HICKSVILLE SEWERS PROGRESS REPORT: Nassau County oversees the installation of sewers, but they're not the only interested party. Here, Oyster Bay Town Supervisor Joseph Colby, right, and Town Councilman Thomas L. Clark go over the progress report of the Hicksville installation with Bob Supple, Senior Nassau County sewer inspector.

As a special summer treat, the Puppetmobile from the Nassau County Dept. of Parks and Recreation recently visited the Hicksville Library with a presentation of "Pistol Smoke". After an enjoyable performance, the puppeteers and puppets met the audience.

The Magicmobile will be at the Library on July 29th at 10:30, and the Craftmobile on August 12th at 9:30.

VETERANS' EMPLOYMENT: A new employment agency designed to find jobs for veterans opened last weekend at the Hicksville VFW Post 3211 on S. Broadway. The

opening attracted officials of the local VFW post as well as local elected officials. Pictured at Sunday's grand opening ceremonies

are Vice Edwards, councilman Tom Clark, Congressman Norman Lent, Town Clerk Ann Ocker, Supervisor Joseph Colby, Ray Ward, and Augie Barrone.

Musicals At Library

The Hicksville Library August film series will feature 'great' Hollywood Musicals this year. The first film to be shown, on Thursday, August 4 at 8 pm will be "Broadway Melody of 1929", the first sound film to win an Academy Award. The music by Nacio Herb Brown and Arthur Freed includes such 'oldies' as "You Were Meant For Me", "Wedding of the Paper Doll" and "Broadway Melody".

The following weeks selections are as follows:
August 11 "Roberta" with Ginger Rogers and Fred Astaire
August 18 "Hollywood on Parade" compiled and edited by Lee Stanley who will discuss his making of the film and the stars who appeared in it.
August 25 "Hollywood Revue of 1929" starring Conrad Nagel, Jack Benny, John Gilbert, Norma Shearer and Joan Crawford.

We feel that these films of the 'twenties are good examples of Hollywood in its heyday, and a chance for us to see the evolution of musical spectaculars and super-spectaculars," said a Library spokesperson.

"Come and join with other film lovers every Thursday evening in August at 8 in the library auditorium. All are welcome," he concluded.

County Debate Set

Assemblyman Irwin J. Landes and David H. Peirez, Esq., Democratic candidates for Nassau County Executive, will meet to discuss campaign issues at a Long Island Association luncheon, August 24, at noon, at the Salisbury Restaurant, Eisenhower Park, East Meadow. This is the second in a series of three debates sponsored by the LIA and will be open to LIA members and the public. A panel including a member of the Nassau County League of Women Voters, a reporter from Newsday and a Nassau County businessman will elicit responses from the candidates on a broad range of topics.

"This is a continuation of effective communication between the public and private sectors of Nassau County. In particular it will allow the Nassau business community and the candidates to become better acquainted," according to Joel Solomon, Vice President of Reynolds Securities and LIA Chairman of Long Island Affairs.

Promoted

Marine Lance Corporal Scott A. Frey, son of Mr. and Mrs. Herbert H. Frey of Cherry Lane in HICKSVILLE, has been promoted to his present rank while serving with Force Troops, Marine Corps Base, Camp Lejeune, N.C. He joined the Marine Corps on October 1976.

A similar debate among the Republican candidates, held last April, drew an overflow audience. County Executive Ralph Caso, Hempstead Presiding Supervisor Francis Purcell and State Senator John Dunne debated issues including tax reform, governmental

operations and attracting business to Long Island.

Arrangements are being made to accommodate all who wish to attend the Democratic debate, since a large turnout is expected. Reservations can be made by contacting Bev Cormany, LIA offices, 516-752-9600.

NEWLY-ELECTED: Mrs. Anne Staton, a resident of Hicksville was unanimously elected to the office of Adjutant for 1977-1978 in the Charles Wagner American Legion Post No. 421 in Hicksville. She completed a term as Vice Commander for the previous year. She is a veteran of World War II, serving in the Air Force. She is employed by Reliance Utilities Fuel Oil Co. in Hicksville.

SELECTING PHOTOS for a historical montage at the Jolly Swagman Restaurant, Hicksville are (left to right): Gordon Ross Webb; local historian, Richard Evers and new proprietors, Wim and Laura Piechutski.

The restaurant is located in the home of the late Dr. and Mrs. Elwood A. Curtis on West Nicholas Street. For many years a landmark homestead, the residence of a beloved community couple, the house evokes memories and incidents worthy of preservation.

The home of the dentist-community leader and his wife, Anna, conductor of the memorable Hicksville Choral Society, once knew the presence of notable visitors, gatherings of community leaders, choral fraternity and was a Christmas-time show place.

HELPING MERCY HOSPITAL: Mrs. Barenly Aversano, right, incoming President and Mrs. Walter Sebert, Vice President congratulate each other on their new positions. Both women are members of the Glen Cove-Hicksville-Syosset League of Mercy Hospital. Mercy League members work year 'round as volunteers and fund raisers to aid the 391-bed hospital in Rockville Centre, now engaged in a \$10.2 million dollar construction program.

Safe Boating Rules

With the boating season about to surge into full power, the Nassau County Police Department has issued an advisory to boat owners urging them to follow safe boating procedures and to insure the security of their boats and equipment.

In a move to promote safety on the water and to curtail potential larcenies and thefts, the department's Marine and Air Bureaus will be combining their efforts with intensive patrols.

