Hicksville Memorial Fund In Final Stages

The Hicksville Kiwanis Memorial Fountain Committee in its first meeting of 1979, reported enthusiastic support of the fund raising effort in 1978. Within the next few days a complete listing will be published of those who contributed during 1978, to this improvement project for the business area.

As of this date other community minded organizations such as both girl and boy scouts are helping to muster support both within their own organizations and the community in general. It is anticipated that such efforts will produce substantial numbers of additional contributors. The committee is also looking to further support from business establishments and residents who have not

already contributed.

Committee Chairman Kingsley Kelly announced that "what is really wanted now is a large number of contributions in the category of 'Participant' (from \$1.00 up to \$9.00) as evidence of community interest and involvement." The committee asks "Won't you contribute as little as \$1.00 or \$2.00 and get a relative, friend or neighbor to do the same?" We want you to be able to say "I had a part in Hicksville's beautiful Memorial Fountain." Contributions should be made payable to Kiwanis Foundation of Hicksville, Inc. (a charitable tax deductible organization) and sent to Mr. Ronald J. Wagner, Assistant Vice President, National Bank of North America, 20 Jerusalem Avenue, Hicksville, N.Y. 11802

Hobby Night At The Council

by Carol Wolf

Thursday, January 4th was Hobby Night and the Hicksville Public Library glowed with talent as representatives from Adult Education and the Independent Art Society displayed what could be done with leisure time. There were seven tables filled with their creative talents of these people and their students.

Jean Passarelli teaches ceramics in Adult Education and she showed how a piece goes from greenware to display on a shelf. She discussed how an underglaze is put on with water soluble paint, how a piece is fired, and how to look for shading and antiquing. Besides her class at the H.S., she also teaches Wednesday afternoon in the Library.

Mildred Stein had a table full of miniature furniture. To be adapted in this craft, you must think miniature. There is almost no expense involved, for you work with paper, compact mirrors, emery boards, toothpicks, and small slivers of wood. An adult's thumb usually covers a piece of miniature furniture and ideas can be obtained from books. Mildred teaches a class in Adult Ed.

John Kern teaches jewelry making. His class can be expensive, for the student pays for their own material. He explained the different types of silver and said that the more alloy in the metal, the harder it becomes. And gold at 24 carat is soft and heavy. Jewelry making can be done at any age, but the only thing that limits the student is his her imagination. He mentioned that his students work in turquoise, zasper and opal. Opal can range from 50c (milky white) to \$2,000 a carat and cannot take any sudden temperature change, high altitude or detergent, for it will break.

Michael DiPoali become interested in glass when he had

replace a window in his home. After getting the knack of how to cut glass, he invested in a few pieces of stained glass and his imagination took over. It is similar to a puzzle with numbered pieces being cut out and molded together with solder. In his first class, he asks his students to bring in pieces of broken glass to practice on. The larger pieces he displayed cost \$10 to \$12 to make and in the stores, they would sell for \$45 to \$60. Illustrations and designs can be obtained from a book and these creations make perfect Christmas gifts.

Ann Kwaschyn calls her expertise "Trash Art" but it is anything but trash. She has made beautiful wreaths from pine cones, cuddly animals from wool, a lamp from egg cartons, hanging decorations from old Christmas cards, graduates from Riders Digests and others too numerous to mention. She never throws anything away, not even a toilet paper roll. She also teaches in the Adult Ed program.

William Horne says that everyone has a camera. He teaches three courses in Adult Ed and in the beginning course, he starts with the basics, the technical operations of a camera, and working in the newly formed dark room of the high school. The advanced class goes into aesthetics and what makes a good picture. His demonstration photos show that there is beauty all around us, if only we look. Photography is painting with light, working with reality. He also mentioned that film can be frozen as long as it is sealed and the five best types of cameras are the Nikon, mympus, Cannon, Minolta and Pentax, not necessarily in that order. Bill also makes the coaching movies for the Hicksville Football Team.

Marge Giannelli, director of Adult education mentioned that she was impressed with the talent

that is available in Hicksville. It proves that people can have a job and a fruitful, talented leisure time as well. Adult Ed is only one of 6 Continuing Education Programs and runs at a cost of \$17,000 included in the whole Continuing Ed program which totals \$60,000. The Hicksville Program has run for 17 years, due to the ingenuity of those who went before, especially its first director, Elery Bean. One year, there were 4,000 registrants and this year, registration will be during the week of February 5th.

