# Board Approves Calendar

by Linda Strongin

The 1977-78 school calendar was approved by the Hicksville Board of Education at its meeting last week. After much discussion concerning the various proposed plans, the school calendar finally approved provides for 182 school days; 184 teacher work days (maximum permissible under contract); and the traditional vacations and days-off. State law requires a minimum of 180 school days.

Absent at the meeting were Mrs. Iris Wolfson, President, who was excused for personal reasons; and Mr. William Bruno, Trustee, who is seriously ill in the hospital. Mr. John Lari arrived late.

The Board approved summer transportation for the handicapped which was recommended by the administration. Mr. Erwin Rozran, Asst. Supt., explained that the transportation was restricted to approved programs for the handicapped and limited to residents of Hicksville, ages 3-21. The limited programs available are paid for by various agencies such as AHRC and TOB.

Dr. Frederick Hill, Supt., informed the Board that a bill making summer transportation a contingency budget item has been introduced in the state legislature and is in the process of being considered.

The Board adopted a parking enforcement resolution which declared the parking areas adjacent to the Administration Building as a tow-away zone. This area is reserved only for those having business with the school district. Gus Reidinger's Towing Service has been authorized to remove any illegally parked cars at the owner's expense.

Mr. John Pitrelli, senior high school teacher, asked the Board to consider amending the resolution to include the illegally parked cars at the custodial entrance to the senior high school. He informed the Board that BOCES buses cannot discharge or pick-up BOCES

students. Dr. Hill also informed the Board that BOCES transportation had notified the administration and were "almost to the point where no (BOCES) bus transportation would be provided." A meeting with BOCES transportation and the administration was scheduled during the week to discuss and hopefully resolve this problem. Therefore, no amendment to the parking resolution was made at this time.

The Board approved the appointment of Seaman & Eisemann as insurance broker of record for a period of two years beginning June 30. The administration had recommended a 3-year appointment. Mr. Cornelius McCormack suggested that the broker of record appear at a Board meeting and explain what he is doing in terms of placing insurance coverage.

Also approved by the Board was the authorization to purchase classroom furniture (20 desks) for Lee Avenue School; 50 cafeteria tables for the senior high; and six record players and five cassette tape recorders for Woodland Avenue School. These purchases are to replace worn and damaged items, at a total cost of \$5,400, which has already been budgeted. Also approved were routine expenses; personnel

appointments, and a request from the Hicksville Public Library for the use of the addressograph.

Mr. Ruel Jackson, spokesman for the custodial members of the CSEA, (who again demonstrated outside the administration building before the meeting) questioned the Board's transfer last year of \$200,000 from the building and grounds and custodial code 1620, to the general fund, for the purpose of negotiations with all unions. Dr. Hill informed Mr. Jackson that this had been the process in prior years but that this year the sum had been "extracted" from the budget, not transferred. The original transfer had been made by a specific resolution.

The Board also approved the adoption of a Grade I Language Arts Curriculum, recommended by Dr. Manus Clancy, Director of Curriculum and Instruction.

Mr. Joseph Campanella, school board attorney, reported that the clerical members of CSEA would be voting on a bargaining agent during the week. He also reported that a fact-finding report concerning the custodial members of the CSEA recommended two proposals, but that no reaction had yet been received.

## Fire Report

By Ex-Capt. Owen Magee

During the period March 30 thru April 18 Hicksville Vamps responded to 81 alarms. There were 45 false calls, 32 rescue calls and 4 false alarms. The false alarms came from Holy Trinity H.S., Shady La. and Walnut La. Hurns Ave. School, and Newbridge Rd and Kingston.

### BRUSH FIRE HAZARD

Due to the present dry spell, the danger of brush fires exist. We urge all residents to be careful with cigarettes. As everyone knows open burning is against the law. During this past weekend I youth was overcome by smoke at a brush fire.

### EX-CHIEF HENRY A. GEBHARDT LOOKING BACK

As was expected, there was a large turnout to honor Ex-chief Henry A. Gebhardt who answered his final alarm April 11, 1977. He was laid to rest with department honors at Greenfield Cemetery, Hempstead April 14th. In our report last week, a few details on this man were left out due to space.

Ex-Chief Gebhardt was a member of the Hicksville Lions Club for 25 years. He was Hicksville Fire Dispatcher for over 25 years. He also did much

of the repair work on the apparatus. During that time Hicksville was growing fast and he did a fantastic job keeping up with new streets that popped up every day. But he always had time for the kids. Many a kid in Hicksville got the royal tour of fire headquarters, including a demonstration of Henry sliding down the pole. His files are full of thank you letters from school children.

He had time for everyone. He had the patience we all wish we could have. He could be rough, but he was gentle too. His son Henry Jr., who gave his life in World War II in the Pacific, was a fireman. Both of his sons-in-law Charles Saurer, and the late Vincent Braun were Hicksville Fire Chiefs and Fire Commissioners. He had 8 grandchildren and 8 great-grandchildren.

Henry Gebhardt, with his vast knowledge and abilities, his grasp on life and how to cope could, no doubt, have been a millionaire. But he chose instead to stay put in his beloved Hicksville to serve the community.

## Sewer Contracts

A contract for a two-mile long sewer interceptor line through Levittown and Hicksville has been awarded to J.D. Posillico, Inc., Farmingdale, by County Executive Ralph G. Caso for \$4,598,955. Posillico was the lowest of five bidders for the contract which is designated INT-15-2.

Interceptors are large-diameter trunk lines which receive sewage from the smaller lateral lines and carry it to the treatment plant.

