Board of Education HICKSVILLE PUBLIC LIBRARY

Extending Bus Contracts

By Linda Strongin

The Hicksville Board of Education voted four to two last week to extend the existing transportation contracts with Tom For, our carrier for handicapped and non-public school students outside the district and in-district handicapped; and We Transport for handicapped and non-public school children outside the district. The extension calls for a 5 percent increase or Consumer Price Index increase whichever is lower.

Voting no to the motion, which also included sending out bids for in-district regular school transportation, were Vice President John Ayres and Trustee Neil McCormack. Trustee Pete Fujimoto was absent from the meeting due to business reasons.

Assistant Business Manager Richard Helfont explained the conditions of the extensions for the two carriers. He also suggested the Board "go out on bid" since Harran Transportation, our carrier for in-district regular school transportation did not offer to extend their existing contract. He advised that the bidding be done "early" to take advantage of the best prices.

Vice President John Ayres asked if there was communication with other bus companies so costs could be compared. Mr. Helfont explained that he has been involved in transportation meetings and state seminars where bus contracts are discussed and costs compared with other districts, and "Hicksville compares favorably with other districts."

Trustee Neil McCormack questioned if a "referendum is needed before the contracts could be approved." According to school board attorney Joseph Campanella, a referendum is required "only if a multi-year contract is being considered." It is not needed on a one-year contract since approval is obtained by the school budget vote which contains transportation costs.

All transportation contracts must meet with the approval of the State Education Department before state-aid is granted to a district.

The Board approved the hiring

Homemakers

The Hicksville-Nassau Homemakers Council will hold a business meeting and membership renewal on April 6 at 10 a.m. at the Parkway Community Church, Stewart Ave., Hicksville. A White Elephant Auction will follow the business meeting.

North Shore Christian Women's Club

The Nassau North Shore Christian Women's Club invites friends to lunch at Charter Oaks Club, Northern Boulevard, Muttontown, Thursday, April 13, promptly at 11:30 A.M. \$5.50.

The Special Feature is Ballet "Prayer of Spring" by Lauren Caola. The soloist, Dorothy Otto. The Speaker is Bruno Militano, Lecturer and Humorist.

Reservations and cancellations made with Elizabeth Morgan 742-2568, and Mary Lou Palmison MA 6-3432

of consultants to search for a new superintendent. Dr. Philip Pitruzzello and Dr. Carroll Johnson were hired at a cost of \$3,000 plus expenses to conduct the search.

The Board tabled action on a policy change concerning senior citizen passes. Currently, senior citizens can obtain a pass at age 65 which entitles the bearer to free admission to first-night performances of plays, concerts, sporting events and also adult education classes. The change would reduce the age to 60. Dr. Fred Hill pointed out that it could create a "cost-overrun" in the adult education program. Trustee Iris Wolfson suggested that the matter be referred to the Policy Committee and the Adult Education Advisory Committee for further study.

The Board reserved decision to grant a request from the Hicksville Congress of Teachers to use the district's addressograph machine for a special mailing.

Trustee Neil McCormack stated he had "reservations. The equipment would then be available to anybody who wants to send out a flyer."

Trustee Iris Wolfson questioned if the equipment had been available to anyone else other than government agencies.

Dr. Hill responded that each request had been voted upon and that such groups as the PTA, library board and Lions Club had been granted approval for their requests. Mrs. Wolfson stated it was an "inconsistent situation" if some requests were granted and others were not.

President Tom Nagle requested that a ruling be obtained from the Commission on Public Access to Records in Albany concerning a request from the Hicksville Congress of Teachers asking for a copy of the tape (s) made at all public Board of Education meetings.

The request was made under the new Freedom of Information Act which considers tapes as a part of public records, and, therefore available for public inspection. However, Dr. Hill pointed out that this "particular request asks for a copy, not for the right of access."

Questions were raised by various Board members as to the amount of time needed for the reproduction; the method to be

used; the current policy on such method (use of AV-equipment was suggested); and the cost factor involved (to be paid by HCT).

School Board attorney Joseph Campenella suggested the Board request a ruling from the Commission to clarify the situation.

The Board approved new curriculum for 1978-79 in various subjects, among those being science for grades 4-6; and a civics unit. Dr. Manus Clancy informed the Board that the science curriculum was one of the "finest things done and is practical and useful," using a step-by-step method.