Talented people also join clubs, as the Independent Art Society demonstrates. Mimi Doherty, Past President of the Society says that they are a group of artists from many Communities who meet in Hicksville. There is open membership, the cost is \$7.00 per year, and the benefits are great. Some members began painting as a hobby and turned professional. The Art Society opened its own Gallery next to the Hicksville Theater which was very exciting, but they couldn't afford to keep it up. They have a show once a year in the fall at the Library and give very generous prizes. Their next project is to help the Friends of the Library have an art show from the works of the children in the district. Their meetings are the first Monday of the month at the Library and the meetings are opened to the public. If there is a demonstrator, a small donation is asked at the door and the painting the demonstrator had made is raffled off at the end of the night.

The Council then moved on to the Hicksville Town Meeting, Arthur Rubenstein, the representative from the Hicksville Auxiliary Police, unit 312 mentioned that they are in existence 17 years and are a volunteer organization. They are called upon to do emergency

work, security work and church crossings. If anyone is interested in becoming a volunteer in the Auxiliary Police, write to Dom Lapedote, 20 Montana Street, Hicksville. The Auxiliaries are also losing their headquarters, so if anyone has any space where they could store their equipment and hold a meeting, let Mr. Lapedote know.

Councilman Clark ended the meeting with a summary of what is going on in Town Hall. There will be a public hearing on G-1, downtown in our town. Duffy Avenue is a County project, and one would effect the other. Tom would like to hear any ideas or suggestions. Write or phone him at Town Hall. He mentioned that Hicksville is a divided Community - divided in four by Old Country Road and Broadway. It also has 4 Assemblymen and he feels that the Hicksville Community Council is good, for it binds the Community. And finally, he mentioned that an application for a Racquet Ball Club has again been received by Town Hall for the West Green parcel of land on the border of Hempstead and Oyster Bay. The parcel is privately owned property. What do you feel about it? Let Tom know.

The February meeting of the Hicksville Community Council will be held on the first at the Library and the speakers will be Ann Ocker, Town Clerk, and Solomon Newborn, Receiver of Taxes for the Town of Oyster Bay. And we will be reporting any progress in the G-1 zoning. Everyone is invited to attend.

Dear Friends

Action Is Long Overdue

Ten long years have passed and the onerous, unworkable and possibly unconstitutional G-1 Zone which by order of the Town of Oyster Bay affects the entire downtown triangle of Hicksville is still making it impossible to develop our downtown area.

The state of the nation's economy as it affects demands for office buildings, and many other reasons including the vocal opposition of some Hicksville residents to any downtown buildings over 2 or 3 stories, have immobilized, for ten long years, any sensible development of this area as it is hamstrung by G-1 zoning restrictions. We are amazed that property owners in this area have not banded together to fight the constitutionality of G-1 in the courts. Nothing like it has ever been imposed on any other part of the Town of Oyster Bay, to our knowledge.

We agree that those serving us on the Town Board ten years ago meant well they hoped that large office buildings and stores would continue to be needed and that this area would be the logical place for them to be built. They respected the wishes of those residents who attended a meeting of Town Planners and loudly opposed a well-developed plan, made by professionals. Also they did not wish quick food places springing up in the area and making intelligent downtown planning virtually impossible. The result has been ten long years of stagnation, downtown mud puddles and illegal parking on private property.

In order to break this deadlock we suggest that the Hicksville Community Council appoint a committee made up of members of the Hicksville Chamber of Commerce (which is already working on the removal of G-1 zoning), of every civic association in Hicksville, of the school, water and fire districts and of the Hicksville Fire Department and of any other large organization who wishes to serve in helping to solve this problem.

This community-wide committee could work with Town, County and State officials and planners and also could bring back their findings to the Town Board and to their own organizations, so that they too would be aware of how all interested Hicksville residents, merchants, and property owners, consider the best way to break this existing deadlock and proceed to develop our downtown area intelligently. Every home owner has a stake in this for a well-planned downtown Hicksville will build up and take its fair share of taxes off the shoulders of the already overburdened resident taxpayer.

We strongly urge attendance at the next Community Council meeting, for this purpose. It is scheduled for Thursday, Feb. 1, starting at 8:30 pm at the Hicksville Library on Jerusalem Avenue.

