HHS County Soccer Champs!

An exciting Fall Season in high school athletics, coming as it does at the beginning of a school year, always is a positive factor in building school spirit. This year, Hicksville High School has had an outstanding Fall season. No team in recent history has contributed better than Hicksville's Soccer Team. Still undefeated at 19-0, still playing and striving for the State Championship, the soccer team recently defeated Plainview Kennedy to become, for the second year in a row, Nassau Champs.

The team is coached by Brad Jaworski; his records speak volumes for him. How many coaches ever achieve a county championship? How many do it in successive years? Outstanding on this championship team have been John Shannon, probably the finest soccer player in Nassau County. Also electrifying the spectators at each game are such exciting players as Tom and Tony Luongo, Norm and John Stafford, Jim and Pete Jiannette (this team is a brother act!) and Joe Mullings, Steve Solaski, Mike

Humphries and Alex Sakik. This year Hicksville's team set a new state record: 97 goals scored (thus far) against 7 goals allowed. That last figure says all that needs saying about Bill Dalton, the goalie for the team. In 19 games, only 7 goals allowed! Wow!! If that's not the best in the State, the goalie who is, must have 3 feet and 4 arms. Thanks to the soccer team for so much excitement, enthusiasm and motivation. Keep going! The entire student body and community wish each and everyone of you Good Luck!

Teacher Salary Overpayments Cited

Thomas Nagle, President of the Hicksville Board of Education, announced today that an arbitrator has ordered the return to the District of teacher salary overpayments. Though the precise amount is yet to be determined, the District's calculations bring it to in excess of \$300,000.

The case started over a year ago when the teachers' union sued the District for over half a million dollars in salaries for the last two school years, but the arbitrator ruled that the teachers were not owed the money. He ruled instead that the teachers had actually been overpaid.

The excess payments came to light during the taking of testimony in the case which revealed that an assistant superintendent of the District, who had been assigned to work with the

President of the teachers' union in connection with the teacher raise for the 1976-77 school year, mistakenly recommended a large raise than the teachers were entitled to. The then Superintendent of Schools, Dr. Fred Hill, relying on the information received from his assistant, in turn, recommended that amount to the Board of Education.

Mr. Nagle, who was present at each of the hearing dates of the arbitration, which began in February and did not close until June, said the District was particularly indebted to Richard Weigang, Business Manager, for the extensive auditing work he did in preparation for the case, and to Robert Pirrung, ex School Board President, who came out of "retirement" to offer vital testimony.

School Bd. Continues Policy Update

by Linda Strongin

The Hicksville Board of Education discussed at length the revised policy on Public Use of School Facilities (Code 017.2) under School Community Relations Policy (Code 017) at its brief meeting last week.

The meeting was moved to the senior high school cafeteria to accommodate the over 200 people in attendance, the majority being members of the district's teaching staff.

The entire Board policy update is being prepared by Secretary Bill Bennett. No major changes have been made since 1962. A section of the revised policy will be discussed by Board members at each meeting and then recommended for adoption at a following meeting.

The revised policy on Public Use of School Facilities includes recommendations made by the Advisory Committee on Priority Use of Buildings. The Committee's recommendations include, among others, that, in the event two organizations request the same facilities at the same time, both "parties concerned will meet with the Director of Buildings and Grounds to work out a satisfactory solution between themselves." If the parties cannot agree a "Blue Ribbon"

panel consisting of one school board member, one advisory committee member and the Director of Buildings and Grounds would be formed to decide the issue.

Also, new organizations which "constitute a duplication of services already provided" would not be considered for use of facilities.

And, groups using school facilities must have 51% of their membership from within district boundaries. However, a waiver of this provision can be made by the Board.

Trustee Iris Wolfson posed several questions on the matter, including among others, how the Director of Buildings and Grounds would determine if the membership requirements were being met by an organization before granting a permit. Mr. Bennett replied that this provision "was already part of the policy. The Director would review the application to see that it met this requirement."

Mr. Bennett also explained, in answer to Mrs. Wolfson's inquiry, as to "who is the Advisory Committee?" that this committee consists of those on the Priority Use of Buildings and Grounds Committee, created by the Board last year. Committee

members represented all groups who use and/or have used school facilities. The Committee was chaired by Board members Bill Bennett and John Ayres.

Copies of the revised policy on public use of school facilities are available for public viewing at all elementary schools. At the next Board meeting, a recommendation can be made for further discussion or adoption.

Also in the area of Buildings and Grounds, the Board approved a request of the Hicksville Community Orchestra and Chorus for use of the High School Boys' Gym and Cafeteria on Dec. 17 from 1 to 6 p.m. at an approximate cost of \$120. A request of the Hicksville American Soccer Club for the use of two locations on Saturdays for 18 weeks on the Sr. High for a tournament, at an approximate cost of \$2,160 was also approved. This cost reflects only custodial overtime. Both requests were granted with a waiver of fees.

At this time, Mrs. Wolfson objected to the applications (copies) not being included in the Board's agenda as back-up sheets.

President Tom Nagle replied that the Board involves itself with

Memorial Fountain Fund Grows

The Memorial Fountain Committee of Hicksville Kiwanis reports it is entering the most important time in the promotion to raise the necessary funds. Initial contributions ranging from five dollars to benefactor gifts of one thousand dollars and more, have been received in sufficient number to encourage optimism for a successful fund raising. If contributions continue at the present rate, it is expected sufficient funds will be assured by the end of the year to enable erection of the Fountain in early spring, 1979.

