Something To Think About

Dear Sheila

The attached speech, or remarks, was given by Ms. Joan Peterson, on the occasion of our recent Opportunity High School Graduation. This young lady had been a dropout, had had family problems, became a divorcee, and then decided to go back and finish up her high school education. She had her tiny little daughter, with her at the commencement ceremonies, and I thought her speech somewhat epitomized what the Evening Opportunity High School is all about. Somehow I thought it just might make some of the people of Hicksville feel good about the opportunities they had been making available for these "second chance" people.

Cordially yours,
Frederick W. Hill
Superintendent

Dr. Hill, Mrs. Giannelli, Members of the faculty, parents, friends and fellow graduates:

In September of 1977, we all had a common goal. Those of us who are here tonight are proud to say that we have succeeded in obtaining that goal - OUR DIPLOMAS. Even though at many times it was not easy to do, because of the many obstacles in our lives. We didn't quit. It would have been easy for us to give up. But we didn't, we went on to obtain something that was very important to us in our lives.

Many people, I am sure, think that people drop out of school because they are stupid or lazy. But, we know that for many of us there were different reasons for leaving, obstacles that couldn't

have been helped. As we are proving tonight, we are not either stupid or lazy. We came back after time had passed, when we could accomplish our goal of graduating. Some people might not think that this is such an accomplishment. But we know what it took for us. It wasn't easy. Working, having families, sometimes holding down to daytime jobs - it all took so much of our time, and strength. For some of us there were many trying times. We could have given up again so easily, but we went on.

I am proud to say that I am a better person for it all. I found it very rewarding. I have not only accomplished getting my diploma, I also learned so many unwritten lessons. Some of my fellow graduates have overcome so many difficulties, more difficult than my own, for this they should be duly congratulated and proud. I have made a lot of new friends. I met people who really cared about who we were and what we wanted out of life. The teachers and the administration who have given of their time all year long, haven't been paid much for what they've given out, because what they've given of themselves has no price. They realized that people deserve a second chance in life. Because of their caring attitude, we are here tonight. For that we thank them. I would also like to say that I have learned more in their classes than I expected. More than just words or numbers in a book. I have learned about people and how they can be good and how they can succeed. That seems very important to me.

Fellow graduates, never turn

your back on the people you feel might be losers. Remember, once people thought that of you - just because you quit. You proved, with the help others, that you weren't a quitter or a loser. You should try and help them succeed as everyone here has helped you. Never forget these past months, or the people you have met. For they have left a mark on your life - a very important one. Whenever you feel that you can not go on - think of how you did once and succeeded. They say that you can do and you can be anything you want to, if you want it bad enough and are willing to work for it. I truly believe that. For we wanted this - our diplomas, and we worked hard for them, so now we have them. Always remember that you are what you think - if you think that you are a success then you will be a success. If you think that you are a failure, then you will be a failure. I doubt that any of us will fail again. For we have come too far. May you all succeed in fulfilling all of your goals as you have this one.

Before I end my speech there are a few people who I would like to thank, for all their love, support, and caring, for without them I wouldn't have been here tonight - first of all I want to thank my parents who have gone far beyond the boundaries of parenthood. I would also like to thank Dottie Herrel and Wendy Dipres for their unending friendship, and my main strength and support through all of this, my daughter, Tricia.

Congratulations, my friends. I thank and love you all. Goodnight.

Completes Basic

Navy Fireman Apprentice John B. McKenna Jr., son of Lucy and John B. McKenna Sr. of Cedar St. in HICKSVILLE, has completed the Basic Electrician's Mate Course.

During the self-paced course at the Service School Command, Naval Training Center, Great Lakes, Ill., the students received instruction on electrical theory and studied the operating principles of the batteries, generators, motors, and transformers used aboard ships and at shore installations.

A 1976 graduate of Hicksville High School, he joined the Navy in December 1977.

or when you hear the "Star Spangled Banner" being played. This time it meant more to me, for my daughter was competing for the first time. I hoped and prayed she wouldn't become sick or, much worse, faint.

I had seen the girls many times during practice, but it was just bits and pieces of what we would see that evening. For all the faults and the problems they had at the beginning of their season, as they stepped forward into the spotlight, they were "The Champions". These girls, Hicksville's St. Ignatius Cadet Corps, an all-girls working and performing together, instead of "Hanging Out", or around, or what ever they call doing nothing today.

Its stimulating to see these girls learning to do more than read soup labels or deciding what rinse, to put in the fabric softener. Although these are necessary it is

a very limited pastime. Performing in the Cadet Corps helps to strengthen mental and physical characteristics. The Discipline the girls learn with the Corps helps them to combine the two so they will better adjust to the rigors of adulthood.

