Dr. Phillip Rubenstein will be Vice President. Frank Chumsky will continue to serve as recording secretary, Charlie Montana Jr. will be corresponding secretary and Bill Heberer will fill the office of treasurer.

Council Hears Dems and Dunbar

By Carole Wolf

Part One of a Two Part Series

On a beautiful night in October and in competition with a baseball playoff game, the Hicksville Community Council held its first meeting of the year. What an interesting evening it turned out to be with Bill LaMarca, Democratic candidate for the office of Town Supervisor, other Democratic candidates on the ballot in November, Dr. Walter Dunbar ('Mr. Beautification'), and Councilman Tom Clark to round out the evening. Republican candidates have been invited to the Nov. meeting.

Mr. LaMarca introduced himself by telling us that he is an attorney in Massapequa, was formerly President of the Rotary Club in Massapequa (1974-75), and is presently the President of its Chamber of Commerce. He is Counsel to the Safe Transportation Committee, which concerns itself with death and injuries caused by the LIRR train doors, and he is a member of a Committee for the Massapequa School District, which recommended the closing of schools to solve the problem of declining enrollment. He is the nomination of his party for the office of Town Supervisor because of his civic involvement.

Bill LaMarca criticized the Plainview Landfill, stating that he believes it is not the proper place nor the proper method. The strata promotes drainage and he remarked that our only source of

drinking water is from the ground. Mr. LaMarca complained of the poor snow removal during last winter's storms and said that the crews were not available to plow and that the Superintendent of Highways was away on vacation. He repeated Mr. Colby's statement that we could borrow \$400,000 from the state's bond issue for Capital improvements. But, Mr. LaMarca concluded that he felt the money is there - it is surplus in the budget. The Town's General Budget went up 26 percent said the Democratic Candidate and salaries have increased 15 percent. Debt services rose 26 percent, with 81,000,000 dollars of borrowed money now owed by the Town. He was also aggravated by the issuance of 600 Press Passes for the Town beaches and felt that the Town employees are subject to Economic Erosion.

In conclusion, Mr. LaMarca brought up several points. He is involved in the fight against draining water from the streets of the Massapequa area and draining it into Great South Bay. He advocates the sunshine Law and promotes the idea that the Town Government should have a moving Town Hall - to have the Supervisor and the Councilmen come to the various areas of Oyster Bay and listen. Bill LaMarca also mentioned that at the incinerator, he discovered one supervisor for every 4 1/2 workers. And in answer to a question raised in the audience, and according to surveys taken in

Massapequa, Bill LaMarca stated that his area would like to build Senior Citizen Housing on the land vacated by the empty school buildings.

Our next speaker of the evening was 'Mr. Beautification', Dr. Walter Dunbar. Dr. Dunbar gave us a background on the development of his beautification projects. The Boy Scouts, Girl Scouts, HAD, and 4H have been very helpful with the planting on the corner of Herzog Place and Broadway, there have been trees planted, which are more of a permanent nature. Ed Johnson, Henry Brenzel, Sr., Vern Wagner, and so many others have been helpful in raising \$2,000 in 2 years, and who have put in 2,000 hours of work. Dr. Dunbar feels that we need something more evident. A lighted fountain is planned for the JFK Memorial Park which could be seen by passing trains and cars. It would give Hicksville a sparkle and it would be dedicated as a memorial. Another \$4,000 is needed to tap into the water main and to jack under Jerusalem Avenue. An underground sprinkler system would also have to be installed. The Sons of Italy are erecting a beautiful monument dedicated to the work of the Bicentennial. And there is a lot of contributed labor. All that is needed is the money for the water, and the whole project can take shape. If anyone feels the spirit to contribute funds to this worthwhile project, call or write to Dr. Walter Dunbar, "For A Better Hicksville".

Hicksville Man To Work With Recruiters

By John Bacheller

A 19-year-old sailor from Hicksville, N.Y. will soon be back in his home area telling other young people about his first few months of Navy life.

Navyman, Matthew J. Kessler III, whose parents live at 30 Fulton Ave. in Hicksville, will work for 30 days with recruiters at the Navy Recruiting Station in

nearby Levittown. He has been selected for this duty under the Navy's Recruiting Assistance Program (RAP).

