## Hicksville F.D. Alarms

The following alarms were received by Hicksville volunteer fire-fighters during the period Nov. 19 through Dec. 11: fire calls, 46; rescue calls, 53; malicious false alarms, 21; total alarms, 120.

Just this past weekend a volunteer firefighter in Deer Park, was killed as he responded to what turned out to be a malicious false alarm at the local high school. He leaves a wife and six month old daughter.

It is just a matter of time before the same thing happens here in Hicksville. The rate or amount of false alarms being turned in at the Junior and Senior High Schools is a community disgrace, such as the defacing of

our Veterans' Memorial. The Fire Dept. will press the issue of finding a solution to the false alarms before a life is lost. Last year there were 19 from the Junior High and 11 false alarms from the Senior High and 12 from the Junior High. This past week, in one day, there were two from the Junior High within 15 minutes of each other.

Holiday Open House

The Hicksville Fire Department's Open House was held on Sunday, Dec. 3. Weather forecasters reported a heavy wind and rainstorm would hit that day, so many of the outside demonstrations were cancelled, but the usual large crowd turned out to see Santa.

## Local Teens Die In Crash

Two Hicksville teenagers, both local High School students, were killed early Saturday, Dec. 9, when the small sports car they were riding, was struck broadside and dragged 50 feet as they were making a U-turn. The accident was reported via alarm box at Stewart Ave. and Levittown Parkway.

The alarm came in at 12:58 a.m. Two Hicksville Fire Chiefs on the scene in minutes found three victims. The two 17 year old

youths were still in the car, one had to be freed by vamps using their Hurst Rescue Tool. The van which struck them was pulled from the very small auto by a Fire Dept. pumper. Hicksville Vamps aided by a rescue crew from the Westbury Fire Dept. did all that was possible to save the youths, but officials felt the impact was too much for them to bear. The County police took the third victim, a passenger in the van to the Nassau County

Medical Center. The passenger is listed in good condition. A Fire Dept. pumper and flood light remained at the scene until almost 4 a.m. as police investigated the scene.

The youths were identified as Stephen Sokenis of 16 St. John Ave., Hicksville, and Michael Di Lorenzo, of 26 Berry Lane, Hicksville. Both were rushed to the County Medical Center where doctors worked to find a spark of life, but found nothing.

## Nine Local Youths Arrested For Arson

After a month of hard work by Nassau County Fire Officials, nine Hicksville youths were arrested for arson following a series of suspicious fires at the vacant dog kennel at 302 W. John St. The nine were also accused of setting a rubbish fire in the Mid Island Plaza Truck Tunnel as well as other fires there, false alarms from sprinkler systems and grass fires.

Hicksville vamps praised the very fine work of the Nassau County Fire Marshals office led by Supervising Fire Investigator Robert J. Doran and the County

Police Arson Squad led by Det. Stan Gajewski. Nassau enjoys a unique operation where fire and police work jointly. The cooperative efforts have been very successful in many cases.

The kennel fires were on Oct. 31, Nov. 1 and Nov. 9. The three charged with 3rd degree arson are Kevin O'Brien, 16, of 22 Kuhl Ave.; Michael Howe, 16, of 5 Bryon Pl.; and Frank McLoughlin, 18, of 99 E. Marie St. They were held in \$5,000 bail each and hearings were scheduled. The remaining six were juveniles and charged as juvenile delinquents.

Vamps everywhere are not happy with delinquency charges. Arson is a serious charge, has caused untold amounts of damage and loss of life. They feel the Courts should deal severely with arson suspects regardless of age. It is also frustrating for investigators to work hard, get a good case, and have a judge hand down a lecture instead of a jail term.

Local Vamps hope the word gets out that if you're gonna play with fire, sooner or later, you're gonna get caught.

## Dwyer Elected Fire Commissioner

by Jim Cummings

As the District officials moved to tally the voting machines at the East Marie Street Firehouse last Tuesday evening (with poll watchers of the candidates) the soft whispers of the crowd suddenly became spontaneous applause as the final total were made known naming Robert Dwyer, of 137 Ohio Street, Hicksville the winner and Commissioner of the Hicksville Fire District to a five year term. The applause continued to echo throughout this edifice of our Hicksville Volunteer Fire Department, as the official results were announced: Robert Dwyer, with 771 votes had soundly defeated his opponents - former chief and 22 year Department veteran Mario Misturini with 249 votes and Gene

Pietzak, a Hicksville businessman with 137 votes.

Dwyer, age 25, is reported to be the youngest candidate ever elected to the high office of Fire Commissioner. The new Commissioner has been invited to attend the next meeting of the Board.

The new Commissioner is a member of the Department over 7 years and a member of Emergency Company No. 5, an Advanced Medical Technician (AMT) and an active member of the Commodore John Barry Division Eleven, Ancient Order of Hibernians and an employee of the Town of Oyster Bay, in the Highway Division. He also serves on the Board of Directors of the Town's Civil Service Employees Association (CSEA).

Bob was supported by a number of former chiefs including B. Medard Ofenloch, who encouraged this young firefighter to get involved last year - and that he did. He plans to apply his knowledge and skill of Business and Firematics in serving on the Hicksville Fire District, Board of Commissioners.

On hand to congratulate the new Commissioner were his staunch supporters, lovely wife, Karen; his mother, Getrude Dwyer; (Kuhl Avenue) Edward, Rob and William Dwyer who have served in the Fire District (which is well known to the Dwyer clan) and residents of Hicksville these past 60 years - and many members of the Department and community who worked for his election.

## December Community Council Meeting

by Carole Wolf

The December 7th meeting of the Hicksville Community Council was very light and festive as we heard the Holy Family Players sing some of their all-time favorites. But first on the agenda was the film, "Ice Storm '78" presented by LILCO.

It seems that it happened so long ago, but the LILCO film brought the horrors of last year's winter to our minds. The film stated that 16,000 lines were down that January 14th which affected nearly 1 million people. Limbs had entangled power lines, ice was on everything and by 3 A.M. LILCO had requested help. 378 crews from Con Ed, Rochester, Philadelphia, and Niagara Falls helped make 280,000 service calls. Long Island looked like Siberia, but LILCO is proud to say that there was no serious accident by the time the crisis ended on January 19th.

The Holy Family Players then took the floor, under the direction of Tom and Peg O'Connor, and began singing some of their hits from previous shows. Smiles filled the room as they sang some

oldies as well as "Ave Maria" and the Family Prayer song from "Fiddler on the Roof." These 40 people join together once a week for the pleasure of making beautiful harmony and it certainly shows when they put on a performance.

At the Hicksville Town Meeting, David Blazkowsky announced that Hicksville High School is having its first movie night with the showing of "American Graffiti." Eileen Szabo announced that St. Ignatius Girls Corps is looking for girls between the ages of 10 to 20 to join them in their activities. It doesn't make any difference if you cannot play an instrument, for girls are needed for the color guard and the rifle squad. The corps is also looking into the possibility of government funding.

Al Peck, Director of Help, Aid and Direction, said that their Board of Directors is looking into the idea of a Community Center. He said that the Board would like feedback on the subject and mentioned that it would be an

alternative for vandalism. Dick Evers, from the American Legion, sadly mentioned the vandalism of the World War II monument by the Junior High and said that it was done not once but twice. Paint was poured down one panel and he attributes it to night-time and weekend loitering. The war memorial has been at the Junior High since the war and it had not been vandalized until 1976. A suggestion was then placed on the floor to light the area for vandals do not want to be seen. The Fire Department recently put out a brush fire at the Junior High and apprehended 4 to 5 students - one a dropout. And in conclusion, Bill MacDonald stated that parents should be educated as to what their responsibility is when raising a child.

The next Hicksville Community Council meeting will be held on January 4th and we will feature "Hobby Night." Some talented Hicksville people will be on hand to describe what they do in their spare time. Everyone is invited to attend.

