Board Hears Supervisors

By Linda Strongin

The Hicksville Board of Education heard presentations from supervisors in music, special education and mathematics at the Public Budget Study Session last week. The presentation included a review of the needs for the coming year.

Music
Dr. Charles Gouse, Supervisor of music, explained the present music program and course offerings. General music is taught by a singing teacher to every elementary child and to seventh and eighth graders not enrolled in other music programs. It is recommended by the State Education Department. Applied music, on the other hand, uses the basics in the performing choruses, bands and orchestras. Dr. Gouse pointed out that our music teachers are all licensed and qualified in grades K-12 "to teach in all areas of music; vocal and instrumental" in New York State. However, our program has been built with a professional staff "treated as specialists in different areas."

"The music program has been 'consistent' the last fifteen years with strong points, among those being a high quality staff, and student follow-up; and weak points, such as inequality on the elementary level and the problem of 'using staff unfamiliar with a particular area.'" "We are dealing with history and the present," Dr. Gouse commented. "We are also dealing with statistics and human beings with feelings, namely the teachers and students."

Although the staff is smaller than in 1971, the enrollment peak, the number of students served is greater since the program is no longer "elitist" as it was previously. Also, more students are continuing with the music program. Currently there are 13 4/5 teachers in the elementary program; 9 1/5 in junior high; and 4 4/5 in senior high. The recommendation is for 13 4/5 in elementary; 9 in junior high or 8 4/5 if piano is cut; and 5 in senior high. Dr. Gouse emphasized that this recommendation of reducing the staff by two teachers was "not his and not sanctioned by me."

Dr. Gouse pointed out that by reducing the staff, rearranging could take away senior high electives; increase 7 and 8 grade chorus from two sections each

40-50 students to one 7th and one 8th grade section of 80 students each; remove a string specialist, currently servicing three elementary schools to a general music assignment.

During the question and answer period open to the public, Carrie Clark, a junior at the senior high, stated, "As a student in the music program, starting a music education in the elementary school gives a student something to look forward to in the junior and senior high school. You become involved and have the opportunity to participate in music activities outside the school."

Superintendent Fred Hill raised the question of instrument rental. Dr. Gouse responded that he "agrees with lab fees generally if there is no other way" to save money. However, he pointed out that "for 25 years, the district has supplied the instruments"; and a charge for this use could result in the "loss of goodwill and feeling that has prevailed." He does not recommend it.

Trustee Neil McCormack questioned the charging of admission to concerts performed by community music groups. Dr. Gouse explained the written agreement with the musicians' union, of which several Hicksville Community chorus participants are members. If a fee is charged, those members must be paid.

Special Education
Mr. Martin Lapidus, Coordinator for Special Education, began his presentation by stating "a ripple effect" could result by any staff reductions in the pupil personnel services. If cuts are made in one area, they will be felt in another.

Presently, there are two attendance teachers who are responsible for following-up referrals made from all district schools, including private, on attendance problems. State law requires that all children ages 6-16 and handicapped children ages 5-21 receive an education. Mr. Lapidus recommended maintaining these attendance teachers.

In the Guidance Department, there are currently 5 elementary guidance counselors; 9 in junior high, including the department chairman; and 11 in senior high, including the department chairman. Guidance departments are mandated in the secondary

schools; however, Mr. Lapidus stated it was to the credit of the Boards of Education that guidance services are provided for all grades. The services provided include among others, support of instruction; removal of learning barriers; and development of individual decision making.

"Accessibility is the emphasis," Mr. Lapidus stated. "We have an open-door policy and maintain quality services, all in the best interests of the students."

Home Teachers—The law provides that when a student is out of school with a temporary physical, psychological or other handicapping condition, for at least one month, he receive ten hours of weekly instruction at the secondary level and five hours at the elementary level by a home teacher. Currently there are two full-time teachers servicing the elementary and secondary home students. The number of students served varies, with the demands greatest on the secondary level.

The recommendation is to reassign these teachers to the teacher pool and hire part-time staff. Also recommended is an increase in the hourly rate from \$7 per hour to \$11-12 per hour. Special Education — "The district's program," according to Mr. Lapidus, "is a model program in New York State."

Inquiries to view our program are received from school districts throughout the state.