St. Ignatius All Girl Cadet Corp will host a summers evening of entertainment at the Hicksville High School field on July 22, 1978, at 7:30 P.M. Their 14th Annual "Pageantry In Brass" includes the competition of six visiting Corps. With an exhibition performance by our own all-girl Corps. Come and see why they are "The Champions". Let us now show our appreciation and give them our support. This will be an experience you will never forget, or regret.

Tickets at the gate-Adults, \$3.00-Children under 12yrs., \$2.00 Food and refreshments are also being offered for your pleasure.

AROUND OUR TOWNS

HARRIET A. MAHER

Anita and Tony Franzese's daughter, Marie, graduated from Hicksville H.S. last month. This fall Marie will attend Nassau Community College where she will major in secretarial science. Marie's parents gave her a graduation party and 65 guests attended. Anita said she had prepared enough food to feed all of Hicksville. There were two other graduation parties on their block that day, and the various guests comingled from party to party. A marvelous time was had by all the participants.

Newlyweds in town are Karen (nee Dileo) and Kevin Burgoyne who were married on May 28. They had a large, beautiful wedding and honeymooned at Mt. Airy, PA. Karen and Kevin are graduates of Hicksville H.S. and have an apartment in Hicksville now. Karen is employed by Newsday in the bookkeeping department; and Kevin works for John Hassall, Inc. in Westbury. Congratulations to you both.

On July 10, Loretta McNierney was feted with a birthday party

by her family. Loretta is one of the hard-working employees at the Hicksville Library. She is a long-time resident of Hicksville with her husband, John, and their children. Much love and happiness from your family, Loretta.

A recent visitor to the Hamlet of Hicksville was Vic Ingram from Exeter, New Hampshire. Vic visited his aunt and uncle, the William Maher family of Mayfair Lane, Hicksville. Accompanying Vic, was another resident of Exeter, N.H., Karen Bristol. While visiting the Mahers, Karen and Vic saw old friends, were entertained by other members of the clan and toured local sites of interest. Vic was a resident of Hicksville and attended Hicksville Jr. H.S. before he moved to New Hampshire. Vic is currently attending the New Hampshire Technological College where he is studying to become a draftsman. He has just been employed by a firm in New Hampshire as a junior draftsman. Good luck, Vic, in your chosen career.

A local octogenarian, Ida Mae Herfurth, is very busy this summer. Ida Mae is a member of the Organic Gardeners of Long Island which usually meet every Thursday, but in July and August they tour and inspect each other's gardens. The high point of the year occurs when Ida Mae invites

the group to her summer home in Blue Point for a strawberry festival. This year's festival was a huge success; and no wonder, with Ida Mae as the "hostess with the mostest."

Sylvia and Sam Zinn, Plainview, hosted their friends, Beverly and Bernie Falb, of FL. The Falbs were honored at a barbecue party held by Marilyn and Stu Mast of Massapequa, and many of their friends attended. The Zinns, Falbs, and Masts belong to a group called the "Runabouts," which is a group of close friends who plan trips and tours together. The Falbs visited Long Island to attend a wedding and to see their children and grandchildren.

The Bingo king and queen of the Poconos are Hicksvillites, 11-year old Christopher Hoe and his younger sister, Stephanie. We heard from their parents, Bob and Maria Hoe, that the kids won \$50 and \$20, respectively, at the resort the family were vacationing at in PA last week. The Hoes had a marvelously busy vacation with fun-filled activities. In fact, that's where the kids became aficionados of Bingo—it was one of the activities planned by the resort.

On July 15, Lisa Franzese was 12 years old. Lisa was honored with a birthday party by her parents, Anita and Tony Fran-

zese of Hicksville. A number of friends of Lisa attended and everyone enjoyed themselves immensely. Lisa will be a seventh grade student at St. Ignatius Loyola School this fall.

Another Hicksvillite who had a birthday in July is Robert McNierney. Bob was 20 years old on July 20. He's a student at Nassau Community College and is also employed by Sound Distributors. Love to you from your family and friends, Bob.

Happy Birthday to Pamela Smith, Lawnview Ave., HICKSVILLE, who celebrated on July 7.

Mr. and Mrs. Joseph Sill of Bank Lane, HICKSVILLE, are proud to announce the birth of their 1st grandson, Joseph Henry Sill IV, born July 14. His parents are Joseph and Evelyn Sill, and they reside in Florida. Congratulations and best wishes.

Birthday greetings go to Daniel Kerwin, Marion St., HICKSVILLE. He celebrated on July 7.

Elina Maneic, daughter of Anne and John Maneic, of Bay Ave., HICKSVILLE, 11 months old, has made a commercial for Pamper's. So watch all TV channels and see if you can spot Elina. Her mom tells us that she wears a blue shirt and is pictured in a nurse. Elina has been modeling since she was 6 months old.