## DEVOTIONS

By The Rev. John H. Krahn

**CHEEK-TURNING POWER**  
How many of us are in the process of developing ulcers? How many of us are carrying resentments? How much damage is being done internally because we will not forgive someone who hurt us deeply? How much of our daily life is being colored grey by an angry mind quarreling in fantasy bouts with an adversary, an ex-husband, an ex-wife, a relative, a neighbor, a fellow worker, or even a fellow parishioner? Who is suffering from high blood pressure or even heart problems because they have not forgiven completely?

In the face of all of this, we turn to the love chapter in the Bible, I Corinthians 13, for some very good advice. Saint Paul inspired by the Holy Spirit writes, "Love is patient and kind; love is not jealous or boastful; it is not arrogant or rude. Love does not insist on its own way; it is not irritable or resentful; it does not rejoice at wrong; but rejoices in the right. Love bears all things, believes all things, hopes all things, endures all things."

Specifically, I would like to look at the fifth verse with you. "Love is not resentful."

Snow was hardly news for us this past winter. Few, if any, of us have appreciated the recent blizzards with the driving winds and large snow drifts. Most of us

were immobilized by the recent storm, and were only free to move about again after the snowplow came and opened up our roads. Resentments are like snowdrifts, and forgiveness is the snowplow. In the Christian life forgiveness is a snowplow that opens roads again, removing barriers so that we can again communicate and listen to those whom we had been at odds. When we dialogue and interchange, love can again freely move back and forth between us.

When a person offends us, we feel like punching him out. Young people do just that on the way home from school at a predetermined spot. Those of us who are more mature are more sophisticated but no less harmful as we unleash a lethal tongue, or stab the person behind his back. To which God reminds us this morning, "Love is not resentful."

Our Lord Jesus Christ gave us some pretty tough advice while he was alive. On today's subject he says, "But if anyone strikes you on the right cheek, turn to him the other also." Jesus states that the mere fact that we have been wronged does not give us the license to do wrong. Followers of Jesus are not to retaliate but must even be willing to suffer the same injury again. Now cheek-turning power is no easy matter. Yet, it is perhaps as powerful a

weapon as there is towards maintaining and even improving most human relationships. When I can tell you first-hand that it works. On any number of occasions as I have taught adult confirmation, I have seen it work.

Love is the language of forgiveness. Love does not resent, it forgives. It is the snowplow of forgiveness that removes the drifts. Forgiving - turning the other cheek love, patient and kind love, love that avoids arrogance and rudeness, love that walks the second mile, is Christian love in action. On our own, we seldom have the power to turn the other cheek. Such power is only possible when Jesus Christ lives within us. It comes when we practice the presence of God, inviting Jesus' indwelling through prayer, His Word and Sacraments. Partaking of His body and blood, we not only receive forgiveness for ourselves, but we also receive the powerful presence of Jesus Christ. A presence that can cause a cheek to turn and a life of loving forgiveness to plow through snowdrifts of resentment. Such a life is great for our health.

## ACU Plans All-Out Effort To Warm Nation Of Defense Dangers

WASHINGTON, D.C. - Senator Jake Garn (R-Utah), Chairman of the American Conservative Union's Defense Task Force, announced recently that ACU "is planning an all-out effort to educate Americans about our declining national defense and the threat that an unfair, unenforceable SALT II treaty would pose."

Beginning in January, Garn said, ACU will double the amount of money it is spending to purchase television time for a documentary, "Soviet Might / American Myth: The United States in Retreat." The half-hour program, which was produced in August by ACU, has already been aired on 207 television stations in 42 states.

"We will increase our spending for prime-time showings of the program to between \$50,000-\$60,000 per month in order to alert more citizens to the fact that our country is pursuing a very dangerous defense policy," Garn noted. "We have slipped behind the Soviets in almost every stra-

tegic category, and every indication suggests that the new SALT II treaties will only compound the problem."

Garn said ACU's accelerated public information campaign will continue until a SALT II treaty comes to the Senate floor for a vote.

"Soviet Might / American Myth: The United States in Retreat" includes discussions by military and Congressional leaders on the dramatic decline of U.S. military power in comparison with the Soviet Union. Included in the program are: ACU Defense Task Force Chairman Garn, ACU Chairman, Rep. Philip M. Crane (R-Ill.), Admiral Thomas Moorer (US-Ret.), Gen. John Singlaub (US-Ret.), Sen. Barry Goldwater (R-Ariz.) and Rep. Richard Ichord (D-Mo.).

"The program has already elicited a tremendous grass-roots response," commented Garn. "Our toll free line (a telephone line allowing viewers to pledge financial support to purchase

more TV time) has been extremely busy during every broadcast of the program," he said. "We've also generated thousands of letters to Senators and the White House as a direct result of the program."

Garn noted that ACU now has a Spanish language version of the documentary which will air in Miami, Florida and San Antonio, Texas, on Saturday, December 9. The ACU leader said the Spanish version of the film has the potential of reaching 1.1 million Spanish-surnamed Americans in those media markets.

"There are many Spanish-speaking Americans who are very concerned about growing Soviet military might and who should be given every opportunity to understand the gravity of the problem," Garn said.

The American Conservative Union is a 325,000 member organization with 42 state affiliates. Seventy-five members of Congress serve on ACU's Advisory Assembly.

**THE BRINK'S JOB:** Disguised as guards, Tony Pino (PETER FALK) and Sandy Richardson (GERARD MURPHY) swipe some money from an armored truck, in Universal's "The Brink's Job," the comic adventure that recounts one of the most famous and dramatic robberies of all time.

### Two Golf Courses Remain Open

All nine-hole golf courses operated by the Nassau County Department of Recreation and Parks are closed for the winter, as is the Red Course at Eisenhower Park, East Meadow. Included are those at Bay Park in East Rockaway; Canliague Park in Hicksville; Christopher Morley Park in Roslyn-North Hills, and North Woodmere Park.

Two courses remain open to golfers, both at Eisenhower Park, with play continuing on temporary greens.

Winter rates are in effect. The fee for 18 holes, Monday through Friday, is \$2.50, and on Saturdays, Sundays and holidays, \$3.50. For nine holes, the fees are \$2.25 and \$3.50 respectively.

For further information, call 292-4156.

### Plan A Mothers' Center In Merrick

Mrs. Betty Persico, Board President of the Family Service Association of Nassau County announced recently that the agency has received \$15,000 from the Charles Stewart Mott Foundation in Flint, Michigan.

The grant provides consultation assistance to communities which want to establish Mothers' Centers based on a model program established in Hicksville four years ago.

The Hicksville Mothers' Center, located at the United Methodist Church, Old Country Road and Nelson Avenue in Hicksville, has about 300 mothers in a program of information sharing, mutual support, research and social action to influence medical resources which serve pregnant women and mothers. A child care service is available for mothers attending discussion groups. The success of the program has led to the creation of several Mothers' Centers in the metropolitan area

and across the country. The first new Mothers' Center to be launched with the help of the consultation team is in Merrick.

The Charles Stewart Mott Foundation is a private foundation with assets of over \$4 million dollars that awards over 200 grants a year for programs fostering community self-improvement through education, citizen involvement, and community leadership and development processes.

Family Service Association is a multi-service, nonprofit social agency serving Nassau County residents regardless of race, religion, or income. FSA is a member agency of the United Way of Long Island, Garden City Community Fund, the United Community Chest of Port Washington, United Fund of Manhasset, Association of Roslyn Estates, Inc., and Health and Welfare Council of Nassau County, Inc.

### Declares Dividend

The Board of Directors of Marine Midland Banks, Inc. recently declared a quarterly cash dividend at the regular rate of 20 cents per common share payable January 2, 1979 to shareholders of record December 1, 1978.

A quarterly dividend of \$1.37½ was declared on the \$5.50 convertible preferred stock payable January 1, 1979 to shareholders of record December 1, 1978.

Marine Midland Banks, Inc. is a one-bank holding company with assets of \$13.6 billion. Its principal subsidiary, Marine Midland Bank, has 300 offices in New York State and 27 offices in foreign countries.

