Board Approves Make-up Snow Days

The Hicksville Board of Education approved a change in the school calendar to make-up for three lost snow days. Schools will be open on March 29 (the final Wednesday of Easter vacation); April 28 (the last day of Passover); and May 4 (Ascension Thursday). Voting no to the recommendation submitted by the administration were Trustee Neil McCormack who had suggested opening the last three days of Easter vacation and Trustee Bill Bennett who questioned the need and purpose of closing in February for a winter recess.

Superintendent Fred Hill read a letter sent to parents who questioned the decision to open on Monday, February 6 and then subsequently close. He explained the chain procedure involving neighboring superintendents. He also stated that in Hicksville "our contract procedure requires that a decision be made no later than 6 a.m.". In checking with other neighboring districts on that day as early as 4 a.m., Dr. Hill was informed that these districts would be open. However, they then changed their minds.

Dr. Hill stated that the decision to open was wrong. "I must take full responsibility," he said, also adding that it is always a "no-win" situation. He assured parents that the safety and educational well-being of the children are considered when such decisions are made.

Trustee Iris Wolfson stated that "other avenues of communication need to be explored" since it is obvious that the radio stations contacted by administration are not doing the job

and provide parking facilities for about 135 cars.

The Board asked if the high school would have access to the pool and Mr. Clark responded "probably during off-hours."

The Board also inquired about spectator facilities; outdoor lighting; and handicap facilities. Trustee Iris Wolfson also questioned the amount of available parking, particularly during the peak summer hours.

The Board approved the emergency use of gym facilities for Holy Trinity High School who lost their gym roof due to the snow storm. The school had several activities planned for the week-end.

The Board also awarded bids totaling \$8,202 for locker replacement at the senior high school and audio-visual equipment for various schools.

In other action, the Board approved an extended Learning Readiness Program to be conducted at Burns Avenue School. The program cost of \$1,955 is completely funded by the State Education Department under Title I.

The Board also approved: 1977-78 budgetary transfers and budget operations reports; routine expenses; personnel appointments and tenure recommendations; coaching positions for spring sports; authorization to purchase a School Board Policy Manual and Policy update service for one year at a total cost of \$265.23, at the request of Trustee Bill Bennett, chairman, Policy Committee.

The next Board Meeting is scheduled for March 8, 8:15 p.m., in the conference room of the administration building.

The Post Office Speaks To The Council

By Carole Wolf

Because Mr. Anthony Muriello had a conflicting date for our February meeting, he sent two representatives, Charlie Kuegler and John Lunghi, to discuss the search for a location for a new vehicle maintenance facility.

Mr. Kuegler took the podium and told the Council that the present facility is the building now on Barkley Street, which can be seen from the railroad. The area is small and many trucks needing repair are parked along the street.

The area that the Post Office is considering would be within a triangle, bordered by Broadway, New South Road and Old Country Road, south of the Long Island Lighting Complex. The Post Office is going to several groups in the area "to obtain local input to entertain comments about the project."

As the meeting was opened to questions and answers, someone asked if the Post Office pays taxes. Mr. Kuegler responded that the Post Office pays sewer taxes and if the Post Office leases its buildings, it pays town taxes. Both buildings in Hicksville are taxed.

How many employees would the new facility hold? The new Maintenance facility will be a 24 man, 24 hour a day operation, with a skeleton crew over the weekend. There would not be a lot of traffic from the facility, for since Mr. Kruegler is in charge of the trucks and the transportation, he hopes that only a small percentage of his fleet is inoperable at once. He is also happy to announce that there will be 20 new tractors arriving in 6 to 8 months. And the remainder of the fleet will be called in 10 to 12 at a time for repair and maintenance. Approximately 39 offices will be serviced - no more than we have now. And, Mr. Kruegler stressed that the "object is to get the boxes off of Barkley Street."

Helen Hannah asked what the Town is going to do with the downed branches? Tom Clark informed us that if the branches are cut into small pieces, the Town will pick it up at the regular garbage-collection. If the branches are bulky, they will be picked up by the Highway Department - when they can get to it.

It was announced that there will be a meeting of the Academic Goals in Education Committee on February 28th in the Board of Education Building. Pierre Fujimoto will be chairing the advisory committee which will discuss Health and Sex Education and they would like to encourage more people to join the committee.

It was announced that there will be members from the AARP at the Hicksville Public Library on weekdays from 2 to 4 to help people fill out their income tax. The Library has also received another grant from the Federal Government to have the Career Counselor at the Library from the end of February. Appointments made be made to see her. Operation VFW

By Lou Palladino

Do you think you have any Veterans benefits entitled to you? Well if you do, now you have the opportunity to find out for sure, and you don't have to be a member of our Post either. On Sunday Feb. 26th at 1:00 P.M. our Post will have a representative from the V.A. It is known as Veterans Service Day. This will be the time to air out any gripes because of benefits you feel are coming to you. This man is a Veteran like yourself, he will not be there to make apologies, but to help you in any way he can. If you have a legitimate beef, take advantage of a good thing. Come on down.

We have accepted four more new Comrades to our Post, all are old war horses of the WW2 era, they are Joe Kenny, John McCabe, Dave Schulman, and Rudy Svensson. Welcome to our Post, we are proud of our Post, and happy to have you as part of us. Now it's up to you to help us to remain a great group and help us to help others. We hope you will enjoy being a part of us.

Sat. evening March 11th, will be a big event for us we hope! We are having our first Vegas Night in almost a year, it was scheduled for Jan. but because of the

elements it was postponed. We hope everything will run smoothly and the weather will smile on us. We will need plenty of help, so don't be afraid to offer your services. Max Bergsohn, and George Walden, are the ones to see, if you wish to lend a helping hand.

For the benefit of those who don't know, the winner of our raffle to Hawaii was none other than the man who always cries for help at the Bingo. Yes it was Artie Fuelling himself. Congratulations Artie, have a ball with the Thousand Dollars! Sorry you couldn't all win, there can only be one winner, the rest of us were also rans. Oh well, better luck next time.

We had our Charter Night Dinner, Dance Feb. 18th, and it was great, the cocktail hour was smashing, the dinner was good, the refreshments were plentiful and the band was danceable, and I was feeling no pain. We had a wonderful time and no one wanted to go home. If you didn't come you missed a good one. We paid tribute to a deserving Comrade, one who always has given his time unselfishly in the many years he belonged to our Post, never complained when

asked to give a hand. Our Commander Vinnie Edwards was proud to present Al Wangenheim with a watch and Town Councilman Tom Clark brought Al a proclamation, poor Al was so touched, he was speechless, what a surprise! It was beautiful. Even his wife Phyllis was thrilled with joy. It made our evening complete.

