## PTA Council Resolution

Whereas, The Hicksville Council of PTAs believes that individual freedom, individual rights, and individual dignity are indispensable components of a democracy, and

Whereas, The Hicksville Council of PTAs feels that inherent in any belief in individual rights and freedom is the responsibility to respect the rights of others, and

Whereas, the Hicksville Council of PTAs cannot condone any actions of vandalism or violence, especially those which have been carried out against Mrs. Rosemary Walsh, transportation supervisor of the Hicksville School District, and

Whereas, the Hicksville Council of PTAs feels that the people of Hicksville must stand up and protest against wanton disregard of an individual's (or the community's) rights and property, be it therefore

Resolved, that the Hicksville Council of PTAs condemns any vicious and irresponsible acts which have been perpetrated against Mrs. Walsh or her property, or that belonging to any other individual or the community, and be it further

Resolved, that the Hicksville Council of PTAs work with the school district and the community in a program of parent and student education which will strive to produce a positive feeling about our community and our neighbors so as to prevent any further heinous acts such as have occurred in our community in recent weeks.

## Lent To Speak

Congressman Norman Lent will address the Hicksville Chamber of Commerce on Tues., Oct. 19 at the Old Country Manor, Hicksville. Luncheon will be at noon.

## Council Opens '76-'77 Season

President Carole Wolf brought down the gavel at eight thirty sharp on Thursday evening, Oct. 7th, at the opening meeting of the Hicksville Community Council's 1976-'77 season. A large audience of both organizational delegates and individual citizens were present to tell of coming events in Hicksville and to hear Mr. Abe Seldin, Chairman of the Nassau County Board of Assessors.

The Rev. F. Harrer of St. Ignatius R.C. Church opened the meeting with a prayer which was followed with the pledge to the flag led by Mr. Sieg Widder.

Mrs. Wolfe then explained how the latest project of the Council, A Community Calendar, will operate. This calendar of community events will be kept at the Hicksville Library and will cover three months. It will be updated each month. So, if you wish to list your organization's events on this calendar, pay a visit to the library and speak to any librarian. She will be glad to help you list your organization's events.

Mr. Max Josephs of the Hicksville Schools then described what has been happening to the residence and the car belonging to Mrs. Rosemary Walsh, who handles transportation details for the Hicksville Schools District. Those present expressed concern about this matter which has already been discussed in last week's HERALD. It was decided

that each delegate would go back to their organization and discuss what can be done community-wide to prevent the continuation of such conditions in Hicksville.

Mr. Abe Seldin was then introduced. He spoke at length on how each house and piece of property in Nassau County is assessed, and how additional assessments are arrived at. He also showed film slides which were run by Mr. K. Cynar. Mr. Seldin answered innumerable questions regarding our tax assessments. He also had copies of four brochures on the subjects he discussed, which were handed out at the meeting. They are entitled: "Facts About Property Tax Exemptions", "Facts About Property Tax Assessments and Home Improvements", "Facts About Assessment of Real Property Improvements", and "Facts About Assessment and Your Property Taxes". You may write for copies of these informative brochures to The Nassau County Board of Assessors, Taxpayers Information Bureau, 240 Old Country Road, Mineola, NY 11501.

The Town Meeting section of the Council meeting was filled with reports from the delegates of those local organizations as to the coming activities of their groups.

There was also a discussion of the coming of four weekends in the near future devoted to giving swine flu shots at the High School. Volunteer RNs are needed as well as other volunteers to cover many details in this important project.

It is expected that Oct. 30-31 will be the first session, from 9 to 4 at the High School. Members of the Board of Education present said that information would go out to all newspapers soon.

## Campaigning 1840's Style

If Election Day, 1976 were to be run as it was in 1840, the protests would shake the foundations of today's Republic from coast to coast. Visitors to the Old Bethpage village restoration in late October will have a chance to find out about the "good old days" during the annual reenactment of the 1840 contest for the Presidency between Democrat Martin Van Buren and Whig William Henry Harrison, as well as the battle between party candidates for Congress, the State and Queens County, which at that time included Nassau.

In 1840, just about anything went. Trickery, mud-slinging and outright electioneering were laced liberally with song, slogans and cider, effectively excluding most real issues of the times. The restrictions in effect would raise the ire and indignation of today's electorate. For example, women were not allowed to vote at all. Black male citizens 21 and over were required to have lived in New York for three years, own property of at least \$250 in value, and to have paid taxes on that property in the preceding year. White male citizens, however, merely had to be 21, live in the State for one year and in the County for six months. Furthermore, anyone could challenge anybody else's right to vote or even, with a little ingenuity, doctor or invalidate the tickets then used for the purpose for an minor error as a misspelling. All make visitors (21 and over) to Old Bethpage during the re-creation of the occasion may cast their vote upstairs at the Noon Inn any day except Sunday and Monday between 11 a.m. and 4 p.m., starting Thursday, Oct. 28, until the polls close at 2 p.m. on Saturday, Oct. 30. As in 1840, the

ballotting covers a period of three days, a necessity at that time because of travel and communication difficulties. Voters should, however, be forewarned that their ballots will be subject to 1840-style trickery.

Prior to the election, supporters of Van Buren, who was nicknamed "O.K." for "Old Kinderhook" after his New York State hometown, will campaign vigorously in the crossroads near the Democratic headquarters at the Noon Inn on Saturday, the 23rd from 11 a.m. until 2 p.m. The colorful Old Bethpage village Brass Band will spew the oratory with their rousing music, and Whip hecklers will interrupt the proceedings at every opportunity.

