To Honor Volunteers

Adult volunteers and teenage candy strippers will be honored for service to the community and to Mid-Island Hospital at an Award Ceremony on Monday, October 3rd, at 7:30 P.M. in the staff room. The Award Night is the hospital's way of saying "Thank You."

Certificates, pins and service bars, indicating the number of hours of volunteering will be presented.

Especially chosen for top honors are volunteers Dora Macchia and Diane Boro. Both

have been described by the staff as conscientious, personable and interested in giving of themselves to those less fortunate. They provide the "extra-niceties" in patient care and service.

The outstanding volunteers are Louise Rost, Anne Marie O'Grady, Barbara Heines and Pamela Uhl. Each of these volunteers have given a great deal of their time and energy helping patients and assisting the staff with non specific details, which then help to free hospital (Continued on Page 24)

Rotary Scholarship

On August 18th, the Rotary Club of Hicksville held its annual Scholarship Awards.

Each year, coordinating its program with the guidance counselors of Hicksville, Jericho and Holy Trinity High Schools, the club awards four year scholarships of \$150.00 a year to deserving graduates. This year's recipients were: Batty Matera, Mary Flaig, Joy D'Aversa, Karen Dwyer, Joann Weber, Eileen Nelson, Carolyn Reed, Lori Lee Tendler, Edward Bossing, Cathy Sheredos, Irene Levy, James Powers, and Keith B. Hayes.

The last four named are 1977 graduates and are entering their freshman year in college. The first nine are former graduates now attending college and receiving this year's grants. Pictured above are nine of the recipients who attended the meeting to accept their awards in person.

The Rotary Club of Hicksville is deeply committed to the futures of the youth in its area. The Scholarship Awards, which have been the mainstay of the Club for many years, is its way of fulfilling this commitment.

Soccer Teams In Germany

The United States returns from Germany undefeated after two weeks and seven matches.

The Hicksville Americans Soccer Club traveled to Germany with two teams of sixteen players, each to learn the game of soccer, only to find out they were the teachers.

It all started five years ago when a group of soccer men got together to form a club. Today this club has 1,300 members boys and girls included. They are all learning the ins and outs of this foreign game.

In June of 1976, the Hicksville Americans hosted a Bicentennial Tournament in which sixty-four teams participated. There were two teams from Canada, two from Germany, Sweden, and Mexico. The foreign boys ranged in age from ten to fourteen. The invited guest were billeted in Hicksville with players their own age. It was a fantastic educational experience for the children of this community. The tournament brought the Hicksville Americans invitations to visit with their guests in their homelands in the following year.

A meeting was held in September of 1976 and a decision was made that two twelve year old teams would go to Germany for two weeks in July 1977.

On July 18th 1977 the two teams left for the city of Gladbeck in the Ruhr Valley. This area is known throughout the world as a soccer haven. The clubs in this area produce most of the players for the German World Cup Teams.

When it comes to playing soccer, the boys from Hicksville, listened and did their homework very well, listened and did their homework very well. The Knights of Columbus-Joseph Barry Council sponsored team, coached by Mr. Bill Cresham was undefeated in their five tournament matches. They compiled a record that any NASL team including the Cosmos would be proud to boast about. They won 4 and tied 1 game. They scored 16 goals and allowed only 4 into their net. The second team sponsored by the GOP coached by Mr. Imre Tandy, was not as lucky win wise but played fantastic soccer throughout the tournament, competing against some teams that were older.

During their stay the boys were housed with their newly adopted parents. The boys truly enjoyed themselves. This type of educational experience allowed these boys to move one giant step forward to their goal of becoming men.

Covered-Dish Supper

Tired of cooking on Sunday? Then come to the "Covered Dish" buffet being held by the Charles Wagner Unit No. 421 on Sunday, October 2nd from 2 to 5 P.M. at the Legion Club House, 24 East Nicholas Street. Cost is \$3.00 for Adults, \$2.50 for Senior Citizens and \$1.25 for children under 12 years of age.

"You'll meet many of your friends there, so, come on down," urged a spokesperson for this event.

Before leaving this area the club officials had a meeting with the German officials. At this meeting the German leaders agreed that we have progressed with giant steps in the world of soccer. One of the Hicksville officials was heard saying "We will return to Germany in 1986 to play the finals in the World Cup."

During their stay in Gladbeck, the U. S. group was given the red carpet treatment. It all started with a reception with the "Burgemeister" of Gladbeck, Lord Mayor Benz. At this reception there was exchanging of gifts. One of the gifts presented was a replica of the Luna Module, which was given to the U. S. group by Grumman Aerospace Corporation of Bethpage, Long Island.