Currently there are 12 resource room teachers servicing the elementary and secondary students, providing six programs for the learning disabled; three programs for the emotional disturbed; and four programs for limited development. Recommended for next year are 7 programs for learning disabled, four programs for emotionally disturbed students, and four programs for limited development.

Most of these programs, Mr. Lapidus pointed out, "must be supported by appropriate staff." Current law mandates an appropriate evaluation by a certified school psychologist. Currently there are nine certified school psychologists and the recommendation is to retain these staff specialists in order to continue the method of delivery of service as required by law.

East St. PTA News

The East Street School P.T.A. is happy to announce its plans for honoring three retired teachers: Mrs. Craner, Miss Miller and Mrs. Pearce. We will have a "covered dish" dinner at our next general meeting on Thursday, April 13th at 8:00 PM in the All Purpose Room.

All members of the faculty, former students, relatives and friends of the above mentioned retirees are cordially invited to attend this affair. Please contact the East St. P.T.A. Phone: 935-3020, if interested, for further information.

Also, on this occasion, the East St. PTA will present Miss Miller with an Honorary Life Membership Award in recognition of her dedicated service to the children in the school and community. We will also be honoring Miss Bette Banya, our Speech Therapist, and Mrs. Maria McCrann, P.T.A. Corresponding Secretary.

Spring Concert

The Hicksville Community Orchestra will give their spring concert on Thursday Evening, Apr. 13, 8:15 p.m., at the Hicksville Senior High School. Orchestra Director Charles Gouse will conduct the Rachmaninoff Symphonic Dances and Mozart's Symphonie Concertante for wind quartette and orchestra. Featured in the Mozart will be soloists: Martin Lignick, oboe; Howard Weiselberg, clarinet; Daniel Smith, bassoon and Theodore Biernacki, french horn.

Guest director will be Herbert Bradenstein who will conduct the Brahms Overture from a Roman Carnival.

Library Budget Vote, Apr. 19

The 1978-79 budget of the Hicksville Public Library will be presented to the voters of the District on April 19 from 12 noon to 10 p.m. at the various schools within Hicksville. Registration for new voters and for those who have not voted in a general or local election the past two years will take place on April 12 from 3 to 10 p.m.

The library is a many sided community resource serving

citizens of various ages and occupations with books and other materials needed to accomplish their daily tasks, assist them in the pursuit of knowledge, or to develop the reasoning power a self governing people need in the functioning of citizenship. Many people are unaware of the various ways a strong library can assist them. The reference staff, for example, is trained not only to help you locate materials, but in many cases can recommend the best or most useful books for your particular need.

"We hope that you will vote in favor of your library on April 19. The cost is still under \$30.00 a year for most families. Inflation has affected libraries as it has all public agencies, but putting things in their proper perspective, the cost of operating this institution uniquely equipped to serve so large a community is, we believe, modest indeed."

The reviewing stand will be on the north side of Old Country Rd. and Nelson Ave.

Memorial Day Parade

The combined veterans organizations of Hicksville are now formulating plans for this year's Memorial Day Parade to be held on Tues., May 30.

All participating Units will assemble in the Sear's parking field, North Broadway, Hicksville. The assembly time is set for

8 a.m. and the kickoff is at 8:45 a.m.

The route of the march has been set from the starting point from Nevada St., going onto Broadway, south on the west side to Old Country Rd., to Newbridge Rd., thence south on the east side of Newbridge Rd. to the Senior

High School Athletic Field.

The reviewing stand will be on the north side of Old Country Rd. and Nelson Ave.

Lets get down to business. You probably know about our coming Luau. The date is April 15, and the tickets are \$15.00 per person. Ticket sales are good and there are not many left. For remaining tickets see Frank Loti or Max Bergshom as cut off date is April 7. It promises to be a terrific affair. We even have some Hula Dancers.

Another thing Max Bergshom has is a Baseball Pool. It runs for twelve weeks, and the total cost is \$5.00. Starting date is May 14, till

July 30. A Weekly High of \$100 and a Weekly Low of \$20, and a Daily High of \$5.00. It is a reasonable price for the length of time it runs. For \$5.00 you get twelve chances to win \$100 or any of the other prizes.