Ten years of unrealistic zoning is too long. Let's get this show on the road.

Tax Instructions Easier To Read

If you are one of those people who has had to fight your way through the tax return instructions each year in order to prepare your federal income tax return, you'll be pleased to learn that help is at hand.

This year's instructions have been thoroughly revised using methods recommended by a readability expert. As a result, the instructions are easier to read and contain as little jargon as possible.

Some of the changes include

shorter sentences, simpler words, and a less cluttered look featuring a format that corresponds line for line with the return. Because information is presented as it can be used by the taxpayer, the need for cross-referencing and flipping back and forth is minimized.

Form 1040 users will find that besides a new format for instructions, the form itself is somewhat different in appearance from last year, but the line items are the same.

At The Town Board Meeting

By Gerry Kahn

Mr. Herb Ballin, represented Mr. Gilbert Tilles in his petition for a special use permit to maintain and use in an Ind. H District an extension to an existing building and further modification past restrictive covenants. This was the first item on the calendar at the Town Board meeting held on Tues. Jan. 9.

The extension would add an additional 26,000 square feet to an existing building that would total 40,000 square feet. The request would only result in 25 percent coverage and meet all requirements. The new facility would have no curb cuts on Woodbury Rd.

Mr. Ballin told the Board he has complied with every request presented to him. He, by law, wasn't required to file a map, but he did. The Nassau County Planning Commission finally recorded his map on Jan. 8, after application was made under law 334A.

Supervisor Colby stated that the Nassau County Planning Commission has done a disservice to the public and especially the Town Board of Oyster Bay.

The Planning Commission took a position and then retreated and have not offered any commentary relative to the proposals made by Mr. Tilles.

Mr. Ballin in his concluding comment stated that another application was forthcoming and that a master-min plan of the remaining 15 acres of property will be submitted by that time.

The balance of the six other hearings on the agenda of 56 items were not of local concern with the exception of item No. 6

which pertained to Vehicular Speed Limits on Brush Hollow Rd. in Jericho.

Item No. 12 on the agenda was a resolution, accepting a fee in lieu of park land on the Map of Linden Acre Estates, Syosset.

The next item was relating to payment of claim in connection with services rendered by appraiser in evaluating the Underhill Estate at Jericho (Community Park, 25 acres.)

Item No. 17 authorized consulting engineers to proceed with design phase of the contract for the construction of storm drains and appurtenances on W. Barclay and Marion St., Hicksville.

Item No. 20 extended the time on the contract and the installation of a new boiler at the Animal Shelter, Syosset.

Item No. 23 directed the Town Clerk to advertise Notice of Hearing on petition of Jerry Spiegel for a change of zone from Res. D to Bus. G in Hicksville (W. s 18th St., n s Burke Ave.) Hearing date is set for Jan. 30.

Item No. 24 directed the Town Clerk to advertise Notice of Hearing on petition of Communications Leasing, Inc., for permission to erect and maintain a radio wave transmission tower at Plainview (No. 1 Fairchild Ave.) Hearing date is Jan. 30.

Item No. 28 authorized Consulting Engineers to proceed with additional services relative to the installation of Chain Link Fencing at South Woods Rd. Bridge over LIRR, Syosset.

Item No. 33 authorized waiver of the Building Code requirements, concrete block construction on a frame home on E. Marie

St., Hicksville.

Item No. 39 approved final acceptance on the contract that dealt with the resurfacing of the parking field entrance road, walks and miscellaneous improvements at Plainview-Old Bethpage Community Park, Plainview.

The following item increased the engineering fees relative to the improvement on Miller Rd. from Woodbury Rd. to Frank Ave., Hicksville.

The opening item on the calendar, Gilbert Tilles petition for the 24,000 square foot extension met opposition from Mrs. Jacobs, representing the South Woodbury Taxpayers Association.

Mrs. Jacobs stated unequivocally the Mr. Tilles has unquestionably contributed to the welfare of the community in many ways and as a businessman it is understandable why Mr. Tilles was motivated to proceed with the Froelich Farms Industrial Park in the matter in which it is being built, however the method has circumvented a procedural method that has been recognized as law and would have been if properly administered in the best interests of the community.