The Grumman Corporation has been extremely generous to the Hicksville Americans. They have donated three soccer fields on the Grumman property for our children to play on. There were plaques and proclamations from Nassau County Executive, Ralph Caso and, from Supervisor, Joseph Colby of the Town of Oyster Bay. All the gifts were very warmly received.

On the eighth day the second leg of their trip began. On departing from Gladbeck the boys presented a rose to their foster mother as a token of their thanks.

A five hour bus trip brought them to a small town outside of Bruchsal called Unterwiesheim. Klaus Braumeister, President of Unterwiesheim Club accompanied the group on their bus ride to his home village.

This last week was very relaxful. There were two games played. Klaus the leader was a very jolly person who repeated many times to the Americans "Don't worry let's have a good time." The Americans certainly did enjoy every minute in Unterwiesheim.

The village was very different from the city of Gladbeck. Gladbeck being typical suburbia, while Unterwiesheim being typical farm country. There were trips through the Black Forest and visits to four hundred year old homes. Castles were also on the menu. A tour through the great Heidelberg Castle was extremely note worthy. A boat ride on the Neckar. As a special treat the Unterwiesheim Club treated the Americans to a picnic German style. They served roast pig to homemade franks and good old coke-cola.

After five games in Gladbeck the two games in Unterwiesheim were delightful for the Hicksville boys. Both teams won their matches.

Energy Expo '77

Mid-Island Shopping Plaza in Hicksville will host a preview of Energy Expo '77 with an exhibit of solar collectors, insulation, boilers, attic ventilators, and related products from Friday, September 16, thru Sunday, September 25 from 10:00 a.m. to closing. The Bureau of Energy Resources Econovan will test automobiles for gasoline economy in the Mid-Island parking lot throughout the Mini Energy Expo.

Most of the exhibits will be in the central mall, and several will be on the adjacent parking field. The special solar energy van will demonstrate a complete system.

The victory was a small part of what it was all about. It was just a small token. It is nice to win but it is hoped that the boys gained more educationally than anything else.

In the years to come we will see the results as we watch these thirty-two boys grow into fine adults who will then teach the next generation the values in life that have reflected from us.

An excerpt from a long, enthusiastic letter of one adult member of this trip states: "The magic of being in this enchanting place is indescribable. It effects one like a fairytale and give visions of depth that in another setting could be trite. The intermingling of various types and personalities is unbelievable. It overwhelms you. These days here are like a fantasy."

When one first arrives one is cynical because of uncertainty. Until you become completely involved in this atmosphere of human relationships with soccer as its base and become part of the whole picture, one might feel uncomfortable, but the warmth of our hosts and their sincere offer of friendship casts a spell. One only clings to one's colleagues to share mutual delight. All sense of aggressive nationalism is lost through the endeavors of ourselves and others to overcome any language barriers. This is Gladbeck in the Ruhr Valley.

The boys are seen at soccer games and do their best at the sport. They seem quite comfortable with their German peers and hosts. People are invited into the homes where their sons are staying and are again overwhelmed at how these people feel more like substitute parents. You meet and talk to them with the help of the six out of sixty of us who can interpret only to a point the love these people have for their temporary wards. The rest is written on the faces of our German hosts and much more is communicated in their eyes, hearty laughs and smiles."

Garage Sale

The Hicksville Youth Council is sponsoring a Garage Sale on Tuesday and Wednesday, September 20th and 21st. There's plenty of good merchandise. Everything must go!

Come on down to 181 W. Old Country Road, Hicksville between 11 AM and 5 PM.

The full energy exposition, featuring more than 50 exhibits on the latest in energy technology and devices will be held later this month under the joint sponsorship of Nassau County and C. W. Post College.

The mini-preview event points up Mid-Island Plaza's increasing role as a major focal point for key community-related services to the greater Long Island area. This is further enhanced by Mid-Island's current renovation and expansion program now underway to create an exciting new fashion mall with an international "Islands of the World" theme.

Social Services To Be Computerized

The Nassau County Department of Social Services has received a grant of \$21,500 in federal funds to computerize their information, resource, and referral service, according to Commissioner Joseph A. D'Elia.

The IRRS function is mandated under Title XX of the Social Security Act for all residents of Nassau County, without regard to income. Through IRRS, people who have problems are linked with appropriate community resources—public and private—able to offer solutions.