It is already that time of year for our Commander Vinnie Edwards to pick his Nominating Committee, which he has already done. Spike Frohnhoefer is the Chairman, the others are Art Fuelling, Les Lehle, Abe Feldman, Joe Normandy, Bob Ober-

meyer, and George Walden. They will come back with a slate, and our Post will either approve or disapprove. This is the choice of the membership.

Mike Montleone has a Baseball Game on the fire. This is for the Youth Activity Program. It will be a Met game. If you want your youngster to attend, when Mike sends you the notice fill out the application and return it. The date is Sat. June 24, a day game. Mike did a great job with the youngsters at the Globtrotters and the hockey game. Congratulations Mike.

You may know, our own Ed Chwalisz will be the incoming

Nassau County Council Commander, and is having his Installation Dance at the New Hyde Park Inn on June 3. Ed is justly proud and has asked Harry Wurth to be his installing officer. Harry you may remember is a Past County Commander. Our own Commander, Vinnie Edwards is Chairman of this affair and all the headaches are his. His Committee is Frank Loti M.C., Joe Normandy Secretary, Harry Wurth V.I.P. Room, Spike Frohnhoefer Treasurer, Lou Palladino, Ticket Chairman. Ed you know we are all pulling for you to have a great year.

On Sat. April 29, we are having another rally for the P.O.W.'s and M.I.A.'s in Vietnam. We are negotiating for a bus to take us to and from the rally. This is what the V.F.W. is all about. We sent these men there we should see that they come back. Please try

to attend. We had a new young tiger join our Post last meeting. John Jorgensen, a Vietnam Vet. We all welcome you, John. Enjoy the Post as much as we do.

Emlen Goodman is out of the hospital and on the road to recovery. Louise Normandy is in the hospital. Hopefully she will be out and recovered by the time you read this.

Dear Friends...

We urge a "yes" vote both on our Hicksville Library budget and for Mr. Kenneth Jones, incumbent, who is running unopposed for another five year term on the Library Board. All of our libraries are serving us in many different ways today and are rapidly becoming community centers, which in our opinion, we really need. So, don't forget, April 12th is registration day if you haven't voted in two years, and April 19th is the day of this vote.

All interested Hicksvillians are invited to attend a meeting set for Monday, April 10th at which time the school board's recently retained consultants, Dr. Philip Pitruzzello of NY University and Dr. Carroll Johnson of Teachers College, Columbia U. who are screening applications for the new Superintendent of Schools will speak. This Monday meeting is set for 8 pm in the Board Room of the Administration Bldg. on Division Avenue to seek input from any interested resident as to what qualities the community would like to have in our new superintendent.

Best wishes for a successful bowling tournament to the Hicksville Joseph Barry Council K of C who will be hosting the NY State K of C Bowling Tournament from April 8 through April 22. Details are in the story on our sports page.

At the Stack O'Barley located at 646 South Broadway in Hicksville on Friday, April 7, those present will have the pleasure of hearing Pat Roper and Tommy Doyle... on Sat., Sun., and Wed., April 8, 9 and 12, Ken Byrne and Billy Hickey will be performing, while on Thurs., April 13, Noel Kingston and Paddy Farrell are scheduled at this popular Irish Pub.

the district are also provided with health and welfare services through school-nurse-teachers; speech therapists; and school psychologists. A recent court decision stated that therapeutic services could no longer be provided in a private or parochial school but in a neutral site, such as a public school building or a library.

Speech therapy is the largest teaching service provided from a supportive staff. Currently there are 554 students being serviced in all schools by 9 speech therapists, with a waiting list of 277. The recommendation is to retain these 9 teachers.

The limited vision service is declining with one teacher serving the district. Mr. Lapidus recommends purchasing the service from BOCES on an itinerant basis. This would be within the law.

Mr. Lapidus concluded that "our quality program can be maintained if staffing is kept at its current level."

Mathematics
Mr. Max Josephs, district mathematics consultant, spoke on the current remedial and enrichment math programs.

"The program at each elementary school is varied to fill the needs of that particular staff and building," Mr. Joseph stated. The program currently serves

500 students in remedial math and 350 advanced students in enrichment course. There is one teacher at each of the eight elementary schools.

Sylvia Hirschhorn, math teacher at Burns Avenue, gave an account of her typical day as did James Baker, math teacher at Old Country Road. Each schedule was different and services performed were varied. Group sizes also varied from expanded full-size classes to one child on a one-to-one basis.