Under this program, outstanding young Navy men and women complete recruit training and a specialty school, then work with recruiters in their home areas before going to their first permanent duty stations.

"I'll be telling people about boot camp and answering their questions as well as I can," Kessler says. "I know that when I enlisted, I had a million questions in my mind about what I could expect. My recruiter answered most of them, but I would have liked to talk with somebody who

Wylder Blasts Carter

U.S. Rep. John W. Wylder (R.-N.Y.) today attacked President Carter's latest budget deferrals in energy development as "inconsistent and irresponsible." Deferrals are presidential decisions not to spend money which has been already appropriated by the Congress.

Rep. Wylder, Ranking Minority Member of the House Science and Technology Committee, is presently in conference with the Senate on the Energy Research and Development Authorization Bill. He was particularly shocked by the President's impoundment of appropriated funds for ISABELLE, a planned High Energy Physics Facility at Brookhaven National Laboratory. "This action on ISABELLE is an affront to the congressional conferees and the high energy physics community, as well as a blow to the economic future of Long Island," Rep. Wylder stated.

The New York Republican pointed to the President's deferrals in several critical nuclear programs as "baffling" and observed that the Administration has now indicated they will postpone programs which just several months ago were termed "key" to its nuclear non-proliferation policy.

"We have been told that the energy challenge must be treated as 'the moral equivalent of war' yet the Administration refuses to give our troops the needed supplies to wage the battle. This latest series of deferrals, postponing or cutting back nuclear fission programs and eliminating facilities for fusion research is crippling our energy supply future. The Carter Administration is actively ignoring the need to provide energy supply options. The President's decision on the breeder reactor was apparently only the first fateful step in a no-growth energy development approach," Rep. Wylder said.

Rep. Wylder pointed out that the Administration did not confine its irrational cuts to the nuclear area. "Our Committee had set aside previously authorized money to help industries hit by last winter's natural gas shortage. This appropriation would have funded demonstration gasifiers so these industries could convert plentiful coal to natural gas."

Rep. Wylder closed with a note of puzzled concern: "It's an Alice in Wonderland situation with very little rhyme or reason to these cuts. Who knows what strange news tomorrow will bring from The White House!"

Special Guest Artist

Marianna Tcherkassky is replacing Christine Sarry, as the special guest artist, with the Eglevsky Ballet Co., when the company opens its season subscription series at the Hofstra Playhouse, Hempstead, N.Y. Ms. Tcherkassky is dancing the title role on October 14 (8 P.M.) & October 15 (8 P.M.) Salli Silliman, soloist with the Eglevsky Ballet is doing the October 16 (1 P.M.) performance, and the October 16 (5 P.M.) performance is to be announced.

Ms. Tcherkassky is a native of Glen Cove, N.Y. and received her early ballet training and here, from her mother Lillian Tcherkassky. Later she studied at the Washington School of Ballet, and appeared with the Eglevsky Ballet Company. She joined American Ballet Theatre in 1970 and became a soloist in 1972. She was elevated to a principal dancer in 1976, and was an immediate success in her first appearance in the title role in "GISELLE". Andre Eglevsky

staged "SPECTRE DE LA ROSE" for Mikhail Baryshnikov and Ms. Tcherkassky, for the American Ballet Theatre repertory, and it was subsequently shown on television on Channel 13. Ms. Tcherkassky has also appeared on the David Frost television Show. Most recently, Mikhail Baryshnikov has cast Ms. Tcherkassky in his choreographic triumph, "NUTCRACKER", in the leading role of Clara. Ms. Tcherkassky last appeared with the Eglevsky Ballet, in February, 1977, as one of the guest stars in a gala benefit performance.

"COPPELIA" is the first in a series of four programs to be presented by the Eglevsky Ballet. The second is "GISELLE" (Feb. 3, 4 & 5), the third is "GRADUATION BALL" & "SWAN LAKE" (March 31 and April 1 & 2), the fourth is "CINDERELLA" (June 2, 3 & 4). Season prices for four programs are \$26.00, \$18, \$14. Individual tickets are \$8.50, \$5.50 & \$4.50. For information 798-6286.

