An Open Letter To The Hicksville Community

I will begin by thanking those Community-minded businesses in Hicksville for displaying the proposed Park Complex scale model conceived by Planning Associates and designed by Art Petromino; Beacon Federal Savings and Loan Association, Central Federal Savings and Loan, Charbeth's General Store, Citibank, Hamburg Savings Bank, Hicksville Public Library, Long Island National Bank and Sears, Roebuck and Company. These businesses afforded space at no cost to the taxpayer so you would have a better understanding of the proposed complex.

things to come out and vote. I know Hicksville is still the center of Long Island and people care. With regard to the slow, tedious voting procedures, we had to follow the dictates of the Board of Elections. I must express my appreciation to the women who worked the voting machines and tables, and in most cases never had a break for supper.

The following Religious, Civic and Fraternal organizations opened their meetings providing a forum to discuss the facts: East Street School P.T.A., North East Civic Association, Joseph Barry Council - Knights of Columbus, St. Ignatius Loyola Auxiliary of Christian Mothers, Hicksville Republican Club, Hicksville Community Council, Fork Lane School P.T.A. (snowed out), Willet Avenue School P.T.A., Hicksville School Board, Redeemer Lutheran Church, Lee Avenue School P.T.A., Hicksville American Legion, Hicksville Chamber of Commerce, Jericho Gardens Civic Association, Galileo-Galilei Lodge, Sons of Italy; Veterans of Foreign Wars - William M. Gouse, Jr.; Senior Citizens at 355 Newbridge Road, St. Ignatius Girl Cadet Corp Parent Association, and the Boy Scouts of America. I thank each and everyone of you.

A very special thanks to Bill Henne and Bill Thomas who were not members of the original Park Task Force, but saw that a job had to be done, pitched in and gave their time and energy to be sure the voters were informed. I also express thanks to the original members of the Task Force for assembling the material and putting together the proposed park complex.

Most importantly, I thank the 7,000 residents who weathered the raw spring day to voice their personal feelings. Hicksville is our town, yours and mine; and, when 7,000 of us put aside other

My involvement as Councilman was to inform the voters, as many as possible, leave no stone unturned and get out the vote. At no time or place did I recommend, endorse or suggest a position for or against the proposed park complex even though some persons who wrote to the local papers made such allegations. If I were opinionated pro or con and not interested in the residents of Hicksville, would I have insisted on a public referendum, held over 20 meetings around town, mailed out more than 12,000 non-opinionated letters? NO WAY.

In the future, when issues arise involving Hicksville, come out again with the same interest and let your opinion shape your community. You have a say; keep it going.

Sincerely,
Thomas L. Clark, Councilman

The School Budget Under Discussion

By Carol Wolf

The May Hicksville Community Council meeting began a little late because of the heavy turnout for the Park Vote. But there was some very interesting topics being discussed at the Council when Tom Nagle gave us an outline of the upcoming school budget and Bill MacDonald showed us how to sprout alfalfa seeds.

Tom Nagle began his portion of the meeting by announcing that the operating budget is \$28,000,000. He mentioned that the Superintendent wants a no growth budget, but the decision rests with the School Board. And, he mentioned that, when discussions entail the reduction of teachers, the Tenure Law must be obeyed. This law states that the last one hired is the first one fired.

Mr. Nagle mentioned that a few codes are completed, and there will be a meeting May 8th and May 15th to discuss code 2000 - staffing. The public budget hearing date has been established to be June 7th and the

budget vote will take place on June 21st. He also urged the people of Hicksville to express their feelings and attend the scheduled work sessions of the Hicksville School Board.

The meeting then moved on to the question and answer session. We heard about teacher cuts, but "how about administration cuts?" was a question. There have been cut backs in central administration - an assistant superintendent has not been replaced and there have been cuts in the clerical and custodial help was the reply.

Q: - Would the foreign language program be effected in any way?

A: - There is a proposal that every child should be exposed to a foreign language in the third grade, but in some schools, the child would be locked into that language until the ninth grade.

There was a sheet passed around at the High School by the PTSA that says that Fork Lane will be ending their music program. Mr. Nagle was asked how he feels about such cuts. The Board has not made any decisions but it must be remembered that if staff is cut, other teachers will be realigned to teach the subject. At the present time, the music department has specialists.

How will the dismissal of

teachers affect the Junior and Senior High School? In the Junior High, there are 9 teachers at the bottom of the tenure list and they teach Math and English. If they would leave, teachers instructing in another area would be teaching Math and English, on the basic level. As of the beginning of May, there does not seem to be a problem in the Senior High. A teacher with a certification in one subject might teach another. In the Junior High, there is presently a math teacher teaching industrial arts. Also, the subjects of English and Social Studies are almost interchangeable. When a teacher is let go, he or she is automatically put on the recall list. Last year, because of retirements, sabbaticals and illness, between 22 and 25 teachers were recalled. Max Joseph asked whether it is worth firing them to hire them again. There is no simple answer.

Murray Margolis then mentioned that we now have to take into account our economic situation. We now have a zero population growth and people are worried about taxes. Murray cited a company whose workers got together to forfeit a raise in order to keep some workers from losing their jobs. Tom Nagle also mentioned the case of a teacher

For the third consecutive year, the Hicksville Americans Soccer Club will host an International Soccer Tournament featuring 24 teams from outside the U.S. of A. The 24 out-of-country teams represent the following countries: Canada (10 teams), England (6 teams), Germany (3 teams), Republic of China (4 teams) and one Swedish team. In addition to the foreign teams, boys from 7 neighboring states (Maryland, Massachusetts, New Jersey, Ohio, Pennsylvania, Texas and Virginia) will also visit Hicksville for the three day

Six Children Hit By Car

A car driven by a young woman, it was reported, ran a red light at Old Country Rd. and Lee Place, Hicksville. Six young children being escorted by a school crossing guard were struck and were scattered in all directions.

Hicksville Fire Chiefs commended fire, police units, and bystanders who pitched in, for a job well done.

During the period of April 23 through May 7, there were a total of 75 alarms, 10 malicious false alarms, 41 fire calls, and 25 rescue calls.