The Board also adopted a resolution permitting the American Red Cross and/or the Town of Oyster Bay use of the schools in case of an emergency, which would be determined by a majority vote of the School Board. In the event that a majority of the board members cannot be reached, an agreement with the superintendent or his designee and at least one board member can determine if an emergency exists.

The Board also granted requests to the Town of Oyster Bay for use of the senior high auditorium for a public meeting on the park referendum; to the Town of Oyster Bay for use of the seven schools to conduct the parks referendum at a cost to the Town of \$945; and the Hicksville Youth Council for use of the Lee Avenue School gym on Thursday nights for ten weeks for basketball.

The Board approved an elementary intramural wrestling program under the voluntary supervision of Steven Tomaini, varsity wrestling coach. The program, open to all district elementary school children will begin March 31 from 3 to 5 p.m. at the East Street School. A trophy presentation is scheduled on May 26. The trophies will be donated by the East Street PTA.

Vice President John Ayres and Secretary Dan Arena lauded the program. Mr. Ayres stated that he was "amazed at the number of youngsters" who turn out for this program and pointed out the demands put on Mr. Tomaini.

The next Board of Education meeting is scheduled for April 12, 8:15 p.m. in the conference room of the Administration Building.

During the course at the Naval Training Center, Great Lakes, Ill., students received instruction on the use of basic hand tools and machine shop equipment. They studied the theory and construction of internal combustion engines, plus the operation, maintenance and repair of small diesel engines, distilling plants, air compressors and auxiliary

boilers. The students were also introduced to the types of duty watches that enginemen stand aboard ships.

A 1977 graduate of Hicksville High School, he joined the Navy in September 1977.

Gem and Mineral Show

The Gregory Museum, Long Island Earth Science Center, will hold its 7th Annual Gem and Mineral Show, April 8th and 9th, at Hicksville High School, Division Ave., Hicksville, N.Y. (south of Old Country Road). Saturday 10 AM to 7 PM Sunday, 10 AM to 5 PM. Adults \$1; Children 50 cents.

The show takes an exciting look at Ancient Egypt. Minerals such as lapis lazuli, carnelian, amethyst, jasper, which held such mysterious fascination for the Pharaohs and their Queens, will be among the varieties offered to collectors. There will be unusual jewelry for sale as well as separate stones, settings and "findings".

To highlight the theme "Gemstones of Egypt", the popular Allegra's Dance Artists, in authentic costumes, will perform the dances of Ancient Egypt at 3 PM on Saturday.

Mr. Charles Anello, Master Restorer from the Metropolitan Museum of Art, will present, on Sunday at 2 PM, a slide program and lecture on the long awaited exhibition of the Treasures of Tutankhamun.

Newspaper Recycling Schedule

Beginning Monday, April 3rd, residents who receive Town of Oyster Bay sanitation collection services will also be able to put out newspapers for recycling on the same days that they are scheduled for refuse collection.

"Every sanitation collection day will also be a newspaper recycling day," Town Supervisor Joseph Colby announced. "All a resident need do is place the newspaper bundles alongside his refuse container and the papers will be collected and placed in a separate compartment on the Town sanitation trucks. The newspapers should be tied in

bundles not exceeding 12 inches.

The new system allows for newspapers to be collected for recycling twice a week on the same days that refuse is collected. Currently, newspapers are collected once every other week on a specified day that does not necessarily coincide with the resident's sanitation collection day.

"By initiating this system we will be making it easier for our residents to participate in this recycling program," Colby explained. "This in turn may result in more participation and possibly greater revenue coming

to the Town through the sale of the papers collected. It also eliminates the costs of having special crews make these collections."

According to Colby, the information concerning the new newspaper recycling system and changes in the Town Sanitation Collection system is being distributed door-to-door on a card providing this information along with the phone numbers of various Town departments. "Anyone not receiving this card within the next week is urged to contact the Town's Public Information Office at Town Hall, Oyster Bay," Colby said.

Letters To The Editor

(Continued from Page 4)

one little known fact that will benefit us in the next few years. We have a seasoned and experienced teaching staff, most of whom have over fifteen years of teaching experience that can be beneficial to our children in the class-rooms. None of these teachers will be affected by any proposed staff reduction.

