## Old Country Rd. PTA

By Eadie Silverberg

Once Again the PTA at Old Country Road Elementary School is presenting an assembly program for the students. On January 12th, The Learning Guild is bringing its program in the arts and humanities to our school. This program has been presented to more than 88,000 students all through the Northeastern United States.

The program carefully blends live action (performance, monologue and demonstrations) and such innovative multi-media techniques as 16mm film and stereo sound tracks, and dissolving slide presentations. The program also includes audience participation in improvisations on and off stage, as well as actual participation in the performance.

The two portions of the program will be on ARTWORK

and RHYTHMS. Artwork explores the history of art, sculpture and crafts. Students will create their own "slide art" for viewing during the show and create "living" sculptures as they place themselves in silhouette behind a nine by twelve screen. The Rhythms portion will trace the history of music and dance. Selected students play imaginary musical instruments and participate in simple dance moves in silhouette behind the screen.

The PTA has obtained this program through the auspices of the Nassau County Cultural Arts Program, and it is costing us \$180.00 to present this learning experience. When you join the PTA, you are contributing to the cultural and educational growth of your child through such programs as this one.

**NASSAU COUNTY EXECUTIVE:** Nassau County Administrative Judge Paul J. Wilditz administers the oath of office to Francis T. Purcell,

Nassau's fifth county executive, at induction ceremony held Jan. 6 in the Supreme Court Building, Mineola. Over 500 people, including governmental, political

and judicial dignitaries, attended the formal ceremony which also included the induction of M. Hallstead Christ as Nassau County comptroller.

## What Happened At The Community Council Meeting

By Carola Wolf

**Part One of a Two-Part Series**  
 The theme of the January meeting of the Hicksville Community Council was Parks and Hobbies. Tom Clark, Councilman from the Town of Oyster Bay, opened the meeting with a discussion of the progress being made in having the Hicksville Park District's referendum set. The Million Dollar question is how the people of Hicksville will react on voting day. The vote is scheduled for late February or early March, approximately three weeks after the Town Board holds a public hearing on this subject. The Parks brochure is now at the printers and a copy will be made available to all residents of Hicksville soon.

It all began on September 11, 1973, when the Town approved the purchase of a parcel of land on Lee Avenue for the specific purpose of using it for a park. The other parcel is the triangular section, bounded by Old Country Road, New South Road, and Plainview Road. These parcels of land were made to compliment rather than to duplicate one another.

A survey was mailed to all residents asking what should be done with the land. There was a 12% return, considered good, since a return of 10% is con-

### At Fork Lane

The Fork Lane PTA will sponsor a program featuring a representative from the Nassau County Board of Assessors to inform you and answer all your questions about the 100 percent revaluation of our properties.

"Come, and learn all the facts first hand about how your taxes will be affected" urged a PTA spokesperson, that's Tuesday evening, Jan. 24, at 8:00 PM at Fork Lane School.

sidered normal. In the survey, the desire for a pool was evident. A design was formed that included an indoor-outdoor pool, a gym-all purpose room, a senior citizen area, picnic areas, and space for tennis, basketball, horse...oes etc. At the end of 1976, the state granted permission to let the residents of Hicksville decide what they wished to be constructed on the Parks' land. February or March is the goal and in the meantime, small sketches are being made into models to be placed in the local banks for viewing before the vote. The park district encompasses all the residents who are within the boundaries of School District No. 17. They are the ones who will pay the taxes and they are the ones who will be able to use it. There is a Town-wide park in Syosset and one in Bethpage, but ours will be our own.

If the referendum is passed a 30 year bond issue will be floated for the pool while a 10 year issue will be floated for the triangular park. After the first ten years, the cost to the taxpayer will diminish slightly. The newest total updated figure is \$4,111,580. To an individual homeowner with a \$7,000 assessed valuation, the cost per year would be \$23.74. For a homeowner with a \$10,000 assessed valuation, the cost would be \$33.92 a year. This amount buys you the park complex (including pool) at Lee Avenue and the triangular park on Old Country Road and South Oyster Bay Road.

Maintenance and the operation of the pool complex would be paid for in seasonal or yearly fees, paid by those families who wish to subscribe to membership. To give us an example, Tom Clark quoted figures from the Echo Park-Pool Complex in West Hempstead (It is to be remembered that these are not the figures for Hicksville). At Echo Park, year-round membership for the family costs \$175 and for the individual the total is \$90. Seasonal (Spring, summer or winter) is \$65 for the family and \$35 for single membership.

There are nine people in the

area on the Parks Task Force and they will be visiting various meetings within the area. If your group wishes to have the Parks Task Force discuss the upcoming vote within the next two months, please feel free to call Tom Clark at Town Hall. He will be glad to set up an appointment.

The floor was then opened up for a question and answer period. Charlotte Krumb asked if any provisions are to be made for the High School swimming team and will the School District pay the students fees? At the present time, there are 4 teams in Hicksville that are farmed out and Tom Clark said that in off-hours, the teams might be able to use it. Bill Thomas, a member of the Parks Task Force mentioned that if teams want to use the pool, they might have to rent it to pay for the maintenance. When our swim teams go to another pool, they have to pay a fee.

Tom Clark said that there is a possibility of a Federal Grant for Solar Heating in which the federal government would pay half of the cost of installation. If that became a possibility, it would reduce the cost of maintenance.

Murray Margolis spoke in favor of the pool. He mentioned that when the High School was being built, it would have cost the taxpayers \$40,000 for a pool but they turned it down. Now the cost has escalated 100% and if we want a pool, we should note for it now, because prices keep going up. We now have teams, and it is important for the teams to have a place to swim. He asked what the capacity of the pool would be? Mr. Clark did not know, but mentioned that the pool was Olympic size.

Another question was asked about tennis. Mr. Clark mentioned that tennis has become so popular, it might just be for members. There would be staff available at all times and the pool complex might be open until 10 or 11 at night.

Three senior citizens have now joined the task force and there is a possibility that the Senior

# News From The Galileo Lodge

Renzo Anzidei, father of Fabio, the 8 year old youngster from Rome, Italy who entered St. Francis Hospital for open heart surgery under the 'Gift of Life' program, attended the social meeting of the Galileo Lodge recently.

Mr. Anzidei, in a short but emotional speech, thanked the Galileo Lodge for the role it played in making his family's stay in America a pleasant one. Mr. Anzidei, who is presently residing at a motel in Manhasset, also thanked the Lodge for paying his bill which was in excess of \$200.

Tony Monteforte, the Venerable of the Galileo Lodge, presented the youngster with a toy truck, much to his delight. The Anzidei family, were guests at Venerable Tony Monteforte's home for the Christmas holiday. Their departure for home was set for Wednesday, the 28th of December, and the members of the Galileo Lodge who first greeted the Anzidei family escorted them to Kennedy airport for their flight home.

Of course, the most wonderful news of all is that young Fabio Anzidei will not need open heart surgery. A group of 15 consulting physicians from the St. Francis Hospital staff, with the information revealed by a special process that photographs the heart, have decided that the small hole found in this young patient's heart will heal itself in time. Young Fabio will go home and lead a normal and healthy life.

The Lodge 'o be sure, is proud to be a part of this 'Gift of Life Program', as well as it is proud to be able to act as host of this nice family from Italy.

Among the members of the Galileo Lodge who perform far beyond what is normally expected of them, we come upon the name of Sam Cristiani. Sam Cristiani, an electrician by trade but not retired, is responsible for the electrical work which actually saved the Galileo Lodge thousands of dollars. The tremendous scope of his work made it possible for the Lodge to pay other outstanding bills which were encountered during the renovation program to improve

its interior.

Sam Cristiani, like so many other stalwarts of the Lodge, is oblivious to the time and effort he expended, and they were considerable. Like the others, he measures such services in terms of achievement and accomplishment. He is also an active member, one who attends all affairs and functions the Lodge is associated with. He is a firm believer in the principles and ideals of the Galileo Lodge. His loyalty is staunch and his dedication is steadfast, a fact which Tony Monteforte, the Venerable, and all the membership firmly acknowledge.

## Sports Night

The 18th annual Levittown Sports Night will be held in the Island Trees High School auditorium Saturday night, January 28th, it was announced yesterday by Levittown-Island Trees Youth Council chairman, Fred Neist, and program chairman, Hy Krasney. Frank Eck of Cold Spring Harbor, former AP Newsfeatures Sports Editor, will direct and MC the program for the 18th time.

William Loughlin, vice president and manager of The Williamsburgh Savings Bank's Levittown office, announced that the bank is assisting the 5,000-

member Youth Council for the 18th year. This marks the second straight year Island Tress High will be used mainly because it can seat 1,000 youngsters and parents.

Plans are practically complete for the appearance of one of baseball's super stars who will be seen in the World Series color film to be shown free of charge. Free tickets for the two-hour program starting at 7 pm will be distributed early in January.

The World Champion New York Yankees and New York Mets will be well represented.