These patrols are designed to render assistance to those in distress and prevent criminal activity. Boat owners should be alert to potential larcenies and vandalism as the season progresses and are advised to secure their property and be able

to identify it properly.

They should also be aware of safety guidelines issued by the Marine Bureau which constantly monitors AM and FM international distress frequencies. For FM the frequency is 16 and for AM 2182. The guidelines include

1. Leave word with someone where you expect to be boating and include registration numbers and estimated time of return.
2. Observe speed limits.
3. Use lights if out at night.
4. Keep up maintenance on boats and equipment.
5. Observe fire precautions.
6. Do not overload.
7. Have sufficient life preservers.

Parking Fields To Be Resurfaced

Oyster Bay Town Supervisor Joseph Colby today (Tuesday, July 26) announced that the parking fields at the Syosset-Woodbury and Marjorie R. Post Community Parks are scheduled for resurfacing this Fall. The announcement followed the authorization by the Town Board

of the design phase of the two projects.

"The timetable for both projects was set to avoid the heavy usage summer season but allow sufficient time for completion of the work before the cold weather sets in," Colby said.

Charter Oaks Country Club in Muttontown will be the site on September 18th of a Pro-Am Golf Tournament to benefit the Nassau Association for the Help of Retarded Children and the C.W. Post School of Business scholarship program.

The Town Board Meeting

By Gerry Kahn

The formal Town Board Meeting held on Tuesday, July 26th concluded at 10:50.

The 36 item agenda, contained 2 hearings, both related to amendments to the Code of Ordinances T.O.B., Chapt. 17, Roads, Highways etc.

Item No. 1 would require a contractor to obtain a permit in order to obstruct or close a street to traffic for any specific period of time.

Item No. 2 (Private Roads) would give the Town Board a degree of control over private roadways through the installation of Stop Signs, Fire Zones and other various parking and time limiting type signs.

On the local scene, among the resolutions that were passed, the following are of community interest.

1. Item No. 3 authorized the Consulting Engineers to proceed with optional services in the contract for storm water drainage and recharge basin at the Syosset R.R. Station Parking Field.

Item No. 10 authorized

Consulting Engineers to proceed with design of the resurfacing of the Parking Fields and the Entrance Road to Syosset-Woodbury Park.

The Town has received an offer from the Holy Trinity Greek Orthodox Church to trade property it owns of Field Avenue in Hicksville for Town parking field No. 16 located between Cherry Street and Carl Street in Hicksville. Church officials would prefer to locate a new church building at the parking lot location rather than on Field Avenue.

In order to be able to properly evaluate this proposal the Town Board has appointed an appraiser to determine the market value of both pieces of property. A survey conducted by the Department of Public Works shows this parking field to be considerably underutilized because of its distance from the Hicksville railroad station. More on this later.

In the informal meeting that followed, Phyllis Singer, undaunted by her

soccer injury and tennis elbow, thanked the Board for the fast and efficient manner the highway department reacted to street maintenance in and around Massapequa.

Judy Jacobs requested the Board to consider the plausibility of lowering the maximum building heights in industrial areas.

Supervisor Colby explained that a height must be permitted that is viable for the community and the builder and that further height restrictions could discourage construction.

"A guideline for fair practices in political campaigning by incumbents as well as challengers is being designed by the Town Board and the Town Attorney, and should be put into practice within the next two weeks." This statement was made by Supervisor Colby as a result of certain incidents brought to his attention by Judy Jacobs and prompted by Councilman Diamond. The informal meeting concluded at 11:25.

Marino's Fingerprint Bill Signed

A bill sponsored by State Senator Ralph J. Marino and signed into law by Governor Carey will now require law enforcement officers to fingerprint juvenile delinquents who commit major felonies. The new law also authorizes the use of photographs and palmprints as a means of identifying children as young as 11 years old who commit murder, rape, robbery, manslaughter and arson.

A chapter amendment protecting youngsters found innocent of such crimes was signed at the same time.

Marino, Chairman of the Select Committee on Crime, said the law provides an orderly system for identifying and tracking the careers of violent juveniles. The Syosset Republican authored the law in response to the Ronald Timmons case last fall in which a 19 year old with a long criminal history that included homicide, was released on \$500 bail because he could not be identified as a violent offender under our existing system.

The fingerprints will be kept by the Division of Criminal Justice Services in their central Albany files. Under the chapter amendment, if the charges against the juvenile are dismissed, the fingerprints must be removed from DCJS files. The main bill also provides that if no new crime is committed by the time the delinquent reaches age 21, or during a three year period following discharge from Division for Youth custody, the fingerprints will be destroyed.

The bill is part of a package sponsored by Marino that will require harsher treatment for violent children 15 years of age or younger than now provided by

laws written at a time when juvenile delinquents were more often guilty of "high jinx" than of

brutal muggings and murder. The law becomes effective on September 1.

PAPER BLIZZARD—Over 5000 senior citizens have showered State Senator Ralph J. Marino with petitions supporting his package of tough crime proposals aimed at protecting the elderly from violence. Marion

will use petitions to enhance passage of his program through the Legislature. Petition drive spread rapidly throughout Nassau County through the efforts of local senior organizations.

IN THE SWIM OF THINGS: Oyster Bay Town Supervisor Joseph Colby, right, and Town Councilman Kenneth S. Diamond check out the Syosset-Woodbury Community Park's most recently completed wading pool area as area residents and children enjoy the fruits of the Town's labor, a project which was completed just in time for our recent heat wave.

Dear Friends...