**CHRISTMAS SEAL GRANT FIGHTS TEEN SMOKING:** A Christmas Seal Grant from the American Lung Association of Nassau-Suffolk to a class at St. Edwards School, Syosset, will be used by these seventh graders to help develop peer pressure among fellow students not to smoke. The award of \$300 will be used to publish an anti-smoking newspaper and to other educational projects in the school. One grant was awarded to a group of students in Nassau County and one in Suffolk to encourage student-developed and run programs. Sandra Altner, Association health educator (right) presents the award to (from left) James Moran, Maryanne Dayton, Danny Curr, John Ertle and Regina Baratta. "While we cannot award grants to other classes, we will provide guidance and materials for teachers and students who wish to develop classroom or school-wide programs," Ms. Altner said. "After you get Buffinus down, could you take a look at my toaster?"

It's true, and we don't encourage it, but there are some folks out there to whom a visit by a LILCO emergency service person is a major social event. Seriously, gas and electricity problems don't keep 9 to 5 hours, and neither does the gentleman you see pictured above. So whether you smell gas or there's a power cable down on your front lawn, call the emergency phone number on the back of your bill any time. What if there's a hurricane or some other bit of unpredictable Long Island weather? During the ice storm of 1978, for example, all of our 5,400 employees were mobilized, while the emergency crews worked around the clock despite impassable streets, icy fingers, fallen trees, and frozen switches. In fact, we even called in extra repair crews from as far away as Pennsylvania and Virginia.

"A small black cat climbed to the top of a 60-foot tree on my property," writes one of our customers, Mrs. M.H. of Hewlett. "It was too frightened to come down. I called your Hewlett office and spoke to Mr. Dom DeNapoli. He sent Dick Douglas and one of your fine 'cherry picker' trucks to my home. Mr. Douglas rescued the frightened animal. I'm sorry I did not take pictures of the event. It was a beautiful sight and all the neighbors cheered."

As we said, we don't encourage this kind of thing. Nor do we invent these letters.

Long Island people serving the people of Long Island.

## Dear Friends:

The Stack of Barley Pub, located at 646 So. Broadway, Route 107, Hicksville, is offering great entertainment to put you in the holiday mood. Pat Roper and Tommy Doyle will be featured on Friday, Dec. 15, and on Saturday, Dec. 16, the Martin Flynn Band will entertain. On Sunday, Dec. 17, Hal Roach, Irish comedian will entertain and Paddy Noonan will provide the music. The Martin Flynn Band will be back again on Wednesday and Thursday Dec. 20 and 21.

Frank's Alibi, 46 W. Old Country Rd., Hicksville, has announced that starting on Jan. 8, the dining room will be closed at 11 p.m. on Sundays, Mondays, Tuesdays, Wednesdays, and Thursdays. It will remain open until 1:30 a.m. on Fridays and Saturdays.

"Camelot", that delightful musical, opened last week at the Northstage Theatre-Restaurant located at 96 School St., in Glen Cove. We had the pleasure of being present at last Tuesday's performance. It was most enjoyable. Camelot's sparkling score is studded with musical gems like "If Ever I Would Leave You," "Camelot," and "I Loved You Once In Silence". The players gave excellent performances, the sets and costumes were beautifully designed and, as to the "dinner" part of the theatre, it, too, was most enjoyable. Don't miss it. 676-8530 is their phone number for reservations.

At this holiday shopping season it is well to remember that your local merchant who serves you well all year long, is the closest and most reliable source for holiday gift shopping.

NOT TO WORRY, but to work together for the solution of a problem, makes sense. As an example, when a hot lunch program for elderly residents of Franklin Square, Elmont, Floral Park, South Floral Park, North Valley Stream, New Hyde Park, Stewart Manor and Garden City Park faced the prospect of being closed down on Nov. 24 when officials of the YMCA announced their intention of stopping all their operations on the site of the former Monroe St. School in Franklin Square, due to financial difficulties, this program which serves 500 meals per week to the elderly was saved by the joint efforts of the Board of Education of School District 17 Franklin Square, the Nassau County Dept. of Senior Citizen Affairs, local TOH Councilman Joseph Cairo, and Catholic Charities. In addition to providing hot, nutritious lunches five days a week the center offers a full range of recreational and socialization programs, as well as transportation and supportive services. Some of the funding comes under Title VII of the Older Americans Act through the NY State Office for the Aging, the County of Nassau and the aforementioned sponsoring agencies. If at any time or in any local area, such fine programs (or any other fine programs) may seem to be threatened, we believe that there are always other means available somewhere to accomplish all the good that we really wish to accomplish. First, of course, the need must be made known and then all avenues by which the affected program might be accomplished must be explored. In this great country of ours the tremendous force of projects run by volunteers is unmatched by any other nation in the world. And it is to our volunteers and volunteer agencies to which we may have to look to help us in continuing many fine programs that might in the future have to be cut back to some extent. We're sure that it will be done, as the occasion arises.

THAT'S ALL for this week. Stay well and remember how pleasant it is to receive holiday greeting cards especially from those one does not have the opportunity to visit with frequently. It is such a nice way to say, "Hello, best wishes, I'm thinking of you." In other words... think twice before cutting down your Christmas card list.

## Holiday Collection Schedule

A change in the Town of Oyster Bay sanitary collection schedule for both Monday and Tuesday customers as a result of the Christmas and New Year's holidays was announced this week by Town Councilman Joseph J. Saladino.

"Residents who normally have sanitation collection on Monday will receive a special pickup on Tuesday, December 25th and

January 2nd," he explained, "while those residents who usually have a Tuesday collection will receive a Wednesday pickup on December 27th and January 2nd."

In announcing the schedule change, Saladino noted that all Town offices and park facilities will be closed on December 25th and January 1st.

## CUMMINGS 'N GOINGS

By Jim Cummings

**DID'YA KNOW THAT:** Jane and Gene Zeigler (formerly of Hicksville), now reside in Woodville, State of Washington and dropped us a Christmas card and greetings to their many Hicksville friends - and they subscribe to the Herald way out there - thanks for your kind comments. The Guy Lombardo orchestra will ring in its 50th years at the Roosevelt Hotel in New York...many people are complaining about the conditions on West John Street west of Kuhl Avenue, again as construction continues to tie-up local traffic - may we suggest alternate AM routes this work on the sewers must be completed and contractors are working with speed - at present they are located at the Cantiague Park entrance (opposite Reliance Utilities on West John Street) - most streets have been repaved (temporarily to allow traffic to move) and next spring will be repaved completely - well that's progress... a new member of the Joseph Barry Council Knights of Columbus is Charles Montana, Jr. He is associated in business with his dad who has owned and operated the Charles Montana Real Estate Agency for the past 25 years.

**WE HEAR THAT:** Robert Dwyer, a proud member of the Hicksville AOH was elected last Tuesday evening to a five year term as Commissioner of the Hicksville Fire District defeating two opponents... Walter Thomas is still in the hospital - likewise Al Rogers, at Central General - speedy recovery, guys in time for Christmas is our hope... **CABLEVISION** will present a recent Public Access Program hosted by the Jim Carroll, Grand Knight of the Joseph Barry Council, Knights of Columbus, with John Mitchell of the Hicksville American Soccer Club and Peter Fitzgerald of Dublin, Ireland again on next Friday evening, December 22, on Channel 12 at 8:45 P.M. - mark your calendars - Joseph Abbondeolo of Nevada Street, Hicksville may give Bill Roemer some competition on the bag pipes, he is now interested in studies of Irish step-dancing - this lad is certainly heading in the right direction - if you teach step-dancing contact the writer at 935-4229 and we'll pass info on... If you plan to Dial for Information

in '79, it will cost you another penny on your bill... CPR course taking by a local woman, recently saved a life in the south shore - interested contact the Hicksville Fire Department or inquire about the courses at the Joseph Barry Council, Knights of Columbus - CPR is Cardio-Pulmonary-Resuscitation - easy to learn lifesaving techniques involving heart massage and mouth-to-mouth respiration. Remember False Alarms may cause an accident - be watchful in your area to prevent same.