Youth Council officials

assisting Neist and Krasney on the elaborate program are vice chairman, Dolph Queripel, treasurer Bill Mueller, secretary Bob Ardinger and special events chairman Ed Price.

Question cards will be available through Youth Council officials and coaches. The question cards are used to select the winners of valuable prizes which in the past have included a Johnson outboard motor, two bicycles, bats, balls, gloves, fishing tackle and bowling balls. Last winter, Yankee playoff star Chris Chambliss was honored.

Nassau County Executive Francis T. Purcell welcomes Commissioner of Parks and Recreation Abram Williams (left) and Director of Human Rights Commission James Rice (right) both of Hempstead to his administration following official swearing-in ceremonies at the County Executive Building in Mineola.

Purcell advised all his commissioners that his will be an open administration which will work to solve the problems of Nassau's residents.

## "Suburban Areas Have Needs, Too," Wydler

Throughout the summer and fall, officials of several federal agencies have been meeting regularly to develop a national urban policy for the Carter Administration.

On November 15th, a 150-page "discussion draft" emerged which proposes to redirect domestic federal policy and resources exclusively toward central cities and their residents. This exclusive channeling of federal dollars to the central cities can only come at the expense of suburban communities.

One program that would be affected by such a policy change is Countercyclical Revenue Sharing - a program that has provided Nassau County almost \$5 million since July of 1976.

What I find so disturbing about the prospect of tilting existing domestic aid programs to benefit the central city is the presumption by the proposal's sponsors that needs exist only in the central city. These officials are implying very strongly that residents of areas other than "distressed cities" have few, if

any, needs requiring federal attention. Also, since the suburban areas would receive less than their fair share of federal aid, the suburbs would have to increase their local taxes to fund new programs.

In my opinion, the facts do not support the arguments favoring more federal aid to the central cities. They are not the only jurisdictions showing evidence of fiscal distress. Many of our suburban communities are operating on budgets which are balanced just as precariously as those of the big cities and, just as in the cities, many suburban residents - such as the elderly - have special needs.

To represent the interests of suburban communities, I joined with other Congressmen from suburban areas in forming the Suburban Caucus in the Congress. This is a bipartisan and vigorous effort to provide real political muscle for the suburbs in order to defend their legitimate interests against such anti-suburban policies.

## Senior Citizens Property Tax Exemption Applications Available

Application for the senior citizen property tax exemption program are now available from the Nassau County Board of Assessors according to Board Chairman Abe Seldin.

"The legal filing period for the senior exemption applications begins January 1, and extends until May 1, 1978," stated Seldin. "The exemption would affect the 1978-79 school tax and the 1979 county and town tax."

Under the guidelines established by the State Legislature and adopted by Nassau County, its three towns and 62 school districts, senior citizens who have owned their

own home for two years or more; have an income of \$7,200 or less (including Social Security) and satisfy other basic requirements are eligible to receive a 50% reduction in their county, town and school taxes but not those levied by special districts. (For school taxes the income limitation has been set at \$7,200 by most local school boards. Boards have set a \$6,500 limit in the Garden City, Rockville Centre, Valley Stream (24), Glenwood, Glen Head, Sea Cliff and Plainedge school districts. The Long Beach school district income limit is at \$5,000.)

Application for the exemption

must be made each year. However, the Department of Assessment automatically mails renewal forms to all seniors who have received the exemption the previous year. For the 1977-78 assessment year 11,672 senior citizens are receiving the property tax exemption.

A free brochure explaining the senior citizen property tax exemption program and the necessary application can be obtained by contacting the Nassau County Board of Assessors, Senior Citizens Division at 240 Old Country Road, Mineola, N.Y. 11501 or by calling 535-2377.

## Unnecessary Delays In Calverton Cemetery Opening

Accusing the Veterans Administration of "bureaucratic bungling," Congressman Norman F. Lent asked the House Veterans Affairs Committee to investigate "a most critical situation" created by a six month delay in the opening of a new National Cemetery at Calverton, Long Island. In a letter to Committee Chairman Ray Roberts (D-Tex.), requesting the committee action, Lent cited V.A.'s broken promises in the development of the new cemetery.

"We were sure assured the V.A. would be able to secure title to the land by April, 1977," Lent told Roberts. "Title to the land did not, in fact, pass to the V.A. until November. The V.A. assured us it would prepare a

Draft Environmental Impact Statement by February, 1977. The draft statement was not ready until June, and the final E.I.S. was not completed until late in 1977. The V.A. assured us a public hearing on the cemetery would be possible by April, 1977. The public hearing was not held until mid-July.

"The Veterans Administration is now claiming it cannot open this new National Cemetery at Calverton until September, 1978 at the earliest. But the V.A. also says that the existing National Cemetery at Farmingdale, N.Y. (Pinelawn) must be closed to new interments in February of 1978. Pinelawn is now accommodating some one thousand interments per month. The V.A. says it can

do nothing to assist the thousands of veterans' families in the New York area who will face the problem of finding burial space between February and September, beyond providing the customary \$150 burial benefit. The V.A. says the veterans' families will either have to find expensive cemetery space in the New York area, or will have to use the nearest open National Cemetery. The V.A. informs me that the nearest open cemetery is at Bath, N.Y., 222 miles from Long Island, and that it has room for fewer than 500 interments. The V.A. says the next nearest open National Cemetery is in North Carolina, more than 600 miles away, and families will have to bear transportation expenses in most cases.

## Set Hearing On Child Protection

As mandated by the New York State Child Protective Services Act of 1973, a Public Hearing will be held at 2:00 P.M. on Tues., Jan. 17 for the purpose of reviewing the local plan for Child Protection to be submitted to the New York State Department of Social Services by the Nassau

County Department of Social Services, 3rd floor, 900 Ellison Ave., Westbury.

Testimony is invited from all individuals and/or organizations having concern for the protection of children who are allegedly or actually neglected and/or abused by their parents or guardians.

"If you, or your organization, wish to testify at the January 17 Public Hearing, please contact: Protective Services Section

Nassau County Department of Social Services  
900 Ellison Avenue  
Westbury, New York 11590  
phone 832-2775," said Commissioner Joseph D'Elia.

It is requested that all testimony be limited to no more than ten minutes in order that everyone who wishes to testify may be heard. Duplicate copies of testimony are requested for submission on the date of the hearing.

## Legal Secretaries To Meet

Mrs. Rose Mary Withun of Hempstead, President of the New York State Legal Secretaries Association, will preside at the Quarterly Meeting of the Board of Governors to be held at Saratoga Springs, on January 27, 28 and 29, at the Holiday Inn.

Members from 21 county chapters will gather for the state meeting, which has "A Winter Wonderland" theme. Among the items to be discussed is the state-wide seminar to be held March 11, 1978 at the General Electric Management Institute at Crotonville. Topics to be presented there will include the New Tax Law on Estates, and the Selection of a Jury.

Also attending will be Mrs. Elizabeth Heggie, of Franklin Court East, Garden City, Executive Secretary of the association.

New York State Association of Legal Secretaries is affiliated with the National Association of Legal Secretaries a professional organization with a membership of over 23,000, whose main goal is to increase the knowledge and efficiency of its members and to promote a high standard of professional ethics.

William Loughlin, vice president and manager of The Williamsburgh Savings Bank's Levittown office, announced that the bank is assisting the 5,000-

member Youth Council for the 18th year. This marks the second straight year Island Tress High will be used mainly because it can seat 1,000 youngsters and parents.

Plans are practically complete for the appearance of one of baseball's super stars who will be seen in the World Series color film to be shown free of charge. Free tickets for the two-hour program starting at 7 pm will be distributed early in January.

The World Champion New York Yankees and New York Mets will be well represented. Youth Council officials

assisting Neist and Krasney on the elaborate program are vice chairman, Dolph Queripel, treasurer Bill Mueller, secretary Bob Ardinger and special events chairman Ed Price.

Question cards will be available through Youth Council officials and coaches. The question cards are used to select the winners of valuable prizes which in the past have included a Johnson outboard motor, two bicycles, bats, balls, gloves, fishing tackle and bowling balls. Last winter, Yankee playoff star Chris Chambliss was honored.

## Senior Citizens Property Tax Exemption Applications Available

Application for the senior citizen property tax exemption program are now available from the Nassau County Board of Assessors according to Board Chairman Abe Seidlin. "The legal filing period for the senior exemption applications begins January 1, and extends until May 1, 1978," stated Seidlin. "The exemption would affect the 1978-79 school tax and the 1979 county and town tax."

