Anyone who was not able to contribute last week may still do so by contacting the Lions Club or the Inter-County Blood Bank directly.

Hicksville Retires Ernie Green Cup!

The Hicksville Minutemen (Boys under 19), coached by Peter Collins and Bill Cresham, roared through the Ernie Green Indoor Soccer Tournament held at Farmingdale University last week and brought home yet another championship to Hicksville. Most of these boys have played with the Club for their entire careers and were in the Hicksville varsity soccer team which won the Nassau County title this past season.

The tournament, sponsored by the Long Island Junior Soccer League, is named after one of the most beloved soccer pioneers on Long Island - Mr. Ernie Green. A native of England, Green began to promote soccer on the Island in the mid sixties and without a car, travelled all over the island on the L.I.R.R. gathering boys and teaching them this great game. In 1970, Ernie on a trip to England, passed away and the

L.I. League named this tournament after this great man. Each year, the winner of the tournament holds the Ernie Green Cup for one year and, to gain permanent possession of the cup, the same Club must win the championship three years in succession. Peter Collins, coach of this strong Hicksville team, expressed how he felt. "We are happy and proud to be the first Club on Long Island to retire the Ernie Green Cup and only regret that Ernie was not here to witness the results of his efforts."

In two week-ends, the Minutemen went undefeated in 11 games and gave up only three goals in this fast, high scoring version of the outdoor game. This is certainly a tribute to a great defensive unit (Billy Dalton in goal & Steve Solaski, John Shannon and Mike Humphreys in the fullback slots. The boys

scored 36 goals in the eleven games so that the tournament really wasn't even close. The rest of the team banging the nets for the last two weeks were: Mike Collins, Bobby Bedell, Mike Bedell, Pat Lamana and John Lagumina. Fullback Peter Collins Jr. missed the tournament due to injury but is mending fast to get out there in the spring.

The boys think they have a month off before the start of the Spring Season but in the words of Bill Cresham "Noooo.... Way." Collins and Cresham will be working them constantly for the upcoming Spring League Season, Regional and Long Island Cups and traveling tournaments.

The Club, parents and friends all over Long Island are proud of the boys, congratulate them and their coaches and wish them well in the future.

Galileo Lodge News

By Joe Lorenzo

It is reported that the Membership Drive program has met considerable success and nothing proves this more than the many

new members that are currently joining the Galileo Lodge. We feel that our organization is so diversified in its programs and activities that people from all walks of life can easily find pleasure, enjoyment and intellectual compatibility.

It is reported that Joe Lippano and Armand Del Cioppo are looking for professional or amateur musicians to join the combo which they have intentions of forming. This sounds like something pleasurable and enjoyable, so why not contact these two aspiring musicians by calling the Galileo Lodge at 931-9351.

Another pleasant report from the Galileo Lodge is that Tony Previte, 1st Assist. Venerable of the Lodge has recently completed 20 years of federal service with the national weather service in New York. Tony also received for the year 1978 a special achievement

award for outstanding performance in his duties as an engineer and he will also receive his PhD very shortly. The Galileo Lodge and all its membership extends to Tony Previte its heartiest congratulations for such scholastic achievement and accomplishment.

Treasurer Jim Rerisi announced that he had presented Richard Lagnese, a member of the Galileo Lodge, a plaque in view of his dedication and musical talents which he so amply displayed at the two Christmas parties held by the Lodge. Another interesting note drifting out of the Galileo Lodge is that the Russo family of the Lodge has presented the figure of a Golden Lion to adorn the interior of our organization, and another report states that Mr. and Mrs. Tony Previte had also presented the Galileo Lodge with an oak stand upon which to rest

the Golden Lion. Needless to say, the Galileo Lodge is deeply appreciative of the thoughtfulness these two fine families have shown in our behalf.

As we have mentioned before, the month of February is a bleak month, but the Galileo Lodge has taken care of this condition by announcing that on February 10th it will hold its annual Valentine's Day dance. Price of admission is \$7.50 per person, with hot foods, beer, soda, cake and coffee and other delicacies to be served Jim Marchese and his fine combo will provide music for dancing. So, why not attend this hear-of-hearts dance and dinner event. Please contact Ted Marotti (681-5190) and Joe Locesto (433-3921). Bring your own liquor and your own love.