The Committee urges all those interested in being a part of this substantial beautification effort for the business area to make their contributions at the earliest possible date. Every contribution, large or small, will be most gratefully accepted. The Committee however is most hopeful that a large number of Hicksville's residents will want to memorialize loved ones, family, friends, or neighbors, with a "participant" gift (amounts up to nine dollars).

Early in December a listing of those contributing to date will

appear in the local newspapers. Those who wish to be included in this first listing should plan to turn in their contribution before December 1st.

Any questions concerning the Fountain may be addressed to

any of the Committee members; Francis J. Anderson, Henry C. Brengel, Frank Chumsky, Charles Montana, Marion Reinhardt, Dr. Philip Rubenstein, Ronald J. Wagner, Vernon C. Wagner, or Kingsley Kelly.

DID'YA KNOW THAT: in the recent election our Congressman Norman F. Lent garnered 66 per cent of the total vote in the 4th Congressional District - he has served our constituency with

concern these past 8 years...The Republican-Conservative led the ticket and received over 9900 votes in Hicksville alone... It is rumored that the Governor-elect is planning a special session of the Legislature to pass along some increases to various state commissioners and alike...well, for those of you who voted for him, "You asked for it." From reports this is only the beginning. Charles (Charlie) White of Hicksville attended the 31st reunion of the USS Yorktown of "Patriots Point", Charleston, South Carolina recently with a host of friends - Charles, who is an active member of the Joseph Barry Council, Knights of Columbus, served as a 1st class aviation machinist mate during World War II aboard the Yorktown...the Reverend Bernard J. 800 Employment Opportunities Available In Nassau County

In an address to the Nassau County Board of Supervisors, Lieutenant Colonel Alan B. Phillips, Commander of the Long Island District Recruiting Command, told the Board, "The United States Army is prepared to offer 800 people from Nassau County the opportunity for employment and, possibly, a career, in 1979."

"Additionally," he added, "an applicant who successfully passes the initial requirements for enlistment, can choose from over 200 career fields and, upon entering the Service, hold a binding contract, assuring the applicant that he will receive training in his chosen field."

"During the past 10 years," said Lieutenant Colonel Phillips, "there has been a 51 percent reduction in Army strength."

"However, today," he added, "we have a better disciplined, smaller and better motivated force. Compared to 10 years ago, there are 50 percent fewer court

martial, 68 percent fewer separations, and 70 percent fewer AWOL's (Absent Without Leave)."

"Also," said Lieutenant Colonel Phillips, "there are more, and a greater variety of, opportunities for women in Today's Army. In 1972, there were openings for 20,000 females. In 1978 and 1979, we have 65,000 positions for women in virtually all the career fields open to men."

"We welcome inquiry," said Lieutenant Colonel Phillips, "from anyone in Nassau County who is interested in finding a rewarding career. There are thirty Army recruiters in Nassau County who are anxious to answer questions relative to joining either the Active Army or the Army Reserves."

Lieutenant Colonel Phillips was born in Port Washington, Long Island, and is a graduate of the U.S. Military Academy at West Point.

HOFSTRA MEMORIAL LIBRARY LUNCHEON: a luncheon, hosted by Hofstra University President James M. Stuart, was held at Hofstra University in recognition of the outstanding contribution made by the Nassau County American Legion and American Legion Auxiliary to the Hofstra James N. MacLean A.L. Memorial Library.

In attendance were Provost Harold Yaker, Hofstra University, Wayne Bell, Assistant Dean of Library Services, Marge Regan, Coordinator of Special Collections, Ben Perryman, Library Committee Chairman, PCC Marianne Orlando, Member of Board of Directors, PCC Ernest Viegelmann, CC Ellen Hillberer Legonnaires and members of Posts and Auxiliaries receiving awards for their financial contributions.

To date, there are approximately 2,500 books, maps, prints and pamphlets housed in this library dedicated to the history of New York State. This intellectual resource may be drawn upon by universities, colleges, students, faculty members, researchers and anyone interested in the heritage of New York State.

Garden City AL Post 265 and Island Park AL Auxiliary 1029 ranked first in donations and Massapequa, Hicksville, Valley Stream, West Hempstead and Baldwin Posts received Certificates of Appreciation.

"Don't bother Clarence right now, Henrietta, he's figuring out his disposable income."

There may not be a good 5-cent cigar around anymore, but as a LILCO customer you might be surprised at how much a nickel's worth of electricity gives you. For 5 cents, you can watch 5 hours of color TV, or run your vacuum cleaner for an hour and fifteen minutes, or do 3 full loads of laundry in your washing machine. In fact, if you're an average Long Islander and compared the percentage of your disposable income you spend for electricity today versus 1955, you'd find only a slight increase. This, despite the fact that you're using twice the electricity you used in 1955.

Of course, comparisons with the past aren't much consolation when it comes to paying today's electric bills. This is why it makes such good sense to use electricity as wisely as you can. By you doing this, and our doing everything we can to hold down costs, we can continue to keep electricity a good buy.

Speaking of electric bills, we received the following from a Mrs. E.R. regarding her bill. "In response to my complaint of the enclosed bill, your Mr. Taricone was so courteous and his explanation so reasonable that we felt you would like to know. Mr. Taricone is a tremendous asset to the image of LILCO!"