Your Children Should Be Inoculated

By Cong. Norman Lent

Vaccines are among the most effective disease control and prevention measures known to medical science. Inoculation is the safest medical procedure to be administered. Dreadful diseases like smallpox, diphtheria, tetanus and polio have been virtually eliminated by safe and effective vaccines.

Yet, would you believe that more than 19 million American children have not yet been immunized against polio? And that only 60% of American children are protected by vaccination from communicable childhood diseases like rubella, measles and polio? Those startling facts, reported by the U.S. Public Health Service, were the subject of a congressional hearing, conducted by the House Subcommittee on Oversight and Investigation of which I am a member.

At the hearing, we committee members examined closely a U.S. Public Health Service plan to expand federal aid for school immunization programs, in an effort to give more American children better protection against childhood diseases that can result in death or permanent physical impairment.

The Public Health Service reported that, through greater federal participation in school inoculation programs, it hoped to increase substantially the

number of children receiving protection through immunization.

It may come as a surprise, to some readers to know that there is an immunization problem in Nassau County. County health officials tell me they are so concerned about an increase in measles cases in the County they are now inaugurating a major inoculation program throughout the County. The program will continue through the school year, and is being concentrated primarily on Junior and Senior High Schools where County health surveys have shown that less than 60% of the 15 to 19 year olds have proper immunity against measles. Health officials believe a good deal of this lack of immunity stems from problems with earlier vaccines which gave comparatively short-lived protection. Those problems have been overcome in newer vaccines, but many children, particularly in the 15 to 19 year old group, are now unprotected against measles.

So in Nassau County, and all across Long Island, and, indeed, over the entire Nation, there will be added attention and emphasis during this school year on proper inoculation of children against disease. If you are a parent or guardian of a youngster, check with your records or family physician to make sure your child is properly protected.

Dear Friends ...

AN IMPORTANT REMINDER: if you have failed to vote for the past two years, or if you have moved, you must re-register in order to vote in the coming County elections on Nov. 8th. Your regular polling places will be open from 1 to 9 pm on Thursday, Oct. 13th and from noon to 8 pm on Saturday, Oct. 15th. If you have any further questions on this you may phone the Board of Elections in Mineola, at 535-2411.

PAWS (Pioneers for Animal Welfare Society) has scheduled a general meeting on Thursday, Oct. 13th at 8:30 pm in the Basement Community Room of the Hicksville Library on Jerusalem Avenue in Hicksville. All are welcome.

INTERNATIONAL ORT, and all its local Chapters have scheduled a Golden Jubilee Convention in Jerusalem, Israel. This 24th Biennial Convention of Women's American ORT marks the 50th anniversary of the organization's founding in Brooklyn in 1927. To all the 1049 Chapters we send best wishes for a great convention. We only wish our own government could establish what this great American ORT has done...that is, the establishment and maintenance of "a giant international school system embracing five continents that frees people from dependence on charity." We mean this most sincerely for we have great need of such a program both nationally and worldwide.

GREG PETERSON, who is running against incumbent DA Dennis Dillon tells us that gangs of teen-aged vandals are terrorizing merchants and residential communities in many parts of Nassau County. Vandalism costs county taxpayers millions of dollars annually in damages done to schools and other public buildings. Greg feels that these cases should be prosecuted vigorously so that people will not be afraid to file complaints because no corrective punishment results. He tells us that a new law passed by the State Legislature this year and signed by Gov. Carey on Aug. 3 gives prosecutors a tough, new tool to combat juvenile vandalism. This law makes parents and legal guardians of children wholly responsible for willful damage done by their children up to a maximum liability of \$1,000. Greg feels that, if enforced, this law would go a long way to correct this condition.

Not long ago it was our pleasure to have lunch with Judge Marie G. Santagala who is running for County Court Judge here in Nassau County. Ms. Santagala, a Westbury resident who has served as a District Court Judge for the past seven and a half years, has many qualifications, among them the designation of the "Well Qualified", the highest rating given by the Judiciary Committee of the Bar Association of Nassau County.

We are pleased to see the Congressmen covering this area standing firm in their opposition to the Concorde SST proposed landings at Kennedy Airport, which President Carter and the Port Authority both seem to be weakening on. Even though the odds are against us in this matter, I'd say, no ball game is decided until the last inning. So, opponents of this proposal don't give up.