AN OFFERING OF LIFE: As a part of their Sunday worship, members of Trinity Lutheran Church, 40 West Nicholas Street, Hicksville, took a second offering. They gave 110 pints of blood to help those in need. The response was so great that each station was filled for the entire five hours that blood was received.

The Reverend John H. Krahn, pastor of Trinity, commented, "Trinity exists to serve the needs of all of God's people. Through the blood of Christ, God offers eternal life. In response to that gift, we make a small offering of life to our community."

The Last Man's Club Of Hicksville

The Last Man's Club of Hicksville celebrated the fortieth anniversary at its annual dinner held at the Milleridge Inn in Jericho on May 2nd.

Originally the Club was formed by veterans of the Charles Wagner Post No. 421, Hicksville. It was sponsored by the Legion Post Veterans of World War No. 1 regardless of the Nation they served under were eligible. With the passing of the first member the membership was closed. Total members at that point was fifty-four. Of that number ten men remain. Six men sat at the table in a small room at the restaurant. The average age was eighty-three. It was a cozy room with a fire in the fireplace. A thoughtful gesture by the management.

determination to carry on to completion the final dinner of the last man. We are very certain there will be a last man. Mortality figures never fail).

The ten remaining men now have mixed feelings about the worthiness of the period we now face, when the plain facts of life are staring in reality. Like driving a car, like feeling able enough to make the annual meeting and many other simple matters that are 'apple pie' for the younger people. To reflect and determine that it is worth while to continue on is something each remaining member has to live with. Funny, about the boys, they always look forward to the next annual meeting.

One may ask what makes a man join a last man's club? The answer is not complex. The average man likes to gamble in one form or another. It is possible that he makes a bet with himself that he will outlive so-and-so and on and on it goes, in his mind. He is not morbid and sometimes picks the guy he believes has the best chance of outliving the rest of the group.

I recall when we formed the Club 40 years ago. The idea was gladly accepted then, we were younger and death seemed far away. At an earlier age starting a Club of this type was very simple and inviting to the imagination, the idea rang a bell, like on a cool autumn morning.

However as each year takes its toll and narrows down to a survival basis, the situation calls for

Dear Friends ...

WORDS ALWAYS seem inadequate when a tragedy occurs and our sympathy goes out to all concerned in the tragic accident which happened this week on Old Country Road in Hicksville in front of the Old Country Road schools. As we go to press, some of the students involved are still on the critical list while some have been released. If, after a study of the causes of this accident, additional signs, lights or any other safety measures are needed, let us not delay but take these measures IMMEDIATELY. Nothing can undo the harm that has already been done ... but action of some sort is definitely needed here ... without delay.

Many mothers are looking forward to a bit of rest when their day rolls around next Sunday. But Ma Bell is gearing up for one of the busiest days on her calendar - Mother's Day, May 14.

This year the volume of calls placed by Nassau and Suffolk residents on Mother's Day is expected to exceed the record 300,000 calls placed last year. Statewide, the company handled almost 1.9 million calls on Mother's Day 1977.

To assist callers in completing their calls, New York Telephone offers this advice:

• Avoid the peak calling period in the late morning, early afternoon and early evening.

• Save time and money by dialing calls directly. For interstate calls, the lower-priced night and weekend rate is in effect all day Saturday and on Sunday until 5 p.m.

• Obtain numbers needed to make Mother's Day calls ahead of time.

The telephone company will assign about 35 extra operators in Nassau and Suffolk to handle the Mother's Day surge in calling.

AS WE GO TO PRESS, Plainview residents are protesting in numbers at Nassau County Executive Francis Purcell regarding the proposal to transfer TOPIC HOUSE to Plainview. Mr. Purcell has postponed a final decision on this transfer for thirty days while conferring with town and community leader. Personally, we feel that much more thought and advance communications with the community of Plainview, should have been done before such a decision was made. There may be no alternative ... but there is also much to be considered and thought out first. We hope that thirty days is a sufficient period of time to do this.

In Hicksville the Memorial Day Parade is scheduled for Tuesday, May 30th. Assembly will take place in the Sears Parking lot at 8 am, with starting time set for 8:45 am. The parade will proceed south on Broadway to Old Country Road ... on Old Country Road west to Newbridge Road ... on Newbridge Road south into the Hicksville High School football field. Mr. Lou Klein is the Parade Chairman and the VFW of Hicksville the sponsoring organization this year. This parade and the ceremonies which follow it, is a community salute to our honored war dead. We know you won't want to miss it.

A REMINDER: Thursday, June 1st is the date of our annual Hicksville Community Council dinner, which will be held this year at Antons on Old Country Road. This year our community leaders will be pleased to hear that the dinner of '78 is named after them ... the Community Leaders Dinner ... and plans are being made to honor three members of our community. Please get your reservations in to either Council President Carole Wolf at 822-3861, Secretary Cathy Steckler at GE 3-6437, or to me at WE 1-1400, as soon as possible. In my book, everyone who is concerned about his community enough to be active, in some area, for its betterment, is a community leader ... so, come on down to your own annual dinner ... you'll be very welcome.

WE MUST apologize and correct the spelling of the Plainview resident who wrote the fine article about "Guys and Dolls" in last week's Plainview Herald. His Name is Paul Hallasy ... congratulations to Mr. Joseph E. O'Neill, vice president for Securities Investments at Eastern Savings Bank, who has recently been elected President of the Investment Officers' Association of the Savings Banks of the State of New York ... send get weel cards to Herman Kanfer who is in Central General Hospital. We hope you are feeling much better, Mr. K ... congratulations to Mr. Arthur Eyley who has recently been elected to the chairmanship of the Board of Managers of the Villas, our Plainview condominiums, which are such a beautiful addition to the Plainview scene.

Letters To The Editor

To The Editor:

"Tragedy strikes again, only worse." The distance from Old Country & Newbridge fids. in Hicksville, going west to Levittown Pky is one mile long with only one light in between at the crossing of the Old Country Rd. school (6th Grade). A good stretch for those who like to "supe" it up if they can make the crossing light. Several years ago a pedestrian crossing Old Country Rd. (dead) was hit so hard his pants and shoes came off (I was there). This prompted me to draw up a petition for a lite and obtained almost 200 names, but the Traffic Dept. in Albany refused, claiming an additional lite was not warranted. Well they should have been here yesterday afternoon and be forced to witness the tragic appearance of kids (6-8 yrs.) strewn, mangled (shoes knocked off their little feet) when a young motorist, speeding, plowed into the children crossing (I was there waiting for my grandson. Only a miracle saved my 7 yr. old grandson and others from this same fate.