For the first time in its 45-year history, the Nassau County Council of Young Republicans has endorsed a candidate for public office before his final designation. This organization endorsed the County Executive candidacy of Hempstead Town Presiding Supervisor Francis T. Purcell by a near-unanimous vote, when the 81-delegate Council registered only six abstentions. The delegates represent over 1,000 members in 27 Young Republican Clubs in Nassau County.

Congressman John Wydler, who has worked since 1968 to provide another national cemetery, was more than just pleased when the Subcommittee on Cemeteries and Burial Benefits of the House Veterans Affairs Committee held hearing in Riverhead on the proposed national cemetery at Calverton, Long Island. Currently, the property at Calverton on which the national cemetery will be located is being transferred from the Navy to the Veterans Administration, which has already prepared a Draft Environmental Impact Statement on the new cemetery. This property consists of about 900 acres and 480,000 gravesites. Today there are more than 2½ million veterans living in the Long Island area, and the national cemetery at Farmingdale is scheduled to be closed in February of 1978. So, this new national cemetery is critically needed. Cong. Wydler's unceasing efforts through the years have certainly been justified.

WE HEAR THAT most of the major Long Island food chains, responding to consumer complaints about multiple pricing, have agreed voluntarily to display only one price on a shelf item. Nassau Consumer Affairs Commissioner James Picken tells us, "Consumers are justifiably angry when new higher prices appear over old ones, since the items were bought to sell at the original prices." He has had numerous complaints about this practice. Picken said that at this time, however, he feels the stores want to cooperate.

HERE'S GOOD NEWS (for some) ... IRS has about \$2,015,000 in undeliverable income tax refund checks that belong to 7,775 taxpayers in Brooklyn, Queens, Nassau and Suffolk, and it wants to get the money to its owners as soon as possible. If you have not received your expected refund call the Nassau IRS office at 248-3620.

THE HICKSVILLE LIBRARY BOOKMOBILE will be off the road for a time, due to necessary repairs. "Sorry if you are inconvenienced," a library spokesperson told us. For information as to when the schedule will be resumed call WE 1-1417.

You are cordially invited to attend the 49th Annual Labor Day Parade of the Hicksville Fire Department, which starts at 9 am on Monday, September 5th. The annual Labor Day Tournament of our Fire Dept. will be held at the Hicksville Water District located on Bethpage Road, next to the Police Boys' Club, following the Parade. Hope to see you there. We will have more details of the parade route, etc. as the time approaches.

FOR YOUR INFORMATION ... the Gregory Museum will be open seven days a week during the summer ... from 9 am to 4:30 pm Saturday, and from 1 to 5 pm on Sundays. Admission charges will remain the same: \$1.00 for adults, \$.50 for students, with senior citizens and pre-schoolers free.

THAT'S ALL for this week. Stay well, and enjoy the comparatively cool weather that has finally set in.

"Looking Back As We Move Forward" was the theme of the first New York State 4-H Leaders Forum held at Cornell University. The Mid-Island Council of Levittown and Hicksville was represented by 6 leaders, Mary Kuck, Margaret O'Grady, Joan Drake, Dorothy Terzian, Anne

Andrews and Enid Fleckenstein (left to right in the picture). There were 92 leaders from Nassau County and we had the pleasure of acting as host and hostesses at the Get Acquainted Party on the opening night. All the leaders attended workshops designed to help them in their work

with the members of 4-H. The Forum enabled everyone to get new ideas and also to discuss their own ideas with leaders from other sections of the state. It was a well organized and constructive week-end that revitalized the enthusiasm of the 250 4-H leaders who attended.

Job Opportunities

Oyster Bay Town Supervisor Joseph Colby announces that a list of job opportunities developed by the Town Division of Commerce, Industry and Labor for positions in private industry will be posted at the Hicksville Library.

The first such list is now able to be seen on the Community Bulletin Board in the outer lobby of the library. New lists will be sent to the library and other Town public places as soon as new job openings are available. Tell your friends and family of this source of employment possibilities.

Seldin Endorses Purcell

Calling him a man of "vast governmental experience" Abe Seldin, chairman of the Nassau County Board of Assessors, today endorsed the candidacy of Hempstead Town Presiding Supervisor Francis T. Purcell for Nassau County Executive in the upcoming Republican primary. "Fran's experience on all levels of government make him uniquely qualified to be our county executive," stated Seldin. "He served as a village mayor, a state assemblyman and both Hempstead supervisor and presiding supervisor. This varied background is important in the development of long range solutions to complex problems that would bring the resources of the federal and state govern-

ments to bear, without subverting the home rule of local municipalities," continued Seldin.

"Purcell was a successful businessman who helped bring business practices into government. As a businessman myself for over thirty years, I feel that government should adopt more of a business approach geared towards economy and efficiency. This is also the Purcell approach," stated Seldin.

"Most importantly Fran Purcell has a feel for people. He is sensitive to their problems and knows how to respond to help solve them. Supporting Purcell, to me, is a most obvious decision."

Congratulations to Marjorie Mashburn of HICKSVILLE, who recently won \$2,500.00 in the Empire Stakes Instant Lottery...also to Anthony Speciale of OLD BETHPAGE who won \$500.00 in the same lottery.

Happy birthday to David Winter of Burns Avenue in HICKSVILLE, who celebrated his on July 20th.

A happy birthday, her seventeenth, to Joan Cornelius of Harken Lane in HICKSVILLE. Joan celebrated hers on July 25th.

July 26th was that special day for Nigel McDonald of Evers St., in HICKSVILLE. Happy birthday, Nigel.

