Board Meeting

The regular meeting of the Hicksville Board of Education will be held on Wednesday, October 26, at 8:15 p.m. in the Board Room of the Administration Building, Division Avenue, Hicksville. The public is invited to attend.

A TESTIMONIAL for Erwin Rozran, Assistant Superintendent of Hicksville Schools, was held recently at the Naragansett Inn, Lindenhurst, and on hand to honor Mr. Rozran for the years of service he contributed to the school district was Oyster Bay Town Councilman Howard T. Hogan, Jr. Mr. and Mrs. Rozran will not be leaving Long Island, now that they've decided to "take it easy," but the Hicksville School District already misses the man who brought so many special education contributions to the community.

At Our Community Council

By Carole Wolf

After Dr. Dunbar told the Hicksville Community Council about his exciting plans for a fountain in JFK park, Louis Mattione spoke. Mr. Mattione is the Democratic candidate for District Court Judge. He has a Master of Laws and 19 years of private practice. If he is elected, he promised to have integrity, fairness, compassion, and firmness.

Ed Marchese is the Democratic candidate for Town Clerk. He says that he is running not in retaliation, for the Town Clerk lost his marriage license a few years ago, but because he feels that it should be a strong office. He endorses special regional Town Board Meetings and feels that the regular Town Board meetings should be rotated. He believes in referring government to the people and would like to see a Mobile Town Hall in the form of a fully equipped office van. Mr. Marchese is currently with the Civilian Police Administration in the City of New York.

Mike Polansky is the Democratic Candidate for Town Councilman. Mr. Polansky is the President of the Board of Trustees of the Plainview Library and the Vice-President of the Knights of Pythias. He is a graduate of Cornell and has a

Law degree. Mr. Polansky feels that there should be 'loyal opposition'. He also feels that we need two party government.

The final speaker of the evening was Tom Clark, our 'resident Councilman.' Tom said that the Town does not buy School buildings, but in Plainville they are looking into purchasing the building and land with the possibility of making it a park. BOCES does not need any more school buildings. The only possibility of a conversion would be the school on Manetto Hill road and Washington Avenue in Plainview which could become a 'Y'. Town meetings will have to be held on this proposal.

The sewers are here. Lateral sewers and main feeders are being laid down New South Road to Plainview Road to Elm to Miller, and then up to the Jericho area. The section beginning with Levittown Parkway to Charlotte will begin soon. The last date scheduled is June 1980 for the Eastern portion of Hicksville. It will take 4 to 6 months to complete an area and residents will have 2 years to hook up after the sewers are in. Roadwork will begin in the Bloomingdale Road area and final finishes - storm drains, new curbs and aprons -

will be put on after the sewers are put in.

Tom Clark mentioned that there is difficulty parking around the unemployment office on Old Country Road. Since there is minimum parking available, Tom has contacted Senator Marino and Senator Murphy to ask the feasibility of the state buying a parcel of land adjacent to the Unemployment Office to be used as a parking lot.

The merchants of Glen Cove have paid for a bus to bring Senior Citizens into Town for shopping.

The Youth Council works directly under the Town Board to help keep the kids busy.

The Town received over 4 million dollars from the Federal Government. The money was divided over some of the projects that were approved by vote recently.

A question was raised concerning a parcel of property on Elmira Street that has the foundation of two houses on it. Until recently, the land was the site on one house. Tom Clark said that he would look into it.

If you are on Newbridge Road and Old Country Road, and you are making a left going east, you

A Beautiful Evening

by John Maniec

Well, the party is over and everyone has gone home, but for one evening we shared a beautiful experience. We shared in an evening of song and dance, of laughter and gaiety, of warmth and emotion; an evening where we created many good memories.

H.A.D.'s First Annual Dinner Dance was a milestone for H.A.D. It marked their eighth anniversary. The dinner dance was held in celebration of this event and we were pleased at having so many people join in our celebration.