Meanwhile, over in a "log cabin" near Whig headquarters at the Luyser Store, Jeff Warner and Jeff Davis will emulate Whig farmers as they sing and play folk music of the era championing their cause, as its proponents orate fiery propaganda. A speech actually delivered by Daniel Webster at a Whig party rally in Patchogue on Sept. 22, 1840 will be repeated with appropriate fervor by a modern-day substitute.

There will be no voting on Sunday, and Old Bethpage is closed Monday, but the campaigning resumes on a more modest scale on Tuesday, Oct. 26, and continues daily from 11 a.m. to 2 p.m. until the voting starts. When the polls close at 2 p.m. on Saturday, Oct. 30, the count will begin, after which a Victory Celebration, once again featuring the Brass Band, will round out the afternoon.

A special Election Cake, samples of corn bread, cheese and cider will be shared with visitors during the celebration.

While historically the

Democratic candidate, Van Buren, won the County by a mere 28 votes, the Presidency is always a toss-up at Old Bethpage. Last year, the Whigs won it with 197 votes, the Democrats received 84, and 121 votes were invalidated one way or another. In all other offices, however, the Democrats topped the Whigs. Those who are unable to attend in person to find out who won this year may call 420-5289 on Thursday, Nov. 4 for the results.

Among the many campaign gimmicks is a huge seven-foot ball decorated with Whig slogans that the party faithful will roll around the village square, disrupting the Democrats' speeches, that led to the popular expression, "Let's Keep the Ball Rolling."

Student groups from Grade 7 through the university level, as well as other organized groups are welcome to make reservations for the Election. Teachers or leaders will be sent an appropriate packet of teaching aids and material culled from the research files of the Nassau County Department of Recreation and Parks' Museum Division. For reservations or other pertinent information, call 420-5289.

The Old Bethpage village restoration, a facility restored and maintained by the Recreation Department, is located on Round Swamp Road off Exit 48 of the Long Island Expressway. Hours are from 10 a.m. to 4 p.m. except Mondays and certain holidays. Admission to the working farm community of the mid-19th century is \$1.75 for adult Nassau County residents 18 and over, and \$1.25 for youngsters age five through 17. Non-residents pay \$2.25 and \$1.50 respectively. Children under five are admitted free.

## Dems Name Campaign Steering Committee

Gerald Doherty, New York State Campaign Manager for Jimmy Carter and Walter Mondale, today announced the formation of a Nassau Steering Committee.

Members of the committee are: former LWV President Elinor Berger of Great Neck; labor leader Morton Bahr of Port Washington; former North Hempstead Councilwoman Barbara Blumberg of Great Neck; former Nassau Democratic Chairman John F. English of Syosset; Great Neck Zone Leader Arthur Goldstein; Long Beach Supervisor Hannah Komanoff; Mimi Lifshitz of Valley Stream; Queens College Professor Mark Miksic of Sea Cliff; former Supreme Court Justice Bernard Meyer of Cedarhurst; 16th D. Democratic State Committeeman Martin Mellman of Great Neck; North Hempstead Town Councilman Richard Paige of Manhasset; Dr.

The dynamism and political expertise of this committee should go far to insure a convincing campaign for the Carter/Mondale ticket in Nassau, County Chairman Stanley Harwood said. "The committee members will undertake a heavy schedule of speaking engagements and will plan and participate in major campaign functions from now through our traditional weekend-before Election Day rally and motorcade."

## NCCJ Tribute Set

An unusual dramatic presentation of selected short readings from the works of early pioneers in the development of the nation's religious heritage will be presented by the National Conference of Christians and Jews at the Old Bethpage Village restoration on Sunday, Oct. 17. The public is invited to participate in this special tribute to America's 200th birthday by nationally known personalities at one of the two readings which will be given at 12 noon and 2 p.m. in the area to the rear of the Noon Inn at the village crossroads.

The program, called "Pioneers of Religious Freedom" which is co-sponsored by Nassau County's Department of Recreation and Parks and American Revolution Bicentennial Advisory Commission, will also feature traditional folk music by Jeff Warner and Jeff Davis.

The brief readings from letters and sermons will be presented by His Eminence, Archbishop Iakovos, Primate of the Greek Orthodox Church of North and South America; Nassau County

Executive Ralph G. Caso; Hon. Beatrice Burstein; award-winning actress and humanitarian Polly Bergen; WCBS-TV news anchor Jim Jensen; and entertainer Arthur Prysock.

Among the works they will share with the public are those of Anne Hutchinson, Richard Allen, John Carroll, Roger Williams, George Washington, Moses Seixas, and Patriarch Alfonso de la Encarnacion.

For further information, call 437-1838 or 212-343-1383.

Flyers are available at all County parks and museums and, upon presentation at the gate, will entitle the bearer to special reduced rates. Admission, for this occasion only, is \$1.50 for adults and \$1 for youngsters five through 17.

Old Bethpage, a working farm community of the mid-19th century restored and maintained by the Recreation Department's Museum Division, is located on Round Swamp Road, off Exit 39 of Northern State Parkway or Exit 48 of the Long Island Expressway.

## Seek Federal Aid For Buses

Nassau County will apply to the federal government for nearly a quarter million dollars to provide four new buses for the transportation of the elderly and the handicapped. Nassau County Executive Ralph G. Caso announced today. Caso said he will ask the Board of Supervisors to approve the necessary resolution on Monday, Oct. 18.

The board will act on an application prepared by the county's Office of Public Transportation and Department of Recreation and Parks for the vehicles, which are designed to replace obsolete school buses converted more than five years ago for recreational transportation of the aged and handicapped.