An additional lite between these two distant points will lessen the speed of traffic on this

heavily traveled and dangerous road which has witnessed countless accidents and serious injury. I believe the Old Country Rd. School is the only school in Nassau County that has no posted signs e.g. "School Zone" "Children Crossing" "Proceed at 15 mph" etc.

Residents in the area find it most difficult to exit from side streets and pedestrian, well forget about him, he can wait out his retirement trying to cross on foot due to the excessive and speeding traffic.

Wake up, Traffic Dept. and County Executive Purcell.

Hicksville, N.Y. 11801

To The Editor:
DO YOU HAVE THE ANSWERS?

"Why is there so much litter?" asked the little girl. It was "We All Care Day" at Fork Lane School. The little girl continued with her task of picking up litter.

I truly wish that I could have given this little girl, and every child, a good explanation. Unfortunately, I do not know why it is not possible to keep the

school grounds in better condition. I wonder, too, how many children have been hurt on broken glass?

It's really going to take more than one or two "We All Care" days a year to keep the school playgrounds fit. Children should be thoroughly instructed in the wrongfulness of littering. This should be done by parents as well as teachers. Proper funds should be allocated in our upcoming school budget to provide for adequate care of school grounds. Children should not come home with large cuts inflicted by glass litter.

Sincerely yours,
Karin Frey

To The Editor:

Isn't it a shame that Hicksville is probably the only town in Nassau County out to destroy itself. In my opinion, the pool-park complex would have been the first nice thing to happen to this town in a long time.

Too bad only 10 percent of the people registered to vote in Hicksville felt as I did. It is a losing battle in this town to seek any improvements (unless they are free of course).

Very truly yours,
Eileen Maney

The Herald Starts A "Parks" Survey

In the wake of a resounding 10 to 1 defeat of the parks proposals for Hicksville. The HERALD has begun a community-wide survey asking the question of Hicksville residents who will be the ones to pay for whatever is done on these two parcels of property. "What would you like to have done on these two pieces of property which are zoned "for park purposes" at present?"

Here are the first few answers:

"I'D LIKE THESE AREAS to remain as community properties for the pleasure of Hicksville people BUT at no excessive expense. I'd suggest baseball fields, picnic areas for senior citizens, shuffle board areas that require a minimum of maintenance and expense, also benches and shrubbery areas."...from a Mid Island Plaza area resident.

"I WOULD still like to see a park in the triangle property...also some tennis courts are badly needed...also some areas for ball playing."...from a resident of the Old Country Road School area.

I WOULD have preferred subsidized housing for young marrieds and senior citizens, BUT since it has to stay for park purposes, a community center type building without the pool on the Giese property, and on the triangle the plans they already have did not seem to me to be too

expensive. One more thing...in both areas, more traffic lights would be immediately necessary for safety measures."...from a resident of the Fork Lane area.

"I HADN'T THOUGHT about it, but, something much less expensive, plus the fact that maintenance should not be too high. Tennis is very big right now and is a good exercise. Whatever is eventually done the Nassau County Police Dept. should check out AND IMMEDIATELY INSTALL all necessary safety features required affecting access to both these properties."...from a resident of the Dutch Lane area.

"I THINK that some "passive park" areas are needed...we can never have enough greenery. We also need more baseball and soccer fields and some basketball hoops and tennis courts, which would be relatively inexpensive. A track around the perimeter for walkers and joggers would not cost much either. Everyone can participate then without additional membership charges."...from an East St. School area resident.

"I DON'T KNOW, but I don't think these two properties should be left as they are at present. I believe that a 10 to 1 referendum results indicate only a protest against the parks proposals as

presented because it was much too expensive."...from a resident of the East St. School area.

"IF NOTHING is done, these properties will gradually look unkempt. I think that ball fields, tennis courts, basketball hoops, play areas, handball courts, some benches, etc...all these would not be too costly. I think this type of development should be done in both areas. Costs must be kept to a minimum, though."...from a resident of Willets School area.

"I THINK that these two pieces of property should be developed as parks at a very low cost to the taxpayer by constructing tennis courts, baseball and basketball courts, plus fringing the areas with shrubbery, walks and benches."...from a local business man.

This is only the beginning of our survey. We invite you to send us your comments and suggestions for future issues. The future of our town depends on what action we take, whether it be parks, the downtown area development, safety measures, and any other matter, large or small. The wisest action always comes as a result of an alert citizenry. So, come on, let us have your thinking on this matter...it can only help.

PROPOSED ZONING CHANGE

Town Sets Day/Night Hearing On Woodbury Condos

The application of Sameroff and Raddock for a change of zone from Residence B to Residence E2, to construct 84 units of one-family condominiums on the south side of Woodbury Road and the west side of Yukon Drive in Woodbury, will be the subject of both day and evening hearings

on Tuesday, May 16th at the Oyster Bay Town Hall. These hearings start at 10am and 8pm.

The Town Board changed the speed limit in Plainview, between Executive Drive and Ann Court and between Milford Drive and Manetto Hill

Road, from 40 to 30 miles per hour.

The Town Board set a 10 am June 27 hearing to consider the request of the Casbah Restaurant on Old Country Road in Hicksville, to have musical entertainment and belly dancing on the premises which is presently zoned for restaurant use only.

The third graders at Willet Avenue School had many questions about law enforcement. They wrote letters to Sgt. Thomas Mauro (father of classmate Mary Mauro). He visited the class. Along with answering questions, he demonstrated fingerprinting and handcuffing.