The evening's festivities had all the ingredients expected of a dinner dance: Plenty of food, plenty of drink, a dance floor adequate enough in size to encourage the kind of dancing that made Astaire and Rogers famous, and a band whose diverse repertoire satisfied the dancing preferences of all present. But that wasn't all we had. We also had a show, headlined by Teddy Savalas, that did more than just entertain.

Beginning the show was Joe Teixeira. Joe brought us back to a memorable era when the music of Al Jolson was the dominant sound. His rendition of Jolson was flawless and nostalgic drawing us, almost involuntarily, into rhythmic foot tapping and finger snapping - in unison, of course.

Joe then introduced us to Teddy Savalas. Teddy's dialogue and songs involved the audience and generated a shared sense of warmth and caring.

A hiatus in his act was filled by a selection of Greek dances performed by members of his family and their friends. They added youthful enthusiasm to the already established mood, delighting us with a feeling of ethnicity and togetherness.

Teddy returned to the stage, continuing with his sensitive and emotional sound. You have never

Teddy Savalas singing to an enthralled audience (on the left). Joe Teixeira bringing to life the sound of Al Jolson (on the right) and, in the lower picture (left to right) Christina Savalas, George Mamos, Athena Savalas, Philip Mamos, Aphrodite Savalas. Ethnicity was added to the evening by the dancing of these five talented people. (Pictures by Peggy Sicari)

heard "Mama" sung until you have heard it sung by Teddy. His finale, "You'll Never Walk Alone", was a special dedication to H.A.D. and to the individuals it has assisted over the years. It will be a tribute H.A.D. will not forget.

When Teddy's performance ended, the audience gave him a standing ovation.

There were no disappointments; everyone left smiling. To those of you who shared in this experience with us, our many thanks. For those of you who did not, we hope to see you next year, because although H.A.D.'s First Annual Dinner Dance is now part of history, we are planning to have history repeat itself, next year.

Converting Wool Fleece

SECOND GRADERS from the Locust Valley Primary School try their hand at "carding" in the Early American craft of converting wool fleece to fabric.

A program, sponsored by the Museum Division of the Nassau County Department of Parks, is set for Sunday, Oct. 23 at Bicentennial House in Eisenhower Park, East Meadow, when everyone's invited to watch a high spinning-wheel in action. Carding is the process used to comb the fleece so that it can be spun.

Teaching the skill to the youngsters is Mrs. Kathleen Camp of West Hempstead.

The old spinning-wheel will be the center of attention at Bicentennial House, in Eisenhower Park, East Meadow, on Sunday, Oct. 23.

From 1 to 4 p.m., the Early American craft of converting wool fleece to fabric, will be graphically explained and demonstrated, beginning with the process of carding (disentangling and combing out wool fibers). The actual weaving will be done by Mrs. Kathleen Camp of West Hempstead on her high spinning-wheel.

Drop-spinning is in-

cluded in the program, and visitors will not only have a chance to try their hand at it, as well as carding, but will be shown an easy way to make an economical drop-spindle for their own use at home. The demonstration will be held in the upstairs gallery of Bicentennial House, a museum facility operated by the Nassau County Department of Recreation and Parks. It is located near Parking Field No. 6A and admission is free. Regular hours are from 9 a.m. to 4:45 p.m. seven days a week.

Old Westbury Gardens

A visit to Old Westbury Gardens on a crisp Autumn day will bring before you a panorama of changing color. Throughout the Gardens the trees will be exchanging their summer green for shades of red, russet and gold. The summer flowers in the walled Italian garden and those surrounding the charming thatched English cottage will have been replaced by an array of brightly colored chrysanthemums. A stroll around the lake will reveal waterfowl gliding on the mirrored surface among the fallen leaves and reflections of the surrounding trees.

Old Westbury Gardens closes for the season at the end of the day on October 30th, however, the Gardens will reopen on (Sundays) November 6th, 13th and 20th, weather permitting so that you may continue to enjoy the Autumn walk.

Old Westbury Gardens is the former estate of the late Mr. and Mrs. John S. Phipps, located on Old Westbury Road between Jericho Turnpike and the Long Island Expressway in Old Westbury, New York.

Dear Friends ...