The new buses—two large, 48-passenger vehicles and two mini-buses—will be built to special, heavy-duty standards for the people they would serve. All will include lift-steps for wheelchairs.

"In making this application will be following a policy established by the U.S. Urban Mass Transportation Administration," Caso said. "The policy of my administration

is to do all possible for the handicapped and elderly. UMTA encourages efforts to move these people out of their homes to places of recreation and assistance...Our application has received the approval of the state sub-regional transportation committee and the Tri-State Regional Planning Commission."

The total application is for \$247,300 with the county's share at \$49,400.

Aspirin is still the preferred drug for treating rheumatoid arthritis because it subsides inflammation and controls pain, according to medical experts. But there is a special way to take aspirin for this disease, which is different from the way to take it for a headache or cold. ## Disaster Aid Offices Open

Residents of Nassau and Suffolk counties, the City of New York and all adjacent counties, whose homes, businesses or personal property sustained damage from Hurricane Belle, are still eligible for low interest SBA disaster loans, according to Mervyn Shorr, Disaster Coordinator of the U.S. Small Business Administration (SBA).

Residents of the affected counties who wish to apply for loans should contact the SBA Disaster Branch Offices:

Nassau County Disaster Office, County Executive Building, Room 234, 1 West Street, Mineola, New York 11501-2404. The offices are open Mondays

through Fridays from 9:00 A.M. to 5:00 P.M. The final date for filing applications is Monday, November 5th.

People whose homes, businesses, personal property or inventory were damaged or destroyed are eligible for disaster loans at 6% per cent interest to make repairs or obtain replacements. The loans may run for as long as 30 years and are repayable in monthly installments. Loans must be repaid, however, in the shortest period possible without creating undue hardship to the borrower.

The amount of the loan is limited to the actual loss, less any insurance funds received.

## Directory Available

Nassau County Clerk Harold W. McConnell has announced that his office has available a new directory of vital statistic sources which is available for public distribution.

The booklet lists the registrars of vital statistics for the three towns, two cities, and the villages within Nassau County with their phone numbers and addresses.

"The County Clerk's office maintains many records, but does not maintain birth, marriage and death records," Mr. McConnell said. "This directory is designed to assist those people who frequently call my office, seeking this information."

The towns and cities maintain their own records on births, deaths and marriages. The villages maintain only birth and death records.

The County Clerk maintains records of deeds, mortgages and

judgments, retains files on Supreme and County Court proceedings, and records veterans' discharges among its many functions.

Agencies, libraries or individuals who want copies of this "Directory of Vital Statistics" can obtain same by calling the County Clerk's office in Mineola at 535-2661 or they may be picked up by coming into the office at Room 109, 240 Old Country Road, Mineola.

## What's Your Opinion?

By Marcia Yeates

For the next few weeks, we will turn this column over to candidates for various political offices in our area of publication. We will ask the candidates a question and print their responses.

This week we have asked the Congressional candidates in the Third and Fourth Districts:

"What do you think will be the most important problem facing the next session of Congress?"

### Third Congressional District

"All economic indicators point to the fact that the most important problem facing the nation next year will be whether or not we have continued economic recovery. The most important problem facing Congress will be determined by the outcome of next month's Presidential Election."

"This Congress used a great amount of time and effort fighting the President's unsound proposal to raise Federal Income Taxes, to increase oil tariffs, to boost the gasoline tax and to hike Social Security taxes. Defeating those schemes was a major problem facing this Congress. If we have the same administration in January, those problems will persist."

"If we have a new Administration, the Legislative and Executive branches will hopefully cooperate in tackling challenges similar to those which this Congress successfully met on its own: reducing the Federal deficit by one-third now, leading to a balanced budget in three years; ending the worst recession in thirty years, dramatically cutting the inflation and unemployment rates and giving the American people more of the two Federal Income Tax reductions passed by the 94th Congress."

s Jerome Ambro,  
Member of Congress

The next Congress will be faced with the task of restoring the fundamental relation between the people and government envisioned by the founders of this nation. The current Congress' tendency to pass more spending bills and promulgate new regulations must be reversed because it is based on the mistaken belief that government is more competent to direct the people's affairs than the people themselves.

Inflation and government deficits continue to plague us while the ability of our economy to rebound is crippled by high

taxes and lack of confidence in the ability of Congress to solve our problems.

The challenge to the next Congress is to restore vitality and the ability to flourish to our people by reducing the oppressive costs of government that we pay through taxes and loss of freedom."

Howard Thomas Hogan,  
Republican,  
Conservative Candidate

By York, Liberal Candidate

No answer received.

### Fourth Congressional District

"The most important question that will face the first session of the 95th Congress is how to get the hand of Big Government out of the people's pockets and out of their private lives.

The Democratic majority in Congress has failed miserably in fighting inflation and in providing much-needed tax relief to middle-income Americans. Congress has been dominated and diminished in effectiveness by 40 years of Democrat control.

"We must reduce federal spending, take a meat-axe to the bloated federal bureaucracy that is strangling private citizens and small business with red tape, and reform the Social Security system to guarantee a decent standard of living for our Senior Citizens."

Norman F. Lent,  
Member of Congress

"The most important problem facing Congress next year is the need to relieve middle-income families of the unbearable burden of soaring taxes. We must close the loopholes exploited by giant corporations which cost us millions of dollars every year. We can write a simplified tax code to ensure that everyone pays their fair share of taxes."