The grant, from the U.S. Department of Health, Education, and Welfare through Public Technology, Inc. of Washington, permits Nassau County to subcontract with the Nassau County Health and Welfare Council for coordination of data relating to the delivery of

all human services throughout the County.

Announcing the grant, which calls for no County funds, D'Elia said, "This is further recognition of Nassau's leadership role in responding to the multiple human services needs of our citizens."

The Social Service IRRS unit, located in the Mineola Administration Building, receives over 5,000 telephone inquiries monthly. In addition, over 1,000 inquiries come by mail, or from "walk-ins" in the Social Services building.

Staff members respond to inquiries relating to financial problems, health matters, housing, employment, family counseling, legal needs, job training, education, and transportation, amid a wide range of subjects.

D'Elia said the subcontract

with Health and Welfare will provide an important information tool. "Not only will our staff be able to assist people quicker, and more efficiently, we will have the ability to document follow-up action by the agencies providing direct service."

In the Title XX Comprehensive Service Plan, which all local districts are required to submit annually to the New York State Department of Social Services, Commissioner D'Elia estimates some 70,000 Nassau County residents will be serviced by the IRRS staff during the coming year.

The Social Services "hotline-for-help" is 535-4817. Commissioner D'Elia emphasizes any Nassau County resident is eligible to use the referral service.

INSPECTION TOUR: Oyster Bay Town Supervisor Joseph Colby points to blueprints of the Black Clawson Solid Waste Recycling Plant currently under construction for the Town of Hempstead. The Supervisor and Town Councilmen toured the facility and received a detailed explanation of its operations and capabilities as part of ongoing negotiations between the two Towns. The possibility of 39 to 40 per cent of Oyster Bay's refuse being shipped to the Black Clawson plant for recycling, for at least a five year period, is currently under serious consideration. Involved in the tour are (from left) Oyster Bay Town Councilmen Kenneth S. Diamond, Howard T. Hogan, Jr., Joseph J. Saladino, Supervisor Colby and Councilmen Salvatore R. Mosca and Gregory W. Carman.

Dems To Convene

The Nassau Democratic County Committee will meet in convention on Monday evening, September 19, at 7:30 P.M. at the Crest Hollow Country Club on Jericho Turnpike in Woodbury. County Committee members will be called upon to elect county officers, adopt By-laws and consider proposed amendments as well as adopt a County Platform.

Incumbent County Chairman Stanley Hardwood, first elected to office in 1973, will be candidate for another term. Three County Vice Chairpersons, a Secretary and a Treasurer will also be elected.

"We intend to turn the County Convention into a giant post primary victory rally," said County Chairman Hardwood, "and spur all of our candidates on for victory on November 8th. I am confident that in the weeks to come they will be going to the voters with sound programs."

Religious holidays and other planned political events, as well as a desire expressed by many

people, to get over the preliminaries and get to the general election campaign quickly, all made September 19th the only logical date for the convention according to Mr. Hardwood.

It is expected that the County convention will also serve as a vehicle to heal any wounds that may remain after the County Executive primary. With the likelihood that all three Republicans seeking their party's nomination for County Executive will be on the ballot in November, the Democrats are determined to regain the County Executive office lost to them after Eugene H. Nickerson retired in 1970 at the end of his third term.

"1977 is the year of the Nassau Democrats and we will be working and campaigning not only for the election of the 'dream ticket' of Landes, Dillion and Yevoli but also to elect Democrats to the three town boards as well as add to the number of Democratic super-

visors," concluded party chairman Hardwood.

Antique Car Show

Approximately 100 antique cars dating back to 1900 will have their autumn showing at Old Westbury Gardens on Sunday, September 25th, from 10 a.m. to 4 p.m.

The event is sponsored by the Greater New York Region of Antique Automobile Clubs of America. Mr. Frank Stepanak is president of the club.

Visitors will have a chance to see vintage cars such as Model T Fords, Dusenberg, Franklin, Packards, and Pierce-Arrows.

Old Westbury Gardens is located on Old Westbury Road, between Jericho Turnpike and the Long Island Expressway in Old Westbury, New York. Admission to Gardens, adults \$1.50; Children 6-12 50c.

Additional admission to Westbury House, \$1.50 for adults, \$1.00 for children 6-12.

Family Fun At County Fair

Clowns, rides, games, outer space exhibits, live music and an array of homemade crafts and food will all be featured at the County Fair to be held on the Brookville campus of the Association for the Help of Retarded Children on Sunday, September 25th. Rain date is the following Sunday, October 2nd.

