Continuing Community Education

The Hicksville School District announces its Continuing Community Education program will open the winter season with the following registrations:

Adult Education - Registration: 7:00-9:00 P.M. Tennis and Golf - Wednesday, January 31, Little Theatre. Senior High School. Cooking classes - Thursday, February 1, Little Theatre.

Senior High School. All other courses - first night of class, week of February 5 - Monday thru Thursday.

Pre-retirement Workshop - starting Wednesday, February 28th. Registration in class, Teachers' Cafeteria, Hicksville Senior High School, 7:30 p.m.

A brochure, listing all courses, will be mailed to all residents.

Guest speaker at a recent Willet Avenue School special program on Israel was Miss Valerie Crown of Hicksville. She had just returned from six months of study in Jerusalem. A graduate of Hicksville High School, Valerie is now a Junior at Barnard. Her program included slides and artifacts to illustrate her experiences. The children had been studying Egypt in connection with their forthcoming trip to the King Tut Exhibit. Valerie's presentation on Israel taught them about a neighboring country. Special Ed Funds Arrive

by Linda Strongin

Superintendent Dr. Wilber Hawkins announced last week at the Hicksville Board of Education meeting that the long-awaited funds under Title VI-B had arrived from Albany.

The State Education Department has approved the District's program for special education which will allow for thirty-two teacher aides; two guidance counselors to provide evening counseling for parents of special education students; and instructors in physical education, music and art.

The total cost of the program is \$105,750, which is totally funded under Public Law 94-142. The funds are committed to BOCES who will administer them and provide the necessary personnel for these services.

Dr. Hawkins also gave an update, when asked by this reporter, on the status of negotiations for district employee groups. The clerical unit was "close to reaching an agreement" with meetings still going on. The custodial unit was "meeting now" with the fact-finder and district negotiators. The Hicksville Congress of Teachers were at "impasse" and a mediator had been appointed with meetings scheduled for January 22 and 31. "It could go to fact-finding," he added.

He stated he would be meeting with representatives from the Council of Administrators "on Monday to discuss areas of concern."

Dr. Hawkins also stated the fifty applications had been received for the position of assistant business manager. A screening brought the number to four candidates and interviewing was progressing. "I hope to have a recommendation at the next Board meeting."

Under Board action, a motion to reduce the fees for courses in adult and continuing education classes was defeated by a 3-2 vote. Voting no were Secretary

Bill Bennett and trustee John Ayres. Four votes are needed for a motion to pass. President Tom Nagle had to leave the meeting shortly after it began to attend another meeting. Vice President Dan Arena presided. Trustee Pete Fujimoto was out of town for business reasons.

Trustee Neil McCormack had moved to reduce the fees from a 20% increase over last year's cost per class (the current cost) to an 8% increase. He stated that at a meeting the night before of the Adult and Continuing Education Committee, it was felt that "the reason for the drop in enrollment was the high increase." Trustee Iris Wolfson, who seconded the motion, asked if the decrease in enrollment was "because of a short term (8 weeks) or the lack of a mail registration."

Secretary Bill Bennett expressed a concern of taking "such action because of a printer's deadline," referring to the brochure for the next session. Trustee John Ayres also stated that the Board "should not make hasty decisions on spotty information."

The Board did approve Adult Education Director Marge Giannelli's recommendation that the adult ed program be supplied with temporary help to take care of the mail registration for the next session. The session is scheduled to begin on January 29 and run for ten weeks.

The Board approved Title IVB libraries and learning resources allocation for fiscal year 1979 for a total of \$32,564. The funds will be distributed among Hicksville public and non-public schools as follows: Public schools, \$22,527; Holy Family, \$1,501; St. Ignatius, \$1,176; Our Lady of Mercy School, \$1,806; Holy Trinity H.S., \$4,974; Trinity Lutheran, \$780.

Also approved by the Board was the authorization to purchase a Norelco 186 Transcriber with headset and foot control for the use of Assistant Supt. Dr. Manus

Clancy, at a cost of \$387; a vacuum and heavy-duty floor machine to replace worn-out items, for B Buildings and Grounds for a cost of \$1,217.

The Board approved the appointment of Dr. Arnold Karp as a consultant in the area of otorhinolaryngology at a fee of \$35 per medical evaluation and up to \$10 for audiological evaluation per consultation. The appointment is necessary under State Education regulations.

Before Mr. Nagle's departure, he presented his ideas concerning the school board advisory committees and spoke in particular on the Budget Advisory Committee.

"We have developed our school budget with the wrong approach," he said. "Instead of a budget committee with residents, I propose that the budget be given to the superintendent with a dollar amount. If more money is needed, administration would have to make a pitch." He went on to say that "responsibility goes with the position and this would give people an opportunity to be innovative."

Trustee Iris Wolfson expressed concern, asking if there would be "expanded public budget sessions."

Mr. Nagle answered that the "public has elected the Board as trustees" and he felt that the administration had "the expertise and are competent to do it." He added that the "public has a chance to tell the Board what they want."

He emphasized that the Board should be "transacting educational goals for the district in public," not business. He asked other Board members to think about his proposal.