The line will begin at Alan-Crest Drive in Levittown running northerly along Bloomingdale Road and New South Road to Plainview Road, then westerly along Plainview Road to Elm Street in Hicksville. Under an agreement with the Town of Oyster Bay, the surface of Bloomingdale Road will be upgraded following sewer installation with the Town paying the difference between the upgraded surface and the usual restoration costs.

Work is expected to begin in May and the contract allows 18 months for completion.

## Salute To Lindbergh

A FORD TRI-MOTOR, the first all-metal plane ever built, is shown in actual flight today on one of its barnstorming tours. The plane will be one of the star attractions at Nassau County's "Salute to Lindbergh" Air Show May 21-22 at Nassau Beach in Lido.

A Ford Tri-Motor, probably one of the most famous airplanes ever built, will be one of the star attractions of Nassau County's "Salute to Lindbergh" Air Show on May 21 and 22 at Nassau Beach in Lido, County Executive Ralph G. Caso announced today.

The show will also feature a spectacular array of aerial acts, including wingwalking, stunt flying and skydiving, just off shore at the mile-long beach. Admission will be free.

The Tri-Motor, manufactured in 1929, is presently known as the "Kansas Clipper" and owned by LeMaster, Inc., of Ottawa, Kansas. It will make a half-dozen fly-bys during the two-day show.

The Tri-Motor was the first all-metal plane ever built. Of the 199 manufactured, the "Kansas Clipper" is the only barnstorming Tri-Motor in the world today and one of the few planes of its kind still in existence.

The story of the Kansas Clipper is an interesting one in the history of aviation.

It was first flown on September 4, 1929, on floats in the Detroit River. It was demonstrated to the

U.S. Navy as a 20-passenger troop transport, aerial ambulance and torpedo bomber.

The aircraft was later modified to a land plane and saw service with Pan American Airways in South America and Mexicana Airlines in Mexico. After many owners, it was purchased by American Airlines in 1956 and was displayed at the New York World's Fair in 1964-65.

LeMaster recently purchased the plane from American Airlines and restored it to as near original configuration as possible.

The air show, which will be held from noon to 4 p.m. each day, will honor the 50th anniversary of Charles Lindbergh's historic solo flight from Long Island to Paris.

Other highlights of the show, which will be presented by Nassau County under the coordination of the Department of Recreation and Parks and the Office of Public Transportation, will include precision skydiving, sky-typing demonstrations and a fly-by of a sister ship of Lindbergh's famed "Spirit of St. Louis."

## Traditional May Flowers Decorate Village

True to tradition, the doors of Old Bethpage village restoration homes will be decorated with baskets of spring flowers on the First of May.

Visitors to the restoration on Sunday, May 1, will be refreshed by the sight of flowers on the old doors, as well as other signs of spring present in budding trees, greenening meadows and freshly-plowed fields with its promise of a summer crop.

The celebration welcoming spring and renewing hope for future harvest, is at least as old as recorded history. Children in the northeastern part of the United States, followed mid-19th century area custom when they rose before dawn on May Day to seek out and pick the first flowers of spring. Blossoms were then arranged in baskets and surreptitiously placed at the doors of those families the anonymous donors most loved or wished to honor.

The coming of spring is welcomed by today's costumed ladies of the village as they walk along the roads lined with split-rail fences. Some may be seen feeding the chickens or tending to other livestock at the Powell Farm.

Strollers were welcome to stop at any of the old homes where interpreters in costume will be pleased to answer questions and tell the carefully authenticated history of the families once living in the home. Inventor Peter Cooper, Hatmaker Lewis Rich and Tailor John Kirby will be familiar characters after you visit their homes and learn how they earned a living and spent their leisure hours.

The Old Bethpage Village Restoration is a museum facility

## POB District News

High School Program, 1977-78. Following lengthy discussions, meetings, and due consideration, the Board of Education approved the following motion on the high school program for 1977-78:

"Both the John F. Kennedy and Plainview-Old Bethpage High Schools be organized on a basic 9 period day configuration with similar facilities for prescriptive remediation and math and reading workshops as currently exist in the Plainview-Old Bethpage High School. Furthermore, nothing in the basic arrangement shall preclude the flexibility in either school for alternate scheduling configurations including multiple and fractional periods with educational advantages."

The 9-Period day at both high schools was a major recommendation of the Superintendent for 1977-78. Three teachers will be assigned to J.F. Kennedy High School to teach the prescriptive remediation and math clinic

approved by the Board, as recommended by the Superintendent. The remaining recommendations of the Superintendent will be considered during budget development.

Middle School Report. The Superintendent reported to the Board of Education on another major objective, the development of a unified program and curriculum for grades 5-8. The Superintendent presented several recommendations in the areas of curriculum, co-curricular activities, grouping of students, support services, and the organization of the school day into a 9-period day.

School Calendar Adjustment. The present school calendar provided two additional days in the event inclement weather forced the closing of schools. Since this did not occur, the Board has voted, in accordance with the Agreement with the P.C.T., to close schools on Friday, May 20th and Monday, May 23rd.

The 1977-78 School Budget will be publicly developed on April 25

at 8:00 P.M. - Regional Information Meetings - Jamaica, Joyce and Old Bethpage Schools.