Our Cmdr. Vinnie had his 100% membership banner, and proudly displayed it in front of the podium. Now we are after the Frank Aug membership trophy, we have a little more time so lets keep plugging.

We have some bad news with the good news, Emmilin Goodman is back in the hospital, Mike Znacks Father is quite ill. Joe Adessio's wife lost a brother. Please accept our regrets. We were happy to see Joe Normandy out of the hospital and hopefully on the road to recovery.

The lucky winner of the Post drawing was Angelo Petrino, maybe we can get a new Chevy out of this. Oh well, you can't kill a guy for trying can you... Next meeting will be Feb. 27th come on down.

IN RECOGNITION: Oyster Bay Town Councilman Thomas L. Clark (right) presents a citation to Alfred Wangenheim (left) in recognition of his contributions to the Hicksville V.F.W., as the organization's commander. Vincent Edwards, looks on. Wangenheim was honored at a dinner for his outstanding work on behalf on the veteran's group.

CPES Questions State Budget

"Our organization questions whether the proposed 1978-79 State Budget is credibly balanced between expenditures and revenues," said the Citizens Public Expenditure Survey (CPES).
"The proposed Budget seeks the best of all worlds - reduced taxes and increased spending. The \$755 million reduction in taxes and the \$673 million increase in spending results in over a \$1.4 billion leeway. Can such a fiscal plan hold up? Can the State afford a \$673 million increase in state spending while at the same time returning \$755 million to the overburdened taxpayers of this State?" CPES questioned.

CPES noted that "while a sizeable cut in state taxes is most welcome - \$215 million (28.5%) is

a one-shot reduction. Unfortunately, the five per cent negative surcharge would only help taxpayers once. It should be made permanent."

CPES called "upon the Legislature to ferret out as much nonessential spending as possible. The proposed Budget would increase state spending by approximately six per cent. The spending total will grow with the enactment of the Supplemental Budget and the Deficiency Budget later in the fiscal year. It could obliterate some of the tax cuts recommended.

"Much of the tax relief recommended would really become effective in fiscal 1979-80. Wayward spending could jeopardize the recommended cuts, or possibly lead to new tax increases in 1979."

IS IT, OR ISN'T IT safe enough for skating? Anticipating the verdict is John Cassino of East Meadow, as George Price checks the thickness of the ice at the Eisenhower Park lake. Outdoor ponds operated by Nassau's Department of Recreation and Parks are checked daily by park personnel, and when a 4" minimum thickness is verified, it's on with the blades for

County residents of all ages. Supervised ice skating areas are maintained at Baxter Pond, Port Washington; Bay Park, East Rockaway; Cow Meadow Park, Freeport; Eisenhower Park, East Meadow; Hall's Pond, West Hempstead; Lofts Pond, Baldwin; Mill Pond, Bellmore; Roosevelt Park; Tackapausha Pond, Seaford; and Whitney

Pond Park, Manhasset. Ice rinks are also open, with the cooperation of the weatherman, at Cedar Creek Park in Seaford and Inwood Park. Hours are from 3 to 10 p.m. on weekdays and 10 a.m. to 10 p.m. on Saturdays, Sundays and holidays. Skating conditions may be verified via a taped recording after 1 p.m. Call 486-4455, or your nearest park.

DISCUSSION: District Attorney Denis Dillon, Nassau Democratic County Chairman Stanley Harwood and Assembly Speaker Stanley Steingut discuss legislation of benefit to Long Island on the occasion of the

Nassau Democratic County Committee Annual Winter Reception. More than 700 people gathered to honor the District Attorney and other Democratic office holders at the Salisbury Restaurant in Eisenhower Park.

State Tax Cut "A Ransom Recovered"

Republican Leader Perry B. Duryea of the State Assembly says Governor Carey's record-high \$12,000,000,000 (B) State budget is a "document of deception", providing some "temporary tax relief before Election Day" but requiring "increased tax withholdings from New Yorkers' paychecks" in 1979.

The Carey budget, calling for a \$700,000,000 (M) increase in State spending, "short-changes suburban school districts and will increase the already burdensome property tax load borne by suburban residents", Assemblyman Duryea contends.

Furthermore, he says, the Carey financial plan, is "hopelessly inadequate" as a means of halting the movement of jobs out of New York to other states. Duryea noted that nearly 300,000 private sector jobs have been lost to New York State since Mr. Carey became Governor in 1975.

Duryea termed the Carey budget as "the slickest piece of fiscal finagling imaginable," adding: "This 'con man' approach by the Governor will not fool the people who make decisions as to the location, expansion and re-location of job-providing industries. They simply will not fall for this now-you-see-it, now-you-don't tax scheme."

He noted that even the former

chairman of Governor Carey's Economic Development task force, Donald A. Gaudion, the Rochester industrialist, has said that the Carey tax plan "will in no way make us competitive with other states" and that "it is not good enough."

Duryea, who has introduced a \$2,150,000,000 (B)-a-year tax reduction program that would become fully effective over the next five years, or sooner, called the Carey tax relief program "a one-shot, election year tease and that the flight of jobs from New York will continue if this budget is approved as he submitted it."

The Republican leader observed that The New York Times had characterized the Carey budget as "a classic example of now-you-see-it, now-you-don't arithmetic" that would, according to The Times, "set a new standard for Run-Now-and-Pay-Later," as an Election year gimmick.

Duryea analyzed Governor Carey's "pre-election tax cut and post-election withholding, increase" as follows:

1. The cornerstone of the proposed Carey income tax reduction, the 5 percent tax credit, is only a one-year cut-by the Governor's own words.
2. The Carey tax cut is financed, in part by \$400-million of one time, non-recurring revenues including \$130-million of Federal aid payments and the intention to

delay, again, payment of personal income tax refunds owed to New York taxpayers amounting to some \$265-million.

3. To exaggerate the political benefit of his tax reduction, the Governor would delay the benefit of the cut for six months, until July, then 'double' it for the next six months-until after the State election on November 7.

4. Even if funds are found to continue the Governor's tax cut into next year, the taxpayers will suffer a net decrease in take-home pay next January to 'pay' for the pre-election 'double' cut.