Happy Birthday to Renee Gannon, Apollo Lane, HICKSVILLE. She celebrated on July 9.

County Plans To Reduce Its Operations Slowly

Nassau County Executive Francis T. Purcell has notified county department heads that 1978 marks the beginning of a phased budgetary program designed to stabilize the county's property tax over the next three years.

"Nassau County is today as big as it will ever be under a Purcell administration," the county executive declared. "This year marks the beginning of a process designed to REDUCE the size and scope of county operations so that we may keep pace with inflationary increases in the cost of our operation without an adverse impact on property taxes.

"It is not something that can be accomplished overnight as they are attempting to do in California," he said. "We have no state surplus to bail us out so any radical cutback would cause chaos. The cost and size of local government can be brought into line only by dismantling it piece by piece, the same way it was built. This year we are beginning that job in Nassau County."

Open departmental budget hearings will be conducted Aug. 14 through 18.

Taxes To Increase This Year
Purcell cautioned taxpayers that a significant tax increase cannot be avoided this year.

"We have too much going against us," he said. "The previous administration did not seek continuation of a penny on the sales tax and at the same time reduced property taxes by 12 cents, leaving little room for revenue growth. This year we are facing increases in the cost of police services as well as high Social Security contributions and Medicaid costs. Other state and federal mandated programs add to the problem."

The county executive said that present forecasts from the county's Budget Office indicate that the 1979 general fund property tax increase could exceed \$1.50, just to maintain the status quo.

"Since this figure is unacceptable, cuts will have to be made, departments consolidated or eliminated, employees laid off," Purcell said. "But we will not take a meat ax approach and try to undo immediately what has occurred over a period of almost 80 years since the county was created."

Purcell has instituted a rigid, disciplined hiring, replacement and promotion policy that has already reduced the county work force by more than 100 people since the first of the year.

In preparation for the departmental budget hearings which

begin Aug. 14 at 9:30 a.m. in the County Attorney's Conference Room (Room 246) in the County Executive Building, Purcell has ordered the continued use of the zero based budgeting concept in order to properly assess program priorities for 1979.

The county executive told department heads he wants justification for all expenditures, including a comparison of costs, a report on demand for services, the extent of each department's present workload, as well as an organization chart documenting each department's services broken down by principal function.

"In these times of escalating costs," Purcell told his department heads in a memorandum, "it is imperative that you submit a budget that accomplishes essential mandates of your department or agency within existing or reduced cost limitations."

The public is invited to attend the open departmental budget hearings and to ask questions following each department's presentation.

American Irish Congress Open Meeting, July 24

Lynbrook...Following election of Officers of the Nassau County Chapter of the American Irish Congress held last week in Massapequa Park, John Sugrue, Chairman of the Nassau Chapter, announced that an open meeting will be held at the Irish-American Center, 297 Willis Avenue, Mineola, New York, at 8 P.M., on July 24.

Mr. Sugrue extends an invitation to the American Irish community to attend this initial

open meeting and express their concerns, which in turn will be studied by a steering committee for action.

Sugrue added, "the AIC is not going to be a social club, nor a charitable organization," but is to involve itself in issues of importance to the American Irish Community. There are a great number of issues to be discussed—we invite your attendance on Monday evening, July 24, at 8 P.M.

An important message for LILCO customers:

If you're thinking about adding insulation to your home or making some other energy-saving improvement, we may be able to help.

LILCO is making available to its customers a comprehensive program of home energy audits in compliance with the New York State Home Insulation and Energy Conservation Act.

The goal of the program is three-fold. First, it's designed to help you identify areas in your home where you may be wasting energy. Secondly, it prescribes energy-saving measures or steps that you can take to stop the waste. Finally, it makes available a special financing plan for the installation of such energy-saving improvements.

THE AUDITS
For a minimal charge, LILCO will conduct two types of energy audits for all customers who are homeowners or tenants of one-, two-, or three-family homes. The first is an On-Site Audit conducted by a LILCO Representative in your home. The second is a Mail Audit completed by LILCO based on information supplied by you.

WHAT THE AUDITS COVER
The two audits offered by LILCO

will include the following energy conservation measures:

1. Insulation. (Attic floors, uppermost ceilings, exterior walls, floors above unheated basements or crawl spaces, foundation walls in heated basements or crawl spaces.)
2. Storm protection—windows and doors.
3. Caulking and weather stripping.
4. Water heater insulation.
5. Thermostat setback devices.

The audits will show where energy-saving improvements can be made, the estimated cost of these improvements, the estimated savings on your energy bills, and the estimated time of pay-back.