Thank you, we'll be sure Mr. Taricone knows, too.

Dear Friends:

THIS WEEK, we really should rename this column "Sheila Dines Out..." as we're so enthused with the many opportunities for enjoyable dining out that is available right here in our own home town. For example:

FRANK'S ALIBI, located at 50 Old Country Road just west of Newbridge Road has served our community for so many years that many Hicksvillians feel that it is the TOB Annex, the School District Annex and the Fire Dept Annex all rolled into one. Perhaps they are right. We are pleased to report that a new, expanded menu has been added to Frank's always enjoyable Bill of Fare. As you can see in their advertisement which is on another page of this edition, full dinners are now available at reasonable prices. As well as their excellent cuisine, with a full dinner, one may also have a side dish of spaghetti with your choice of any of their six famous sauces. This is something you won't want to miss. By the way, Alibi will be closed on Thanksgiving Day.

AT THE STACK: in keeping with their usual fine entertainment, the Stack O'Barley Pub, located at 846 So. Broadway on Route 107 in Hicksville is offering great entertainers for the coming weekend. The Trade Winds will perform on Friday, Nov. 17; Frank Keegan's Celtic Connection will be on hand on Sat., Nov. 18; and Martin Flynn's Band will be present on Sun., Nov. 19. The Stack will be presenting a Thanksgiving Eve Celebration on Wed., Nov. 22, featuring a free buffet and entertainment provided by Noel Kingston and Paddy Farrell.

THE KNIGHT CLUB located at 594 So. Broadway in Hicksville caters to parties both sit-down or buffet dinners and they suggest that you reserve now for your holiday party. They are well known for their well served meals and cocktails which, by the way, during their winter cocktail season (extending from 4 pm to 7 pm Mondays through Fridays) cost only \$1.00 each.

ANTUNS OLD COUNTRY MANOR located at 244 Old Country Road in Hicksville is well known for their complete catering facilities. Their cuisine is excellent and their prices well worth looking into. You'll be pleased. They are not open as a restaurant.

THE MAINE MAID INN located at Route 106 and Jericho Tpke., in Jericho is also known for its Old Maine Recipes and fine Continental Cuisine. They offer "Have a Heart" nights Mondays through Thursdays. After you have paid for your most expensive entree, you can choose to donate the cost of the second entree to the American Heart Association. For this special donation to charity, checks only, no credit cards. Sounds like a wonderful idea. They also have accommodations for weddings at most reasonable prices. The atmosphere is delightful.

So much for dining out, which we really do enjoy. Next we extend best wishes to Roz and Gene Stahler on the occasion of their 32nd Anniversary at their most attractive STARLIGHT SHOP located at 95 Broadway in Hicksville. From now through Sat., Nov. 18th this lovely shop offers a really great selection of women's clothing. A Happy Anniversary, Starlight Shop.

ON WEDNESDAY it was our pleasure to be the guest speaker at the Kiwanis Club of Hicksville's weekly luncheon held at Millieridge Inn. Sieg Widder their program chairman was unable to be present as he is recuperating from a knee operation. (Get well soon, Sieg), but Kiwanian Brad Ilsley did the honors as a fill-in program chairman with good grace. We really enjoyed visiting with so many well-known Hicksvillians, including "Uncle" Frank Chlumsky who is still setting us such a fine example of community involvement although he has passed the ninety mark. Frank tells us that the Salvation Army and the Kiwanis Club of Hicksville have completed a Thanksgiving project involving 32 baskets and turkeys this year. Isn't that great? God bless.

Then we heard Kingsley Kelley's most recent report on the progress of the Hicksville Memorial Fountain Fund. It is progressing. If you haven't sent in your donation yet, why not do it today? The amount you send in is not as important as the fact that you will be a part of this fine community project.

THAT'S ALL for this week. Stay well, and have a Happy Thanksgiving. SHEILA NOETH

recent election for Governor of New York State the media basically paid little heed to Mary Jane Tobin, candidate of the Right To Life Party-somehow like the coverage they provided during recent "Marches For Life" to Washington, D.C. Well, this time around this valiant group not only won the right to appear on next year's ballot as a bona fide political party, but they have apparently topped the Liberal Party for Line 4. A post-election canvass and a recent Page 1 story (first time) in the New York Times they not only gained their 50,000 goal, but have polled more than 162,000 votes state-wide.

Letters To The Editor

Dear Editor:

I want to express my appreciation to those citizens who participated in the November 7th election. The skeptics who stated that people didn't care, were repudiated by the 80% of the eligible voters who participated from the 12th Assembly District.

For those of you who cast your vote for me, I deeply appreciate your confidence and promise to do all in my power to justify your support. My long campaign was a marvelous experience and it gave me an opportunity to learn from each of you. My opponents, Mr. Reilly and Mr. Jaret, were responsible candidates who campaigned on the issues with dignity.

I seek to represent all the residents of the 12th Assembly District so that we may work together, regardless of political party or philosophy, to improve the quality of our lives especially with respect to taxes and property taxes, enhancing the economy of the State, forcing government accountability and economy and bettering the education we provide to our young people.

No problem or concern will be too small for my aid, so please feel free to call me at any time at 785-3700. May the holidays bring you health and prosperity.