Admission is free to the event which starts at 11 a.m. and runs until 6 p.m., however, there is a \$1.00 parking charge per car. The parking field for the fair is located at C. W. Post College at the Northern Boulevard entrance marked for AHRC Country Fair parking. Free shuttle buses will take fair-goers for the 5 minute ride to the fair site.

Hundreds of AHRC volunteers from auxiliaries throughout Nassau County will be manning bargain tables of crafts, food items, boutique gifts, plants and books as well as game booths. Other organizations from the community are also participating in the AHRC Country Fair. The American Legion Forty & Eight train engine along with legion-

naires dressed in clown costumes will be on hand to help entertain the children. A puppet show at 1 p.m. will be staged by the Nassau County Department of Parks and Recreation. There will be a one hour live music show beginning at 3:30 p.m. which will be provided by the Jazz Ensemble of the 152nd Air Force Band, New York National Guard. The LEM from the Grumman lunar module will displayed throughout the day along with a spaceman from Grumman dressed for outer space exploration. The youngest set is not being overlooked during this family fun day. The AHRC YOUTH will be supplying baby-sitting services at a special rate.

In inviting the general public to attend, Mary Anne Murphy who is serving as chairman of the County Fair emphasized that the event, in addition to being a fun day for the whole family, provides the public an opportunity to visit the AHRC campus which has a national reputation for the high quality of its programs for the retarded.

Ice Skating

With the re-opening of the Nassau County Arena in Long Beach at the end of September, Nassau skaters and their guests can try their figure 8's at either of the two indoor ice rinks operated by the County's Department of Recreation and Parks. The other

is the Cantiague Park rink in Hicksville, where skaters have been enjoying themselves and cooling off all summer.

For further information, call the Nassau County Arena at 431-6501 or Cantiague at 935-3501.

OFF THE ICE, ONTO THE TURF is N.Y. Islanders Hockey Star, Bob Nystrom of Westbury, who scored additional points with the Nassau County March of Dimes when he and team members played a benefit softball game against editors of the National Lampoon Magazine. Pictured at home plate with Bob, who was also this year's SUPER WALK Chairman, is 3-year old shortstop Mark Kopper of Valley Stream, Nassau March of Dimes' Poster Child. The game held recently at the MERRICK ROAD PARK IN MERRICK, drew cheering fans who came out to see some very special people helping to "strike out" birth defects. Always winners with the March of Dimes, The Islanders went on to sweep the double-header while raising much-needed funds, proving they're certainly at "home" at any sport.

Town Continues Search For System

Engineering Corporations from as distant as Des Plaines, Ill., and as close as Bethpage, sent representatives to an informational conference held to provide more details to companies interested in submitting a proposal to the Town of Oyster Bay for inclusion of a resource or energy recovery system in the Town's solid waste management program.

Supervisor Joseph Colby said he was very "encouraged" by the amount of interest shown by engineers in the Town's Request for Qualifications (RFQ), a formal method of advertising for proposals that the Town can consider in searching for a system that can meet its needs.

"Since advertising our RFQ," Colby said, "more than 30 corporations have received copies of the booklet spelling out what the Town is looking for. The pre-submittal conference held in Town Hall last week was called to answer any questions these companies may have had before they could submit their proposals." The proposals of the corporations must be returned to the Town by September 19, 1977.

The proposals not only allow the Town to begin a review process of the system and the qualifications of the corporation, but precommits the corporation to the proposal which, if considered feasible, will be the basis for the Town preparation of bids

for such a system.

"At the pre-submittal conference, almost a dozen corporations were represented," Colby said. "They expressed a sincere interest and I felt very encouraged because I believe it means we will have a good variety of proposals presented to us for examination."

When the proposals are opened on Sept. 19, they will be turned over to the Town engineers and the Citizens Solid Waste Committee, which was formed by the Town's Environmental Control Commission at Supervisor Colby's request, to review the recovery systems and provide a recommendation to the Town.

Corporations represented at the pre-submittal conference were: Scientific Energy and Recycling, Lincoln Pk., New Jersey; Raytheon Service Company, Burlington, Mass.; Combustion Equipment Association, Inc., New York; West Hills Silica Sand Mining Corp., Melville; Stone and Webster Engineering Corp., New York; UOP Inc. - Envir. Systems Group, Des Plaines, Ill.; Krupp International, Inc., Harrison, New York; Grumman Ecosystems Corp., Bethpage; Widner & Ernst, New York; Narsen Construction, Amityville; Smith and Mahoney, Albany; and Universal Engineering Corp., Montclair, N.J.