Gerald Halpern,  
Democratic-Liberal  
Candidate, (4th C.D.)

Rabelais, the medieval writer, believed that garlic could counteract magnets!

"For the good that needs assistance  
For the bad that needs resistance  
For the future in the distance  
And the good that we can do..."

## LETTERS TO THE EDITOR

Dear Mrs. Noeth:

In the past several weeks a number of disturbing incidents have taken place here in Hicksville. One of our fellow residents, Mrs. Rosemary Walsh, has been the victim of outrageous acts of vandalism which appear to have been directed toward her because she is the Transportation Supervisor of the Hicksville Public Schools. Apparently those responsible for the destruction of Mrs. Walsh's property feel she is to blame for the cut in school bus transportation this year, when in reality she is merely following directions from administration and the School Board.

The nature of these malicious acts was reiterated in last week's editorial. I find it a disgrace that Hicksville people would stoop to such a level - no matter how

worthy their cause seems to be.

For people protesting the transportation cut, there have been petitions circulating throughout Hicksville since June. These pranksters could have diverted their pent-up energy to assisting the many concerned parents and students in collecting the 4,202 signatures needed to mandate a special referendum on transportation. What did they do instead? They schemed up unpardonable acts directed toward an innocent party and caused her severe emotional stress for which no compensation can ever be made. These series of unforgivable episodes are a disgrace to the community of Hicksville and in no way are they tolerated or condoned.

Sincerely yours,  
Alicemay M. Clark  
PTA President  
Woodland Avenue School

landfill plan. With his help, and with the united efforts of civic leaders, environmentalists, and concerned citizens, the battle against the Landfill must ultimately be won by the people of our Town.

Very truly yours,  
Michael D. Polansky

Dear Editor,

Blue laws now are changed.

Some ministers encourage their members to buy merchandise at the church after Sunday morning service.

Supermarkets, banks and other stores are now able to sell on Sunday, too. However, God in no way has indicated that man should change His commands.

"Make not my Father's house a house of merchandise" "Remember the Sabbath day to keep it holy." Exodus 20:8 "God blessed the Seventh day and sanctified it, because that in it He rested from all His work which God created and made." Genesis 2:3

All who believe that the Sabbath was made for man to worship in the house of the Lord, to pray, praise and thank God for His wonderful works to the children of men, the easiest way to close stores open on Sunday, is not to patronize them. Also we could write our displeasure to the management about their being open on Sunday.

With a little planning we will be able to keep Sunday as a day of worship, rest, and for family.

Sincerely,  
(Mrs) Ruth Walker

## GIRLS JAUNT TO VIRGINIA

The Club sent four girls teams to the Annandale - Fairfax area of Virginia to participate in a Columbus Day all-girls tournament last weekend. About 60 girls went by bus and car on Friday and survived the heavy rains and tornado warnings to arrive at their destination.

The under 12 group was coached by Madeline Mitchell and Barbara Dolan; the next age group was the under 14 year olds directed by Sam Masiello. The under 16 girls, sponsored by the Hicksville Elks Club - B.P.O. E., were coached by Jim Dolan and Vivian Brill; and the older girls (under 18) were led by Kevin Shannon.

Early reports indicate that the girls were slightly muddy but held their own and had a great time billeting with their Virginia neighbors. Many parents helped out by transporting the girls on the 500 mile trip. Details to be reported next week.

## MIDGETS ROLL 5-1

The Joseph Barry Council (K of C) midget red team picked up their 3rd straight league victory over Northport last weekend. Both teams played evenly for the first 15 minutes with good ball control and nice, accurate

passing. Then, Hicksville was awarded an indirect free kick from about 15 yards out. Bobby Andrus rolled the ball its own circumference (the required distance) to David Smyth who smacked it home.

A few minutes later, Adrian Pepi took a pass on the left wing from halfback Billy Cresham and sent a long, high shot on net. The Northport goalkeeper did his best but the ball was perfectly placed and went off his fingertips for a 2-0 lead at halftime. Although Northport passed the ball fairly well, they could not penetrate Hicksville's defense controlled by center fullback Steve Dolan with Kevin Cahalan on the left and Todd Lewis on the right.

Hicksville took control again as the second half began. John Mitchell at right wing gets a star for his aggressive, determined play deep in Northport territory. Hicksville's 3rd goal came on a beautiful corner kick by Jimmy DeMarco. The ball sailed right across the goal mouth and Bobby Anfrus tipped it in with a perfect header - a picture play.

After the 3rd goal Hicksville relaxed and Northport began to pressure goalkeeper Robert Pearce who made several great saves. Robert was helped out of a

few tough predicaments by Frank Schnurr and Vinny Christiano. With the score 3-1 mid-way through the second half, Northport was trying hard to get within striking distance with another goal.

Fullback Steve Dolan broke up an attack, carried the ball upfield and passed to John McCann who tipped it over to Pepi who put it home to put the game out of reach. Phillip Ridgeway, just back from the flue, gave added strength to the front line while Sean Devlin and Glen Zakan played aggressively in the midfield. The final goal came on a very pretty cross from Billy Cresham to D. Smyth. In 3 games, the midgets have scored 17 goals while giving up two.

**HARVEST FAIR.** On Saturday, October 16th, from 9:00-5:00 p.m., the women of Trinity Lutheran Church, 40 West Nicholai Street, Hicksville will hold a Harvest Fair. A delicious hot luncheon will be served from 12:00-2:00 p.m. with coffee and doughnuts along with hot dogs and other light food being served all day.