FINANCING

To be eligible for financing under the Home Insulation and Energy Conservation Act, you might have an

audit performed. The energy-saving measures to be financed must pay back, through energy cost savings, the costs of materials and installation within a period of eight years. All work done must meet the criteria set by the Public Service Commission. These requirements apply both to contractors and do-it-yourselfers. Special arrangements have been made with participating banks to finance eligible energy conservation installation costs.

HOW YOU MAY PARTICIPATE:

LILCO will be inserting special energy audit applications in each customer's bill during the next six months. Look for this special enclosure in your bill to find out how you may participate in this important energy conservation program. You can also receive an application for an audit by writing now to: Audit Division, Energy Services Dept., LILCO, 250 Old Country Road, Mineola, New York 11501.

The free show is one of the summer series of "International Nights" sponsored by European American Bank with the cooperation of the Nassau County Department of Recreation and Parks.

Organized by Donald Burke, Committee Chairman of the Irish-American Society, and co-chaired by fellow-member Richard Burney, the program will be MC'd by Joseph P. Kennedy, Jim Miller, Vice President of European American

The 10 performers who make up the Innis Fada Pipe Band start the lively proceedings, with song and dance of the Auld Sod featured throughout the show. Highlights include traditional music by the New York All Star Ceili Band, songs by Noel and Mary Kingston, and the duo known as The Druids, as well as spirited performances by talented students from the Golden School of Irish Dancing. The program concludes with the Irish and American National Anthems.

The Lakeside Theatre is located near Parking Feild NO. 6. Since there is no formal seating in the area, folding-chairs and blankets will come in handy. For further details, call 292-4175 for verification of performance.

Dear Friends

IF YOU WANT TO GO FISHING LOCALLY... hop over to Eisenhower Park where the State Dept of Environmental Conservation recently stocked the lake with 800 pounds of bullheads. Now you can fish until 11 am, until the cruise boat starts its daily voyages. But for the late-day fisherpeople, only drop-line fishing will be permitted. This is a County park... for county residents.

CAREER COUNSELING: The Hicksville Public Library is resuming the professional career counseling program at this time. Mrs. Evelyn Sohne, a trained counselor will be at the library every Wednesday afternoon from 1 to 4:30 pm; Thursday evening 6 to 9 pm and Saturday from 10 to 3:30 pm.

This free library service, begun last year with a grant from the national government was so successful that the Library Board decided to continue offering this program to the community.

Call any time for an appointment and Mrs. Sohne will be in touch with you as soon as possible.

Rehearsals are now under way for the production of "Fiddler On The Roof" by the St. Ignatius Youth Center. Performances are scheduled for August 18, 19, 20, 25, 26, and 27. A benefit performance will be held on September 1. This promises to be a tremendous hit with all people of all ages.

During the summer, commencing at 9:30 am and ending at 11:30 am on Tues., Wed. and Thurs. of each week, Safety Town, the Nassau County Police Dept's miniature community designed to teach safe rules of the road to school-age youngsters, will be open, at Eisenhower Park. Youngsters between the ages of seven and nine who are Nassau County residents and accompanied by a parent will be accommodated. For further information call 794-4767.

High school students interested in travelling abroad can obtain free information on one foreign exchange program from the office of Cong. Norman Lent. The "Youth for Understanding Program" covers programs where high school students go abroad, either for a summer or for a full year, living with a host family in one of 25 foreign countries. Interested students who live in the 4th Congressional District and wish to take part in this Program can obtain a free general information booklet by phoning Cong. Lent's local office at 223-1616.

THAT'S ALL for this week. Stay well and remember the old saying, "Spending more than you have eventually creates deficit and bankruptcy whether on an individual or national level."

At The Town Board Meeting

by Gerry Kahn

The day-night hearing on the 5th item on the calendar at the Town Board meeting held on Tuesday, July 18, concluded at 11:45 p.m.

At the day hearing, William Cohn, attorney for the Petitioner, Edward Tesser, presented himself and stated briefly his petition.

Speaking in opposition were Phylis Singer and Bert Levy, from different civic groups in Massapequa.

At the night hearing, Mr. Ray Entin, President of the Clearview Civic Assoc. spoke in opposition and acted as moderator for 14 additional speakers who either voiced their opposition or represented groups in opposition.

Among those who addressed the Board were: Marjorie Wolf, Plainview; Rose Hobbins, North Massapequa Civic Assoc.; Jean Moller, Syosset, who represented local religious leaders; Carol Jeffrey Shapiro, Syosset; Frank Guthart, Syosset; Michael Polansky, Plainview; Susan Gang, Syosset; Carol Eisenstein, Greater Plainview Civic Assoc.; Bobby Ozer, Gates-Ridge Civic Assoc.; Sy Gold, Baylis PTA; Jerry Luks, SYAC; Anthony Calejuri, Assemblyman Yevoli of Plainview and Ronald Grimaldi of Syosset.

