## A Hostel Meeting

by Carole Wolf

A meeting to discuss the proposed hostel at 12 Violet Avenue Hicksville to be conducted by the Epilepsy Foundation was held on January 27th at the Burn Avenue School. Tom Clark, Town Councilman, Hal Mayer from the Town Attorney's Office, representatives from the Board of the Epilepsy Foundation, and Father Fagan, Director of Rockville Centre's Catholic Charities program were present. Councilman Clark taped both sides who were present at the meeting and reminded the approximately 125 people who were present that a public hearing is to be held on February 6th at 8 P.M. at Town Hall on Audrey Ave., in Oyster Bay.

The Epilepsy Foundation began their presentation by admitting that they were interested in several locations - one in Hicksville and 2 or 3 in Farmingdale. They would like to set up a hostel at 12 Violet to be a residence for fully independent, functioning adults 18 years and older. There would be 10 adults and 2 live-in parents and the residents would either have jobs or be in training. They would be transported from their house to their place of employment. Five of these residents would be from within and five from without the Community. And those epileptic or retarded residents of the proposed hostel would be screened by a Committee consisting of the Board, the State Office of Mental Retardation and Mental Disabilities and representatives from the Community. "There are already 16 hostels for the mentally retarded established in residential neighborhoods in Nassau and Suffolk Counties."

Hal Mayer, from the Town Attorney's Office, then outlined the choices the Town has under the new State Law signed by Governor Carey which went into effect last September 1st. Under the law, when an organization considers a residential home, they must notify the local government which then has 40 days to respond. The Town can give one of three answers:

- 1 - It is a great idea.
- 2 - It is a great idea but not at this particular house because.....
- 3 - Our Town is so saturated

with hostels that to have another would be detrimental to the community.

The local government still retains the power to zone, but loses some degree of control because the State declares that a hostel is considered a single family unit. Therefore, the Town is very limited legally. The Town does not have the final say, for if their opinion is rendered against the proposal, it can then be brought up to the Commissioner of Mental Retardation and Developmental Disabilities who can over-ride the Town.

There are presently violations in the house at 12 Violet. The violations currently are in the hands of the Town's Building Department for it has always been their responsibility to sure that a building is safe for occupancy.

The Epilepsy Foundation said that Board members have been in the home and have also visited other sites in Hicksville. However, they have decided on 12 Violet because the home is available for lease and the process is generally quicker. However, if the home is considered unsafe they will look for another site in Hicksville they will not go away.

Father Fagan then took the floor. He is the Director of Catholic Charities for the last 5 years and runs 4 homes for retarded adults in Valley Stream, Manhasset, Huntington and Amityville. Three of these 4 homes are across the street from a school. The residents are placed either because the parents are old, sick, or have died. Father Fagan said, "It takes a tremendous rendering of the heart" to give up a retarded son or daughter. These people do what normal people do - get up, go to their job at 7:30 or 8, come home from work between 5 and 5:15, have supper and relax before the next day. On weekends, Community people come and take them shopping, to the movies, to a museum, the beach, or they go to visit a brother, sister, or cousin. He mentioned that the Catholic Charities homes are opened to inspection and mentioned several times, that those who opposed most vehemently to their arrival are their most staunch supporters today. These neighbors of the hostels

have formed a speakers group and will meet with any interested neighbors.

When the meeting was opened to the residents questions, several interesting points were made.

Would the Real Estate Value depreciate.

Father Fagan said that anyone could ask the speakers group but the answer is no.

How many people will be housed.

The original Epilepsy Foundation proposal was 10 but then a question was raised concerning the opinion of the architect from the Department of New York State Facilities Development Corporation. They went through the house for 1 1/2 hours and declared it fit for 8 residents and 2 adults. A telephone call to the Dept. from a member of the audience came up with 7. A resident reminded those present that at a former meeting, 2 parents with 2 or 4 residents, was deemed acceptable.

A question also arose concerning pressure on the Foundation to house these Epileptic or Retarded people according to a timetable. The Foundation admitted they were not under pressure but the pressure is on the state since the judge set a timetable. If the house has under 8 residents, the program runs at a deficit.

What percentage of local residents will be on a Screening Committee.