"His entire tax program is Carey double-talk at its slickest, the slickest political shell game anyone has ever tried to pull off on New Yorkers," Duryea said. "I am confident they will not be fooled because they learned, sadly, not to be taken in by Mr. Carey four years ago when, after solemnly pledging not to increase taxes, he tried to raise taxes by more than \$800-million, just a few days after he took the oath-of office."

"Over the course of his first three years in office, Carey raised taxes: \$778 million. The proof that these taxes were unnecessary is that within 25 months of his first tax increase he now proposes a \$775 million tax cut which is actually not a tax cut at all, but more a ransom recovered."

Income Off-Taxes Up

"New York State has slumped to ninth in the nation in per capita personal income, yet we have the second heaviest tax load," says the Citizens Public Expenditure Survey (CPES).

In a published report the statewide taxpayer research organization noted that if every man, woman and child in New York paid an equal amount in state and local taxes in fiscal 1975-76, that amount would have been \$1,140. It was \$115 higher than the previous year.

"New York State ranks second to Alaska in having the heaviest tax burden," the watchdog

organization said. CPES said that "New York State has now slumped to ninth among the 50 states in per capita personal income continuing its downward trend. In 1974 New York ranked sixth. In 1975 it dropped to eighth place in the nation."

The citizen taxpayer organization was particularly alarmed over New York's statistics in comparison with neighboring New Jersey's.

The group noted that in recent years some 50 per cent of the industry which left New York

relocated in New Jersey. "New York State and local taxes are \$347 higher than in New Jersey."

"On the other hand, the per capita income in New York is a substantial \$362 below New Jersey's."

"These are startling statistics. For a family of four, for example, it means New York's taxes are \$1,388 higher than New Jersey's yet the income to pay those taxes is \$1,448 less. This means that a family of four is \$2,836 better off financially living in New Jersey than in New York," CPES said.

Figure Skating

A recreational type figure skating competition will be held Saturday, March 11, at the Cantiague Park Ice Rink from 6:30 p.m. to 8 p.m. The program, sponsored by the Nassau County Department of Recreation and Parks, is designed for the less accomplished skater who is not affiliated with a figure skating club.

There will be separate

categories, for boys, and girls, men and women, ages five through adult. A one-minute program of skating music will be provided by the Rink in each age category so that each skater in a particular group will be skating to the same music.

The final date for registration is March 4. There is no fee. For further information call 935-3502.

Course On National Energy

Former Federal Energy Administrator Frank G. Zarb will teach this spring at Hofstra University's School of Business, Dean Harold Lazarus has announced.

Mr. Zarb, who is currently General Partner in the investment banking firm of Lazard Freres, Inc., was formerly Executive Vice-President for Corporate Finance and Investment Banking Activities at Hearson Hayden Stone, Inc. He will team-teach at Hofstra with John Hill, former Deputy Director of the Federal Energy Administration and now Vice-President of Eberstadt & Company. Their course is titled "The Impact of National Energy Policies on Profit and Non-Profit Organizations."

Mr. Zarb's course at Hofstra may be taken either for three graduate credits through the School of Business or as a non-credit program in the University's Center for Business Studies. It will be given from 8 to 10 p.m. on ten successive Thursday evenings, from March 2 to May 11.

Among the topics to be

covered in the course are "The Real Energy Situation," "The Effects of Federal Regulation and Policy," "Energy Conservation," "Energy Development," "Energy Financing," "Energy Research and Development," and "International Consideration."

The course is expected to be of interest to persons from business and industry, non-profit organizations, graduate students and the general public.

Mr. Zarb received both his Bachelor of Business Administration and his Master of Business Administration degrees from Hofstra, and in 1975 the University awarded him an honorary Doctor of Laws degree. He was one of the senior government officials who were mobilized as emergency team of energy planners after Arab oil producers declared an embargo against the United States in 1973.

Dear Friends...

TOB Councilman Tom Clark writes to tell us that members of the Hicksville Park Task Force are available for meetings, if you wish them, to present details of the proposed Hicksville Community Park complex and to answer relevant questions. Scale models are also available. To set up such a meeting phone the Town of Oyster Bay, WA 2-5800 and ask for Councilman Clark's Office. They will be glad to help you. The following meetings are already set up, if you wish to attend:

February 24 - 1:00 p.m., Senior Citizens of 355 Newbridge Road.
 March 6 - 8:00 p.m. - Willet Avenue School PTA.
 March 8, - 8:00 p.m. - Northeast Civic Association (meets at Woodland Avenue School cafeteria).
 March 16, - 8:00 p.m. - Lee Avenue School PTA.

At the present time we are neither for or against such proposals. However, as the May referendum approaches, we will have all the pertinent information regarding these propositions, and their costs, so that you will have them in hand before voting. Why not try to attend one of the above meetings so that you will have even more time to think this over?

We extend best wishes to all at the ever-popular Irish Pub, the Stack-O-Barley, on the occasion of their second anniversary. A three-day celebration is planned, for Sun., Mon. and Tues., Feb. 26, 27 and 28, featuring Pat Roper and Tommy Doyle on Sunday and Noel Kingston and Paddy Farrell on Mon. and Tues. Also, a free buffet is planned. So, drop in at the Stack O'Barley which is located on South Broadway. You'll be glad you did.

A word of praise to those who put together the Hicksville Republican Club newsletter which comes out monthly. It is informative and chatty in a most friendly way. We enjoy it. Also, best wishes to all their newly-installed officers and directors. We hope they have a most successful term of office.

JOT THIS DOWN, if you live in the Police Dept's 8th precinct 535-6800. This is their new telephone number as of Feb. 28th. The old number OV 1-8800 will become inoperative on that date.

Nick Caruso

We are glad to hear of the continued recovery of Hicksville's Nick Caruso, who was injured fighting a fire on Field Ave. during the first storm. Get well soon, Nick, for you are doing a great job in our community both in the Fire Dept. and the Republican Club.

P.S. Founders Day pictures will be available for next week's issue.

THAT'S ALL for this week. Stay well and remember the old adage, by Malcom Forbes, "Nobody is ever impoverished through the giving of charity".

Inspect Fine Arts Museum

Nassau County Executive Francis T. Purcell has invited the members of the Board of Supervisors to join him Feb. 27 in a personal inspection tour of the county's Fine Arts Museum in Roslyn Harbor.

"I want the supervisors to see first hand the appalling conditions of this building since ultimately it will be their determination whether to spend a substantial amount of county funds to refurbish it," Purcell said.