The Fair features a Grandma Booth, Christmas Items, Candy, Pumpkins, and other fresh vegetables, Paper Goods and Cards, and "T" Shirts made to order.

Above, some of the children of Trinity Lutheran Church helping pick pumpkins for the Fair.

## Children Visit A Farm

The first grade class of Mrs. Noah, and the second grade classes of Mrs. Hartman and Mrs. Osborne went on a bus trip to the Farmingdale Agricultural College to see a real farm at first hand. The children were taken through the cow barns and the sheep pens by a very gracious guide, who explained about the animals, and their role in man's food chain. The highlight of the trip was to see the cows being milked by the students who work on the farm. It was especially interesting to see the milk pass from the milking machine through the tubes into bottles where they are collected, and then sent (all mechanically) to the holding tank where it is stored until it is pasteurized.

For children who live in the suburbs it was an interesting experience, to teach them that milk does not come in a container, nor does the meat we eat come from nature on plastic trays.

## Flower Display

Blazing color, in the form of chrysanthemums and rose displays, welcomes visitors to Eisenhower Park, East Meadow, where 14 varieties of mums and 13 kinds of roses will continue to brighten the greenery until the first frost of the season.

Planted in long patterns near the War Memorial by the Horticulture Unit of the Nassau County Department of Recreation and Parks, the vivid chrysanthemums range from deep purple to white, dark red to yellow, while nearby, a special Bicentennial Mound has been created. The latter display features a Liberty Bell and a "76" fashioned of reddish-bronze mums, surrounded by the white "Corsage Cushion" variety.

## 1977 COUGAR XR-7

**1977 COUGAR XR-7.** The completely new 1977 Cougar XR-7 will feature bold styling and an efficient, comfortable interior. For the first time, the Cougar nameplate also will encompass an entire family of cars, including two-and four-door and station wagon models. All Cougars will feature the same bright, vertical chrome grille and dual rectangular headlamps. The XR-7 will be distinguished by its own wraparound tailights and a sculptured deck lid akin to that of the Mark V. A 302-CID V-8 engine and automatic transmission will be standard on the Cougar XR-7. This can be seen at COUNTRY Lincoln Mercury, Jericho Tpke., Huntington.

## ACS Bike-a-thon

You can help conquer cancer, have a good time, and maybe win some prizes by participating in the American Cancer Society, Hicksville Branch, Bike-a-thon II, announced Pat Miller, Bike-a-thon chairperson. All Hicksville residents, both young and old, who can ride a bike are eligible to enter. She urged all riders to sign up now so they can line up as many sponsors as possible before

the event, set for October 17th, at the Hicksville High School athletic field.

Prizes will be awarded to those riders who bring in the most money from sponsors.

If you would like to ride, sponsor a rider, or donate prizes or refreshments for the riders, contact Pat Miller at 681-6113 or the American Cancer Society, Long Island Division, at 420-1111.

## Little League Awards Dinner

Hicksville American Little League will have its annual awards night dinner at 7:30 p.m. on Tuesday, October 19, at the Holiday Manor in Bethpage. Prominent town officials and a big league ball player are

featured guests.

There will be prizes including a color TV, gift certificates, baseballs, gloves and bats.

For information call Ron Jankowski at 681-0517.

## For neighborhood schools...

Norm Lent has been an outspoken foe of forced busing in Congress, and in the State Senate before that. He sponsored a Constitutional Amendment to prohibit assignment of pupils to schools on the basis of their race, color, or religion.

Norm Lent says, "Busing has been proven a failure. It just doesn't work." He believes that the real question is whether we want quality education for all children, or an endless series of expensive heart-rending court-ordered experiments. Norm Lent votes and works for quality education for everybody's children.

## Hearings Set On Tobay '77 Budget

The Town Board has scheduled a day and evening hearing for October 19, on the Preliminary Budget for 1977 which reflects slight tax rate increases in the General Town and Highway budgets, no increase in the Part Town budget and a tax decrease in the Sanitation Collection budget.

"The budget reflects no increase in programs or the number of full-time employees," Town Supervisor John W. Burke said. "But cost increases, primarily for materials, supplies and debt service, force a slight increase in some areas while our efforts to streamline programs reflect an actual decrease in others."

Under the proposed budget, the General Town tax, which has been 77.5 cents per \$100 assessed valuation for two years, will increase by five cents. For the average home assessed at \$7,500, this increase will amount to less than 32 cents a month in actual taxes paid.

The General Fund budget proposed for 1977 totals \$17,690,268, an increase of \$1,388,447 over the current \$16,301,821 General Fund. "While normally such a cost increase could have raised the tax rate by about 10 or 11 cents per \$100 assessed valuation," Burke explained, "our greater computer capacity has permitted us to ascertain definite savings realized during the current year that will be included as revenue in the 1977 budget." Prior to increased computer capacity, the Town could only include savings from the year prior to the time of budget preparation as definite revenue for the coming year.

"With the computers handling more Town records, including payroll preparation, we were able to determine that we have saved approximately an additional \$500,000 this year that we know will not be spent before December 31st," according to Burke. That savings is reflected in the 1977 Preliminary Budget's revenue column, along with the savings that were realized at the end of 1975.

The Part Town (Building, Zoning, Planning and Development) budget reflects no increase in the current tax rate of 9.6 cents for \$100 assessed valuation. That proposed budget totals \$1,378,177, slightly higher than the current \$1,378,177, slightly higher than the current \$1,315,060 Part Town budget. The Highway budget as proposed for 1977 would increase the tax rate by four cents per \$100 assessed valuation to 75.2 cents. The proposed Highway budget totals \$7,448,661, an increase over the current total of \$6,884,941.

