Citizens "Tax Revolt" Petitions Circulated, Backing Wydler Bill

A citizens petition is being circulated in the Fifth Congressional District, backing a "Tax Revolt" bill co-sponsored by Congressman Jack Wydler, now being considered by the House and Senate. The bill, H.R. 10095, was introduced by a fellow New Yorker, Rep. Jack Kemp, and would provide an across-the-board one-third tax cut for all Americans, regardless of income.

Copies of the petition have been furnished to local community groups and are available at the Congressman's District Office, 150 Old Country Road, Mineola, N.Y. 11501 (Telephone: 516-CH-8-7676) or on board his Mobile Congressional District Office, which visits a different community in the District every week. For a Mobile Office visit schedule, constituents can call Rep. Wydler's Mineola office. The petition asks residents to

The petition asks residents to "Help Rep. Wydler cut your taxes" and urges Members of Congress to join the Long Island law makers in backing the tax cut bill.

"We do need a tax reduction to get this country moving again, but we do not need to add to the already complex problems of our tax structure," said Rep. Wydler.

Under the provisions of H.R. 10095, a family making \$8000 would pay only \$120 taxes. A family making \$20,000 a year would pay Federal Income Taxes of only \$1600, instead of \$2480.

"This is the one tax reform that can pass Congress," said Rep. Wydler. "Experience has proven that it will work. It will help everyone - property-owners, apartment-dwellers, regardless of age or income."

"This is our answer to the obvious public concern shown in the passage in California of Proposition 13," said

Congressman Wydler. "We might call this legislation the federal answer to Proposition 13. You cannot have property tax reform without coordinated federal income tax reform."

He noted that the last time Americans had such a tax reduction as is proposed in H.R. 10095 was back in 1963, when John F. Kennedy was President.

"The net effect then," Rep. Wydler noted, "was to increase tax revenues because of the direct stimulation it provided to the economic growth of our nation. New investment in business will yield more, not less, revenue for government operations."

He stated, "This federal response to the Proposition 13 now sweeping our nation is vital and I welcome the help of my neighbors on Long Island in getting it enacted into law in Washington."

Local Family Camping

The Nassau County Department of Recreation and Parks will soon open year-round family camping at Meadowbrook Park in East Meadow and Stillwell Woods in Syosset. Each site will accommodate approximately 30 rigs and additional camping areas are under study, including a portion of a 230-acre former sand quarry in Port Washington.

In Nassau County, have been seeking year-round recreational camping facilities in the county for many years.

In recent years, off-season facilities have been made available to the campers at three county parks.

Recreation and Parks Commissioner Abram C. Williams said that the two sites should be ready for campers before the end of summer.

Williams noted that family camping has become "a very popular mode of recreation in which the entire family participates."

He pointed out that Eisenhower Park was left "cleaner than when they arrived" following the campers' recent Campvention which included more than 400 rigs.

Williams said that the off-season sites will be retained in the event they are needed for overflow.

The Stillwell Woods site, acquired by the county in 1973 and placed in landbank status, is a former working farm between South Woods Road and Stillwell Lane.

Meadowbrook Park, an area west of Meadowbrook Parkway and north of Hempstead Turnpike, includes portions of the former Mitchel Field Air Force Base and right-of-way property originally owned by the Jones Beach Park Authority. The parcels were acquired by the county in 1967 and 1970, respectively.

Some Facts About Nassau County

By Francis Purcell, County Executive

A road map has green lines for the parkways that cut through Nassau County and solid yellow ones for the major roads. Community boundaries are outlined in blue, community names are written in red - and your eyes have to be 20-20 to read the fine print naming the neighborhood streets where most of us live.

But a road map is only an artist's eye view. It shows where our communities are, and how to get to them, but not what's in them. It can't show people and what they do and how they live - and people is what Nassau County is all about.