Further, Mr. Katz, by increasing our budget by 1.2 or 1.4 million dollars, and at the same time hold the line of expenditures to our current budget of 27-million, is not a fair and just analysis of our commitment to our students and taxpayers, especially those that have fixed incomes, or households that have two working parents to make ends meet. According to Newsday, March 19, 1978, we are the highest taxed COUNTY in the U.S.A., we, therefore, must be prudent in how we spend our hard pressed tax-dollars.

Last August an article called "THE MORE WE SPEND THE LESS CHILDREN LEARN" appeared in the New York Times Magazine Section, it was written by Mr. Frank E. Armbruster, he states: "Last school year, Americans spent far more on all levels of education than they

spent for defense: for primary and secondary schooling. The bill was \$75-billion, more than four times the 1960 figure. It is now clear, however, that all that money hasn't bought much. In the crudest cost-benefit terms, the more the parents have spent on schools, the less their children have learned. Scores on academic achievement tests, administered to all grades in most states, reveal that the academic ability of school children declined almost unremittently in the second half of the 1960's and the first half of the 1970's."

It is our aim to provide the best QUALITY education for all our children with the means we now have at our disposal. An experienced Staff, seasoned administrators, knowledgeable educators, using the supplies and materials necessary to meet those goals, and at the same time we must jealously protect every tax dollar received for that purpose.

We as board members take our trust seriously in the pursuit of serving our School District - we thank you Mr. Katz for your views and deep concerns. We will never allow our District to be just an AVERAGE ONE.

Sincerely,
Bill Bennett
School Board Trustee

Dear Friends...

WE ARE PLEASED to welcome Harriet Maher of Hicksville to our staff. As of this week, Harriet will be joining our own Lynda Noeth Scotti in bringing you the social news which appears under "Around Our Town". Don't forget to phone either Lynda or Harriet with your social items...their phone numbers are in the standing head.

THE HICKSVILLE COMMUNITY COUNCIL meeting is set for Thurs., April 6 at 8:30 pm downstairs in the Hicksville Library. TOB Councilman Tom Clark and Architect Arthur Petterino will be speaking on the details and costs of the Hicksville Parks Complex referendum. Library Director Ken Barnes will speak on the library budget. You and your friends are invited not only to hear these important local topics, but also to take part in the "Town Meeting" part of each Council meeting, where you may bring up your own problems (providing they are about Hicksville), or to mention your organization's future events or programs. Come on down.

Our own Supervisor Joseph Colby and our Town Board issued a proclamation designating yesterday, March 29th, Knights of Columbus Day, "in tribute to the record of the Knights of Columbus on behalf of Country, Church, Community and fellowmen". We, too, wish these fine community leaders in our K. of C. organizations, continued success.

Bill Dean of the Hicksville Teachers Professional Union writes to say that one hundred teachers, a majority of the Hicksville Junior High School staff, have petitioned their principal, Mr. William Feigin, to take action, "to stop interruptions of classes by noisy passersby in the hallways, unauthorized visitors in the building and those who come into the classroom on some errand."

On Mar. 23, James J. Duffy, veteran Long Island union leader, and William Pedersen, Nassau County Commissioner of Labor, were named today as labor co-ordinators of the Duryea for Governor campaign.

Republican Leader Perry B. Duryea of the State Assembly, the only announced candidate for Governor, said he was "pleased and honored" that Mr. Pedersen and Mr. Duffy had volunteered for "active roles" in the gubernatorial campaign.

The Nassau Youth Neophonic Jazz Ensemble is currently holding auditions for music students 16 to 19 years of age. Students in the Ensemble rehearse regularly, participate in actual recording sessions and perform throughout Nassau County.

This program is sponsored by the Nassau County Office of Cultural Development and is under the direction of Joe Dixon. For audition information call 764-5925.

The South Nassau Long Island Region will be holding a gigantic Bazaar on Sunday, April 9th and Sunday, April 16th, at the American Legion Hall, 160 Marvin Avenue, Hempstead. Doors open at 11 AM. Two floors of brand new merchandise. Refreshment stand too. For further information call 593-2544.

The Long Island Marathon to be held April 9 is fast taking shape with more than 700 runners already requesting applications, some from as far away as Florida and Maine.

