Reorganization Plan Approved

by Linda Strongin

A reorganization plan for central administration was unanimously approved by the Hicksville Board of Education at a special meeting last week.

The plan was presented by Superintendent Dr. Wilber Hawkins who recommended the approval. (See Diagram.)

The reorganization plan abolishes the following positions: Assist. Supt. for Instruction and Personnel Services; Supervisor Foreign Language/Language Arts; Director Physical Education/Health; Consultant, Mathematics; Supervisor, Science; Director, Athletics.

The plans reassigns consultant-reading to supervisor reading and superintendent-buildings and grounds to director, buildings and grounds.

The new positions created in the reorganization plan include Assistant Superintendent, Elementary; Assistant

Superintendent, Secondary; Director of Personnel; Director of Pupil Personnel; Director of Projects; Administrative Assistant-Internal/External Relations; Director-Physical Education/Athletics for 7 to 12; Department Chairperson- Foreign Language-Secondary.

In presenting the new plan, which becomes effective July 1, Hawkins stated several objectives of the reorganization which will help meet the needs of our school district. These include, among other, short and long-range planning vs. crisis conditions; better communication with the community and staff members; and better services to students and employees. The plan "pulls the district back together."

The new plan "approximates" the current cost of positions being abolished and reassigned. Salary figures will be established by

comparing what other Nassau County school district pay for similar positions. Salaries are Board approved.

Dr. Hawkins assured the public that "programs in existence would not be eliminated" because of the abolition of certain positions.

According to Dr. Hawkins, staff members whose positions are being abolished "will have positions in the district."

Programs such as foreign language and helping math at the elementary level will be supervised by the principals and the assistant superintendent for curriculum and instruction. Also, the guidance staff would be supervised by the Director of Pupil Personnel.

Newborn And G-1 At The Council

by Carole Wolf

At the February 1st meeting of the Hicksville Community Council, Solomon Newborn, Receiver of Taxes of the Town of Oyster Bay, discussed exemptions on property tax. And the Council set up its first Ad-Hoc Committee for the purpose of discussing the G-1 zoning which has plagued Hicksville for almost 10 years.

There are 365,000 people in the Town of Oyster Bay and Mr. Newborn's office collects \$240,000,000 in real property taxes on 93,500 parcels of land. There are two ways in which your tax can be reduced - by being a Veteran or a Senior citizen. Mr. Newborn then discussed both in detail and distributed appropriate literature.

If you are a Veteran, you must file for an exemption between January 1 and May 1. Any additional pay you have received from the armed services - disability payments, life insurance premiums, re-adjustment allowance or any other benefits can be used, for the fore benefits, the greater the exemption. The Town will even give you a letter allowing a transfer of the exemption to any residence in New York State. If the Veteran dies, the exemption remains with the widow and the children, unless the widow remarries. A Veteran only has to apply once and the exemption is applied to Codes 1 and 2 of the Town tax structure.

In order to qualify for the Senior Citizen Tax exemption, you must be 65 years of age (the wife can be 62 and the husband 65). The maximum income ceiling for the house is \$7,200 and income is any source of money, including Social Security benefits and excluding gifts and inheritances. This exemption must be renewed every year, for income does change. If a homeowner qualifies, he can save as much as 50% on school tax and 30% on codes 1 and 2 of the Town tax.

The discussion then change to tax bases and Mr. Newt mentioned that to change the tax base from residential to income tax will be enough to have that politician voted out of office. (Continued on Page 5)

Pictured above are three distinguished Hicksville High School music students and their teachers. Seated are James Bonnarigo (l) and Krista Smith. Standing are (L-R) Mr. Charles Arnold, Alan Shepski, Mr. J. David Abi and Mr. Thomas Buttice.

Alan and James, both tenors, have been selected to perform with the All-Eastern Chorus while Krista is a French Horn player in the Orchestra. They will perform in the gala concert at the conclusion of the four day Music Educators' National Conference

in Atlantic City, New Jersey, February 9-12, with the finest high school musicians on the eastern seaboard. Mr. Abi will be their chaperone for the weekend. All three students have previously won appointments to their respective All-County and All-State music organizations and have been active leaders in their high school music department.

These fine young musicians have brought great credit to their school, community and parents through their outstanding accomplishments.

Galileo Lodge News

By Joe Lorenzo

Sounds of good news are reverberating around the interior of the Galileo Lodge these days as it is reported that the coming St. Valentine's Day Dance is practically a sell-out. Any way shouldn't it be. The price of the admission of the Lodge is always \$7.50 per person, with hot meals, coffee and cake, beverages, etc. to round the various bills of fare.

The music is always pleasurable, easy on the feet as well as on the ears, and needless to say, it is compatible to the

various age groups present. The St. Valentine's Day Dance will be held on Sat., Feb. 10, at the Lodge Headquarters, 200 Levittown Parkway, Hicksville.