One way to get at least a glimpse of the real Nassau County is to look at some statistics. There are more than 1,400,000 of us living in the 289 square miles between the Atlantic Ocean and Long Island Sound, and between Suffolk on our east and New York City on our west. New York City's area is 300 square miles - only 11 more than ours - but it has more than 7,500,000 people. We have fewer than 5,000 people per square mile. The city's five boroughs average 26,319 people per square mile.

Our people live in 401,956 households in the county's 134 distinct local communities. By 1980, only 27 per cent of us will be under 21 compared with 40 per cent in 1970; and 11 per cent of us will be over 65 compared with eight per cent in 1970. We have 358,931 wage earners, more than half of whom hold jobs within the county while 31.1 per cent commute to jobs in New York City, a significant drop from the nearly 40 per cent who worked in the city ten years ago.

We drive 858,611 motor vehicles; own 33,281 boats; do our own shopping in five regional, 31 community and 126 neighborhood shopping centers; send our children to 362 public schools, 121 private and parochial schools and ten colleges; enjoy 188 miles of beach and shoreline and 15,000 acres of public parklands; are cared for by 3,795 physicians and 22 hospitals; and are protected by the Nassau County Police Department and by 22 local village and city police departments and 71 fire departments.

A satellite photo gives a better idea of the real Nassau County than a road map. It can't show people, either. But it does show the unique environmental

heritage that is ours - the placid waters of Long Island Sound lapping our North Shore; the pounding surf of the Atlantic Ocean lashing our South Shore; the open spaces and tree-lined streets of our neighborhoods. We are a bustling, thriving suburban community - what the planners call a mature urban county. But we've held on to our suburban charm. That's one of the reasons why Nassau County is one of the nicest places in the nation to live. We're going to keep it that way.

Due to the increasing number of complaints regarding the "Right Turn on Red" Law the Nassau County Police Department will be increasing enforcement of this law especially in the vicinity of schools, school crossings and other congested areas.

It seems that some motorists are failing to make a full stop and yield the right of way to pedestrians, bicyclists and motorists that are legally using the intersection, before

proceeding on the red turn signal.

REMEMBER THE LAW.
UNLESS A SIGN IS IN PLACE PROHIBITING SUCH A TURN, TRAFFIC FACING A STEADY RED LIGHT MAY CAUTIOUSLY ENTER THE INTERSECTION TO MAKE A RIGHT TURN AFTER STOPPING SUCH TRAFFIC SHALL YIELD THE RIGHT OF WAY TO PEDESTRIANS AT THE INTERSECTION AND TO OTHER TRAFFIC FULLY USING THE INTERSECTION.

Stop Junk Phone Calls

By Cong. Norman Lent

Have you "had it" with phone calls trying to sell you something? It's clear a lot of people have. There's a veritable flood of legislation - 52 bills in 25 state legislatures, including New York, just this year - aimed at banning the "junk" phone calls which more and more invade your personal privacy. Particularly annoying are the mindless recording machines which automatically dial your number (even if its unlisted) and play their recorded sales pitch which won't disconnect even if you hang up, keeping you from making outgoing calls until the recording has ended. It's no wonder that legislators are being pressed to deal with this problem. Yet, there is one serious difficulty with this outpouring of legislation from the various state legislatures: it poses a wide variety of legal approaches. We could end up with dozens of conflicting state regulations on junk phone calls,

producing great confusion, and very little action in stopping the calls.

I am convinced the better way to deal with this nuisance is with one federal law. That's why I am cosponsoring the Telephone Privacy Act, along with 112 of my House colleagues, to give householders the right to stop solicitors from making these robot-directed calls into their homes. Because the Supreme Court has repeatedly upheld free speech as a right which applies to business as well as to the individual, our bill (H.R. 12218) cannot ban the automatic dialing equipment. To meet the constitutional requirement, it gives you, the telephone customer, the right to direct businesses not to call you.