Don't forget our Grand Raffle which will be on the night of the St. Valentine's Day Dance. Only 1000 tickets will be sold at \$5.00 each. The Grand Prize will be (Continued on Page 11)

From Cong. Lent

Last November, the voters of the Nation returned their verdict. They brought 36 new Republicans into the House of Representatives. While this still left the Democrats with a commanding majority, the margin of Democrats over Republicans went considerably below the two-to-one ratio the Democrats enjoyed in the last Congress.

But House Speaker Tip O'Neill refused to heed the voters' verdict. In a typical display of the autocratic authority he has instituted, O'Neill insured that he and his minions will continue to have overwhelming domination of the new Congress. O'Neill's rules changes will have these effects:

—Membership on four key committees will continue un-

changed, with an unfair two-to-one-plus-one Democratic majority on the Rules and Budget Committees, and a two-to-one ratio on Appropriations and Ways and Means. If O'Neill had followed his own formula of two years ago, there would be six fewer Democrats and six more Republicans on these committees which screen or shape the most vital legislation affecting inflation, taxes, federal spending and the nation's economy.

—The power of the Democratic Steering and Policy Committee is increased. This committee has a powerful influence on the legislation and work schedule for the Democrats, and thus for the House of Representatives. It is

Tax Aide Programs For Retirees

Free income tax advice will be available for Nassau County retirees starting Thursday, February 1, through the Tax-Aide Program of the National Retired Teachers Association and the American Association of Retired Persons.

Volunteer counselors trained by the Internal Revenue Service will be available in more than forty Nassau Public libraries and their branches, on various weekdays from February 1 through April 14. Please contact your library for the days and hours that counselors will be available to assist you.

Mrs. Charlotte R. Langmack, overall coordinator for the tax program, said the service is designed to help older tax-payers understand the various income tax forms and become familiar with special exemptions available to retirees.

"Our counselors, many of whom are retired business people with considerable experience in tax matters, are equipped to deal with most of the problems older taxpayers confront. Past experience has indicated that many older people are unaware of special exemptions they are entitled to claim. Some may not even be required to file a return because of their limited income," Mrs. Langmack said.

Many of the counselors, members of AARP Chapters in Nassau County, have received the special IRS training and will be available to do counseling in the libraries. Persons utilizing the service should take with them copies of their last return and forms for the current tax year, including W-2's and other relevant materials.

For further information about the service, call Mrs. Langmack at 931-0736.

MEET JOHN WARREN: 1979 MARCH OF DIMES POSTER CHILD. Welcoming an adorable new member to their "family," the Long Island March of Dimes proudly introduces 2½ year old John Warren of Massapequa as its 1979 Poster Child.

Born with multiple birth defects, John represents the quarter-million infants affected each year by our nation's No. 1 child health problem. His loving family includes parents Bob and Barbara, and 28 first cousins. When not attending classes at the Human Resources Center in Albertson, John will act as the chapter's "little ambassador" at March of Dimes functions and visit schools during the promotional campaign for SUPER WALK '79, set for Sunday, April 29th. Pictured with Chairman Bob Nystrom, N.Y. Islander star, on the newly-released SUPER WALK posters and on his own forthcoming March of Dimes poster, John's face will surely become a familiar sight to all on Long Island.

As the 1979 Poster Child, John urges everyone to join him and the March of Dimes in working toward a happier and healthier tomorrow for every newborn child.

Feb. Is "Lighting" Month

With February designated as "Lighting Month" at the Old Bethpage village restoration, visitors to its mid-19th century homes will find them aglow with lamps of a bygone era.

The 1975 Schenk house is illuminated by lamplight derived from fuel made by costumed villagers from grease and the core of rushes. A whale oil lamp is featured at the Conkley house, but although the lamp itself is authentic, cod-fish, rather than whale oil, is used in the interests of conservation.