The sponsors of this major sporting event, which is expected to take its place in popularity with other area marathons, include Newsday, the Long Island State Park and Recreation Commission, the Nassau County Department of Recreation and Parks, Manufacturers Hanover Trust Company, Macy's and the Roadrunners Club of America, New York Association.

To obtain an application and registration information, call the Nassau County Department of Recreation and Parks Sports Unit at 292-4284 or write to the Sports Unit, Eisenhower Park, East Meadow, N.Y., 11554. Registration blanks will also be available at the Outdoor Shop at Macy's, Roosevelt Field. The entry fee, payable upon submission of application is \$3.00 if received before Friday, April 1. Late registration will be \$5.00.

THAT'S ALL for this week. Stay well and remember the old saying by Erasmus: "A nail is driven out by another nail...habit is overcome by habit."

Letters To The Editor

Dear Editor:

I much appreciate the space your paper has given to reports and discussion of the two proposed parks and the information about the sewers. We need all the facts we can get.

The thought occurs to me that perhaps we should ask the Town for a new vote on parks versus sale for development or commercial use. Economics has made important changes since the first vote. Then who knew we would be spending 50 cents and upward per gallon of heating fuel? Or that the large sums for installing sewers would be due so near in the future? Today we face not just installation costs (plus greatly larger costs for older homes which require a trench all the way around the house to the waste pipe at the rear), but a new tax category on our tax bills: "Sewer Tax" on into the future.

When we blithely voted for "parks," we probably visualized tall trees, acres of green, curved walks, flowers, maybe a fountain, in place of wall-to-wall housing or cement and steel. Now we find ourselves in the middle of a hassle, neither wanted nor needed, over how to finance a four- or five-million-dollar project of a swimming pool, gymnasium, playground, etc., and look forward to meeting a second new tax category on our tax bills: "Parks: Note Service and Maintenance."

I imagine that quite a few people might truly welcome a chance to make an informed choice at this time.

By the way, isn't admission to public services by annual clubtype subscription discrimination against those with only a modest income? Has anyone thought of seeking a genuine club to take over the Lee Avenue property as a private club? This would not only serve the interests of those who can afford annual subscriptions but would have the know-how and incentive to do the job to the satisfaction of all and also make an excellent contribution to the Town's tax receipts.

If these suggestions are not to be considered, then perhaps the entire parks project should be put off until some future date when our present overwhelming new home costs are absorbed.

Thank you for listening.
Very truly yours,
Lillian H. Margot

To the Editor:

The grandiose pool-park complex being pushed for Hicksville sprang-up from answers to seemingly natural questions regarding park preferences in a survey conducted by Judge (then Councilman) Warren Doolittle - a survey in which just THREE percent of the Hicksville population indicated a desire for an indoor pool. It certainly appears the questions might have been loaded when you consider what emerged: A TEN MILLION DOLLAR TURKEY. Despite the recommendations of the Nassau County Planning Commission that Community Parks be at least 12 acres in size, it is proposed to stuff on seven acres an indoor olympic-size (75 feet by 45 feet) pool in a two-story building that contains a gymnasium, meeting rooms, a snack bar, craft rooms, park offices, and other sundry rooms: an outdoor olympic-size pool; tennis courts; basketball courts; picnic area; senior citizen's area; and so forth along with just 140 parking spaces. This is not the simple pool-park envisioned by those who replied to the survey questionnaire. To me then and now, an outdoor pool, tennis courts, basketball courts

(outside), and some handball courts along with a LOT of parking space were all that could be supported on a seven acre piece of land in our middle class community. Sure other things could be added like shuffleboard, barbecues, and a senior citizen's area - those things are inexpensive and easy to maintain. That is the park I envisioned then and that is what I still see. But to get it the ten million dollar turkey proposition must be defeated on May 4th - if we get to vote on May 4th.