Joining Mrs. Jacobs in her opposition were Linda Polatsch, Nana Kandell and Pat Portelli. Mrs. Portelli stated that in the event of a traffic-light was necessitated at Colgate Lane and Woodbury Rd., it would create a short cut to Jericho Tpke. Supervisor Colby stated that there would be safeguards created to prevent any such occurrence.

The formal meeting concluded at 2:13.

Hicksville Auxiliary Police

by Carole Wolf

To be the eyes and ears of the Police Department is the objective of the Hicksville Auxiliary Police. This group of men in blue were organized over 25 years ago to help relieve the valued patrolman from mundane matters, such as church crossings and traffic control. They have grown over the years to include security work and life saving among their tasks.

The current Chief of the Auxiliaries is Dom Lapodote, a handsome, rugged man who drives a truck for Zara during the day and accomplishes "what has to be done" at night. He has been a member of the Auxiliary Police for 12 years and made his way up the ranks. He loves this volunteer job, even though as chief, he has a lot of paperwork. But there are times when he feels dejected, when "nobody wants to help you."

Mr. Lapodote explained that they are paying \$350 to \$400 a month in rent, heat and telephone when there is no income. It will be their last month at 181 Old Country Road and they are looking for a place, a headquarters, where their organization can have a base radio, hang their uniforms and have a meeting. They have tried many organizations, Churches and Departments in Hicksville but the result is always the same "They never return your call."

But when you get Dom talking about his group's accomplishments, his face beams. A few years ago, Ptl. Nicholas Cilla and Ptl. Lee Bartone gave a three year old boy mouth to mouth resuscitation when he had stopped breathing after an automobile accident. On June 25, 1978, about 10 P.M. Sgt. Schneider, Ptl. Abbatiello and Ptl.

Berry had apprehended 3 youths while on school patrol. The youths had broken into the Woodland Avenue School and had in their possession 8 tape recorders, 1 phonograph and other video-visual items. On June 18, 1978, Sgt. Schneider, Ptl. Abbatiello and Ptl. Freeman had responded to a "report to aid" at the Administration building. They found 2 coffee cans fused with chlorine gas and alerted the NCPD bomb squad. The 13 year old youth who was detained was found to be in possession of marijuana.

During the past year, the Auxiliary Police had assisted at the funeral of the Bethpage firemen, performed traffic control on Broadway for St. Ignatius, at the Westbury Music Fair, and at the Hicksville Fireman's Tournament on Labor Day. They also have provided security for the Sons of Italy Fair, for the Gregory Museum gem and mineral show, and have aided the St. Ignatius Drum and Bugle Corps at their show in July.

The Hicksville Auxiliary Police are always looking for new members. To join, you must be a citizen of the United States, be of good character, in good physical condition and be 19 or older. After a briefing by the Chief, the questionnaire the candidate fills out is mailed to Mineola and a physical follows by the Police Surgeon. The County then trains the candidate in a 12 to 14 week course. The only obligation of the auxiliary patrolman is that he put in a minimum of 4 hours per week of volunteer time. Dom has the questionnaires and they can be obtained by writing to him at 20 Montana Street in Hicksville.

At present, the Hicksville Auxiliary Police consist of 15 men. Besides Chief Lapodote, there is Captain Walter Bannan,

Lieutenant Jack Jablonowski, Sgt. Tom Schneider, Sgt. Gary Ward and Sgt. Nick Cilla and several patrolmen. Past Chief Horace Lineo retired this past year and past Chief John Bernetti is the Community Director.

Fighting the old cliché "People don't care," the Hicksville Auxiliaries have been available for security, parades, and traffic control. All they ask is a small donation for gas and car maintenance. But the school Board "voted them out" and because of a territorial dispute, they may be out of a job at Westbury Music Fair. They receive no funds from the County, State, Federal or Town of Oyster Bay. No money plus a very large rent makes one big deficit.

The Hicksville Auxiliary Police is here to help our Community. Instead of sitting comfortably in a nice, warm house watching a football game, they are out when they are needed to protect you and your tax dollar from the big "rip-off." Help them - so that they can help you.

Letter To The Editor

Dear Resident:

The Board of Education recently spent thousands of taxpayers' dollars in an expensive attempt to convince you that they are really the "good guys" who are engaging in a battle with the teachers to try to keep your taxes down.

What nonsense. What they are really trying to do is to set the stage to gain public support for their intentionally strike-provoking posture. By filling their letters with self-serving distortions, half-truths, and carefully selected hair-raising numbers, they insult the intelligence of every taxpayer in this district.