A personal note...Ann Marie Cummings, daughter of Mr. and Mrs. Jim Cummings of Myers Ave., Hicksville, was really surprised at a bridal shower given for her on Saturday, Oct. 8th, at the K of C Lounge. Eighty guests were present including Father Hugh Cannon, recently of St. Ignatius Parish, now of Bohemia, Long Island. The wedding is scheduled for noon on Saturday, Nov. 19 at St. Ignatius, with a reception to follow in the Monsignor. Bittermann chamber of the Hicksville K of C. Robert Schmidt, son of Mrs. Rita Schmidt of Cedar St., Hicksville is the bridegroom-to-be.

Soon the County Office of Women's Services will offer a secretarial skills course for female inmates at the County Jail in East Meadow. This fills a gap created when THE Vocational Education and Extension Board had to curtail a previous course because of budgetary restrictions. Good.

THAT'S ALL FOR THIS WEEK. Stay well and remember the golden rule: "Do unto others as you would have them do unto you". SHEILA NOETH

Letters To The Editor

Dear Mrs. Noeth:

The State Democratic Committeeman of the 10th Assembly District has missed his calling, with his political machinations he adheres to all the prerequisites of being a participant of the "Gong Show."

Where else besides politics can one gain from such deception and charade?

He writes in your publication of September 29th of how his wife and daughter applied along with "hundreds of others" for their

jobs at OTB and with the State Parks Dept. But how many of the "hundreds of others" received jobs? And, Mr. Chetkov, does my memory fail me, but isn't it true that your daughter's application was not sent through the same channels as "the hundreds of others"?

I am glad to see he did not stretch our imagination by denying or refuting the charge of running some absentee and ineffectual committee people so

that the 10th A.D. may be controlled by our esteemed leader.

Nor does he deny Mr. Brittan's charge of sending out a poison pen letter to the voters at the 11th hour so that it could not be refuted in time.

At least we can hope that when the voters wise up to Mr. Chetkov he will be going, going, gone.

Yours truly,
Carole Fishman

COMINGS & GOINGS (Continued from Page 17)

921-7347 - Extension 38 - remember DO NOT SWEEP LEAVES INTO THE ROADS - BAG THEM!

ROUND OUR TOWN: Seems that many people are upset the Carter administration proposal of working an extra three years in order to get full benefits - this would be a drastic change from the principle written into the Social Security program when it began, more than 40 years ago. Everyone may retire at 65 after working more than 40 years and

you look forward to full Social Security benefits - then suddenly the federal government say, "NO WAY - you'll have to work three more years until your 68 years of age - fair? - reasonable? - not according to Norman Lent our 4th AD Congressman, who will be in the fight to keep your full benefits at 65 - why not the other 3 years could be enjoyed as you and your wife planned after raising a family" right? - we'll keep you posted

A HAMBURG SAVINGS BANK DAY OF DEPOSIT TO DAY OF WITHDRAWAL ACCOUNT MEANS CONVENIENCE.

Think hard. Do you really want to tie up your savings for one to seven years? Long-term savings plans, despite their guaranteed rates, create difficulties when you need cash today. Like reduction of interest rates and other penalties that must be imposed for premature withdrawals.

To help you cope, we at Hamburg Savings Bank suggest you visit our Hicksville office and open a 5 1/2% Day of Deposit to Day of Withdrawal Account.

This account lets you withdraw your money anytime without dividend loss, provided a minimum deposit of \$25 is maintained to the end of the quarter. Keep your dividends on deposit a full year and with daily compounding, your savings will have an annual yield of 5.47%.

Of course, on our Regular Savings Account, 5.47% is the effective annual yield from day of deposit on balances of \$25 or more. You'll also enjoy 10 calendar grace days, beginning each quarter, and 3 business grace days at the end of each quarter.

Remember, if your income and savings attitudes demand higher earnings, Hamburg Savings Bank offers Savings Certificates with guaranteed rates for various maturity periods.

Visit our Hicksville office today and ask about the savings account that earns dividends and makes your funds available for immediate use.

Remember, our depositors have the added advantage of speedy auto-teller service and street-level safe deposit facilities for their valuables.

they flash a winning smile to entice the most popular votes in their local area. That's it. The contest, sponsored annually by the Carvel Ice Cream people has no entry fee. The thirty finalists were won out of over more than 20,000 entries throughout the east coast. In all, nearly 2 million votes were cast in the preliminary events.