At the Powell farmhouse, tallow and bayberry candles will be dipped and molded throughout the month.

The village, which is operated by the Museum Division of the Nassau County of Recreation and Parks is located on Round Swamp Road, south of

Long Island Expressway Exit no. 48. Admission \$2.25 for adults and \$1.00 for children ages five through 17. Nassau County Leisure Pass holders pay \$175 and \$125 respectively.

There is a cafeteria and gift shop on the premises and parking is free. The

WHALE OIL LAMP, mid-19th century style, will be featured during February at the Old Bethpage village restoration.

restoration is open daily from 10 a.m. to 4 p.m. For further details, call 420-5280.

"I don't care if 'EQUAC' does mean lower electric bills; Harold—it's still not a word."

Sorry, Harold, she's right. EQUAC is an abbreviation. But, you're absolutely right about what it means. EQUAC stands for Environmental Quality Air Control, a computer-coordinated air monitoring system that's helping LILCO hold down electricity costs by telling us when it's environmentally safe to generate electricity using less expensive oil. Over the past four years, EQUAC has helped LILCO save some \$170 million in fuel costs and we've passed every dollar of this savings on to our customers in lower electricity bills.

But what about the air? You can breathe easy. All EQUAC readings are reported to the New York State Department of Environmental Conservation for review. In fact, EQUAC information has proven so reliable that it is actually used by New York State to satisfy Federal air quality regulations. EQUAC—in a word, it means "savings." For you.

...

While EQUAC isn't a word, "help" is, and one LILCO customer, Mr. H. F., appreciated some help he got with his heating system. "Recently, I had a malfunction in my space heating system which required a service call. Mr. Louis Manieri was a skilled mechanic who corrected the problem quickly and efficiently."

Thank you, Mr. H. F.

Letters To The Editor

Dear Ms. Noeth:

At the last regular meeting of this Department the membership voted to displace this letter asking for the following information be printed in the weekly newspaper.

"That the fire department has not formed any opinion on the proposed changes of roadways throughout our community, nor has any Chief, Officer or fireman stated so for the purpose of printing such an opinion."

The fire department is open to any advancements or modernizations which will benefit our residents, but at this time not enough statistics or valid evidence has been presented to warrant our full fledged support. We feel that since it was previously mentioned in the "Herald" that we are in complete favor of this venture, we feel now, that the readers should hear our side of the story.

Firematically yours,
William Ferber, Chief
Hicksville Fire Dept

EDITOR'S NOTE: In checking our back issues, we find that our statement in THE HERALD was a reporter's account of the

Hicksville Community Council meeting where our reporter stated that in answer to a question from the audience, our TOB Councilman said that the Fire Dept. approved this change. The reporter stated accurately what was said at this Council meeting.

However, we are happy to review this point so that all of us realize that it is wise to check with both the Commissioners and the Dept. in cases of this nature.

To the Editor

The Hicksville "Health Education" curriculum (Grades K-3) proposed for district-wide adoption in September, 1979, is a monument to totalitarian dictatorship. Teachers, students, and parents would be absolutely forced to involve themselves in it.

Without holding truly open public hearings on a wide scale, the school board will attempt to annihilate the free agency, independent judgement, and individual morality of every family in the district. The Constitution protects individual rights and freedoms against such mobocracy and tyranny. The majority of people opposed to the

usage of such a curriculum are not even being given the right to refuse, unless the teachers want to lose their jobs for insubordination and the parents lose their children to the family courts. Since the compulsory school attendance law insures a captive audience, parents are denied their right to exclude their children from the curriculum. It is completely integrated into every phase of the school day.

The curriculum's "personality development" is nothing but the infamous "sensitivity training," wherein a person is "trained" to forsake his individual character, beliefs, and values for the "welfare" of the group. "Family Living" is "Sex Education," containing the most outrageous content imaginable.