Out of 10 on the Committee, 3 will be local residents. All persons who will be candidates for residence will be able to take care of themselves and those in institutions are going through special training to leave.

If they are capable of leaving institutions or have been wrongly placed why are they not placed with their own families.

This is one of the first questions that the Committee asks and every effort is made to place them with their family first.

Town Councilman Tom Clark again mentioned that the Town hearing will be held at Town Hall on February 6th at 8 P.M. He said that the Board most probably will reserve decision on that day and weigh the facts before a decision is made.

## Cong. Jack Kemp Aids Refusenik Lev Blitshtein

As a result of a visit to Congressman Jack Kemp's office in Washington, a letter was sent to His Excellency Leonid I. Brezhnev, the General Secretary of the Communist Party of the Soviet Union. Congressman Kemp wrote as follows:

"I WANTED YOU TO KNOW OF MY AND MY COLLEAGUES CONTINUING CONCERN FOR LEV BLITSHEIN OF MOSCOW. I HAVE HAD THE PLEASURE OF MEETING WITH LEV'S SON BORIS SEVERAL TIMES, AND AM VERY DISTURBED THAT AFTER ALL THESE YEARS, LEV HAS STILL NOT BEEN PERMITTED TO JOIN HIM IN THE UNITED STATES."

The Long Island Committee for Soviet Jewry has been involved in attempting to reunite the Blitshtein family, who were separated when the wife, son and daughter of Lev Blitshtein was denied permission. Blitshtein's son, Boris, upon emigrating to the United States, contacted the LICFSJ and asked for help and

assistance in his father's case. The refusal of permission for Lev Blitshtein's emigration, was based by Soviet authorities on the fact that "he was the manager of a sausage factory and was aware of their method of preparing meat."

Since the inception of the Long Island Committee for Soviet Jewry, Congressman Kemp has been diligent in his efforts to aid the Committee and assist Soviet Jews denied permission. In the case of Lev Blitshtein, Congressman Kemp sent a letter to him in Moscow indicating that "I will continue to write to Mr. Brezhnev until he sees fit to permit you to emigrate, and it is my great hope that he will do so very soon." "The receipt of a letter from a Congressman of the United States is very helpful to a Soviet Jew awaiting permission to emigrate, and it is for this reason that the Long Island Committee visits Congressmen and enlists their aid," stated Mrs. Lynn Singer, President of the LICFSJ.

## Seminar Set

A seminar for compulsive eaters, drinkers and smokers will be conducted by Dr. Joseph J. Avampato of Highland, N.Y., from 10 a.m. to 1 p.m. Saturday, Feb. 17, at the Holiday Inn, Plainview. Registration is at 9 a.m.

The program is designed for those who wish to moderate their compulsive oral nervous habits. A psychologist and hypnotherapist, Dr. Avampato uses hypnosis incorporating psychological techniques to aid in curbing nervous compulsions. For those with a drinking problem, Dr. Avampato will discuss characteristics of the genetic alcoholic, assisting those attending to determine if they can be restored to moderation. He will present nutritional advice to relieve craving for fattening foods, alcohol and nicotine.

The combined hypnosis and improved nutrition will prevent substitution of another nervous habit for the original oral compulsion. Each participant will receive one reinforcement tape for his particular habit.

Dr. Avampato is listed in the National Register of Health Service Providers and Marquis' "Who's Who in America" and

"Who's Who in the East." Working in areas of weight and smoking control, drug and alcohol abuse, he has been an assistant director in charge of treatment and head of the treatment staff at Odysseus House, New York City; supervisor of psychology interns at the North Shore Child Guidance Center in Manhasset, N.Y., and a consultant in hypnosis for the Chief Prosecutor's Office of Bergen County, N.J. He is engaged in private practice in Highland, N.Y. His innovative work in the use of hypnosis for treatment of psychosomatic illnesses has been reported in the Journal of the American Society for Clinical Hypnosis. He has treated middle to upper management executives of major Corporations to help them to improve self-concept and develop a depth of concentration, relaxation and memory.

Advance reservations are urged because of limited room capacity. The \$40 fee includes reinforcement tape. Reservations may be made by writing to The Apple Core, Red Top Road, Highland, N.Y. 12528; or telephoning (914) 691-8882 and (201) 748-4091.