Now ask yourself and then ask Councilman Tom Clark "Does Hicksville need this grandiose pool-park complex?" Consider this in any answer you get:

1. Cantiague Park, a county park of 127 acres with a large swimming pool is located in Hicksville - accessible to all. We PAY county taxes to support it.
2. Two other swimming pools are located in Hicksville, one on Beech Lane and the other on W. Village Green, which can be used by some Hicksvillians who PAY taxes to support them.
3. The Town of Oyster Bay has several large parks, for example the John Burns of 32 acres, and large beach-parks for swimming in the sound and in the ocean - on the North Shore and on the South Shore. We PAY taxes to support them.
4. Need mention be made of the 930 acre Eisenhower Park in East Meadow for which we PAY county taxes to support - or the Bethpage State Park and the Jones Beach State Park for which we PAY state taxes to support - or the 30, yes 30 playlots and playgrounds in Hicksville ranging in size from one half to seven acres for which we PAY town taxes to support?
5. Located close by with large swimming pools are the Bethpage Community Park of 19 acres, the Syosset-Woodbury Community Park of 47 acres, and the Plainview-Old Bethpage Community Park of 19 acres. In the past, park officials have advertised for pool users from outside their respective park districts.

The answer to the question posed is obviously "NO". The benefit to be derived from the TURKEY will not be worth the extra taxes you will PAY. And, even after PAYING those taxes, you still can't use the pool until you PAY for a family or individual membership at variable prices ranging up to \$175 depending upon the time of the year the membership covers and in my opinion, if we had just a simple outdoor pool-park it would cost much less to build, would cost much less to maintain, and in all likelihood be available to everyone in Hicksville - FREE of membership charge.

Sincerely yours,
Frank H. Willard

Dear Editor:

Political activity can often be a very pleasant and gratifying experience. Last Tuesday evening's Town of Oyster Bay Democratic Convention was especially gratifying for me - since I had the opportunity to place in nomination the name of George Morrison as our new Town Democratic Party Chairman.

In our sometimes chaotic Town Democratic Party, George has always stood out as a steady rock of dependability. We have always been able to say "Let George do it" with the certain knowledge that the job would be done - and done well. A flair for organization, meticulous planning, and the kind of quiet competence that inspires the confidence and respect of others - these are prime attributes of a leader, and George

has consistently proven that he possesses them in spades.

Those of us who have worked with George over the years have come to rely on him and on his qualities of leadership, so that the transformation to "Town Chairman" George Morrison will be an easy and natural one for us all to make.

The selection of George Morrison as our new Town Chairman may well mark an important milestone for TOBAY Democrats. I hope that all local Democrats will join with me in giving George our full AND ACTIVE support in the months ahead.

Very truly yours,
Michael Polansky

Dear Mr. Clark:

Only after reading about the proposed \$4.1 million development of a pool park complex in the Hicksville area, was I really astounded.

Could we not ask ourselves, if we don't have enough parks and pools in the Town of Oyster Bay? We have the use of large ball-fields at each of our local schools at our disposal. We presently have and are paying for-through our tax dollar a number of community pools at which to attend.

Mr. Clark, we don't need new parks in Hicksville, but merely a clean-up campaign begun at West Village Green Park. This park is located on Barter Lane off Newbridge Road in Hicksville. This park, and the area around the stores, should be declared a Federal disaster area. All the shopkeepers don't give a damn about the garbage strewn all around the area, but only about their greedy profits.

It is my ambition Mr. Clark, to one day see West Village Green Pool and Shopping Center shine once again for a cleaner and more productive community.

Sincerely yours,
Peter Cullen

Dear Sheila:

In as much as I am a member of the Board of Education, I would like to address my personal views on the subject of Zero-Growth-Budgeting, as expressed by Mr. Stephen R. Katz in your last issue of the Herald.

The Board has yet to examine the many codes that make up our \$27,445,927.00 current expenditure. Central Administration has informed the Board that approximately 1.2 to 1.4 million dollars will have to be added to our 1978-79 budget, and that the added costs are based on such items as Social Security Tax, Unemployment Insurance, pensions, and BOCES anticipated cost increases.

We are presently reviewing budget codes 1000 General Support, and Instructional Code 2000. The Instructional Code is made up of 60 percent of our total budget, we are talking about 17-million dollars. If we are to realize any meaningful savings to you tax-payers in light of the proposed increase of costs, we are obligated to make those cuts wherever necessary to meet current student enrollment without affecting the HIGH QUALITY of education which we are thoroughly committed to uphold.