Hillwood Commons on Post's Brookville campus. Hours are from noon to 8 p.m. each day. Admission is free.

Assisting with the program will be Dr. Paul Kramer head of the physics department at Post and a consultant to the Federal Energy Research and Development Administration.

Exhibits will include electric cars, solar devices, wind generators and many other advanced energy-related techniques. There will also be seminars, lectures, films and demonstrations.

Solar Energy Training

Mr. Harry Cressman who teaches in Hicksville Public School District participated during July in an intensive training in solar energy at the State University at Albany. The program was presented by the Atmospheric Sciences Research Center in conjunction with the Energy Research and Development Administration, Washington, D.C., and the New York State Education Department.

Eighty teachers from around New York State were selected to

participate in the Solar Energy Education Institute this summer and during the coming school year. Each teacher prepared teaching materials they will use in their classrooms and which will eventually become part of a package of materials on solar energy that will be distributed to schools around the United States.

All participants will reconvene during the year to share ideas and refine their materials in preparation for them sharing the materials with other teachers in their localities.

The demonstration at The Roslyn Savings Bank, located at 8081 Jericho Turnpike between South Woods Road and Woodbury Road, will begin promptly at 9:30 a.m. Seating is limited so phone 367-9100 for reservations. Persons attending the program, for which there is no charge, will have an opportunity to taste the dishes prepared and will receive copies of the recipes used.

A \$100 roll of five dollar bills replaced the traditional ribbon-cutting when Citibank recently celebrated the grand opening of its Hicksville Branch at 523 North Broadway. The new branch features the Citicard Banking Center, a 24-hour banking facility -- a first for Nassau County -- which permits customers to do their banking at their own convenience. Pictured at the grand opening with radio tv star Ray Heatherton, who served as

master-of-ceremonies, are Citibank officials (left to right) William Heron, vice president and Long Island Regional Business Manager, Frederick Williams, Hicksville Branch Manager, and George Baker, vice president and Area director.

Youngsters looking on are Himanshu Desai, 7, Jericho, and Marge Marelli, 8, Hicksville. The roll of five-dollar bills was the first of several donations made to the Hicksville Volunteer Fire Department by Citibank.

Peter H. Fiorillo, 12 Cornell Ave., HICKSVILLE, has been elected an assistant secretary in Manufacturers Hanover Trust's Main Office Loan Department.

Mr. Fiorillo came to the bank in 1960 as a proof clerk in the International Department. He was assigned to the 350 Park Avenue Office in 1966 as a loan teller and elected an assistant manager in 1970. A native New Yorker, he is a graduate of the American Institute of Banking.

Fire Report

By Ex-capt. Owen Magee

During the period Sept. 6 thru Sept. 11 Hicksville Firefighters responded to 21 alarms. There were 3 false alarms, 3 fire calls and 15 rescue calls.

A split level house at 14 Gate Ct. was damaged by fire on Sunday Sept. 11. The 5:22 P.M. alarm was believed to have been caused by an unattended electric bar-b-q starter in the garage. One occupant was taken to Central General Hospital via fire dept. ambulance for treatment for shock. 75 vamps responded under Asst. Chief William Ferber. A section of the attached garage and a small auto suffered damage. Firefighters kept the fire from the living quarters, but there was some smoke damage.

Labor Day - Follow Up

The 49th Annual Labor Day Parade was a big one. There 1,795 vamps, 124 Ladies Aux Members, 230 pieces of apparatus and 1,181 musicians.

Fire Zone - NO PARKING

Hicksville vamps are having some problems getting in and out of their headquarters on E. Marie St. The problem is people are

ignoring no stopping signs and special yellow marked zones opposite the fire house. Most violators are either movie goers or people dropping off lawn mowers at the repair shop opposite headquarters. Many times vamps run an obstacle course pulling in and out of the area which is causing a delay in response to fire and rescue calls. The county police are issuing tickets.

The vamps don't want visitors to get burnt but either they get burnt or someone else is really going to get burnt. For the first time in years vamps now have ample parking along side fire headquarters, but at night movie goers are filling it up. Hard to remove warning stickers are being issued and the next step may be a tow away.