**TAX REFORM:** Hempstead Town Presiding Supervisor D'Amato, right, who served as moderator on a closed circuit television discussion on Property Tax Reform produced by the Metropolitan Regional Councils

joined by Los Angeles Councilman David S. Cunningham, 2nd from right, John McLaughlin, Federal State Aid Coordinator of Putnam County, left, and Queens Borough President Donald Manes, 2nd

from left, the main subject of discussion was the effects of Proposition 13 and how to draft measures to limit taxes rather than face the disparity that Proposition 13 has had on the state of California.

## CPES: "Welfare Reform Still Needed"

ALBANY, N.Y. — "New York pays the highest welfare benefits in the United States," reports the Citizens Public Expenditure Survey (CPES), the statewide taxpayer research organization.

"They are 56 percent higher than the national average and 30 percent higher than the average of six other industrial, high-cost urban states," CPES said.

The fiscal watchdog organization with offices in Albany pointed out that New York's welfare benefits for families with dependent children are:

23.2 percent higher than

California 23.7 percent higher than Massachusetts

27.1 percent higher than Michigan

31.5 percent higher than Connecticut

39.0 percent higher than New Jersey

39.4 percent higher than Illinois

CPES noted that Proposition 4, one of the organization's "13 Propositions for Tax Relief" would, over a two-year period, reduce New York welfare benefits to a point only 5 percent higher than the average of these six states. The 3 percent

difference is to compensate for New York State's higher cost of living.

CPES pointed out that the Welfare Limitation Act, introduced in the New York Legislature in 1977, and again in 1978, would have accomplished the reductions called for in Proposition 4. It is estimated that the Welfare Limitation Act would have saved the State's taxpayers \$81 million annually. It twice passed the Senate only to die in Committee in the Assembly.

CPES said it would push for passage of the Welfare Limitation Act in the 1979 session.

## New York Second Highest in Teacher Salaries

ALBANY, N.Y. — "New York State ranks second highest in teachers salaries in public elementary and secondary schools," reports the Citizens Public Expenditure Survey (CPES), the statewide taxpayer research organization.

CPES said that Alaska ranked number one, citing statistics of the National Education Association. The taxpayer organization noted, however, that federal education statisticians report that because of the high cost of living in Alaska, fiscal data from that State cannot readily be compared with that of other states.

"The average public school teacher salary in New York was \$17,100 in 1976-77. It was \$3,800, or 29 percent above the U.S. average," CPES said.

The statewide fiscal watchdog group noted that New York teacher salaries are particularly high when compared with those in neighboring states.

N.Y. exceeds other states by:

	Average Salary	Amount	Percent:
New Jersey	\$14,500	\$2,600	17.9
Connecticut	13,651	3,449	25.3
Pennsylvania	13,600	3,500	25.7
Massachusetts	12,260	4,840	39.5

"Public education at the elementary and secondary level is New York's highest expenditure -- with an annual tab of more than \$8 billion. Salaries and benefits account for 75-85 percent of the typical school budget. Therefore it follows that the great disparity between salaries of New York teachers and those in other states is a factor we must consider seriously as we get down to the business of bringing our economy into line with that of other competing states," said CPES.

OVER FIFTY MEMBERS of the Long Island Committee for Soviet Jewry demonstrated on January 23rd at the Nassau Coliseum as the Russian Folk Dancers performed. The demonstration was held to protest the Folk Dancers visit while innocent Soviet Jews are repressed and tortured in Russian prison camps.

Carrying balloons that read "Free Sharansky," the demonstrators leafleted and circulated information focusing on the Sharansky case. Anatoly Sharansky is the young Soviet Jew who was accused of being a CIA Agent, was tried in the USSR and sentenced to 13 years in a Soviet prison. Sharansky's crime was only that of wishing to emigrate to Israel to be reunited with his wife.

Mrs. Lynn Singer, President of the Long Island Committee stated: "The Long Island Committee for Soviet Jewry will use the appearance of the Russian Folk Dancing troupe on Long Island to remind freedom loving Long Islanders of the injustices perpetrated by the USSR, a nation whose answer to the question of human rights for its citizens is to send us their Folk Dancers."