Mr. Josephs again emphasized the scheduling of remedial and gifted courses "depends on the needs of each school at any particular time, for each particular year."

Trustee Iris Wolfson questioned if there was a liaison between the remedial math and remedial reading in the area of problem solving. Mr. Baker stated that he works with the remedial reading teacher "in an informal way." Mr. Josephs added that "there is contact with the classroom teachers." The math teacher visits the classroom and also serves as a resource person.

Mr. Josephs spoke about the Mathletes, an in-district program held approximately once a month in which students meet to try their skills at solving various math problems.

Hempstead-Farmingdale Turnpike between Wantagh Ave. and Berger Ave.

In other action before the board, a 19 year old student from North Merrick told the panel of the inequities he and a friend from Connecticut, both loyal hockey fans allegedly suffered in order to purchase tickets to see the New York Islanders in the playoffs.

Dan McCloy, a student at Nassau Community College and part time salesman told the board that his friend from Connecticut signed the waiting list on March 15 to purchase tickets at 11 p.m. and was told to return the next morning at 6:30 a.m. to redeem his number in order to purchase his ticket.

The Connecticut man returned at 4:00, "in order to be early," and was told the first list had been abolished and a new one made up.

"He waited 16 hours for those tickets and finally didn't get a chance to buy them," said Mr. McCloy.

Subsequently Mr. McCloy and his friend displayed a banner at an Islander game saying "Money

first, Fans Last," and paraded it at a recent game. They were later forced to take the sign down by security guards.

The two fans protested their treatment to the public relations office for the Islanders and were later given tickets for the playoffs.

The situation has prompted County Executive Fran Purcell to call for an investigation of the matter. Mr. Purcell pointed out that the number of ticketrons throughout the country (there are 150) usually leaves local fans without tickets to buy.

85 percent of the seats at the Coliseum are reserved for season ticket holders, and the remaining 15 percent had been divided among the ticketron outlets and box office sales. But there is speculation among sports fans that the percentage for the ticketron outlets has increased.

The county is currently investigating the possibility of turning over the management of the Coliseum to a private professional management agency, and the recent complaint by Mr. McCloy may heighten that possibility.

The 44 items on the calendar at the Town Board Meeting held on Tuesday, April 4th contained 6 hearings.

ITEM No. 2 on the agenda was the hearing on the petition of HENRY & ROGER PUCKLI for a special use permit to operate and maintain an auto body and fender works at Hicksville on Bloomingdale Road near Albert Avenue. There was no opposition to the case as presented by Mr. J. Dorago, attorney for the petitioners.

ITEM No. 4 was the proposed amendment to the Code of Ordinances - Motor Vehicle and Traffic Rules. This hearing would provide jurisdiction over parking and specified fire lanes by T.O.B. in the Cedar Mall Shopping Center, Broadway, Jericho.

The following legislation likewise would give T.O.B. jurisdiction over parking and control of fire lanes at 960 Broadway Shopping Center, Hicksville.

The final hearing of the day was the petition for a special use permit to erect, use and maintain a McDonald's Restaurant with a Drive-In window in East Norwich, (w s Pine Hollow Road, s o Hawthorne Road.)

The hearing was a Day Night hearing that started at 8:00 p.m. and concluded at 12:20 a.m.

Bert Bacharach's East Norwich House was represented by a

Mr. Rothcott who presented a well documented case in opposition to the granting.

The informal session concluded at 12:10.

In the informal meeting that followed Mr. Fred Palumbo and Mr. John Burns made a formal presentation including an illustrated flip board in opposition to any concept of a 2 tier parking facility in downtown Syosset. Their presentation included an audience of approximately 70 people. They made suggestions relative to relieving the present problem rather than create further ones.

They suggested Shuttle buses, move existing railroad station west and to eliminate non-resident illegal parking.

They had the endorsement from the Syosset Homesteaders, the Syosset Village Civic Association and the Chamber of Commerce and the Syosset Ranch Civic Association.

Mrs. Sara Middendorf spoke in opposition to the parking garage at the conclusion of the presentation.

Councilman Diamond, Supervisor Colby and the entire Board assured the group that all planning has been halted and that no further action will be taken until the wishes of the Syosset residents are known.