The 60-year-old, three-story brick building, the former Childs Frick mansion, was closed by Purcell after he received a report

from the county Fire Marshal's office that listed numerous uncorrected building violations, most of them dating back to the Fire Marshal's first inspection of the premises in 1971.

"We must act promptly in this matter," Purcell said. "Our only alternatives will be to refurbish the mansion - at an enormous cost - or find a new location in the county for the Fine Arts Museum."

Purcell said the county will provide a bus to take the supervisors - and other interested officials - to the Roslyn Harbor installation immediately following the Board of Supervisors meeting on the 27th.

Letters To The Editor

Dear Editor:

My husband and I want to express our gratitude and admiration to the Vamps of the Hicksville Fire Dept. for helping us out of our home at 4:30 a.m. the morning after the big blizzard, Feb. 7.

These fabulous gentlemen got us into their ambulance and in to Central General Hospital (I was scheduled to go to North Shore in Manhasset) where, two hours later, our 8 lb. 7 oz. daughter (our second child) entered the world.

Until a situation arises where Vamps can be of assistance, it may be difficult to realize just what an outstanding job they do, but speaking from first-hand experience, I will never underestimate the unselfish, giving, dedicated men of our Fire Dept. again.

task for lack of concern for our children's safety so as to receive State Aid on snow days. The decision and responsibility for closing or re-opening school during snow storms or severe weather conditions, is that of Central Administration. For they have the required regulations and necessary policy to implement what is required to meet those emergencies.

The purpose of my letter is not to shift blame but to set the record straight. You will have an opportunity in this issue of the HERALD to read Dr. Hill's explanation as to what took place and why.

Many thanks for your letter for we appreciate your comments and deep concern on this matter and any others that may arise.

Sincerely yours,
Bill Bennett,
School Board Trustee

50,000 residents or more. The most important issue for the Hicksville taxpayer to consider at this time, is the cost of this Park, and possible future costs on your tax bill, the snow will leave Hicksville, but once your tax bill reflects a tax for the proposed Pool Park - no act of God will ever take it away.

Prime example of Political Thinking - Mr. Carter, increases the Social Security Tax, and then repays the American with an Income Tax Cut - so much for political logic.

My advice to the Hicksville Resident, act before it is too late... it is reported that the vote for the above mentioned Park, will take place in early May - there will be no snow to prevent you from getting to the polls to vote "NO".

In conclusion, you now have some of the facts - You can decide to act. Or you can decide to do nothing.

But you must make a decision. Because - whether you like it or not.

The Buck Stops With You.
Very truly yours,

To The Editor:

For the past several weeks, residents of Hicksville, have been concerned with snow, and its removal. A snowstorm is an Act of God, and in time, with patience, the Good Lord - will again give us Spring, and no snow.

I believe few of our taxpayers are aware of the Pool Park Complex, which might be erected in the Lee Avenue area, at a cost of four million dollars, or more. As of today, I believe there are no figures or facts available to the general public. Rumor has it that the cost initially will be over four million dollars, there will only be 131 parking spaces for automobiles, in a Hamlet that has

Dear Concerned Parents:

The School Board shares your concern for the safety of your children during the last snow storm. And may I add that your letter to the Editor of February 16th, pretty much expresses the attitude of most of the board members.

But, may I correct a misunderstanding that is stated in your letter where you blame the board for the delay in announcing school closings and take us to

Snow Budgets

Local government budgets that have been snowed under by the costs of removing this winter's accumulation of snow and ice will be helped by a bill sponsored and passed in the Senate by State Senator Ralph J. Marino (R-Syosset).

The measure permits counties, towns and villages to issue bonds for the replenishment of snow and ice removal funds exhausted by the expenses involved in moving mountains of snow during the winter of 1977-78.

"The amount of snow that has fallen in New York City, Nassau and Suffolk in the past month alone exceeds the amount ordinarily expected in a ten year period in this area," said Marino. "None of our local governments were prepared to finance the extraordinary costs of removing tons of snow not just once but several times this season. This gives them a means of covering expenses without breaking their budgets."

The bill now goes to the Assembly for passage.

Marino is also a sponsor of a bill that would offer direct state aid to a total of \$7.5 million for extraordinary snow removal costs in New York City, Nassau, Suffolk, Westchester and Rockland counties.

Garden Club

The Hicksville Garden Club will meet on Monday, Feb. 27th at 8 P.M. at the Hicksville Public Library.

Mr. David Christiano, President of the L.I. Horticulture Society, will speak on "Orchids for the Home." He will discuss the different types of orchids and give cultural information.

A Message From Supv. Colby

If not for the seriousness of the ramifications of the Defense Department's decision, I would have been tempted to laugh at its pronouncements last week complaining about "lobbying" by Grumman and the Navy to prevent a one-third cutback in production of the F-14 Tom Cat.

If the Defense Department and President Carter based the cutback decision solely on national defense priorities, any efforts to "lobby" for an aircraft that was demonstrably inferior would fall flat on its face. The only reason for Defense Department concern over efforts to support the F-14 production is that the Defense Department doesn't want brought to public attention the fact it is actually pouring tax dollars into a less sophisticated system simply in response to "lobbying" by such

congressional leaders as Senator Ted Kennedy and House Speaker "Tip" O'Neill. To complain because Grumman informed its employees that the cutback could mean the jobs of 3,000 to 6,000 Long Islanders within a one-year period, represents an attempt by the Defense Secretary to move the spotlight off the real issue.

We on Long Island know the importance of Grumman to our local economy. Certainly, as the Supervisor of the Town in which Grumman is located, I am aware that the heads of some 3,300 households in this Town are employed by Grumman Aerospace. Obviously, that is enough reason for my seeking to pressure the Congress to ignore the President's attempt to cut F-14 production. But I, and the other Long Island officials, have

more than local effects to talk about when it comes to demanding the continuation of full production of the Tom Cat.

What the Defense Department complains of is not the attempt by Grumman to discuss the local economic ramifications of the proposed cutback. The Defense Department is concerned that the public will start demanding a comparison of the F-14 with the yet-to-be built F-18 for which the Defense Department wants to beef up funding. If that comparison is placed under the public microscope, I am certain that it will become obvious that the only reason for the F-18 to be funded over the F-14 is that the engines for the F-18 will be built in Massachusetts, home of Senator Kennedy and the Speaker of the House.