## In Memoriam

Nassau County Republican Party Chairman Joseph M. Margiotta said he was "deeply saddened" by the sudden death of former Vice President and Governor Nelson A. Rockefeller.

"Governor Rockefeller will be remembered as one of the truly great men of our times," Margiotta said. "His untimely passing will leave a great void on the American scene. He will be missed."

Having worked in the successful gubernatorial campaigns of the former governor and having worked with him in Albany as a former Assemblyman, Margiotta said that he had nothing but great respect for Rockefeller.

He said "Governor Rockefeller had many devoted political followers and I'm proud to number myself among them and to have been characterized as a 'Rockefeller Man'."

"He was probably the greatest politician I ever had the privilege

of working with," said the Nassau leader. "He had true charisma. He would walk into a room full of people and great excitement would flow throughout the room. It was almost like the crackling of electricity. It was always enjoyable to campaign with him," he said.

"In addition to his political skills, his accomplishments as Governor of New York State are legendary," Margiotta said.

"I was honored and privileged to have participated in some of them as an Assemblyman and political leader. He was a true friend of Nassau, always willing to listen to our needs and act if possible. He never said something couldn't be done. Instead, he said let's find out how we can do it."

"My life was greatly enriched by knowing and working with him. His passing is a great loss," Margiotta concluded.

## To The Editor

In the past two issues of the Herald there have been four letters from "concerned, responsible people" who are adamantly opposed to the curriculum proposed for K-3 by STRAND III.

Very strong, negative words, such as totalitarian dictatorship, mobocracy and tyranny were used in one letter. These words are so harsh they seem reactionary in reference to this situation. The same person stated that they read the curriculum "in its entirety from the first to the last page." It is hard to believe that this person failed to see any value whatsoever between the first and last page. For the most part, the context of the curriculum is what we as parents SHOULD be teaching our children: Brotherhood, social responsibility, family responsibility, self worth are exactly the ideals that form good citizens. Our children do not learn morality from church or school. This can only come from parental example. Not words uttered in a classroom or by parents. It seems to me with the high rate of divorce and crime, parents are not getting across their sense of morality. Teaching our children to respect the feelings of others by becoming aware of their own feelings can only help our society not hurt it. A well trained teacher could reiterate the ideals we are trying so hard to instill in our children and therefore make them more credible.

STRAND III is by no means a panacea for all of society's ills. There are parts of the curriculum that should be modified. Some of the recommended activities could even be eliminated (pp. 45-46). It would be a shame to throw out the entire program for some minor details.

There have been complaints that the curriculum was not publicized. Once again we have shirked our responsibility as parents. We would like to have a copy of the curriculum mailed to our homes. This paper has mentioned STRAND III over and over again but because of apathy or sheer laziness most of the parents never bothered to investigate the curriculum until a furor was made by those having the completely negative point of view.

## Letters To The Editor

Once again we have failed our obligations to find out what is happening in the school system. This is the example we have set for our children who are to grow into responsible citizens.

Having attended the presentation for STRAND III at East Street School, I was very disappointed with the turnout for such an important issue. At the presentation given by the East Street PTA, parents were informed that STRAND III K-3 is still to be developed. We as parents DO have something to say about what goes into the rest of the program - if we are willing to be involved. As parents and voters we have more to say than anyone else if we take the time and make it our responsibility to be aware. A sane, intelligent, credible program can and should be developed since our school district is a cross section of all backgrounds.

Sincerely,  
s. Geraldine Geannikas

Kindergarten Parent

We have reached the end of the line. Not only are we one of the highest taxed community's in the state. It appears that we no longer have a voice in the government we support.

A group home for the Mentally Retarded has been proposed by the State Dept. of Mental Hygiene, to place in a highly populated residential section of Hicksville.

There are plans to place un-

related adults with epilepsy in a single family home. This is certainly not a step toward eliminating the institutions.

It simply increases the number. What is being done in Hicksville is certainly not fair or advantageous to the handicapped person who will have to dwell there or to the community surrounding this house.

What can be done? Residents should let Town of Oyster Bay and Supervisor Colby know their feelings on this matter.