You know for a fact that Hicksville has always had a good staff-board-community relationship. There has never been a "Plainview" or a "Levittown" or an "Island Trees" situation here. We have always been able to work out our differences.

You know for a fact that we once had over 750 teachers in this district. In the past few years we

have been able, through negotiations, to reduce our staff by over 200 teachers.

You know for a fact that Dr. Hill, our former superintendent, was able to work out, through negotiations, a "zero-growth" budget.

You know for a fact that we, the teachers, have always accepted the realities of economic life and have tried to cope with them as best we could. We are taxpayers, too, and many of us live in Hicksville.

Why, then, has this Board changed? What have they to gain by trying to demoralize and degrade the staff?

"Force them out. Force them to strike. That way you get 2-for-1. Two days' pay for every one day they're out. You've got nothing to lose."

Is this where we're at? Is this any answer? Is this the type of situation you want to see in Hicksville?

You certainly don't want the disruption, the name-calling, the hostility, the reduction of

property value, and the eventual mass exodus of middle class taxpayers in this district - which will happen - if something is not done.

What can you do?

You can call an individual Board member or write to them and tell them how you feel. You can ask them why they have intentionally let every contact run out. You can ask them why the secretaries have no contract - why the custodians have no contract - why the administrators have no contract - and why the teachers have no contract.

Your calls, your messages, your questions will help Hicksville.

Thank you.

A winter wonderland visit was enjoyed by Betty and Frank Meyer and their daughter Margaret recently. This threesome drove to Connecticut during the recent holidays to visit Betty and Frank's son, Richard, daughter-in-law, Joanne, and their grandchildren, Richard, Jr. (1 yr.), Ginger (15 yrs.), and Ronnie (11 yrs.). It snowed while they were there and everyone enjoyed sledding and cavorting in the freshly fallen snow.

Guess who was able to join his family and help them celebrate the Christmas and New Year holidays? It was Tom Kluck of Suggs Lane, HICKSVILLE. His parents, Jo and Bob; and his brothers, Bob, Jr., and Steve, were delighted to have Tom home from Great Lakes, Ill. where he recently completed Boot Training. His parents held a welcome home party for Tom which was well attended and enjoyed by family and friends. Tom is presently stationed at New London Submarine Base where he is receiving schooling. He will be there for about two months and then will be reassigned elsewhere. In addition, the U.S. Navy is utilizing Tom's musical talents by having him play in the U.S. Navy Band. Good luck to you, Tom, in your career.

We have learned that since Tom Kluck was home for the holidays, his dad, Bob, was taken to Central General Hospital for tests and recuperation from a recent illness. Bob is a very active member in the Hicksville community and is involved in many civic affairs. We wish him good health and a speedy recovery. Why not send him a card at the hospital - we're sure it will please him to hear from his friends.

Another active and civic-minded HICKSVILLE is Pat Foley. Pat is a retired Grumman guard and still lives in Hicksville with his daughter, Joan Moskos. Joan was born and raised here in our town. She graduated from St. Ignace Loyola and St. Dominic's schools. Joan told us her dad, Pat, is one of the foster grandparents at St. Christopher's Home for Children in Sea Cliff. Even though he is retired, Pat is still busy and involved in helping others.

Hi, Erin Jean Cunningham, We

Around Our Towns

Lynda Noeth Scotti

heard you arrived in Port Jervis, NY, on December 16, weighing 8 lbs., 9 ozs. Your new grandparents, Charles and Jean Cunningham of HICKSVILLE, told us all about you - especially how beautiful you are and how thrilled they are at being grandparents. Your dad, Kevin, and lovely mom, Debbie Cunningham, are so proud and happy that you have joined them. Best wishes and congratulations to all.

Oh, and let us not forget to congratulate Michael Magee of Arch Lane, HICKSVILLE. Michael had a birthday on January 4. We hope it was the best birthday ever, Mike, and wish you many more birthdays - each one nicer than the one before.

Mildred Bernert of HICKSVILLE, spent a warm and loving Christmas with her daughter, Pat; and son-in-law, Bill Anderson; her daughter, Dee Wilkie; and grandchildren, Dean and Dale. Dean's girlfriend, Mary Beth, from Pennsylvania, joined the family to help make this Christmas one of the nicest ever.