The next membership Appreciation Night festivity which will be held in a short time will be hosted by the Galileo Lodge itself. All expenses incurred will be taken care of by our organization and these affairs are given solely for the edification of all members of the

LaTourrette, was the winner of a competition held by the Long Island Chapter of the National Secretaries Association, International, for 1979 Secretary of the Year. Jeanne was one of three finalists who were rated on their business experience, education and participation in civic and Long Island Chapter NSA activities. She has been an executive secretary for many years and certainly deserves this honor which was recently bestowed on her Jeanne has been a member of the Long Island Chapter since 1952. There are a number of members of this professional organization that reside in the Hicksville Plainview Jericho Syosset area - all of whom are pleased that Jeanne is the recipient of this coveted award. Congratulations, Jeanne - and to Sol Newborn and the Town of Oyster Bay for being so fortunate in having the 1979 Secretary of the Year in their employ.

Congratulations to Dominick D'Antuono Sr. of Layton Ave., HICKSVILLE, for receiving a five year pin for being a member of the Hicksville Fire Dept. He is

Lodge. It is one way in which the Galileo Lodge can express its thanks to the membership for their devotion, loyalty, and sincerity. All members are urged to attend.

The turn-out at the last Las Vegas Night (Jan. 21) was very satisfying to the Galileo Lodge. It must be noted here that a good portion of the proceeds from Las Vegas Nights are channeled into charitable enterprises, so, it is obvious that the larger the at-

tendance at these sessions the larger the donations to be meted out. But Las Vegas Nights utilize a good deal of man power and with this in mind the Galileo Lodge urges all members to attend these activities and help out.

Happy 6th Birthday to Scott Berg, son of Francis and Patricia Berg, Atlas Lane, HICKSVILLE. He celebrates on Feb. 17. Family and friends, including old neighbors from Connecticut will be on hand to help him celebrate.

On February 9, Cathy and Eddie Dammas celebrated their eighth wedding anniversary. Cathy and Eddie reside in HICKSVILLE with their daughter. In fact, Cathy is a graduate of our Hicksville schools, and her parents, Stella and Charles Morris are long-time Hicksvillians. Best wishes, Cathy and Eddie.

We heard that George and Frances Knight, Loretta Lane, Hicksville, celebrated their wedding anniversary in January. Although we don't know the exact date, we couldn't miss the opportunity to extend best wishes to this lovely couple from their family, friends and neighbors.

Gloria and Joe Ferrandino of HICKSVILLE have mixed emotions about their daughter, Debbie, and son, Bobbie. They are proud of their daughter who is a student at college in Cor-

land, NY, but sorely miss her when she's away from home - especially since she had a long vacation at home over the holidays. The Ferrandinos are happy for their son who is in the process of buying a home; but wish his relocation in New Mexico wasn't quite so far away. Bobbie, a graduate of Hofstra University, is married to Marilyn who is a graduate of C. W. Post College. Both Bobbie and Marilyn are employed by financial concerns with offices in Albuquerque where their new home is located.

Matthew Russ and his mother, Diane, were feted at a birthday party last week. It was Matthew's first birthday and the family gathered to make this a momentous occasion for Matthew - and for mom, too. There were thirty guests at the party held in Matthew's great grandparents' home, Caroline and Charles Kiesel. Helping with the festivities were two grandmothers, two grandfathers, three great grandmothers and one great grandfather. And of course there was plenty to eat and oodles of presents.

good organization. We have seen the present slate of officers chosen by the nominating committee and we feel that these candidates will provide the Galileo Lodge with the spirit, direction and action to guide us for the year to come.

New programs for the spring, summer are in the planning stages, and in the near future, the details of these programs will be brought to you in this column. The programs I am referring to are programs of help, interest, enjoyment, business, and otherwise. They are also programs that will be financially and socially helpful to the Hicksville Community-at-large. We would be happy to have you join us at these events and programs planned for the coming organizational year.

A Message From Sup. Colby

In a poor imitation of Robin Hood's philosophy, Hugh Carey proposes to take from the suburban school districts and give to New York City through his proposed revisions to the State's school aid distribution formula and elimination of the "save-harmless" provision. I have written to our local State Senators and Assemblymen to strongly urge their vigorous efforts in opposition to this plan.

While giving a total of \$197 million in increased aid to school districts throughout New York, about \$71 million of which is earmarked for New York City, the Governor attempts to force suburban property taxpayers to bear the burden that will surely result from his proposal to dramatically decrease state aid to their local schools.

The same Governor who boasted a \$600 million surplus in 1978-1979 funds and who projects that State income for 1979-80 will increase \$785 million has devoted a meager sum to schools and proposes to do so in such a way that most middle-income homeowners in Oyster Bay and throughout Nassau will feel under the impact of a forced increase in school district property taxes.

According to figures released by the Governor's office, Nassau County school districts will lose more than \$14.9 million in State funds. Almost half that amount—slightly less than \$7.4 million—will be lost among the eleven school districts wholly within Oyster Bay.