Mrs. Fran Pfeifer  
Violet Ave.  
Hicksville

Dear Editor:

On Jan. 27th, a few parents of handicapped children, along with other Hicksville citizens attended a meeting at the Burns Avenue School. This meeting was called to review a program to establish a Community Residence for mentally retarded adults with controlled epilepsy at 12 Violet Lane. It came sharply and painfully to our attention that there is a great deal of misunderstanding of persons whose intellectual level is below the so called norm. Those of us who are members of Septa feel it is our duty to foster a clear understanding of what retarded people are and are not. First and foremost, they are people. They have the same needs for love and understanding that we all have. They have the same rights as any citizen of this country, wherein we regularly pledge "One nation, under God."

# Reorganization Presentation Postponed

By Linda Strongin

Presentation of a reorganization plan for central administration, scheduled for last week's meeting of the Hicksville Board of Education, was postponed. President Tom Nagle announced that Dr. Hawkins would present the plan at a special public meeting of the Board on Jan. 31 at 7:30 p.m. Mr. Nagle stated that more time was needed by Board members to study Dr. Hawkins' recommendations.

Absent from last week's meeting was Trustee John Ayres, for personal reasons. Several announcements were made by President Nagle, including among others: Congratulations to the Hicksville H.S. Girls Volleyball team for winning the Nassau County Championship. Many letters have been received on the proposed Health Curriculum for grades K-3, both pro and con. The Educational Goals and Objectives Committee, under Chairman Pete Fupmoto, will reconvene "to go over items of contention and then bring back the curriculum guide for a formal vote."

Mr. Nagle emphasized that the Board "does not honor anonymous letters." During the public speaking session, Tanoula Hadjis, President of the Hicksville Hellenic Association, requested permission from the Board to extend the use of two classrooms until June 20 for classes in Greek instruction. In October, the Board had permitted the Association use of the classrooms until the end of the first semester and told the Association to pursue other accommodations. Board

policy requires that 51 percent of an organization's members who request building use must reside in Hicksville.

Mrs. Tanoula stated that "many efforts had been made" to find a place to conduct classes, but "they have failed. We do not have the funds to rent accommodations," she added. Trustee Iris Wolfson asked what she thought the problems were in finding other accommodations and Mrs. Tanoula answered that looking for accommodations in the middle of a school year was the major problem. "Most facilities are booked for an entire year."

Trustee Neil McCormack suggested that perhaps the Greek language and culture classes "could come under the jurisdiction of the adult education program." Mrs. Tanoula had "no objective to it" and added it was the policy of the Association to accept all "who were interested. The suggestion will be looked into for the fall session."

The Board gave direction to Buildings and Grounds Director William Backer to extend the request, with Mrs. Wolfson suggesting that the Association make available to the school district some type of program on Greek culture.

Also speaking during the public speaking session were residents Phyllis Hundertmark and Arlene Schuck, who voiced their opposition to the implementation of the proposed health curriculum guide for grades K-3. Mrs. Hundertmark was assured by Mr. Nagle that the public would be notified when the Board formally votes on the curriculum guide. She also read a letter from the Bishop of her church (the Mormon Church) which stated

the church's official stand, which opposes sex education in the school.

Mrs. Schuck refuted the idea that meetings to formulate the program were "well-publicized." She also informed the Board that "teachers don't even know about this health curriculum."

Under Board action, approval was given to the Town of Oyster Bay Cultural and Performing Arts Division to hold a Youth Concert on Sunday, April 8 from 10 to 5 p.m.

The Board also designated Woodland Avenue school as a neutral site for speech services under the Health and Welfare services law.

The Board adopted a resolution enabling the district to participate with other school districts for transportation services to out-of-district schools.

The Board awarded bids for the following: art advertising at a cost of \$1,293, and industrial arts shop supplies for \$2,563.15.

Mr. Robert E. McKeen was appointed assistant business manager effective as soon as possible, at a salary of \$22,000. Mr. McKeen was most recently manager of purchasing for Westchester BOCES.

The Board also declared February 19, 20 & 21 as holidays for non-instructional employees. The Board approved various policy codes after a lengthy discussion. The Board also approved various appointments, retirements, resignations, and transfers for instructional and non-instructional personnel.