In preparation for a trip to Washington I was to take earlier

this week, I examined the facts and made a comparison. The best possible course for the defense of our country -- and the pocket-books of the taxpayer -- is not the funding for research and development of the F-18 but rather the increase of production and purchase of the already proven F-14.

I am hoping that the residents of our Town will join me in demanding that a comparison of the planes be made public and, thereby, force the President to withdraw his attempt to favor the home state of congressional leaders rather than giving top priority to what is best for our defense.

From County Exec Purcell

Our Health Department
In ancient times, being the king's messenger was a nice job -- until you had to bring him bad news. Then, the messenger's career usually ended, not by being fired, but by being put to death.

We don't do that any more, but we still subconsciously blame the bad news on the bearer, so it was not surprising last year that the county's health department came under fire when it reported that it had found carcinogens in some drinking water wells. The department did not put the contaminants in the water but its analyses found them there and, under state law, it had to close down the wells.

Except on occasions like that,

the health department rarely emerges into public view. Most of the year, it goes about its business of protecting our health with little controversy and even less fanfare. Its emphasis is on prevention. Its job is a critical one, and we don't have public health crises because it does its job well.

It manages our air resources by checking smokestack emissions at 1,400 industrial plants, 2,200 fossil fuel combustion installations and 12 municipal and 29 private incinerators. It monitors air quality daily, year round, at 17 stationary and 25 mobile sites along our major arteries and cooperates with our towns and villages in running noise-control

programs.

It protects our offshore and ground waters by regulating and inspecting the 25 municipal sewage treatment plants which treat 100,000,000 gallons of waste water a day. And it checks the ground discharges by 4,000 industrial and commercial establishments, 500 dry cleaners and gas stations and 100 dumps and recharge basins.

It controls the quality of our drinking water by collecting and analyzing 9,300 water samples a year from 48 municipal and 34 private water agencies, while it prevents food contamination and food poisoning by an intensive inspection program in 6,300 food establishments.

Congratulations to Mr. and Mrs. Russell Harrison, of Basket Lane, HICKSVILLE, on the birth of a son, Kevin Russell, born Feb. 11 at North Shore University Hospital. He weighed 14 lbs., 9 1/2 oz. Mim is the former Agnes Marie Minihan of Hicksville.

Waiting at home to welcome his new brother is Keith, 15 months old.

Birthday greetings go to Steven Niggemeier, Jefferson Ave., HICKSVILLE. He celebrated on Feb. 7.

The Herbert Johnsens visiting the Gale Engles, at Cape Coral, Florida, entertained the Allen Carpenters, the Jack Ehmanns, and the Charles Montanas, all Hicksvillites (formerly and presently). Needless to say, it was a memorable evening.

The happy sunnated people pictured above are: (from left to right standing) Herb Johnsen and Gale Engle. Seated (l. to r.) Allen Carpenter, Charles Montana and Jack Ehmann.

Congratulations go to Deborah Swidzinski, daughter of Mr. and Mrs. John Swidzinski, W. Nicholai St., HICKSVILLE, on receiving her New York State LPN license this week. Deborah is a 1977 graduate of Hicksville High School. She is now attending Nassau Community College in Garden City for her RN.

Happy birthday to Eileen Dielensnyder, W. Nicholai St., HICKSVILLE. She celebrated her "sweet sixteenth" on Feb. 14.

Mrs. Patricia Ann Montana, celebrated her birthday on Feb. 20, while her big son, Charles J. Montana III (Chuck to his friends,) celebrated his 7th on Feb. 23. He shares his birthday with his "new Aunt Jaime", Mrs. George D. Montana, who was also born on Feb. 23. It is a real "blow-out-the-candles" week for all the Montanas in Hicksville.

Birthday greetings go to Sharon Grace, Ash Lane, HICKSVILLE, who celebrated her 15th on Feb. 16.

Kelly O'Callaghan of Abbot Lane, HICKSVILLE, celebrated her 7th birthday on Feb. 20. Happy birthday, Kelly.

Congratulations to HICKSVILLE residents, Frank Sticco Jr. and Frank DeGatino. They both celebrated 25 years with Grumman Aerospace Corporation. Mr. Sticco is a Lieutenant in the Plant Protection department and Mr. DeGatino works in the Facilities department in the Bethpage facility.

Happy Birthday to Mark Villazon, 5th St., HICKSVILLE. He celebrated Feb. 23.

Lisa Moyer, Center St., HICKSVILLE, celebrates her 13th on Feb. 25. Happy Birthday, Lisa.

Happy Birthday to Jessica Untener, Virginia Ave., PLAINVIEW. She celebrates her 2nd on Feb. 25.

HICKSVILLE YOUTHS NOMINATED TO ACADEMIES: Congressman Norman F. Lent (r) congratulates two of his nominees to U.S. Service Academies from Hicksville.

Kevin Lorentsen (l) was nominated by Lent to the U.S. Air Force Academy, and Jonathan McAllister (c) to West Point. Also nominated by Lent to the Air Force Academy, but not shown because he's on active duty in the

Air Force, is James Mahoney. Now that they've been nominated, these young men will compete with other men and women from all over the United States for appointment to the academy of their choice.

Wrestling

The best young wrestlers on Long Island who do not compete on school teams will be displaying their strength and skill Saturday and Sunday, March 11 and 12 at Nassau Community College Gymnasium (Building J) in Garden City. The competition is the Fifth Annual Junior High School Wrestling Tournament sponsored by the Nassau County Department of Recreation and Parks.

The event gives the non-varsity, non-JV wrestler a chance to participate in formal competition and is for boys between the ages 12 and 15, currently enrolled in grades 7, 8, or 9. Students will be wrestling as individuals and will not be representing their schools.

Weight-ins will be held Saturday, March 11, at the Nassau Community College from 8 a.m. to 10 p.m. Weight classes range from 77 through 122 with 5-pound gradations; from 122 through 162 with 10-pound gradations. Over 162 is heavyweight with a 185 pound maximum.

Interested young wrestlers can obtain registration forms and information through their schools or by contacting the Sports Unit at Eisenhower Park, 292-4284. There is no fee.

Basketball action has started again after delays from the most recent snow storm. In action this week, the Bengals upset the Tigers of the Third Grade League 22-8, while in the Fourth Grade League the Knicks and Lakers retained their first and second spots respectively. The Lakers defeated the Warriors 26-21 in overtime while the Knicks walloped the Bullets 28-12. Action in the Fifth-Sixth Grade League consisted of the Rockets and Suns remaining undefeated during the second half of the season, with the Rockets beating the Bulls 46-25 to hand the Bulls their first loss and the Suns beating the Pacers 27-22. The Jazz remained in contention with only one loss while winning two games this weekend, beating the Cavaliers in overtime 26-24 and the Pistons 40-32.