The Town Clerk stated that there were 279 letters received that were in opposition and a total

of 3774 signatures on petitions that were opposed to the granting.

Basically the opposition was that his type of entertainment was not conducive to a healthy atmosphere in a neighborhood shopping center.

1. A hazard would be created in an area that has a heavy concentration of vehicular traffic by the addition of children on bicycles frequenting the parlour.

2. The addition of debris and pollution.

3. The filtration of unwelcomed elements to the shopping center.

4. Abusive language and incidents of begging, etc.

Attorney Cohn utilized Bert Nelson, a real estate appraiser and Edard Tesser, the owner as his witnesses.

The 12th item on the agenda directed the Town Clerk to advertise on the hearing of Clip Clap Stables, Inc. for a special use permit to erect in Bus. F district an indoor racquet ball club in Hicksville, adjacent to the T.O.B. municipal parking field (Table Lane to Barter Lane.) Hearing date Aug. 15.

Item 13 directed the Town Clerk to advertise for a Hearing of Industrial Realty Co for a special use permit to maintain a U.S. Postal Service vehicular maintenance facility at Hicksville (S. S. Ludy St. e o Broadway.) Hearing date Aug. 15.

A resolution directing the Town Clerk to advertise the Hearing of 58-30 Grand Ave. Corp for a special use permit to operate a business similar to Avis Rent-A-Car System, Inc. at Hicksville (S. S. Ludy St.) hearing date Aug. 15 made up item No.14.

The 15th item directed the Town Clerk to advertise the Hearing of Reese Motors Corp. Employee Profit Sharing Trust, for a change of zone from Bus. F to Bus. G for a special use permit for a muffler repair and public garage at Syosset (e. s. Greenfield Rd. s o corner of Jericho Tpke.)

John A. Kollner Pub. Inc. was the subject of item 17 on the agenda. It directed the Town Clerk to advertise the Hearing for a special use permit to maintain a bar at Syosset (n. s. Jericho Tpke. and e. s. Jackson Ave.)

The final item of the day was the passing of the petition of Gilbert Tiles for a special use permit to construct, maintain and use office building in Ind H Woodbury. The affirmative vote was qualified by refusing curb cuts on Woodbury Rd., submission of a complete subdivision plan containing sufficient internal 30 foot roadways.

The passage of this resolution with its qualifying aspects should weigh heavily on the future intentions of the developers of the Froelich Farms Industrial Park and the attitude of the surrounding community.

A Message From Supervisor Colby

In one sense, the adoption by California voters of Proposition 13 (and, I am sure by this time, I don't have to explain what that is all about) was the proverbial bolt out of the blue, shaking the foundations of state and local governments from coast to coast.

And yet, by the same token, the spiraling costs of government at all levels is not an overnight phenomenon; it is something that has concerned you as taxpayers and us as public administrators for a number of years. And those of us who serve in government see it from both sides since we are taxpayers, too, which doesn't make it any less frustrating.

In other words, Proposition 13 brought sharply into focus a deep-seated, festering sore: the inequitable, regressive real property tax. The hue and cry for

its excision spread across the country like a plague, which is clear evidence that a cure is needed now at all levels of government, and to which I heartily agree.

I feel that it is very important that all of us take the time now to examine fully and carefully just what this problem is all about. Let us identify, item by item and in lay terms, what makes up the property tax bill of the Oyster Bay Town homeowner: how many cents out of each dollar go to the county, the town, school district, water district, garbage collection, parking, drainage, fire district, etc.

Let's examine the impact of cutting back -- or even eliminating entirely -- some of these taxes and the services they support. Let us also seek alternative sources and means of revenue that are less onerous and

more closely related to ability to pay than the real property tax.

And then, political rhetoric aside and with an informed citizenry working together with all levels of government including the state, I firmly believe that we can achieve meaningful, major real property tax reform -- by which I mean at least a 50-percent reduction in property taxes. Anything less would be meaningless to the average homeowner and taxpayer, and nickel-and-dime reforms only add insult to injury.

I plan to pursue these matters further in future messages.

Editor's Note: We are looking forward to these future messages, as an "item-by-item, examination, in lay terms" will be helpful to all.

Letters To The Editor

To the Editor:

This is in reply to Miss Carrie L. Clark's letter which was published in your issue of July 14. In her letter she made many statements relative to my past letters, along with some observations of her own, each of which will be discussed herein.

1. Since Miss Clark is a high school senior, her letter in my opinion is the best example of "mediocre teaching" one can cite, especially if her English grades averaged higher than a "C". It is poorly written -- being incoherent in thought, disjointed in expression, inconclusive as to observations, and absurd as to intent. She attempted to answer my "rash presumptions", but her stated "facts" condemned the Hicksville teaching staff, condemned the Hicksville teacher's union, and condemned the Hicksville school board -- all of which I did in my previous letters. Thus I do not know which side of the educational fence she is on.