Annual Census. The Annual School Census will be taken by mail commencing on or about May 15. ## Letters To The Editor

Dear Editor:  
I read with interest the announcement of Michael Polansky of Plainview that he is a candidate for the Democratic nomination for a seat on the Oyster Bay Town Board. (Herald April 7)

Several times over the past year, I read letters to the Editor from a "civic leader", and a "concerned citizen" of the same name dealing with Town of Oyster Bay policy. In fact, two of the more interesting cases come immediately to mind: In one, this "concerned citizen" wrote to inform the Oyster Bay Town Board, and the Town, of a wonderful, new solid waste resource recovery system which is available from Grumman Ecosystems Corp. and only from Grumman Ecosystems as they are the sole company in all the United States that is licensed to sell it. (Herald Sept. 16)

"Citizen Polansky", who now would like to sit on the Town Board that would have to decide whether or not to purchase this system, never saw fit to indicate that he was and is employed on the staff of - surprise - Grumman. No vested interest here, just a concerned citizen, right Mike?

Secondly, and along the same vein, a letter from Mike in the July 8th Herald, in which he was critical of the Town of Oyster Bay state selected landfill site located in Plainview. Never once did he indicate that he was anything other than a concerned resident. Now, we find out that he is, in fact, the Democratic Zone leader of the Plainview area, and is interested in a little bit more than the environment. I would submit, that as an active office seeking Democrat, Mr. Polansky's judgment is just a bit biased, perhaps to the point where everything he says and does is to promote himself, and to detract from a Republican Town Board for selfish partisan reasons - hardly an attitude expected from a bona-fide civic leader.

Now, in closing, Mike, rest assured that I am not suggesting that you tried to hide your involvement, or your ambitions - you just didn't indicate your interest was a little more than community.

We all wear several hats, Mike, and I am the first to agree that your being active in Democratic Partisanship should not in any way preclude you from being concerned about your community, and your interest is to be

WE HEAR: that the 19th annual Family Picnic of the Hicksville AOH will have a unique twist this year - in person featuring Noel Kingston and Paddy Farrell, traditional song and dance for the Gaels, plus refreshments - Chairman Ned Bergen - phone 822-2763

commended. I do think, however, that when one is offering oneself for political office, the public trust, that they should be more than careful to avoid any appearance of conflict of interest - Caesars' wife, and that sort of thing.

I for example, am the President of a civic association in my home community of Massapequa, and an employee of the Town. It would be less than ethical of me to sign this letter as a "civic activist" because I too have a political point of view. I am active in the Republican Party, in fact I am President of the Massapequa Republican Club, and it is that hat that I wear as I write this.

Welcome to the wars, Mike, but let's be above board from here on in, the people deserve no less.

Sincerely,  
Peter J. Schmitt

Nassau County Board President Jack Irwin was the recipient of the "1977 Irishman of the Year Award" at the County Ball held last Saturday, in East Rockaway - word has it that Jack is being asked to serve a second term - we join in seconding this motion he has truly served his office well, in the best traditions of Irish culture and increased membership and divisions throughout the County.

DID YA KNOW that Supervisor Joseph Colby was the only Town Supervisor to march in the Garden City Parade this year despite the heavy rains - we know that the Supervisor and all will be pleased to note that Brother John Steele, our parade chairman and Division Recording Secretary was notified by the Irish American Society of Nassau, Suffolk and Queens that the HICKSVILLE HIBERNIANS received 2nd place trophy for AOH units - 1st place went to Rockland County AOH and 3rd to the Nassau County Board. Supervisor Colby marched up front with President Patrick Cowan, Vice President John Campbell and Brother Tom Clark, Town Councilman of Hicksville - quite a day for all!

Our thanks to Congressman Norman F. Lent (who is an Associate member of the Order) for providing the writer with the copies of the March 16th, 1977, Congressional Record with reference to "The Irish Question" - if you're interested please contact this columnist at 68 Myers Avenue, Hicksville or phone 935-4229 (evenings) - This Sunday afternoon, April 24, the St. Ignatius Girls Drum & Bogle Corps will present their 2nd annual "Pageantry in Colors" at the Hicksville High School gym at 2 PM - for tickets phone 938-7939.

HERE 'N THERE: May 1st is the deadline for military veterans who served in the armed forces to apply for partial exemption from 1978 property taxes, according to Sol Newborn, Receiver of Taxes, Town of

Oyster Bay - your best bet is to contact the Veterans Division, Nassau County Board of Assessors, 240 Old Country Road, Mineola, or please phone (516) 335-2333 for additional information - to date more than 84,179 veterans have received exemptions on real property, etc. Consumer Affairs Commissioner James Pickens of Nassau County answers the questions over radio station, WHLI, each week on the Ted David morning show - if you have any problems as a consumer phone 535-3100 - this service is most appreciated by the public. Commissioner Residents in south Hicksville area Bway and Lewis Street were up in arms with a petition of 600 signatures re the proposed gas station in the area - this section is already jammed with traffic from the shopping center they advised this column.

ROUND OUR TOWN: The Exceptional Childrens Dance is Friday, May 6 at St. Ignatius 5:00 pm - contact Dan Gallagher, 935-7117, Peter Collins, 935-0386 or Pat McHugh at 935-6858 - music by Paddy Noonan and his Orchestra - give a helping hand reserve your tickets today! We hear the "folk of the town" is the delicious traditional luncheon 11 AM to 3 PM at the Molly Maguires Irish Pub, at 247 South Bway in Hicksville, hosts Pat Cowan and Mike Neville are to be congratulated also for the fabulous entertainment for example Frank Keegan's band will be the Sunday evening spotlight, April 24. The "Molly Maguires" originality is beyond comparison - stop in yourself - according to a recent Senate Nutrition Committee report the average American consumes more than 100 lbs of sugar and 125 lbs of cake every year, which is not a healthy sign, if you have a "sweet tooth" - eat less and try fruits, vegetables, fish, fowl is the guidelines. The Twin Theatre south features the "Breakfast Club" each week, phone for details as to star attractions - we worked with Ray Heatherington at that spot back in the mid-60's - keep well Bay! We note that Cardinal William Conway, archbishop of Armagh, Northern Ireland and primate of Ireland passed away this week at the age of 64. The Hicksville American Little League opens their season Saturday, April 23rd at Burns Avenue School Supervisor Colby will attend.