The next meeting of the Board of Education is scheduled for Jan. 24, 8:15 p.m. at which time Supt. Hawkins will present to the Board a reorganization plan for administration.

Girls Volleyball Team Are Champs

The Varsity Girls Volleyball Team has completed its regular playing season and has once again won the League Championship. We in Hicksville are especially proud of their accomplishments. Some of the statistics compiled by this outstanding group of girls are as follows: League Champions, 5 successive years; Conference Champions, 3 successive years; 2nd in Nassau County, 3 successive years; 5 year won and lost record - 87-7.

Our coach, Mrs. Mary Sue Carr, considers each member of the team an All Star Player and is very proud of their achievements. Congratulations Girls. Nancy Autolino, Donna Blacato, Lynn DaSilva, Donna DeStefano, Maria Hartnett, Carol McCausland, Denise Mizzi, Marie Dunn, JoAnne Pedrangheli, Fran Panetta, Alison Bruseski, Mary Ann Fagan.

The team will be competing in the Nassau County Tournaments. To witness some real enthusiasm and excellent volleyball, come out and cheer our girls to victory.

Hicksville Fire Report

1978 Wrap-Up

Since our last report in December, Hicksville firefighters, during the period Dec. 12 through Dec. 31, responded to 102 alarms. The last few weeks of 1978 were extremely busy. There were 46 fire calls, 36 rescue calls and a whopping 20 malicious false alarms. The false alarm spree caused vamps to put numerous alarm boxes out of service, because they became more of a hazard than a safety device.

Excellent police work by 8th Precinct Police, County Fire Marshals and some rare cooperative eye witnesses helped nab two youths. They were arrested for the false alarms and for several fires set in the area off Levittown Parkway.

The start of 1979 also proved to be a busy one for Hicksville firefighters. From Jan. 1 through Jan. 13, there were 54 alarms. There were 30 fire calls, 20 rescue calls, and four false alarms. Several smokey fires kept vamps busy. A garage fire on Jan. 3 at 17 Angle Lane caused moderate damage. The garage was attached to the house. Vamps kept the fire from the house. A fire in an office at 400 Old Country Rd., location auto leasing, cause

minor damage on Jan. 10. On Jan. 11, a bedroom fire caused considerable damage at 301 Plainview Rd. The alarm came in at 10:09 a.m. No injuries were reported.

Vamps Find Many Homes

Lack Smoke Detectors

Hicksville Vamps have found that many home owners still don't have a smoke detector. The life saving device sells quite cheap for the job it does. Several recent fires would have been minor if a detector was installed. In two recent alarms, smoke detectors saved the day for their owners. Vamps, however, do caution detector owners to know what to do when the alarm sounds.

If a fire hits your home, do you have a second means of escape? There is no iron clad guarantee that owning a smoke detector is going to save your life, but anything is better than nothing. Your first important step is to buy an approved smoke detector with a (UL) or (FM), factory mutual seal. Install it, set up a fire escape plan and hold drills. Last but not least, practice daily fire prevention. You owe it to your family. Your local firefighters do not want you as a fire statistic.

Message From Sup. Colby

Every now and then in the What's-In-It-For-Me society, a person crosses one's path that restores one's faith in mankind. The Town Board had such an experience this week in the person of Robert Laino, who was appointed to the Town's Examining Board of Plumbers commencing the first of the year.

The Board gives written and practical examinations to applicants for Town plumbing licenses. Because Board members must be experienced, highly qualified professionals in their own right, they receive a stipend

of \$30 per meeting.

In a recent letter, Mr. Laino offered to serve on the Board without remuneration, citing the budget problems that all municipalities are facing today. This offer was gratefully accepted by the Town Board this week in a resolution that also cited Mr. Laino for his selflessness and spirit of public service.

The Town of Oyster Bay is very fortunate to have a number of public-spirited citizens who serve without pay on a variety of boards and commissions. Their talents and expertise provide

HAPPY 70TH: While Patrick Dowling, of Hicks Circle in our community will officially celebrate his 70th birthday on next Monday, January 22nd - the Dowling clan and friends gathered last Saturday evening at his home to wish Pat the best - (seems some of the children will be out of town on the actual date). He is a retired member of New York's "Finest," the NYC Police Department, an active member

valuable input to the Town Board and administration in their deliberations and operations.

For example, the Environmental Control Commission reviewed highly technical qualification documents submitted by designers and developers of resource recovery systems and assisted in the preparation of proposal specifications. The American Revolution Bicentennial Commission recently sponsored a motorcade of antique cars commemorating the famous Vanderbilt Cup Races and the 325th anniversary of the founding of the Town.

and past president of the Commodore John Barry Division Eleven, Ancient Order of Hibernians, a member of the Joseph Barry Council, Knights of Columbus and one of Hicksville's most active citizens - quite a surprise his wife Madeline and children cooked up... Your reporter, wife Dolores, Cele and Frank (PAM) Larkin were invited to the happy occasion. Joining the festivities was an old friend, Joe Oliver of the Hicksville Kiwanis Club and Rita and Jack Walsh, neighbors, along with Jean Clark, past president of the Ladies Auxiliary, Hicksville AOH. Pat's in terrific shape and certainly looks 20 years younger than his birthday - we learned his secret, aside from walking, he has his exercise bike for year-round care - a trip to Port St. Lucy to see the Smoothergills is in the offing, too.