**DID'YA KNOW THAT:** if you exit from Mid Island Plaza onto Nevada Street, going east or north, you may not have for 10 to 15 minutes (depending on traffic jams with holiday shoppers) - suggest alternate routes - that present traffic light gives about 3 cars a chance to cross - however, additional lights are now up and will be in use shortly we hope to correct problem... Construction in NW Hicksville is really moving along, most area temporarily resurfaced for traffic-only jump-up is at Kuhl Avenue and Lowell Place, where main interceptors are now being installed - otherwise contractors Davis Construction Co are to be complimented for speed and efficiency. Snow and Ice Control Flyers were distributed to school districts across TOB recently, a most efficient operation and no \$ cost to taxpayers - thanks to Supervisor Colby and program coordinator.

**ROUND OUR TOWN:** John Campbell of Hicksville is new Chairman of the Mid Island Conservative Club - the

December meeting of the American Irish Congress was attended by over 125 members. Plans include a fund raiser next year to be chaired by Kevin P. McDermott and your reporter (first class)... Anti-Defamation League of the Irish Congress will be the watchdog over matters or public actions - TV etc which may attempt to degrade the Irish people in public, private and song - good luck to Chairman, John Reddan - also the AIC is about to adopt a new constitution in January, 1979 according to John Sgrue, Chairman of the powerful Nassau Chapter - Tony Jackson, will chair 1979 membership drive of the AIC, please note - Denis Dillon, Nassau District Attorney will co-chair a special plaque presentation in Mineola, with County Executive Fran Purcell, both gentlemen are members of the Irish Congress and the AOI in their community - Denis has appropriately selected Easter Monday, next year for this special event. Active members of the AIC from our area include: Danny Donovan, Jack Campbell, Councilman Thomas Clark, Patrick Cwanan, Robert Dwyer, Ned Bergen and your reporter - we shall keep you posted - Christmas cards were mailed to prisoners in Long Kesh last Monday evening at the meeting to assure them of our concern of the problems in Northern Ireland and their immediate release - what about Human Rights in Northern Ireland, Mr. Carter, it's about time the President acted in this area and support the work underway by many for some years.

## "The Toy Shop"

The Woodland Avenue PTA in conjunction with the Cultural and Performing Arts of the Town of Oyster Bay proudly presented a most delightful opera, "THE TOY SHOP" on the morning of December 7th.

Performed by members of the New York City Opera Theatre.

"THE TOY SHOP" was both musically entertaining and instructive for its young audience.

The performance itself was preceded by a 15-minute introduction to opera in simple terms. Teachers gave the presentation an A-plus and the children were absolutely spellbound.

## HICKSVILLE CONGRESS OF TEACHERS An Open Letter To The Hicksville Board of Education

I honestly question whether you truly believe the "facts" contained in your letter to the residents of Hicksville dated November 29, 1978.

If you do believe these "facts", then your negotiating team (Mr. Campanella, Dr. Hawkins, Dr. Clancy and Mr. Weigang) has not been giving you a true and accurate picture of what has been going on in negotiations, and they are to blame, or you have been misinterpreting what was told you.

If, on the other hand, you do not believe what is contained in this letter, but put it out to try and "con" the people of Hicksville, then you are to blame.

Because I believe you are all honorable men and women, I am assuming the former; namely that you are operating from inaccuracies and misinformation, or misconceptions of what is going on. I will, therefore, attempt to clarify statements and issues.

First, while it is true that the Board as a whole, has refrained from making public statements until your letter of Nov. 29, such is not the case with the Board President. On November 14, and at least one other date, Mr. Nagle "laid out" most of HCT's contract proposals for the public. In his presentation, which is on tape and which the HCT will make available to any group(s) or individual, Mr. Nagle stated or rather mislaid many of our contract proposals in a way that would color them before the public, rather than present them in a fair objective fashion. Better yet, if you honestly believe that "the best way to achieve a fair and reasonable settlement is in a quiet atmosphere," then why did the Board President go public with his slanted version of our proposals, and why did the Board go public with their letter of Nov. 29?

If the purpose is to stop false rumors - then tell the truth - not the half truths that are contained in the November 29th letter - don't add to the false rumors and concern.

Specifically - let's set the record straight.

### THE BOARD HAS NOT BEEN NEGOTIATING IN GOOD FAITH

While it is true that the Board's negotiators have met with representatives of the HCT 15 times since April 28, the Board President, Mr. Thomas Nagle, stated publicly on November 14th before the Booster Club that it was the Board's plan all along to let the contracts of the teachers and all employee groups lapse.

That's right. You, the same Board, that now claims to be and have been negotiating in good faith - your own President has publicly stated that it was your goal - your intention all along - to let the contracts of the teachers, administrators, supervisors, principals, assistant principals, secretaries and custodians - all employee groups in the District - run out.

All the meetings held between April 28th and all the countless informal meetings that took place as far back as December of 1977 - all of these meetings were held under false pretenses - it was never your intention to settle with any employee group in December, January, February, March, April, May or June - your own President has admitted this - now don't tell us that is negotiating in good faith.

### THERE IS MORE THAN ONE MAJOR OBSTACLE STANDING IN THE WAY OF SETTLEMENT

In your letter, mention is made of an offer of \$500,000 (about 4 percent per teacher) made as far back as last spring. What about the higher salary offer made during the informal sessions going back to December of 1977? Did you forget that offer?

In any event, your letter states that you offered \$500,000, "this amount is in the current budget, and... this is not the obstacle holding up Negotiations" or the reason the impasse was called. What "illogical" logic!

Just because your offer of \$500,000 was made - and you budgeted that amount - doesn't mean the HCT necessarily accepts this amount. We, too, have had an offer on the table since last spring (cost of living) - we expect to settle somewhere between these two figures - not at the one you budgeted. Your own negotiator, Mr. Joseph Campanella said it best when he told Mr. Nagle, Dr. Hawkins and the HCT negotiators "Budgets don't control negotiations, negotiations control the budgets."

There are other issues, substantial issues, that continue to separate us - the issue of class-size is not the one single obstacle that stands in the way of settlement.

### THE HCT NEGOTIATING TEAM HAS NEVER DEMANDED TOTAL JOB SECURITY

In an effort to maintain the quality education that Hicksville has been noted for, the HCT has expressed a strong desire to keep the class size limits and staffing ratios as they presently exist in the current contract. If the Superintendent of Schools maintains that he thinks the class size provisions are what he would recommend and he has so stated, if the Board has no intent to lay-off staff members - and they claim they do not - then why not write in this intention? Why not allow the class size provisions to remain as they are?

There is a paradox in your reasoning regarding the possible reduction in state aid and its effect on Hicksville. If your claim that you have "a history of consistently providing the number of staff members necessary to offer a well-balanced educational program for our students" is valid, then how can you claim that a possible reduction in state aid could lead to your abandoning your "education minded" position. Does the amount of state aid determine the level and quality of education in Hicksville - or do you, as the Trustees of education make those decisions?

We can't move to an "early" settlement. We've long since passed the "early" stage - your decision is not to settle - to LET ALL THE CONTRACTS OF ALL EMPLOYEE GROUPS RUN OUT - precluded an "early" settlement.

Confrontation and bitter feelings aren't creeping into Hicksville. You're bringing it in to Hicksville on the wings of the Nassau-Suffolk School Boards Association. Mrs. Wolfson, Mr. McCormack and I all attended the Nassau-Suffolk School Boards Negotiations Workshop on Negotiations. We all heard the State School Boards Negotiator tell you, and all the other Board members present - "It's a calculated risk - but one well worth taking - force them to strike, let them strike - your resources are greater than theirs, eventually you'll wear them down and you'll win - you have to." If that is what your National, State and Local associations are telling you, and you believe it, and you follow it - then you are forcing the issue.

The HCT doesn't want a Levittown here - but we have a responsibility to the children and to our members - we will not - we cannot - we will not be dictated to - we will, however, work in a cooperative effort as we have in the past, to resolve our difficulties as an equal partner in the negotiations process, not the dictation process.