## County Dems Campaign At Station

Nassau Democratic Assemblymen Irwin Landes of Great Neck and Lewis Yevoli of Old Bethpage appeared at the Hicksville Railroad Station last week to talk to commuters about "a special ticket" - the Democratic ticket in the November, 1977 election.

Landes, Democratic candidate for Nassau County Executive, and Yevoli, candidate for County Comptroller, launched their campaign today with a morning

stop at the Hicksville station, a 10:30 a.m. press conference in Mineola and an afternoon rush-hour appearance at Penn Station.

The two legislators, who are planning joint sponsorship of an early May legislative hearing on the Long Island Railroad, discussed the recent rush-hour mishaps with commuters.

With the May hearing, Landes, who is Chairman of the Assembly Committee on Corporations,

Authorities and Commissions and Yevoli, Chairman of an Assembly Subcommittee on Long Island Transportation, will begin an investigation of operating, emergency and safety procedures on the LIRR. "We don't want tragedy to strike before something is done about the deterioration of LIRR service," the Assemblymen said.

In Mineola, the candidates outlined the major issues of their campaigns and indicated they would be forming six Campaign Task Forces which would zero in on specific problems. The emphasis was on escalating taxes and the blame was laid at the doorstep of the Republican administration.

## Law Day, Set

Oyster Bay Town Supervisor Joseph Colby announced that the Town Board will formally recognize the 44th anniversary of Career Day and Youth In Law Day, U.S.A. on Tuesday, April 25th.

Sponsored by the Nassau County Boys and Girls Week Committee, this event provides high school students from throughout the Town with the opportunity to witness and directly participate in the operation of local government.

Career Day activities will begin with the commencement of the Town Board meeting at 10 A.M. and students from 16 public and private schools within Oyster Bay will spend a portion of the day with ranking Town officials, including Supervisor Colby and the Town Councilmen.

The participating students, chosen by their respective schools, will attend the Town Board meeting, have the opportunity to discuss local matters with Oyster Bay officials, and will join them for an informal luncheon. In addition, the students selected for this year's Oyster Bay Career Day observance will be the first recipients of the "James N. MacLean Citizenship Award", an acknowledgement of their interest in government and presented in memory of the County Committee's Chairman Emeritus, the late James MacLean of Brookville.

# Super Walkers Set To Go

In these days of custom vehicles and generally a 'no walk' attitude displayed by most Nassau residents, the March of Dimes 20-mile Super Walk has still remained quite popular. "The thing to do," say many high school and college students, who, by the way, are only one of the groups of people walking on Sunday, April 24th for the March of Dimes, "I guess it's just our way of saying that we do not want to suffer the anguish of having a child born 'less than perfect'."

said Ro Masucci of Bethpage. 20 miles seems to be no problem for the 25,000 people who have registered to walk in this year's Super Walk. Their 20-mile route passes through East Meadow, Levittown, Hicksville and Bethpage. Volunteers line up sponsors and walk 'en masse' from checkpoint to checkpoint to have their route cards validated. Refreshments, first aid services, and a poop-out service transporting weary walkers back to the starting point (Eisenhower Memorial Park) are among the facilities offered to Nassau's residents who participate in this massive event. Sponsor pledges are collected after the Super Walk. "If this year's event keeps growing in popularity, we might be holding the largest Walk-a-thon in the nation," said Gail Grossman, Super Walk Director.

News coverage of Super Walk '77 will be broadcasted live over WGBB, 1240 a.m. before, during and after the event. Young walkers can instruct their parents to tune into the radio station to get information as to when to pick up their children. All walkers must prearrange a pick up spot after their walk. The March of Dimes suggests that walkers be picked up along Merrick Avenue near Lot No. 12 in Eisenhower Memorial Park, or across the street in the shopping center, to avoid confusion.

Walkers are urged to set their clocks ahead the night before, listen to the weather reports before they leave their homes and dress accordingly. WGBB will make periodic announcements instructing the walkers as to what protective clothing should be worn. The Nassau Podiatry Society suggests that all walkers wear loose-fitting clothing, comfortable broken-in shoes, cer-

tainly not a new pair, and powdered feet in an absorbent cotton sock. An extra pair of socks is suggested to be among the goodies that should be brought to the Super Walk.

Bob Nystrom, of the N.Y. Islanders, this year's SUPER WALK Chairman, plans on leading off the walk with Michele, his wife, and the March of Dimes Poster Child, Mark Kopper of Valley Stream.

For snack lovers, the SUPER WALK offers a bit of enjoyment. Over 24,000 cans of Campbell's V8 juice will be distributed at Checkpoint No. 3; enough candy for all

walkers from Pergament's in Bethpage at Checkpoint No. 2; Popcorn galore from Lily Popcorn Co. and Wyandot Popcorn Co. at Checkpoint No. 7; plenty of pretzels from the N.Y. Pretzel Company at Checkpoint No. 5; and ice cream for all at Checkpoint No. 4. Just another way for the March of Dimes to accommodate the anticipated number of walkers.