EVEN AFTER 25 YEARS of publishing weekly newspapers, it is a good feeling to be able to offer you, our readers, something new, as well as the grass-roots community news which it is our pleasure to bring to you each week. Beginning this week we will be covering our county government for you in much greater depth than in the past. Michael Bux, a journalist who has written both for the NEW YORK TIMES and the GANNETT NEWSPAPERS, has started to cover this area of our government, in his newly-formed NASSAU COUNTY PRESS SERVICE. Not only will this service cover the weekly meetings of the County Board of Supervisors, but we will also be bringing you features and a column, covering various aspects of our county government and its agencies, prepared for us by this new Press Service. We're really excited about this.

must fight the cars that insist that they have to make a right turn (on red) right away. The same situation occurs at the intersection of South Oyster Bay Road and Old Country Road. The Town Board is looking into a sign ordinance and it might suggest to place "No Turn On Red" signs on all major intersections.

Two other complaints were registered by those in attendance at the Hicksville Community Council meeting. There are no guards at the sewer holes in Hicksville and some children were found playing near them. No one follows signs at the Parking Garage in Hicksville. Cars seem to go in the out around 7 o'clock in the morning.

Tom said that he will be sending a memo to the Board concerning Garbage collection. He suggests that if there is a holiday on Monday, that collection should take place on Saturday, thus relieving 6 days pileup of garbage.

The Hicksville Town Meeting was then available to discuss anything as long as it pertains to Hicksville.

HAD has a counseling program to develop jobs for youth and the funds were received through

CETA. HAD had its dinner-dance at the Knights of Columbus to celebrate that it survived in Hicksville for 8 years.

St. Ignatius Drum and Bugle Corps asked that a sign be placed as one enters our town of Hicksville that this is the home of the many times over World Champion Drum and Bugle Corps. They are a group of which we can be proud. The only thing lacking would be the funds.

The second week in October is Fire Prevention Week. The Fire Department does not promote individual brands of Fire Detectors but it does encourage each homeowner to buy one.

Marge Giannelli announced that another Adult Education program opened at the High School. This program offers Evening High School and gives many adults an opportunity to learn a skill.

The November meeting of the Hicksville Community Council will be held on Thursday, November 3rd. We will feature Mr. Joseph Colby, the Republican candidate for Town Supervisor, and a panel discussion on "Why Have Our Insurance Rates Gone Up?" See you at 8:30 on the 3rd of Nov.

Board Of Supervisors Meeting

Tax Relief Is On The Way!

By Michael Bux

Nassau County Press Service

Tax relief is on its way for Nassau homeowners.

On Monday Oct. 17 the County Board of Supervisors passed a law which will tax each of the approximately 30,000 amusement machines in the county, raising about \$500,000 each year.

The average home here is assessed for \$7,500, at two cents per \$100 valuation. Consequently the new law should forestall a \$1.50 yearly tax increase for each homeowner.

Many of the patrons utilizing the machine are youngsters and a

spokesman for County Executive Ralph Caso said his office is looking forward to the revenue that comes from the children of the county's homeowners.

Soon after New York City passed its amusement machine law in 1975, the county began researching its own law. A month ago it was finally prepared and then a public hearing was held.

The county treasurer will issue the stamp for each machine and the police will enforce the new law.

"We're doing it that way to try to save money," says Gene

Turner, a spokesman for Mr. Caso.

The stamp fee will be paid by the owner of the establishment where the machine is located, and will be found only in communities where local laws allow their operation. It would apply to all coin operating amusement machine including juke-boxes, pool tables and electronic games. The intention of the law is also to compile a list of all such machines in the country and to provide a uniform law for Nassau.

At The Town Board Meeting

By Gerry Kahn

The Town Board Meeting held on Tuesday, October 18th concluded at 6:20 PM, after a long and arduous day.

The first 3 hearings of the 40 item calendar weren't over until 6:00 PM, and from a capacity crowd audience at the start of the day's business, there remained only the Town employees to conclude the agenda.

The first item was to consider plans to complete construction of Duck Island Park at Massapequa and to implement the existing bond issue to finance the cost of proposed construction.