We join with Herbert L. Marx, Jr. - the fact finder in Plainville in "acknowledging taxpayer pressure on the board to hold costs to the lowest reasonable levels" On the other hand, he wrote, "the teachers - and any other groups of public employees - cannot be set apart in a vacuum from all others who earn a living and support a family."

We cannot and will not be set apart - we cannot and will not abandon our dedication to the children - they are our most important asset - they're what education is about - they're the ones that will suffer if confrontation and bitter feelings continue to build.

It is our hope that the Board of Education will agree to sit down and resolve the differences that separate us, and move to a settlement.

Sincerely,

*Bob Zahradnik*  
President HCT  
Chief Negotiator

We urge you to contact the Board members and DEMAND an end to this ridiculous situation. We care about the children of Hicksville; we have ALWAYS cared about them, and we know that you share this concern.

## School Snow Emergency Routes

Oyster Bay Town Supervisor Joseph Colby has announced the lists of streets designated by the local school districts as school snow emergency routes.

"These roads, or portions of roads, have been determined to be priority school bus routes by the respective school districts and will be given priority in snow clearing and sanding operations by the Town Highway Division crews," Colby said.

In order to expedite these operations, the Town Board is considering a new ordinance that would ban parking on these school snow emergency routes in the event of a snow emergency. The ordinance, which was the subject of a public hearing on November 28, states that a snow emergency will exist when declared by the Town Supervisor or when a snowfall of more than three inches is predicted by the National Weather Service.

The following streets were designated as snow emergency routes by the respective school districts:

Harriet A. Maher - 433-5994

Just returned from a great vacation trip to Mexico is Mae Neville of HICKSVILLE. Mae went with a group of people that included her son, John, and her daughter, Pat, and son-in-law, Herb Reimann. Pat and Herb were celebrating their 25th wedding anniversary with this trip. They spent 7 days in Acapulco and 13 days in Mexico

City. The group truly enjoyed their trip; and were grateful they missed the earthquake that occurred in another area of Mexico while they were visiting that country.

December 7 is a memorable date for all of us. But it holds particular significance for Frank Jopp of HICKSVILLE. Frank's

birthday is on that date. He and his lovely wife, Betty, celebrated Frank's "special day" together. Congratulations, Frank, from your friends and neighbors.

HICKSVILLITE, Nick Caruso, was recently elected Secretary of Company 7, Hicksville Fire Department. His term is for one year. You'll recall Nick was injured last year in the line of duty. He has fully recovered, fortunately. We're confident you'll do a great job in your area of responsibility, Nick.

Former HICKSVILLE residents, Joan and Jimmy Stenson, are grandparents again via their son, Larry, and daughter-in-law Barbara. The new addition to this family is Michael Lawrence Stenson. Little Michael is the third boy that Larry and Barbara have. We wish you all much happiness.

Proud parents, Ariene and Robert Howard, are pleased with their daughter, Geri-Anne's, decision to join the U. S. Air Force. Geri-Anne became a member of the Air Force on November 15, and she is presently stationed at Lackland Air Force Base. She is a graduate of Queen of the Rosary in Amityville. She had been employed by the U. S. Air Force before she joined up for a four-year term of service. Good luck in your new career, Geri-Anne.

Heard that Julia Fay has been ill and is home recuperating. We hope good health returns to you shortly, Julia.

Move over, Julia Childs, here comes HICKSVILLITE Anne Rennett to give you competition. Anne won a bottle of champagne at a barn dance held by K. of C. in St. Elizabeth's R.C. Church in Huntington Station. Anne's winning submission was her zucchini bread. I've tasted her bread and know how delicious it is—no wonder Anne copped top prize.

A special Mass was held in St. Ignatius R.C. Church in HICKSVILLE for Alex and Beatrice Andrews. The mass was celebrated in honor of a very auspicious occasion—the SIXTIETH wedding anniversary of this lovely Hicksville couple. Congratulations and best wishes to you both.

Nellie McClure has planned a special birthday present for her husband, Harold; a trip to Virginia and Delaware. Harold's

birthday was December 12. We wish you many more birthdays and gifts as nice as this one, Harold.

Our sincere condolences to Ann Jablonsky, HICKSVILLE, on the recent loss of her mother, Bertha Zilinski.

You've heard of the Swedish Nightingale, Jenny Lind? Well, you should hear HICKSVILLE's Nightingale, Dot Gallahue. I heard her sing the other evening and she has a beautiful voice. Dottie should share her gift more often with us Hicksville residents.

George Tappan and Mary Esposito, long-time HICKSVILLITES, were married on September 8, 1978. The Tappans honeymooned at "The Pines," and returned to Hicksville where they have a home. This charming couple were both widowed sometime ago and met and fell in love at the Hicksville Nutrition Center. Congratulations to you both.

James M. McTavish is home recuperating. Jim was in Syosset General Hospital, but we're glad to report he's feeling better and home with his wife. May good health soon be yours, Jim.

HICKSVILLE's Water Commissioner, Sam Weiss, and his wife, Kitty, have returned to our town from a Thanksgiving sojourn they spent in Eliot, ME. Sam and Kitty's son, Harvey, daughter-in-law, Shirley, and granddaughter, Joy fested and entertained the Weiss' for a week. Enroute to Maine, Sam and Kitty stopped in New Hampshire to visit a former Hicksville resident, Bob Wallace. Bob was well known in our community for his active participation in community affairs. He wanted his many Hicksville friends and neighbors to know he thinks of them and sends them good wishes.

Marie Siemers had a warm, loving and happy Thanksgiving holiday with her daughter Joan, and son-in-law Charlie Testa. Helping round out this family affair were Marie's grandchildren and great grandchildren.

Joseph Donovan, Esquire, was just admitted to the California Bar. This is the third state that Joe can practice law in. He has already passed the Bar Exams in New York and Florida.

Congratulations, Joe, you only have 47 more states to go.

Hey there, Artie Hirsch. Heard you celebrated your birthday December 11. Also heard there was a family party in your honor and that your sweet wife, Alma, took you out to dinner. Best wishes to you, Artie.

And on December 3 Nina Frech, daughter of Bill and Anita Frech, turned Sweet Sixteen. Nina's parents gave her a party and invited 7 of her girlfriends. Part of the party included dinner for all at Hicksville's Ground Round Restaurant. Anita is a student at Hicksville Jr. H.S. Have a "happy," Anita.

Happy birthday to Karen Lynn Masterson, of Berlin, N.Y. (formerly of HICKSVILLE, celebrating her 3rd on Dec. 23.

Father William Karvelis of St. Ignatius Loyola, HICKSVILLE, was one of more than 500 religious and civic leaders from across the nation who gathered at The Riverside Church recently for a two-day "Reverse The Arms Race" Convocation.

Mrs. Annette Samuels is looking a little happier these days, since her husband John, has been released from St. Francis Hospital after serious open heart surgery. John was released twice before but only lasted three days at home and had to be rushed back to St. Francis. This time around, thank God, he is home a little longer and hopes to fully recuperate at home. Mrs. Samuels wants to thank all of the blood donors, more than 100 and mostly strangers. Annette and John are the proud parents of two beautiful children, Ralph 8 and Robin 5.

Congratulations to Edward McCrossen of PLAINVIEW, who recently celebrated 25 years with Grumman Aerospace Corp. He works in the Maintenance-Rearrangement Department.

## WPOB Marathon

WPOB-FM, The radio station of the Plainview Schools announces its plans for "Long Island's greatest music spectacular ever." The students at WPOB-FM have proudly announced that their 28 hour non-stop music marathon will begin this Friday afternoon, December 15 at 2 pm and will continue throughout Saturday afternoon until 6 pm. Usually throughout the week, WPOB plays educational programs, except on Saturdays when students are given a chance to show off their talent at being a Disc Jockey.