WE HEAR: That Frank Shannon will be back to work next week - can't keep a good Irishman down and besides that, Frank, we need you up front in the Garden City Parade as usual - good health, buddy... it was a

wonderful surprise birthday party for Katherine Roemer last Saturday evening (yes, despite the bad weather we made it from Pat Dowling's to the Romers) under the guidance of her lovely daughter, Mary, who planned it all - Kay - did the Larkins get lost? Frank said Cele stopped home to write down new lyrics and to play the melody on her piano - very creative gal - remember the many shows she directed at St. Ignatius? & now she may become a songwriter - we can vividly recall her parody to "Kids" pop tune back when? right, Cele.

ROUND OUR TOWN: How about a traffic survey to install a left lane turn at West John Street & Broadway (going north) - present right turn exit is great - this could assist in moving traffic (Continued on Page 5)

Around Our Towns

Lynda Noeth Scott
- 796-1286

Congratulations to Kathy and Dennis Clancy of Wheatley Heights on the birth of their son, Michael Patrick, on January 12, 1979. Michael Patrick was born on his Uncle Kevin Clancy's birthday. Michael joins his brother, Kenneth Brian, who is delighted to have a new addition to his family. The proud grandparents are Margaret and Frank Clancy of Suggs Lane, HICKSVILLE, and Kathleen and Frank Shanley of Franklin Street, HICKSVILLE.

A family party was held in honor of Tony Franzese's birthday on January 7. Among those present were his wife, Anita, his two daughters, Lisa and Marie, and some friends. Hope you had a "happy," Tony.

Steve and Geri Wilkins, former HICKSVILLE residents who now reside in Brentwood, couldn't have started their New Year off a better way. Their first child, Steven John Wilkins, Jr. was born on January 5, and weighed 7 lbs., 11 oz. Steve, Sr. is employed at the Old Country Deli located in the Center Shops, Hicksville. Both he and his wife attended our local schools. And we couldn't forget about the ecstatic grandparents - Mattie and Joe Gesslein, Hicksville. Lots of happiness to you all.

We were pleased to hear that Eddie Smith, Burkland Lane, HICKSVILLE, is feeling fine, once again. Stay well, Eddie. Your friends and neighbors really care about you.

Lots of excitement in the Sweizer household in HICKSVILLE. There's a wedding in the offering. The bride to be is Jane Sweizer, daughter of Pauline and Joe, long time Hicksville residents. The lucky groom-to-be is none other than Steven Schreck, who resides in Brentwood with his parents, Betty and George. The wedding date is set for March 24, 1979. The couple is hunting, at present. Pauline Sweizer says she isn't losing a daughter, but gaining a closet.

Let's hear it for another HICKSVILLE octogenarian - Minnie Willis - who celebrated her 89th birthday on January 11. Minnie lives in Hicksville with her son, Bill Willis, and his dynamic wife, Wilma. Of course, the Willis family held a special birthday party for the matriarch of the clan. We wish you many more happy birthdays, Minnie.

You thought Fred Astair could dance? Well, you should have seen Stanley Lipiec of HICKSVILLE when he recently disco'd the night through with his lovely wife, Margo, at the Crest Club in Huntington. Stan is a chef at the Crest Club and seldom has the opportunity to go dancing because of his work hours. However, when Stan had this opportunity, he made the most of it.

Nicholas Caruso, HICKSVILLE, is really travelling around. Nick went to

Albany to be present at the Swearing-In ceremonies for our new assemblyman from the 12th district, Fred Parola. By the time you read this Nick will be in Glen Falls to attend a New York State Executive Committee meeting. Don't forget to come home to your family, friends and neighbors, Nick.

Jim and Mary Rogan are the parents of a prolific family. Within the past three months they became grandparents twice. They have eight grandchildren now with the addition of their two new grandsons. It couldn't have happened to a nicer couple.

Remember when we gave you the scoop about the THREE sets of dishes Tom Clark, councilman to the Town of Oyster Bay, gave to his sweet wife, Corinne, for Christmas? Well, we learned the bottom fell out of one cup when hot water was added to it, and the rest are tea stained. How about getting Corinne a new dish washing machine for Valentine's day, Tom? It might be easier on the dishes.

Talk about the blizzard in Chicago last week; the BIG BLIZZARD OF 1947 was even more eventful. On December 27, 1947, in the midst of a snow storm, Jack and Gladys McCann of HICKSVILLE were married. Undaunted by wind, snow and ice, Jack and Gladys pledged to spend their lives together. Thirty-one years later they are more in love than ever. Congratulations to you both.

Sorry to learn that Bill Frech, Esquire, fell and fractured a vertebra in his neck and is in Nassau County Medical Center. Get well soon, Bill.

And hurry home, Betty Jopp. We heard you were in Syosset General Hospital. Hope you'll soon be well. Your husband, Frank, and your friends and neighbors miss you.