The proposed budget for two Sanitation Collection Districts administered by the Town reflects savings greater than those anticipated when the Town revised its collection schedule last April.

"At the time the collection schedule was changed to allow for two collections a week instead of three, I said that this would hopefully allow enough savings to make up for increased costs and thereby freeze the tax rate," Burke recalled. "Experience has demonstrated that greater savings will be realized. Not only do we expect the savings will match increased costs, the

proposed budget shows that savings will surpass increase costs and we estimate that the combined budgets of the two collection districts will total approximately \$364,000 less in 1977 than in the current year."

## K of C News

Last Thursday evening, October 7th, was a very "big" night in the lives of eight men from the Hicksville and Plainview areas as they took their admission degrees and were welcomed into the ranks of the Joseph F. Lamb Council No 5723, Knights of Columbus, from Plainview.

The following men completed their admission degrees and became members of the Knights of Columbus: Robert E. Rose, Arthur Fonseca, James Garland, Fred Wilshire, John Mariarossi, Vincent Mohtera, William Sheridan and Ernest Troglauer.

In addition, ten others also made their degrees and were admitted into three other neighboring councils of the Knights of Columbus. A capacity crowd of brother Knights were on hand at the Joseph F. Lamb Hall in Plainview to view the proceedings.

## Take Ice Cream Tour

The A.M. and P.M. Kindergarten classes of Mrs. Pauline Schlecker were invited on a "Walking Tour" visit to the Carvel Store across the street from Old Country Road School, to

show the children how the ice cream is made, how the special cakes are formed, and best of all, for a free sample of ice cream, which each child was able to crank out for himself.

## Fire Report

By EX-CAPT. OWEN MAGEE

### Vamps Injured As Tree Falls

Three Hicksville Firemen were injured when they were struck by a falling tree during Saturday's wind storm. The Vamps were called to 9th St. off Jerusalem Ave. when power lines were felled. While at the scene, a weakened tree fell striking the Vamps and a parked auto. Injured and transported to Central General Hospital were Firemen Jay Tranchina, Scott Burd. All were treated for head & shoulder injuries and released. During the storm Hicksville Firemen responded to 9 alarms. Most of which were downed power lines.

**Fire Report**  
During the past week up to Oct. 11 there were 24 alarms. There were 10 rescue calls, 12 fire calls and 2 false alarms which were sounded from Robert St. & Jonathan Ave. & Howy Family School-Newbridge Rd.

On Sunday Oct. 11 at 6:20 p.m. Joann Schwartz, 35 of Hicksville was killed in her auto on South Oyster Bay Rd. The victim made a U-turn and was hit broadside by another vehicle heading south. The victim was pinned in the wreckage. The Plainview Fire Dept. was called in with their Hurst Tool Device to pry open the wreck.

The Firemen's efforts were in

vain, however, as the victim was dead on arrival at Mid Island Hospital. In a side note - the Hicksville Fire Dept. is awaiting delivery of its own Horst Rescue Tool. A tool made for difficult rescue missions. The Plainview & Jericho Departments have been called numerous times to assist with the Hurst Tool at accidents, but time is important and this new addition to the Rescue Squad will be welcomed.

At the close of Fire Prevention Week, we hope that our local efforts and that of other Fire Departments have helped area residents with some ideas on self preservation. A reminder - make every week in the year - Fire Prevention Week.

### Sick List

On the mend after recent hospital stays are Hank Hawkins of Co. No. 4, Nick Brigandini of Co. No. 7. Best wishes for a safe recovery Hicksville's - Mr. Fireman - Henry Gebhardt is reported to be on the mend after a serious illness. Best wishes to Geppy. We miss you.

### Pack 293 News

Pack 293 held its first Pack Meeting of the Scouting year on October 7, with a large turnout by Cubs and parents.

The Pack welcomed the following boys into Cub Scouting at this meeting: Joseph Kelly, Tommy Morgan, John Baitz, Joseph LoCasto, Joseph Grillo, Gerard Maione, and Raymond Hoesten.

Jimmy Davidson, Jimmy Morgan, John Manning, Dean Covais and David Bowen have graduated into Boy Scouts.

Mr. Frank Coppola presented a program for the boys on archery. The Cubs and their parents enjoyed it very much.

Pack 293 is very proud to report that the following boys earned the Arrow of Light, the highest award in Cub Scouting: Jimmy Davidson, Jimmy Mills, Jimmy Morgan, John Manning, Dave Bowen, Steven Lobmeier and (Continued on Page 16)

## CUMMINGS 'N GOINGS

ROUND-THE-TOWN  
by Jim Cummings

DID-YA KNOW THAT: the Hicksville Theatre is about to become a Twin-Theatre according to the marquee sign and busy workmen - but when? ... it's good to be writing this column again in the HERALD following a recent illness - putting the news and comments together is the best medicine for this columnist - thanks for the many notes and comments. Resurfacing work is underway in Northwest Hicksville, Myers, Gardner and Kuhl Avenues; and side streets from Texas to Montana Streets - progress to date on schedule everything depends on the weather as they move next week to topping ... Mrs. Madge McMahon of 38 Picture Lane, in our community will celebrate her 68th birthday on Monday, November 1st - the Mc Mahon clan are active members in our area, especially in the Ancient Order of Hibernians - the recent 4th Annual Feis of the Nassau Hibernians attracted more than 15,000 spectators - with Joe Halligan of Hicksville handling the Pipe Band competition - which was won by the Saffron Kilt Pipe Band of Division Two, Babylon.