This bill is grounded on the U.S. Commerce power in the Constitution and in the citizens' right to protect the privacy of their own homes.

Right Turn On Red

"Every man needs a hobby when he retires, Hobart's is meter reading!"

What does Hobart know that you don't? He's read our Guide to Meter Reading and Your LILCO Bill, which explains the mystery of it all once and for all. Drop us a line, and we'll send you a copy. Our address is on your bill. Then you can do the same things Hobart does, like double-checking the accuracy of our readings or estimates and helping control costs by keeping a running check on energy use. While we're on the subject, a note to those of you who get bimonthly readings and bills. Sure, a bimonthly bill is higher than a monthly one. But we respectfully point out that this procedure helps keep down both paper work and the size of our meter-reading staff. And that means a saving to you and all our customers.

We received a nice letter from Mr. A.S. of Baldwin. "Thank you for your prompt response to my request for help in computing my electric bill...with the clues you gave me. I was able to arrive at the right figure." P.S. "We are shareholders and proud of LILCO employees." Thank you, Mr. A.S.

Long Island people serving the people of Long Island.

Dear Friends:

SEWERS... SOON : A \$10,346,991 contract has been awarded by Nassau County Executive Francis T. Purcell to J.D. Posillico of Farmingdale for the construction of 23 miles of LATERAL SEWERS in the Hicksville-Levittown area. Posillico was the lowest of four bidders.

The project area, designated as L-5, is bounded on the north by Old Country Road, on the west by Jerusalem Avenue, on the east by South Oyster Bay Road to the Long Island Railroad, and on the south by Harrison Avenue and other local streets. Work will begin in July and is expected to take fourteen months to complete.

We would have liked a picture of this, but since we don't have one, we commend the donors for their fine community efforts annually. On Sunday, June 18th, a check for \$1,800 was presented to the Hicksville High School PTA by Mrs. Thomas E. O'Connor, Director of the Pegge O'Connor School of Dance, Levittown Parkway, Hicksville.

The money was the result of a dance recital on June 17th and June 18th at the High School. For some 20 years, similar sums have benefited this school as well as Trespier Clark High School, Bethpage High School, Cerebral Palsy, Mid Island Girl Scouts, Little League and other worthy causes.

"ENGINEERS OPEN SOUND BRIDGE CAMPAIGN"

The Nassau Chapter of the State Society of Professional Engineers is beginning a drive to promote a bridge across the Long Island Sound. The announcement was made by President A. James deBruin, P.E. of Old Brookville, following the Chapter's annual June installation ceremonies at Holiday Manor.

Other engineers installed were vice presidents Herman Soifer of Merrick and Wilfried Uhl of Plainview; secretaries George Lehan of Garden City and Eli Silverman of Valley Stream and Treasurer Michael Pender of Garden City.

On Sunday, July 2, around 3 p.m., a fire occurred at Newmark and Lewis in Hicksville.

Here's a picture taken and developed by Eleanor Bianco of Hicksville, which shows not only the fire but, to some extent, the dangerous risks taken by our fine volunteer firemen, as you can see them both on the side of this burning building and on its roof.

That's all for this week. Stay well and enjoy the sunny summer days here on beautiful Long Island.

Property Taxes Up 147% In 10 Years

"New York property taxes shot up 147 percent from 1966 to 1976", reports the Citizens Public Expenditure Survey (CPES), the statewide taxpayer organization. CPES reported that the New York property tax increase was higher than only four other states: Alaska, Georgia, South Carolina and Vermont.

"The New York increase was even greater than in California (up 110 percent) where the voters

overwhelmingly passed Proposition 13.

"We note that, however, recent increases in assessments helped spur the California tax revolt", said CPES.

CPES said "that their offices are being besieged with telephone calls from New York taxpayers since the passage of Proposition 13 in California. It is no wonder since our per capita state and local tax burden is 18 percent higher than in California.