Win or lose, it will be a fun-filled five days. First, there's a luxury suite at the Fontainebleu awaiting the winner and her parents.

The newly crowned Little Miss Half Pint will receive a bond toward her future education, an all expense paid trip to Walt Disney World, and a bonus that would delight any child...her weight in ice cream. Then, the last week in December she will be featured on the award winning Carvel float in the gala King Orange Jamboree Parade at the Orange Bowl, with all expenses paid for her and her parents.

VFW Auxiliary

By Joan Chwalisz

On Saturday evening, October 1, I was a guest at a Testimonial Dinner given by the Nassau County Council Ladies Auxiliary in my honor. I would like to publicly thank my Post and Auxiliary for the large turnout, the lovely gifts, but most of all for all the support and love that you have given me. Charles Wagner Post AL News

Past Commander Frank Molinari with two of "Our Girls."

Happiness is for the Legionaire the opportunity to get involved in many areas with many people. Especially for the Legionaires and Auxiliary members of the Charles Wagner American Legion Post #421 of Hicksville.

Happiness for us is the love given us by our 27 girls at cottage #46 at Suffolk State Developmental Center in Melville. This is a special project that the post has had for the past six years. We have developed a wonderful "One to One" relationship.

We are always greeted with big smiles, hugs and kisses. Once a month the Post gives the girls an

"after-supper" party. The Auxiliary members presents each birthday girl with a lovely gift. The Christmas party is a big event with Santa Claus, gifts and the parents of the girls participating by providing all the wonderful delicious food.

In August we have our annual picnic which is always eagerly awaited by the girls. Watching them eat is a real joy. Usually some of the children from adjacent cottages join us so we always go well prepared.

So who can say who's the happiest? The picture above tells it all.

P.G.K. Paul Dunn Honored By K of C

By Jim Cummings

A recent testimonial honoring Past Grand Knight Paul Dunn, was one of warmth, friendship and participation by his fellow members of the Joseph Barry Council, Knights of Columbus of Hicksville.

Approximately twelve years (12) ago, Paul became quite active in the Council serving on committee assignments. This is a rare accomplishment, but then Paul is a rare knight - he accomplished his programs through hard work! Even now as the immediate Past Grand Knight, Paul, is actively serving on Committees at the District and State levels as well as with our own Council's youth - a subject he is well versed on; especially when addressing the membership.

Paul was a Brooklyn youngster, educated at St. Brendon's and St. John's. He enjoys camping, boating and fishing.

Professionally, he is an electrical contractor serving the local areas. Paul is also very active in his parish and has given more years and effort to his favorite hobby, Scouting. Home is on Larch Street in Hicksville where he and his wife, Eleanor moved as newly-weds nearly 20 years ago. Their family Chris Danny and Suanne, are quite proud of this rare knight, whom they are proud to call "Dad".

Paul joins a distinguished roster of Past Grand Knights, including: John Dooley, Dermot P. Dunn, Thomas Douglas, Francis J. Donovan, Harry G. Woods, Robert McGregor, Vincent Hilly, James Wise, Walter Schreiber, Thomas Costa, George P. McGuire, Arthur Schreiber, Robert De Lorenzo, Joseph Kaprinski, Lawrence Trubinski, John F. Mulholland, John B. McKenna, Francis J. Klarmann and Frank G. Dorsey. Celebrating this special occasion with the guests in attendance were the

newly-elected Council Officers: Reverend Hugh Cannon, Chaplain; Reverend William Karvelis, Associate Chaplain; Stephen G. Ryan, Grand Knight; James E. Carroll, Deputy Grand Knight; Olaf Costello, Chancellor; John Wenck, Recorder; Walter Schreiber, PGK, Financial Secretary; Steven Seover, Treasurer; Brian Dunker, Lecturer; John Fletcher, Warden; William Gradischer, Inside Guard; Michael D'Antuono, Outside Guard; Charles Barhold, Jr., Outside Guard; John Mulholland, Trustee, PKG; Frank Dorsey, PGK, Trustee and the guest of honor, now as Past Grand Knight!