WE HEAR: Vincent Mc Gunnigle, long time Hicksville resident passed away last week - Vincent was very active the past 25 years we've known him at St. Ignatius Parish - he was a Past Grand Knight of the Joseph Barry Council, Knights of Columbus and a member of the Hicksville Hibernians ... Bethpage Postmaster Patrick Foley, age 51, passed away suddenly earlier this week - another longtime newspaper associate ... that Hicksville Giant fans are keeping their eye on Number 85, Jimmy Robinson he is the nephew of Jack and Grace Halcott of Kuhl Avenue, Hicksville - our condolences to Mrs. Halcott and family upon the recent loss of her mother Mrs. Margarette M.

TWIN BIRTHDAYS: Happy 90

twin birthdays to Helen (Mc Gever) Grier, residing at the A. Holly Patterson Home, here on L.I. and her sister, Caterine (Mc Gever) Malloy, residing in Woodside, Queens - the children and grandchildren wish you the best, especially Hicksville residents Joan and Enzo Maraldo, of 9 Smith Street. What a celebration - the twins are 90 years young were born on October 28, 1886.

ROUND THE TOWN: Tom Gallahue, Hicksville Republican Leader hosted an evening of Welcome to all Republican candidates this past Wednesday, October 13, at Headquarters - 195 Broadway, 1/2 block north of Old Country Road - quite a turn-out by enthusiastic supporters led by State Senator Ralph J. Marino, seeking re-election in the 5th Senatorial District. Ralph is also Oyster Bay Town Republican Leader ... popular Noel Kingstone and his recording orchestra will be featured December 11, at the Winter Dance of the Hicksville AOH - John Connolly is Chairman ... A month earlier, on Saturday, November 6, the Ladies Auxiliary will hold a "casual Dance" with top Catskill entertainer Luke O'Malley - Mrs. Rosemary Jones is Chairlady - tickets contact Nora Bergen 822-2763 ... For now till next week - enjoy each day of your life ... hints for this column please forward to the writer at 68 Myers Avenue, Hicksville, N.Y. on the Friday previous to date of publication!

We chatted with Tom Hogan, who is making a strong challenge for the Congressional seat now held by Democrat Ambrose popular south shore Assemblyman Phil Healey stopped by our table; likewise Stu Levin, Republican candidate in the 10th A.D.; fellow Assembly Republican candidates Joseph Reilly, of Glen Cove (who covers Hicksville); Jerry Cunningham (south Hicksville) and George Murphy. On the dias with Clark, a member of the Hicksville Hibernians and Knights of Columbus, were: State Senator Ralph J. Marino, Thomas Gallahue, Hicksville Republican Leader, John O'Leary, Nassau County Conservative Leader and Dr. Jerome Niosi, former Superintendent of the Hicksville School District (now a Professor at Villanova University), who spoke highly of Clark's record on the School Board - we concur...

TWIN BIRTHDAYS: Happy 90

## Lent Hails Safety Bill

Calling it "a fitting climax to National Fire Prevention Week," Congressman Norman F. Lent has hailed President Ford's signing of legislation providing substantial death benefits to the families of firemen, police, and other public safety officers killed in the line of duty.

In the closing days of the 94th Congress, both the House and Senate passed legislation extending federal payment of \$50,000 to the families of firemen

and law enforcement officers killed while protecting the public.

Lent, who has advocated this idea for a number of years in the House, said, "The many thousands of individuals who risk their lives each day for the benefit of the public deserve this protection for their families. Passage of this legislation is a step toward proper acknowledgement of these brave citizens' fine service to the community."

## Our Armed Forces

Navy Lieutenant (junior grade) Ronald L. Polkowsky, son of Mr. and Mrs. Leon Polkowsky of 16 Roxton Road, PLAINVIEW, participated in exercise "Bonded Item" in the North Sea.

He is serving aboard the frigate USS Brumby, homeported at Charleston, S.C.

He was one of 10,000 Navymen and 11,000 ground troops, from the U.S., Denmark and the Federal Republic of Germany, who recently took part in the coordinated amphibious, land and air exercise.

He is a 1974 graduate of Naval Academy, Annapolis, Md., with a bachelor of science degree.

Navy Airman Apprentice Carl Thunelius, whose wife Lynn is the daughter of Mr. and Mrs. Tony Falease of 37 Wellesley Lane, HICKSVILLE, has completed the Aviation Machinist's Mate Reciprocating Course at the Naval Air Technical Training Center, Millington, Tenn. He is the son of Mr. & Mrs. George

Thunelius of Blanche St., PLAINVIEW.

During the seven-week course, he learned the operation, maintenance and repair of reciprocating piston engines, internal lubricating systems and high-and-low tension ignition systems. Thunelius studied the principles of carburetion, aircraft safety and preventive maintenance.

He joined the Navy in March 1976.

Now wearing U.S. Air Force silver wings following graduation from pilot training at Reese AFB, Tex., is Second Lieutenant Theodore G. Stallone, son of Mr. and Mrs. Theodore S. Stallone, 33 Diamond Drive, PLAINVIEW.

Lieutenant Stallone is being assigned to Mather AFB, Calif., for flying duty on the T-43A aircraft.

The lieutenant, a 1970 graduate of John F. Kennedy High School, received his B.S. degree and commission in 1975 from the U.S. Air Force Academy.