CONFIRMATION HELD AT HOLY FAMILY: The Sacrament of Confirmation was conferred by The Most Reverend Ronald G. Connors, C.S.S.R. Coadjutor Bishop of San Juan De La Maguana, Dominican Republic. Bishop Connors was assisted by Reverend Bernard J. McGrath, Pastor of Holy Family Parish, and Reverend Robert Saccacio, Assistant Pastor. (Photo by Bill Bennett)

 event. All games will be played at the Hicksville home fields located at the Grumman complex on South Oyster Bay Road, just south of Old Country Road. The games will kick off at 9 a.m. on Friday, July 14th with the Championship games on Sunday, July 16th. Besides Hicksville, there are 18 other Long Island clubs who will participate and help billet the out-of-town teams. The Tournament Chairman again this year is Phil Devlin and, handling the enormous task of billeting for 44 teams visiting the island is Peter Collins and John Mitchell. A week later on July 21-23, Hicksville will run it's second All-Girl Soccer Tournament at the same facility. Again this year, tournament chairman for the girls event is Sam Masiello.

THE SCHOOL BUDGET

(Continued from Page 1)
 from the elementary level, who now teaches in the secondary level. At the time, she helped the district out, but she lost her tenure in the school.

Bill Bennett stated that there are 18 math teachers to instruct 2100 students. There are 182 students in the skill classes and the most qualified teachers teach advanced math. There has been a decrease in enrollment over the years and we are now looking at a possible \$2,500,000 budget increase. \$16,000,000 is under the instruction code. The administration said that 48 teachers could be eliminated without disrupting services. There is no danger of teachers being dismissed from the High School.

Max Joseph stated that it is really not desirable to have teachers without strong math backgrounds teaching even basic math. A teacher of math needs good perception and must be a

good craftsman. He mentioned that we are all aging and in a few years, several teachers will be retiring. He said that we must look forward and plan who will be replacing those teachers. And we must build the type of school system that will attract citizens to move to our community.

A business teacher from the High School mentioned that we have one of the better school districts on the Island. In the last 3 or 4 years, 12 teachers have died. Many teachers are here 20 to 25 years and the new teachers coming in also have spirit and enthusiasm. In the last 5 years, the child has changed tremendously, for the attention span is shorter and the attitude is different. Discipline has become a tremendous problem. She mentioned that with the tenure law being the "last in first out", they might eliminate the young teachers.

Tom Nagle said that with the \$2,500,000 increase, \$1,000,000 concerns the teachers, and the rest might not be able to be resolved. In the past few years there has been a no-growth budget. The reason for no-growth is that the Board, Administration and the Teachers co-operated

Three Eagles Soar

By Carole Wolf

Boy Scout Troop 381 accomplished something very unusual on Friday night, May 5th. Three of the boys in the troop moved to the rank of Eagle and joined less than 1 percent of the total number of Boy Scouts to attain that rank every year. Often you might see one or possibly two boys from a troop ranked with the highest, but to have three boys soar to the heights is an unusual accomplishment indeed.

Edward Dickes, the troop Quartermaster, has been with the scouting program since 1970. He holds 14 merit badges and 13 trail awards, including hikes along the Nathan Hale Trail in New York, and the Witch Trail and Spirit of 76 Trail in Mass. Edward tutored Computer Students at the High School to complete his requirements to become an Eagle.

Brian Huphy has also been in the scouting program since 1970. He holds 29 merit badges and 5 trail awards, including trails in Washington, D. C., Virginia, New Jersey and New York. Brian, the troop historian, completed his requirements by doing repairs and other services for Holy Family Church and School.

Thomas McCormack has been a scout since 1969 and is the troop's Scribe and Librarian. He attained 25 merit badges and has 9 trail awards, including the exhausting 50 mile Appalachian Trail in New York, which he hiked in 5 days. In order to get his Eagle, Tom worked with individuals who have mental and physical handicaps.

In order for these three boys to grow with the scouting program, they had excellent leaders along the way to guide their efforts. From the Cub Program to Scoutmaster Lou Biondolillo, Scoutmaster Jim Brennan, and finally, the present Scoutmaster Bill Fox, these boys have matured and grown in character and leadership so that they will

be excellent citizens of the future and leaders of men. Troop 381 of Holy Family Church in Hicksville has reason to be proud of these teenagers who show strength of character, have proven skills and demonstrate their willingness to serve others.

Many dignitaries attended the impressive ceremony at Levittown Hall last Friday night. John Henderson, BSA District Commissioner, gave the Eagle Charge. Robert Schmitt, Deputy Supervisor of the Town of Oyster Bay presented citations. Representative Angelo Grazio presented a Certificate of Merit from the NY State Assembly. Congressman Norman Lent presented flags flown over the Capital. Detective Sgt. John L. Clinton presented three personal letters from the Police Commissioner. Jack Andrews of the Lions Club of Hicksville gave them the Eagle Ring. Richard Evers of the Charles Wagner Post presented the Good Citizenship Citation. Brian Caffery of the Cub Scout Pack 381 presented the three mothers with necklaces and Vince Edwards, the VFW Commander gave the boys a Certificate of Recognition for their outstanding leadership. Gerard J. Murro, Civic manager of Newsday was also there, to share in the event. Brian and Tom are both carriers of Newsday - Brian even making it to honor carrier.

By the time the boys received all the letters of congratulations, awards, citations and plaques, the night was almost over. But the memories for Ed, Brian, and Tom will never die. For they spent seven years of their lives attaining one of the greatest honors in this country.

Hicksville Homemakers Activities

The Nassau Homemakers Council, Hicksville Chapter, has had a most successful and gratifying season, and would like to acquaint the Community with their activities since this is an educational community organization dedicated to giving freely of their time and talents to Women who are interested in developing skills in sewing, home and housing, arts and crafts, and especially sharing friendship and communication with each other.

The Northeast Nassau Psychiatric Hospital is one of the Community projects, and the Bicentennial quilt that was made last year by at least half of the members, under the direction of Helen Hannah, was raffled off and the proceeds of \$300 is to be donated to the Lutheran School for the Deaf at Mill Neck. Also, a contribution is made annually to the Scholarship Fund sponsored by the Nassau Homemakers Council to assist students majoring in Home Economics at Nassau Community College, Farmingdale and Cornell.

The Hicksville Chapter meets at the Parkway Community Church, Stewart Avenue, on the first Thursday of each month from September to June for the regular business meeting, following which a guest speaker or special event is presented. September opened with Fall Registration, and renewing relationships.