There were several speakers from the assemblage who indicated the drastic need for this improvement. The opposition was in the minority.

The petition of the United Jewish "Y" for a special exception, pursuant to Div. 7, Sect. 317, Sub G of the Building Zone Ordinance TOB in PLAINVIEW, was the prime concern of a large part of the audience.

The petitioner was represented by Jack Coffey, who presented professional witnesses in the form of Traffic Consultants and Real Estate Appraisers.

The application was centered around a new site at the Washington Ave. and Manetto Hill Rd. intersection.

There was little opposition to the application, however, those who spoke requested certain covenants to safeguard the residential area.

Letters To The Editor

Dear Friends:

I hope you all read the excellent article, with vivid pictures entitled "How Will I ever Get Up These Stairs?" appearing in NEWSDAY and written by Mrs. Joan Zarada, a reading specialist in the Glen Cove school system who must use a wheelchair. Mrs. Zarada said, "I miss a lot of meetings I'd like to attend because I can't get in. I'd like to join the camera club, etc. but they meet downstairs. Eliminating architectural barriers wouldn't hurt the rest of the population. Everybody can use a ramp or wide door or elevator." We can be justifiably proud that our community recognizes the need of all its citizens to have full access to our Hicksville Library. They recently voted to use future Federal or state grants to remove all architectural barriers at our Library. Some months ago the Library installed a ramp at its front door and recently installed

a ramp into the fiction room. The Friends of the Hicksville Library were happy to pay the cost of the latter. Please tell anyone concerned that these exist. And thanks to all who continue to donate books for our book sales. Our September sale was a success. We added just under \$300 to our treasury and made lots of book lovers happy with the fine selection. Our next sale will be Feb. 18. We invite your attendance at our meeting on Tuesday, Oct. 25 at 8:15. We will be discussing the art exhibit sponsored by the Independent Art Society which will begin with a reception and tea on November 6 from 3-5 P.M. downstairs at the Library. Mark this on your calendars as a "must see" event.

Dear Editor:

It takes the relentless efforts of dedicated people to make any venture successful. The list of people we want to thank could indeed be endless - for sure our gratitude will be.

We want to take this opportunity to offer our sincere thanks and appreciation to everyone involved for their belief in us and for their generous and continuous support. We could not have done it without you. Thank you.

A HAMBURG SAVINGS BANK DAY OF DEPOSIT TO DAY OF WITHDRAWAL ACCOUNT MEANS CONVENIENCE.

Think hard. Do you really want to tie up your savings for one to seven years? Long-term savings plans, despite their guaranteed rates, create difficulties when you need cash today. Like reduction of interest rates and other penalties that must be imposed for premature withdrawals.

To help you cope, we at Hamburg Savings Bank suggest you visit our Hicksville office and open a 5 1/4 % Day of Deposit to Day of Withdrawal Account.

This account lets you withdraw your money anytime without dividend loss, provided a minimum deposit of \$25 is maintained to the end of the quarter. Keep your dividends on deposit a full year and with daily compounding, your savings will have an annual yield of 5.47%.

Of course, on our Regular Savings Account, 5.47% is the effective annual yield from day of deposit on balances of \$25 or more. You'll also enjoy 10 calendar grace days, beginning each quarter, and 3 business grace days at the end of each quarter.

Remember, if your income and savings attitudes demand higher earnings, Hamburg Savings Bank offers Savings Certificates with guaranteed rates for various maturity periods.

Visit our Hicksville office today and ask about the savings account that earns dividends and makes your funds available for immediate use.

Remember, our depositors have the added advantage of speedy auto-teller service and street-level safe deposit facilities for their valuables.

FREE CHECKING TO DEPOSITORS

We know it's more convenient to spend your money where you save your money. For this reason, we will continue to offer free checking accounts to all depositors.

And for the "plan ahead" families, 1978 Christmas and Chanukah Clubs can be opened at the end of October. Prepare for next year's holiday season with a Hamburg Savings Bank Club Account.

Our Hicksville hours are: Monday thru Thursday, 9 to 3 PM. Fridays to 8 PM. Saturdays, 10 to 3 PM.