In the Seventh-Eighth Grade League Kentucky beat UCLA, the first half winner, by 59-57. In other close games Indiana squeezed by Marquette 50-48 and Rutgers defeated North Carolina 40-38. In the Tyro league the Boilermakers and Gophers continued their blistering pace with wins. In the senior league, the Wolfpack and Blue Devils continued leading the league with 7-1 records but not before being extended by their opponents. The Wolfpack beat the Gamecocks 61-57 and the Blue Devils squeezed by the Demon Deacons 73-71.

BELIEVE ME MAN, I LOVE YOU

Each of us needs to matter. Each of us needs to feel loved and be loved. And no matter how sophisticated we become, or how "with it" we are, there's a childlike part of us which cries in agony, "Do you love me?" Unanswered many times by the

world, we call desperately to God. "God, do You Love me?" At our best we know the answer, God saying, "You know I do. Believe Me, man, I love you." But we're seldom at our best, so we persist in questioning God. "Come on, God. You know I'm not worthy. Why would You love me, when others find it so dif-

By The Rev. John H. Krahn

ficult?" God answers, "Because you're my creation, made in My image. I love you when you fail. I love you even when you never tried. My love is unconditional."

Unconditional love. A beautiful idea. At least if we believe it. But do we? Belief should put an end to the questions, and yet we're haunted by another: "How do I know You love me?" we ask. In the midst of my loneliness...when one crisis follows another...when I am up to my ears in personal problems...how do I know?

God is no ignoramus. His intelligence must at least equal ours. He knows the importance of a demonstration. When we ask for proof of His love, He's ready. "I'll show you," He answers. "I'll become flesh and live with you." In an act of profound simplicity, He chooses a stable for His place of birth. Then He grows with us, suffers with us, and dies for us. How do I know God loves me? Because He showed me.

In Victor Hugo's famous novel *Les Misérables*, Jean Valjean is a convict who has spent nineteen years in the galleys. When he is set free he discovers that he is ostracized by society. The inn will not rent him a room; the tavern will not sell him a meal. Weary, desperate, and lonely, he decides that no one will ever care for him again. Later when the bishop offers him food and a warm bed, Valjean cannot believe that the offer is valid. He tries to reject the offer by telling his name and prison record. The

World Day Of Prayer

Literally millions of women on every continent will be thinking about the high incidence of loneliness and alienation in modern life on the first Friday in March. They will seek "Community Spirit in Modern Living" as a way to serve God's will for fullness of life for all people.

Friday, March 3rd is World Day of Prayer, and it will be celebrated in 140 countries and 33 islands on that day by Christian women united in study, liturgy and prayer.

Each year the International Committee for the World Day of Prayer chooses one nation to write the service. This year the women of Canada explore the conflicts, tensions and compromises of living in community under the theme "Community Spirit in Modern Living."

The Canadian women show their concern for the issue of

diversity within community in the message they send with the service: "our life in Canada is becoming fuller and richer as people of many cultures, many races, many creeds, and many tongues have come to make their home here. As Canadians, we call our sisters and brothers around the world to share their lives with us and with one another so that all of humanity may grow into unity and wholeness through fellowship with one another."

In the United States, World Day of Prayer is sponsored by Church Women United. In Levittown, this year's service will be held at St. Francis Episcopal Church at 11:00 A.M. All are welcome. Rev. Jack Alford of Long Island Council of Churches will be our guest speaker. Bring a sandwich and a friend and come to the "celebration"

Afternoon Of Music

The Guitar Workshop's regular Saturday Afternoons of Music will present a program of guitar arrangements of traditional ragtime and fiddle tunes on March 4 at 12:30 p.m. with recording artist and author Ken Perlman.

Perlman, well known to New York club audiences, is the author of "Fingerpicking Fiddle Tunes: Traditional Dance Music Arranged For Fingerstyle Guitar" (Chappell Music). The program will take place at The Guitar Workshop, Trinity Episcopal Church, Rt. 25A (Northern Blvd.) in Roslyn.

A donation of fifty cents is requested. For further information, call The Guitar Workshop at 621-7910.

Besides protecting our environment against health hazards, the department conducts education and screening programs to reduce the likelihood that any of us will die of cancer, stroke or heart disease. In addition, it administers an extensive range of home and hospital-based treatment and therapeutic programs.

To try to tell the story of this department in this small space is impossible. I've only scratched the surface. But it all adds up to a job well done - and to a healthier community.

A new way to bring people together: the Bahá'í Faith

The purpose of religion is to create unity

Many Americans are beginning to realize that unity among the peoples of the world has become a necessity.

And religion should be a cause of unity. Unity of the human family has always been the highest goal of religion. All the Prophets and Messengers of God have taught mankind to love one another.

The purpose of the Bahá'í Faith is to create unity among the races and nations of the world. "Religion," the Bahá'í Writings say, "should unite all hearts and cause all wars and disputes to vanish from the face of the earth, give birth to spirituality, and bring life and light to each heart."

Bahá is in more than 300 countries and territories of the world are working systematically to bring people of every nation, race and culture into one unified family. They are building communities that are enriched by cultural and racial differences and that draw strength from diversity.

bishop responds, "You need not tell me who you are. This is not my house; it is the house of Christ. This is the home of no man except him who needs a place of shelter. What need have I to know your name? Besides, before you told me, I knew it." "You knew my name," says Valjean. "Yes," says the bishop. "Your name is My Brothers."

Through Baptism we have become sons of God. Jesus has become our brother, and we have become brothers of one another. Jesus says to us today, "Believe Me man, I love you." Music to our ears. Comfort to our soul.

School, who retired in June, 1967, passed away this week at her home in Florida.

With a bachelor's degree from Boston University in 1928 and a Master's degree in 1929, Miss Jenkin began teaching in Sept. 1932 in the Business Dept. and served as Dept. Chairman from 1954-1967. During World War II she was active in the Red Cross, serving in the Motor Corps. She also initiated the practice of visiting senior citizens at Jones Institute and delivering gifts to them at Christmas time. Every year for many years she was in charge of having the daisy chain made that was used at the annual high school commencement.