We have read and studied this curriculum from cover to cover many times over, and are totally opposed to it in its entirety, from the first to the last page. Adoption and implementation even on a "pilot" basis will be the foot in the door to weave this unproven curriculum into the entire fabric of the schools from K-12.

scene where another celebration was held. Alberta and James McTavish were married 45 years on January 13 and held a family party for this momentous occasion. Judith Ann Switzer (the McTavishes' daughter) and her husband Edmund were present. Edmund's brother, Ralph, flew in from Chicago and was able to join the festivities. Unfortunately, the McTavishes' other daughter, Carol Slayton Westchester could not get here due to very inclement weather. Congratulations, Alberta and Jim

CONGRESS TO MEET: Members of the American Irish Congress are hereby reminded that a general membership meeting will be held this Monday evening, January 29, at the Irish American Center, 297 Willis Avenue, Mineola, at 8 P.M. sharp according to John Sugrue, Nassau County Chairman. Important matters to be on the agenda, including a vote on adopting a new constitution revised at the December meeting. Membership dues are

payable at \$10.00 for the year - make check to the American Irish Congress and forward to John Campbell, Financial Secretary at 8 Loretta Lane, Hicksville or pay in person at the January 29th meeting - in the event of storm please tune in WHLI, WGSM or Cablevision for revised meeting date.

FASHION SHOW: Mark your calendar for Friday, March 2nd at the Joseph Barry Council, Knights of Columbus according to Mrs. Evelyn Dorsey, Chairperson for a dinner-fashion show priced at \$10.00 per person. Spring and summer designs by the "Clothes Closet" of Massapequa and the wives of the members will model the "new Look" - for reservations please phone 935-1790 - again Brother John Zalewski is on the ball with this "first" for the new year.

WE HEAR THAT: June Gutekunst of California Street, Hicksville, became Mrs. Charles J. Rizzi, Jr., last Saturday at services in Plandome - a reception followed for the couple at the Joseph Barry Council, Knights of Columbus for 200 guests - we hear the bridegroom wrote a "special song" for the lovely bride (following in his dad's footsteps who has played great guitar these many years).

good luck to all... On Saturday, January 27 Karen Conby of Muttontown will become Mrs. Edward Kelly, Jr. when they tie the knot at St. Paul the Apostle, Jericho - a reception will follow at Salisbury Park, East Meadow - his dad is the popular house chairman at the Hicksville Knights of Columbus.

HAPPY CHRISTENING: to Meaghann Teubner, granddaughter of Helen and Jack Hannon of Kuhl Avenue, Hicksville - proud parents are Kathleen and Dennis Teubner who while visiting from Plano, Texas, held this special christening ceremony and open house at the home of Kathleen's parents Helen and Jack Hannon - a wonderful visit on this special occasion and a proud day for Helen and Jack - good luck.

DID YA KNOW THAT: Alice Gilbride of Byron Place and Dorothy Di Santo of Linden Blvd, in our community recently celebrated birthdays - hope you had a happy gals - Hicksville and surrounding communities were well represented in the recent "March For Life" in Washington, D.C. - This year's "Pray the Rosary" was again sponsored by the Washington area Councils of the Knights of Columbus and from what we've been told - there were more than the 80,000 reported by the press and TV - a much improved image of the "Right To Life" movement was excellent coverage by all media - we hope that all concerned in Washington, D.C. get the message and move for a public referendum in New York State to request the Supreme Court ruling of 1973 be overturned and the right to life for every child - not abortion be the rule... recent excavation at Kuhl Avenue area was due to a water main break - since fixed and road dressed up as of this writing - these people are doing their level best to keep streets open - but progress must go on - other areas will be completed next spring and then hook-up to sewers. finally.

Comets Off To A Smashing Start

The Hicksville High School swimming team completed its first month of the season is overwhelming style with six consecutive victories.

The first meet of the season against JFK Plainview provided three new swimming records for the Comets coached by Wall Olsewski. After a close victory in the Medley Relay, supersoph sensation Perry Daum smashed the 200 free record with a clocking of 2:00.3 besting the old mark of Mike Bradley which had held since 1976. Two events later junior Ken Koneck won the 50 free in a new school record of :24.2 knocking off one-tenth of a second off the old record held by Mike Bradley. In the 500 yd. free Perry Daum blitzed the old mark of 5:32.8 by a full 12 seconds as she swam to victory in 5:20.7. The old mark was held by senior tri-captain Mike McGuirk from 1977.