# Volunteers Needed For County Recreation Programs

Volunteers interested in working with handicapped persons who will be participating in Special Recreation Activities Unit programs during this winter and the spring of 1977 are asked to contact the Unit at 292-4254 weekdays between 9 a.m. and 4:45 p.m. for an interview. Volunteers are needed at the Special Activities Center (Parking Field no8) in Eisenhower Park, East Meadow, during daytime and evening hours and at the East Terrace in Nassau Beach Park, Lido, during daytime hours.

The Special Recreation Activities Unit of the Nassau County Department of Recreation and Parks will cooperate with students in high school and college who wish to do volunteer work in conjunction with a course of study. Mature students age 16 and over will be welcome as volunteers whether engaging in work-study or independent activity.

The Department of Recreation and Parks' ongoing programs for the handicapped attempt to develop an individual's ability to use his leisure time in a positive

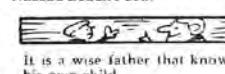

way within his capabilities. Handicapped persons in the programs require the supportive assistance of aides to help them over the rough spots in their quest for leisure time activities whether it be during the Thursday night craft instruction workshop, the Friday drama sessions or other modes of self-expression.

For students planning a career working with physically or mentally handicapped persons, this will be a practical way of testing and further defining their career goals while making their

classroom work more meaningful. For older persons whose money-making careers are established or part of the past, working with the handicapped provides an opportunity for service to others, a universally satisfying life experience.

The Special Recreation Activities Unit depends upon volunteers to supplement the efforts of the Unit's professional personnel in supplying the individualized attention essential to handicapped persons engaged in rehabilitative leisure time activities such as yoga and bowling.

Volunteers with musical skills are urgently needed to help with music therapy for emotionally disturbed individuals on Wednesdays from 10:30 a.m. to noon or 1 to 3 p.m. at the Special Activities Center in Eisenhower Park. Drama majors might like to assist the Spotlight Players, a musical drama group which meets on Monday mornings at Nassau Beach Park.

It's Happened Again. The younger boys join and the older boys move on and with them their parents. Thus, the pack needs people to fill the vacant positions. There are many spots to choose from so why not pick one and give a helping hand? Remember "Many hands make light work" Call Jim Mills (796-7240) or Gene Morgan (433-2642).

Next Pack Meeting will be on November 4, at 7:30 p.m. Social Hall United Methodist Church, Hicksville.

Note to parents: if your son is 8-10 yrs. old (or completed 2nd grade) there is room in our Pack for him. Call Jim Mills or Gene Morgan for information or attend Nov. 4 meeting.

### Reminder

Friday, October 15 the first film of the 1976-1977 season will be shown in the Hicksville Library Golden Anniversary Movie Series. Two silent films of the romantic are will be presented at this time: "Blood

and Sand" with the Latin Lover Rudolph Valentino and Douglas Fairbanks as a swash buckling pirate in "Black Pirate." These vintage films are truly classics in the sense that they just don't make that way any more...

AMENDMENTS TO THE CODE OF ORDINANCES  
(BUILDING CODE)  
OF THE TOWN OF OYSTER BAY

BE IT ORDAINED by the Town Board of the Town of Oyster Bay that Chapter 6 "Building Code" of the Code of Ordinances of the Town of Oyster Bay, New York, as amended, be and the same hereby is amended by including therein the following:

REPEAL: subsections (a) and (b) of Section 6-32 of Chapter 6 and RENUMBER sub-sections (c) and (d) to (g) and (h), respectively.

ADD: new sub-sections (a) through (f) to Section 6-32 of Chapter 6 to read as follows:

"(a) Each application for a building permit shall be reviewed by the Division of Engineering of the Department of Public Works of the Town of Oyster Bay prior to the issuance of a building permit. The Division of Engineering shall review the application as to the adequacy of on-site and off-site drainage, grading and elevation of land, in accordance with the rules and regulations which shall be established pursuant to subsection (c) of this section, and shall inspect the building construction site whenever necessary. No building permit shall be issued, unless the stamp of approval by the Town Engineer is affixed thereto, subject to any express provisions to the contrary in this Ordinance.

(b) Prior to the issuance of a certificate of occupancy, the Division of Engineering of the Department of Public Works of the Town of Oyster Bay shall review the final site grading and drainage flow with regard to streets, and private roadways, sidewalks and adjacent properties. No certificate of occupancy shall be issued unless the stamp of approval of the Town Engineer is affixed thereto, subject to any express provisions to the contrary in this Ordinance.

(c) The Division of Building shall establish rules and regulations with the advice and consent of the Division of Engineering, which shall be known as "Individual Building Site Plan Rules and Regulations." Such rules and regulations shall provide minimum standards for on-site and off-site drainage, grading, elevation and landscaping so as to insure that drainage flow is away from each building, street, private roadway and adjacent properties wherever practicable, and to insure that such flow is not diverted onto adjacent properties but is dispersed on the premises by natural absorption or by the installation of customarily acceptable drainage or retention facilities. Such rules and regulations shall not conflict with the jurisdiction of any State or Nassau County agency.

(d) The Superintendent of the

### LEGAL NOTICE

Division of Building shall have the authority to waive the requirements of this section whenever the alteration of a building is so insubstantial that the application of the rules and regulations promulgated pursuant to this section would serve no public purposes. In such cases the stamp of approval of the Town Engineer shall not be required.

(e) In pursuance of this section the Superintendent of the Division of Building shall require an applicant for a building permit to provide any additional maps, site plans, drawings and surveys as he deems necessary for the administration of this Ordinance.

(f) Each applicant for a building permit or certificate of occupancy shall comply with all drainage, grading, elevation and landscaping requirements established pursuant to this section."