"Many New Yorkers are particularly concerned over the burdensome property tax. In recent years the property tax has had to pick up a greater and greater share of public school costs as the State government's percentage of funding for public and secondary education has declined.

"Telephone calls from Niagara Falls to the end of Long Island indicate a strong taxpayer revolt in this State. It is just a question of getting the revolt expressed into one strong force."

The statewide taxpayer organization has a petition circulating the State of New York demanding that the Governor and the Legislature take immediate steps to reduce taxes, particularly the property tax.

NOTE: Governor Hugh Carey signed a CPES petition while attending a farmers' meeting in Columbia County, Tuesday, June 27, 1978.

Letters To The Editor

To the Editor:

In its first meeting since its bloated budget was rejected, the Hicksville School Board performed a "Devil's Exorcism" on the defeated budget. Although the 1000 majority vote defeating the budget accurately reflected the desires of the voters for economics in school operation, the board showed its complete disdain for the voters by removing the good from the budget while leaving in the evil. The board: **BLUDGEONED** children by eliminating the interscholastic sports program; then **BLACKJACKED** parents and children by requiring all children living within 2 miles and some within 3 miles to walk to school; **PUNISHED** senior citizens by eliminating their meager programs; and **SHOWED CONTEMPT** for the community by eliminating the self-sustaining adult education program. All these exorcisms, supposedly dictated by austerity, will not reduce or even maintain last year's budget -- it will still increase your taxes by 21 cents per hundred.

This teacher-biased school

board still hasn't learned that it is not HOW MUCH money is spent, but HOW the money is spent that determines a quality education. Moreover, it is rather obvious that our teacher-biased school board will insist on over-spending and over-taxing to support a shigh-priced, overpaid, over-privileged, and underworked union of teachers. EVERY PENNY supposedly saved by the "Devil's Exorcism" could be re-instated and the budget could remain at least at last year's level without a tax increase or a curtailment of basic educational services if the board would simply release just 45 of the 100 excess teachers in the Hicksville school system and then resubmit the budget to the voters. However, the board with its disdain for the public will ignore your vote. Therefore EVERY school budget MUST BE DEFEATED until pressure forces the teacher-biased school board to have as much concern for children as they obviously have for teachers.

Sincerely
Frank H. Willard

Mopeds In New York State

There have been recent changes in the New York State laws concerning use of mopeds.

Some of these changes are: for 20 mph mopeds, registration is \$5 per year, including a license plate. No helmets are required; no liability insurance is required, and no inspection is required. Any valid New York driver's license, including a junior license is sufficient. And, there is no special qualifying test for those who already hold a driver's license. These mopeds fall under a most liberal classification, "Class C Limited

Use Motorcycle" by New York Laws.

The 21-30 mopeds require registration and plates at \$5 per year. There is no required inspection and identical driver's license rules as "Class C." These fall under the "Class B" law in New York and require the use of helmets and liability insurance.

In our area, Green Crest Nursery, Inc., 5 Bethpage Rd., Hicksville (corner of Woodbury Rd.), is a dealer of mopeds. Jim Rerisi is President of Green Crest.

AROUND OUR TOWNS

HARRIET A. MAHER

A recent visitor to Hicksville was Mrs. Jean Rutig. Mrs. Rutig, who is the mother of Jean Jackson, spent a week at the Jackson household to help celebrate the graduation of her grandson, Michael, from Holy Family School. A family party was held in honor of this important occasion. Michael will enter Holy Trinity H.S. this fall. Good luck, Mike.

A week-long second honeymoon was enjoyed by Alma and Art Hirsch recently. The Hirschs were married thirty-eight years on June 23.

Jane Sweizer, who had a birthday on June 10, was feted with a double celebration. She graduated from SUNY at Farmingdale in the top three of her class. She has an Associates Degree as a medical lab technician. Pauline and Joe Sweizer are thrilled about their daughter's scholastic endeavors.