Please, if you must park, use the two nearby parking fields supplied by the Town. There is room for all there. By blocking fire zone areas, apparatus is forced to back up and 75% of apparatus accidents are caused backing up, plus vamps are responding in from all directions and someone may get hit. Keep the fire zones clear at all times. Your cooperation will be most appreciated. Pass the word to your neighbors. The time you save us - could help us save a life.

Dog Show

Cantiague Park in Hicksville will be the scene of a Newfoundland Dog Show on Sunday, Sept. 18 (raindate, Sept. 25), beginning at 10 a.m.

Spectators are welcome but participation is limited to members of the Newfoundland Club of Long Island.

Spring Flowering Bulbs

The Hicksville Public Library, in conjunction with the Hicksville Garden Club, will feature a program, "Spring Flowering Bulbs", on Monday, September 19th at 1 P.M. at the Library, Jerusalem Ave., Hicksville. The program will be presented by the Nassau County Cooperative Extension, Mr. John Savage, Extension Agent, will be the Speaker.

A short business meeting will follow. Refreshments will be served. Everyone is welcome.

Parents To Be Liable For Children's Vandalism

Parents will be held liable for up to \$1,000 in damages for the intentional vandalism on public property done by their children, under the provisions of a new law effective October 1.

Senator Owen Johnson (R-4, Suffolk Nassau) commented: "Previously, the amount of liability was \$500. On my January questionnaire, I asked if this amount should be doubled. The tabulated results showed 85.9 percent answered 'yes' to the question, 10.1 percent said 'no,' and 4.0 percent were undecided. As a result, I actively sought passage of the legislation doubling the financial liability of parents in an effort to help deter the increasing rate of vandalism."

As children are returning to school this week, parents should remind students that vandalism does carry a penalty. Often, parents and students are unaware of any liability and assume the taxpayers in general will bear the cost of repairs. This

is simply not so. Indeed, as of October 1, the parental liability will be doubled to \$1,000.

"School property is all too often the object of youthful vandalism and I'm hopeful that if we educate both the parents and students alike as to the financial restitution necessary for such acts, vandalism will decrease," the West Babylon State Lawmaker explained.

Another facet of the parental liability law changed by this year's legislation is the elimination of the loophole which was used by many parents - that they exercised "due diligence" in supervising their children. This will no longer be an acceptable defense in a civil court action brought about as a result of a vandalism charge.

"It's a good law and one I hope will be uniformly and firmly enforced throughout the state. Responsibility to the community and discipline should begin in the home, and it's about time some parents learn that basic rule," Senator Johnson added.

Two of Kennedy High School students are hard at work on HART's production of Peter Coke's three act farce "Breath of Spring."

Alison Drotman, a drama student of The Syosset Woodbury Parks and Usdan will appear as the ex-convict maid, Lily Thompson. She displays an excellent ability in comic timing and interpretation. Her performance is extremely professional and a high point in the show. Her next appearance with HART will be a dramatic lead in "The Children's Hour", where Alison will have a chance to display her dramatic abilities.

Kim Rubinstein, a recent graduate of Kennedy High is assistant director for the three act farce and displays an unusual insight in character development as was beautifully displayed in HART's production of "The Gingerbread Lady".

Kim will also appear with Alison in "Children's Hour" as the timid Rosalie. "Breath of Spring" opens September 15 and continues 16, 17, 23 and 24 at 8:30 P.M.

"The Children's Hour" will open in March of '78 at The Hicksville Public Library. Admission is free. Outside donations are greatly appreciated.

TOB Moves Closer To Light Takeover

Oyster Bay Town Supervisor Joseph Colby recently announced a major step toward the implementation of the Town's long range, street lighting modernization program with the authorization to enter into pole attachment agreements with LILCO and New York Telephone Company and authorization of the consulting engineers to proceed with the design phase of

a maintenance contract and preliminary phase of the installation contract.

Under the present arrangement, the Town pays an annual charge of more than \$1.5 million to LILCO for lighting fixtures, power and maintenance for about 19,000 lights on Town roads and public parking fields. Under the new program, the Town will install and maintain its

own lighting fixtures, for which the utilities require a pole attachment agreement, and pay LILCO for the energy consumed.

"The negotiations of the pole attachment agreements with the two utilities were more difficult and prolonged than anticipated," Colby said, "but we were finally able to get them to agree to supplementary language to protect the Town's interests."

Although negotiations for the actual takeover of the lighting system are still underway with LILCO, the consultants will start preparation of contract documents for the design phase of the maintenance contract to avoid any delay and provide a smooth transition after the Town assumes this responsibility.