Coordinates Blood Drive

Joanne Strow, daughter of Marvin and Celia Strow of Summit Street in Hicksville, was recently the student coordinator of a successful blood drive for the American Red Cross at SUNY Oswego.

In her junior year, Joanne is the chairman of the Community Services Committee for the Field Related Experience Exchange (FREE) Program. The FREE Program gives Oswego college students the opportunity to participate in different internships for practical career experience.

As student coordinator of the blood drive, Joanne helped the American Red Cross raise about 500 pints of blood which are vitally needed by local hospitals in the Oswego-Syracuse area. She was responsible for organizing the drive, working with other student coordinators and volunteers in the FREE Program on publicity and the sign-up for donors.

Her work was praised by Dr. Kenneth Sipser, director of the FREE Program who was very pleased with her effort and accomplishment.

Dropout Program Available

Hicksville Public Schools announces operation of the Dropout Alternatives Program located in the Hicksville Schools Administration Building on Division Avenue. The program is federally funded and consists of a project coordinator, two counselors, and a secretary.

Starting last July the counselors acquainted themselves with vocational, educational, and counseling resources in and around the Hicksville area. In addition, the creation of a job bank was cited as a major goal. Efforts are maintained to keep counselors informed of job openings as soon as they arise. If you are a businessman who has or knows of job opportunities, your interest and participation in the program will be greatly appreciated.

If you are a Hicksville resident who has not yet received a high school diploma and are not currently working towards one, your participation is also sought. Why not call the Dropout Alternatives Program at 733-2085. You can usually reach a counselor between 9 AM and 4 PM.

Concert

The Training Orchestra and the Hicksville Library, announce the second concert in the 1977-78 Sunday Recital Series.

On Sunday, October 30 the program will feature Baritone Peter Maravel in a program of operatic excerpts and art songs. A Juilliard graduate and Fulbright scholar, Mr. Maravel numbers appearances as soloist with the Robert Shaw Chorale.

Actress Jane Powell (center), TV and radio spokesperson for Dry Dock Savings Bank, shares a festive moment with Rexford E. Tompkins (right), president and chief executive officer of Dry Dock, and (from left) television MC Gordon Ramsey and Edward R. Cronin, manager of the new office. The attractive girls holding balloons are Barbara Burdi (left) of Franklin Square and Sheila Klein of Hicksville. The 30-day celebration attracted large throngs to the shopping center where the second of ten international "Islands of the World", Nantucket Island, on the mall just outside Dry Dock's entrance, is scheduled to be completed in early November and famed scrimshaw artists Trudy & Don Angelo taking up residence in the "lighthouse" portion of the "Island". Other exciting new tenants already open at Mid-Island Plaza include My (My Pi) Restaurant, featuring the fabulous gourmet deep dish "Pizza in the Pan" that takes a half hour to bake. Damian Designer Men's Clothes, Buster Brown Shoes and many other new fashion stores either already open or, like fashionable Casual Corner, scheduled to open later this Fall.

Operation VFW

By Lou Palladino

Well, what do you know, three more new Vets. decided to enter our ranks it sounds like an old recording, but we are always so proud to have new men interested enough to be part of our organization. We have two old war horses from W.W. II Armond (Nape) Margiore, and Bob Brower, also a Korean Vet. an old friend of many of us Rich Woodwell. Now that you are part of us, enjoy. While on the subject of membership, we have at least two thirds of the members paid for 1978 we would like to have our 100% before the year is out, it's a very good start, and with a little effort we should be able to do it, so all you comrades who haven't paid and you know who you are, make our job easier, don't wait to be called, send in your dues, otherwise it might slip your mind this is our goal, help us to attain it.

We had a discussion on our Christmas Party. We're still cutting grass, and already this subject is on the floor. One thing is for sure, this year it will be for members and their wives or girlfriends. We don't have anything concrete yet but the

price will be minimal, of this you can be sure.