2. The foreign language program in the elementary grades is one of the most inef-

fective programs in the school system. Kids between the ages of 6 and 12 are just too young for foreign language schooling -- especially since they are just beginning to learn to speak, read, and write our national language (English) in a proper manner at that age. Miss Clark believes that one student winning five weeks in France is indicative of the program's worth. I do not -- anymore than I believe jails should be emptied because one parolee became a worthy member of the community. The cost in additional rapes, murders, and robberies is just too high for the few criminals who might reform.

3. Miss Clark blames "mediocre teaching" on senior staff members that argument does not hold water. Mediocre teaching runs rampant throughout the teaching staff. With the advent of teacher unions, teachers have become more interested in dollars than in teaching. It equates to the street sweeper who kept getting raises, year after year, until finally he threw down his broom saying,

"Hell, I'm making too much money to sweep streets -- I'll hire someone to do it". Only in the case of teachers, the TAXPAYERS pick up the tab for the remedial teaching programs -- and we have a lot of them.

4. Blaming the budget defeat on voters without children in the school system is merely Miss Clark's mouthing the innuendoes of some school board trustees who would have you believe that every parent with children attending public schools would vote for the budget regardless of its bloat, its waste, and its obscene effect on property taxes. Since the budget FAILED, they blame those voters without children in the system. What logic. What baloney. Furthermore "quality of education" is just an undefined "hype" phrase used by educators to justify overspending and overtaxing. Spending more money for education does not guarantee "quality education". It is the first fallacy of ignorance which is usually followed by the second fallacy of ignorance:

Protest Pinball Parlor

More than 300 concerned residents of Syosset, Plainview and Hicksville filled Town Hall to overflow capacity on Tuesday evening, July 18, to register their opposition to the "Pinball Parlor" proposed for the Plainview Shopping Center at the intersection of South Oyster Bay Road and Woodbury Road.

As part of the formal Town Board Hearing on the proposed Pinball Parlor, Clearview Civic Association Vice President Roy Entin presented the Board with petitions bearing 3,774 signatures opposing the Pinball plan. In addition, nearly 300 individual letters had been sent to the Town Board to register opposition to the plan.

The coalition of civic groups who oppose the Pinball application put forth a cogent and comprehensive presentation to the Board detailing the factual basis for their opposition to the Pinball application. Orchestrated by Entin, the presentation also featured testimony by Marge Wolfe, Frank Gultart, Susan Gang, Jeanne Muller and Mike Polansky, who directed themselves to the various safety, vandalism, etc., problems that

would be caused if the application were approved. Also speaking in opposition to the Pinball proposal at the Hearings were Carol Eisenstein of the Greater Plainview Community Association, Marge Stellabotte of the Northeast Civic Association of Hicksville, Ronald Grimaldi of the Civic Association of Bethpage, Rose Hobbins of the North Massapequa Civic Association, and Si Gold and Jerome Luks of the Syosset Youth Athletic Council.

A total of 18 Town of Oyster Bay Civic Associations have joined the coalition protesting the Pinball Parlor. The clergymen of seven local churches and two synagogues - representing every major religious denomination on Long Island - also have come out against the Pinball plan, as has the Syosset School Board and virtually every local PTA group in the area. Barbara Hanover of the H.B. Thompson PTA was also among the speakers at the Hearing.

Cantor Shapiro of the Midway Jewish Center was also one of the featured speakers in opposition to the Pinball plan at the Town Board Hearing.

Assemblyman Lewis J. Yevoli, who has been a staunch ally of the civic groups in their fight against the Pinball plan was participating in a special session of the Legislature in Albany Tuesday night, so was unable to attend the Town Board Hearing. However, he was represented at the Hearing by an aide, Anthony Colleluori, who read into the record a strong statement by Yevoli in opposition to the Pinball plan.

Aside from the promoters of the Pinball plan and their attorney, no speakers appeared before the Town Board who favored the Pinball plan.

Local civic leaders are confident that the Town Board will deny the application. "The community has made its views quite clear to the Town Board," noted Roy Entin. "But more than that, we have presented hard, solid FACTS as to why approval of the Pinball application would have a measurable negative impact on our community and on our youngsters. We are confident that the record established at Tuesday's Hearing clearly and convincingly mandates denial of the Pinball application."

PERFECT LOVE

Perfect love cannot be defined by imperfect men. Our world is full of statements of love. We have love songs, love performances, love manuals and love stories. Love is a very popular concept. Yet perfect love, the kind that can even cast out fear, is not earthbound. Instead, it is heaven found.