Under the guidelines established by the State Legislature and adopted by Nassau County, its three towns and 62 school districts, senior citizens who have owned their own home for two years or more, have an income of \$7,200 or less (including Social Security) and satisfy other basic requirements are eligible to receive a 50% reduction in their county, town and school taxes but not those levied by special districts. (For school taxes the income limitation has been set at \$7,300 by most local school boards. Boards have set a \$6,500 limit in the Garden City, Rockville Centre, Valley Stream (24), Glenwood, Glen Head, Sea Cliff and Plainedge school districts. The Long Beach school district income limit is at \$5,000.) Application for the exemption

must be made each year. However, the Department of Assessment automatically mails renewal forms to all seniors who have received the exemption the previous year. For the 1977-78 assessment year 11,672 senior citizens are receiving the property tax exemption. A free brochure explaining the senior citizen property tax exemption program and the necessary application can be obtained by contacting the Nassau County Board of Assessors, Senior Citizens Division at 240 Old Country Road, Mineola, N.Y. 11501 or by calling 535-2377.

Purcell advised all his commission members that his will be an open administration which will work to solve the problems of Nassau's residents.

## Unnecessary Delays In Calverton Cemetery Opening

Accusing the Veterans Administration of "bureaucratic bungling," Congressman Norman F. Lent asked the House Veterans Affairs Committee to investigate "a most critical situation" created by a six month delay in the opening of a new National Cemetery at Calverton, Long Island. In a letter to Committee Chairman Ray Roberts (D-Tex.), requesting the committee action, Lent cited V.A.'s broken promises in the development of the new cemetery. "We were sure assured the V.A. would be able to secure title to the land by April, 1977," Lent told Roberts. "Title to the land did not, in fact, pass to the V.A. until November. The V.A. assured us it would prepare a

Draft Environmental Impact Statement by February, 1977. The draft statement was not ready until June, and the final E.I.S. was not completed until late in 1977. The V.A. assured us a public hearing on the cemetery would be possible by April, 1977. The public hearing was not held until mid-July. "The Veterans Administration is now claiming it cannot open this new National Cemetery at Calverton until September, 1978 at the earliest. But the V.A. also says that the existing National Cemetery at Farmingdale, N.Y. (Pinelawn) must be closed to new interments in February of 1978. Pinelawn is now accommodating some one thousand interments per month. The V.A. says it can

do nothing to assist the thousands of veterans' families in the New York area who will face the problem of finding burial space between February and September, beyond providing the customary \$150 burial benefit. The V.A. says the veterans' families will either have to find expensive cemetery space in the New York area, or will have to use the nearest open National Cemetery. The V.A. informs me that the nearest open cemetery is at Bath, N.Y., 282 miles from Long Island, and that it has room for fewer than 500 interments. The V.A. says the next nearest open National Cemetery is in North Carolina, more than 600 miles away, and families will have to bear transportation expenses in most cases.

## "Suburban Areas Have Needs, Too" - Wydler

Throughout the summer and fall, officials of several federal agencies have been meeting regularly to develop a national urban policy for the Carter Administration. On November 15th, a 150-page "discussion draft" emerged which proposes to redirect domestic federal policy and resources exclusively toward central cities and their residents. This exclusive channeling of federal dollars to the central cities can only come at the expense of suburban communities. One program that would be affected by such a policy change is Countercyclical Revenue Sharing - a program that has provided Nassau County almost \$5 million since July of 1976. What I find so disturbing about the prospect of tilting existing domestic aid programs to benefit the central city is the presumption by the proposal's sponsors that needs exist only in the central city. These officials are implying very strongly that "distressed cities" have few, if

any, needs requiring federal attention. Also, since the suburban areas would receive less than their fair share of federal aid, the suburbs would have to increase their local taxes to fund new programs. In my opinion, the facts do not support the arguments favoring more federal aid to the central cities. They are not the only jurisdictions showing evidence of fiscal distress. Many of our suburban communities are operating on budgets which are balanced, just as precariously as those of the big cities and, just as in the cities, many suburban residents - such as the elderly - have special needs. To represent the interests of suburban communities, I joined with other Congressmen from suburban areas in forming the Suburban Caucus in the Congress. This is a bipartisan and vigorous effort to provide real political muscle for the suburbs in order to defend their legitimate interests against such anti-suburban policies.

## Set Hearing On Child Protection

As mandated by the New York State Child Protective Services Act of 1973, a Public Hearing will be held at 2:00 P.M. on Tuesday, Jan. 17 for the purpose of reviewing the local plan for Child Protection to be submitted to the New York State Department of Social Services by the Nassau

County Department of Social Services, 3rd floor, 900 Ellison Ave., Westbury. Testimony is invited from all individuals and/or organizations having concern for the protection of children who are allegedly or actually neglected and/or abused by their parents or guardians. If you, or your organization, wish to testify at the January 17 Public Hearing, please contact: Protective Services Section

Nassau County Department of Social Services, 900 Ellison Avenue Westbury, New York 11590 phone 832-2775," said Commissioner Joseph D'Elia. It is requested that no more than ten minutes in order that everyone who wishes to testify may be heard. Duplicate copies of testimony are requested for submission on the date of the hearing.

## Legal Secretaries To Meet

Mrs. Rose Mary Withun of Hempstead, President of the New York State Legal Secretaries Association, will preside at the Quarterly Meeting of the Board of Governors to be held at Saratoga Springs, on January 27, 28 and 29, at the Holiday Inn. Members from 21 county chapters will gather for the state meeting, which has "A Winter Wonderland" theme. Among the items to be discussed is the statewide seminar to be held March 11, 1978 at the General Electric Management Institute at Crotonville. Topics to be presented there will include the New Tax Law on Estates, and the Selection of a Jury. Also attending will be Mrs. Elizabeth Heggie, of Franklin Court East, Garden City, Executive Secretary of the association. New York State Association of Legal Secretaries is affiliated with the National Association of Legal Secretaries a professional organization with a membership of over 23,000, whose main goal is to increase the knowledge and efficiency of its members and to promote a high standard of professional ethics.

John W. Wydler, Republican member of the House of Representatives from Long Island's fifth congressional district, recently visited his midshipman constituents at the U.S. Merchant Marine Academy. Seated on the Academy's Congressional Board of Visitors, Wydler annually participates in an inspection of Kings Point's maritime officer training facilities and meets with midshipmen from his home district.

## Dear Friends . . .

At this time we extend best wishes for a most productive term of office to our new County Executive Francis Purcell and our County Comptroller M. Hallsted Christ, who were both inducted on Jan. 8th, in a most impressive ceremony held in the Supreme Court Building in Mineola. Both of these men are proven leaders in their field. We know that they are aware of the many challenges and problems which confront all of us in Nassau County. We also believe that they look, not only to the experts in many fields which they can hire for information, but also upon you, all our County residents, for your views and opinions on subjects over which they may be called upon to act. For government on any level is always a two-way street. A letter or phone call from you will not go unanswered...in fact it will be appreciated as another viewpoint which is important to men who truly govern so that they can be better prepared to serve all residents. We all know that there is no way to please everyone. But knowing the honest opinions of as many as possible makes decisions easier for those who are elected to serve us.

The Woman's Forum of Nassau County, an organization founded in 1944 by its Honorary President the Hon. Elizabeth Bass Golding, will meet on Thursday January 19th at the Rosemary Kennedy Centre Division of Special Education of the Board of Cooperative Educational Services at 2850 North Jerusalem Road in Wantagh at 10:15 am. They will tour the facility, see classes in-action and hear a talk on the School's objectives. The meeting is open to the public and admission is free. Mrs. Carl E. Colsen of Merrick is the present president of this active organization and may be contacted at FR 9-7329 for further information.

Changing the subject considerably, here is some news for pet lovers... Sunday, Feb. 5 is the date set for the Mid Island Kennel Club Puppy Show at the Veterans Memorial Coliseum from 8:30 am to 6 pm. This is one you won't want to miss.

It may be just the straw that broke the camel's back, but when Sec'y of HEW Califano stated this week that he is about to spend \$23 millions of OUR HARD EARNED TAX DOLLARS, to fight cigarette smoking, we for one did a fast burn. We know that there are excellent programs on this subject in all of our schools at the junior and senior high level.... we know that the warning is on each package of cigarettes.... we know that cigarettes are highly taxed already. But to take so much from the already overburdened middle-income taxpayer for additional programs that can only cover the same ground, shows a complete insensitivity on the part of Mr. Califano and his advisors. ONLY \$23 million... When will our elected representatives and those they appoint to office get the message that higher taxes on the shoulders of the great middle class of working citizens (who incidentally pay most of our taxes today in one way or another) is unthinkable. Unless it can be proved that every cent of this \$23 million will come from additional taxes on cigarettes, we are absolutely opposed to this proposed program.

In the completion of its annual Christmas community service, the Rotary Club of Hicksville has scheduled Jan. 14th, this Saturday, at 9:30 a.m. as the time to dismantle the community Christmas tree which they and some members of the Kiwanis Club of Hicksville decorated for us on a cold wintry day in December. Thank you gentlemen...this does not go unnoticed.

A shamrock earring with three green stones was found at the Hicksville Library after the Jan. 5 Hicksville Community Council meeting. An inquiry at the Library will tell you where to pick it up.