The only Hicksville student to receive and ROTC scholarship was Laurie Grech, daughter of Wanda and Paul Grech. Laurie also received a Regents scholarship award. She is planning to attend Embury Riddle University in FL this fall where she will major in aeronautical engineering. Laurie graduated from Hicksville H.S. on June 25.

A happy birthday to Bernice Neufeld of HICKSVILLE, who celebrated hers last week.

And, a very special Happy Wedding Anniversary to Mr. and Mrs. Peter Hock, of Fordham Ave., HICKSVILLE, who celebrated their 52nd on June 27.

Congratulations to June Fulton of HICKSVILLE, Linda McCarthy of HICKSVILLE, and Steven Rokito of Westbury, who received American Legion Awards at the 6th grade graduation ceremonies held on June 22 at Burns Ave. School. All will enter Hicksville Junior High School in September.

Maria Lesetz of Colonial Rd., OLD BETHPAGE, and Maria Lauto of Pal Way, PLAINVIEW, participated in the New York

State Music Teachers Assoc. Competition on June 2 in the vocal soloists category and received an A- and B+ respectively. Their parents are very proud of them.

Pat and Mike Lauto have two other reasons to be proud. Maris, who is 9th grade secretary and treasurer, was named Miss Matlin Junior High at the 9th grade Prom that was held on June 16 at the Holiday Manor. Mr. Matlin was Steve Silberman of Hofstra Dr., PLAINVIEW. Maria was accompanied to the Prom by Larry Siegel of Pound Ridge Rd., PLAINVIEW. Sister Suzanne Lauto was awarded 5 certificates including Honor Roll at her 6th grade graduation from Joyce Rd. School on June 22.

Happy Birthday to Mrs. G. Moyer, HICKSVILLE, who celebrates here on July 7.

Erin O'Callaghan of Abbot Lane, HICKSVILLE, celebrated her 4th birthday on July 2. Happy birthday, Erin.

Dr. Philip Rubinstein of Second St., HICKSVILLE, and William Murphy of Plainview Rd., Woodbury, were among more than 15,000 persons attending the 63rd annual Kiwanis International Convention held recently in Miami Beach, Florida. Dr. Rubinstein and Mr. Murphy are members of the Hicksville Kiwanis Club.

A recent graduate of Hicksville H.S. was John McNierney, Jr. This fall John, Jr. will attend SUNY at Farmingdale as a business student and will major in marketing. We heard that John, Jr. asked his parents, Loretta and John, Sr., to postpone the graduation party they had planned for him until July - seems John, Jr. didn't want to miss out on any of his classmates' graduation parties to which he had been invited.

On June 30, Brian Kremier of Hicksville left for an eight-week stint as a water ski instructor at a boys camp located in Lake George, NY. Brian recently completed two years in the U.S. Army. During most of that time he was stationed in Germany.

Brian is also taking physical education courses under the G.I. Bill and hopes to pursue a career in this field in the future. He is planning on using his current employment as water ski instructor as job-related experience. Good luck, Brian.

The Fourth of July engendered many celebrations throughout towns, counties, states and the nation. But one of the happiest was held by Sam and Kitty Weiss of Hicksville who celebrated their 49th wedding anniversary on that date. Sam is the chairman of the Hicksville Water Commissioners. Much happiness and best wishes to this charming couple.

George M. Cohan wasn't the only "Yankee Doodle Dandy." Hicksville's own Frank Kremier shares his Fourth of July birthday with our great Nation. We hate to be a "wet blanket," but most of the celebrations in this area were awash from the heavy deluge of rain which inundated the region on this great holiday. Nevertheless, Frank's sunny disposition prevailed and dissipated any dampened spirits on his birthday.

Lauren Wesnfske graduated from Southern Connecticut College on July 5. Lauren received a degree in physical education and hopes to obtain employment in this field. Hicksvillites, Bernard and Sis Wesnfske, are proud of their daughter's achievement. Congratulations, Lauren.