Central Administration has assured us, Mr. Katz, and you were at that Staff Budget meeting, that the reduction of staff as recommended by Administration, at the request of the Board, would in NO way affect our current instructional programs. Nor will class-size be seriously increased. They are below contractual allowances. There is

A Message From Supervisor Colby

The melting snows this past week that heralded the arrival of spring also revealed the piles of tree limbs and branches brought down by the January ice storm and buried in the subsequent blizzards before they could all be picked up.

With another harbinger of spring -- potholes and heaved pavement -- demanding most of the attention of our Highway Division crews, the Town was able to get an extension of the agreement for the 100 CETA workers from Nassau County to continue tree limb cleanup operations. Following the snow storms these crews had been assigned to clearing storm drains and shoveling walkways in public parking fields and senior citizen housing complexes.

CETA funds were also made available to secure the necessary equipment for the tree limb

cleanup program. Three wood chippers, which efficiently reduce the volume of wood that must be removed were rented to speed up the operation. A chipper, with its truck and crew, is assigned to an area for a block-by-block cleanup of all wood left along the curbs.

Other special equipment obtained for the project ranges from chain saws to safety goggles and helmets, and includes the rental of station wagons to transport work crews to and from the sites. Each crew works under the direct supervision of a Town labor supervisor temporarily assigned to the CETA program.

Homeowners can help the Town in this effort by stacking all tree limbs and branches along the curb lines of their property for the crews to pick up. If you have the time and the energy, branches can be cut in lengths

under four feet and bundled for pickup by Sanitation crews on regular rubbish collection days, or they can be brought to the homeowners disposal site at the Town incinerator complex off Round Swamp Road in Old Bethpage.

The Hicksville School District has started "Mathlete" competition on an elementary school level. Recently 130 fifth and sixth graders from each of the 8 Hicksville Elementary Schools converged on the HJHS to match their mathematics skills and imagination against many questions selected by their teachers. After this contest, their energy was restored with doughnuts, milk and conversation. The next competition is tentatively scheduled for April 12.

In the above picture we see Mr. Maiorino, Robert Pergola and Mark Nytray.

Services For Vamps

Chemical Bank recently announced that free checking and a special reduced rate on safety deposit boxes are being offered to volunteer firemen on Long Island and members of their ladies auxiliary groups.

The offer is being made by Chemical Bank's Long Island division and includes a totally free checking account and a 50 percent reduced rate on the rental for one year of a safety deposit box, regardless of size. Members of any Nassau or Suffolk fire department or corresponding ladies auxiliary are eligible.

Robert F. Peysler, senior vice president and head of Chemical's

Long Island division, said that the program is being implemented to demonstrate Chemical's appreciation for the services rendered by these volunteers.

"We want to thank them for the excellent job they have done and for actions above and beyond the call of duty," he said. "As an illustration," Mr. Peysler added, "we want to show our appreciation for their outstanding work during the recent snow emergencies."

For further information, volunteers and fire department personnel are urged to contact their local Chemical Bank branch.

A SUPER STAR PLANS FOR A SUPER WALK. Hockey star, Bob Nystrom of the N.Y. Islanders and Chairman of the Long Island March of Dimes SUPER WALK '78, is busy helping with some of the preparations for the annual 20-mile walk on birth defects, set for April 16th. Nystrom reports that nearly 20,000 Long Island

residents are expected to walk in this year's county-wide event, and hundreds of others have already volunteered to staff the checkpoint stations located along the 20-mile route. Above, American Red Cross representatives Gordon Jenkins of Hicksville (left) and Ray Muller of Westbury (middle) explain to Chairman Bob

Nystrom how the Red Cross will be helping with emergency first aid all along the walk route on SUPER WALK Sunday. They urge anyone interested in helping out at the Walk checkpoints or wishing to join the thousands who'll be "walking for those who can't," to call the March of Dimes at 741-4045. Don't delay, SUPER WALK '78 is less than a month away.

SUPPORT LENT BILL: Applications for Social Security disability benefits or other Social Security payments pending before the administration for hearings and appeals processing (according to Social Security's own figures) takes an average of six months to resolve. For those who depend upon Social Security for their existence are the blind, the disabled widows with children and retired senior citizens with little or no other income. This is totally unacceptable and Congressman Norman F. Lent has co-sponsored a bill called the "Social Security Rights Act (H.R. 8363) requiring a decision on such appeal cases within 120 days. Eligibility Levels Increased For Day Care

Nassau County Executive Francis T. Purcell today announced that it will be possible to increase eligibility levels for day care services without exceeding the county's original federal allocation.