A petition is planned and a community task force was invited to participate in framing the questions.

A public meeting is planned for April 17th at the Syosset Woodbury Park at 8:00 P.M.

Letters To The Editor

Dear Mr. Katz:
In regard to your letter of March 23rd.

I wholeheartedly agree with you that inflation ridden middle and lower middle income and retiree home owners need a break to offset the cost of sewers etc. It is not only the sewers. Did you ever hear of a Pool Park Complex for Hicksville?

As far as your personal disapproval and demands are concerned! To a certain degree you disparage the Hicksville schools and their civic-minded board members who are volunteers. I got further news for you! With your federal and state tax exemptions and Hicksville

homeowners with few or no children picking up the tab for you, your actual contribution to the education of your children is...mediocre???

However, you got your options (in a country that is still free). If you are so dissatisfied why don't you send your children to private schools or move to a rich and highclass community. Don't kick! You've got a fairly good deal here in Hicksville.

Sincerely,
Erich Laumann

To the Editor:
A hearing on the grandiose pool-park turkey being pushed for Hicksville will be held in the hearing room, Town Hall, Audrey

Avenue, Oyster Bay on Tuesday, 11 April 1978 at 10:00 AM. Those pushing for the turkey will be there. Therefore, those hoping for a SMALLER park complex must also be there to voice their objections to spending over 10 MILLION Hicksville tax dollars for an absolutely unnecessary monument to foolishness.

Here are some tax facts for the future to keep in mind:

1. FULL VALUE ASSESSMENT will lower taxes for about 50 percent of Hicksville taxpayers but will increase taxes of the remaining 50 percent. The amount of the increase could be substantial. Unfortunately those who will PAY MORE will be

GOP Club Meeting

The Ernest F. Francke Republican Club of Hicksville will handle their regular monthly meeting at 8:30 P.M. on Friday evening, April 14. The meeting will be held at the Veterans of Foreign Wars Hall, Wm M. Gouse Jr. Post No. 3211, located at 320 South Broadway in Hicksville. (The hall is situated south of the Firestone Store and north of the H.I.P. Building. Refreshments will be served.)

A provocative program is planned for this evening. Mr. George Meade, the helicopter traffic reporter for Radio Station WOR, will help us recapture the thrills and excitement of "Operation Sail"—New York City's Bicentennial Celebration held July 4, 1977. We will relive the day's events via multi-visual slides and tapes made from pictures taken by Mr. Meade in his "Eye-in-the-Sky" helicopter. George Meade is WOR Radio's

airborne traffic reporter for the "Rambling with Gambling" and "Radio New York" shows. He is a graduate of Seton Hall University where he received his initial flight training in R.O.T.C. While serving in Vietnam, he flew over 1,000 combat missions, earning the Bronze Star and the Air Medal for Valor. He was a captain upon discharge.

His current flying assignment—reporting rush-hour traffic conditions—has earned him several honors, including the RKO Radio "Newsmen of the Year" award.

Be sure to make the April 14 meeting a "must" on your list of activities for an informative and enjoyable evening.

The above program is made possible through the generosity and public service efforts of the New York Telephone Company.

Building and Grounds Committee

A preliminary meeting of the Buildings and Grounds Use Advisory Committee, of the Hicksville Board of Education, was held on Tuesday, March 14th at 8 P.M.

The purpose of the committee was to up-date policy on buildings and grounds use since priorities have changed during the last fifteen years, the last time policy was up-dated.

All the organizations present had a common goal: dedication and concern for the children of our district.

An advisory group would be formed to modify and up-date the policy. Representatives from the following organizations were asked to be on the committee: Holy Family CYO; Hicksville American Soccer; PTA Council; St. Ignatius CYO; Boy Scout Troop No. 158; and Dutch Lane PTA. Other organizations present were asked if they want to have someone represent them on this committee.

Buildings and Grounds Director Bill Becker reviewed the current procedure for building use. The budget is \$22,000. Each group request, except for PTA, which is given blanket authorization by the school board, is granted (or denied) by the school board. He stated that the 28 diamonds cost \$10,000 per year for upkeep.

He showed a chart of fields being used and stated priorities need to be set.

He advised that the permit issued by his office be carried when using the facility to avoid any confusion.