The next regular meeting of the Hicksville Board of Education is scheduled for February 14, 8:15 p.m. in the conference room of the administration building.

# Barbara A. Smith Chosen As Honored Guest For Founder's Day

by Honey Singer

Barbara A. Smith has been selected by the Hicksville Council of P.T.A. units as the District Honored Guest for this year's Founder's Day dinner to be held on February 15.

Barbara, who has served in many capacities throughout her fifteen years in P.T.A., is known by those who work with her as an impetuous, soft spoken person who can be depended upon to do well whatever is asked of her.

In a recent conversation, she reminisced about her early days in P.T.A. "Everyone seems to start out on the refreshment committee and little by little you get more involved." Getting involved for Barbara meant first working on committees, then becoming President of the old Nicholas Street School P.T.A. Later she was President of the Fork Lane P.T.A. for two years and as her son grew older she eventually came to the Senior High level. She is presently serving her second two year term as President of the high school P.T.S.A. (with a year off in between). Barbara points out that "As you continue to work in P.T.A. your focus widens, to include more than your own school unit."

Accordingly, she has served on the Executive Board of P.T.A. Council and for the past three years she has expanded her interests to Nassau District P.T.A. She has held the position of Assistant Director and is presently Assistant Treasurer for District. She observes, "You realize that P.T.A. all over Nassau is involved with the same issues that we are." Commenting on her experiences attending New York State P.T.A. Conventions, she says "At these conventions you see that P.T.A. is a powerful voice that is really listened to. Many of its

Barbara A. Smith

recommendations have become law.

Biographical notes: Barbara Ann Smith was born and raised in Manhasset. She is the wife of Edward J. and mother of Edward J. Smith III. Her son is now a student at C.W. Post College. She received a B.A. in Economics from Bucknell University, and worked for eleven years as a

substitute teacher in the Hicksville schools. Barbara is a member of the Holy Family Rosary Society. When her son was younger, she was active along with her husband in Little League baseball, serving as scorekeeper and even as Assistant Coach for her husband's team. Barbara Smith the person, is a charming, dignified woman who goes about her work in an unassuming, diligent way and is well liked by all who know her.

In closing, she observes, "These are changing times, and P.T.A. is changing also. For example, Administration is taking us more seriously now. They are looking for our input. They want to hear what we think. They are recognizing that we are more than the 'coffee and cake people'."

Those interested in attending the dinner, which will be held at the Galaxie in Plainview, should call Ann Freyzeisen for tickets (\$10.00 per person). Her number is 935-8755.

## Income Tax Assistance

As a public service the Hicksville Library is providing space to members of AARP (American Association of Retired Persons) to help residents prepare their 1979 Income Tax returns. The service will begin on February 11 and will continue until April 11. The hours are: Mondays from 10 am until 2 pm; Wednesdays 4 pm until 6 pm and Thursdays from 7 pm to 9 pm.

The volunteers, Mr. F. Alfieri and Mrs. R. Hartman, both local residents, are members of AARP

were trained by the Treasury Department, Federal Internal Revenue Bureau Training Division. The program is VITA - Volunteer Income Tax Assistance and has been in existence for several. This the third year that the library has been able to offer the community these services.

The work area is located in the rear of the fiction room, where it is quiet and private. If you are not sure where to go ask at the main desk of the library for direction.

# Around Our Towns

Congratulations to Mr. and Mrs. John Wint of Haverford Rd., HICKSVILLE on the birth of a son, John Curtin, born Jan. 17 weighing 7 lbs. 9 oz. Mom is the former Kathleen Curtin, daughter of the late Everett Curtin, 25 year resident of Hicksville. Mr. and Mrs. John Wint of Floral Park are proud grandparents. The new baby has a sister, Melissa, 14 months. Best wishes to all.

Great expectations Mr. and Mrs. Peter Rossica, residing at 76 Miller Road, Hicksville, are expecting their sixth grandchild this month via their daughter Jane Nealon. Don't forget to let us know when the new baby arrives, folks.