It was a special day on July 27th for Mrs. Carol Yammond of Northport (formerly Carol Moyer of Center Street in HICKSVILLE). Happy birthday,

Carol.

Birthday greetings go to Debra Winter of Burns Avenue in HICKSVILLE who became 14 on July 27th.

Guess who will be celebrating his 12th birthday on July 31? None other than James Morgan of North Fordham Road in HICKSVILLE. Have a happy, Jim.

Congratulations to James E. Flynn of HICKSVILLE, who has been named Branch Sales Manager of the Year by the RCA Service Company. Mr. Flynn has been with this company since 1964.

Recently elected to serve on the Nursing Education Committee of the American Heart Association, Nassau Chapter, was Jayne Prescott, R.N., of PLAINVIEW.

Congratulations to Michael D.

Litter Basket Hearing On Aug. 9

Oyster Bay Town Councilman Salvatore R. Mosca announced that a proposed ordinance requiring the installation of litter receptacles in private parking lots will be the subject of a public hearing before the Oyster Bay Town Board on August 9.

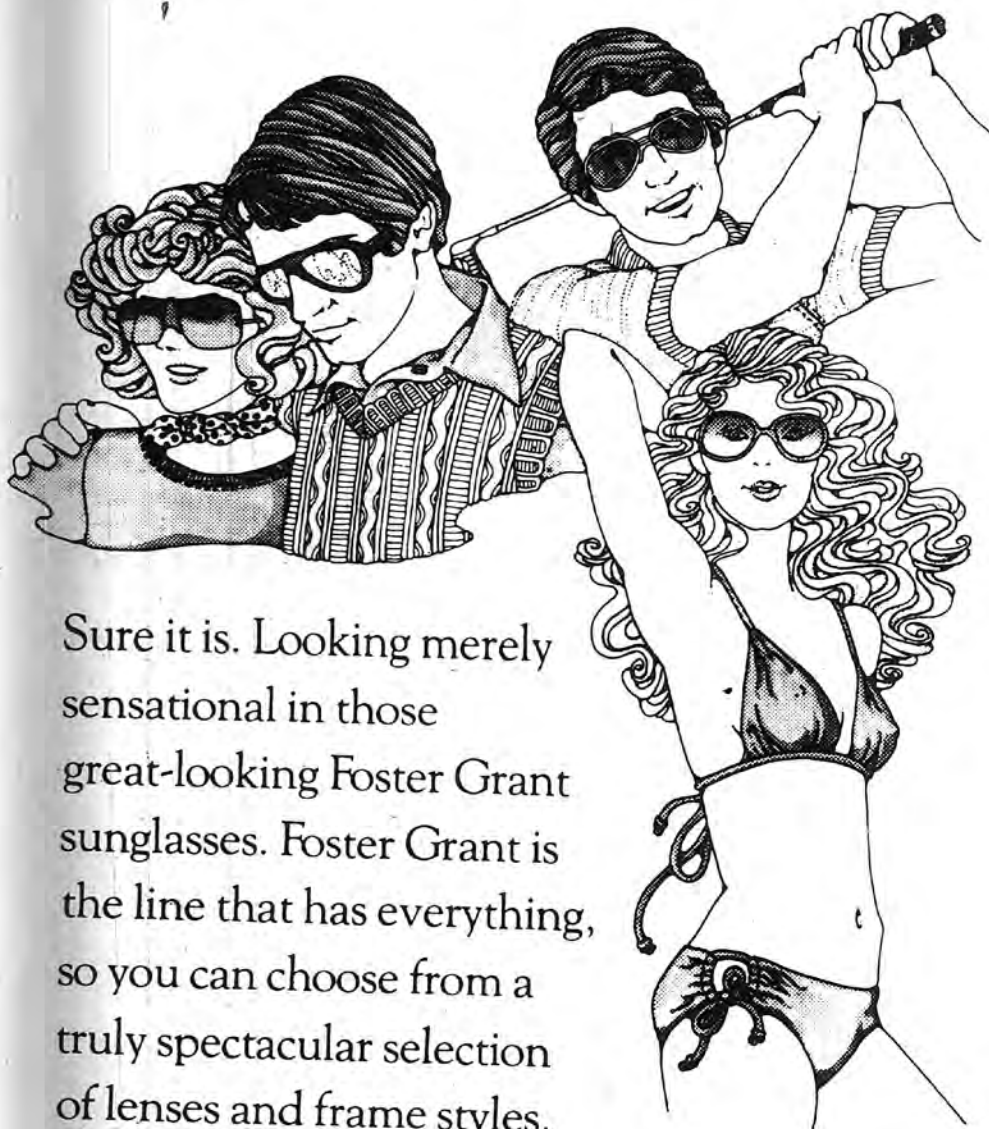

"The proposed ordinance is

intended to cut down on the unsightly and unhealthy litter that abounds in some of the parking lots of shopping centers and fast-food restaurants," Mosca said. The law would apply to all retail establishments with parking facilities for more than 10 cars, with one receptacle

required for every 10 parking spaces in lots of up to 100 cars capacity. Larger lots would have to install one additional receptacle for each 100 cars capacity or fraction thereof.

The proposal also specifies the size and type of litter receptacle.