That's all for this week. In closing we'd like to advise you to read Carole Wolf's story of the Community Council meeting, particularly as it relates to the proposed parks referendum which is being worked on at present for your consideration in the next few months. We will of course be bringing you detailed information as the referendum date communitly on the subject. But there is much more we have to know in order to make a sensible decision on this important matter. It's not going to be an easy decision.

## A Message From Our Town Supervisor

The continuing activities of the Town's Bicentennial Commission reflect upon the era of our nation's struggle to establish independence, and also engender interest in and recognition of the entire history of Our Town.

This year marks Oyster Bay's 325th anniversary, and the Commission is serving as the catalyst and sponsor for a full year of commemorative activities. One of them, a contest, will commence later this month.

Previous contests conducted by the Commission proved to be successes that involved many students throughout Oyster Bay, a fact that is largely attributable to the cooperation of school administrators and teachers. This year's contest, entitled "Oyster Bay - 325 Years of History" will

again be open to students and will also offer competition in adult and senior citizen categories. Local libraries are joining with the Commission and school districts to assure wide distribution of contest materials and to encourage the participation of all interested residents.

Bona fide full-time students residing in or going to school in the Town may enter either the elementary (grades 3-6) junior high school (grades 7-9), high school (grades 10-12) or college (including graduate students) categories, while Town residents between the ages of 18-55 may enter the adult division, those over 55 the senior division. Residents can test their

knowledge and skills by submitting posters, photographs, essays or poetry that falls within the general theme outlined in contest guidelines.

The Commission will suggest a number of ideas in its prepared materials, but all are encouraged to submit their own topics in the general theme of Oyster Bay's history.

The contest can be informative, interesting and challenging - and, perhaps, you might win a cash prize or other award for your effort. For further information contact the Bicentennial Commission by calling 922-5800, extension 308 or write to the Commission at Oyster Bay Town Hall, Audrey Avenue, Oyster Bay, New York 11771.

## A Message From Our County Executive

A few weeks ago, an independent opinion poll confirmed what I found out for myself as I traveled throughout Nassau County last year: The people of our county like the place where they live. They like their homes, their schools, their neighborhoods, their communities, their beaches, their recreational facilities. They even like their system of local government. Most of them think that there are few better places anywhere in the United States in which to live and work and raise a family.

That does not mean that we do not have problems. We do. But there have always been problems and there always will be. What makes the difference between success or failure is how we react to our problems. Down through history, the people living in every age and in every place have always thought that their particular problems were the toughest ones ever faced by mankind. The pessimists of every age have concluded that their problems were insurmountable.

So they gave up. But the optimists took the problems as challenges, and they went to work and solved them.

I am an optimist, and I have tried to put together an administration of optimists, an administration of doers. Our job in the new county administration that took office last week is not to talk about problems but to solve them; not to throw up our hands but to roll up our sleeves; not to despair but to have confidence that we can find the right answers if we have the courage to ask the right questions.

Government does not exist in a vacuum. The only reason it is in business is to serve the people, so it has to be a two-way street, with elected officials able to talk to the people and the people able to talk to elected officials. The people will be hearing a lot from me over the next four years as we work to

gether to solve problems. But I want to hear from the people, too. I want to hear the views and opinions of the businessman and the housewife; the young and the old; the rich and the poor and the middle class; Republicans, Democrats, Conservatives, Liberals and independents. No one party and no one group has a monopoly on brainpower or on concern for our county. It will take all of us, working together, to make Nassau County an even better home for all of us.

The four years ahead will be exciting ones, challenging ones. But not just for government officials. The people have a vital stake in our future. You know what kind of community and what kind of county you want to leave to your children. I hope you will never be bashful about telling us.

## Good News At Holy Trinity

The Final Mortgage Payment is exchanged for Satisfaction Papers in this picture. We see (l. to r.) Mr. Arthur Glinnever, Mrs. Floyd York, the Rev. Domenic Ciannella and Mr. Floyd York, president of the Roslyn Savings Bank.

Holy Trinity Episcopal Church, Hicksville, begins 1978 on a jubilee note. For the first time since 1963 when the new Church edifice was completed, the congregation entered the New Year free of mortgage payments.

The ceremonial burning of the mortgage provided an extra highlight on Christmas Eve. The congregation's hallmark for 1978 is Church growth through ministry and mission. Leading the congregation is the newly constituted Vestry where Mr. Briggs Spach and Mr. Guy Davids are Wardens and Mrs. Evelyn Bolto, Mrs. Jeanne Farrow, Mr. Roy Fink, Mr. Irvin Homer, Mr. Harold Johnson, Mr. Joseph Kuzinski, Mr. James

Marino, Mr. Adelbert Mentnech, and Mr. John Towle are Vestry members. The congregation looks forward to May 21, 1978 when The Right Reverend Robert C. Wicher will visit Holy Trinity Church for its Consecration.

In line with their new year's program, The Rev. Domenic K. Ciannella, Rector, is offering a series of seminars on "The Church and Ministry" on Tuesday evenings at 8:00 P.M., beginning January 24. The overall intention of these seminars is to apply Christian teaching to Christian living and Christian service. Members of the community are invited to attend these seminars.

### Holy Family News

Holy Family School of Hicksville, is proud to announce the opening of their new kindergarten program in the fall of 1978.

Registration for all those wishing to enroll their children, will be held the week of January 30 thru February 3, 1978. The tuition will be \$25.00 per month.

Upon registering your child, a materials fee of \$20.00 will be accepted. This fee is non-refundable.

Please register as soon as possible during the enrollment period as space is limited. Those wishing further information about the program may contact the school between 9:00 A.M. and 3:00 P.M. Monday thru Friday at 938-1211.

### Receives Scholarship

Helen Mascha of Willet Ave., a senior at Hicksville High School, was awarded the highest scholarship from the Katherine Gibbs School of Huntington. The award was presented by Ms. Nancy Phagan, Admissions Representative, on Monday, December 19th.

# What Happened At The Town Board Meeting

By Gerry Kahn

Bertram Corin presented the case for the petitioner, Fams Enterprises, Ltd. for a Special Exception to the Building Zone Ordinance T.O.B., the first item on the agenda at the Town Board Meeting held on Tuesday, January 10th.

The property under consideration is on the N/ S of Old Country Rd., between Passadena and Orchard Streets in Plainview, currently zoned Bus F, which would permit the construction of an office building limiting the height to 35 feet. The applicants' petition was for permission to construct 11 homes (10 2-family and 1 single family residence.)

Mr. Burt Nelson, a professional Real Estate Appraiser, spoke at length on the item and stated professionally that the homes if granted will in no way affect the present traffic count at any peak hours, they will enhance the property that presently is a dumping ground and a community eyesore, and the homes will increase the present tax role by at least \$33,000.00.

Carol Eisenstein, President of the Greater Plainview Civic Association and Carol Fishman, a civic leader from Plainview spoke in opposition to granting this petition.

Natalie Fishbine, a resident in close proximity to the site was in favor of the petition.

Councilman Mosca summed up the situation by stating that the choice is either an office building with a possible 35 foot height and a maximum of parking area with the possibility of an affective increase in traffic or eleven homes with lawns and gardens and certainly an appearance that would do more to preserve the suburbia climate than an office building.

The second item was an amendment to the Code of Ordinances T.O.B., Traffic Controls, whereby T.O.B. was given authority to enforce Fire Zones and No Parking Zones in Hospital and Shopping Center Parking Fields.

The third and fourth items on the calendar were annual renewals of fire hydrants by various fire districts.

An amendment to the Code of Ordinances T.O.B., Parks and Recreation, "Political Activity Permitted" was the fifth Hearing of the day.

This item resulted from the continued efforts of Judy Jacobs for a "fair play" campaigning status for all candidates.

Mrs. Jacobs thanked the Board for their action but felt that the prohibited passing out of printed matter in the pool area was unconstitutional and that the wearing of bathing attire in the pool area was too restrictive.

Michael Polansky followed

Mrs. Jacobs to the rostrum and discussed the constitutionality of the amendment stating that the passing out of circulars and/or other printed matter in the pool area could not constitute litter and that litter itself could not be the excuse for the law. He stated that prior to the next election he would personally campaign for the candidate of his choice and will without the slightest hesitation challenge the law by distributing printed matter in the pool area. At this point the Board led by Supervisor Colby agreed that certainly such action would be a method of final determination.

The following Hearing was a proposed amendment to the Code of Ordinances T.O.B. "Signs".

Judy Jacobs commented on the various signs on Woodbury Rd., stating that the Geico Signs were in good taste if nothing else, however the recent signs erected weren't in the best interests of the community. Carol Fishman thanked the Board for having passed what she considered a decent sign ordinance and Michael Polansky commented on the sign amendments as well.

The balance of the agenda was passed in swift succession and the meeting concluded at 1:18.

There was no informal discussion at the conclusion of the formal meeting.