K of C Soccer

On Saturday, October 8th, the Hicksville American Midget soccer team, sponsored by the K of C, won a hard fought game against the Huntington Boys Club. The game was played in Huntington and the teams were evenly matched.

It was no easy task for David Smyth, on an assist from Michael Sim, to put the ball in the net during the first half. The rest of the game was a battle between the H.B.C. offense and the Hicksville defense ably handled by Kevin Jung, Frank Schmutz, Chris Barkus and Billy Cresham.

Outstanding as usual was goalkeeper John Rubins.

The final goal of the game came in the last minutes when David Smyth put a fantastic cross on the foot of David Bell for a "bullet" shot in the net.

This midget team will play this weekend in the K.L.M. Tournament at Cantiague Park.

Hicksville American Soccer Club

WAGS TOURNAMENT

Last week end, the Club sent three girls teams (approx. 50 girls) to the 3rd annual Washington Area Girls Soccer (WAGS) tournament. This was the second time Hicksville participated in the tournament and our girls were a real credit to their parents, the club and to Long Island soccer. In nine soccer matches which were

squeezed in between rain storms, the girls won 4, lost 4, and tied one which was a tremendous improvement over last year. Our ladies have learned a great deal and have indeed "...come a long way baby".

All travel arrangements for the 3-day stay in northern Virginia were made by tour director Jim Dolan and went quite smooth. The chartered bus left Hicksville

on Friday afternoon and, after a lot of rain, soccer and good times; returned on early Monday evening with many fond memories that will be remembered long after the scores of the games.

The 1965 girls, affectionately called "Harkins Heroines", came home all smiles as they went undefeated and just missed the finals by a couple of goals. Coached by Pat Harkins, these little darlings did a fantastic job and played really beautiful soccer. Every one of these dolls deserve a hearty congratulations and a big hug for their performance on and off the field as they endeared themselves to everyone from Hicksville to Fairfax County, Virginia. Several of the billeting parents approached the Hicksville chaperones and made a point of how well behaved and well mannered the Hicksville girls were and how happy they were to have these girls in their homes. These young soccer players of whom we're so proud are: Risa Bershad, Lisa Burke, Maureen Collins, Kathy Conway, Terry Frattini, Denise Harkins, Patrice Kenny, Debbie Luongo, Susan Mitchell, Erin O'Leary, Tanya Pfeffer, Jackie Seocio, Laura Talenti and Diana Taylor.

The under 16 girls, coached by Sam Masiello, did quite a respectable job playing against older girls and came close to beating an extremely strong Northport club. They were: Joann Barcavage, Michelle Brill, Theresa Dolan, Sharon Humphreys, Karen Kolovich, Shauna Leidle, Lori Lodice, Barbara Luongo, Laurie Martucci, Mari Masiello, Darlene Missimo, Joanne Mullings, Kathy Panetta and Virginia Wayne.

The Senior girls (under 18 yrs.), coached by Kevin Shannon, also did extremely well winning their first two games and narrowly missing the finals. The ladies who performed so well in the older group were: Sandy Bruder, Diane and Patty Conway, Patty Decker, Kathy and Karen Dolan, Cathy Eicher, Karen Jung (just back from a prolonged injury received in the Robby tournament), Carol McCausland, Jeanne O'Shea, Fran Panetta, Miriam Pepi, Patty Rogers, Kathy Sheidel, Tricia Valle and Janine Vassler.

GOP Team
Last Saturday, the Hicksville G.O.P. under 12 team met their rivals, Massapequa at Cantiague Field. The game was delayed an hour because of another game being played. When the time came for the game it was, as usual, a terrific game to watch. The first goal was scored on a high kick from the left side by Lloyd Sneddon. As the first half ended the Massapequa team tied the game. The second half was a hard fought battle with Massapequa scoring the winning goal in the last 4 minutes. Both teams played well against each other and outside pressure from timing difficulties.

The injury report is fairly light considering the slippery conditions due to the heavy rains and the very stiff competition. Theresa Dolan came limping home due to an injury (shin) sustained in goal and Tricia Valle received a non-soccer injury (foot). In their leisure hours, the girls were treated by their Virginia hosts to ice skating, museums, mini-trips to the nation's capital and parties. We are certainly indebted to these fine people in Virginia who treated our children so fine.