CUMMINGS 'N GOINGS ROUND-THE-TOWN

By Jim Cummings

IRISH CULTURAL EVENT: On Sunday, September 18, 1977, the Nassau County Board of the Ancient Order of Hibernians will present its 5th annual Feis sponsored by the ten (10) Divisions and Ladies Auxiliary units, representing several thousand very active Hibernians throughout the three Townships in Nassau County. The site of this years event will be the spacious grounds of the Nassau County Plainview Office Center complex located on Old Country Road at Round Swamp Road - a

rain date of Sunday, September 25, 1977, has also been approved by the Nassau County Board of Supervisors who voiced approval at their last Board Meeting in Mineola. Over 120 competitions in solo, advanced solo, championship and figure dancing, along with numerous entries of piper bands, harpists, art and athletic events will be contested and judged, with awards of trophies and medals in the various designated categories, according to John Bownes, Feis Chairman. Interest is

highlighted this year in piping, arts, crafts and sports events according to respondents - information pertaining to the Feis competitions and copies of the syllabus and entry forms may be obtained by writing to Miss Maureen Callaghan, 2021 New Hyde Park Road, New Hyde Park, N.Y. (11040) or phone in Nassau 352-5318 - closing date for entries is Sunday, August 7, 1977. The Hicksville Division of the "Green Berets" of the OAH and the Ladies Auxiliary will be the host Division - any questions phone the writer evenings at 935-4229 - what's new in your family?

NEW YORK, NEW YORK: TV commercials tell it all - this great State of New York has more to

see than most vacations permit - and that included my recent change of scenery - the first in two years with my wife Dolores, and son, Kevin - we hit the trails of history, visited Lake George, Saratoga, Round Top, Catskills, Adirondacks - in fact in Cairo one morning I met John Angoli and his family of Hicksville on vacation at Freehold - visited with my daughter, Valerie Mc Carney, husband Fred and granddaughter, Stacey in Scotia, N.Y. for a wonderful, restful stay. Remember, memory is the diary we all carry with us - so if your planning a trip - see New York first - parts of upstate remind one of Ireland, with a soft wisp of early dew dancing across the leaves brightly whistling in

the morning

WE HEAR THAT: Mrs. Augusta Goldman of 50 Division Avenue, Hicksville, is recuperating at home following a recent hospital stay - Mrs. Goldman and her sons, Howard and Irwin, operate Goldman Brothers, a store, we can recall some 27 years ago originally located at 108 Broadway and with great success expanded to west side of Broadway and finally in its brand new building a few years ago, following the widening of the street.

DID'YA KNOW: that Pan American's Frank Larkin of Wishing Lane, Hicksville is home following a two week business trip to Pakistan. Happy Birthday to Jack Halcott on vacation this week - we'll celebrate upon your return - seems we've all been vacationing in July including their sons Michael and Charles and your reporter. Changing scenery we note: the Silver Screen Pub opened on North Bway, opposite Citibank, now under construction. Pub opposite Hicksville Firehouse shuttered; likewise the former Henningsen's Restaurant & Bar in Center Shops - word has it new owners in. Neighbor for 27 years Jim Mc Laughlin in hospital for surgery and next door neighbor (same years) Joe Mc Namara's daughter, Mary, is home following recent stay at Syosset Hospital - good health, Mary. Mrs. Kay Roemer and cousin, Nancy Joyce (New Jersey) and children hit the southern trails to Washington, D.C., Georgia Florida and returned last week - meanwhile back at the ranch, hubby, William relaxed poolside - ribs and all.

Amend Zoning Restrictions On Town Houses

The Oyster Bay Town Board this week amended the sections of the building zone ordinance covering E-2 and E-3 Residence districts (one-family town houses and garden apartments) to modify coverage restrictions and setback requirements that made it uneconomical for builders to construct this type of housing on certain parcels of land.

"This amendment does not change the permitted density of dwelling units," Town Supervisor Joseph Colby emphasized. "For the E-2 zone, it is still 6.2 dwelling units per acre and 10.8 units per acre in the E-3 zone with a minimum lot size of five acres."

The revised ordinance allows coverage of up to 20 percent of the total area of the lot by all principal and accessory buildings and reduces building setback from public roads and one-family residential districts to 50 feet. Under the old ordinance, the effective coverage was only 15 percent of the lot area, and setbacks of 100 feet were required.

"These old restrictions all but precluded building on small, developable tracts because the number and size of the townhouses or garden apartments that would be allowed on such tracts would not be marketable or economical for a developer to build," Colby said.

Other changes include greater distance between buildings, increased off-street parking requirements, more front yard depth, and provision for residential recreational facilities.

"King" Returns For Last Game

The "King"

Returning for one last area game in his 31-year career, the fabulous Eddie Feigner and the "King and His Court" will play the Town of Hempstead Recreation "All-Stars" on Wednesday, August 3 at Merrick Road Park in Merrick.

The game will be the last area game for the four-man softball

team and, since he has announced plans to retire, it's the last opportunity that area residents will have to see the wizard of the softball field in action. Playing against a full softball team, Feigner has pitched as many as 150 innings without giving up a run, pitches blindfolded, from behind second base, between his legs and sideways.

The game, which will begin at 9:00 p.m., will be preceded by a softball game at 7:00 p.m. featuring the top teams in the Town of Hempstead Women's League, the "Canine Stylings" and the "Hicksville Motor Lodge A's". Musical entertainment will also be provided.

Admission to the game is free to all Town of Hempstead residents. Seating is available but since the game annually attracts thousands, residents are urged to arrive early and to bring lawn chairs in case additional seating is necessary.

Elected President Of Hospital Bd

Michael J. Crimi, of Upper Brookville, had been elected President of North Shore University Hospital's Board of Trustees.

An attorney, Mr. Crimi was named an Associate Trustee of the Hospital in 1964, a Trustee in 1966, and a Vice President in 1971. He has been most active at the Hospital as Chairman of the Joint Conference Committee, the liaison link between the Medical Board and the Board of Trustees.