First for the good news: Helen and Ed Dwyer, HICKSVILLE, have a new grandson. And now the bad news: Helen was recently confined to the hospital. But, happily, she is now home recuperating.

The Jablonsky clan celebrated the Christening of Brian Macuska, in Farmingville, Suffolk County. Brian is the son of Mark and Sue Macuska, former residents of HICKSVILLE. Among the guests present were grandparents, Betty and Stan Macuska; great grandmother, Aniela Jablonski of Thorman Avenue, Hicksville; Marion and Ed Jablonski, owners of Jabby's (home of country and western music in Hicksville); Ann and Joe Jablonski, Sr., Pat and Dennis Adams and their children; and a bevy of other relatives and friends. It was a very happy occasion and the entire family enjoyed themselves.

A belated happy birthday wish is extended to John Mageean. John's birthday was December 30. Twelve people attended the party that was held in his honor. It was quite a festive affair, we understand. Although our wishes are late, John, they're just as sincere - may your next birthday be even happier than this one.

Congratulations to Eric Wolf, who will be celebrating his first teenage birthday on Saturday, January 20th.

Suzanne Wolf passed her 5th Figure Skating Test on Wednesday, January 17th. She was judged by a panel of Gold and National Judges including Junge Hiramatsu, formerly on the World Ice Skating Team from Japan, Mrs. Rails from Rochester N.Y. and Nancy Steffens of Southampton, who was a skater and a gold test medalist. Suzanne skates with the Newbridge Figure Skating Club of Bellmore. Her parents are Joe and Carole Wolf of HICKSVILLE.

Best wishes for a most speedy recovery to PLAINVIEW-OLD BETHPAGE Library Trustee, Dolores Engelhardt. Dolores is at North Shore University Hospital recuperating from surgery performed earlier this week.

Happy "Sweet Sixteen" to Lorine Seyffarth of Tip Top Lane, HICKSVILLE. She celebrated on Jan. 11.

Belated birthday greetings to Joyce McLaughlin Pappaceno, a former long-time HICKSVILLE resident. Joyce and her husband, Rob, and sons, Robby, Peter and Paul, are now residing in El Paso, Texas, where Rob is

stationed with the U.S. Army. They will be moving to Florida this summer.

Kelly Lohmeier of Preston Lane, HICKSVILLE, celebrated her 9th birthday on Jan. 13. Happy birthday, Kelly.

Sev and Grace Knudsen of Kuhl Ave., HICKSVILLE, have just returned home from a holiday trip to Roswell, New Mexico to visit Sev's brother Chris and his wife and family. Sev got a lot of golf in with the weather, which they tell us is really beautiful. Grace did a lot of shopping and sight-seeing. They also went sight-seeing in Mexico

and stopped in Dallas, Texas to visit Sev's other brother, Al and his family. The brothers and their families will visit Hicksville this summer. On the way home, Sev and Grace hit snow and had to stay three days at the airport in Denver, Colorado until they could get a flight home. They arrived home just in time for more snow.

Running and jogging have become big news in Plainview with the recent formation of the "PLAINVIEW-OLD BETHPAGE Runners Club." Club President Bob McNew welcomes everyone - from beginner to veteran marathoner - to join in.

Dear Friends

As you can see by the "Letter From School Board member William Bennett", there is much ado at present in Hicksville regarding the possibility of Sex Education being taught in the public schools of Hicksville from kindergarten through the third grade. As we go to press a meeting is scheduled for Thursday night at the East Street school to go over the pros and cons of this idea. We do not feel qualified to express an opinion one way or the other on this matter, but those who have actually read the curriculum guidelines themselves, do not seem to be as upset as those who may have not done this. More on this later as it develops.

The Hicksville Water District has been authorized to install two new wells to replace three wells that must be closed due to contamination by chemicals. They were so authorized jointly by the Boards of the Towns of Hempstead and Oyster Bay so moved on Tuesday at their annual meeting to handle mutual problems. The three contaminated wells are in the area of Stewart Avenue and the Wantagh State Parkway, and they will be shut off and abandoned, with a net loss to the district of one half a million gallons of water a day, as they will be replaced by only two wells. A spokesperson for the district stated that this loss would not affect the district's \$8,000 residents adversely. Cost of the two new wells will be \$95,000. The district's tax rate will not have to increase due to these additions, the spokesperson concluded. The new wells will be in service in about two years, it was believed.

Congratulations to the '77 and '78 staffs of the Plainview-Old Bethpage High School yearbook, "The Gull", which has been awarded third place in the 44th annual yearbook critique and contest conducted by the Association at Columbia University for the second year in a row. The Gull is supervised by Mr. Peter DeNinno. Books were judged on various points such as structure, layout, coverage and advertising. The Gull received almost the maximum score for its photography which was judged as "its best asset". Phyllis Montouri, editor-in-chief, promises another winner for the '79 yearbook.