Galileo Lodge News

By Joe Lorenzo

On April 1, the Ladies Auxiliary of the Galileo Lodge will hold its annual Woman of the Year Dance. This affair honors an Italian-American woman who excels in her chosen field. This year the Ladies Auxiliary will honor Marie Santagata, who was

recently elected judge of Nassau County. A fine honor to a fine lady.

Last year the Auxiliary honored Rose Ann Scarmadella, a rising star in the world of the American Broadcasting Company's network of newscasters.

More information on this affair will be released in our next installment.

The Galileo Lodge, in conjunction with the Ladies Auxiliary, will hold another 'Follies Revue' featuring the talents (and they are plentiful) of both memberships. Joe Lappano and Rita Mannino will host this affair, and I might add, their talents will greatly enhance the entertainment values of this affair.

Reporting on the 'Gift of Life' is always exhilarating, and thus we mention that this program has given new hope and life to another 7-year old youngster from Rome - Massimiliano Pasqualino, who entered St. Francis Hospital for open-heart surgery and is now well on his way to recovery. And then back to Rome to see his dreams fulfilled. It is also a pleasure to report that many of the Lodges associated with the Order of Sons of Italy in America are running dances of various kinds for the sole purpose of raising money for this humane program. As usual, an extra note of thanks to the St. Francis Hospital Guild.

This week at the Galileo Lodge is election time. The future of our organization will be placed in the capable hands of the newly-elected officers. We wish them well.

Another item on the Galileo Lodge's program for the Spring festival season is the St. Joseph's Dance which is to be held March 18th on the Lodge premises. The

At Suburbia

Suburbia Federal Savings and Loan Association assets reached \$548,453,138 as of December 31, 1977.

"Our program of developing new services and expanding our branch facilities to better accommodate our customers is part of the impetus which is keeping Suburbia moving in a positive direction", comments Andrew P. Kane, Jr., President.

Suburbia now has a total of ten branches throughout Nassau and Suffolk, the newest having opened in Port Jefferson Station in September. All are open daily Monday through Saturday plus Friday evenings. These branches offer a wide variety of services

including the new low cost Life Style Loans. This newest service is another step for Suburbia in the direction of becoming a one-stop family financial center.

"Our new services and branch locations come as a direct result of trying to fulfill the needs and desires of our customers without whose patronage and support we could not have attained the position in which we are today", continues Mr. Kane. "Becoming an integral part of the communities in which we are located is vitally important to us at Suburbia and we shall continue to do our utmost to be not only an entity but an asset to those areas we serve."

At Barclays Bank

John Whicker, President of Barclays Bank of New York, announced today the official appointment of Mallory Factor Associates Incorporated as their public relations counsel.

States President Whicker, "As we grow, it is still of utmost importance to us to communicate with our public in a personalized way. Barclays Bank of New York wants to be a major contributing

factor in the growth of each and every one of our local communities."

Barclays Bank of New York is well-known for their international expertise in helping local businesses. Barclays is a full service commercial bank. It is a New York State Chartered bank and a subsidiary of one of the most highly respected international banks.

Declares Dividend

LITCO Corporation of New York, which wholly owns Long Island Trust Company, Garden City, and Long Island Bank, Hicksville, today declared a quarterly dividend of 23 cents per share. The dividend is payable April 1, to stockholders of record on March 15, and was declared by the LITCO Board of Directors on February 16.

Announcement of the dividend was made by Arthur Hug, Jr., Chairman of the Board.

LITCO Corporation of New York has assets in excess of \$850,000,000 and is the largest Long Island based commercial banking organization with 46 offices in Nassau, Suffolk and Queens counties.

CUMMINGS 'N GOINGS

By Jim Cummings

DID'YA KNOW: that its SRO at the 20th Anniversary Dinner-Dance of the Commodore John Barry Division Eleven, Ancient Order of Hibernians on Saturday, March 4th according to John Campbell, Division President - likewise, the March 18th Irish Nite of the Joseph Barry Council, Knights of Columbus-both events to be held at Monsignor Bittermann Hall at their Hicksville headquarters 45 Heitz Place... Jack O'Leary, Nassau County Conservative Chairman, a proud member of the Hicksville AOH for many years will be seated at Tom Gallahue's Hicksville Republican Committeemen's table for the event with Town Councilman Tom Clark, Danny Donovan, Mid Island Conservative Club Chairman and the writer and my wife, Dolores organizer of the Ladies Division... one of the main reasons for this turnout is the fact that both organizations have Pat Roper and his fabulous entertaining band supplying the music - Pat Roper, is perhaps the best new Irish talent these days... Michael Crowley is Parade Chairman for the Hibernians when they march in Garden City, on Sunday, March 12th and in New York for the 116th Annual St. Patrick's Day Parade on Friday, March 17 - for the first time in more than four years the Hicksville High School Senior Band will not be leading the Hicksville AOH unit in NY - a scheduled music symposium has been on their school calendar for some time - but they definitely promise to be back with us in '79 reports school officials.

WE HEAR THAT: Michael Halcott of Kuhl Avenue, Hicksville, son of John and Grace Halcott will enter the United States Air Force Academy on March 13th a proud moment for Michael, and his parents, our good friends and neighbors these past 20 years - god speed your career in the armed forces.

ROUND OUR TOWN: The

Hicksville Republican Committeemen's Council will hold their annual Fashion Show at Antun's Old Country Manor, in Hicksville, on Tuesday evening, March 21st according to Fred Veante, Show Chairman - time 7 PM - fashions for men and women - for tickets phone Fred at 931-4287 or Joe Jablonsky at 935-1717 - last year's show was fantastic. Wonder what this well-round committee plans this year? Why not check with Helen Henderson, fashion committee at the next meeting... Some 70 members of Congress now serve on the AD Hoc Committee for Irish Affairs of the Ancient Order of Hibernians and its more than 1.5 million members - that's the name of that tune.

IRISH QUESTION: The Irish National Caucus has endorsed the ad hoc congressional committee's proposal to sponsor an Irish peace forum in Washington, D.C. it is reported to us this week. Proposal was initiated by Frank McManus of the Irish Independent Party in Northern Ireland in a letter to Congressman Mario Biaggi - all parties will be invited without pre-conditions or compromise it is suggested. We hope for a peaceful ending.