All property owners along the 20-mile route are asked to place garbage cans in a visible area and be patient with the many volunteers walking by. It takes each walker about 6½ hours.

**ART SHOW:** From left to right: Mrs. Bernice Welnash, Hicksville Library Bookmobile clerk; Mr. Kenneth S. Barnes, Hicksville Library director shown with Nancy McDonald at the opening of her one woman art show now on view at the Hicksville Public Library. Mrs. McDonald who is stricken with Multiple Sclerosis, paints by holding the brush in her teeth. Nancy is a very determined woman and will not allow the fact that she is completely immobile stop her from doing what she likes and does best... paint. The display is in the lobby show case and also inside the library at the main desk.

## Lent Poll Easy To Answer

Congressman Norman F. Lent's 7th annual constituent poll has been redesigned to make it even easier to answer. Lent said he hoped the new format would generate even more responses than the more than 15 thousand people who took the time to answer last year's constituent poll.

"The new computer-card format was designed by management consultants for ease of response," Lent said. "There are spaces on the card for three voters per household to punch out yes or no answers to the questions."

The questionnaire will be mailed within the next two weeks to every home in the Fourth Congressional District. "If there are more than three voters in your family, or if for some reason you do not receive a questionnaire ballot, please call my District Office at (516) 223-1616 and an extra card will be sent to you," Lent said.

After tabulation, the results of the poll will be sent to each household in the Fourth Congressional District. They will also be supplied to the news media and printed in the Congressional Record for the attention of other House Members and the President.

The seventh annual Fourth Congressional District constituent poll is part of Lent's continuing effort to keep in touch with the opinions of the people he represents in Congress.

## Joins NYEA

Leaders of the New York Educators Association (NYEA) and the Plainview Congress of Teachers (PCT) this week announced the PCT's affiliation with NYEA, contending the decision reflects "the growing disenchantment of Long Island teachers with the Albert Shanker-dominated national and state teachers unions."

NYEA is the state affiliate of the 1.8 million-member National Education Association (NEA). Shanker heads the New York State United Teachers (NYSUT) and its national affiliate, the American Federation of Teachers (AFT) which represents 375,000 teachers.

At a press conference here, NYEA Chairman Edwin Robisch hailed the PCT's decision to break ties with NYSUT as a "major breakthrough" in the ongoing jurisdictional battle between the two statewide teachers unions and a "telling forecast of continued NYEA momentum on the island."

Robisch and PCT President Paul Rubin said PCT members believe NYEA will provide progressive leadership in social areas that is lacking in NYSUT, as well as provide an opportunity for grassroots involvement in the organization.

## Local 865 Pickets

The Hicksville Unit of the Nassau Education Local 865 picketed the Hicksville Board meeting at Division Ave. High School on April 13, to demonstrate their need for a workable contract agreement. The Hicksville Non-Teaching employees have been working without a contract for the 1976-77 school year and negotiations are at an impasse. Philip Alfano, Field Representative for the unit has requested that a super conciliator from PERB be assigned to the dispute in an effort to reach an agreement after both the school board and the unit negotiating team turned down fact finders recommendations.

Unit officers claim that monies originally allocated to provide salary increases for the unit have been diverted into the district's general fund, the reason yet to be explained.

"To further compound the frustration of the non-teaching

employees," stated Ben Gumin, CSEA local officer, "the school board recently granted sabbatical leaves for teachers of the school district for the 1977-78 school year at an estimated cost of \$213,478.75 to the district to pay people who are not working, in addition to providing substitutes to fill in during their absence."

"Then, when the teachers return from their sabbaticals with accumulated credits, they receive salary increases commensurate with their newly acquired credits," he said.

"The same school board is denying cost of living increases to the non-teaching staff of the Hicksville Public Schools," asserted Gumin. "Men and women who are physically present on the job and willing to do a day's work."

## Concert Ass'n Membership Drive

The Mid Island Concert Association is opening its membership drive for the 1977-78 season. This organization has been serving the area for more than 25 years. A membership guarantees three concerts each season, though there are usually four. The season fee is \$18 for adults; \$8 for students. The Mid Island currently serves Hicksville, Jericho, Carl Place, Westbury and Syosset, though membership is not restricted to any specific locality. Concerts are held in the schools of the town mentioned. We also have reciprocal privileges with Glen Cove, New Hyde Park and East Meadow. The four organizations honor each others memberships without additional cost, after

local members have been stated. Thus, in addition to our own four concerts, we are entitled to attend 12 additional concerts, all for the incredibly low cost of \$18.

Next year's advance attraction is the Tamburitians - a group of 40 singers and dancers in a program of East European folk music and dances.

The remaining three concerts for next season will include a first rate pianist, an ensemble, and another soloist to be selected at the end of the membership drive. All artists are strictly professional.

Those interested in joining can contact the President, Mr. Leo Gillary (OV 1-2015) in Jericho or Miss Harriet Spink (WE 1-1567) in Hicksville.

## Cultural History At Willet

After many months of discussion and preparation, Willet Avenue School, Hicksville, has successfully launched an interdepartmental program in cultural history. This project represents a coordinated effort by the Media Center, Art, and Music departments, and is correlated with sixth grade Social Studies. The program will include lectures, displays, demonstrations, audio-visual presentations, and museum trips. It is designed to acquaint students with the development of cultural arts in the countries about which they study, and to encourage some familiarity with

art forms and periods, and with great artistic achievements.