A gift that was truly deserved due to diligence and hard work was received by Lorraine and Pat Quinn's daughter, Eileen, last week. Eileen was named to the Dean's list at SUNY at Farmingdale. Eileen is majoring in recreational leadership. She plans on continuing her studies for another two years after graduation from Farmingdale. Making the Dean's list truly capped the whole holiday season for Eileen. Congratulations.

A recent visitor to HICKSVILLE from Germany was Linda Herzog. Linda is a cousin of Bill Buchman and spent two weeks with Bill and his wife, Margaret, at their home. The Buchmans showed Linda the "sights" in the Big Apple and on Long Island. She was quite impressed by all she saw and the people she met. Linda teaches English in Germany so she was not "at a loss for words" while in our country. The Buchmans and Linda Herzog hope she will be able to come back for a visit to our shores again.

Carol Buchman, Bill and Margaret's daughter, was interviewed on television twice

while she was waiting at the San Diego, CA, airport. Carol had to wait in line 27 hours so she could be one of the two people who received the special \$99 plane ticket from California to NY. The TV reporters who interviewed her wanted to know where her home was and she told them HICKSVILLE, LI, NY. That's a long distance plus for our town.

Kevin Clancy, Suggs Lane, Hicksville, celebrates his birthday on January 12. Kevin attended our local schools. His mom and dad are Margaret and Frank Clancy. Have a "happy," Kevin.

Birthday greetings go to Alex Cmpres of Old Country Rd., HICKSVILLE, who celebrated Jan. 7.

Kim Smith of Lawnview Ave., HICKSVILLE, celebrated her 10th birthday on Jan. 7. Happy birthday Kim.

Hap Holden of HICKSVILLE (along with the rest of us) wish a quick recovery to Gene Schillinger of HICKSVILLE, who is recovering following surgery at Syosset Hospital.

Birthday greetings go to Jamie Sailer of Ohio St., HICKSVILLE, celebrating on Jan. 8.

Mr. and Mrs. Viater L. Lopes of PLAINVIEW have been named chairman of the 1978-79 Parents' Phonathon at Hobart and William Smith Colleges. Their daughter, Celeste, is a junior at William Smith College.

Celia Strow of Summit St., HICKSVILLE, is among 43 persons who have been licensed as nursing home administrators by the State Health Dept.

Happy "Sweet Sixteen" to Barbara Gorst, of Brighton Pl., HICKSVILLE. She celebrated on Jan. 10.

On The Campus

F. Thomas Motta, son of Mr. and Mrs. Frank Motta, Richard Ct., PLAINVIEW, is now the Dean's List at SUC, Brockport.

Steve Schmiter of PLAINVIEW, has been voted by his teammates as the most improved player on Rider College's 1978 soccer team.

Galileo Lodge News

By Joe Lorenzo

The year 1979 promises to be a good year for the Galileo Lodge, and ringing off to new year will be an election of officers which offers aspiring members of our organization a chance to serve in an official capacity. The Galileo Lodge, just like other organizations, will always welcome members who have vision, foresight and the devotion and loyalty with which to serve for a worthy and noble cause. Thus, on the night of January 11th, the Nominating Committee of the Galileo Lodge will offer its own slate for recommendation and approval, but nominees from the floor must be present and must be fully qualified under the provision set aside for the election of officers. The Galileo Lodge trusts that the membership will be selective, and that with deliberation, consideration and examination select the candidate they feel can best serve the Galileo Lodge.

If you feel that you have nothing to look forward to in the

month of February, please listen to the news pouring out of the Galileo Lodge. On February 10th, at its quarters, the Lodge will hold its own Valentine Day Dance. Price of admission \$7.50 per person, with hot food, beer, soda, coffee and cake to be served. The musical program will be handled by Joe Marchese and his group, and they always draw favorable comment whenever they perform. Please contact Ted Marotti (681-5190) or Joe Locasto (433-3921) for ticket reservations and additional information concerning this affair.

In keeping with the traditions of the Galileo Lodge, Venerable Tom Pasquarella wishes to thank all members for their outstanding support which added immeasurably to the successful operations of all functions and affairs held by the Galileo Lodge.