COMMUNITY NOTES: Councilman Thomas Clark was the guest speaker at the February meeting of the Joseph Barry Council Knights of Columbus and provided a detailed report of information covering the proposed Park in Hicksville at the former Giese Greenhouse on Lee Avenue - a planned referendum is scheduled early in May for a vote by the residents of Hicksville only in the Hicksville Park District - more details in the media as final plans are approved. At present we learned that my good friend and neighbor Jack Halcott's sister Jan Vail passed away this past Tuesday upstate in the Catskills - our condolences to Jack, Grace and family upon your loss.

String Of Pearls

Come to an evening of music from the Big Band Era. Listen and dance to the music of Glen Miller, Tommy Dorsey, Duke Ellington, Woody Herman, Count Basie, and many other jazz giants.

On Saturday evening, March 11 at 8:30 P.M. the Hicksville High

School will hold its annual "String of Pearls" dance in the Boys Gym of the high school.

The evening will feature the high schools' own Stage Band, under the direction of J. David Abt. Vocal assistance will be pro-

MARCH OF DIMES ISLANDER LINE-UP... N.Y. Islander hockey star Bob Nystrom, SUPER WALK '78 Chairman, and Mark Kopper, Nassau March of Dimes Poster Child, join some enthusiastic school representatives who are among hundreds of students busy spreading the "LOVE IS...SUPER WALK '78" message throughout Nassau. At

a recent SUPER WALK Planning Meeting, Chairman Nystrom greeted his "team" of spirited young people, hoping to inspire them in their recruitment efforts for Nassau March of Dimes SUPER WALK '78, the annual 20-mile march on birth defects set for Sunday, April 16th. Striving towards a different kind of "goal"-conquering the nation's

No. 1 child health problem-Bob urges all Nassau residents to register to walk "for those who can't." Anyone interested in "sharing love" on SUPER WALK Sunday, should call the March of Dimes at 741-4045 TODAY.

Baseball Registration

Our Lady of Mercy Youth Council has scheduled a Boys' Baseball Registration for Sunday, Feb. 26, from 11 a.m. to 2 p.m., in Our Lady of Mercy's school lobby, South Oyster Bay Rd., Hicksville.

The registration is open to all boys, grades 1 through 8, and parents must sign the registration form.

Lets Hear It For The Sewers "Birds Of Prey"

By Carole Wolf

The Hicksville Community Council is having one night devoted to the topic of sewers. On March 2 at 8:30 P.M. in the large auditorium of the Hicksville Public Library, the Hicksville Community Council will try to clarify the upcoming construction that will be done in our area.

We have invited Mr. Gray, a representative from the Nassau County Department of Public Works, Department of Transportation, to open the meeting. We hope to have a representative from one of the major

construction firms doing work in the Hicksville area. And, finally we have invited a local couple, Ann and Dick Evers, to tell us the surprising effects when the sewers come down the street.

Questions and answers can be asked from each speaker. And the meeting will conclude with the 'Hicksville Town Meeting' where anyone can discuss anything, as long as it pertains to Hicksville. Town Councilman, Tom Clark, will also be there with his usual report regarding matters which affect our residents.

On Friday, February 17th, the students at Woodland Avenue School were treated to a fascinating program on owls and hawks.

The presentation, called "Birds of Prey", educated the students through colored slides and live demonstrations with these birds, on their nesting habits, methods of self defense and diet.

The children were delighted—perhaps a bit nervous—as the hawk soared through the cafeteria, perching on a high spot near the ceiling. As his trainer tempted him with a treat, he zoomed back just inches from the heads of the excited children.

The children noted how the screech owl cooed affectionately toward the trainer, whom it regarded as its mother since it had made its home with him practically since birth.

Teacher and students alike praised this most worthwhile program.

Funds and arrangements for "Birds of Prey" were made through Woodland's PTA, which has already funded and arranged two other in-school presentations during this school year.

Public Budget Study

The Hicksville Board of Education will hold a Public Budget Study Session, discussing the 1978-79 school budget, on Wednesday March 1, at 8:15 p. m., in the Board Room of the Administration Building, Division Avenue.

The Hicksville Junior High School Drama Club will present "South Pacific" in the school auditorium on March 16, 17 and 18.

Tickets can be purchased at the school and will also be sold at the door. All performances start at 7:45 P.M.

Heading the cast are Liz Arnold, Robert Guerra, Tania Papadakis, Chris Joyce, Maureen Delany and Jim Clancy. The show is directed by Mr. Jeff Rock.

For more information call 733-2020.

presenting "The Children's Hour" at the Library from February 23rd through the 26th. On Thursday, Friday, and Saturday, the play begins at 8:30 and on Sunday it will be at 2 P.M.

David Blaskowsky from the Hicksville High School Student Council said that the Foreign Language Department is giving an international banquet at the Sons of Italy Hall and the cost will be between \$4 and \$5. A Gong Show at the High School will be coming up soon. David also mentioned that the Student Government is attempting to try for the High School of the Year and they would like suggestions for work they can do for the Community.

Bill MacDonald said that the Long Island Jewish Hospital will be holding a seminar, "Living with Cancer" at the end of

February. One full night will be devoted to discussing unorthodox cancer therapies.

The Gregory Museum will be honoring the Boy Scouts this month and they are showing the Irving Salsburg Collection, it was reported.

The AARP are trying to find needy who are waiting to get on relief roles to tell them about Food DISCOUNT COUPONS. The AARP is also collecting stamps and packaging them for collectors. And everyone 55 years of age or older is invited to come to the Parkway Community Church every first Tuesday of every month at 1 P.M.

Next month at the Council - Sewers - on Thursday, March 2nd, 8:30, at the Hicksville Public Library. See you there.

TEN DAY HOME TRAIL

Adopt a well-behaved 3 year old

It may have the looks that only a mother could love, but from a practical standpoint it's all you could ask for. If it's just not your cup of tea, we also have a good selection of other "blue chip" economy cars like Toyotas and Datsuns.

First of all, if you desire, we will pay your mechanic \$20 to thoroughly check the car of your choice. If he says no, there is no further obligation.

Second, if within 10 days or 500 miles, whichever sooner occurs, you're not satisfied, return it! We're so confident you will like our car, we will give you a written money back guarantee which includes state and local taxes, registration fees, and if you finance the car through us, we will absorb any finance cancellation charges.

Thirdly, if you keep the car, our no-nonsense limited 30 day warranty simply states that the Engine, Transmission, Rear Axle, Front Axle Assembly, Brake System, and Electrical Equipment shall be in good operating condition or we will make repairs or replacement at no cost to you.

You won't find a fairer deal anywhere even on a brand new car!