Our officers and their wives attended a Dinner Dance held by H.A.D. this has been another of our "babies," and they showed gratefulness by presenting our Commander Vinnie Edwards with a beautiful plaque. We have so many plaques because of the fine things we have done for our Community, and we are very proud of them. Aside from the Veterans, the youth of Hicksville is our primary concern. If we can be helpful to one youngster, it makes everything worthwhile.

Our Employment Agency is running smoothly. Keep in mind any veteran in need of a job, pay a visit to the agency and give them your qualifications, and these men will turn everything topsy turvy to help. They too are veterans from our Post, and they realize what the unemployed Vet. is going through. So if you need help, the only way they can be of any assistance is for you to go and ask for it. Possibly a member of a disabled Vets. family can be helped also, try it and find out.

Our Hospital chairman Ray Darnowski has made another

Northport visit. The Ladies Auxiliary are always out there but Ray has asked for more Comrades to attend, and help with the Ward Parties. It will be greatly appreciated.

Letters will be going out for the childrens Christmas Party, so make the job easier for the committee by giving the sexes and the age of the children who will attend. From the looks of thing there are more grand children than children now. I wonder if that's a sign, we're getting older?

Joe Normandy is still working on a deal to get us High school diplomas, without going to classes. Many of you may think that not too many were high school drop outs, but the number is surprisingly high. Many would like to get one but don't have time to attend classes. If this materializes, it will be a great opportunity for all dropouts who are interested.

Artie Fuelling reports Bingo is moving along very well but, you don't have to be told what the but is. That's right in one word (HELP).

The lucky winner of the Post raffle was, (what again) Joe Gilligan.

To Members and their friends our Lounge is opened to you. Mtn. Weds and Sat from 7 P.M. to 11 P.M. and Fri. until 1 A.M. Just thought you might like to know, and we sure would like to see you.

At Suburbia

For the past few months, Suburbia Federal Savings and Loan Association has been making a fantastic offer at various of its branches. With the deposit of \$1000 in a new or existing account, a depositor had the option of purchasing a 12" Philco black and white TV set for just \$59.98 plus tax.

This promotion was so successful and in such demand that Suburbia has decided to go branch-wide with it. Starting September 26th through October 29th, every one of Suburbia's branches throughout Nassau and Suffolk will be making this offer available to its depositors. Suburbia's branches are located in Garden City, Lynbrook, West Hempstead, East Rockaway, East Meadow, Plainview, Patchogue, South Huntington and Kings Park.

Plainview Bowler Richer

Ray Zignan of Plainview, is the latest bowler to throw two perfect strikes on WOR-TV's BOWLING FOR DOLLARS. Ray had his lucky match on Fri., Oct. 7th, and instantly made himself and his Pin Pal, Dorothy Woodring of Catsauna, Pa. richer by \$850, when he sent those Madison Square Garden Pins flying.

Ray tried for a third strike which would have won for him and his Pin Pal a trip to the

French Riviera, but alas, lady luck had moved to another lane. A fourth strike would have netted a new Chevrolet Chevette, but now these goodies will have to wait for another bowler and Pin Pal.

Maybe even for you. After all, there are now 8 chances to win every single night on WOR-TV's BOWLING FOR DOLLARS. Tune-in weeknights at 7 PM and host Larry Kenney will give you complete details.

remember the past. "Sometimes their information is fairly accurate but now and then I hear things that are a bit out of whack. But, I understand, that they weren't as lucky as I was perhaps and they're trying to remember things that happened over twenty years ago.

Joe Laurice remembers.

Dry Dock Savings Bank realizes this and realizes that it is never too early to learn what responsibility is all about. And so in keeping up with the times, with the progress that is made everyday in the field of education, Dry Dock Savings Bank has sponsored a unique puppet show, "Dollar Billy Learns To Grow," a show that teaches children concepts about banking, a fundamental responsibility of every body during the times of their lives.

"What does interest mean, or checking or balance?" An adult could answer those questions, and so could a child if he has seen this super educational puppet show on banking. Developed with over 2500 man hours of work and produced by Mallory Factor Associates, Inc., a New York City based entertainment and public relations firm, the puppet show has benefited many school children in both Nassau and Suffolk Counties.