Soccer notwithstanding, this type of experience is of invaluable benefit in the educational and cultural

development of our Hicksville children, thanks once again to the foresight and planning of club president Peter Collins. Every girl had a really great time and the chaperones were thrilled over and over as they were approached by the Virginia parents who repeatedly complimented the girls on their behavior. The Hicksville parents can be very proud of their girls.

This then, is the basic difference between a traveling club

and a strictly intramural club as many of our neighbors are. The children profit so much more in so many ways: broadening their scopes and horizons, meeting new and different people in new and different environments and becoming better soccer players by meeting better competition.

Dry Dock To Donate To Schools

Dr. Dock Savings Bank strongly believes in the importance of education. That is why they have chosen to celebrate the opening of their new Hicksville office by donating \$13,000 to the school systems.

"We are anxious to demonstrate our sincere interest in the growth of the community,"

comments Theodore C. Krismann, Vice President of Marketing. He goes on to say, "Since we are new in the area we decided to let the people decide which schools the money should go to. Of course we are hoping that they will contribute the money to the local schools. Every day that the branch is open

during our month-long celebration (September 23 to October 22), there will be a drawing in the bank. Each ballot drawn is equal to \$500.00 and the winner may designate to which public or private school the money should be donated."

"We hope this will express our concern for Hicksville and its people and our sincere interest in serving them," states Krismann.

If you won't be getting a pension... read this...

Many people are not covered by a pension program with their employer.

If you're one of them, there is now a tax-deferred way for you to provide for your own retirement.

With a Metropolitan Individual Retirement Annuity you can defer Federal income taxes each year on up to 15% of your earned income or \$1,500, whichever is less, by putting this income to work to help assure your future financial security. And, for those who qualify, if total disability prevents you from making your contributions Metropolitan can make them for you.

A pension is nice to look forward to. But if it's not in the cards for you, give me a call and I'll show you what Metropolitan Life can do to take its place.

At Roslyn Bank

Daniel J. Kiser, A.S.I.D., Director of Interior Design at Bloomingdale's, Garden City, will present a program on Fashion Trends in Interior Design at the Woodbury office of The Roslyn Savings Bank on Wednesday morning, October 26.

A Phi Beta Kappa graduate of Iowa State University, he was early involved with residential and contract firms in Omaha and Chicago.

His presentation, which will include slides, will feature the creative use of space - how to fill it with color and texture, how to use space uniquely for living and working.

The program will begin promptly at 9:30 a.m. and there will be time for questions from the audience. As seating is limited, advance reservations may be made by calling Marie Spitzer, manager of the bank, at 367-9100.

The Woodbury office of The Roslyn Savings Bank is located at 8081 Jericho Turnpike between South Woods Road and Woodbury Road.

In the second half, half backs John Fabrizio, Tim Van Cise and Kevin Taylor constantly left the ball at the Bay Shore defense. Forwards Jean Claude Balek and Anthony Schiralli had many break aways at the goal.

Almost 100 people stood in the pouring rain to watch the Blues even their season record at 1 and 1.

DEVOTIONS

Trinity Lutheran Church
Dial-A-Devotion 931-2221

THE DISCIPLINE OF SUFFERING

Any father worthy of the name will show his love for his children by disciplining them. An intelligent father recognizes that he gets his kids in a rough, unfinished state that takes years to shape and polish. In my particular home such loving care is provided through a firm voice, a spanking, or an occasional midday trip to a bedroom. Although my children can't understand it right now, this polishing, this care, is not an inherent mean streak that periodically surfaces in their father, but rather a demonstrative statement of my love for them.

In our quest for freedom and spontaneity many of us have grown up in a generation that has underrated the place of discipline. Much of the educational system has defied desire, abhorred inhibitions and stated that impulses must have free rein. It forgot some very elemental facts of life. Let me mention just a few. No simple deed is performed such as preparing a meal, reading a book, or going to church without the discipline of ignoring a thousand allurements. Attention shuts out literally hundreds of distracting sights and sounds, forbids hundreds of inward promptings that would divert us from the task at hand. No significant act is done without discipline. Sporadic church attendance shows lack of discipline in many cases. To see the totally uninhibited life, where people obey their impulses without hindrance, look at the patients in an institution for the feebleminded. This is the uninhibited life, par excellence. This trend in educational philosophy simply forgot that we

By The Rev. John H. Krahn

are by nature sinful and need discipline to develop to our full potential.