## Hero Fireman Receives Commendation

Almost a year ago, twenty-year-old fire lieutenant Mike Brocato risked his own life to rescue an elderly woman from a burning second-floor bedroom window on Central Park Road in Plainview. After saving the victim, Brocato leaped from the window to the ground below, only moments before he would have been overcome by the intense heat and smoke.

Recognizing the heroic act of this young volunteer fireman, Plainview's American Legion Post No. 1812 has presented to Lieutenant Brocato the first commendation plaque to be awarded in the Legion Post's history.

Quietly, almost without comment, Brocato accepted the award and thanked Post Commander Jack Brush for the Post members' thoughtfulness. His actions had spoken; no words were needed.

In addition, plaques were presented to Chief Donatus Badia, 1st Deputy Chief Rick McCauley and 2nd Deputy Chief George Pellerito in appreciation of their hard work and dedication

Receiving plaques from American Legion Post 1812 Commander Jack Brush are (l. to r.) 2nd Deputy Chief George

Pellerito, 1st Deputy Chief Rick McCauley, Commander Brush, Chief Dan Badia, Lieutenant Michael Brocato.

to helping the Plainview community. Presenting these plaques for American Legion Post 1812 were Ed Ryan, 1st Vice Commander, Bob Reynolds, 2nd Vice Commander, and Rich Branigan, 3rd Vice Commander.

## Cancel Skate Sessions

The Thursday evening dance skate sessions at the Cantiague Park ice rink in Hicksville have been cancelled by the Nassau County Department of Recreation and Parks.

The cancellation was necessary for economic reasons, since attendance was too low to warrant keeping the rink reserved for this purpose.

## A Visit To A Vineyard

On December 16, the French Club at the Hicksville Senior High School, their advisor Mr. Richard Gentile and chaperones Mrs. Nealon and Muller, visited Hargrave Vineyards in Cutchogue, Long Island.

The group spent about two hours with the Hargraves learning about the various types of

wine, the wine making process and touring the vineyards. It was learned that the Hargraves were the only vineyard on the East coast specializing entirely in French grapes - Cabernet Sauvignon, Pinot Noir, etc.

All in all, it was a very interesting trip, both educational and enjoyable.

## Our Armed Forces

Airman James J. Mahoney, son of Mr. and Mrs. James Mahoney of Indiana St. in HICKSVILLE, has graduated at Sheppard AFB, Tex., from the U.S. Air Force technical training course for aircraft maintenance specialists.

The airman is a 1977 graduate of Chamaine High School in Mineola.

Airman Thomas J. Reilly, son of Mr. and Mrs. Thomas Reilly of Spindle Road, in HICKSVILLE, has been selected for technical training at Chanute AFB, Ill., in the Air Force aircraft maintenance field.

Airman Reilly is a 1975 graduate of Hicksville High School.

"It was challenging and I would like to do it again" in-

dicated Private Josef J. Rosenfeld, son of Mr. and Mrs. Jay B. Rosenfeld, 4 Judith St., Plainview, N.Y., who recently received a Parachutist Badge upon completion of the three-week airborne course at the U.S. Army Infantry School, Ft. Benning, Ga.

During the first week of training, students undergo a rigorous physical training program and receive instruction in the theory of parachuting. The second week they receive practical training by jumping from 34-foot and 250-foot towers. The final week includes five static-line parachute jumps.

Pvt. Rosenfeld entered the Army in July of this year.

He is a 1977 graduate of Plainview Old-Bethpage High School.

# St. Ignatius CYO Basketball

**By Don Lynam**  
Action in the St. Ignatius C.Y.O. Boys' Basketball Program is now in full swing after the holiday lull. The only activity during the holidays was the John Sheehan Tournament

for 5th-6th grade teams. Twenty teams participated in the tournament, 9 from St. Ignatius, 7 from Holy Family, and 4 from Our Lady of Mercy. The Rockets were the tournament champions with the Bulls finishing second

and the Jazz finishing third. The top four finishers were from the St. Ignatius Program. John Rogers of the Rockets was chosen most valuable player for the tournament.

In the Third Grade League, the Tigers and Panthers are tied for first place only one game remaining in the first half of the season. This game, scheduled for next week between the Tigers and Panthers will decide the winner of the first half of the season. In the Fourth Grade League the Knicks remain leaders with a record of 7-1. The first half of the season has been completed for the 5th and 6th Grade League with the Jazz and Pistons tied for first place with records of 7-1. A playoff game will determine the winner of this league for the first half of the season.

UCLA continues to lead the 7th-8th Grade League with a record of 6-0 with Kentucky in close pursuit at 5-1.

In the Tyro League the Boilermakers remain undefeated with four wins while the Gophers are at 3-1.

The race in the Senior Division is also very close with identical 3-1 records for the Blue Devils, Tar Heels, and Wolfpack. Results for the past weekend along with some of the leading scorers and league standings are as follows:

**Third Grade League:**  
Wildcats - 21 (Roth - 6, O'Toole - 6, Lynam - 6)

## Hicksville American Soccer Club

**HICKSVILLE TRIUMPHS**  
 The boys under 13, coached by Pat McHugh, spent the whole week-end playing indoor soccer and again emerged as champions in the 8th annual H.A.S.C. indoor tournament. Twenty two teams played 60 games in the preliminary rounds on Saturday to decide which 10 teams would return on Sunday for the quarter finals. Hicksville came in 3rd on Saturday with a record of 3 wins and 2 ties. Falling to Hicksville were Auburndale (4-1); Bohemia (4-1) and Garden City (2-1) and the boys were tied by Northport and Brentwood (both games 1-1).  
 On Sunday, 10 teams returned and played four rounds to decide the 4 semi-finalists. As the competition became tougher, so did the Hicksville team. Their record on Sunday was 3 wins and 1 tie which put them in second position behind Massapequa and in front of North Shore (3rd) and North Babylon (4th). In the Quarter finals, Hicksville defeated Eintracht (4-1), Cow Harbor (4-0), Hamilton, New Jersey (4-0) and tied last year's champion North Babylon (1-1).

In the semi-finals, Massapequa defeated North Babylon 3-1 and Hicksville beat North Shore 4-0 so once again, it was to be Hicksville against Massapequa in the finals for all the marbles. These two were indeed the strongest teams in the tournament and had to face each other for the championship. In the first half, Massapequa scored a goal and while Hicksville was slightly disorganized, put in a second so Hicksville was behind 2-0. In the indoor game, being down by two goals is very difficult to overcome as the game is very short and the boys know it. There is a great deal of pressure and tension as that clock moves very quickly when you're behind. You also have to play a much more offensive game which leaves you vulnerable on defense. There was

no more scoring in a very exciting first half and at the intermission, Massapequa led 2-0. Coach McHugh had only two minutes to talk with the boys and plan their second half strategy but plan they did and Hicksville scored a few minutes into the second half. Every spectator in the house was on the edge of his or her seat cheering wildly for their team and both teams played tremendous soccer and provided many thrills to several hundred fans. With less than two minutes left in the match, a loose ball rolled across mid-field and Hicksville sent a bullet low & hard into the Massapequa net - **TIE SCORE**. There was a tremendous roar from the Hicksville fans and the last few seconds of regulation elapsed with the two very equal teams deadlocked at two.  
 After another two minute intermission, the teams took to the floor again to play successive, 5 minute sudden-death overtime periods the first team to score wins the game. At this point, after two days of grueling soccer and 10 games, the boys are exhausted but the adrenalin is still flowing. The first overtime period was well-played but did not produce a score so, another intermission and back on the court. The match has now become an endurance contest with the boys even more tired and the team that makes the mistake will get the second place trophies. The second overtime period began and progressed the same as the rest of the game with both teams playing great soccer but in the fourth minute of play, Hicksville took a throw-in from the sideline deep in the Massapequa end. The Massapequa defenders all moved to the side of the court on which the throw was being taken. The ball got by them and a Hicksville striker came flying in and pushed the ball into an open net - **HICKSVILLE WINS**.

The boys went undefeated during the entire tournament with a record of 8 wins and 3 ties and scored 29 goals while allowing nine. Eight of the nine player team are the boys from last year's undefeated 11 year olds who visited Germany last summer. Coach McHugh and the players received their well deserved trophies and, heartfelt congratulations go to: Bobby Andrus, Vinny Christiano, Robby Cullen, Jimmy DeMarco, Steve Dolan, John McCann, John Mitchell, Robert Pearse and Adrian Pepi. First & Second place trophies were donated by the Club, the Sportsmanship award by Councilman Tom Clark and the MVP award by Herb Zaretsky and Sportsline of Hicksville. In the 2 day tournament, 22 teams (198 boys) played 78 games and every participant received a momento of the tournament. Next will be the under 11 boys this week (14 and 11) at Lutheran High School in Brookville.