A birthday celebration was held for Helen Fischer on July 1 by her loving family. The Fischers are long-time Hicksville residents. Lots of love and best

wishes, Helen, from your family and friends.

Hicksvillite Stephen Kluck, who graduated from C.W. Post College with a B.A. degree which enables him to teach music, is currently touring our beautiful country in an innovative and expense paid manner. Steve obtained a job as an over-the-road driver for Empire Storage Company in Hicksville and as such has visited such states as

FL, GA, TN, KS, MO, IL, etc. His parents, Bob and Joe Kluck, said Steve eventually hopes to pursue his career as a music teacher; but in the meantime, he's thoroughly enjoying his present sight-seeing occupation.

Robert Stengl, Jr. was 14 years old on June 29. Bob is a student at Hicksville Jr. H.S. and resides in Hicksville with his parents, Cathy and, and his sister, Janet. Have a happy, Bob.

Dubbed a "trash to treasure" sale Hicksville rotarians and their families donated new and used articles and two days of their time for the event. In addition Rotary Ann's held a cake sale made possible by pies and cakes baked by wives of Rotarians.

Interim club president Ed Johnson indicated that the event was a success and that \$200.00 will be forwarded to the Beautification Committee of the Hicksville Chamber of Commerce on behalf of the Rotary members.

Local Lady Becomes Minister

Audrey Foley, who was raised and educated in Hicksville, was ordained on June 3 at Zion Lutheran Church in Staten Island.

Rev. Foley, who celebrated her sixtieth birthday on June 18, attended Lawrence University, then Hofstra and Adelphi. She taught for many years in the Hicksville High School, then went on to become head of the Remedial Reading Dept. in Walt Whitman School, South Huntington. She was to have retired in June, but took a leave of absence a year early after having attended the seminary in Garden City, nights, weekends and summers for two previous years.

Her father was known as "Doc" Brandt, and used to be the Water Commissioner in Hicksville. She has two sons, John and Michael, both married, and grandchildren.

She has accepted a call and has started serving at Bethany Lutheran Church in Springfield Gardens.

Rev. Foley "interned" at Redeemer Lutheran Church, New South Rd., Hicksville, supplying and assisting whenever she could. She was certified as a seminarian by the Metropolitan N.Y. Synod of the Lutheran Church of America. She attended Philadelphia Seminary.

A charter member of Redeemer Lutheran Church, she is the fourth person from the Church to enter the ministry. The first was Richard Krogman, who is now at St. Paul's in Clearwater. The next was Charles Lockwood, who has a church in Pennsylvania. Next was Henry Wuerz, who is at St. John's Lutheran Church in Gibraltar, Pa. and now, Audrey. Coincidentally, this year Redeemer Lutheran celebrates its 30th anniversary. That's quite a record.

Hicksville American Soccer Club

Joe Veto & John Harris

On the weekend of June 24 & 25 the team was invited to participate in the Cow Harbor 2nd Annual Tournament. Always looking for a challenge the team accepted the invitation.

In the Saturday morning game Hicksville faced Cow Harbor. The boys looked real sharp and did not waste any time, as they scored quickly and often in the first half. With the score 5-0 at the beginning of the second half the boys went into a planned passing drill, passing the ball side to side and up and down the field with the least amount of movement. The spectators on the side lines could not believe how well these young boys were drilled and how well they executed the passing game. In the afternoon game Hicksville face a strong Bowie, Maryland team and again the boys played very well and won 3-1. The third preliminary game was on Sunday morning.

Hicksville played the second Cow Harbor team and defeated them 8-0, putting Hicksville in first place in their group and qualifying for the semi finals against Northport who won the wild card slot by having the fourth best record of the 12 teams participating in the tournament.