Very truly yours,
FREDERICK E. PAROLA

The Hicksville Chamber of Commerce has scheduled a combined Board of Directors and General Membership meeting, for Tuesday, Nov. 28 at Antun's Old Country Manor. A Cash Bar is available at noon. Lunch will be served at 12:30 pm.

Included on the program will be reports on the Duffy Avenue proposed extension, on proposed zoning changes and on plans for local sewer construction.

President Walter Dunbar will announce appointments for working committees.

On the agenda is the filling of a vacancy on the Chamber's Board of Directors.

It is reported that starting in January monthly meetings of the Chamber will be held.

Reservations are necessary for the Nov. 28th luncheon the cost of which is \$6.00. Members are requested to call Executive Director Siegfried R. Widder, on this matter - WE 1-7170.

Carey. From the early days of uncertainty to those last days when victory was evident, these individuals were always there with advice and assistance.

Our Assembly District Leaders, Bernard Chekof and Sally Shapiro, have again shown why they are leaders in the Democratic Party. Their untiring effort should be commended.

Tom Stivala, and his family, are forever in my gratitude. Their unceasing effort will never be forgotten. I would also like to thank Mike Polansky for his early morning endeavors on behalf of Governor Carey.

A very special thank you to Judy Jacobs for all her efforts. Without her dedication, I honestly doubt we would have been successful. Judy, your dedication will never be forgotten.

There are many others who should be thanked but to name all

of them would fill this page. In closing, let me again thank all who worked tirelessly for Governor Carey's re-election campaign.

Dear Editor:
As a number one supporter of the Hicksville American Soccer Club, I open a suggestion that Grumman Aircraft and the Mid Island Herald get together with Executive Joe Colby, on the possibility of having lights at the Grumman wide-open fields, as they have portable light stations.

More lights and land is needed to serve our children, boys and girls honestly.

Sincerely yours,
Eddie Cooper,

At The Hicksville Library

The Hicksville Library is helping the U.S. to celebrate a special anniversary this week, MICKEY MOUSE is fifty years old. The Disney Studios made an 8mm film commemorating this event and it is now included in the library's ever growing film collection. Any adult borrower may take out this film, or any other in the catalog, for a period of three days. The library also has an 8mm projector (standard 8, super 8 and sound) that may be

borrowed overnight by a responsible adult. The projector was a gift from the Friends of the Library for community use.

In the list of over 100 films (some standard 8mm, some super 8mm, some sound) are classic cartoons, comedies of such greats as Chaplin, Laurel and Hardy, Buster Keaton and many others, history, documentaries, mysteries, horror, animals, travel and sport films.

Dedication At Holy Trinity

Bishop Sherman, recently retired as Diocesan Bishop of Long Island, will visit Holy Trinity Episcopal Church, Hicksville, this Sunday, November 19, at 10 A.M. to dedicate the newly installed windows in memory of deceased members of Holy Trinity Church, and the pilgrim's pavement in memory of the first Rector of Holy Trinity, The Rev. David S. Duncombe, Jr., who was murdered at his post at Elhete, Wyoming, two years ago.
The windows are in three pairs, each pair on either side of the towers that mark one of the distinguishing characteristics of Holy Trinity Church. The dedication of the windows is to the Blessed Trinity. These windows were initially designed by the present Rector, The Rev. Domenic K. Ciannella, with the finished cartoons drawn by the celebrated artist, Mr. Robert

Pinart of Nyack, New York, and fabricated by Somers Studios of Scottsville, Virginia. They are of unusual design, made in faceted glass.
Many members of the community contributed towards the David S. Duncombe, Jr. memorial. The pilgrim's pavement is made up of the 14 Stations of the Cross, which are marked by a round mosaic medallion set in the floor of the ambulatory around the Church. Each station is inscribed with a number and a flower or leaf of the Holy Land corresponding to that station. These figures are brass cuttings set in the mosaics.
Following the service at 10 A.M., a reception will be held in the auditorium. Members of the community are invited to attend the service and are welcome at any time to visit Holy Trinity Church to view the windows and the pilgrim's pavement.

Galileo Lodge News
By Joe Lorenzo

If one were to attend any function held by the Galileo Lodge - be it a dance, party, dinner or any other social activity - one would have to come to the conclusion that the Galileo Lodge is people oriented. This feeling is a law in the organization, and this also means that all committees are equipped to create an atmosphere totally in tune with the social needs of its patrons. Policies established by these committees reflect the attitude of giving people more for their money, giving them quality food served in full measure and giving them an incentive and a reason for coming back to the Galileo Lodge.
The social programs associated with the Thanksgiving and Christmas holiday certainly lend credence to the above-mentioned statements. Consider the Christmas dance, to be held on December 2nd, at the Lodge quarters, where for the price of admission of \$7.50 you get fine food, excellent surroundings and a night that promises so many fun-filled moments. And then consider the Christmas parties which are held for the retarded children of Hicksville and also the one for the children of the members of the Galileo Lodge. Just think of the happy times and the happy smiles these affairs will bring to these children. And then think of the New Years Party and what this affair means

to the patrons of our organization. For a reasonable price of admission you can eat and dance to the wee hours of the morning, enjoy the birth of a New Year with a continental breakfast, and then finally realize that you really have been to a party. And then add the Pasta Nights planned by the Ladies Auxiliary, at which time you can eat to your hearts content for a price in the neighborhood of two dollars.
When we wrote about the Thanksgiving season, we inadvertently left out the Fashion Show to be held on November 16th, at the Lodge quarters. Those people who are interested in the latest fashions for men and women will find this show fascinating as well as enjoyable. Price of admission is \$7.00 per person, with dinner to be served at 7:30. We have often stated that the Ladies Auxiliary really excels in the presentation of shows of this nature, so why not contact Jo-Ann Wallick (681-8428), Rose Riccardi (681-0966) and Mary Monteforte (938-7081). You can't miss with this show.
Another suggestion from the Galileo Lodge, is that it urges more of its members to join certain committees and really help out in carrying out the programs mentioned in this column. The membership can make the Galileo even more productive than it is at this moment.