Some of the highlights of the marathon will be, a countdown of the "Top 88" of '78, A four hour superstar special at 2 in the morning of Saturday, the Top 28 songs of the week will be counted down Friday at 2 pm, and a special salute to the top 60 recording acts of the 1960's. Prizes will also be awarded to listeners throughout the weekend by calling on the contest line, a telephone number to be announced over the air. Some of the prizes to be awarded, according to Jim Pierce a student supervisor, will be record albums, movie theatre passes, Roller Skating passes and some very special gifts for special listeners.

WPOB-FM can be heard on any FM radio at 88.5 on the FM Dial. Why not tune in? It's bound to be some of the best Rock Music you have ever heard.

## Tree Trimming And Lighting Event

In the 17th annual Christmas tree trimming event members of the Hicksville Rotary Club once again transformed the Hicksville downtown triangle area into a delightful holiday scene. Last Sunday, braving blustery winds and near zero temperatures and

with new lights and gold garland for the 35 foot high tree the rotarians completed the club project in four and a half hours. Taking part were Ed Johnson, Marty McDonnel, Joe DePaola, Harry Smith, Harry Peltz, and Rich R.igoli.

Hicksville rotarians Rich Rigoli and Marty McDonnel (left) look on as Ed Johnson turns on the Christmas tree lights.

## Gets Highest 'SAMPE' Award

George Lubin of Hicksville, chief scientist of materials and process at Grumman Aerospace Corporation, recently received the bronze plaque of the Society for Advancement of Material and Process Engineering (SAMPE) at the group's annual national technical conference at Kiamesha Lake, N.Y.

The plaque is the society's highest award -- bestowed only three times in the past 20 years -- and is given to SAMPE members

who have especially enhanced the stature of the materials and process engineering profession.

Lubin, a past chairman of the New York Metropolitan Section of SAMPE, has been in the plastics field for 42 years. He is credited with a number of developments, including one of the first formulations for plastic phonograph records. In 1946 he applied for the first patent on the fiberglass spray process. He has been with Grumman

since 1957 and was involved in the process development for fiberglass and, later, advanced composites.

Lubin has received numerous awards, including an award for distinguished service from the State Department. He has also been acting as a consultant and project coordinator for the United Nations on the introduction and use of composites in underdeveloped countries.

## Our Armed Forces

2nd Lt. Glenn A. Nathan, son of Mr. and Mrs. Charles S. Nathan, 299 Acre Lane, HICKSVILLE, a 1978 graduate of Florida Technological University, Orlando, recently received his Army Reserve commission

through the ROTC program at Georgia Military College, Milledgeville.

Nathan earned his commission in the Air Defense Artillery. He is a 1974 graduate of Merritt Island (Fla.) High School.

Spec. 4 Joseph Van Berckelaer III, whose wife, Patricia, lives on Bay Ave., HICKSVILLE, recently was assigned as a carpenter with the 84th Field Artillery in Neckarsulm, Germany.

Van Berckelaer entered the Army in November 1975. He is a 1974 graduate of Hicksville High School.

The specialist's parents, Mr. and Mrs. Joseph Van Berckelaer Jr., live on Bishop Lane.

Phillip T. Stumph Sr., Roots-town, Ohio has been named Outstanding Airman of the Month in his unit at Dover AFB, Del.

An air passenger specialist, Airman Stumph was selected for professional skill, duty performance and exemplary conduct. He is assigned to the 436th Aerial Port Squadron, a part of the Military Airlift Command.

The airman, a 1973 high school graduate, attended Mount Union, Alliance, Ohio and Southern Illinois University's extension, Dover AFB, Del. His wife, Allison, is the daughter of Mr. and Mrs. William H. Speltmann Sr., of Dakota St., HICKSVILLE.

Airman Mark S. Roberts, son of Mr. and Mrs. Ronald P. Roberts of 1 Stephen Drive, PLAINVIEW, has received a new assignment following graduation from the weapons-mechanic course conducted by the Air Training Command at Lowry AFB, Colo. The airman is a 1978 graduate of Super High School, Denver, Colo.

Senior Airman Phillip T. Stumph Jr., son of Mr. and Mrs.

Marine Second Lieutenant Robert M. Wiedenhaefer, son of Paul and Vera Wiedenhaefer of 138 Fireplace Lane, HICKSVILLE, was commissioned in his present rank upon graduation from Officer Candidate School.

Doreen L. Hutchings, soprano, will be performing in recital on Friday evening, December 29th, at 8:00 P.M. at The Plainview United Methodist Church, 992 Old Country Rd., Plainview.

A resident of Hicksville, Miss Hutchings received her Bachelors degree in Music Education from Fredonia State University and is presently completing her Masters degree in performance at West Virginia University.

Assisting Miss Hutchings will be Hugh Givens, bass-baritone and Larry Marietta, piano. Mr. Givens, a native of West Virginia is also a graduate student at West Virginia University. Mr. Marietta, a West Virginia University graduate, is presently music director at The First Presbyterian Church in Washington, Pennsylvania.

The program will consist of solos and duets from a wide range of vocal repertoire including opera and musical comedy.

Admission is free. Everyone is welcome.

### Curative Writing Workshop

Rene Powers, Resource Room Teacher at the Fork Lane School, has been invited to BOCES-Stauben Allegny to present a workshop in December on "Teaching Curative Writing as an Initial Instructional Writing System."

Mrs. Powers has developed a curative handwriting program which has already been successfully used with learning disabled children in Hicksville. The recent interest in curative handwriting for young children has prompted Mrs. Powers and her colleague Dr. Sally Kaminsky, to revise the program to include kindergarten and first grade instruction.

### Holiday Children's Show

Children from 4 to 10 are invited to take the Yellow Brick Road to The Roslyn Savings Bank in Woodbury on Thursday, December 28, when the Nicolò Marionettes will present two performances of The Wizard of Oz.

## Sweepstakes Winners

"Pay the Price," the horse chosen by "Win The Purse" contest winners Joe Aglio of Hicksville and Bob Swords of Kings Park, made his third and final start in the \$7,500 Fifth Race Thursday night at Roosevelt Raceway.

Driver Herve Filion brought him through and placed third, a repeat of his first two tries with earnings of \$1,020 apiece for the lucky twosome. Thursday's race adds an additional \$450.00 to their bank, bringing a total of \$1,470 for each winner.

So ends another exciting "Win The Purse" Sweepstakes - but

Raymond V. O'Brien, Jr., Chairman of the Board of the Emigrant Savings Bank, has announced the promotion of Lillian Guzzone of Hicksville to the position of Executive Assistant.

Mrs. Guzzone joined Emigrant in 1975 and is now with Emigrant's Westbury office. She has attended Hofstra University and the American Institute of Banking. She is the mother of three children, Frank, Joanne and Vincent. Mrs. Guzzone attends St. Paul the Apostle Church.

## Receives Award

An Artist of the Year award was presented to Sri Chinmoy by the monthly arts newspaper "Sunstorm" in Hicksville on Tuesday, December 5 at 8 pm.

Owners/Publishers Jaime Elin Forbes and Victor Bennett Forbes presented the award to Sri Chinmoy in a ceremony at the Sunstorm Arts Center in the Mid-Island Plaza. The award was the first annual one being given by the arts paper, and celebrates their fourth Christmas in print.

The Artist Of The Year award is being given to Sri Chinmoy in recognition of his significant and original contributions in the field of art. Sri Chinmoy's works are considered by many as the ultimate in mystical, abstract art as they are created while the artist is in a high meditative state and depict inner realities he is actually "seeing" at that time. Sri Chinmoy calls his art "Jharna Kala," which means "Fountain Art" in Bengali, and signs the paintings with his initials C.K.G. His works are primarily acrylics and are painted with a variety of unusually shaped instruments designed by the artist or his assistants. The paintings range in size from a few inches to 12 x 25 feet.

Appearing at the ceremony was the Universal Singers, who will perform four songs reflecting four universal emotions. The group performs these songs at events throughout the east coast, and their December appearances include Madison Square Garden, Shea Stadium and the New York Premiere of SUPERMAN.