In October, two members of the Hicksville Fire Department gave a most interesting and informative demonstration about Cardio Pulmonary Resuscitation and Fire Prevention.

At the November meeting, the election of Officers was held - President, Margaret Zuendit; 1st Vice Chairman, Helen Black; 2nd Vice Chairmen, Marian Koren; Recording Secretary, Virginia Handwek; Corresponding Secretary, Barbara Doherty; Treasurer, Marite Hennessey.

Since women of all ages are always interested in looking their best, the Cosmetic Demonstration presented by Claire Bauer for "Fashion 220" at the December meeting was enthusiastically received.

The annual Christmas luncheon was held at ANTUNIS this

Young Republican Elect Officers

Young Republicans meet the 2nd and 4th Tuesday of every month at the Knight Club, across from the Hess Station and near Newmark and Lewis, on Broadway, Hicksville. The next meeting will be on May 23. New members are invited.

For further information, call Hal Mayer at 681-2770 or John Fippinger, 433-5249, or just come down to the meeting.

year, for members only; but guests will be most welcome to the Fashion Show and Luncheon at SAVINI'S, East Meadow, on May 18th, where some of the members will model the clothes, shawls, etc. which they made during the season.

Guests are also invited to Achievement Day on Thursday, May 25th, from 10 A.M. to 1 P.M., at the Parkway Community Church, Stewart Ave. Hicksville, where the various projects made at the weekly classes showing their creativity and skills, such as lovely needlepoint pillows, crocheted-shell shawls, afghans, woven hangers, foil antiquing, wrap-around skirts, and many other items, will be displayed. Free refreshments will be served.

At the January 1978 meeting, Mr. Kenneth Cynar, Director of Taxpayer Information, Bureau of the Department of Assessment, addressed the members on the subject of a currently vital subject "Real Property Tax Assessment", answering many

questions that needed clarification.

The highlight of the February meeting, was a demonstration and fashion show presented by Pat Maguire and Pat Spiegel of "SEW BIZ", and since sewing is such an important interest of the Homemakers, this proved to be especially informative and enjoyable.

The Covered Dish Luncheon in March was a huge success - the array of delectable casseroles, salads, desserts and other "goodies", all made by the members, was a gourmet treat. After the April meeting, a White Elephant Auction was held (attics and basements were cleaned out and a new supply of "antiques" found its way back again.)

Membership Renewal and a Plant Exchange follows the May meeting. To wind up a most rewarding season, a picnic in Eisenhower Park is being planned for June 8th.

Have a Happy Summer.

Hicksville American Soccer Club

The Hicksville American Soccer Club "Blues" (Pee Wee Division) half back line of Craig Carson, Willie Sneddon and Tim Van Cise were just too much for Locust Valley last Sunday. Hicksville walloped the Spartans 5 to 0. The Blues half back trio only allowed the home team across the midfield line four times all day. On each of those occasions fullbacks Chris Kanuck and Kevin Taylor quickly got the ball back into the offensive zone.

Hicksville's scoring came from the thundering foot of center Anthony Schiralli who notched two goals and lightening like right wing John Fabrizio had the "hat trick" as he tallied three goals. Fabrizio now has seven goals on the year.

Assistant coach Tony Schiralli directed the team to its most overwhelming offensive effort this year. Inside forwards Michael Conway and Jean Claude Bialek staged a masterful passing exhibition with the rest of the forward line. David Nisenson and Tim Richards shared the goal tending duties for the shutout.

The highlight of the day was the outstanding job by Locust Valley goal keeper, Tom Hoy. The young net minder had the crowd of over 150 fans screaming with approval as he made 17 saves on the day. Of that number, 10 were of the spectacular variety.

This Sunday morning the Blues will host the Bohemia "Eagles"

at the Grumman soccer complex. Hicksville and Bohemia tied earlier in the year. The game will start at 11 o'clock.

Massapequa (3) - Hicksville Blue (2)

Boys Under 12
When a team controls the midfield and keeps the pressure on the opposition's goal, they should win the game. This was not the case Saturday. The backfield of Stephen Wayne, Bryan Althaus, Billy Cheslock and goalie John Henderson played an exceptional game. John O'Reilly played a very aggressive game at left halfback but the midfielders will have to keep their eyes on the wings a little bit more if they want to score goals.

A beautiful shot put in front of the Massapequa goal by center halfback James Magner was tapped in by inside left Joseph Trachtman, scoring Hicksville's first goal. The second goal was scored by Scott Greenspan. Scott took a shot at the 20-yd. line from a quickly executed throw-in by James Youngs. That ended Hicksville's scoring.

The boys kept the pressure on Massapequa for the rest of the game but couldn't get the ball in the net.

After 5 weeks of the season, the 22 traveling teams have compiled a record of 60 wins, 36 losses and 17 ties. The club has been very

fortunate this Spring as it has just completed the 6th week-end of soccer without a single rain-out. The undefeated ranks have now dropped to six (Al Boccafola boys under 8, Joe Neto boys under 9, Jim Morrisroe & Steve Florio boys under 10, Angelo Lozito boys under 17 and Kevin Shannon girls under 19).

Boys U 11
The 1967 boys ran into a tough Bohemia team at their home Grumman field this week-end but more than met the challenge and played some really good soccer. Coaches Harry Habersat and Walt Karlewicz reported that their boys are to be commended on a fine effort & that they were always within striking distance. Excellent defense was played by Scott Fraser, Frank Kolovich and David Berkowitz and the scoring this week was provided by Matty Bell and Richie Karlewicz. Also helping the team do a great job was Stephen Brice, Frankie Christiano and Gerry Dolan on the front line, Mark Habersaat and Troy Levy on defense and goalkeepers Sam Masiello and Steven Schecter. The final score was 3-2 Bohemia & the boys are on the road next week at Clod Spring Harbor.