And seeing this exceptional show at the Dutch Lane Elementary School in Hicksville, one could see just how children would benefit from a performance. For it was not only highly enjoyable, but an excellent tool to teach children about the basic banking concepts and about the many ways in which a savings bank helps people use

PERFECT LOVE

Perfect love cannot be defined by imperfect men. Our world is full of statements of love. We have love songs, love perfumes, love manuals and love stories. Love is a very popular concept. Yet perfect love, the kind that can even cast out fear, is not earthbound. Instead, it is heaven-found.

Perfect love is a love that gives of itself to another person then forgets the favor rendered. It is a love that finds something to love in the seemingly unlovable. It is one that states, "I love you because you need me, and I need to give myself away to people who need help."

Jesus Christ is perfect love. When Jesus Christ is the master of our lives, then perfect love dwells within us. Perfect love is a force within that enables us to be sensitive to the needs of others and to desire to fill them. It is a motivating power that enables us

By The Rev. John H. Krahn

to give strength and peace. It is "you" love rather than "me" love. With a child it says, "I love you and as you grow older I will constantly be loosening the apron string so that you can develop into your own person." With parents it says, "I love you and will try to act in a way to make you proud of me." With a spouse it says, "I love you and I want you to be happy and to achieve the fullest stature of your being." Love is not primarily a result, but a cause. It causes people to grow into happiness. It is not primarily a product, but it produces. It produces fulfilled and whole people.

Perfect love is Christ flowing through us. The secret to perfect love is to have a personal relationship with Christ; to have Jesus Christ, the friend of sinners, as our friend. Receive it today for your sake and for the sake of those around you.

Children at the Hicksville Nursery School although only three and four years old take regular class trips to such places as Filasky's Farm on Rte. 25-A in Muttontown.

At the farm they will see horses and chickens, walk out into the fields to pick their own pumpkins, and finally to view the talking Peter Pumpkin who will lead them in some traditional children's games.

Taking class trips for many children is the only exposure some of the youngsters will have to that particular kind of place.

Other trips taken during the school year include visits to the Museum of Natural History in Seaford, the cow and sheep barns at S.U.N.Y. in Farmingdale, and the dental clinic run by B.O.C.E.S. in Syosset.

THE GOOD OLD DAYS—Mr. Joe Laurice (r), of UNIONDALE, Shows 1st Marine Corps District, Garden City New York Sergeant Major George S. Hines the megaphone that his brother Shorty Laurice used when he founded and led the Brooklyn Dodger Symphony Band in 1937.

Mr. Laurice, a long time friend of 1st District Marines brought his collection of scrapbooks and instruments to show Marines new to the New York area just what a Yankee-Dodgers series used to mean in New York. (Photo By Gysgt. Joe Carr)

The Good Old Days

It's the Yankees and Dodgers in the 1977 World Series and all over New York the talk around town usually centers on the good old days in Brooklyn when the Dodgers played at Ebbets Field and the mention of the word Yankee was considered treason.

Those good old days have passed on and those too young to remember, or new to the New York area, can only wonder what it was like to be a New Yorker during the famous subway series of the late 30's, 40's and early 50's.

U.S. Marines stationed at the 1st Marine Corps District, Garden City, New York are a part of that wondering crowd. Thanks to Joe Laurice of UNIONDALE, names like Hodges, Robinson, Reese and Campanella have a lot more meaning to the Leathernecks, who now have an idea of the history of this World Series.

Laurice, a long time friend of the Garden City based Marines visited the Enlisted Club recently with two scrapbooks tucked under his arm. The books are filled with photos and newspaper clippings of the old Brooklyn Dodgers and their number one fan Jack 'Shorty' Laurice, Joe's older brother who back in 1937 founded the Brooklyn Dodger Symphony Band.

Shorty frequently drove the fans at Ebbets Field almost hysterical with glee with his peculiar band which gave out with trumpet calls, shrill whistles, crude cymbal clashes, and other special cacophony calculated to tickle the ribs of lovers of the more robust form of humor.