## Galileo Lodge News

By Joe Lorenzo

Last Friday, the 8th of December, the Galileo Lodge held its second open house party structured principally to attract new members to our organization. The attendance was quite good, and some short orientation speeches were presented to give prospective members some insight into the inner workings of the Sons of Italy In America. Food, wine and

beverages were served and the congenial hospitality of our organization was graciously afforded to all present. Chairmen Ralph Vestuti and Tony Previte were very pleased with the results produced. We are happy to report that quite a few new members joined up.

The Galileo Lodge is in readiness for the two Christmas parties coming up this Sunday. Many of the members, including the Ladies' Auxiliary, have reported that they will gladly give up their time and efforts to insure the success of these two affairs. The Galileo Lodge has a very soft spot for these children and it will do anything and everything to provide them with the holiday spirit and mood. Appeals are still being sent out to business people and merchants throughout the Hicksville area to help us in our goal to make Christmas so much happier and meaningful for all these

## Opera Comes To Willet Ave.

As a special holiday treat for the children, the PTA of Willet Ave. School has arranged for the presentation of "The Toy Shop" by the New York City Opera Theater.

This children's opera portrays the life of a toymaker and his puppets and will be a full scale theatrical production. It will be preceded by a fifteen minute introduction to opera. The show is co-sponsored by the Town of Oyster Bay, "Artists In Residence Series" and will be performed at the school on Friday afternoon, Dec. 15. For many children it will be their first exposure to this area of the performing arts and we hope it will provide both an entertaining and educational experience.

The Galileo Lodge is also preparing itself for the New Years Party which will take place on December 31st, at our quarters. Price of admission is \$22.50 per person. To be featured that night will be a fine dinner, excellent dance music, unlimited liquor, noisemakers, hats and a continental breakfast during the early hours of the morning. Only 300 tickets will be sold, so act quickly and have a beautiful New Years celebration at economy

prices. Contact Joe Suigna at 931-9351 and Skip Monteforte at 938-7081 for further information.

On December 21st, at our quarters, The Lodge membership as well as the Ladies Auxiliary will hold their Member Appreciation Night affairs. These affairs are held mainly for the edification of all members of the Galileo Lodge. It is fun night and it is also a night that the Galileo Lodge offers to its membership in acknowledgment of their loyalty and support throughout the whole year. Expenses are paid by the Lodge, so why not come on out and enjoy the hospitality and congenial atmosphere offered by the Galileo Lodge.

**THE CHRIST SEASON APPROACHES:** The students of Trinity Lutheran School, 40 West Nicholai Street, Hicksville, prepare for their annual Christmas pageant. This year the pageant is under the leadership of Mrs. Christine Rae, first-grade teacher. The pageant will center around the theme, "God's Three Christmas Gifts: Joy, Peace and

Love." The date for the pageant will be on Wednesday, December 20 at 7:30 p.m. and all parents and friends of Trinity are invited to attend.

The students are looking forward to that night with great joy to celebrate the coming of our Lord and Savior, Jesus Christ.

## Mid Island Gymnastics

Mid Island Gymnastics teaches children from the ages of 2½ and up. The school which is located on the corner of Old Country Road and Jerusalem Avenue, Hicksville, in the Holy Trinity Episcopal Church gymnasium is currently midway through its sixth year, making it one of the oldest and most established schools on Long Island.

Programs include tiny tots classes for children 2½ to 5, as well as beginner to advanced classes for children 5 and up. There are boys classes and classes for adult women who want physical fitness in a form that is fun. The school is also proud of its junior and senior teams which last year produced three girls who were fifth, sixth and second place winners in New York State meet competition, indicating a high level of quality produced by the school.

The director and head coach is Joel Schaeffer whose credits include six years of coaching Hofstra University mens and womens varsity gymnastics teams. Joel has also directed Hofstras five summer gymnastics camps and Saturday classes for six years, as well as numerous other positions of responsibility including a trip to Budapest to observe in the top gyms of Hungary.

Anyone interested in further information may call 364-2262.

## Letter To The Editor

To The Editor:

I agree with Supervisor Colby's message (ref. Mid Island Herald, Nov. 30, 1978, we should shop "locally" as it helps the economy of our town. However, I take issue with his typical politician double-talk.

How can he explain patronizing a foreign bank (Bank Hapoalim) located in another County (Suffolk) and in another town (Huntington)?

As a life long resident and taxpayer of this town, I question his credibility and demand his decision should be made in the best interests of all the taxpayers.

Sincerely,  
John Fazio

## Camping Program Registration

Registration for the Mid-Island Y 1979 Camping Program is now being accepted. Members who register before February 1, 1979, will be charged at the 1978 rate for most programs.

New in 1979 will be a special Day Camp program for pre-school children 3-5 years of age. This special program, "Chaverim", will be housed at the Plainview Building and will offer a full range of experiences, indoor and outdoor, as well as swimming daily.

The regular Day Camp program, on the Henry Kaufmann Campground facility, in Suffolk County, will accept Kindergarten age children for the first time and will again offer a full day of outdoor Camping, Arts and Crafts, Athletics, Swimming, Jewish Culture, and Social Activities for boys and girls through the 6th grade.

Bus transportation is provided for all Camping Programs.

For more information, contact the Mid-Island YM & YWHA, 822-3535, or drop in at the 45 Manetto Hill Road building, in Plainview for a 1979 Camp Brochure.

An important message for LILCO customers:

# If you're thinking about adding insulation to your home or making some other energy-saving improvement, we may be able to help.

LILCO is making available to its customers a comprehensive program of home energy audits in compliance with the New York State Home Insulation and Energy Conservation Act.

The goal of the program is three-fold. First, it's designed to help you identify areas in your home where you may be wasting energy. Secondly, it prescribes energy-saving measures or steps that you can take to stop the waste. Finally, it makes available a special financing plan for the installation of such energy-saving improvements.

### THE AUDITS

For a minimal charge, LILCO will conduct two types of energy audits for all customers who are homeowners or tenants of one-, two-, or three-family homes. The first is an On-Site Audit conducted by a LILCO Representative in your home. The second is a Mail Audit completed by LILCO based on information supplied by you.

### WHAT THE AUDITS COVER

The two audits offered by LILCO will include the following energy conservation measures:

1. Insulation. (Attic floors, uppermost ceilings, exterior walls, floors above unheated basements or crawl spaces, foundation walls in heated basements or crawl spaces.)
2. Storm protection—windows and doors.
3. Caulking and weather stripping.
4. Water heater insulation.
5. Thermostat setback devices.

The audits will show where energy-saving improvements can be made, the estimated cost of these improvements, the estimated savings on your energy bills, and the estimated time of pay-back.

In addition, LILCO will provide customers with a list of contractors qualified to install the conservation measures.

### FINANCING

To be eligible for financing under the Home Insulation and Energy

Conservation Act, you must have an audit performed. The energy-saving measures to be financed must pay back, through energy cost savings, the costs of materials and installation within a period of eight years. All work done must meet the criteria set by the Public Service Commission. These requirements apply both to contractors and do-it-yourselfers. Special arrangements have been made with participating banks to finance eligible energy conservation installation costs.

### HOW YOU MAY PARTICIPATE

If you're a LILCO customer living in Nassau or Queens, you can obtain an application for an audit by writing to: Energy Audits, Energy Services Dept., LILCO, 250 Willis Ave., Roslyn Heights, N.Y. 11577. In Suffolk, write to: Energy Audits, Energy Services Dept., LILCO, 1650 Islip Ave., Brentwood, N.Y. 11717.

## Set 1979 Mail Standards

Implementation of new minimum-size mail standards will take place next March or April, the U.S. Postal Service said today.

The same effective date will be used to implement a surcharge for oversized mail - a matter now pending before the Postal Rate Commission.

The Postal Service's Board of Governors established the timetable for the common implementation date at its regular monthly meeting today in Washington. The Postal Service had previously stated that the minimum-size standard would become effective "not before Nov. 30, 1978."