GENERAL

After 8 weeks and with two weeks left in the fall traveling season, the 19 traveling teams have now played 141 games and have compiled a record of 71 wins, 55 losses and 15 ties. The undefeated ranks have now fallen to two with John Harris and his Hicksville Rangers taking their first loss a week ago. Jimmy Dolan (girls under 19, sponsored by the Hicksville Elks Club) and Pat McHugh (boys under 14 sponsored by the Plainview Burger King) remain undefeated.

HICKSVILLE HAWKS

The Hawks played North Shore and the game ended in a 1-1 tie. In the first half each team had scoring chances, but neither were able to finish an attack and the half ended 0-0. In the second half Mike Lagnese curled a corner kick into the net for a Hawks 1-0 advantage. A few minutes later a North Shore striker took a shot from 20 yards out and tied the score.

The Hawks starting goalie Jeff Micheli was injured 3 games ago, and with his outstanding play

everyone thought the team would be in trouble. This team is fortunate to have an exceptional goalie in Jeff, but are doubly lucky to have an outstanding backup in his brother Mike Micheli. Mike started as center fullback but his right knee is unstable from growing, and he was unable to play on the field, for more than 10 minutes at a time. When his brother got hurt he volunteered to play goal, and has done an excellent job. In only allowing 4 goals in 4 games Mike has kept the Hawks in all the games, and many times turned back the attacking team with powerful kicks from the goal area.

Both coaches Duke Youngs and Al Greenspan want to thank Mike for a job well done.

HICKSVILLE RANGERS

Randy Smith 826-4221
The Hicksville Rangers, sponsored by the Hicksville Motor Lodge, lost their second game of the season, 3-2 to a fired up Cold Spring Harbor team. Cold Spring Harbor took the lead in the 3rd minute when the right wing crossed the ball to two unmarked forwards in front of the

Hicksville net. Behind 1-0 Hicksville took command, and kept the ball in front of the Cold Spring Harbor net for the next 22 minutes. The Rangers had many excellent scoring opportunities but outstanding goalkeeping by the Cold Sp. Hr. keeper kept the Rangers from scoring. Even though the Rangers outplayed Cold Sp. Hr. they trailed 1-0 at half.

Going against a strong wind in the second half, Hicksville kept the pressure on. In the 6th minute, Derek Missino put a direct kick past the keeper to tie the score. Cold Sp. Hr. still confined to their own end, got a long clearing pass and went in on the Hicksville goal on a breakaway. The Rangers goalkeeper, Sean Smith, came out and stopped the shot, but went down injured in the collision. The rebound was not cleared by the fullbacks and Cold Sp. Hr. scored to take a 2-1 lead. Darren Nathan replaced Sean in goal. The play was evenly matched for the next 10 minutes, until a Cold Sp. Hr. shot hit the side of a Hicksville fullback and caromed into the net for a 3-1 Cold Sp. Hr. advantage.

Hicksville closed to within one when, in the 21th minute, in a scramble in front of the net, Peter Thompson scored. The Rangers kept the pressure on in the closing minutes, but super goalkeeping by the Cold Sp. Hr. keeper kept the ball out of the net.

Although Hicksville outplayed Cold Sp. Hr. they were unable to convert their many good scoring chances.

B.P.O.E. DRIVE CONTINUES

The Hicksville U/19 girls, sponsored by the Elks Club, continued their quest for a division championship as they

hosted Cow Harbor at Grumman Field. The game started slowly with each team testing the others defense. Midway through the first half Hicksville started to dominate play and was able to score two goals giving them a 2-0 halftime lead.

With the wind at their backs in the second half, the girls scored early. Cow Harbor came back as their outside right put a beautiful shot over the head of the Hicksville goalie narrowing the score 3 to 1. Hicksville scored two more goals to make the final score 5 to 1.

CYCLE TIPS MID ISLAND KAWASAKI

Use The Right Tire For Your Favorite Riding Condition

When you climb on your motorcycle and head out toward the horizon, think about what keeps you rolling and just how much contact you have with the road at any given moment. Without the tires to absorb shocks, provide traction and to help keep the bike balanced, motorcycling wouldn't have developed into the fun sport that it is today.

Kawasaki Motors Corp., U.S.A., from its Santa Ana, Calif., headquarters, recommends that especially the novice rider learn about the different types of tires and how to take care of them for safe, comfortable riding.

When you travel along at freeway speeds remember — only a few square inches of rubber actually touch the road. Turns and adverse weather conditions can make those few inches even more important in keeping you upright and moving forward.