## It's Girl Scout Cookie Time

It's Girl Scout Cookie Time: Ms. Pat Middleman, Cookie Coordinator for Hicksville Community of Nassau Council of Girl Scouts announced today that starting at 3 p.m. on January 13th, Girl Scouts all over Nassau County will be taking orders for the perennially delicious Girl Scout cookies.  
 Said Ms. Middleman: "This year we have a new cookie, Snodrop, which is destined to

challenge the favorite chocolate mint cookie as a best seller. It is a devil's food cake, topped with a generous helping of marshmallow and crowned with a crisp vanilla coating."  
 Supporting the Cookie Sale by ordering Girl Scout cookies is essential in maintaining Girl Scout programs throughout Nassau County. In addition, the girls and troops earn money for their own special projects.

## Judaic Scholar To Lecture

Elie Wiesel, noted author and Judaic scholar, will give a series of three lectures at Hofstra University during the forthcoming spring semester. Professor Wiesel's annual lectures at Hofstra have become special campus cultural events that are viewed as experiences of emotional depth and intellectual challenge.

The lectures, presented by the

University's Division of Continuing Education, will be given at 8 p.m. on Tuesday (February 21, February 28, and March 7) in the Multipurpose Room of the Student Center on Hofstra's North Campus in Hempstead.

Mr. Wiesel's lectures are titled "Biblical Thought: Saul - the Story of a Melancholy King"; "Talmudic Thought: Rabbi Yochanan Ben Zakai - the Story of Survival"; and "Hasidic Thought: Rabbi Jacob Isaac - The Seer of Lublin."

Born in Hungary, Mr. Wiesel was a teen-age survivor of Auschwitz and Buchenwald. He presently is Andrew Mellon Professor of the Humanities at Boston University. His books include *Beggar in Jerusalem*, *Night*, *Dawn*, *The Accident*, *The Town Beyond the Wall*, *The Gates of the Forest*, *The Jews of Silence*, *Legends of Our Times*, *One Generation After*, *Souls on Fire*, *The Oath*, *Ani Ma'amin*, *The Madness of God*, and *Messengers of God: Biblical Portraits and Legends*.

For further information about the Wiesel lectures (\$18 for the series of three), write to Division of Continuing Education, Hofstra University, Hempstead, N. Y. 11550, or call 560-3313.

## Modern Dance

On Thursday, January 19 a free lecture, demonstration of Modern Dance will be given by Kathleen Quinlan Krichels. The program is designed to show what Modern Dance can do to relax tensions, develop grace and enhance feelings of well being. This program will serve as a preview of the Modern Dance course to be offered by the Plainview-Old Bethpage Public Library beginning Wednesday February 15.

Ms. Quinlan Krichels trained at the Boston Conservatory of Music. She has taught special movement workshops at Fairfield University, and the New York State University campuses at New Paltz and Binghamton. She has choreographed and performed her own works at the Theatre of Riverside Church, the Manhattan School of Music and the Emelin Theatre.

Admission free. All invited.

## Cooking With Spices

Ms. Tina Casell will discuss "Cooking With Spices" at the Plainview-Old Bethpage Library, Old Country Rd., Plainview, on Monday, Jan. 23 at 9 p.m.

This free program is sponsored by the National Council of Jewish Women-Center Island Unit. Refreshments will be served.

## Reappointed to TOB Senior Advisory Council

The Oyster Bay Town Board recently reappointed four members of the Town's Senior Citizens Advisory Council, it was announced by Town Councilman Salvatore R. Mosca.

Reappointed to terms expiring in October, 1980 were Rabbi Kenneth D. Poplock of Bethpage, Walter G. Eichler of Hicksville, Joyce Kaufman of Sea Cliff and Cornelius F. Ryan of Plainview.

The 13-member council, which was formed in 1971, is comprised of residents from throughout the Town who have an interest in, or familiarity with, the needs and problems of the aging. The

council assists Oyster Bay's seniors with matters such as transportation, medical care and consumer information, and suggests ways in which they may use their time productively and enjoyably.

"The Senior Citizens Advisory Council has been of immeasurable assistance in helping the Town determine and meet the needs of our older residents," Mosca commented, "and its success is a direct result of the concern and dedication of people like those the Board reappointed today."

## Appointed To Town Landmarks

The Oyster Bay Town Board recently reappointed two and appointed one to the Town's Landmarks Preservation Commission, it was announced by Town Councilman Howard T. Hogan, Jr.

Reappointed were Robert McKay of Oyster Bay, and Miss Dorothy H. McGee of Locust Valley, both original members of the commission which was formed in 1974. Appointed was Peter Fisher of Oyster Bay. All terms expire in November 1980.

McKay, who serves as chairman of the seven-member commission, is executive director of the Society for the Preservation of Long Island Antiquities, and a member of the Town's Historical Society and the Architecture Panel of the New York State Council on the Arts.

Miss McGee is active in

numerous historical societies and organizations. Most notably, she is chairman of the Town's Bicentennial Commission and Historical Society, director of the Friends of Raynham Hall, Inc., and is trustee of the Society for the Preservation of Long Island Antiquities and the Townsend Society.

Fisher, an attorney, is president of the Town's Historical Society, and a member of the Board of Trustees of the Society for the Preservation of Long Island Antiquities and the executive committee of the Theodore Roosevelt Association.

The Landmarks Preservation Commission was formed to effectuate the provisions of the Town's Landmarks Preservation Ordinance which provides for the preservation of sites and structures that have historical, architectural or antiquarian significance. The members serve without compensation.

## L.I. Water Corp. Receives Rate Increase

On Jan. 4 an Administrative Law Judge of the Public Service Commission recommended that the Commission limit a rate increase for Long Island Water Corporation to \$891,000 annually—well under half the \$2 million (16.7 percent) increase the utility sought.

Administrative Law Judge David Schechter also recommended that the Commission allow the utility to recover the additional costs of 1978 wage and local tax increases through a minor rate increase when they become known.

As is its practice, the Commission sent the recommended decision to the parties in the case so they can submit briefs excepting to its conclusions or replying to its exceptions. Final briefs are due by February 2. The Commission will base its decision on the proper rate level on the recommended decision and the parties' briefs. It has until March 28 to act.

The major difference between the company and the Commission Staff, representing the consumer interest, was on the issue of the rate of return to be allowed the utility in the first year of the new rates.

Administrative Law Judge Schechter, after reviewing the conflicting evidence, concluded

that the overall rate of return should be 8.79 percent, as proposed by the Commission Staff. The company, on the other hand, claimed it required a return of 9.66 percent. In the company's last rate case, the Commission allowed an overall return of 9.13 percent.

Long Island Water claimed that it required a higher return to enable the common equity of its parent, Continental Water

Company, to sell at a premium, above its book value, but the Administrative Law Judge held that a premium was unwarranted since the stock of neither the parent nor the subsidiary is traded.

Long Island Water serves about 71,000 customers in a dozen villages and several unincorporated communities in the Town of Hempstead, Nassau County.

## DAR News

Mrs. Irving Hutchinson will entertain members of the Oyster Bay Chapter DAR at a supper-meeting, and workshop at her Oyster Bay home on Monday, January 16 at 7:30 p.m. Mrs. Norton Hutchinson and Mrs. Robert Hickok, both of Oyster Bay, are co-hostesses for the supper.

According to program chairman, Mrs. Theodore Rosebery, of Hicksville, chapter members will participate in the program: "A Family Heirloom and Its Story." Each member will bring several small family heirlooms and share the story of each. A similar program shared by chapter members five years ago was high lighted by the reading of a young girl's diaries; one written in the mid-1800's when she took her first Hudson River boat trip from Albany to New York City. Mrs. Nicholas Massa of Syosset is the owner of the diaries. Mrs. Richard Nodell, former chapter treasurer and now a resident of Newport, Tenn., displayed a large press glass bowl that had been carefully packed with other household goods and carted in wagons from Boston to the Smokey Mountains in the Carolinas after the Revolutionary War. The bowl has been passed to each succeeding generation - and has, always been in use by members of the family.

Chapter members will also package printed yard goods to be sent to the junior high school sewing classes at Kate Duncan Smith DAR School located on Gunther Mt. near Grant, Ala.

A brief workshop will be conducted by the regent, Mrs. John Greguski for the compilation of annual reports by chapter officers and chairmen.

# County A "Good Risk"

On Jan. 6 Nassau County sold \$100,000,000 in tax anticipation notes for an average rate of 4.13 per cent.

County Treasurer John V. Scaduto termed the rate favorable and attributed it to the fact that Moody's Investors Service had accorded the note sale a MIG 1 rating which is equivalent to a Triple A bond rating.

Proceeds of the notes, sold in anticipation of the receipt of property taxes, will meet county obligations for payrolls and

payments to the state pension fund.

A syndicate headed by the Chemical Bank purchased \$60,000,000 of the notes at an interest rate of 4.13 plus a premium of \$1.270.

The next largest share, \$38,000,000, was sold to a syndicate headed by Citibank at a rate of 4.14 per cent and a premium of \$1.275.