Marie Schneider, Art Teacher at Willet Avenue, began the series with an illustrated lecture on Egyptian art. It was held in the Media Center, and attended by all of the sixth grades, and by Mrs. Koenig's fourth grade students because they had a special interest in the subject. As follow-up lessons, Theresa Sgammato of the Music Department introduced Egyptian music and musical instruments, and Rosemary Barrow, the Media Specialist, prepared the sixth grade classes for their visit to the Metropolitan Museum of Art.

## Volleyball Victors

On Friday, March 18, the eighth grade students of St. Ignatius Loyola School played in the annual games versus the faculty. The girls played the women in volleyball and won two of three games. It was the first time the girls had won the series. The crop of eighth grade girls is undoubtedly the finest volleyball team this school has seen in the three years under Gym Teacher John Messina.

The boys unfortunately were not able to beat the faculty and remain without a win since the inception of the games. Next year's games should be extremely close. Both the volleyball girls and basketball boys have tremendous potential.

## Health Fair

There will be a free Community Health Fair for all adults on Sat., April 23, from 10 A.M. to 7 P.M., and Sun., April 24, from 12 noon to 5 P.M.

Sponsored by Adelphi University School of Nursing, this fair will provide health screening, counseling, and referrals. It will be held in Alumnae Hall of Adelphi University, located on South St., off Nassau Blvd., in Garden City.

## Enrollment Up

Enrollment at Nassau Community College is up slightly over the spring of 1976, according to Registrar Robert L. Strumpler. An increase of 304 students—from 15,967 last spring to 16,271 this spring—was recorded.

The total includes 8,543 full-time students and 7,728 part-timers.

There is less than 199 students difference between day and evening students, according to the report—with 8,182 attending in the evening and 8,089 in the daytime.

## Golden Wedding Celebration

Bishop John R. McGann of the Rockville Centre Catholic Diocese will preside at the ceremony and will also present each of the jubilarians with a certificate acknowledging 50 years of married life.

Some 130 couples are expected to participate in the ceremony that will get underway at 3 p.m.

## Hicksville Soccer Club News

### BOYS BLUE

The Boys Blue team, sponsored by Josef's Foreign Car Repair hosted a strong N. Babylon team on 4-16. N. Babylon scored in the first half leading 1-0 at half time. Hicksville never gave up and really put the pressure on in the second half. R. Stieveling in midfield played an excellent game as did D. Strado in half and fullback position. J. Anglin and J. Harkins did a lot of hustling on the left side. On a pass by J. Anglin, A. Coiro was able to score to tie the game 1-1.

Unfortunately, Hicksville was not able to score again but because of the excellent defensive play, neither did N. Babylon. On Sunday, the team traveled to Dix Hills. The Boys held the Huntington Apollos to a 0-0 tie. The first half was completely dominated by Hicksville but there was no score. The second half was a complete reversal with the Apollos attacking from all sides. Jeff Tomlinson and Ed Thompson played the game of their lives: Ron Coiro in goal did an excellent job. It was truly an aggressive, hard fought game on both sides - a real thriller. Coach Ken Groves has every right to be proud of his team. The team would like to thank Josef's Foreign Car Repair for becoming their sponsor. It is greatly appreciated.

### BOYS RED

The Boys Red team, sponsored by the VFW, have played 4 games to date, winning 3 and losing 1. In the first game of the season, they defeated Auburndale 5-0, lost the second to Massapequa 5-0. The third game was a hard fought contest against N. Babylon in which Hicksville emerged the victor by a score of 2-1. Last Sunday they traveled to Northport and although trailing 1-0 at half time, the Boys rallied in the second half, winning 2-1 in another thriller. Goals were scored by Bob Kammann and Peter Janette. Playing good ball for the Boys Red were Michael Andrus, Tom Solaski, John Keri, Martin Conway and Michael

### Finkelman.

In Regional Cup Competition, the Boys Red defeated Deer Park 6-1 and this past Sunday downed N. Babylon 1-0 on a great goal by Martin Conway. Michael Andrus was superb at mid-field ably assisted by Tom Solaski. The backing of Thomas Fletcher, Jon Borthwick and Michael Finkelman along with the great goal tending of Timmy Bell held the opposing team scoreless. Coach Pat McHugh is justifiably proud of his team.

### INTRAMURAL BOYS (under 14)

Florida, playing short, lost the season's opener to Washington 2-0. Considering this disadvantage, the team played excellent soccer. T. Berk was brilliant in goal, as were fullbacks C. Holzhauser and R. Mahoney. E. O'Reilly as played a good game. The forward line missed 3 great chances to score but Coach G. Stieveling feels that with a little more practice will transform these boys into a real moving team. L. Goldstein was outstanding as he efficiently connected the defense with the offense.

## Hicksville American Soccer

### MIDGETS TAKE TWO

The Joseph Barry K of C boys under 12 brought home two more victories this past weekend to their sponsor & the club. The boys' overall record is now 7 Wins and no defeats with 24 goals for and 4 against with 3 shutouts. Saturday's match was the third straight road game against yet another arch rival, Garden City. Coach Bill Cresham was very concerned about this one remembering that Garden City wants to beat Hicksville so bad "they can taste it". Our boys had eliminated G.C. from the Oceanside Tournament back in '75, defeated them soundly in the semi-finals of the KLM tournament last summer and again in regular season play last fall.

Garden City jumped to a 1-0 lead in the first half and immediately pulled 7 defenders back to the 18 yard line to try to shut the door on "Cresham's Crunch Bunch" and very nearly did. Hicksville tied the score with only 5 minutes left in the game and put another one in with less than 30 seconds left - thanks to a lot of hard work by Glen Zakian deep in the Garden City end. Glen tackled the ball, moved it around a defender and sent a shot on goal which was tipped in by John

McCann. It was a very tough win but coach Cresham was heartened to see the boys not give up & keep trying. They really had to come from behind and could have been satisfied with a tie but persevered to come out winners with only seconds left.