Congratulations to the 7th grade basketball team from Holy Family, the "Falcons", who have been invited to Florida to participate in a tournament. The boys, along with coaches Joe Trapp, Dennis Bergamini, and Tom Harimann, will leave in a fifteen passenger van on Feb. 17 (until Feb. 24) for Orlando, Florida and surrounding areas to play local teams. In order to raise funds for lodging and food on the trip, there will be a "sock sale" on Sunday, Jan. 28, following masses at Holy Family. Good luck and best wishes to the "Falcons" and coaches.

THE HICKSVILLE COMMUNITY COUNCIL Board of Directors has voted to form a community-wide ad-hoc committee to study the present problems affecting the normal development of the Hicksville downtown area, including realistic plans for the future of this area in the light of the complete inactivity of the past ten years. Community leaders from all districts and organizations, plus interested citizens will be contacted and you are all invited to come on down to the Council's next meeting set for Thursday evening, Feb. 1st starting at 8:30 pm downstairs at the Hicksville Library on Jerusalem Avenue. Naturally this won't be solved in one meeting. However, if CERTAINLY won't be solved by doing nothing. But if we all persist, in a united effort in this direction, Hicksville can be rebuilt to the benefit not only of the property owners, and merchants, but also of every resident taxpayer in the hamlet of Hicksville. See you there.

SHEILA NOETH

Letter To The Editor

Dear Sir:
The Hicksville Public Schools are trying to institute a program of learning they label "Mental Health Education". In fact, the 4th and 5th segments are devoted to sex education. Kindergarten through third graders are to be taught, among other things, about the human body, with direct reference to the reproductive organs. In addition, the proposed curriculum includes a trip by all students, to both the boys and girls lavatories. WHY should these small children be burdened with information that will serve no benefit to them at

their tender age, and may, in fact, cause severe emotional problems in this area?

The program is incorporated with the daily routine - a child cannot be taken out of the class as it continues on and off all day. The parents are not provided the option of deciding if their child will participate.

It is being taught by their regular teachers, who for the most part, have no qualifications to teach what should be considered a delicate subject. Basically, any teacher can impose any of his/her philosophies. (Continued on Page 11)

At The Town Board Meeting

By Gerry Kahn

The first hearing on the agenda at the Town Board meeting held on Tuesday, Jan. 16, was held at the Hempstead-Oyster Bay Community Hall in Hicksville. The meeting started at 9 a.m. was a joint hearing between the Town Boards of Oyster Bay and the Town of Hempstead to increase the facilities of the Hicksville Water District.

The second calendar item held back in Oyster Bay Town Hall dealt with the petition of Howard Johnson Company for a change of zone from "F" Business Dist. to "G" Business Dist. and a special use permit to conduct and operate a cabaret bar and cocktail lounge, catering establishment and dance hall with live music at Jericho (n.s.s. Jericho Tpke. at the intersection s.s. L.I.E.).

The petitioner was represented by Mr. Schultz who presented representatives of Howard Johnson, the architect, and traffic consultant, Norman Gerber in his presentation.

It was explained that it is not

the intention of Howard Johnson Company to discourage existing business but to augment the business by offering a cocktail lounge area for businessmen to entertain clients and establish an additional image besides a family type restaurant. The additional area will be approximately 550 square feet and will increase the seating capacity by approximately 42 seats. The new area will be sectioned off from the basic dining room area. Councilman Diamond led the question-answer discussion with the entire board taking part in the hearing.

Item No. 13 was a resolution approving the Park fee-map of Evergreen Estates, Plainview.

Item No. 17 rejected the bid proposals for the installation of chain link fencing at Southwoods Rd. bridge over LIRR at Syosset.

Item No. 20 approved completion of contract for resurfacing and improvements at Parking Field No. 7, Syosset.

Item No. 25, the resolution relative to amending the code of ordinances pertinent to garbage,

litter and waste, increase in tipping fees for landscapers only.

Supervisor Colby stated that the decision was based on recommendations from the Commissioner of Public Works which provides for an annual dumping fee of \$100.00 in addition to a dumping fee of \$6.50 per ton each time the yard is utilized.

The landscapers turned out en masse in opposition to the decision. Hank Kirschner of Syosset and Tom Sullivan of Hicksville led the group and voiced their indignant claims that the charge and the system wouldn't relieve the waiting time at the computerized scales and would create severe economic burdens on most landscapers.

Supervisor Colby declared that the decision although passes doesn't necessarily mean it is final, every effort will be made, after further study, to attempt to relieve the situation.

The closing item of local interest, item No. 27, approved the petition of John Kollner, Pub (The Hidden Bar) Syosset, to maintain the establishment.

Letter From A School Board Member

The Hicksville Board of Education will hold its final review of Strand 111, of the Health Curriculum in February. The curriculum will deal with "Mental Health and Family Living", covering five basic objectives: 1-Developing a sense of self-worth and good body image. 2-Identification of emotions and their appropriate control. 3-Develop wholesome social relationships. 4-To be aware of the wonders of their

growing bodies. 5-An understanding of reproduction.

The Health Curriculum has been prepared for grades K to 3 ONLY, and is the first completed effort dealing with what will ultimately be known as "Sex Education" and to be followed with curriculum for the 4th to 6th grades and then into the secondary level. The curriculum under discussion was prepared by four members of our teaching staff, and by the efforts of the Goals

and Objectives Committee, headed by board member, Pete Fujimoto.