Two separate blocks of notes, each for \$1,000,000, were purchased by the National Bank of North America at rates of 4.10 and 4.12 respectively.

# CUMMINGS 'N GOINGS

By Jim Cummings

**ROUND THE TOWN:** This is my first column for the New Year, following a pause for two weeks during the holidays - we enjoyed the opportunity to meet and talk with so many readers these past weeks - thank you for your comments - we look forward to a year filled with health, happiness, hope and success in whatever you may do and that is a wish from my family to you and yours... The New Year hold great events that we will discuss in the weeks to come - i.e. - the fact that the Joseph Barry Council, Knights of Columbus of Hicksville will host the 1978 New York State Bowling Tournament early spring for starters - yes, our community continues to expand due to the time and talent of many people - in our local government, school district and fraternal groups - our best wishes to Oyster Bay Town Supervisor Joseph Colby who was sworn-in at festive ceremonies earlier this month.

**WE HEAR THAT:** Arthur Gray and Danny Gallagher of Hicksville are hospitalized - they are most active in community projects - we wish you both a

speedy recovery... Danny Magee, son of Dolores and Joseph Magee, has received a scholarship to play La Crosse at the University of Baltimore, Maryland - Joseph is with the Town of Oyster Bay... The William Roemer's of Nevada Street had a houseful of guests including daughter Kathy and husband Rick and their children and Ensign Eileen Roemer in from California and Washington, D.C., respectfully... My granddaughter Stacey celebrated her 9th birthday, last month - my daughter Valerie and hubby, Fred McCarney traveled from snow-bound Scotia, New York to be with us and have since returned safely.

**DID 'YA KNOW:** that Jerry Spiegel's new shopping area at Newbridge Road and West John Street, in Hicksville has two new tenants, 'Grandma's Donut Shoppe and a Family Drugstore - ample parking two units are still available at this writing - interested? phone 938-6240, Jerry Spiegel Associates, 270 North Broadway, Hicksville... The Molly Maguire's Pub will feature a gala weekend of entertainment Friday

evening, Luke O'Malley, Saturday, Frank Keegan's Band and a free buffet for Super Bowl Sunday, January 15th - see you all there for the game.

**HIBERNIAN NOTES:** John Campbell will be installed as the 20th President of the Commodore John Barry Division eleven, Ancient Order of Hibernians on Sunday afternoon, January 22nd, by the Nassau County Board President Jack Irwin - ceremonies will be held at the Joseph Barry Council, Knights of Columbus commencing at 2 PM for members of the Men's Division and the Ladies Auxiliary only (If you're Irish, the AOH is the place for you) - if you are interested in joining, or have a sponsor please phone 681-8993 evenings or 935-4229 for additional information... A private reception for members will follow at 4 PM with music by Frank Keegan's Band... The Hibernians will mark their 20th year of service to the Order and the community with a gala Anniversary Dinner-Dance to be held on Saturday evening, March 4, 1978 at the Joseph Barry (Continued on Page 16)

## Contracts Awarded

Government supply orders totaling \$95,057 have been awarded Amperex Electronic Corp., of HICKSVILLE, by the Defense Electronics Supply Center, Dayton, Ohio. They provide for manufacture of 3,092 electron tubes.

A \$41,400 government contract has been awarded Narda Microwave Corp. of PLAINVIEW, by the Defense Electronics Supply Center, Dayton, Ohio. It provides for manufacture of 12 variable attenuators.

The Defense Electronics Supply Center is a field activity of the Defense Logistics Agency, formerly the Defense Supply Agency. The Center procures, manages and supplies common electronic parts used by the armed services, various other government agencies, and certain friendly foreign countries.

## Colby Urges Speedy Action On Property Tax Relief Bill

Oyster Bay Town Supervisor Joseph Colby expressed his appreciation "in the name of all Oyster Bay homeowners" to Assemblyman Armand D'Amato and State Senator Owen Johnson for preling a bill requested by Colby that would allow a \$7,500 deduction from the full market value assessment of owner-occupied homes.

"I first proposed such legislation this past summer following the court order to reassess all property for 100-percent evaluation," Colby said, "and at that time, Mr. D'Amato assured me he would take such action."

In urging speedy action by the Legislature, Colby noted that the bill gives proper recognition to the fact that the tax burden should be less for those using their lands for their homes than it is for property owners using land to produce income.

legislative commission that is reviewing the system, I feel that the homeowner needs this interim protection until the Legislature effects a full overhaul of the property tax system," Colby said.

This protection for homeowners is even more imperative now with the recent Court of Appeals ruling in the 860 Executive Towers case. The ruling upholds lower court decisions that declared Nassau County's practice of assessing commercial property at a higher rate than residential property to be illegal, and all properties must be reassessed at the equalization rate set by New York State.

Colby also warned that tax-relief legislation must provide for the maintenance of existing veterans' real property tax benefits, which could become insignificant if residential property is reassessed at full market value.

## Savings Association Installs

At a landmark meeting on December 23, Bryce Curry, President of the Federal Home Loan Bank of New York officiated at the installation ceremonies of John F. Ryan as President, Charles Hahn as Vice President and William J. Martin, Jr. as Secretary - Treasurer of the Insured Nassau-Suffolk Savings Associations. Paul A. Schosberg, President of the Savings & Loan Associations of New York State participated.

The Association is comprised of the twenty eight Savings & Loan Associations doing business through over 140 neighborhood offices on Long Island.

Mr. Ryan is President of Island Federal Savings & Loan Association, Mr. Hahn is President of Suffolk County Federal Savings & Loan Association and Mr. Martin is President of South Shore Federal Savings & Loan Association.

## On The Campus

Edna O. Edeistein of Edgewood Dr., HICKSVILLE, and Robert Dana Vitriol of South Oaks Blvd., PLAINVIEW, both students at C. W. Post Center of Long Island University, have been selected to appear in the 1978 edition of "Who's Who in American Universities and Colleges."

Deborah L. Bushman of PLAINVIEW, was among the sixty-four students at the State University College at Fredonia who were recently initiated into the Zeta Upsilon chapter of Kappa Delta Pi, national undergraduate honor society in education.

## DEVOTIONS

By The Rev. John H. Krahn

**DON'T IGNORE HIM.  
EXPLORE HIM.**  
Psychologists tell us that it is very hard for a person to love unless he has first been loved. So in order for us to have the spirit of love we must first experience the spirit of love...not just love in general but specific love...the love that came down from heaven to knock on earth's door. And what happens when love knocks on the door? Why, we rush to open it and let it in, right? Wrong, strangely enough. It's incredible how many people refuse God's offer of love, for they seem to be driven by a force that wants them to be miserable or, at the very

least, never completely happy. They get nervous when all is going well.

In the person of Jesus Christ, love is knocking at earth's door. In the words of Jesus Himself, "Behold I stand at the door and knock; if anyone hears My voice and opens the door, I will come in to him and eat with him, and he with Me." Love is knocking at your door this morning, how will you react to it? Unfortunately some will ignore it. "Too busy" is the answer most frequently given. Work, family, run here, run there, no time for myself, later, later I'll have time for God. Don't bother me now. Like the

rabbit in Alice in Wonderland, "I'm late, I'm late for a very important date, hello, goodbye, I'm late, I'm late, I'm late." Too busy with your projects, too busy with your goals, too busy with your dates to take care of the most important thing, and that's your eternal salvation.

Jesus once asked a haunting question that we all need to consider this morning, "For what is a man profited, if he gains the whole world and loses his own soul?" Think about that for a moment. You can ignore God. Or you can wait to get close to God near the end when you grow old. But who knows when the end is coming, and not everyone grows old, and then it may be too late.

You can ignore love when it comes knocking at your door, but don't...better explore it. Give it a chance. Think of the Christmas shepherds who said, "Let us go even to Bethlehem and see this thing that has happened." And there, there were those wise men who said, "Let us go and check it

## Worship Service Of Christian Unity

The Mid-Island Community is invited to a service which overcomes differences and stresses the basic sameness and beauty of the Gospel.

The theme of this service is "No Longer Strangers" and is the Unity in our area. This worship to

our Lord takes place on Sunday, January 22, at 7:00 p.m. at Trinity Lutheran Church, 40 West Nicholas Street, in Hicksville. Fellowship, coffee and cake will follow the service.

Worship. Sing. Give Praise and Thanks to God. Hear the Gospel Lesson read in Greek, Latin and English. Hear praises to God being sung by an ecal choir of seventy-five voices. Enjoy music played and offered to God by leading organists in the community.

# The Board Of Supervisors Meeting

Nassau County News Service  
 By Michael Bux

David Peirez, last year's unsuccessful candidate for county executive appeared at the County Board of supervisors meeting on Monday to urge the panel to explore the possibility of Nassau having one solid waste disposal plant for all its municipalities.

Mr. Peirez objected to town of Oyster Bay Supervisor Joseph Colby's proposal that each municipality have its own facility.