Perfect love is a love that gives of itself to another person then forgets the favor rendered. It is a love that finds something to love in the seemingly unlovable. It is one that states, "I love you because you need me, and I need

Operation VFW

By Lou Palladino

Our new officers finally took over at the last meeting, and it ran very smoothly. Augie Barone is now officially our new Commander.

Not too many committee reports because they are all starting out. However Vinnie Edwards did make a report on the County Installation dance for our own Ed Chwalisz, who is the new County Commander. Ed was very happy, because it turned out so well. It was a grand affair, and everybody raved at the job we of the Hicksville Post did.

Joe Normandy made a report on the State Convention. He told us of all the goings on Joe always keeps us well informed. Gov. Carey was the main speaker and

he was asked about a Bonus for the Korean and Vietnam Vets. His answer was a refusal, but, with a little double talk as only a politician can master.

We mentioned the Gold first place award the National V.F.W. gave our Post. This was the first time it has happened in N.Y.S. Quite a feather in our cap. Imagine our Post in the Harriet of Hicksville brought this about. We received two Trophys in Nassau County and even in the State.

Next year, the State Commander, and State President will be coming from Nassau County, and both from the Oceanside Post. I think it will be the first time this has happened in our

State. Bill Ward and Mildred Peterson are the two who will be so honored.

Frank Lotfi gave a report on the affairs to be held this year. The first on the agenda will be our Past Commanders roasting, which has been successful in the past and hope it will continue to be so. The date will be Sept. 9th. The cost \$15.00 per person. This includes everything food refreshments and music. It's a good deal for a Sat. night.

The following week on a Sunday afternoon, we have an affair honoring Congressman Norman Lent. The date is Sept. 17th from 4 to 8 P.M. that will be at the same price, with the same set up.

The third and last party being planned is an Oktoberfest, to be held on Sat. Oct. 11th, no price has yet been set. This will be a first in our Post.

We are endorsing Joe Normandy for County Chaplin the present County Chaplin had to resign due to illness. We are hoping to accumulate enough votes to get him elected. Lets go for Joe.

Joe Gilligan gave a report on the Employment Agency, with some interesting stories that happen, then his parental pride came out, and mentioned that his daughter came third in a National Stenography contest.

Bad news, Fred Sutter passed away. Our condolences to his family. Al Krige is back in the hospital. Come on Al shape up. Mike Znacks Mom and Ronnie Moraldo's mother-in-law both in the hospital. Everyone-get well soon.

Lucky winner Augie Barone, what again.

Next meeting will be July 24th. Come on down.

ITS VERY HARD TO SELL A USED CAR TO WALTERS-DONALDSON THAT'S WHY IT'S THE BEST PLACE TO BUY ONE WE GUARANTEE IT!

- Before we accept a car as eligible for our used car lot, we give it a real going over.
- We don't put just anything out there. A car has to be something special.
- First we test drive it. And it's a tough test. We know just how that particular car should drive. And if it doesn't, we don't put it on our lot. If it does, that's just the beginning. Next our factory-trained mechanics give it a thorough check. If it's un-flexible to our standards, we just don't accept the car at all.
- We figure, that if we're a little bit of a pain when it comes to having a used car live up to our standards, our customers have to benefit.
- We believe in our used cars. We want you to also.
- Hey — come on in and test drive one of our cars. Let us prove to you why a Walters-Donaldson used car is the best used car you can buy.
- We're different, we're unique, we care, we've got what we think are the best damn used cars you'll find anywhere.
- Besides, (we're human too), if for any reason the car you bought doesn't suit you, maybe there's a rattly you didn't hear when you bought it -- whatever, we'll give you your money back. There's nothing more honest than that.

Jesus Christ is perfect love. When Jesus Christ is the master of our lives, then perfect love dwells within us. Perfect love is a force within that enables us to be sensitive to the needs of others and to desire to fill them. It is a motivating power that enables us to give strength and peace. It is "you" love rather than "me" love.

With a child it says, "I love you and as you grow older I will constantly be loosening the apron string so that you can develop into your own person."

With parents it says, "I love you and will try to act in a way to make you proud of me."

With a spouse it says, "I love you and I want you to be happy and to achieve the fullest stature of your being."

Love is not primarily a result, but a cause. It causes people to grow into happiness. It is not primarily a product, but it produces. It produces fulfilled and whole people.

Perfect love is Christ flowing through us. The secret to perfect love is to have a personal relationship with Christ, to have Jesus Christ, the friend of sinners, as our friend. Receive this blessing today for your sake and for the sake of those around you.

LETTERS

(Continued from Page 4)
"quality education" increases property values.

5. I stand by my statements that the teacher-biased school board bludgeoned children, blackjacked parents, punished senior citizens, and showed contempt for the community by performing a "Devil's Exorcism" on the defeated budget to arrive at an austerity budget.