Mr. Crimi, a native of New York City, received his business administration and law degrees from the University of Miami. He is President of Wheelan Enterprises, Inc., Great Neck, and

Vice President of the Wheelan Foundation.

In addition to his charitable work with North Shore, Mr. Crimi has also served as Trustee of the Nassau Heart Association,

C. W. Post College and the Buckley Country Day School. His memberships include the Creek Club, the Princeton Club of New York, and the Beaver Dam Winter Sports Club.

NASSAU COUNTY Probation Director, Louis J. Milone, presents a certificate to Probation Accounts Investigator Lorraine Cullen of PLAINVIEW for successfully completing a

training program for "Support Investigators."

Probation Investigators collect court-ordered monies for family and child support. Like other Probation staff members, they

receive continuous training and education on various issues related to their work.

This course was given by the State Division of Probation in Albany.

On The Campus

Congratulations to Phyllis Anne Gallucci of PLAINVIEW who will be among the 285 candidates for graduation at the baccalaureate and com-

mencement services on Friday, July 29th, at Eastern New Mexico University. Miss Gallucci will receive a bachelor of science degree in anthro-

pology.

Congratulations to Alan B. Cohen of PLAINVIEW who made the Dean's Honor List this spring at Western Reserve College, one of Case Western Reserve University's two undergraduate divisions. Alan lives on Hollywood Drive in PLAINVIEW.

Congratulations to Matthew Berchuck of Central

Park Road in PLAINVIEW, who made the Dean's Honor List this spring at Western Reserve College, of the Case Western Reserve University's two undergraduate divisions.

How To Lose Weight

(From the American Medical Association)

Do you need to lose weight?

If you do, you're not alone. Millions of Americans are totting more pounds than they should. If you're among this number, the American Medical Association has a pamphlet that tells you how to do it.

The only way to take in your belt or slip into that pantsuit again is to eat less and exercise more. But no matter how much you exercise, you can't escape that ultimate activity - saying "No" to big portions and second helpings.

How much should you weigh? There's no exact figure. Each of us is different. But there are some averages that will help you arrive at your proper poundage, give or take 5 to 10 pounds.

Calories are units of energy found in food. If you eat more calories than your body can use in its normal, daily activity, the excess is stored as fat. Most people leading moderately active lives need 15 calories per pound to maintain their desired weight. For instance - if your desired weight is 150 pounds - 150 x 15 equals 2,250.

If you're overweight, you'll have to cut down on your calorie intake, but not necessarily on the amount of food. Just eat more low-calorie foods and shun the gravies, creamed dishes, rich desserts, fried entrees and alcoholic drinks.

There are approximately 3,500 calories in each pound of stored fat. To lose one pound per week, consume 500 fewer calories each day than if you already were at your desired weight. For instance - if your desired weight is 150 pounds and is maintained by consuming 2,250 calories a day, cut down to 1,750. To lose two pounds a week, cut down to 1,250 calories a day. It usually is unwise to try to lose more than two pounds per week.

If you are more than 10 pounds overweight, see your doctor before launching a do-it-yourself diet.

You are more likely to stick to your diet if you balance and vary your menus, selecting from the four broad categories of: Milk Group (milk and cheese); Meat Group (beef, veal, lamb, pork, poultry, eggs and fish); Vegetable-Fruit Group, and Bread-Cereal Group. You also need butter, margarine, fats or oils, but in moderation.

Exercise while dieting helps tone up the muscles and tissues and helps burn stored calories. If you want to go to a salon or gym, go ahead but beware of over-exertion. Or you can exercise at home. Crash diets aren't much use. You can take off pounds, but the diet is usually so bizarre that you cannot stay on it the rest of your life, and those pounds will creep back.

The AMA recommendations for losing weight are contained in a pamphlet prepared by the AMA's Department of Foods and Nutrition.

Mid Year Report

Hempstead Bank reported today a reduction in earnings for the first six months of 1977. Income Before Security Transactions was \$760,897, or \$7.76 per share, as compared to \$1,106,412, or \$1.11 per share, reported for the same half year period of 1976. Net Income, which includes the after tax effect of security transactions, amounted to \$756,936, or \$7.66 per share, for the first half year of 1977, as against \$1,238,071, or \$1.24 per share, for the like period the year earlier.

Lower levels of interest rates in the loan and money markets, absence of higher yielding state and municipal obligations, a continuing slack in loan demand, redirection of investment emphasis from tax exempt to lower yielding U.S. Treasury securities, and increased provision for income taxes and loan loss reserve were all significant factors in the diminished operating results.

Deposits, although approximately at the same level of dollar volume (in excess of \$182 million) on June 30th this year and last, have continued a positive growth pattern, particularly in the demand category, as evidenced by an increase of 6 per cent in the six months' average daily balances.

Elected DAV President

The Department of New York D.A.V. has just concluded its annual state convention in Stevensville, Swan Lake, New York. The D.A.V. in New York State has 45,000 members and has elected Julius Wagman of West Hempstead its State Commander.

Mr. Wagman is a leg amputee as a result of wounds received during World War II during the Battle of the Bulge. He has worked as a Certified Public Accountant since graduation from City College. He and his wife Gloria have two sons - Larry, a third year medical student at

Columbia University College of Physicians and Surgeons, and Bruce, a sophomore at Cornell University.

He was Senior Vice Commander of the Department of New York. In prior years he has served the Department as Committee Chairman, Chaplain, and then through the chairs of Junior Vice Commanderships to his present position.