Girls U 19
Kevin Shannon's girls under 19 rolled to their 6th consecutive victory and 5th shutout of the season with a strong 8-0 win over Garden City. The girls have now scored 31 goals and allowed only one in six games. They now have to meet Cow Harbor twice in a home and away series before heading to Brick Town for a tournament over the Memorial Day week-end. This strong team is made up of the following Hicksville girls: Sandy Bruder, the Conways Patty and Diane, Patty Decker, the Dolans Kathy and Karen, Cathy Eichler, Karen Jung, Fran Panetta, Miriam Pepi, Jeanne O'Shea, Patty Rogers, Sue Stafford, Tricia Valle and Janine Vassler.

Boys U 13
Pat McHugh's 1965 boys played two games this week-end against two very tough opponents and came out with a split. In the first match, an away game in Massapequa, the boys really put it all together against previously undefeated Massapequa and played as a single, total unit to hand Massapequa their first defeat by a 3-0 score. Coach McHugh was thoroughly satisfied with their play and was convinced of the kind of soccer of which they are capable; they covered for each other, came back to help on defense, moved forward together on the attack, etc. This was a total team effort and all the boys deserve equal billing in a big victory: Andrus, Cahalan, Christiano, Cullen, Damarco, Dolan, Feldmen, McCann, Mitchell, Pearse, Pepi, Ridgway, Tyranski and Zakian. On Sunday, it was a complete reversal as the boys were routed by Huntington 4-0 in a regional cup match so that the key word is consistency. The boys total

record now is 4 wins, 2 losses and 2 ties with 14 goals for and 12 against.

Girls U 11
After an opening day win, the girls have run into a string of bad luck which they hope to change next week against North Babylon. They have worked hard but just can't turn the trick; losing a couple of close ones by 2-1 margins and being tied by Huntington. Last week coach Harkins and his 'heroines' were soundly beaten by Massapequa 5-1. The girls are playing well and are determined to pull together (turn things around: Donna Berk, Maureen Collins, Kathy Conway, Maryann Carroll, Terry Fratini, Lisa Geveda, Patrice Kenny, Janice Lane, Judy Laurelton, Debbie Luongo, Donna Richards, Roseann Schubert and Diana Taylor.

HICKSVILLE BLUE U9

5 7 78 Score: 0-0
This team, coached by Al Greenspan, ventured onto foreign soil and played an excellent game against Glen Cove. The first half was marked by good defensive work by Greg Skupinsky, Jason Lipiec, Phillip Greenspan and John Diradourian. The mid field was controlled by the halfback team of James Reardon, Todd Roth and Craig Freyksen, who played a great game. In both halves the play was taken to the Glen Cove half of the field, and the front line of Kevin Hamel, Gerard McNamee, Marty Cowan and Steve Falletta kept the pressure on the Glen Cove defense. Billy Sneddon, goalkeeper, played another outstanding game, and on different occasions, repeatedly kept Glen Cove from scoring.

This is a brand new team, formed this past winter, and their current record of 0-4-2 does not tell the story of the enthusiasm of each boy at practice and the game. This team truly lives up to the saying "It is not a matter of winning or losing, but how you play the game." As coach, I am very proud of this team, and I am sure in the future, this team will have its share of victories.

The Maguire Cup (U 19)
The epitome of team effort was illustrated on Sunday May 7 in the Maguire Cup semi-final game when the U 17's, coached by Angelo Lozito, defeated the U 19's, coached by Paul Bedell, by a score of 1-0.

This young team entered the U 19 Cup grouping to gain experience and ended up as the only U 17 team to place in the semi-finals. They entered the semi-finals with no goals scored against them and kept that record after the semi-final game. In the qualifying rounds Hicksville U 17 defeated the Rockland Rowdies 2-0 and Oceanside United 3-0 to make them eligible for the quarter finals. They took Bedford Hills in this game 2-0 and went on to the semi-finals to defeat the other Hicksville team 1-0. All their games were played against U 19's. The soccer expertise displayed in the semi-final game

was a thing of beauty to behold, and the team effort was more than commendable. Coach Angelo Lozito can be justifiably proud of his team. Congratulations to: Don Anglin, Dennis Bardavage, Mike Bell, Tony Cerase, Mike Collins, Bob Dash, Bill Gunther, Mike Humphreys, Jack Jablonski, Tom Luongo, Alex Sakk, Jack Shannon, Steve Solaski, Norm Stafford (goal keeper), Rick Steinbach and Erik Van der Walden.

Come on down to Plattdeutsch Park in Franklin Square on Sunday at 2 P.M. to cheer on this hustling team as they meet the N.Y. Astros in the finals.

By Nancy Autolino Major League

With the opening of the 1978 baseball season, Hamburg Savings edged by G.G.G. Construction 11 to 10. John Donlon pitched 4 strong innings for Hamburg, striking out 8 and allowing only 1 run before running into arm problems. Coming in the game to relieve Donlon were Greg Cristoforou and Kevin Landers who pitched well key bunting by Doug Fiore. Greg Cristoforou, Mike Kuomo, and John Brigandi, and 4 hits by John Diehl, which included a triple, and Mike Noll with 2 hits produced the 11 runs and 10 hits total.

In other major league action, Iannones and Sands Textiles remained tied at 3-3.

John Autolino of Iannones, who struck out 15 and Joe Cassese of Sands Textiles, who struck out 10, hooked up in a terrific pitching duel that was called after 6 innings due to darkness.

Rich Maiers led the attack for Sands Textiles with 3 hits. Bob Russo, Pete Urso, and Dennis Woessner each contributed hits for Iannones.

This game will be completed at a future date.

Minor League
As the 1978 Little League season began this week, some excellent baseball was played. Opening day for Marder Shell and Gilson Knitwear meant nothing less than victory.

Marder Shell defeated a very strong opponent, Northville Industry, by a score of 11 to 5. Strong pitching by Todd Loeffler and Helmut Schleitth, who combined to strike out 13 Northville batters, and the slugging of Steve Dunier, who had 4 RBIs, with 2 triples and a single, and Jim McBrier with a double and a single helped to secure the win. Good infield and outfield defense helped to stop many Northville Industry rallies.

In its season opener, Gilson Knitwear shutout a tough West John Deli team by a score of 5 to 0. No hit pitching was produced by fireball right-handers, Scott Casper and Rich Markey. A powerful offense was supplied by the heavy bats of Joe Spinoso, with 2 hits and 1 RBI, Vito Cassese with 1 RBI, Mike DeRouches, Frank Cannone, and Tako Ontaki. Solid defense was supplied by James Grey, Joe Doherty, George Lastithenos, Mike McLoughlin and Joe Zoeli.