The Board decided, at the recommendation of the Postmaster General William F. Bolger, to defer the minimum-size standards to avoid any unnecessary complication during the Christmas mailing season and to allow major mailers a final opportunity to prepare for the change.

Rather than have separate implementation dates occurring around the same time for the minimum-size standards and the oversize surcharge, the Board decided to consolidate the actions.

Currently, the independent Postal Rate Commission is considering the Postal Service's proposal for a 13-cent surcharge for oversized mail and has until February 25 to act on it. Assuming PRC action around that date, the Board of Governors would consider setting the specific implementation date at its March meeting.

The Commission approved the minimum-size criteria and the principle of a surcharge for oversized or nonstandard mail pieces in April, 1976. The Postal Service

announced its intention to put them into effect in 1978 in order to permit customers to use up existing supplies and prepare new inventories.

The minimum-size standards, which apply to all classes of mail, establish that envelopes and cards measuring less than 3 1/2 inches high or 5 inches long and certain other items that can jam machinery and damage other mail will not be accepted. Also, the new requirements call for a thickness of at least .007 of an inch. Postal cards have a thickness of .009 of an inch.

The new standards for oversized or nonstandard mail allow that mail to be accepted, but to be subject to the surcharge under consideration by the Postal Rate Commission.

In discussing the decision to put the implementation date off until early 1979, Bolger noted there have been a number of appeals for extensions of the minimum-size standards from utility companies in order for them to have more time to change their billing systems to a format which produces bills of a mailable size. He said deferral of the effective date would provide "one final warning."

When asked recently by his views on the 55 mile an hour speed limit, a national enforcement authority came up with both a "yes" and a "no" answer.

The authority was Glen D. King, executive director of the International Association of Chiefs of Police. From his association viewpoint, he has this reaction to this speed limit:

"We strongly endorse the nationwide 55 mph limit because it has contributed to substantial reductions in traffic fatalities and to energy conservation. IACP is urging stricter enforcement of the 55 mph limit."

King is also a director of the Safe Winter Driving League, headquartered in Chicago. From this perspective, he has a qualified view of the 55 mph limit.

"The 55 mph limit is intended for ideal road and weather conditions," King pointed out. "But this limit is entirely too fast during winter conditions that result in slick pavements and poor visibility."

King's contention is that many motorists evidence little or no concept of the extremely poor stopping ability on a snowy or icy pavement. He cited these comparisons:

At the legal speed of 55 mph, the braking distance for the average car is approximately 150 feet under ideal road conditions. In contrast, National Safety Council Committee on Winter Driving Hazards test figures show a braking distance of 149 ft. on glare ice at a speed of only 20 miles an hour.

"In other words," King emphasized, "for equal stopping ability, speeds on glare ice should be no more than about one-third of those on bare, dry pavement!" King quoted NSC skid-test find-

## 55 MPH Too Fast In Winter

ings related to traction aids for snowy and icy pavements, in the order of their effectiveness.

**REINFORCED TIRE CHAINS** tops for severe snow and ice conditions. They provide four to seven times as much traction as regular highway tires for pulling through deep snow or driving on glare ice.

**STUDDERED SNOW TIRES** (where permitted) - next best for ice. New studs provide about three times the pull of regular tires.

**REGULAR SNOW TIRES** - half again as much pulling power as regular tires in loose snow; but only 28 percent improvement on glare ice. Regular snow tires offer no advantage in stopping on glare ice.

"However," King warned, "regardless of these improvements, in no instance is the resulting traction close to that of conventional highway tires on a dry or even wet pavement!"

King also reviewed personal winter driving techniques recommended in NSC winter test reports and also endorsed by

IACP:

\*Get the "feel of the road" whenever there is any question as to how slippery the pavement is. By gunning the engine or by jabbing the brake pedal you can determine how much traction is available. Reduce your speed and increase your following distance accordingly.

\*When slowing or stopping on slippery pavements, "pump" your brakes. An intermittent pumping action keeps your wheels rolling and helps maintain steering control. Locked wheels are sure to throw your car into a skid.

King concluded with this final advice:

"If your car does go into a skid, steer into the skid. In other words, turn your wheels in the same direction the rear of the car is skidding. When you feel the car start to recover, straighten your front wheels. And above all, don't hit the brakes when the rear end starts to slide. You can't steer a car when all four wheels are locked and not rolling."

## Sharing Is Caring

What happens to the dimes, quarters and dollars tossed into a Salvation Army kettle at Christmastime?

Those "Christmas gifts" help The Salvation Army bring a touch of holiday joy to over three million people in all parts of the nation.

Needy families receive the "makings", or a check to provide a good holiday dinner, and toys and clothing for the children. People who are alone come to Salvation Army centers to enjoy the music, companionship, and a delicious Christmas dinner.

Lonely people in hospitals and nursing homes receive a gift and a cheering visit. The prisoner is not forgotten, and his or her family is also remembered.

Men and women who are struggling to be free from their dependence on alcohol find the Army's Adult Rehabilitation Centers a refuge at the holiday season.

Since 1891, The Salvation Army Christmas kettle has been helping to make the holiday a meaningful day.

**Christmas Service**

Among the most enjoyable Advent events in preparation for Christmas is the annual presentation of the Service of Lessons and Carols at Holy Trinity Episcopal Church, Hicksville, with The Singing Boys of Long Island, under the direction of Mr. Gerald Baker. For the fifth year in succession this event will be held at Holy Trinity this coming Sunday, December 17, at 5:30 P.M. with Mr. Herbert Bradensten at the organ. Under the direction of Mr. Baker, The Singing Boys have achieved world-wide acclamation and have already sung this year at Rockefeller Center and St. Patrick's Cathedral in Christmas celebration.

The community is cordially invited to attend this Service where scripture lessons following the prophecies through the birth of Christ are interspersed with the beautiful carols and anthems sung by The Singing Boys.

**Adopt A Best Friend**

It has been said that a dog is man's best friend. A man can also be a dog's best friend and what better way to show it than adopting a puppy or dog through the Town of Oyster Bay's annual Adopt-A-Puppy-For Christmas program.

Town Councilman Joseph J. Saladino announced this week that the Town's Animal Shelter now has a variety of puppies and full-grown dogs ready for immediate adoption. The cost is \$2.00 plus a dog license fee of \$2.35 for males and spayed females, and \$5.35 for unsplayed females.

"A dog can be a special gift for someone on your Christmas list or even yourself," Saladino commented. "But part of being a dog's best friend is making sure that whoever is the recipient of the animal genuinely wants to have a dog and is willing to accept the responsibilities of being a pet owner. The worst kind of

cruelty is giving a puppy or dog to someone who will ultimately reject the animal once the initial novelty wears off."

The Animal Shelter is located on Miller Place, Syosset. It is open weekdays from 8 AM to 3:30 PM and Saturdays from 8 AM to 2:30 PM. The telephone number is 921-5120.

## At The Hicksville Library

Sunday, December 17 at 3:00 P.M. the Hicksville Library will present the Hicksville High School Madrigals in their annual holiday concert. This group, directed by Mr. Charles Arnold has been performing at the library for many years to the delight of the entire community. The tradition continues with a tea that is donated and served by the Friends of the Hicksville Library.

Come to enjoy the presentation of our musical students and to partake of refreshments of the

season. All library concerts are held in the auditorium, and are always free.

**On Display**  
 On display for the month of December in the Hicksville Public Library are eleven flying models of early planes to help commemorate the 75th anniversary of the Wright brothers flight at Kitty Hawk on December 17. This historical presentation of the forerunners of the SST's and the other supersonic jets is on loan to the library

from members of the LIDS (Long Island Drone Society). Wally Kranz, a Hicksville resident arranged the exhibit for the library. He obtained models from Howie Applegate, Robert Weiss, Dr. M. I. Sussman, Tony LaVardera, Will Diehl, Joe Grive and also one of his own.

The Hicksville Library thanks these men for the time and effort put into making this display possible, and a special thanks to Wally Kranz, who had the job of getting all the wrinkles ironed out. Thank you, thank you.