The consultants will also start on the preliminary phase of the installation contract for the 10-year modernization program. This phase involves the testing and evaluation of various types of lighting fixtures and the selection of a basic lighting system. Schedules for replacements of the existing equipment will also be developed.

"The new lighting system will provide better street lighting at lower energy consumption levels," Colby commented.

Campfire "New Day" Program

Ms. Dinah Shore speaks out for Camp Fire this fall as the national youth organization tells the nation about New Day.

A former Camp Fire girl, Ms. Shore talks to youth and adults about Camp Fire's new approach to meeting the needs of youth today. In radio and television messages, the renowned entertainer, who exemplifies today's successful, talented woman, urges youth-girls and boys-to be part of Camp Fire "the nation's most exciting youth organization," says Ms. Shore. "I was a member of Camp Fire and I know what a difference it can make in your life."

Several years ago, Camp Fire began an evaluation process to

decide whether it should still be in business. The answer, according to Dr. Hester Turner, National Executive Director, was a resounding yes, but with modifications.

"The old program was fine and idealistic," she said, "but it did not fit children from different settings with different problems." The New Day program helps deal with these different settings and problems by allowing local councils to design activities that meet individual needs.

In addition to coed groups, Camp Fire councils may sponsor day care programs, drop-in centers, in fact, anything they feel will reach a larger and more

diversified youth membership, said Dr. Turner.

"Camp Fire is delighted," Dr. Turner announced, "that Dinah Shore will be a national spokesperson for us this year."

Says Ms. Shore, "Camp Fire is shaping tomorrow by helping youth today. Camp Fire knows how to move with the times, reaching out with programs tailored for individual needs. Programs which help put the world in perspective for young people-girls and boys, whether they live in the city or the country-all across the nation."

Endorsed By State Pky PBA

Judge Paul Lawrence has been endorsed by the New York State Parkway Police Benevolent Association for the County Court of Nassau County. Presently serving his seventh year on the bench of Nassau District Court, Judge Lawrence is a candidate for the County Court in the November 8th election. He is the only judicial candidate to be endorsed by the State Parkway PBA.

"As an administrator and a judge in the District Court of Nassau County, you have distinguished yourself as an outstanding jurist, being both conscientious and fair," wrote Roland J. Russell, PBA president.

"You have never failed to remember that police officers are an integral part of the criminal justice system and must be treated with proper respect as bespeaks their chosen profession. The courtesy and cooperation which you have shown our members is well known throughout the force, and we welcome this opportunity to show our appreciation by expressing our Association's support for you in November."

Judge Lawrence was designated by the GOP for the Nassau County Court bench. He has since been endorsed by the Conservative and Liberal Parties.

Urge Caution

With schools in the county opening last week, the Nassau County Police Department is urging motorists to cooperate in a vital effort to safeguard the lives of school children.

Captain Michael Miglino, commanding officer of the department's Accident Prevention Bureau, said, "I would especially remind drivers that the law requires them to stop when a stopped school bus is taking on or discharging young passengers."

The department annually issues hundreds of summonses for passing stopped school buses, but Miglino pointed out after the act. "We would certainly prefer to have the drivers stop so as to ensure the safety of the children rather than give them tickets for breaking the law," he said.

Miglino added, "Even though there are police officers, school crossing guards and school safety patrols at school crossings, many youngsters cross at unprotected crossings or step into streets from between parked cars. Drivers must think of this, be aware of it and drive at reduced speed to be ready for sudden braking."

Mourn J. Eiseemann Vamp For 56 Years

JOSEPH EISEMANN

By Ex-Capt. O. W. Magee
Hicksville Firefighters mourn

the loss of Ex-Capt. Joseph Eiseemann, 77, who passed away this past week. Joe was a life active member of his Department and Engine Co. No. 2. He served 28 years as company secretary, 20 years as dept. financial secretary and over 30 years as financial secretary of the Benevolent Association.

He was honored as fireman of the year by his fellow members in 1971 and was the honorary chairman of the 1971, 43rd Labor Day event. Joe, with over 50 years in the fire service never used the word quit.

He was always on hand cold winter nights or hot summer days packing hose or helping clean and stow equipment. He set an example for the younger vamps. He was a giant of a man in more ways than his 6'2" ft. height.

He has answered his final alarm, like so many of his friends before him. Firemen like George McCue, George Rinnie, "Pop" Masters, Joe Braun, Vince Braun, Henry Gebhardt, Harold Hauxhorst.