After a close win over the Christmas holidays against Suffolk opponent Central Islip in which Miss Daum again lowered the 200 record to 1:59.7 the Comets went up against their arch rivals, Jericho High School. The meet was exciting from start to finish as senior tri-captain Steve Alvarez, junior Ken Koneck and sophomore Perry Daum each chipped in with two wins apiece. Going into the last event, the 4 X 100 free relay Hicksville was winning by 7 points. In order to clinch the meet the Comets needed a second place finish and after the second leg of the race Hicksville trailed by a full 25 yards for second place. That's when Mike McGuirk took over: Swimming what Coach Olsewski called "the greatest race I have ever seen in 26 years of competitive swimming."

(Continued from Page 4)
The curriculum is deceitful in that it will accomplish exactly the opposite of what is claimed. It tampers with the private psychological character and values of the children. Sex Education has never been proven to prevent venereal disease, promiscuity, illegitimacy, and abortions. Chastity, virginity, and moral cleanliness taught in the sanctity of the home are the only definitive answers to these problems. The curriculum will

ming', Mike not only caught the third Jericho swimmer but actually gave anchor swimmer, Perry Daum, a slight lead. Perry not only maintained the lead but actually won going away. The final score, Hicksville 85 Jericho 84. The greatest win in Comet swimming annals.

After the smashing win at Jericho, Hicksville had the difficult assignment of swimming back to back meets not just against two but three teams in the space of 28 hours. The Comets were equal to the task.

Against Westbury on January 10, the Comets compiled a 106-60 victory including 9 first places. The highlight of the meet was the record shattering victory in the 4 X 100 free relay. The old mark of 3:45.6 set at the State Qualifying meet in 1978 was broken by Ken Koneck, Perry Daum, Mike McGuirk and Steve Alvarez.

The new mark is now 3:42.7 with predictions of a sub-3:40 relay before the County Championships.

After the Westbury win the Comets had the night to rest up for a rare triple dual meet vs Wantagh and Island Trees at Syosset High School. With a large crowd in attendance the Comets turned in a truly impressive performance beating Wantagh 60-22 and Island Trees 63-18. Again it was a record shattering meet with Perry Daum breaking both her 200 and 500 free records. Ken Koneck tied his own record in the 30 freestyle.

The first half of the season has been tremendous and the swimming Comets look for nothing but the same as they move into the second half of the season.

Good Luck

accomplish nothing but the desensitizing of our children to correct and wholesome moral values. The psychological and psychiatric damage to all students would be incalculable and irreversible. Further, no teacher is even remotely qualified to teach this material, and most teachers would not ever want to teach it. The time and expense required by the curriculum would deeply aggravate the current literacy problem in the schools.

LETTERS

(Continued from Page 6)

We will never tolerate the usage of such an unnecessary and unwanted curriculum, either in part or as a whole. Its proposed amoral character would produce an immoral environment. You will never see our children participating in it, under any circumstances.

Mr. & Mrs. W.J. Schuck

To Members of the Hicksville School Board Gentlemen:

It has recently come to my attention that your Board is attempting to introduce a Comprehensive Sex Education Program into the Grade School curriculum beginning with the Kindergarten Class. We have read the proposed program and feel there is a moral obligation to comment on the introduction of such a program or a similar one into these Class Rooms.

We believe that serious hazards are involved in entrusting to the schools the teaching of this vital and important subject to our children. The responsibility of sex education cannot wisely be left to Society, nor the schools, nor can the responsibility be shifted to the church. It is the responsibility of parents to see that they fully perform their duty in this respect. Parents must treat all matters pertaining to sexuality as sacred, not secret, by word, action and attitude. They must point out the enormity of sexual sin and the spiritual, emotional and physical damage of unchastity. These teachings must be fitted to the maturity and personality of each child, being neither too soon nor too late, too generous or too miserly in their teaching.