Mr. Becker pointed out that a group will sometimes ask for a block of time and not use it all the time.

Galileo Lodge News

By Joe Lorenzo

Because of circumstances beyond anyone's control, the Ladies Auxiliary of the Galileo Lodge reluctantly postponed their annual Woman of the Year Dance which was to honor Marie Santagata, judge of Nassau County, until the Fall. The Ladies Auxiliary extends its apologies to all concerned for the inconveniences of this postponement. Conversely, they feel that the new September affair will focus greater interest and attention and there is every reason to believe that this will be so.

The news again. A recent report mentions that five youngsters from impoverished areas of Italy have received open-heart surgery and are now home, enjoying 'new lives.' On Sunday, April 16, at 2:30 p.m., in the St. Clare Pavilion of St. Francis Hospital, members of the Galileo Lodge will hear an interesting report on how this plan originated, how it has been carried out, and the results. The Galileo Lodge is proud to be part of this program.

great deeds. An American satellite named Galileo had been making scientific and astronomical observation in the far reaches of outer space, and it has made a startling observation - the discovery of a new planet, thus far unnamed. We are awaiting further news of this mind-boggling discovery from an astronomical observatory in California. We will share more on this with you when the report is verified and sent to us.

The 'Gift of Life' program is in

Since it now appears that the muddy snow-days of winter have gone, we can look forward to progress in the construction of the Galileo Lodge's Bicentennial Memorial. We believe that the monument will be a welcomed addition to the Hicksville beautification program, and that it will serve as a token of community brotherhood. More news on this project will be forthcoming from Tony Previte of the Galileo Lodge soon.

The details concerning the Scholarship Awards program of the Galileo Lodge have been completed and the superintendents of the two schools involved - Hicksville High and Holy Trinity High - are to be informed by letter as to the conditions and regulations regarding this program. One graduating student from each of the above-mentioned schools are eligible to receive the benefits set forth in the scholarship awards, which include the sum of \$250 and a plaque.

And now, if I may stray for a moment and proceed in a historical vein, I would like to mention that our organization derives its name from Galileo Galilei - one of the world's most revered scientists. Galileo has been dead for many centuries, yet his name still evokes great images and

BOYS UNDER 13

The Club started it's Spring Season this past week-end on the Grumman Fields and lucked out with some really beautiful weather. Besides the 44 intramural teams, the club is fielding 22 traveling teams who will participate in the Long Island Junior Soccer League. This all adds up to approximately 1000 kids who will be kicking soccer balls and pounding the Long Island turf this spring. Games are on Saturday and Sunday on the South Oyster Bay Road fields (opposite Astro Motor Inn).

Starting things off for Hicksville this season were the boys under 13 (boys born in 1965), coached by Pat McHugh and John Mitchell. Their first opponent in an 11 game schedule was Bohemia. The 14 man squad is made up of 11 of the boys who visited Germany last summer plus 3 new additions. With only one week of practice because of the terrible weather, the boys had a shaky start and have a great deal of work to do.

Handling front line duties to start things off was Philip Ridgway, Bobby Andrus, John Mitchell, John McCaun and Gene Tyranski. The mid-field patrol was Steve Dolan, Jimmy DeMarco, Adrian Pepi and Glen

HHS Baseball

The Hicksville High School Varsity Baseball Team, coached by Bob Hilsky, should be a strong contender for a playoff position this season.

The Team relies on the strong pitching of Jerry Stry, Jim Pakaluk, Scott Ferrara, Curt Banos, Tony D'Angelis and Karl Zwisler. An experienced catching staff of Frank Principe and John Harra should be a great asset to the pitchers.

Team defense is the key and the team will need the leadership and defense skills of Pete Simco in centerfield.

Infield positions are unsettled with Gary Holzapfel, Steve Pisani, Steve Miller, Frank LaMarca, Rich Delardi battling for a starting position.

The hitting should be provided by Chris Coletta, Frank Principe, Karl Zwisler, Steve Pisani, Pete Simco, Rich Delardi, Gary Holzapfel and Jerry Stry.

Zakian and the fullback line was Vinny Christiano, Kevin Cahalan, Bobby Cullen and Cliff Feldman. Back in the nets for another year of action is Robby Pearse.