It is extremely vital that the parents of our children become familiar with the contents of this curriculum, notably objectives number 4 and 5. Objective No. 4, "An awareness of the growing body" - will have the children, ages 6 to 8, become aware of the private parts of their bodies; they will be asked to draw diagrams of (Continued on Page 11)

For Our Youth

by Carole Wolf

There is an organization in Hicksville which works for and with youth, which keeps kids interested in anything except getting into mischief, and which believes in the theory of everybody participating. This group is the PBC.

The PBC tries to offer the youth something different to do. Judo is taught and its participants can enter local competitions. Bowling happens every Saturday morning with the children forming their own teams. The Nautical Cadet Corps Marching Band joins parades during the warm weather, and the NRA Jr. Rifle Club meets every week.

The Police Director of the PBC, Bill Toelstedt, works out of the Community Relations Department of the Nassau Police. Bill is a handsome guy and very easy to talk to and what makes him even more suited to his job is that he has four children of his own. He just likes kids and will spend his whole day and night 16 to 7 days a week just trying to make kids happy. He has spent 14 years in the Police Department and has a Bachelor's Degree from the City University.

During our interview, Bill stressed that girls are a very important part of the PBC. They are 20% of the organization and he would like to initiate girls basketball, softball and volleyball teams. There are many girls presently on the bowling team.

The Hicksville PBC is a satellite unit of the Nassau County PBC and is supported by a major fund drive every year. They had a clubhouse once located on Bethpage Road but had to vacate it because the Water District needed the property. They had made vast improvements to their previous

clubhouse and now are located out of homes, basements and garages. Bill mentioned that they refuse to pay a high rent for storage and a place to meet for he feels that the money the PBC receives should go right back to the youth.

Bowling is offered to boys and girls from the ages of 8 on up. There is a new league beginning in late February and will run until May. The cost per week is \$2.75 and it includes shoes and three games. There are three to four on a team and it will run every Saturday at noon. For information, call Mrs. Blazo, the Club Secretary at 433-1229.

PBC runs baseball from late April to early July. There are about 150 kids participating in four divisions which have scheduled games from Monday to Thursday. Registration of Boys from 8 through 15 year of age will be Mon.-Wed., Jan. 29-31 from 8 to 9 in the Woodland Avenue School gym, Thursday February 1 from 6 to 9 at the Lee Avenue School, Friday February 2 from 8 to 9 and Saturday, February 3 from 9 A.M. to noon in the Hicksville High School Cafeteria. The 8 and 9 year olds register for Rookies, the 10 and 11 for Junior, the 12 and 13 for sub-intermediate and the 14 and 15 year olds register for the intermediate traveling team.

The Nautical Cadets are opened to boys and girls who are interested in marching. The band has drums, bugles and glocks, the drill team performs trick rifle manual of arms and there is a color guard. The Nautical Cadets began in 1959 and follow the customs of the service. These same Cadets go on camping trips during the summer at the PBC camp in Riverhead where there is swimming, baseball, basketball and many other

sports.

Bill Toelstedt said that he would like to see more 14 to 16 year olds come and participate in the PBC activities. The PBC tries to keep these young adults interested in constructive outlets for their energy. They use the Junior High, Lee Avenue and Woodland Avenue Schools for their baseball, basketball, judo, and Nautical Cadet programs and the Jericho H.S. Rifle range for their rifle program.

The PBC has one awards night during which each program gives awards. Everyone receives an award, even just for participating, for everyone cannot be a winner. Losing is a part of sports and children must be taught how to lose. And for participants of PBC, during the summer there are trips to Jones Beach, the Bronx Zoo and Great Adventure.

At present, the PBC has lost its home and wants to find another. And it also needs volunteers - a few good workers to go along with the excellent volunteers that now work with the program. They need help to begin the girls' programs and to help build the club to its capacity. Any Clubhouse suggestions or if you want information on programs - call 795-3056. You will be glad you did - for the Youth of the Community.

Operation VFW By Lou Palladino

The New Year has begun, all the Party's are over, most of the resolutions broken, and we hope you all enjoyed the Holidays.

We had a few busy weeks. The Jr. Girls Unit, had their Christmas party and did very nicely. These kids are really something. Now Sunday Jan. 21st between the hrs. of 2:00 to 5:00 P.M. they are having a Spaghetti Dinner for \$3.00 a person. Come one, come all.

Next our Ladies Aux. had their Christmas party, and they too had a very nice time. Finally we had our own party and dance, and it turned out great. We had a wonderful time, with plenty of food, more than enough refreshments, and the band was great. Last but not least the last affair of the Year was the New Years Eve Party. This was without a doubt one of the finest we ever had. It wasn't as crowded as usual, so it made it cosier, and warm, and everyone had a wonderful time. The problem is, I'm getting too old for that sort of thing, it takes too long to recuperate. This is the result of being an old war horse. Oh well, the old year is gone, so lets hope for the best.