On Sunday, the boys came home to play the second round of the Regional Cup Competition against Deer Park. On a beautiful day and with a very large home crowd at the Grumman Fields, the boys responded with two quick goals and went on to a 5-0 win. Next week they play their toughest game of the year at home against Huntington.

### BANTAMS

#### BACK ON TRACK

After a tough loss last week to Massapequa, the under 10 boys white team bounced back with a strong 4-0 win over Brentwood at home. Matty Bell sparked the team with his aggressive play up front - hawking the ball and causing heavy pressure on the Brentwood defense. Scoring for "Florio's Phantoms" this week were Matty Bell, Dean Spedero and Fred Musumeci (2) with a lot of help from the other strikers Kevin Conway, Jimmy Lauritsen & Paul Thompson. They couldn't do the job alone & needed the

help and cooperation of the halfback line consisting of Kenny Kygler, Freddie Freyksen, Rich Karlewicz & Frank Kolovich. The fullbacks, Mark Habersaat and Michael Ayers did their job perfectly and gave goalkeepers Gerry Dolan & Sam Masiello an easy day in the nets. The boys are now 5 wins and 1 loss with a firm hold on second place.

## Seniors Softball

Softball paced for senior citizens will be featured at Eisenhower Park beginning Monday, May 2.

Ball players will meet Mondays, Wednesdays and Fridays at 10 a.m., when weather permits, for a chance to bat, field and perhaps pitch. While teams may be organized for inter-park games, the object of Softball for Seniors is outdoor exercise and the camaraderie of team play.

Men and women with a Senior Citizens Leisure Pass can register at the Special Activities Center near Parking Field No. 8 in Eisenhower Park. Fields will be reserved by the Nassau County Department of Recreation and Parks for practice and games.

Upon receipt of an application, the Town Clerk may forward same to the New York State Division of Criminal Justice Services for such investigation of the applicant as is deemed necessary or advisable for the protection of the public good and welfare.

##### Section 22-26. Issuance of License

(A) If the Town Clerk shall find the tow car service in the Town, and particularly in the area in which the applicant proposes to operate, is required by the public convenience and necessity, and, from the statements contained in the application for a tow car owner's license, that the applicant is a fit person and capable of properly conducting such tow car business and to conform to the provisions of this ordinance, then the Town Clerk, upon the certification of each tow car proposed to be operated by the applicant pursuant to Sec. 22-22 hereof, and the furnishing by the applicant of proof of insurance, as hereinafter provided, shall issue a license stating the name and address of the applicant, and the date of the issuance thereof, the number of vehicles the applicant is authorized to operate, and at the same time the Town Clerk shall issue for each vehicle licensed hereunder a license bearing the words "licensed tow car", and assigned number, and the year of issuance, otherwise such application shall be denied.

(B) Before making any findings as to whether public convenience and necessity justify the issuance of a tow car owner's license, or the licensing of additional tow cars under Sec. 22-29 hereof, the Town Clerk shall cause to be published in a newspaper of general circulation in the Town of Oyster Bay a notice, stating that application has been made for the licensing of a vehicle or vehicles as tow cars, the number of vehicles for which such application has been made and containing a statement that written arguments as to whether public convenience and necessity require the licensing of such vehicles must be filed with the Town Clerk on or before the date fixed therein, which date must be not less than eight (8) days after the date of such publication. Any arguments so filed must be considered by the Town Clerk in making his findings as to public convenience and necessity.

##### Section 22-27. Facts to be Considered

In making the findings required by Sec. 22-26 hereof, the Town Clerk shall take into consideration the number of tow cars already in operation in the Town, particularly in the area in which the applicant proposes to locate his garages, storage areas and terminals, whether existing tow car service is adequate to meet the public need, the probable effect of additional tow cars on local traffic conditions and the character, experience and responsibility of the applicant and the adequacy of the service which the applicant proposes to give.

##### Section 22-28. Additional Information may be required

The Town Clerk may, in his discretion, before the issuance of a license under Sec. 22-26 require the applicant and any others having knowledge of the facts to submit to an examination under oath and to produce evidence

##### Section 22-29 Application to add vehicles

(3) Any facts which the applicant believes tend to prove that the public convenience and necessity require such addition.

(4) A description of each such additional tow car including the make, model, and year of manufacture.

(B) If the Town Clerk shall find that public necessity warrants the addition of the tow car(s), then he shall issue a supplementary owner's license stating the name and address of the applicant, the number of the owner's operator's license, and the number of additional vehicles the owner is authorized to operate, and the date of the issuance thereof; and, at the same time, a license for each additional tow car in the form as provided in Sec. 22-26 hereof, otherwise such application shall be denied.

##### Section 22-30 Application for addition or change of place of service

(3) Any facts which the applicant believes tend to prove that the public convenience and necessity require such additional places of tow car service or transfer of place of tow car service

(4) The address of the additional place of tow car service or transfer of place of tow car service

(B) If the Town Clerk shall find that the additional places or transfer of tow car service is in the public interest, then he shall issue written authorization setting forth the additional places of transfer, as the case may be, and the date thereof, otherwise such application shall be denied.

##### Section 22-31 License Renewal

Any license issued under this article may be renewed annually for additional periods of one year each from the date of expiration upon the filing of an application containing all the information required by the provisions of this ordinance for original applications, with the exception of any allegation as to public necessity.