Two primary factors will affect your choice of the best type of tire for your typical riding situation. The type of rubber determines how well your tire handles internal heat build-up, a major contributor to tire wear. Tread design determines how well the tire deals with different road surfaces and foreign matter in your travel route.

Early tires were made from natural rubber. It had great wear characteristics but unfortunately didn't grip the road well. Synthetic rubber, on the other hand, has incredible road grip capabilities but builds up heat quickly causing fast tire wear and making it very impractical for street use.

From one extreme to the

other . . . a dirt bike needs natural rubber's wear characteristics while the drag bike needs synthetic rubber's great grip. Most general purpose tires have some combination of the two rubber types.

When choosing a tire keep in mind the main purpose for which you will use it and make decisions accordingly.

The right tire design is also a function of different riding situations. Dirt bikes, for instance, will have a "knobby" design to dig through the dirt for proper traction. Road bikes usually come with some sort of zig-zag pattern to channel water and other foreign matter off the road so the tire surface can get the maximum amount of traction.

Some general maintenance tips. Check your tire pressure periodically. Always check the tire before you

ride as the rest causes pressure changes and will fool your gauge. An under-inflated tire rubs more flex in the sidewall which increases heat and wear.

While you're checking tire pressure examine the tire for tread depth and damage. If a tire has less than 1/16-inch of tread depth get yourself some new rubber; it might save your life.

Good riding habits will also increase tire life — and possibly yours, remind the experts at Kawasaki. Avoid hitting curbs, chuck holes and other road hazards. Check your tires regularly and be sure you have the right tire for your riding situation.

(Editor's Note: This is the third in a series presented by Kawasaki dealing with the fact that safe, smooth motorcycle operation is more than just turning the key).

Tires and tire pressure play an important role in motorcycle riding comfort. Always check the pressure and tread depth before departing for the unknown. If there are any problems that you can't handle, be sure to consult your local Kawasaki dealer.

THE FASHION PLACE

By Elaine Monroe,
Fashion Director
Sears, Roebuck and Co.

Oomph! That one word sums up the exciting mood of nighttime dressing now. Here, some of the glamorous looks you'll be seeing — and wearing:

- The tuxedo look. The tucked-front shirt in a dressy fabric steps out with a satiny jacket and trousers. The right accessories are black tie and spindly sandals.

- The disco look. Colorful shimmering jersey outfits with bared tops, slit-front or tulip-hemmed skirts to show off dancing legs. Camisoles, satiny blouses and narrowed trousers are another way to go. But these disco duds don't have to be saved for Saturday Night; they're a great look for any special evening.

- The Glamour Girl dress. Look for broadened shoulders, a defined waist, pared-down skirt fullness. The fabric will be soft and drapery to show off the body more.

- The Little Black Dress. Making a big comeback.

- Sparkle Plenty. Rhinestones and pearls show up in

necklaces, brooches, bracelets, hair combs — and in long drop earrings made to swing to the disco beat. There's additional shine in little lustrous bags that swing on long shoulder cords and lustrous strappy sandals that dance on high heels.

CAR CARE CORNER

TO AVOID MAKING EVEN THE SMOOTHEST ROAD seem bumpy and dangerous, replace worn shock absorbers.

If, while driving, your body seems to be absorbing more bumps and lumps than a football lineman, the problem may be worn shock absorbers.

But there are more warning signs of shot shocks than a body that feels like it went 15 rounds with the heavyweight champion. Important signals include the car's chassis nosediving when you stop, drifting through turns, wheels hopping off the road during sudden stops and excessive rolling of the car on turns.

Besides the signals you can feel, there are many you can see. Check your tires for uneven wear since bad shocks can upset the wheel alignment necessary for uniform tire wear. Do the bounce test by pushing down on the end of the car several times and letting go. If your shocks are functioning properly, the car will not rock more than twice.

If your car is at a service station for repairs, you should check the shocks when it's on the lift. Look

for leaking shock fluid and such shock damage as dents in the cylinder, broken or worn mountings, a loose dust shield and bent or broken rods. Of course, if you haven't replaced your shock absorbers in the last 20,000 to 25,000 miles, there's a good chance they're no longer able to do the job.

When you do replace them, you should be sure you are going to get improved roadability, handling, comfort and stability like that provided by installing shocks from the Monroe Auto Equipment Co., a subsidiary of Tenneco, Inc. For a free brochure on shock absorbers and a listing of the various styles available for specific applications, write to Monroe Auto Equipment Co., International Drive, Monroe, Michigan 48161.

So if you want to cut down wear and tear on your body and car, springing for new shocks may very well be the answer.

Around Our Towns

Lynda Noeth Scotti - 796-1286

Charles and Jean Cunningham's daughter, Kathy, is enthusiastic about her new assignment as assistant designer with a New York City dress firm, Bonavitacola. We know Kathy will be successful in her career because she is a very talented person. Kathy graduated from Fashion Institute of Technology in June 1977. She has been working with various dress designers so she's well prepared for her profession. Her parents attended a gala opening of the Bonavitacola with Kathy. It was a catered affair with champagne flowing and gorgeous models galore. Good luck, Kathy.

Hey, Happy Anniversary, Bill and Margaret Buchman. The Buchmans of HICKSVILLE were married 32 years on November 16. Bill and Margaret have been very active in civic and community affairs in our town throughout the years. They have two daughters, Carol Ann and Lydia, who are presently attending the University of San Diego. Congratulations, folks.