Welcome to the newest octogenarian of HICKSVILLE - Ella Berteloot of West Nicholas Street. Ella was 80 years old on January 21, 1979. Her daughter, Eleanor Francis, with whom Ella lives, held a birthday party for her mother in honor of this happy occasion. Family and friends came from Parkchester, Westchester, Pennsylvania, Nassau and Suffolk. Mrs. Berteloot's other daughter, Louise Malloy (also Eleanor's twin sister), resides in Florida and couldn't attend the celebration. But Mrs. Berteloot just returned from a month long visit with Louise in Florida which was a holiday and pre-birthday sojourn.

Good luck to Chris Braunlich, former president of the Nassau County Council of Young Republican Clubs. Chris is a

candidate for the New York State Young Republican President.

A momentous event in the Russ household. Matthew John Russ was one year old on January 30. His parents are Diane and Dick Russ, former residents of HICKSVILLE. Diane's parents, Dol and Bill Rogozo of Suggs Lane, and Dick's parents, Eleanor and Hank Russ of West Nicholas, are ecstatic with their grandson, the first one.

Oh, we mustn't forget to tell you about another happy occasion in the Russ clan. Diane Russ celebrated her birthday on January 28. We hope you had a very "special" day on your "special" day. Diane.

The Rennets of Mayfair Lane, HICKSVILLE, had a double reason for festivities this week. Bob Rennett had a birthday on February 3, and his sweet wife, Anne, had a birthday on February 4. Love and happiness to you both from your family friends and neighbors.

Good news - Bob Kluck, Suggs Lane, HICKSVILLE, is home from the hospital. Hope you have a speedy recuperative period, Bob, and that your health continues to improve.

Mary Bloss and Honey Proctor of HICKSVILLE, recently vacationed in Mexico City and Acapulco. Honey, while on her fishing trip, caught the fish of the day, 1.145 lb. 9 foot sail fish, which was quite a thrill and the citation was fun.

## Hicksville American Soccer Club

**\*FINAL STANDINGS\***  
With only a few short weeks left before the Club sends a new high of 28 traveling teams (almost 450 children) out for the Spring Season, the final results of last season's play have finally been tabulated. The 19 traveling teams participated in 185 soccer games and compiled a total record of 85 wins, 80 losses and 20 ties. This was the poorest record in several years but there were a couple of very good reasons for it: several teams in the older age groups did not play in the Fall as they were playing school ball; the other clubs seem to be catching up and the talent is being spread more evenly and, in a couple of instances the Club had 'C' teams playing in an 'A' Division, including a couple of teams that did not win a game. The important thing is that all teams gained valuable experience by meeting good, strong competition.

Only one team went undefeated for the entire season - Pat McHugh and John Mitchell's Hicksville Rovers in the under 14 age group. Two other teams also won

championships: Richie Hanna and his Hicksville Tigers (boys under 9) and Jim Dolan and his Hicksville B.P.O.E. (girls under 19). Five other teams took 2nd place in their respective divisions: John Harris' Rangers (boys under 10), Walt Karlewicz' Blue Lightning (boys under 12), Frank Schnur's Throstles (boys under 13), Kathy McCausland's Majors (girls under 14) and Herb Zaretsky's United (boys under 16).

### \*INDOOR\*

The Club is now about half way through the winter indoor season having run tournaments on 5 week-ends since December with 5 more to go before the outdoor season begins on March 17th. This week-end (2, 3 and 4) at the Hicksville High School, Pat McHugh's Rovers and Steve Gourlay's Settlers will take on teams from Long Island, Connecticut and New Jersey in the boys under 14 Division. If you want to see some fast, exciting action, come on over to the Hicksville High starting at 9 a.m. on Saturday morning.

# Downtown Hicksville 1968-1978

**DOWNTOWN HICKSVILLE:** as it has looked for the past ten years, since Broadway was widened. This comprises the central area of the now infamous Hicksville Triangle, or the area covered by the G-1 Zone.

As we go to press, the Hicksville Community Council will be meeting and a representative ad-hoc committee is being formed under the chairmanship of Mr. Steven Didier, which will work with all existing authorities to help bring about a solution to this long-standing

problem which besets our town at present.