On Saturday, May 6, Jamaica Ash brought home its first victory with a score of 12 to 1 over Gilson Knitwear. The winning pitcher Dom Martello went a full 6 innings giving up only 2 hits. Jamaica Ash started a big rally in the first inning connecting for 5 hits and scoring 5 runs. The hits were provided by Dom Martello with 3 hits, Tom Roman, Robert Richards, Richard Hogan and Steve Scotto who all had 2 hits and John Maggio, who added to the attack with a double. Tom Dempsey and Andy Manganello each chipped in with a hit.

Although defeated, Gilson Knitwear played a strong game. Outstanding play was shown by Taro Ohtaki, Mike McLoughlin, Joe Zoeli and pitcher Vito Cassese.

Your Car Can Save You Insurance Dollars

Auto insurance premium notices are a concern to every driver. "Unlike many family bills, an auto premium is one you can do something about," reports a spokesman for Allstate Insurance Company.

If you are insured with Allstate, reductions of 3 to 18 percent on collision insurance and 9 to 35 percent on comprehensive insurance automatically apply if you drive one of these models:

| Model | 78/77/76 | 75/74 |

These cars were not picked at random. The decision was made after a statistical study of Allstate's policyholder cars for model year 1974, 1975 and 1976 was completed. Nearly 1,500,000 cars were included in the study. Autos which showed collision and comprehensive experience 20 percent or more higher than the norm were increased by one rating symbol, autos which showed collision and comprehensive experience 20 percent or more below were downgraded one symbol. (A rating symbol is given to a car based on its price when it was new.)

Until this new rating method, collision and comprehensive rates had been based on the new car price, age of car, garaging territory, use of car and class of driver. Since November, 1976 the model's actual loss experience has been included, taking into account the additional factors of damageability, repairability and theft. Both the public and the automobile manufacturers have indicated a desire for recognition in the rating formula of improvements in those three areas. This program is a first step in that direction.

In November, 1977, one year after the program was introduced, it was updated to include data gathered from 1977 model year autos. Until more information is available, 1978 models will be rated on existing data from comparable models in previous years.

This rating program is not in effect in Kansas, Maryland, Massachusetts, Oklahoma, New Jersey, North Carolina, South Carolina, Texas and West Virginia.

If you wish a complete list of autos that are rated up or down please send a self-addressed, stamped legal size envelope to: Make and Model, Allstate Insurance Company F-3, Allstate Plaza, Northbrook, Illinois 60062.

Skillet Applesauce Rolls

SKILLET APPLESAUCE ROLLS

- 1 (13-3/4 ounce) package roll mix
- 2 tablespoons sugar
- 6 tablespoons butter
- 2 cups smooth applesauce
- 1/3 cup brown sugar, firmly packed
- 1/2 cup chopped pecans
- Cinnamon

Prepare roll mix according to directions on package, adding 2 tablespoons sugar to dry ingredients. Cover; let rise until doubled in bulk. Meanwhile add 2 tablespoons butter to applesauce; cook 10 minutes

to evaporate some of the liquid, stirring occasionally. Cool. Melt remaining 4 tablespoons butter in 9-inch skillet; add brown sugar; heat until dissolved.

Roll out dough to 17 x 9-inch rectangle. Spread with cooled applesauce and sprinkle with pecans and cinnamon. Roll up jelly roll fashion. Cut in 1-1/2 inch slices. Arrange cut side up in pan on sugar mixture. Cover; let rise until doubled in bulk.

Bake in 400°F. oven for 20-25 minutes or until golden brown. Serve hot. Makes 16 rolls.

In court, the detective argued that he could go wherever he pleased in public places. But the court disagreed and ordered him to pay damages. The court pointed out that such intensive shadowing, done so openly, could "subject (Marvin) to public disrepute."

It is not unusual, when an injured person claims damages, for the defense to hire a detective to do some checking. But as this case illustrates, excessive zeal may be held unlawful.

On the other hand, detective work performed in a reasonable manner is perfectly all right.

In another case, a detective did his work so discreetly that the claimant did not realize until the trial that he had been watched. Here, when the man complained about invasion of his privacy, the court turned him down.

"Owing to the social utility of exposing fraudulent claims and fictitious injuries," said the court, "an unobtrusive investigation does not constitute an invasion of privacy."

Another detective, trailing a woman by car, did his best to remain unnoticed. Nevertheless, the woman finally discovered that she was being followed. Did this mean her privacy had been invaded?

A court said no, because of the detective's good intentions. He had followed her, said the court, not for any purpose of intimidation but as a "reasonable means of securing evidence."

THE FAMILY LAWYER

by Will Bernard

Unprivate Eye

Strange things began to happen after Marvin, hurt in a bus accident, put in a claim for damages. A detective began eavesdropping at his windows, spying through his hedges, tailgating his car, and following him into stores. One day, when Marvin found the detective waiting as he emerged from a restroom, he decided it was the last straw. He filed suit for "invasion of privacy."

Inflation - Fighting IDEAS

Savings For Non-Smokers

Some important consumer advice for persons who have given up cigarettes and have made it stick for a year (or have never smoked them at all) while still holding their

weight line is a lower rate for their life insurance.

Today, statistical evidence strongly supports the contention that people who do not smoke cigarettes and are careful about their weight enjoy a longer life expectancy. This means they are a better health risk for life insurance.

One life insurance company that believes people who can qualify should enjoy a preferred status and be rewarded with deserved rate reduction is Phoenix Mutual, a Hartford, Conn. company that continues to be among the lowest-cost companies in the nation. Interestingly, Phoenix Mutual is the first major life insurance company to provide specific rate discounts for both non-smoking and keeping within normal weight limits.

To paraphrase Rudyard Kipling, a cigarette smoker may be a cigarette smoker, but a good non-smoker is entitled to a rate reduction on his or her life insurance policy. Cigar and pipe smokers who do not smoke cigarettes also qualify for this rate reduction.