Because schools are generally prevented or restricted from teaching anything of a spiritual nature, we believe they are thereby disqualified from teaching sex at all. These teachings, presented in a spiritual vacuum, do little but arouse curiosity for experience and their discussions tend to make nothing but sex animals out of boys and girls.

We oppose efforts to make sex and sex considerations so commonplace that it will be stripped of its sanctity and sacredness in the minds of our Sons and Daughters. The fostering of sex education in the classroom on the basis that it will lessen sex ignorance or reduce illegitimate pregnancy, venereal disease and related problems has no basis. Actual experience has proven just the opposite.

Very truly yours,
Alfred F. Weyhreter,
Bishop

Local Calligrapher Commissioned

Lorraine Triolo

Lorraine Triolo, a resident of our humble hamlet of Hicksville, is the artist whose calligraphic talents were commissioned to pay tribute to national and international diplomats.

The World Business Council asked Ms. Triolo to make two hand-lettered scrolls for their

1979 Medal of Honor recipients. One was for U.S. Ambassador-at-Large, The Honorable Alfred L. Atherton, Jr. and the other was for Baronet, Commander of the British Empire, Sir Fitzroy Maclean. These awards were presented in Hawaii on January 17.

This wasn't the first time Ms. Triolo was asked to help honor famous people. Some of those famous names proudly remembered were: Former President Gerald Ford, former State Comptroller Arthur Levitt, former Attorney General Louis Lefkowitz, U.S. General Alexander M. Haig, Jr., and television's own Dr. Frank Field.

After several years of formal training in this ancient art and after 16 years of practical experience in the professional art world, Ms. Triolo finds it both a pleasure and easy to resolve all her students' lettering problems because, as she says, "I have the answers right at my fingertips."

Ms. Triolo gives lessons at her home studio at 43 Salem Rd., Hicksville.

FORGIVENESS: PART I

I wish to consider with you something that each of us needs. There is not even one reader who can say, "Count me out, Pastor, this is not meant for me." I want to look with you at the concept of forgiveness. "How basic, how ordinary, how unexciting," some may be thinking already. But hold everything - you might be one of many people who lacks a full understanding of this wonderful concept.

Back in the fourteenth century, a monk announced to the people of his village that he was going to preach the greatest sermon he had ever preached on the love of God. He begged everyone to come. At the appropriate hour the cathedral was filled with the old and young. They went through the usual liturgy, and when it was time for the sermon, everyone was breathlessly awaiting the

discourse of the clergyman.

Instead, ascending to the pulpit, he went to the candelabra, drew a long burning candle and then walked to the altar where a sculptured form of Christ was nailed to the crucifix. He silently lifted the candle until the glow was right underneath one of the pierced hands, and he held it there, with his back to the congregation. Then he shifted and held the candle below the other pierced hand of the Lord. Then he dropped it and held it along the side where the spear had punctured Him. And now he dropped to his knees, in prayer, holding the candle so the candle light glowed on the pierced feet of Jesus.

After a moment he stood and turned holding the candle before him so that the people could see the gentle and affectionate tears flowing out of his eyes, and he said to his congregation, "My beloved people, that is my ser-

mon on the love of God for you." And he dismissed them with a benediction.

From the mouth of our Lord came words of forgiveness at the most poignant point in His life. "Father, forgive them, for they know not what they do." We always have a marked respect for final words spoken as life ebbs away. And here is the King of Creation, The Beautiful Saviour, fairer than the meadows, woodlands, blooming flowers, the spring, forgiving a creature bastardized by sin as He hung there positioned on a horrendous hill. Even the sound of its name, Golgotha, is ugly. He was forgiving us - not because we deserved it, but because we needed it. God's love in Christ acting in behalf of people who need it. Forgiveness is loving when it is needed. A Christian is one who also gives love to people who need it. Emphasis is on need.

25th Anniversary Of The St. Ignatius Loyola Mothers Auxiliary

by By Gail Larkin in conjunction with Billie Schiffmacher

It seems like only yesterday, but it was, in fact, during the summer of 1950 that a beautiful nun named Mother Adelaide, O.P., joined a handful of mothers and, subsequently, formed the nucleus of the St. Ignatius Loyola Mothers' Auxiliary. At the time, there were 1,400 children attending our school and a long, long list of children waiting to enter. You see, the beautiful farms of Hicksville had given way to the population explosion and new homes were going up hither and yon. New homes meant new families and small children.