If you have done so much Christmas shopping that you are now busily engaged in trying to put your fiscal problems in order,

perhaps the Galileo Lodge can help you in this respect. The Galileo Lodge is holding a Grand Raffle, with only 1000 tickets to be sold at \$5.00 each. The Grand Prize will be \$1000 in cash and the seller of the winning ticket will receive \$50. There will also be nine other winning tickets, each worth \$50. It is reported that the tickets are going fast, so, if you feel that this is the way to replenish your weak financial position, contact Ted Marotti (681-5190), Pat Gallo (433-6708), Don Lauro (938-0561) and Joe Locasto (433-3921). The drawings will be held at the St. Valentine Day Dance, Saturday, the 10th of February.

To repeat last week's message from the Galileo Lodge, all members are urged to help out the organization on January 13th and 27th, which are the next two Las Vegas Nights. Your presence and help are urgently needed to support these programs. See you there.

CLUB ELECTIONS

The election of Club officers took place at the December General Meeting and, directing the activities for 1979 are: President Ken Groves, Vice President Al Greenspan, Treasurer John Mitchell and Secretary Marge Fletcher. New President Groves thanked last year's president and Treasurer (Alex Sakk & Charlie Frattini) as well as their wives for their tremendous time and effort devoted to the club and the youth of the community. Rounding out the Executive board are: Peter Collins, Mike Dolan, Jeff Kugler, Gene Maguire and newly elected board member Barbara McCann (seat was vacated by John Mitchell who was elected treasurer). These directors will serve in office until the end of June.

INDOOR SOCCER

After the break for the Holidays, the winter indoor season has already picked up in full swing. Last weekend, the club sent 7 teams out to Farmingdale University to participate in the Carl Knobloch Tournament, sponsored by the Long Island Soccer League. Of the 7 teams, only one (Jimmy Dolan's under 19 girls, Hicksville Elks sponsor) made it through the elimination rounds and will return next week for the Championship game. Four boys teams entered the under 16 age division - Mike Sami and his under

16 Hicksville Nationals, Leon Akl and his Hicksville Panthers, Ken Groves and the Hicksville Colonials and Herb Zaretsky and the Hicksville United. The latter two teams were under 15 playing in the under 16 division. All teams played more-than-respectable soccer but did not qualify for the finals. Only the top two teams in each division return next week for the finals.

The other three Hicksville entries were: two under 19 girls (B.P.O.E. and Shawnee) and one under 16 girls, the Hicksville Eagles coached by Sam Masiello.

The girls teams also played excellent soccer with the under 19 girls sponsored by the Hicksville Elks Club (Lodge 1931) leading the pack going undefeated, scoring the most goals in their division and giving up the least with tremendous defense in the preliminary rounds. The girls slammed home 19 goals in six games and gave up only three. Next week, these girls (Patty Decker, Donna Dastafano, Karen Dolan, Theresa Dolan, Carol McCausland, Patty Rogers, Tricia Valla and Ginny Wayte) must again face Northport, as they almost always do, for all the marbles. The second Hicksville under 19 girls entry, the Shawnee, just missed qualifying by a couple of goals but played great defensive soccer, particularly Sue Stafford in goal who kept the team in contention with many great saves.

Jr. Varsity Wins First Two Games

The Hicksville Jr. Varsity Basketball Team has started the season with wins over MacArthur and Jericho High Schools.

In beating MacArthur, 50-47, the Comets came from behind in the fourth quarter, with the scoring of Jim Massaro and Rich Kershow. Scoring leaders were Jim Massaro with 12 pts., and Rich Kershow and Brian Ahern with 10 pts. each. Chris Martin

came up with 21 big rebounds.

The second win was over Jericho High School with the score of 69-47. Leading the scoring parade were Chris Martin - 21 pts. and 18 rebounds, and Brian Ahern and Jim Massaro with 16 pts. each. Steve Jankowski and Gregg Jordan led the defense which forced Jericho into many turnovers. The team shot a fine 27 for 43 from the foul line.

Safe Boating Is No Accident

If you had never flown a plane before would you try to take your family on a plane ride without having taken lessons?

The obvious answer is an emphatic NO! Yet, for some strange reason, many otherwise logical people buy the largest boat they can afford and, with no prior experience or training, take off for a day on the water, loaded to the "gunnels" with family and friends. Usually the results are predictable and unpleasant.