The planned increases have been made possible by recent federal and state agreements which will permit the shifting of other charges, under the Title XX federal allocation, to the open ended Aid-to-Dependent-Children program.

The county's Title XX ceiling for 1977-78 had been set by federal and state authorities at a lower level than the ceiling for 1976-77. In order to stay within the reduced ceiling, the Social Services Department had set day care

eligibility for this year at the same dollar levels as last year.

"The Board of Supervisors and I have instructed Social Services Commissioner Joseph D'Elia to begin immediately the required review and planning process for amending the county's Title XX plan," Purcell said.

"Specifically, the board and I are requesting that day care eligibility levels be raised to the same percentage levels that were used in 1976-77 to the extent that this is possible with the additional federal and state monies which have become available."

In order to amend any portion of the current Title XX plan, federal regulations require the social services commissioner to hold a public hearing

Galileo Lodge News

By Joe Lorenzo

The new officers of the Galileo Lodge were sworn in last Thursday, the 23rd of March and, among those who attended were leading executive officers of the Grand Lodge of the Sons Of Italy in America. As follows: Grand Venerable Pete Zuzolo, 1st Asst. Grand Venerable Joe Montmano, 2nd Asst. Venerable Nick Viglietto, Grand Deputy Rocky Castoro, Grand Deputy Tony Parvis and Joe Giordano, ex-venerable of the Galileo Lodge and Grand Trustee. Also on hand

was Joe Saladin, councilman of the Town Of Oyster Bay. These dignitaries lent assistance to the installation proceedings and highlighted the occasion by presenting short speeches on the importance of leadership and organizational efficiency.

The newly-installed officers accepted their new positions with enthusiasm. They will provide the leadership, ever cognizant of the past and what it has given to the Galileo Lodge, but well aware that the present and future of the organization are predicated on what the past has produced.

The new officers are: Venerable Tom Pasquarella, 1st Asst. Venerable Tony Previtte, 2nd Asst. Venerable Ralph Vestuti, Orator Pete Massiello, Rec. Secretary Fred Vevante, Fin. Secretary Joe Suigna, Treasurer Jim Rerisi, Masters of Ceremony Pete Ragone and Tony Capiello. The trustees are Al Frigente, Armand Del Cioppo, Joe Ianotti, Mario Tucci, Mario Misturino, Joe Lappano, Dante Peretti and Dom. Lauro. The Sentinels are Andy Guiliano and Jim Ingino.

The new Venerable of the Galileo Lodge, Tom Pasquarella is a

Hicksville resident. His former roles in the organization have provided him with a broad knowledge of organizational tactics and procedures. He is dedicated, loyal, and not averse to hard work. In his short but poignant acceptance speech, he thanked the membership for their steadfastness in their belief that he was the candidate with enough qualifications to 'pick up the reins' and lead the Galileo Lodge to new and greater heights. Tom Pasquarella displayed his usual no-nonsense 'let's get with it' attitude. Moreover, there is enough evidence from Tom Pasquarella's past performance to suggest that such faith and confidence in him is justifiable and will be rewarded by a great performance on his part and those of his staff.

LODGE HAPPENINGS: The Sixth Anniversary Dance of the Galileo Lodge is set for April

29th. This one of the big events of the year. More details for this event will be printed soon...The 1978 Follies Revue, with chairpersons Joe Lappano of the Lodge and Rita Mannino of the Auxilliary, is in the planning stages. This affair is scheduled for May 18, helpers and talent are needed to put this revue on the road.

April first is the date for the Woman Of The Year Dance sponsored by the Ladies Auxilliary. Judge Marie Santagata will be the honored guest. Contact Ann Lappano and Millie Del Cioppo for tickets and information. Call 822-7472 for information.

Correction: The Lodge donated \$250 dollars for the March Of Dimes event, not \$200 as we reported. Chairman Skip Monteforte is seeking helpers to distribute.