##### Section 22-32 Inspection of Vehicle Required

### BY ORDER OF THE BOARD OF TRUSTEES OF HICKSVILLE PUBLIC LIBRARY OF HICKSVILLE UNION FREE SCHOOL DISTRICT

Hicksville, Town of Oyster Bay, N.Y.

Marie C. Egan,  
District Clerk of Hicksville Union Free School District

(D3938 - 4T - 4/28) MID

Commissioner Danker said, "as part of our county's continuing program for broadening the base of grand and trial jurors, I am asking that any resident of our county who would be willing to serve, apply at my office, room 106, in the Nassau County Courthouse at 262 Old Country Road, Mineola, between the hours of 9:00 A.M. and 3:00 P.M. weekdays."

During the past year, over 65,000 prospective jurors were selected and summoned. Nassau County has more qualified jurors than any county in the State. In order to continue to have a representative cross-section of our population, and to encourage young jurors to serve, we are attempting this volunteer appeal in addition to our continued canvass of the communities. The principal requirement to serve as a trial juror is the ability to speak, read, and write the English language, and a willingness to assume the responsibility of serving.

## Meddlesome Parents

After six stormy years of matrimony, Edna and George came to the parting of the ways. Edna, blaming George's parents for the breakup, filed a lawsuit against them for damages.

"Ever since our wedding," she told the court, "they have been meddling in our affairs. They had no right to do that. Once we were married, it was up to them to leave us alone."

But the court dismissed Edna's claim, saying parents have special privileges in dealing with their children.

"The law is tender of the parental relationship," said the court. The parent has the liberty of extreme solicitude for the child even after marriage, and may advise freely and frequently and even foolishly."

This is the usual attitude of the courts, so long as the interference does not go beyond reasonable bounds. Of course, parents have even clearer rights before a child's marriage.

Another case involved a father's right to exclude from the family home an unwanted boy friend of his daughter. The court said:

"A father is under no obligations whatsoever to allow one of whom he does not approve as a prospective husband to enter his home."

On the other hand, the law condemns excess at all stages of the parent-child relationship. One father was arrested on a charge of assault and battery after he administered a brutal beating to his young daughter. Although he claimed "parental privilege," the court found him guilty. The judge commented:

"Where the punishment is so cruel as to show that the parent was not acting for the benefit of the child but to satisfy his own evil passion, he is no longer to be considered as a judge administering the law of the household but as a malefactor guilty of an unlawful assault on a helpless person entrusted to his care."

## Local Lottery Aid

State Senator Ralph J. Marino (R-Syosset) announced that local school districts will finally enjoy direct aid from the state lottery beginning with the 1977-78 fiscal year. The total budgeted statewide from lottery proceeds is \$60 million.

This approach marks a turning point in the controversial use of lottery proceeds over the years. Said Marino, "The lottery was established with the intention of providing funds for education.

Over the years, however, the money has been funneled into the General Fund and then paid out for all purposes including state aid to schools. As a result, there has never been an accounting of the dollars and cents lottery aid that has been spent on education."

Under a new law passed by the Legislature in 1976, lottery revenues must be used for the purchase of textbooks, aid to the handicapped and other sup-

# FIRE REPORT (Continued from Page 1)

He and his family lived in the fire house on E. Marie St. and for several years they all took turns as dispatchers. Many times when duties required Henry to travel, his daughters Ruth and Marion held down the fort. No one knows how many owe their lives to him for his alert actions in time of emergency, for his devotion to duty.

It is my hope, and I know many others, that Hicksville does not forget what Henry Gebhardt did for them. Something should be done to preserve his memory, his service, for future generations. It is a thought we should all dwell on, for if any one person in Hicksville deserved it - it is Henry A. Gebhardt, a product of Hicksville, New York, U.S.A.

## Pistol Match

Nassau sharpshooters and their guests are invited to compete in a pistol match on Saturday, May 14, beginning at 9 a.m. The event for men and women age 21 and over is sponsored by the County's Department of Recreation and Parks at its Indoor Rifle Range in East Meadow.

Any center fire or semi-automatic pistol may be used, but no magnum type loads are permitted.

Contestants, who must hold valid handgun licenses, will be

judged in accordance with relevant NRA rules. Trophies will be awarded to winners as well as the High Woman Scorer of the day.

The entry fee, payable on the morning of the match, is \$2 for County residents and \$3 for their guests.

Registration will take place during the week of May 1, either in person at the Range or by calling 292-4206 after 4 p.m.

The County Range is located south of Hempstead Turnpike off Merrick Avenue in East Meadow.

Ayres questioned the cost to the district to date on acts of vandalism. Dr. Hill replied that damages totaled approximately \$28,000. However, he pointed out that this figure does not include a total vandalism cost which also includes preventive vandalism costs, such as lighting and surveillance board monitoring.

During the budget study session, led by Mr. Dan Arena the Board approved an amended proposal from the budget committee concerning code 1480 (public information and services). The committee had recommended that the Bulletin Board issues be reduced to five. After questioning if this total

included the school calendar and budget brochure, the Board finally approved the publishing of eight Bulletin Board issues, reduced from ten, plus the school calendar and budget brochure. Financially, it reduces budgeted printing costs, \$2,000 and postage, \$500. Also approved was the committee's proposal to reduce awards from \$600 to \$300.

A public hearing on the budget, required by state law, was set for June 8. Also, the date of the annual meeting and election of trustees was set for June 22.

The next meeting of the Hicksville School Board is April 27, 8:15 p.m. Administration Building.
