksville Board of Education will hold a public meeting on Wednesday, October 13, at 8:15 p.m. in the conference room of the administration building.

call 935-6858. For the few minutes it takes to find out what HAD has to offer, you may find a life time of change.

## On The Campus