Mr. Wagman has held virtually every Chapter office in the National Amputation Chapter No. 76, including Commander. He is also Chapter Adjutant, an office which he has held for many years.

The high regard in which he is held is demonstrated by his having been a recipient of the "Amp-of-The-Year" Award in 1974. In further recognition of his many years of devoted service, the Department of New York named him its Outstanding Disabled American Veteran for 1972-1973.

Mr. Wagman is Past President and Treasurer of the National Amputation Foundation, an organization founded for the purpose of providing for the rehabilitation and welfare of the disabled amputee veteran.

County Conservation Project

Nassau's Bureau of Energy Resources will shortly embark on a year-long conservation project which has a multi-benefit goal, County Executive Ralph G. Caso announced today.

The plan, approved as a Special Project under Title VI of the U.S. Comprehensive Employment and Training Act (CETA), will save fuel and energy, will aid handicapped and elderly people financially, will provide employment for jobless people and will give them training and experience useful to private industry.

"In-home energy use surveys will be conducted for senior citizens and handicapped people of limited income," Caso said. "We expect in the 12 month duration of this project at least 9,000 homes will be visited to check the efficiency of energy-using equipment and make recommendations."

"It is expected the work can begin Aug. 15 with a budget of just over

\$100,000. We feel the benefits of use of these federal funds will be lasting and widespread."

Under terms of the project, the Bureau of Energy Resources of the Nassau Department of General Services will supervise the activities. Ten unemployed people will be hired with CETA Title VI funds. They would be people with background in heating systems, carpentry or metal work.

They will undergo training in residential energy conservation principles, heating and cooling systems, energy audits, practical conservation skills, and follow-through. The workers will then go to the homes of senior citizens or handicapped people, selected from application, to conduct their survey.

They will inspect heating systems, test combustion efficiency, make needed adjustments, reset aquastats, drain hot water heaters of sediment, install hot water flow regulators, recommend

energy-conserving alterations, inspect attic ventilation, give advice on electric appliance management, and take other minor action where necessary.

These efforts will expectably reduce home heating and electric bills, which will, in turn, mean financial savings for homeowners as well as give them more comfortable home lives.

Ninety days after the conservation visit, power and fuel usage and savings will be determined by comparison with costs in prior years.

"Certified, long-term unemployed people will be hired for these jobs, giving them immediate work, some training and on-the-job experience," Caso said. "At the end of the projects, these people will then be able to go into the private sector job market with established skills."

"It should also reduce use of fuel and power, which is critical to our nation's future."

March Of Dimes Benefit Rally

"It's not for charity, it's for children," is the rallying cry of the exciting new March of Dimes fund raiser which will kick-off at 9 a.m. on Sunday, September 11, from the Bald Hill Ski Bowl (exit 53, L.I.E.) in Farmingville. This Auto Rally is sponsored by the Nassau, Suffolk Chapters of the March of Dimes and the MG Car Club-Long Island Center.

"I'm urging everyone with wheels to join me," says Janet Guthrie, honorary chairman of the event and nationally recognized for being the first woman to enter the Indianapolis 500.

Participants will be demonstrating driving and navigating skills as they follow along a pre-

planned Rally route, according to directions and passing secret, undisclosed checkpoints.

A gala "Après Rally" is planned, including free supper for all. Trophies and prizes will be awarded to winning teams of driver and navigator.

Each car will include a two-member team - driver and navigator, each of whom will be backed by a minimum of 50 dollars of sponsor donations. Interested in "Rallying" against birth defects? There is a 200 car limit, so call Janet Guthrie at the March of Dimes now, at 741-4045 or write, March of Dimes, 366 Jericho Turnpike, Mineola, N.Y. 11501.

YSTER BAY'S ECONOMY GEAR: Oyster Bay Town Supervisor Joseph Colby and Town Budget Officer Stephen McDonough, left, take advantage of the hood of a 1977 Hornet to

examine the computer print-out which reflects the purchase of this official Town vehicle as a significant economy move. As the Town finds it necessary to phase-out the more aging in its official business car pool, such auto-

mobiles as this American Motors model will become their replacements, representing a singular purchase savings of \$600 and additional savings due to a largely increased MPG (miles per gallon).

Bluegrass Music Festival

A foot-stomping Bluegrass Music Festival, featuring four popular groups, will be the Aug. 6 "Saturday Night Special" sponsored by the Nassau County Department of Recreation and Parks.

The place is the Lakeside Theatre in Eisenhower Park, East Meadow, and curtain time is 8:30 p.m.

From Wilmington, Delaware, Ted Lundy, Bob Paisley and the Southern Mountain Boys, a group with roots in Virginia and North Carolina, will bring their traditional-style music to Long Island fans. Among their credits are performances for President Carter's Inauguration and a

reception for England's Princess Anne.

Jay & Lyn, a Yonkers husband and wife duo (the surname is Ungar) specialize in old-time and bluegrass fiddling, mandolin and country singing.

One of Bergen County, New Jersey's most colorful bands, Urban Swampgrass, plays old-time, jug band and contemporary music as well as bluegrass, and features performances on a dulcimer.

Rounding out the evening is an all-teenage band called Bluegrass Buddies, which includes members of the Southern Mountain Boys, and has been featured in a TV special.

The public is invited at no charge. Folding blankets and chairs are suggested for comfort. If the weather is doubtful, call 292-4175 for verification of performance. For further details, call 292-4121.