Guess who we saw looking beautiful, svelte and healthy? It was Helen Henderson who has recently returned home from the hospital. We're happy to see you up and about, Helen.

Another HICKSVILLITE, Ray Hand, wants to publicly thank all his friends and neighbors for the many cards, telephone calls and good wishes he received while he was ill. He said all of this attention contributed to his speedy recovery.

Bill Frech celebrated his birthday on October 23. Helping him celebrate was his wife, Anita, and their daughters. They had a family party with Bill's parents participating in the festivities. Happy birthday, Bill.

Sharing October 23 as a birthday was Alma Hirsch of

HICKSVILLE. Much happiness to you, Alma, on your special day is wished by your family and many friends.

Margaret Hodgson of HICKSVILLE is a grandmother for the second time. First was a grandson; now an adorable granddaughter. The new baby is Jennifer O'Shaughnessy who resided with her parents and brother in California.

That good looking couple seen zooming around in their new Horizon is none other than Joseph and Karen Donovan. Good luck with the new addition to your acquisitions.

Although Marjorie Liberty celebrated her birthday on October 20, she isn't telling us how old she is. But according to her friend, Joan Crawford, Marjorie is going to try and break her father's record of 98 years.

Congratulations to Bruce Duncan who is now a guidance counselor at Holy Trinity High School. Much success to you in your endeavors, Bruce.

The new credit manager of a Bronx oil company is none other than Merv Stockman of HICKSVILLE. Merv started with this firm on September 28, and we heard from reliable sources that he is doing very well. Good luck, Merv.

A proud grandfather for the fifth time is Pat Dowling, a HICKSVILLITE. The new baby's name is Sean Patrick Dowling.

Anthony Iannone was six years old on November 8. Anthony's parents are Vinnie and Marie who own and operate Iannone's Restaurant located on West John Street. Of course, Anthony had a family birthday party with all the trimmings. Happy birthday, Anthony.

Birthday greetings go to Debra Ann Kiesal and Lisa Kiesal, both who celebrate in November. The greetings and congratulations come from Mrs. F. Nenninger, former HICKSVILLE resident.

McCormack-Augustine

On November 18th at 3 p.m. at Holy Family R.C. Church of Hicksville, Miss Marian T. McCormack, daughter of Cornelius and Frances McCormack of 27 Boxwood Lane, Hicksville, will be united in holy matrimony to Donald Paul Augustine Jr., son of Donald and Marian Augustine of Yorktown Heights.

The Rev. John J. McCormack, an uncle of the bride, will perform the ceremony and celebrate the Nuptial Mass. He will be assisted by his cousin, Rev. Kenneth Morgan.

Miss Kathy Tuska will be the maid of honor. The bridesmaids will be Joanne Sutter, Joan Lawlor, and Marion Augustine. The flower girl will be the bride's niece Coleen Cantera.

Mr. Robert Kralik will be best man. The ushers will be Marc Duci, Anthony Tempestilli, and Eddie Miley.

A reception will be held following the ceremony at the Fox Hollow Inn in Syosset for family and friends.

Both Marian and Donald graduated from Marist College in Poughkeepsie. She is a teacher of special education in Hicksville School District. He is a sales representative for Domtar Paper Products of Canada.

Harriet A. Maher - 433-5994

who now makes her home in Tucson, Arizona.

On Nov. 3, Teresa and Kevin Fitzsimmons of HICKSVILLE became the proud parents of a beautiful girl, Laura Elizabeth, who weighed in at 5 lbs 7 oz. Their 4 year old son, James, is happily bragging about his new playmate. Proud grandparents include Irma and Louis Viarengo of HICKSVILLE, and Doris and James Fitzsimmons of Manhasset Hills. Congratulations.

Marian Braun was hostess at a dinner party held at Alfredo's Swiss Restaurant in Hicksville on Sun., Nov. 12. The occasion was in honor of the birthdays of Vincent Braun, Nov. 1; John Zike, Nov. 22; Marian, Nov. 25; Linda Braun, Nov. 29; Beverly Wallin, Nov. 30; and Andrea Khanna, Dec. 19. It was also the 5th wedding anniversary of Beverly and Richard Wallin of Medford on Nov. 11.

Guests included Mr. and Mrs. Vincent Braun and son Paul Michael; Mr. and Mrs. John Zike, and children John, Cathie and Billy; Mr. and Mrs. D. Khanna and sons Shan and Sharad; and Mr. and Mrs. Richard Wallin and daughters, Meredith and Amanda.

After dinner, the guests returned to Marian's home in HICKSVILLE, for cake and coffee.

The day was enjoyed by everyone and Marian tells us that if you enjoy good food and pleasant service, try Alfredo's on Old Country Rd., Hicksville.

Uncle Sam Visits Woodland Ave. School

Woodland's cafeteria was ablaze with the excitement of our nation's history on the morning of November 13th when our country's uncle in the person of well-known Doug Anderson paid a visit. Using magic punctuated with chalk cartooning, ventriloquism, cloth rag painting and music, Mr. Anderson brought to life many glorious events in our historical past. Decked out in red, white and blue, Uncle Sam was depicted as a wise and witty symbol who gave meaning to many of our historical happenings.

Funds for this presentation came from the Cultural Arts portion of the Woodland Avenue PTA.