God, who is even smarter than John Dewey, the father of progressive education, has always known we needed discipline. Because of this, He uses suffering to a good purpose in our lives. St. Paul quotes from Proverbs in our text, and says, "The Lord disciplines him whom He loves." St. Paul knew personally what this meant. In Paul's second letter to the Corinthians he spoke of a particularly troubling malady that he asked God on several occasions to remove from him. Each time God answered that he could use Paul better with his weakness than with it removed. Finally, Paul accepted his malady, seeing that it drew him closer to the Lord.

Sometimes when we are carrying a particularly heavy burden, the Scripture, "The Lord disciplines him whom He loves," is most difficult to accept. We are tempted to cry out, "Lord, please stop loving me so much." I'm sure my kids often feel that way in the middle of a spanking. "Dad, don't love me so much. When we feel the burden getting too heavy, the Bible suggests that we look to Jesus, to His cross, and consider His suffering. Then look beyond the bloodstained wood to the tomb, filled with emptiness, and even beyond to the resulting joy of a mission accomplished as He now sits in the Father's house.

Finally, God's Word for us today says, "So take a new grip with your tired hands, stand firm on your shaky legs." "Stand tall," we are encouraged, "walk with the Lord, trusting Him with our lives, believing we are in good hands, and that the Heavenly Father is using everything, even suffering, for our good."

Spend Time In A Haunted House

A hair-raising fund raiser materializes in the form of a real-live Haunted House in Hicksville, Long Island on Friday, October 14th, when the Long Island March of Dimes hosts the grand opening of its 1st Annual HAUNTED HOUSE in a store within the Mid Island Shopping Plaza (Route 106, Broadway, Hicksville). A \$1.50 donation will be the small price of admission for daring spectators to wander through the haunted hallways—home of Frankenstein, Dracula, bats, rats, witches, and a host of ghosts and ghoulish creatures, said to inhabit the premises. Spine-chilling effects have been specially created, guaranteed to

frighten even the very bravest of souls.

Open through Halloween night, October 31st, the HAUNTED HOUSE's witching hours are: Weekdays, 6:00-10:00 p.m., Saturdays, 11:00 a.m. - 10:00 p.m., and Sundays, 11:00 a.m. - 5:00 p.m. All proceeds raised will help in the March of Dimes battle against the nation's #1 child-killer—birth defects.

The March of Dimes issue one final note of warning: DO NOT COME ALONE... In a place like this, you'll need all the friends you can get.

For group rates or for further information, call 681-1601 or 741-4045.

Leora Hadassah News

Leora Hadassah of Plainview, will sponsor a Military Bridge and Luncheon on Oct. 18. The donation is \$4.50. For further information, call Jane Cohen at R22-8882.

Since it is Hadassah Month in Plainview, on Oct. 20 at 11:30 a.m., at Old Countrys and Manetto Hill Roads, they will change the street sign to Hadassah Blvd. At 12:30 p.m., Leora Hadassah will visit the

One option that costs less this year.

Chase loan prices down. This year new car prices are up. But Chase Car Loan prices are down. Down as much as 1/2%. So, the '78 Chase Car Loan is one option new car buyers can't afford to ignore.

1/4% less to start. From now till December 1, 1977, 1/4% off the normal interest rate is standard equipment on every Chase Car Loan.

Up to 1/2% off. If you agree to have your car payments deducted automatically from a Chase Checking Account, Chase will reduce the interest rate another 1/4%. In all, you can save 1/2% on the interest rate for your new car loan. That lowers the annual percentage rate on a 4-year Chase loan to a very comfortable 10.90%.

Low payments. For example, if you borrow \$4,000, a Chase 4-year loan and the 1/2% you save can lower your monthly payment to only \$103.18. And over the 4 years the total payments amount to just \$4,952.64.

Take your time. Pick your deal! Once your Chase Car Loan is approved you have the built-in advantage of 100 days to shop around. So, you have the bargaining power.

Drive a bargain. Make sure your new car comes with a '78 Chase Car Loan. It may be the only option that costs less this year. And saving you money is what The Chase Advantage is all about.