Holy Trinity Consecration

Final preparations are being made by an enlarged staff of parishioners for the consecration of Holy Trinity Episcopal Church, Jerusalem Avenue and Old Country Road, Hicksville. The Right Reverend Robert C. Witcher, Bishop of the Episcopal Diocese of Long Island will visit Holy Trinity Church on Sunday, May 21, for this consecration service. The Church, mortgage free since December, 1977, is being readied for the sacramental dedication of the building and for a new chapter in its ministry to the whole community. Replacing the former structure at the end of 1962, the first service was held in the new building February 16, 1963. The unusual architecture of Hicksville's Episcopal Church made headlines with full front page coverage in the New York Herald Tribune.

Year long events commemorating the consecration began in December last year, highlighted by the burning of the mortgage on Christmas Eve. Presently, the community is invited to attend the Tuesday evening Tour of the Scripture with Bishop Sherman, the retired Bishop of Long Island, leading a study of St. Paul's Epistle to the Romans. The Tour has proven to be tremendously exciting under the skilled direction of Bishop Sherman who winsomely exposes many hidden and delightful truths in St. Paul's letter. The Tuesday evening Tours begin at 8 P.M. and end at 10 P.M. with a break for refreshments. The Rector, Wardens and Vestrymembers of Holy Trinity Church take pleasure in inviting the members of the community to join in the consecration service on Sunday, May 21, at 10 A.M.

Guest Lecturer At Willet Avenue

The Rock and Mineral Club at Willet Avenue School, Hicksville, is a Media Center enrichment program for a small group of students with a serious interest in geology and mineralogy.

Recently the club enjoyed guest teacher Jane Spiselman, who brought many interesting specimens from her own

collection and showed members how these could be polished or faceted for jewelry. Mrs. Spiselman recently retired from the Hicksville School System. Her visit to Willet Avenue was through the courtesy of The Gregory Museum where she serves as a member of the Board of Trustees and an educational consultant.

Lynda Noeth Scotti - 796-1286

Harriet A. Maher - 433-5994

Tommy Fico, Mayfair Lane, Hicksville, was four years old on May 1. His parents, Tom and Evelyn, and his sisters, Kim and Laurie, wished Tommy lots of love and happiness for his birthday.

John Hill's family says "Happy Birthday" to John who had a birthday on April 23. The Hill's are long-time residents of Hicksville.

A double celebration was held for Danny Paulauskas who made his First Holy Communion at St. Ignatius Loyola R.C. Church on May 7. This blessed occasion coincided with Danny's eighth birthday. His family held a party for Danny and 40 guests attended the festivities. Danny will never forget that memorable date.

Happy anniversary to Anne and Bob Rennert of Hicksville. This wonderful couple was married 29 years on May 7. May you both have at least another 29 years to share together. Congratulations.

Hickvillites, Bill and Wilma Willis, recently spent two marvelous weeks in Ocho Rios, Jamaica. Among other activities, they participated in Dun's Tour which took them up a trail on a mountain which wound alongside a waterfall. They had to traverse a steep, narrow path, single file, holding hands with other members of the group. They said it was a spectacular and breathtaking experience. (But we wonder if they would do a repeat performance of this particular activity?)

mother of Matthew John Russ, born January 30. We should have said the new mother was Diane Russ. Our apologies, Diane, give us another chance when you have your next baby and we'll make sure we don't repeat this error.

Bob and Judy Howard celebrated their sixth wedding anniversary on May 6. They also celebrated Judy's birthday on May 7. Helping them with the festivities was their adorable daughter, Dawn Dawn, five years old, looks just like a red-headed Shirley Temple.

A party was held by Ron and Kathy Fleischauer for their 7 year old daughter, Marianne, who made her First Holy Communion at Holy Family R.C. Church, Hicksville, on May 13. Marianne's brother, Steve (6 years); her sister, Susan (3 years); and grandmother, Catherine Gaffney, were among the 30 guests who shared this happy event with her.

May 7 was the 19th anniversary date of Maryjoan Perez nee Maher's arrival at her parents home in Hicksville from Pusan, Korea. This has been an annual celebration at the Maher household since May 7, 1959. Your family gives you all their love and best wishes this year and for all the years to come, Joanie.

Happy 1st birthday to Glen Hinckley of Sunset Ave., HICKSVILLE.

Heather Donlon, of 6th St., HICKSVILLE, will be celebrating her 5th birthday soon. Happy birthday, Heather.

Birthday greetings go to Allan Strickland of 14th St., HICKSVILLE, who will celebrate this month.

Guess who got her wings? It was Kay Governale. Kay took her first plane ride when she vacationed in Florida. Kay had plenty of moral support to accompany her on this flight by way of her daughter, Linda; son-in-law Jim Himberger; Jim's mother, Ruth Himberger; and two grandchildren, Michael (5 years) and Melissa (3 years). This great group visited Disney World and had a fabulous time.

Hicksville has a new octogenarian - Catherine Acker - who was 80 years old on May 4. She was feted with a surprise birthday party hosted by the Catholic Daughters, Court Queen of Angels, at St. Ignatius Loyola R.C. Church, on that date. Catherine has a daughter, Irene Dannhauser, also of Hicksville, four grandchildren and five great grandchildren - all of whom wished her love and best wishes on this auspicious occasion.

Oops, we goofed. We inadvertently listed Dot Russ as the

TEN DAY HOME TRAIL

One of the smartest places to invest your hard earned dollars these days is in a good used blue chip economy car such as a Volkswagen, Datsun or Toyota, and we have a good selection of all three makes.

First of all, if you so desire, we will pay your mechanic \$20 to thoroughly check the car of your choice. If he says no, there is no further obligation.

Second, if within 10 days or 500 miles, whichever sooner occurs, you're not satisfied, return it! We're so confident you will like our car, we will give you a written money back guarantee which includes state and local taxes, registration fees, and if you finance the car through us, we will absorb any finance cancellation charges.

Thirdly, if you keep the car, our no-nonsense limited 30 day warranty simply states that the Engine, Transmission, Rear Axle, Front Axle Assembly, Brake System, and Electrical Equipment shall be in good operating condition or we will make repairs or replacement at no cost to you.

You won't find a fairer deal anywhere, even on a brand new car!