Old Chevies

Old Chevies will be rolling into Eisenhower Park for the Long Island Chevy Car Show scheduled for Sunday, August 7 beginning 9 a.m. (Rain date August 14).

Vintage 1955, 56 and 57 models will be on display near parking field No. 1 throughout the day. The event is conducted by the Long Island Chevy Owners Association with the cooperation of the Nassau County Department of Recreation and Parks.

Barber Shop Harmony

The very popular Nassau Mid-Island Chapter of the Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America, Inc. (S.P.E.B.S.Q.S.A.) has been again scheduled to perform in a series of summer community concerts in Nassau County in August. The dates are:

August 4th - In Long Beach on the Boardwalk at Neptune Avenue. Sponsored by the City of Long Beach. Starts at 8:30 P.M.

August 15th - Rath Park, Franklin Square, at 8:15 P.M.

August 19th - Town Park, Malibu, at Point Lookout, at 8:15 P.M.

August 27th - Town Park at Sands Beach, Lido Beach, at 8:15 P.M.

Carl Abendroth, President of the chapter, announced that, except as indicated, the concerts are under the sponsorship of the Town of Hempstead and are free to the public. He urged a banner turnout for the performances, which he promises will be most enjoyable for everyone. Included in the programs to be given by the "Chorus of the Mid-Islanders," are some nostalgic songs from their recent highly successful two-day annual show, honoring the world renowned Irving Berlin as "Mister Music," Abendroth added.

The chorus meets every Tuesday evening at 8:30 P.M. at the K of C Hall, 164 Post Avenue, Westbury.

ON THE CAMPUS (Continued from Page 12)

Jeffrey R. Kornreich of Toni Court in PLAINVIEW, who made the Dean's Honor List this spring at Western Reserve College, one of Case Western Reserve University's two undergraduate divisions.

Congratulations to Deborah Rau, of Acre Lane in HICKSVILLE, who was among young men and women who visited the University of Wisconsin-Madison recently to begin registration for studies starting with the opening

of fall semester classes Sept. 6.

The young people took advantage of the University's Summer Orientation Advising Program for new freshmen and transfer students. Under this program, students-to-be visit the campus for at least a

day, often with one or both parents, arrange for housing, take placement tests, meet student leaders and

faculty persons, and begin the registration process. Deborah plans to major in physical therapy.

In Summer Training Program

Thomas M. Joyce, son of Mr. and Mrs. James F. Joyce of Robert St. in Old Bethpage, is participating in the U.S. Naval Academy's summer training program.

He is a midshipman second class at the Academy and is scheduled to graduate and be commissioned in 1979.

The summer program is designed to provide students with practical experience to supplement academic classroom studies. Midshipmen have a one-month vacation, then devote two-

thirds of the summer to the Academy's education and training curriculum.

The three-week period at Annapolis will include a course on public speaking and two weeks of naval science.

He will then make one-week orientation visits to the Naval Air Station in Pensacola, Fla.; the Marine Corps Education and Development Command, Quantico, Va.; the Naval Submarine Base in Groton, Conn. and the Surface Warfare School in Newport, R.I.

Cut your current Federal income tax...

and have more money for your retirement, too.

If you're working and not covered by a pension program, there may be a tax-deferred way for you to build your own retirement fund.

With a Metropolitan Individual Retirement Annuity, you can defer Federal income taxes each year on up to 15% of your earned income or \$1,500, whichever is less, by putting this income to work to set up your own retirement plan.

Think about that! If you qualify, you can purchase your own retirement annuity with money you deduct on your income tax return. You won't be subject to tax on this money and the earnings on it until years from now after retirement, when your tax bracket probably will be lower. And if you qualify, Metropolitan can even make contributions to the plan for you if you should become totally disabled.

So if you're not scheduled to get a pension, call me and we'll arrange one.

News Of The Knights

By Jim Carroll

Saturday afternoon, July 16, the Joseph Barry Council Knights of Columbus sponsored a farewell spaghetti and meatballs dinner for representatives of the Hicksville American Soccer Association who were leaving for a tour of Germany.

Two soccer teams sponsored by The K of C and The GOP were in attendance as were their parents and friends. Approximately 100 were on hand to hear Grand Knight Ryan wish the teams well as they venture to Germany as little ambassadors.

Nassau County executive Ralph Caso also wished them well and on behalf of Nassau County presented each boy with a paper weight memento, emblematic of Nassau people for them to present to their counterparts in Germany. He also presented citations for this occasion praising The Knights for their interest in youth and community. After his speech the soccer teams presented Executive Caso with a team shirt identical to the ones they will be wearing in Germany. At this point Mr. Caso returned to the podium and introduced his son who was home from his special school upstate.

Mr. Caso then presented his shirt to his son who was beaming and proud to be a part of the festivities.

Councilman Tom Clark was also present and wished the teams and parents the best of traveling and success in Germany.

The festivities concluded with Peter Collins presenting team shirts to Grand Knight Ryan and Deputy Grand Knight Carroll.

The teams will be gone for two weeks and when they return I am sure we will have plenty to report.

LOCAL RESIDENTS who are in the Nassau Association For The Help of Retarded Children's Occupational Day Program participated in the Arts Festival which was sponsored by Adelphi University in Garden City during May. The AHRC students demonstrated artistic and creative activities. From the Festival, four participants from AHRC were chosen for an all New York State Special Arts Festival held in Albany.

Shown in the photo are AHRC Printing teacher Charles Hecht a resident of Plainview and students Cathy Lares (center) and Lanel Jakabie both of East Meadow.