Joe, who was a member of the Symphony and later the leader following Shorty's death in 1948, glows when he talks of the good old days. "Those were great

times," he said, "Shorty just had this way about him that seemed to generate good times everywhere he went."

Although the Brooklyn Symphony became as popular as the Dodgers were, it wasn't always that way according to Joe.

"Shorty got the idea for the Symphony back in 1937 while sitting in his seat at Ebbets Field—the same seat he sat in for 28 years, Section 8, Row 12, on the aisle—and he's whistling through his magaphone like always when he runs into this guy with a drum. And that's how the band was formed. Later he picked up a few more 'musicians' (including me on the bugle), and his crew pretended to make music." He continued, "The fans really loved it, but the players from both the Dodgers and visiting clubs complained about it and the first few times the Symphony tried to perform they were unceremoniously ejected from the Park."

Joe said that the Symphony, under the leadership of a persistent Shorty, never gave up their effort to become a part of the Brooklyn Dodgers and his perseverance prevailed in the end. Shorty Laurice and his boys became part of the ball club.

Over the years with the Dodgers, Shorty developed strong friendships with many members of the famed Brooklyn Bums, as they were sometimes called by their faithful fans.

Joe remembers the time that Shorty had Ralph Branca and Jackie Robinson make an appearance at St. Lucy's Church in Brooklyn. "Jackie and Branca signed autographs in books, on baseballs, anything people could find. Shorty was all excited about it because the kids were so happy," Joe said. "That was Shorty's trade mark, he loved people, especially the kids."

Joe said that Shorty's greatest personal interest was the development of underprivileged kids of every creed, color and religion. "When Shorty wasn't at the ball park or at his job with the transit system he was at the Navy Yard Boys Club entertaining the kids with music and baseball stories."

The Dodger organization knew of Shorty's love for the youth of his community and when he passed away in 1948, John Crews and Pee Wee Reese unveiled a plaque placed on a seat in Ebbets Field in his memory. The seat was used by a member of the Navy Yard Boys Club.

Most of Joe's stories of the good old days in Brooklyn center around the escapades of his brother Shorty and the band. But, Joe has memories of his own too. "I remember during World War II while I was going to an Army School near Chicago, the Dodgers were playing the Cubs and Leo Durocher spotted me in the stands in uniform and brought me down into the dugout and I watched the game from there. That was the kind of relationship that developed between the Dodgers and their fans thanks to the Symphony."

What about now? Will the Symphony once again support the Dodgers against their arch rivals the Yankees in 1977? "Not on your life," says Joe emphatically. "It's dead," sighed the last Symphony leader. "It died the day the Dodgers moved West. All the magic and charm of old Ebbets Field, the great Dodger players and Shorty's musical magic took a big piece out of many of us in the Brooklyn area and it will never be the same. I never thought I'd become

One option that costs less this year.

Chase loan prices down This year new car prices are up. But Chase Car Loan prices are down. Down as much as $\frac{1}{2}\%$. So, the '78 Chase Car Loan is one option new car buyers can't afford to ignore.

$\frac{1}{4}\%$ less to start. From now till December 1, 1977, $\frac{1}{4}\%$ off the normal interest rate is standard equipment on every Chase Car Loan.

Up to $\frac{1}{2}\%$ off. If you agree to have your car payments deducted automatically from a Chase Checking Account, Chase will reduce the interest rate another $\frac{1}{4}\%$. In all, you can save $\frac{1}{2}\%$ on the interest rate for your new car loan. That lowers the annual percentage rate on a 4-year Chase loan to a very comfortable 10.90%.

Low payments. For example, if you borrow \$4,000, a Chase 4-year loan and the $\frac{1}{2}\%$ you save can lower your monthly payment to only \$103.18. And over the 4 years the total payments amount to just \$4,952.64.

Take your time. Pick your deal. Once your Chase Car Loan is approved you have the built-in advantage of 100 days to shop around. So, you have the bargaining power.

Drive a bargain. Make sure your new car comes with a '78 Chase Car Loan. It may be the only option that costs less this year. And saving you money is what The Chase Advantage is all about.