The semi finals, again the boys went to work fast and in a matter of 5 minutes Hicksville was ahead of Northport by 2 goals and 4-0 at the half. Almost assured that the team would be playing the finals an hour after the semi final game, the boys were told to take it easy in the second half so that they would not be to tired for the next game. The game wound up 6-1 Hicksville.

In the finals Hicksville played Cold Spring Harbor, this team finished second to Hicksville in the Long Island League. Before the game started the boys were a little nervous and a bit tired. They had been at the fields since early in the morning and they knew they had to play against a tough opponent.

Eventually the Hicksville offense got moving taking the pressure of

the defense and scored a goal, a few minutes later Hicksville scored again. The second goal seemed to give the boys all the confidence they needed as they played excellent for the remainder of the game, and brought home another tournament championship for the Hicksville Americans Soccer Club. Final score Hicksville 6 Cold Spring Harbor 1.

The scoring was lead by D. Missimo (8), A. Conigliaro (7), P. Thompson (4), D. Nathan (3), C. Heller (3), C. Beach (3), V. Antaki (1), B. Cerasi (1), D. Insana (1) and J. McCoy (1). Tommy Boccafolo played super at right half back. Joey Hanna also did a great job on the right wing and Sean Smith also played well in the net, allowing only 4 goals in 5 games and had several magnificent saves.

The team completed the L.I. League schedule with a 10-1 record and their second consecutive division championship and their second undefeated season. The team accumulated a very impressive 20-0-2 record for the Fall and Spring season.

Galileo Lodge News

By Joe Lorenzo

A few weeks ago, at a site called Kennedy Mall, members of the Galileo Lodge broke ground for the Bicentennial Memorial -- a project devised and carried to fulfillment by this organization. Latest reports emanating from the Lodge indicate that, aside from the marble and lettering which are on order, this construction is nearly completed. This memorial commemorates the glorious 200-year history of the United States and it is also a part of the Galileo Lodge's program of community action.

Tony Previte, First Assistant

Venerable of the Lodge and director of this program, stated that the presentation ceremonies should take place shortly. The time and date will probably be mentioned in our next installment. The chores, duties and work assignments associated with this project were handled by members of the Galileo Lodge as follows: Mario Tucci, the foreman; Skip Monteforte; Anthony Russo, the bricklayer; Joe Ianotti; Cleff Catanzaro; Steve Ingino; Sonny Posillico; Steve Didieder of the Hicksville Bicentennial Committee; Mario Bisturini; and, of course, Tony Previte, who supervised the whole operation. These members

gave their time and best efforts to insure the successful completion of this memorial. They are extended this organization's thanks.

The presentation ceremonies will add an atmosphere of good will and congeniality, and will also attract many notable personalities from the Hicksville community and the Town of Oyster Bay.

Incidentally, Nancy Gatto, daughter of Mr. and Mrs. Pat Gatto, recipient of the Galileo Lodge's award for her winning design of the Hicksville Bicentennial Memorial, had another honor bestowed upon her as the VFW presented her with a \$50 scholarship and plaque for her outstanding work in Commercial Art at the Hicksville High School. This presentation was made on June 15th.

The Picnic and Bocce Tournament will take place on Sun-

day, August 6th starting at 11:00 A.M. Beer, soda, hamburgers, hot dogs, corn, watermelon and ice cream will be served. This event will take place at the Lodge. Joe Lappano, Sam Cristiano and Armand Del Cioppo are the directors. Another item of considerable interest is the setting aside of Friday nights (excluding the fourth Friday of the month) for members and their guests. There will be music, card playing and drinks served at our bar at very reasonable prices.

On Sunday, July 16th, the Galileo Lodge will sponsor its second Golf Outing at the Heatherwood Country Club. Tee off time will be at 10 A.M. and all participants will meet at the Lodge (200 Levittown Pkway, Hicksville) at exactly 9 A.M. sharp. All members and friends are invited. If you are planning to attend this tournament, kindly contact Mario Misturini (581-

5088) or Skip Monteforte (938-7081) for further details.