NEWS OF TRAVEL

7 Days To Bermuda . . . Sunday Departures

The SS Volendam A Beautiful Way To See Beautiful Bermuda

The magnificent Volendam was designed to offer you every cruising pleasure afloat. Her nine air-conditioned decks, served by three passenger elevators, offer all the amenities of a fine resort. You'll have superb shops, restaurants, nightclubs, bars a swimming pool, outdoor dining, and an almost endless variety of recreational activities right at your fingertips. Automatic stabilizers and the latest in navigational instruments ensure "smooth sailing" as you cruise the Atlantic. And, in true Holland America tradition, you'll find more room on board than on most other cruise ships. Staterooms are luxuriously spacious and tastefully furnished and 85% of them offer magnificent ocean views.

The Volendam's elegant Dining Room is located on the Main Deck. Here you'll dine on sumptuous continental cuisine served by our attentive Indonesian professionally-staffed beauty parlor, barber shop, and health center. And an indoor gymnasium and steam cabinet.

Most of your activities, day or night, will center around the Volendam's Promenade Deck. This is where you'll swim in a sparkling outdoor pool, and enjoy casual dining on the Lido Terrace where you can sit down to a full breakfast or lunch buffet-style at poolside, or in the air-conditioned lounge. (Of course you can have your meals in the Dining Room, too.) Indoors, on the Promenade Deck, you can shop for imported luxury goods in a duty-free shop. Play cards. Or try your luck at the slot machines in the Casino.

In the evening, the Promenade Deck's three lounges become glittering nightclubs on the waves. Here you'll dance to live bands and orchestras and, on 13 of the Volendam's 25 sailings, be entertained by internationally known star performers. Later, take in the lavish midnight buffet on the Lido Terrace.

At other times during your cruise, watch first-run movies in the plush comfort of the Volendam's theatre. Or practice your golf swing on the Sports Deck. Whatever your pleasure, you're sure to find it on the Volendam, Holland America's beautiful way to see beautiful Bermuda.

Honeymooners and others who can't leave for a cruise on Saturday no longer have to miss the boat. You can now sail aboard the Volendam and make two ports of call in Bermuda. First you'll dock at St. George's, then at Hamilton where the Volendam will serve as your "floating hotel" right at the foot of famous Front Street.

FOOT FACTS

Dr. Robert Wollman
Podiatrist Foot Specialist

"My feet are killing me." No, not really, but they can be quite painful.

Most common foot problems are the corn, callus and plantar wart. Each is painful in varying degrees. The corn is what keeps many a person from enjoying activities that require long hours on your feet (work, dancing, sports, etc.)

Corns and callus are not shoe problems but are foot problems due to enlargements of the bones or structural abnormalities of the foot causing the shoe rub which will lead to the corn or callus.

The plantar wart is caused by a virus and most times if found in children of school age (6-21).

Corns are very painful, callus only if very thick and warts depending on location. Warts are contagious and will spread if not treated. Treatment of all three is simple and usually painless.

Self treatment can be harmful and lead to serious foot infection.

You bad disposition can many times be remedied by taking care of your sore foot.

Not all conditions are corns, callus and warts. It can also be a tumor, cyst, etc. Diagnosis can be made by x-ray.

If you wish further information write or call me at 176 Jerusalem Avenue, Hicksville. 796-3332.

Tax Deduction Checklist

Congressman Jerome A. Ambro has prepared a four-page income tax deduction checklist for Senior Citizens which is available free from his Washington office.

The tax checklist points out many overlooked deductions available to the elderly. For example, older Americans may be allowed, under certain circumstances, to exclude from gross income part or all of the gain from the sale of a personal residence. People older than 65 years, or under 65 but receiving a pension from a public retirement system may claim a special tax credit which decreases the amount owed to Uncle Sam.

bute soda at Eisenhower Park. Dial 822-7472 and ask for Skip.

We are all anticipating the beginning of construction of the Bicentennial Memorial. This should be quite an addition to the Hicksville community.

Bingo sessions are still going strong at the Lodge. Come on down...bingo starts at 6:00 P.M. at the Lodge headquarters.

Ambro put together the checklist in response to numerous recent requests from Third Congressional District residents who had received similar information from him last year. Previously checklists were compiled by a special Congressional committee and distributed through Congressional offices.

If income tax forms for 1977 have already been filed by people who failed to take advantage of certain legitimate deductions itemized in the checklist, an amended return can be filed now using the tax information. For free copies, write to Congressman Ambro at 1313 Longworth HOB, Washington, D.C. 20615.