At our next meeting Mon. Jan. 22nd we will have Abe Selden from the Tax Assessors office. He is to give us information concerning Real Estate Tax deductions. Any Veteran interested in listening, or asking questions is welcome to attend. You don't have to be a member. You must be a Veteran it will concern your Veterans exemption so come on and sit in, you may be enlightened.

Vice Cmd. Al Vitiello gave his report on the Annual Dinner Dance, the date will be Feb. 17th, at \$17.50 per person there will be a Cocktail Hour, Prime-rib dinner, refreshments to your

hearts content, a beautiful music. Our Charter Night is our biggest affair of the year always. So call Al for tickets at 935-3560.

Vinnie Edwards took over as Journal chairman, and his report sounds very encouraging.

Our Las Vegas night will be Sat. Jan. 20th, come on over and try your skill or luck. Mike Monteleone gave his report on the Voice of Democracy. Now he is working on different activities for the children of our Post to enjoy. Youth Activity is one of our prime targets.

It's been a long time since our last meeting, and it started off having a surprise ... our comrade Jerry Bishop attended the meeting minus a leg from his accident. Good to see you Jerry.

The last meeting was without getting a new member, it doesn't happen often but it did this time.

We didn't make our 100% as we had hoped, there is still a hand full that didn't send their dues. Oh well, we had hopes, and we didn't make it. Those of you that haven't sent them in yet, please do so, that we can close out our books for the year. Besides you will make our Commander Augie very happy.

Our next meeting will be the last opportunity to get your Blood Insurance paid for you and your family. The cost is \$5.00 a year.

Bad news, we lost a good Aux. member around Christmas, Irene O'Brien, a wonderful person. Also the passing of Annie Aydent of the Ladies Aux. She was a strong backer of the Post as well as the Aux. Also the father of Mime Feldman, Abe's wife. Our condolences to the families of these fine people. Rita Aux is back in the Hospital, Central General, cards are in order.

Lucky winner of the dark horse Andy Chiapone, boy I don't know

how these guys do it, who knows maybe one of these days that Angel will be on my shoulder.

Our next Post meeting Jan. 22nd. Why not come, and stick your two cents worth. Hope to see you then.

"Coping With The Teenage Years" A Parent and Student Perspective

Mom: "Where are you going John?"
John: "Out."
Mom: "What will you be doing?"
John: "Nothing."
Mom: "Who will you be with?"
John: "My friends."
Mom: "Which friends?"
John: "School friends."

Mom: "Is your homework done?"
John: "Some of it."
Mom: "When will you finish the rest?"
John: "When I get back. Why all the questions?"
Mom: "I want to know what you do, and who you're with."
John: "But I told you everything."

Have you heard dialogue like this recently? Situations like this often highlight the lack of communication skills that make coping with the teen years so frustrating for parents and

students.
On Monday, January 22nd, at 8:15 pm at the Junior High Cafeteria A, the Hicksville Junior High PTSA will present Dr. Abe Lurie, Director of Social Services for Long Island Jewish Hillside Medical Center.

Dr. Lurie will discuss "Coping with the teenage years - a parent and student perspective." After a brief presentation he will answer your questions.

The PTSA welcomes all interested parents and students to the meeting. We hope to see you all at 8:15 on Monday, Jan. 22nd.

INDOOR TOURNAMENT

This past weekend the Hicksville Indoor Tournament resumed its schedule, and 20 u 10 1969 teams went into battle at the Long Island Lutheran Gym.

Hicksville was represented by John Harris's Rangers playing Sat. afternoon, and Jim Reardon's Rowdies at night. By the luck of the draw the Hicksville Rangers played an easy schedule winding up with a 5-0-0 record scoring 18 goals and giving 3. The entire team played well but everyone knew they would have a harder time in the quarter finals. The Hicksville Rowdies in their first 3 games looked as if they would make it to the quarter finals, after 3 rounds their record was 1-1-1. The team ran into bad luck in the next 2 games losing both, and while they didn't return to the quarters played excellent in only allowing 4 goals in 5 games. The team made up of Todd Roth, Joey Hanna, Gerald McNamee, Billy Sneed, Kevin Hamel, Greg Skupinsky, Cliff Heller, Tony Conigliaro, and James Reardon are headed for the North Shore Indoor, and we wish them the best. Good Luck Boys

The following were the stand-

ings after the preliminary rounds.

At the end of 3 rounds in the quarter finals the Rangers were in 2nd place to No. Babylon in 1st. Both teams had won 3 games getting exactly the same bonus points, and scoring 11 goals apiece the difference was No. Babylon gave up 1 goal to Hicksville 3. The last Hicksville quarter final game pitted them against No. Babylon, and everyone waited for an exciting match. Unfortunately it did not materialize. Hicksville won 3-0.

The 4 semi-final teams: Hicksville Rangers, No. Babylon, Syosset, Brentwood. The Rangers played Brentwood in the semi-final, and this turned out to be the most exciting game of the weekend. Brentwood a noted defensive team led by their goalies unbelievable saves on 8 separate occasions held

Hicksville to a 0-0 tie at the end of regulation play. The game went into a 5 minute sudden death and Hicksville again was on the attack, to again be stopped by Brentwood's goalie. 2 min. 20 sec. into the period Berto Cerasi took a shot from the half line and it went in over the Brentwood goalie (Finally). The Hicksville Rangers went into the finals, their opponent was Syosset who knocked out No. Babylon in the other semi-final game. Hicksville won the final 3-1.