Looking back, we can see classes of 80 children, all of whom somehow learned to read and write and add and subtract. But they learned, firstly, how to share and how to love each other and themselves as children of God.

In the course of three years, a wonderful organization of women (all mothers) toiled endlessly for the good of St. Ignatius parish and school and its precious gift, its children. Father Bertin Roll, a

Cappuchian, approached us and suggested we join the Arch-confraternity of Christian Mothers. He explained that we would share in their prayers and good works for the betterment of our children, our husbands and ourselves, our homes, and our daily lives.

In December, 1953, we were enrolled. Recently, our 25th Anniversary was celebrated at a Mass in church with the members of the School Board.

We reminisced about those days; (we were surprised how well Fr. Roll had weathered the years in-between) about the 1st Friday committee. Every child received Holy Communion on the 1st Friday of every month. Afterward, the mothers served a small breakfast of hot chocolate and sweet buns to each child. (You'll remember they fasted from midnight.) It was not uncommon to see a mother coming in the early morning to help out with small children clinging to her skirts.

We thought about the Polio Pioneers. The Salk vaccine was administered to one half of the school children, while a placebo was given the other half. We laughed as we remembered the cacophony that emanated from the old convert on the day those shots were given.

We didn't have a school nurse; so we had a Medical Committee. Mothers volunteered their time to give the hearing tests and assist with the physicals along with the few volunteer professionals available. We shared a nurse with the public school and, if a real emergency arose, we called (yelled) for the nurse and she handled it.

Every year we held a dance (along about February) to thank all who helped in so many ways. Incredibly, we had financial and social successes, even though I remember one year we raised the price of the ticket to \$1.50 per couple. (My husband just reminded me that the beer was free.) We all made the food and donated it and each lady gave it her best shot.

Times and circumstances have changed. And rightly so, for it is only proper that we grow and change and try to make all things better under God. There are 378 children in St. Ignatius this year. They're still precious to us, as are all the children of St. Ignatius

parish. There are still mothers and fathers who toil endlessly and unselfishly and they should be commended.

Those were productive, happy years and the ones coming up will be just as productive and just happy as we grow in our love - God and each other.

I could go on - and on - and on. I guess it's best said in a poem written by Fran Larkin, an alumnus of St. Ignatius.

Love is like time;
It is both infinite and minute.
You can't see it coming.
You're not always sure when it's here.

But certainly know when it's gone.
So love today like there's no tomorrow;
And you won't have abundant lonely yesterdays.

Senior Citizen Help Available

Nassau senior citizens who run out of heating fuel may now be able to obtain emergency help through a new cooperative procedure set up by Family Service Association, Nassau County Police Department, Oil Heat Institute, Inc., and the Nassau County Department of Senior Citizen Affairs.

"Senior citizens are especially vulnerable to the hardships resulting from the lack of heat during winter storms or intense cold spells," according to Robert Sunley, Associate Director "Nassau residents over age 60 who temporarily lack the means to obtain fuel may be assisted by an emergency delivery from their dealer or one of a group of dealers cooperating in the plan through the Oil Heat Institute."

On weekdays, application for emergency help should be made to Project AID at Family Service Association (485-4600). At night and on weekends, the Nassau

County Police Department will take calls and arrange for emergency deliveries (535-4320).

The sponsoring agency, Family Service Association of Nassau County, Inc., is a nonprofit social agency serving Nassau County residents regardless of race, religion, or income. Project AID and the emergency fuel service are conducted with funds from Title III of the Older Americans Act under contract with the Nassau County Department of Senior Citizen Affairs.

Family Service Association is a multi-service, nonprofit social residents regardless of race, religion, or income. FSA is a member agency of the United Way of Long Island, Garden City Community Fund, the United Community Chest of Port Washington, United Fund of Manhasset, Association of Roslyn Estates, Inc., and Health and Welfare Council of Nassau County.