6. Yes, the teachers are overpaid, underworked, and overprivileged. Where else can a person be paid an average \$22,000 plus 29 percent in fringe benefits for a six hour day, 184 work days per year, with the prerogative of absenting themselves at taxpayer expense for 18 of the 184 days for sickness (real or imagined) and other reasons?

7. Miss Clark better believe the teacher's union is trying to manipulate the board when they sponsor a teacher as a board member and finance the campaigns of those who are teachers in other districts or who have teachers in their immediate family. If she does not believe that is an attempt at manipulation -- an attempt to direct control the board -- she is indeed naive.

8. Finally, when teachers are "as Miss Clark says" "trying to get what they can for themselves" are they dedicated to enhancing education? OR, are they telling us that they are NOT NOW PRODUCING THEIR BEST and WILL NOT PRODUCE THEIR BEST UNLESS THEY ARE PAID HIGHER SALARIES AND AWARDED GREATER FRINGE BENEFITS? You be the judge.

Fiscal sanity will not return to the school board until the board PUTS CHILDREN AHEAD OF TEACHER AND ADMINISTRATIVE FATCATS in the list of priorities. IT WILL TAKE SEVERAL BUDGET DEFEATS. So voters must keep on defeating each budget presented until "no-growth" or a budget reduction is made which will reduce the tax burden on homeowners.

Sincerely,
Frank H. Willard

Editors Note: We disagree with Mr. Willard's opinion of Carrie Clark. We think that she is a fine example of some of our young people who are attempting to address themselves to community problems. As to their difference of opinion...isn't that part of coming to an understanding on any subject? If we all keep thinking these problems through, we will eventually come to a meeting ground where rational action can be taken.

Galileo Lodge News

By Joe Lorenzo

As winter and fall approach, the Galileo Lodge will embark on an entertainment program designed to dispel the gloom brought on by these sometimes-unpopular months. Planned are Halloween Dance, Christmas Dance and parties, Columbus Day Parade and the festivities associated with it, and a gala New Years Party that last until the wee hours of the morning. Naturally this means that there are good times, good eating and good music in the offing; so why not contact the Galileo Lodge (931-5351) for further information concerning these events.

On August 24th, at the Lodge quarters, members of the March Of Dimes organization will honor our meeting with their presence and at which time they will be presented with a \$250 check from our organization. This is one of the Lodge's pet programs, and they never shirk from their

responsibilities to this worthy cause.

The Bicentennial Committee of the Galileo Lodge reports that the marble that will adorn this structure has been purchased, leaving only the fancy lettering that is also on order, to be done. The Lodge once again extends its warmest thanks and appreciation to those previously mentioned members who have donated so much of their time and effort to insure the successful completion of this monument.

The last golf outing, held on July 16th at the Heatherwood Country Club in Centereach, L.I., was another rousing success. Twenty golfers attended, and enjoyed the fun and activities associated with this event. Trophies were presented to the following golfers: Pete Ragone won first place and was the one closest to the pin; Carmine

LaBarca won the long drive contest; Pete Ragone won first place gross; Tony Ianotti won second place gross; Andy Lagness won first low net; Angelo LaManna was hailed as the most improved golfer; Rocky Lombardi won second low net. There were quite a few amusing moments, which certainly added to the enjoyment. Angelo LaManna received as a gift one dozen golf balls, and this was because he had lost two dozens Skip Monteforte had his golf shoes crushed by Tony Monteforte's car, which certainly must have crushed Skip's feelings. Joe Esposito was chosen as the 'world's worst golfer', Joe Morace had the most conspicuous hole in one - his golf ball landed in a large garbage pail, and promptly he was given the garbage pail as a trophy. With all these antics taking place, it is no small wonder that all who at-

tended really derived so much pleasure. In fact, Skip Monteforte said that three golfers joined the Galileo Lodge as new members. Added notes: Dom Russo donated 3 dozen golf balls and Mario Misturini, during the first outing, donated all the trophies. The next outing will be held on August the 6th, at the Heatherwood Club. All members and friends are invited. Contact Skip Monteforte at (938-7081) or Mario Misturini at (681-5088).

Very shortly the area around 200 Levittown Parkway will be cloaked in a mantle of rainbow-colored lights, inspiring music and Italian specialties of another era. I am referring to the Galileo Lodge's Italian Feast, to be held on July 26th to the 30th. For a change in atmosphere and for a small journey into the past, why not attend this Feast and brighten up your summer pleasures. Come on over.

The Lodge urges all members to send their entries for the Beauty Queen Dance as soon as possible. The closing date will be early August. So please hurry and aid in getting a winner for the Galileo Lodge. The Beauty Queen Dance is scheduled for August 26th.