French Club News

On Thursday night, October 26th, twenty five Hicksville High School students went to see Moliere's, THE WOULD-BE GENTLEMAN, at Hofstra University. These students are presently taking French. Accompanying them were Dr. Altobelli, Mrs. Sanna, and Mr. Gentile, Foreign Language teachers.

Paper Folding

A paper-folding program for school children will be held at the Hicksville Public Library on Saturday, November 18th.

Mrs. Rachel Katz will be here to show us how a bit of paper, a bit of imagination, and a bit of "how-to" can bring storybook characters of life.

Free tickets are still available in the Children's Room for the two shows: 1-2 p.m. for Grades K-3, and 3-4 p.m. for Grades 4 and up.

We wish all products were as good as the advertisements suggests they are.

...and let Thy gifts to us be blessed

We receive so much each day, we sometimes overlook our blessings or take them for granted. But then Thanksgiving arrives. And with it, a traditional reminder. Once again we are prompted to join together to say thank you to the Giver of all gifts. We of AAL are especially thankful that we've had the opportunity to serve Lutherans and their families during the past year. We wish you and your family an enjoyable Thanksgiving.

LIONISM: People Caring For People

Community service is the primary goal of Lions Clubs. In keeping with this theme, a project has been started by the Nassau County District 20-K2. Underwriting the cost of

providing SJK Mobile Audio Library Carts of talking books in each of the 16 hospitals in Nassau County, has been declared their "priority project" for two years in a row.

The Lions Clubs throughout Nassau County have been quick to respond to this project. The Hicksville Lions and the Plainview/Bethpage Lions jointly raised funds which enabled the Stephanie Joyce Kahn Foundation to place at SJK Mobile Audio Library Cart in Central General Hospital in Plainview, so that eligible patients could receive the pleasure and comfort of talking books.

Lions' cooperation in promoting the sponsorship of SJK Mobile Audio Libraries by individual Nassau County Lions Clubs has been extremely beneficial in improving the quality of hospital patient care.

"...all of the Blind and Physically Handicapped patients who are eligible to avail themselves of this wonderful service have

expressed to our staff their joy of having these talking books at their disposal during their hospital stay...The selection of Talking Books and the quality of the recordings are of the finest available. The range of Talking Books seems to satisfy all types of interest."

Robert J. Bornstein, Administrator

Central General Hospital Funds raised from the citizens of the community have been returned to the community through this service program of the Hicksville and Plainview/Bethpage Lions. The SJK Foundation and Central General Hospital thank the Lions for demonstrating that they truly are "People Caring For People".

Paper Drive

On Sat., Dec. 2, Troop No. 64, Boy Scouts of America, will hold a paper drive.

The proceeds of the drive will go to the Hicksville Memorial Fountain.

Troop No. 64 is sponsored by the Kiwanis Club of Hicksville.

Anyone who would like to donate newspapers to the Troop can call Assistant Scoutmaster John Russell at 822-4129, Mondays to Fridays from 4 p.m. to 8 p.m., and leave your address.

PTA's Annual Book Fair

The Fork Lane PTA will again sponsor its annual Book Fair. The dates November 16, 17 and 20. The time 9 a.m. to 3:30 p.m.

Don't miss it, educational gifts may be purchased for all ages right in time for the Holiday gift-giving.

SCHOOL BOARD

(Continued from Page 1)

building use "only to deny or approve a waiver of fees." He stated that this was "a routine clerical function." He also suggested that one copy be made of the bills paid and it be given to a different Board member each month in an economy move to reduce the amount of paper being used in duplicating.

Mrs. Wolfson, however, continued her objections, stating she wanted "to see which groups in the community were using school facilities." She also wanted to "continue to see the bills." She added that since this part of the agenda is available to Board members previous to the meeting, she phones her questions into Mr. Weigang (District Business Manager) and receives her answer, thus "saving time at Board meetings."

Trustee Pete Fjuimoto also expressed his desire to continue to see the list of checks paid out in order, as a Board member, "to get a better feel of where our money is going."

In other business the Board approved tuition rates for out-of-district students attending Hicksville Public Schools as follows: Handicapped, \$4,284; Half-Day Kdg, \$1,181; Grades 1-6, \$3,348; Grades 7-12, \$2,428.

The Board also approved the health service rate for 1978-79 at \$82.80 per pupil. This rate is charged other school districts for providing health services to those students that reside within their district but attend non-public schools in Hicksville. Hicksville also pays other school districts for these services provided for our resident pupils who attend non-public schools outside the district.

Mr. Nagle commended the athletes and coaches who participated in the fall season athletic events. The team accomplishments are as follows: (as of 11/13/78)

Varsity Girls Field Hockey, Conference Champs, Won 3, Lost 1, Tied 1. This was the best record in 10 years.

Varsity Football: Won 6, Lost 2
Varsity Boys Soccer, Nassau County Champions, Won 19, Lost 0, Best team record in Hicksville High School History. Scheduled to play Suffolk County Champs the evening of 11/13/78.
Junior High Soccer, Won 9 Lost 2.

Junior High Cross Country, Won 12, Lost 3.

In congratulating the teams and coaches, Mr. Nagle commented that "education is an all-around experience."

The next Board of Education meeting is scheduled for 8:15 p.m. on November 29, in the conference room of the administration building.