The game started off well with Hicksville taking control against a brisk wind. The boys did a great deal of passing on the ground - too much at times and mid-way through the first half after a lot of hard work in front of the Bohemia net by Ridgway, Andrus and Mitchell, the ball sprung loose and halfback Steve Dolan stepped up and gave Hicksville a 1-0 lead which held until halftime. Thinking they would have the wind in the 2nd half, Hicksville was disappointed as the wind shifted but they again took control & had the ball in Bohemia's end most of the time but again, couldn't score. Midway through the second half, Hicksville allowed Bohemia to get behind the defense and pushed one in so it looked like the game would end in a tie. Late in the game, Adrian Pepi on the left wing sent a low hard one on goal which slipped in under the goalkeeper's hands so Hicksville notched it's first victory of the season.

BOYS UNDER 9

Coach Harry Habersaat and assistant Walt Karlewicz took their 1967 Division II boys over to the Grumman fields to play their first match vs. the Huntington Boys Club. The boys really came to play and came home with a strong 4-0 victory. Special credit

goes to the defensive unit for their hard work in registering a shutout in their first game. Goalkeeper Sam Masiello, who also stopped a penalty shot and fullbacks Scott Fraser, Mark Habersaat and Rich Karlewicz. Doing an excellent job at the halfback positions were Frank Christiano, Troy Levy and Dean Spadero. Up front doing the striking and scoring four times was Matty Bell (1), Bobby Cunningham (1), Stephen Brice (2), Freddy Musumeci, David Berkowicz and Gerry Dolan. It's a long season and a lot of work still to be done but the boys passed and assisted each other very well and had an excellent start for the '78 season.

BOYS UNDER 12

Saturday, April 1

Hicksville Blue opened their season against the Port Washington Kicks this past Saturday. About 10 minutes into the first half, Bryan Althaus scored Hicksville's first goal with assists from Joe Trachtman and John Frattini. Good defensive plays by Billy Cheslock, Mark Adrio and Stephen Wayte kept the ball away from the Hicksville goal for the rest of the first half.

Port Washington Kicks led off the second half with their first goal of the game. After that it was impossible to get a shot past Hicksville goalie John Henderson. Hicksville scored its second goal on a booming shot by Jim Magner from the 25-yd. line. This sent Hicksville boys home smiling with a 2-1 win.

PERFECT LOVE

Perfect love cannot be defined by imperfect men. Our world is full of statements of love. We have love songs, love perfumes, love manuals and love stories. Love is a very popular concept. Yet perfect love, the kind that can even cast out fear, is not earthbound. Instead, it is heaven-bound.

Perfect love is a love that gives itself to another person then forgets the favor rendered. It is a love that finds something to love in the seemingly unlovable. It is one that states, "I love you because you need me, and I need

to give myself away to people who need help."

Jesus Christ is perfect love. When Jesus Christ is the master of our lives, then perfect love swells within us. Perfect love is a force within that enables us to be sensitive to the needs of others and to desire to fill them. It is a motivating power that enables us to give strength and peace. It is "you" love rather than "me" love. With a child it says, "I love you and as you grow older I will constantly be loosening the apron string so that you can develop into your own person." With parents it says, "I love you and

will try to act in a way to make you proud of me." With a spouse it says, "I love you and I want you to be happy and to achieve the fullest stature of your being." Love is not primarily a result, but a cause. It causes people to grow into happiness. It is not primarily a product, but it produces. It produces fulfilled and whole people.

Perfect love is Christ flowing through us. The secret to perfect love is to have a personal relationship with Christ; to have Jesus Christ, the friend of sinners, as our friend. Receive it today for your sake and for the sake of those around you.

Mr. and Mrs. Frank Rybak of Hicksville are celebrating their 25th wedding anniversary in May, by taking a trip to Acapulco. The trip was a present from their children, Frank Jr., Cheryl, Greg, and Jeanne.

Fire Report

Vamps Log 100 Alarms
As far as Hicksville Fire-fighters were concerned, March came in like a lion and stayed that way. During the period since our last report, 3/12 to 4/2, Hicksville Vamps responded to 100 alarms. There were 13 false alarms, 44 fire calls, and 43 rescue calls. Total alarms received for March was 142.