For these men the Hicksville Fire Department was their life, and they gave much of it to the fire service.

We mourn his passing, we will miss him dearly. His job here is done, well done. He was laid to rest in his Hicksville at Plain Lawn Cemetery on Monday, Sept. 12.

Firemen also expressed sympathy at the passing of the Mother of Ex-Chief Medard Ofenloch who passed away this past week.

CUMMINGS 'N GOINGS

By Jill Cummings

WE HEAR THAT the Seton Club of St. Ignace has resumed its fall meetings. That whoever and whatever we are, each of us has an opportunity to help shape the world we live in - why don't you begin today, by getting involved in your community, church or fraternal organization. A request is being forward to the NY State Department of Transportation to relieve traffic congestion at North Broadway and Nevada Street, which now houses on four corners two major banks, who opened this past month, two new stores on the southwest corner, plus a new restaurant, Bagel Nosh, Sears to the east of us and Pamper Cleaners at the northwest corner (who have been serving this area for 20 years) - this is also used by school buses into the Jerry Speigel development (of some 25 years) - the community wants a NO TURN ON RED sign at the northwest corner and other

specific area signs to ease this heavy congestion before someone gets hurt - a quick traffic survey will indicate, need for said sign and also for proper traffic controls with traffic existing east and west from Mid Island Plaza onto Nevada Street, which is densely populated - we await their action.

AOH NOTES: The annual Flight Nite sponsored by the Hicksville Hibernians under the chairmanship of John Campbell and Danny Donovan, Sports Director, has been set for Friday evening, October 14, at the Joseph Barry Council, Knights of Columbus - a terrific card for fight fans is promised by Donovan for further information and tickets contact Jack Campbell at 681-8993 (evenings). Ladies Auxiliary will meet on Thursday evening, September 22, at the Knights of Columbus at 8:30 P.M. to discuss plans for their Fall Fashion Show to be

chaired by Cele Larkin according to President Jean Clark - more details next week. Pat Cowan, President of the Men's Division AOH welcomed three new members at the September meeting. Air National Guard Airman Neal Greenberg, son of Mr. and Mrs. Leo Greenberg of S. Oaks Blvd. in PLAINVIEW, has graduated at Lackland AFB, Tex., from Air Force basic training.

The airman studied the Air Force mission, organization and customs and received special instruction in human relations. Completion of this training earned the individual credits towards an associate in applied science degree through the Community College of the Air Force.

Airman Greenberg now goes to Sheppard AFB, Tex., for specialized training in the transportation field.

The airman, a 1975 graduate of Plainview High School, received an A.A.S. degree in 1977 at the State University of New York Agricultural and

Technical University at Farmingdale.

Captain Peter J. Penta Jr., whose parents are Mr. and Mrs. Peter J. Penta of Dawn Lane in Hicksville, is participating in the Military Airlift Command's accelerated airlift of personnel and equipment to Europe in

support of Reforger '77—a realistic training exercise conducted in Germany by forces of the North Atlantic Treaty Organization.

Captain Penta is a navigator at McGuire AFB, N.J., with the 438th Military Airlift Wing which is flying the C-141 Starlifter jet transports at a level simulating wartime conditions.

The increased flying level was planned to coincide with the Reforger airlift of some 12,000 Army troops and equipment to Europe to test the wing's strategic airlift capability.

More than 100 active duty Air Force and Reserve aircrews will fly a total of 130 missions in support of the exercise.

employees to concentrate their efforts on specific patient care.

The teenagers are to be especially commended for giving up their free time to help the sick, when at the same time they have to keep up with school work and other home responsibilities.

Teenagers in trouble make the headlines, but little is said about the community minded kids who offer so much. Mid-Island Hospital is proud to publicly commend such a group.

Bill and Cathy Dahms will change their home from top to bottom—with new ideas and an In-And-Around-The-Home Loan from Eastern Savings Bank.

It's a new kind of loan from Eastern. And it can mean up to \$10,000 for practically anything that's for your home. (With up to 10 years to repay.) Use it for furniture, appliances, anything — air conditioning to afghans. Stereos to sofas. Wallpaper to washing machines. It means cash on hand that helps you bargain-hunt in the greatest bargain-hunting area — right here! It can even mean cash to pay off charge card purchases for household equipment. (And our loan rates are far lower than a retail credit plan.) Enjoy the Eastern life. Find out more about Eastern's In-And-Around-The-Home Loan by calling our Consumer Loan Department at (914) 725-5600, or ask at any Eastern branch office.