Crime Prevention News

TO PROTECT YOUR HOME

—Install good, secure door and window locks and use them whether you are at home, out shopping for a few minutes or even doing yardwork.

—Make sure your property is well lit outside, that shrubs and trees are trimmed below window-height and that your garage door is always closed and locked.

—Keep valuables in a safe deposit box, credit card numbers easily accessible and emergency telephone numbers near the phone.

—Do not give strangers information over the telephone. NEVER open the door to a stranger.

These are four of 48 tips the Governor's Office of Crime Prevention offers citizens in a new, tree leaflet entitled "Crime Check."

Both the publication and expert advice on your own crime prevention problems are available by calling the Office's toll-free number, 800-342-4202.

TO PROTECT YOUR AUTOMOBILE OR BICYCLE

—Keep your car or bike locked when not in use.

—Never leave keys in your car's ignition or packages on the seats, even if you'll only be gone for a minute. When an attendant parks your car and keeps the ignition

key, remove all house keys from the chain.

—Borrow from your local police an Operation I.D. kit and engrave an identifying number on your bike.

—Don't pick up hitchhikers and don't hitchhike, yourself.

—If you're followed or harassed, drive to a police station. If that's too far away, drive to a gas station, shopping center or other well-lit area and call the police or sheriff's department.

TO PROTECT YOUR OFFICE

—Borrow from local police their Operation I.D. kit to mark typewriters, postage machines, calculators—anything of value—

with an identifying number.

—Keep a minimum amount of petty cash.

—At closing time, be sure that all desks and important file cabinets are locked.

TO PROTECT YOURSELF

—Avoid walking on dark streets.

—Carry your purse close to the body, with a firm grasp. Put large sums of money in a special money belt or secure undergarment.

—Don't flash cash. That's an open invitation to a thief.

—Use direct-deposit of government checks to the bank of your choice.

CONG. LENT (Continued from page 3)

very difficult to bring to the floor any legislation which fails to get the stamp of approval from the Steering and Policy Committee.

The Democratic Caucus will operate behind closed doors in decisions on depriving a Member of his subcommittee chairmanship because of censure by the House. This goes to the heart of the ethics problem which has been so troublesome to the House Democrats. When it comes to matters of House ethics, closed-door coverup hearings and secret votes can do nothing but further erode the public's confidence in our government. I believe all

problems involving questions of ethics in the House of Representatives should be handled swiftly, and in a fair and open manner.

It is disturbing that Speaker O'Neill and his Democratic leadership should dictate these rules changes. They are unfair to the voters who deserve a more honest representation of their decision at the polls last November.

The rules changes can only contribute to the wide-spread feeling that Washington doesn't care anything about the average person.

AROUND OUR TOWNS

(Continued from Page 5)

The Falcons, a 7th grade CYO Basketball Team in Hicksville, has been invited to play several teams in Tampa and Orlando, Florida, during the week of February 17. Each member of the team must raise \$100 to cover his expenses. Although some local community organizations are sponsoring some of the boys, additional financial assistance is needed for the trip. This is certainly a worthwhile opportunity for our Hicksville youth to share in. If you wish additional information regarding this matter, please contact Joseph Trapp, 433-

For further information, please contact Pat Gatto (433-6708), Dom Lauro (938-0561), Ted Marotti (681-5190) and Joe Lo Casto (433-3921). The month of February will also bring forth the elections of officers, and it is said that many notables from

the Grand Lodge of the Sons of Italy in America will be present to engage in the proceedings for this event. The elections always provides a new interest and brings about serious but friendly discussions concerning the relative merits and abilities of the members chosen to hold office in the Galileo Lodge organization. All members are urged to get their dues in good order and come on down and vote for the man of their choice. Food and refreshment follow, naturally.

Another MAN (Member Appreciation Night) is being planned, and very shortly the

actual date and time for this event will be announced. This affair is presented to all members of the organization in recognition of their loyalty, hard

work and sincerity which they have displayed to the Lodge. The Lodge takes care of all expenditures incurred. All members are cordially invited to attend.