Town of Oyster Bay officials and planners are also working on suggested changes in this zoning, and will also work with the committee and the Community Council so that all segments of our community will have a voice in, and an understanding of the problem and of all possible solutions.

Naturally there will be many meetings and public hearings before this is successfully solved. But if we all work together, it can and will be done.

## Valentine's Dance

At a recent meeting of the Charles Wagner Unit No. 421 plans were completed for the "Valentine Dance" being held on Saturday, February 17th at the Legion Club House on East Nicholas Street, music by Johnny White, a Roast Beef Dinner will be served from 9 P.M. with free beer and one bottle of your choice

## FORGIVENESS—PART II

God wants us to be willing to forgive others as He has forgiven us. "This is well and good," we may be thinking, "but I've been really hurt and disappointed in life." "I'm tired of two-faced people." "Phonies go home." I sometimes feel like shouting, "How hard I try to be nice, and I know that I meet people more than half way." Oh, how blind we all are. How blind to our own inadequacies. We are so often the two-faced phonies. We often see ourselves through the eyes of our mother or father, people who had such difficulty seeing our faults. Believe me, we have faults. If we were able to read the minds of others, how painfully evident our

inadequacies would become.

Forgiveness is something we need both from God and from one another. Those around us also need to be touched by our forgiving love. Someone who has abused us may very well not deserve our love, but he needs it. Someone who irritates us by his obnoxious personality does not deserve our love, but she needs it. Someone who has shunned our every effort of kindness does not deserve another effort, but he might need it. "Bu how hard it is to love some people," we protest. Who said it would be easy? Crucifixion was never sought. Being a follower of Christ is not a snap. When it becomes easy, we probably were side-tracked

somewhere and are now following another leader.

So in our relationships with one another, in our families and our church, we must bury the hatchet. When we do, let's not let the handle above the ground. God knows we need forgiveness. I need it. You need it. We all need it. Forgiveness brings healing, with God, with others, and within ourselves. Look at the Cross again this morning and see the greatest sermon on love ever preached, then think, "How Jesus loves me." Now look around and before too long you'll find someone who really needs your forgiving love. Then there is but one thing left to do—give it.

**LETTERS**

(Continued from Page 4) with liberty and justice for all". Liberty and justice cannot be found in institutions. They can be found in a residence, that is community based. Abilities of retarded adults are limited; yet, their interests are as varied as yours or ours. They have the same need to be treated with dignity and respect, as any human being. Retardation in

itself, does not make these people commit crimes or make nuisances of themselves. A person with socially unacceptable behavior would most likely not be considered for a Community residence.

Some expressed the fear that retarded people in the neighborhood would be a bad influence on their children. No one asked what effect it would have upon their children to see their parents and neighbors reacting to the situation with fear, ignorance, and unwillingness to love their fellow man.

The emphasis of special education is to bring handicapped children into the mainstreaming of the educational program and a place in the community, where possible. Therefore, Septa endorses the community residence program. We are by no means endorsing this particular hostel in this specific location. However, we feel there can be no reason why several community residences cannot be located within the Town of Oyster Bay without saturating Communities.

Respectfully yours,  
 Members of Septa,  
 Hicksville

"Now that they're using garbage to produce electricity, Celia's pot roast won't be a total waste."

We certainly hope that Celia's pot roast tastes better than expected, but if not, we'll be glad to turn it into electrical power. In fact, we can even use the rest of her leftovers.

We've always been on the lookout for new, innovative ways to produce energy at LILCO. For example, we've recently teamed up with the Town of Hempstead in the development of a refuse recycling project that uses garbage to produce steam for the generation of electricity. The Hempstead Resources Recovery Plant is an \$80-million privately owned facility located in the town that is designed to process 2,000 tons of solid waste each day. In addition to converting refuse into electric energy, all other materials, such as glass and metal, will be recovered for recycling into new uses.

The success of this project means that we can expect to save more than 300,000 barrels, or about 1%, of the oil we use each year. It also means that Hempstead's waste will no longer be wasted.

Speaking of saving things, we received a letter from 9-year-old C.W. who talks about our program of providing nesting locations for the osprey. "I like you very much because you take very good care of the birds...It will be a safe place for baby birds to live and grow up."

We like to think so, C.W., and thanks!