House Fire
A fire, on April 2 at 8 p.m. at 23 Maxwell Dr. in the northwest portion of Hicksville, caused considerable damage. It was reported the fire began in a car in a garage under the home. It is believed to have triggered an automatic garage door opening

device which opened the door. The wind spread the fire rapidly. The garage door opening alerted the owners something was amiss. They went to investigate and found the fire. They escaped unharmed and turned in the alarm.

Embers were blowing all over as Vamps arrived. Seven pieces of apparatus responded with 85 men under Chief William Ferber. Chief Ferber credited his men and their swift actions in confining the blaze to the garage area and front portion of the structure above it. Fire had broken through the fire proof ceiling around plumbing pipes into the 2nd floor but Vamps were

have awoken in time to escape. It is becoming evident that mandatory installation of detectors should be required by all building codes and insurance companies, with rebates offered, otherwise the tragic toll of lives lost in dwelling fires is going to happen again and again.

Insurance Adjusters
Insurance adjusters perform a needed service to property owners hit by fire. However, there are some honest adjusters and some dishonest. A home-

owner in Hicksville was approached by an adjuster recently and was made to believe the adjuster represented the Hicksville Fire Dept. Now, the Hicksville Fire Dept. and other local departments provide a lot of services. But one thing fire departments don't do is get involved in insurance adjusting or otherwise. It is unlawful for an adjuster to claim he is representing the fire dept.—any fire dept.—if you run

FIRE REPORT

(Continued from Page 11)

into this, please report it to your local fire dept. as soon as possible with names and phone numbers, addresses, etc.

There are many adjusters who do an honest job. The above statement is in no way a reflection on their valuable or useful services.

While on the subject of what the Fire Dept. in Hicksville doesn't do, they wish to add to the list that they can't and don't rescue stranded animals. Not that they dislike animals, but state insurance does not cover any firefighter injured performing this task.

If, during a fire, a pet is trapped, they will and have often in the past, made every effort to rescue a pet and give it first aid. A year ago, many vamps worked hard to save a large number of animals injured in a kennel fire.

LETTERS

(Continued from Page 4)

those living in our older homes - the old-time Hicksville residents - OUR SENIOR CITIZENS. A quick check to see how you will be affected is to multiply your present assessment by six. If the sum equals the price paid for

like-type houses recently purchased, your taxes will probably not be increased; if the sum is less than the price paid for like-type houses your taxes will probably be increased. For example: if a Levitt-built house is assessed at \$4000, the taxes will be increased since those houses are selling from \$30,000 to \$40,000.

2. EXECUTIVE TOWERS CASE involving reduction of commercial property valuation will add \$180 - \$200 per year to each Nassau County residential tax bill on top of any increase caused by full valuation assessment. This increase will take effect very shortly unless legislative action is taken in Albany.

3. SEWER TAXES: Sewer taxes in the Massapequa / Seaford area range from \$3.52 to \$4.12 per hundred assessed valuation. Applied to a home assessed at \$6000 in Hicksville, the tax for sewers would be from \$211 to \$248 per year. (My personal opinion is that they will be much more.) More important however is that the net tax increase in those areas from 1977 to 1978 was 53 cents per hundred. Rest assured the taxes will increase most years in the future.

4. NASSAU COUNTY POLICE CONTRACT and SNOW

REMOVAL COSTS are not discussed in this letter because the effects of your tax bill have not been fully explained by those capable of explaining. Nonetheless, your taxes will be raised to pay the costs.

Judge for yourself now if you want to add a 10 MILLION dollar milestone around your neck and the necks of our SENIOR CITIZENS for the grandiose pool-park turkey. I, for one, do not wish to see a reduced standard of living for our SENIOR CITIZENS on fixed incomes.

I am definitely a DISSIDENT. I disagree with pool-pusher explanations as to how the park proposal came into being (if 3 percent said they wanted an indoor pool then 97 percent of those polled said they DID NOT want a pool or DID NOT return the questionnaire); I disagree with pool-pusher costs of the pool; I disagree with their statement that we need the grandiose pool-park turkey in Hicksville; and I disagree with their contention that the tax effects on Hicksvillians are minimal. If I can admit that I am a dissident why won't pool-pushers admit that they are pool-pushers? The name "pool-pusher" is not a dirty word.

Sincerely yours,
Frank H. Willard