Despite this caveat, Boating is a wonderful sport and family activity. In order to enable you to enjoy this past time to the fullest, Flotilla 13-8 United States Coast Guard Auxiliary once again offers the "Boating Skills and Seamanship Course". This 12 lesson course covers Boat Handling, Aids to Navigation, Compass and Charts, Piloting, Rules of the Road, Radiotelephone, Marlinspike Seamanship, Legal Requirements and a number of other subjects which will enable you to operate a boat safely and efficiently.

This course will be given at Seaford High School starting Tuesday, January 23rd. Registration will take place on January 15, 16, and 17th at 7:30 p.m. at the High School located on Seafarms Neck Road, north of Sunrise Highway.

Devotions

Rev. John H. Krahn

GREAT PEOPLE OF GOD. HOW TO BECOME ONE.

Greatness as the world judges greatness escapes the grasp of nearly all. How many truly great men or women do you know personally? I guess the answer to this question is related to our definition of what constitutes greatness. In Holy Scripture there are many passages which lead us to understand greatness from God's perspective. God says that we need no longer be successful at being failures but that greatness is a thing all of us can attain.

Notice that the title of today's devotion is not, "Great People. How To Become One," but rather "Great People of God. How To Become One." There is little hope for any of us to become great, as the world judges it, but the possibility exists for all of us to become great people of God.

Then what are the characteristics of the great people of God? There are several. First, great people of God are people, who in spite of their weaknesses, know that God has made available to them an unlimited reservoir of power. They know that successful lives are only possible through following the Lord and appropriating His strength for their weakness.

Great people of God realize that eyes fixed on their navels find few possibilities, better to redirect them heavenward where the King of the Universe directs His creation.

Next, great people of God know that they must listen to the Lord and then obey His command. When we get on our knees in prayer - a position from which to hear God - and then show that we trust what we hear by acting upon it, we will receive a blessing for ourselves, and we will be prepared to become a blessing for others.

Great people of God are positive people with a vision. It takes absolutely no effort to be a negative person. This is merely our natural, sinful self coming out. "Where there is no vision the people perish," the writer of Proverbs states. You can't be a great person of God and be a negative person, lacking vision.

Finally, great people of God walk in the realms of the impossible. When we have seen the invisible then we know we can do the impossible. Ethel Waters, the great Gospel singer, put it this way, "God don't sponsor no

flops." Unfortunately the Church and even its leadership has too many flops. And most of us here move in and out of "flop-hood." We pilfer away so much valuable time moving and hills when God is calling us to tackle mountains. Instead we should look into the future from our knees, ears open, eyes on the Savior, our will in tune with His. Then we won't be afraid to take a big step if one is indicated, for you can't cross a chasm in two small jumps.

In review, we must lay claim to God's unlimited resource of power for our lives and ministry. We must pray to God, listening for His direction and then obeying it. Next we must say positive things about God's vision for our future. Finally, we must stay in the realms of the impossible for only then do we experience God fully. Lay, pray, say and stay - each a stepping stone towards being one of God's great people. And God can make you one. He can make me one too. And all of us together can make an impact in this world that will be amazing, truly amazing. Let's become one, every one of us... what do you say?

In Celebration of Christian Unity

The Clergy of the Mid-Island Ecumenical Council representing the Christian Churches of Bethpage, Plainview and Hicksville met for breakfast on Tuesday, January 9, at the Hicksville Methodist Church.

The members made final arrangements for the ecumenical service in celebration of Christian Unity, which will be held Sunday, January 21, at 7:30 P.M. at Holy Trinity Episcopal Church, Hicksville.

Members of the community are invited to join in this witness to Christian Unity.

Member Churches of the Council will take part in the service and afterwards there will be time for mutual exchanges and greetings with refreshments.

Pack 293 of Hicksville

The Pack's January activities include a First Aid presentation by Thomas Lamb of the Nassau county Police Dept. on Pack Night and an ice skating

scheduled for later this month. The cubs and webelos scouts are busy with their den projects and preparing for the Blue & Gold Dinner on Scout Sunday on February 11th.

Pack 293 is still actively recruiting new boys between the ages of 8 and 10 to join its ranks. The Pack is sponsored by United Methodist Church and meetings are held at the church's Hicksville location.

Come to a Den or Pack Night gathering to see what makes Pack 293 "tick."

For more information about membership, contact Cubmaster Wes Villazon (433-3742) or Chairman Gerry Flynn (822-7784) in the evening after 8 P.M.