The Rangers overall record was 11-0-0 scoring 36 allowing 7. The Rangers play was marked by a display of fantastic soccer: kills by Derek Missimo who scored 24 goals and won the MVP award. Berto Cerasi won the Sportsmanship award. Chris Beach scored 4 key goals, and Peter Thompson played excellent defense. Captain David Insana, John McCoy, Phillip Greenspan, Vincent Antak, and Goal Keeper Darren Nathan all played excellent to bring home the 1st place medal.

In the 3 Hicksville Tournaments to date Hicksville has won 2. This coming weekend the Hicksville u 11 1968 boys play at Hicksville High School. Come out and support both teams, and watch exciting Indoor Soccer.

Galileo Lodge News

By Joe Lorenzo

On January 25th, which is the next social meeting of the Galileo Lodge, the Association For The Advancement Of Brain-Injured Retarded Children will hold a symposium at which time new discoveries and advancements connected with the field of retardation will be discussed and highlighted by means of film and slides. This is a Queens-based organization which has as its

motto: no more Willowbrook. Jim Perisi, Treasurer of the Galileo Lodge, has been active in this field for a period of fifteen years. He is dedicated to this cause and for this reason he urges all members of the Galileo Lodge, the Ladies Auxiliary included of course, to attend this noteworthy program. This organization will meet at the Galileo Lodge with the specific goal of soliciting funds needed to make up for the financial deficiencies the State of New York has not been able to do because of its troubled fiscal policies. The money allocated for the study of retardation includes special facilities and teaching programs devised for the sole purpose of aiding these afflicted children. Please attend this worthy event.

Some added notes on the past Christmas parties held by the Galileo Lodge: the successful operations of our Bingo programs has helped to pay the balance of the costs arising from these two events. The Bingo committee, under the direction of Jul

Mezaros, has once again performed admirably. A letter, which was received from the Association For The Help Of Retarded Children, Inc., of the Nassau County Chapter, thanked the Galileo Lodge for inviting the members of this organization to the annual Christmas party. Mildred Farvell, its President, ended the letter by saying that "in giving it makes it possible for all to receive." Another letter was received by the Galileo Lodge from the Peggie O'Connor School Of Dance. She thanked the Lodge for the privilege of being made a part of the retardation program, and she spoke highly of the plaque which was presented to her by our organization. Another letter was received from Mr. and

Mrs. T. Frey of Hicksville and they too extolled the virtues of the Galileo Lodge by thanking this organization for being gracious enough to invite their "special children" to our Christmas party. These letters are heart-warming as well as inspiring. It is the aim of the Galileo Lodge to do good whenever and wherever possible. These letters attest to that fact.

LODGE NEWS:

The New Years Party held by the Galileo Lodge was a social and financial success. With this in mind, the Galileo Lodge thanks all Lodge personnel who worked to insure the success of this affair...It was reported that the Year 1978 was a good year for the Lodge.

the human body and to identify those parts. Another activity is to

cut out parts of the body from pieces of flannel, and piece the body together on a flannel board to form a whole. (page No. 10) They will then be asked, by the classroom teacher, to name the body parts which are usually exposed, and name those body parts which are usually covered. Another activity reads: "Have a boy with a baby sister (or vice versa) tell the class how his body is similar to hers and how it is different". Page No. 45 of the Curriculum Book continues to state: "Take the class on a visit to the different bathrooms - girls and boys". The children will then be asked to define the various terms relating to toilet functions, including private body parts.

Objective No. 5, page No. 17, deals with "Have an Understanding of Reproduction". The children will be taught the reproduction process as it relates to living things; animals, plants, and finally humans - how babies develop prior to birth, the role of the father, how babies are born.

much is left to the discretion of the teacher. A great deal of material is listed in the curriculum book for the teacher to draw on for resource material. Unfortunately much of it does not deal with the grade levels of K thru 3.

The Health Education Rules and Guidelines stipulate that the teachers should not invade the privacy of a student or of his family, nor should they personalize any lesson. In teaching this important subject the student is referred back to the value of his respective family.

The strand 111, curriculum will be taught by 61 members of our teaching staff to over 1600 children, in eight of our elementary schools. Once this curriculum is passed by the Board of Education, you the parent have no choice but to have your child participate. I remember there is no departmentalization in grades K thru 3. Its implementation is scheduled for September of this year. It is

therefore imperative that you parents secure a copy of the proposed Health Curriculum Booklet at your local school. In this way you will become familiar with its contents and let the Board of Education know your views before it takes its final vote.

Letter (Cont. from Page 4)
on these innocent minds:

Sex education is fine, when taught by qualified personnel, with a definite curriculum, to appropriate age groups, in a non-co-ed program.

It is my hope that enough parents are concerned with their childrens' well-being, and will write to the school board, expressing disapproval of this program, as it now stands. The parents are the only ones who can save us from the far-reaching effects of the state invading all aspects of family life and learning in this country.