"The main issue this Board should concern itself with in this new year, and with a new administration, is the million and a half tons of garbage we generate

each year," said Mr. Peirez. "It's a crisis, and we have to face it as such."

He objected to Alfonso D'Amato, the Board's vice-chairman's "wait-and-see attitude" about the future of the new waste disposal plant being built at Mitchel Field.

"We need to think of Nassau as a region when it comes to the problem of disposing of our waste," said Mr. Peirez. "The problem is just too severe for each municipality to handle on their own."

Mr. Peirez claims that even though the projected growth of Nassau is put at 2 per cent over a long term period, residents here

are creating more waste.

The Great Neck resident wants the board to do a comprehensive study of the feasibility of an overall waste disposal program for the county.

He suggested that the County's Department of Public Works oversee the project and pointed out that the County did not need outside authorization to carry out his plan.

Mr. D'Amato said that the possibility exists that once the plant at Mitchel Field is under way, other towns or cities in the County could then either enter into a part or full time arrangement with the facility.

# Colby Outlines Priorities In Induction Address

Pointing to his past budgetary achievement and the need to maintain the fiscal integrity of the Town through growth and continued government economy, Oyster Bay Town Supervisor Joseph Colby indicated that financial considerations will remain as one of his top priorities during his next two years in office.

At his induction ceremonies held on Jan. 3 at Town Hall, Colby spoke very positively about the future of the Town while noting that it has some serious but "surmountable" and "achievable" challenges and goals to meet.

In outlining four areas which he considered as major concerns for his administration, Colby vowed to "continue the thoughtful course we have begun:

"To work to keep the costs of Town Government low, and to be vocal in urging that other governments do likewise without adversely affecting local government;

"To meet the challenge of disposing our solid waste in an environmentally sound fashion that affords us the benefits of recovery technology;

"To work to meet the financial and housing needs of our older and younger residents in a manner that does not subject us to untenable distates of the federal government and in a manner that preserves the integrity of established communities;

"To permit and encourage construction, remaining always mindful of the need to maintain and balanced pattern of planning that preserves the suburban character of Oyster Bay which we all enjoy today."

He reviewed the achievements of his administration during the one year that he has served as Supervisor and took special note of the fact that despite spiraling costs "Oyster Bay's government held the line on the general Town tax for 1978, a success achieved only with the adoption of the very tightest and most confining budget." Colby indicated that the constant budget review that he initiated last January would continue through the coming year in an attempt to achieve a similar success for the budget on 1979.

In the field of sanitation disposal Colby noted that during the past year the Town has taken great strides toward the inclusion of a resource and energy recovery system in its solid waste disposal program. He pointed to the progress of a Citizens' Committee which he appointed last spring to review all alternatives that might be available to the Town. And, he noted that the Task Force of Town experts in engineering, environmental matters, financial and legal considerations have been working diligently for the past two months to examine every aspect of such systems.

"Our progress in this field is best evidenced," Colby said, "by the present formulation of the Citizens' Committee recommendations regarding the Town's pursuit of the development of recovery technology, and a projection by Town personnel that we will be in a position to advertise formal bidding for a recovery facility early this year."

In the field of housing Colby pointed out that his was the first administration to begin a serious examination of the problems

facing young marrieds in the Town who wish to remain in Oyster Bay. He also noted that the Town Board moved to amend its housing ordinances to permit senior citizens to better utilize the housing already in the Town by permitting them to rent a part of their homes to other senior citizens.

While re-emphasizing his opposition to federally dictated housing that is not needed by Oyster Bay residents, Colby noted that he will continue to attempt to gain funds for the housing that the Town recognizes as its need. "The goal of resolving this matter satisfactorily is as important as it is difficult," Colby pointed out.

Colby said that the most encouraging aspect as to future construction in the Town lies in the past year's achievements. "Oyster Bay has advanced considerably during Long Island's generally-slow economic recovery," Colby said.

He said that the total of building starts in the Town during 1977 indicated the continued desirability of the area. The total value of building permits issued during the first 11 months of 1977 was more than \$41.5 million, "a figure greater than double the value of permits let in similar periods of 1974 and 1975, and 50 per cent more than the 1976 value for this period."

Colby concluded his remarks starting his determination "to do all in my power to fulfill those responsibilities, and to act in the best interests of the people I serve - the residents of the Town of Oyster Bay."

# Nassau Rotary Relays

Approximately four thousand high school boys and girls will compete in the 5th Annual Nassau Rotary Relays on Wednesday and Thursday, Feb. 15 and 16.

The series of track and field events for teams from all over Long Island and the New York Metropolitan area will be held at the Nassau Veterans Memorial Coliseum in Uniondale, from 3:30 to 10:30 p.m. on both days.

Sponsored this year by Long Island District No. 725 of Rotary International, the Relays are presented by the Nassau County Department of Recreation and Parks in cooperation with the Nassau County High School Track Coaches Association.

Two hundred high schools are expected to send teams who will compete in about 30 events. Among these are the Long Jump, Triple Jump, Pole Vault, Shotput, and High Jump. A Master's Mile and Race Walk will also be featured.

Spectators are invited, with tickets on sale for \$2.50 each and all proceeds earmarked for the Human Resources Center in Albertson. They may be purchased from local Rotary Clubs, high school track coaches, or at the Coliseum. Doors open to the public at 2:45 p.m.

For further information, contact the Recreation Department's Sports Unit at 292-4248 or 4285.

## Try Tri-Metrics

How well do you know yourself? How have you changed since your last birthday? There is a lot you can learn about yourself as revealed in the way you move, write, sleep, the colors you like and your birth rank among siblings.

Tri-metrics, a system that involves interpretation of body

language, hand writing and color psychology can tell you some surprising things about the person you are.

An evening of exercises in Tri-metrics will be led by Inge Wenz on Thursday, January 26 at 8 PM in the meeting room of the Plainview-Old Bethpage Public Library.

## Educational Goals

The meeting of the Educational Goals and Objectives Committee of the Hicksville Board of Education has been changed from January 19, and will now meet on Tuesday, January 17, at 8

P.M., in the Board Room of the Administration Building, Division Avenue, Hicksville.

The public is invited to attend and join this committee.

## Soviet Jewelry

The Plainview Hadassah will hold a meeting at the Plainview Jewish Center, 9 Floral Dr., Plainview, on Tues., Jan. 24 at 12:30 p.m.

Guest speakers will be Mrs.

Rhoda Shalom, Vice-President of the Long Island Committee for Soviet Jewelry, and Mrs. Judy Schwartz, member of the L.I.C. They will discuss "Soviet Jewelry Update."

## CUMMINGS 'N GOINGS (Continued from Page 11)

Council, Knights of Columbus featuring "A LI First" - Pat Roper and his band rated No. 1 in the Irish-American field in this part of the country more details and data will be available next week according to Eamon Touhy, Dañce Chairman. The 2nd Annual J. Vincent Jones Memorial Scholarship award will be presented at the January 22nd installation by President John

Campbell we learned at press time. - the program for 1978 will be outlined to Officers and committees this Friday evening at a special meeting called by the President. Katherine Roemer, newly-elected President of the Ladies Auxiliary will be installed with her staff on January 22nd, at the installation.

Until next week - stay happy and healthy.

## COMMUNITY COUNCIL (Continued from Page 1)

Citizens might be able to use an area plus kitchen facilities during the day when school is in session. The Federal Government gives the Senior Citizens money to rent facilities and they could rent the gym for their activities and lunch program.

Will the pool be used to capacity? Only time will tell. But in the summer Bethpage is mobbed and Syosset-Woodbury has large numbers. Sheila Noeth said that it does not seem as if Echo Park in West Hempstead is being utilized to capacity, for they are publicizing their need for members. We should remember, that of all the Park districts in Oyster Bay, we have the most residents - over 50,000.

Joan Jones quoted figures of several years ago for the pool and asked why the cost has increased so dramatically. It was finally noted that the figure she quoted was for just the pool alone. The entire park figure in January 1977 was \$4,398,000 and Tom Clark mentioned that the figure did decrease almost \$300,000 because of the need of construction work in the area. However, the general rule of thumb is the longer you wait, the more it costs.

What will happen if the Park vote is turned down? There might be some legal difficulties, for the Giese property was acquired for park purposes, and there would have to be a special vote from Albany to change its purpose.

Bill MacDonald declared that he was against the idea and said that the tax problem might be driving the senior citizen out of our community. Mr. Clark mentioned that allowances will be made for people who are on a fixed income. He also mentioned that in your total tax bill, there are 8 areas of Community Services. Did you know that any greenery in Town is considered Park Property?

Did you ever wonder why the New Mexico home was moved from the South to the North side of the street. Well, the south side of Old Country Road is zoned business and the new owners of the property want to build 2 Florida homes there, while the North side is zoned residential, so the building will be sold and lived in. What a good ecological feature. Nothing is wasted.

Next week: Adult Education and Hobbies.