These losses range from Syosset's loss of \$1,499,000 (a 38.50% reduction) to a modest gain of \$291,000 (2.54%) in Massapequa—the only school district in the Town that would show a gain.

At a time when school property taxes account for an average of 57% of the Oyster Bay homeowner's property tax bill, at a time when school districts like homeowners—continue to feel the pinch of rising inflation, at a time when districts continue to experience declines in enrollment, the Governor tosses them a life preserver made of concrete.

Everything else being equal, the loss of aid to the Syosset district translates into an approximate increase in property taxes of more than \$1.30 per \$100 of assessed valuation: in Plainview Old Bethpage, an increase of about \$1.15 per \$100; in other districts, similarly unbearable property tax increases. (See figures at the conclusion of this article.)

Mr. Carey has said that the State picks up 40% of the costs of education, and has pledged himself to increasing that to 50%. In fact, the State's current share of education costs on Long Island amounts to only 32 or 33%, and now the Governor proposes to

decrease aid even further.

Mr. Carey's effort to cloak his actions around the Levittown decision will not work. The fact is that this year's proposal is simply an extension of previous years' attempts by Carey to take from the so-called suburban rich. It's about time the Governor woke up to the reality that suburban neighborhoods are not feudal empires and that suburban residents don't sit in palaces counting their gold.

The need for a positive approach to the Levittown decision still exists. Above and beyond this, however, the Governor has created an immediate need to protect suburban residents until such time as a reasonable and equitable long-term solution to school financing is adopted.

The Legislature has, in the past, defeated Mr. Carey's efforts to saddle local homeowners with vastly increased school property taxes, and I have pledged my support for all reasoned efforts to do so again this year.

You will probably find the figures provided below interesting.

Locust Valley	a loss of \$780,000 (61.61% reduction)
Oyster Bay - East Norwich	a loss of \$702,000 (75.05% reduction)
Plainedge	a loss of \$368,000 (6.84% reduction)
Bethpage	a loss of \$223,000 (6.58% reduction)
Farmingdale	a loss of \$108,000 (1.34% reduction)
Massapequa	an increase of \$291,000 (increase 2.54%)
Syosset	a loss of \$1,499,000 (38.50% reduction)
Plainview - Old Bethpage	a loss of \$1,056,000 (15.96% reduction)
Jericho	a loss of \$1,012,000 (70.78% reduction)
North Shore	a loss of \$992,000 (79.25% reduction)
Hicksville	a loss of \$943,000 (110.32% reduction)

"Circuit Breakers" Income Tax Credits For Seniors

The Nassau County Department of Senior Citizen Affairs is alerting homeowners and renters age 65 or older to apply for new "circuit breaker" income tax credits or rebates on their real property taxes.

Homeowners and renters age 65 and older with a gross annual income of \$12,000 or less may receive a tax credit or rebate beginning with State income tax returns filed in 1979 for the 1978 tax year. The tax credit is designed to provide relief to households confronted with high property taxes. Individuals who do not file a tax return may still receive the tax credit in the form of a rebate check from the State.

Starting February 14 through April 6, the Nassau County Department of Senior Citizen Affairs has arranged for field representatives of the Internal Revenue Service and the New York State Income Tax Bureau to provide older persons with free, complete federal and state income tax preparation, as well as assistance in applying for real property tax credits or rebates at

the Department's branch offices on the following schedule:

Alternating Wednesdays from 10 A.M. to 4 P.M. - starting February 14, at the Department's Freeport branch office, 450 North Main Street, entrance on Holloway Street, telephone: 379-5900, Ext. 63.

Alternating Wednesdays from 10 A.M. to 4 P.M. - starting February 21, at the Department's Lillian M. Pierce Senior Citizen Center, 1489 Old Northern Blvd., Roslyn, telephone: 621-7788.

Every Thursday from 10 A.M. to 4 P.M. - starting February 15, at the Department's Long Beach branch office, 167 East Park Avenue, telephone: 431-8848.

Every Friday from 10 A.M. to 4 P.M. - starting February 16, at the Department's Elmont branch office, 488 Hempstead Turnpike, telephone: 488-4666.

Senior citizens who wish to take advantage of these free services should bring with them all pertinent tax records, and copies of last year's tax return. Appointments are suggested.

Financing of Education on TOB Cablevision Show

Oyster Bay Town Supervisor Joseph Colby this week announced that the February segment of Cablevision's "What's Happening on Long Island - Oyster Bay" will be a rerun of his discussion with Richard Ornauer, President of the Nassau Suffolk School Boards Association, on a Long Island position for the financing of education.

"This program, which was first shown in January, is particularly timely in view of Governor Carey's latest proposed revisions to the State's school aid distribution formula," Colby explained. "The additional burden that Carey's plan would place on suburban property taxpayers is totally out of line and unnecessary, especially when there are alternatives such as those discussed by Mr. Ornauer and myself. I hope residents who did not see this show in January will take the time to become more familiar with the issue and some possible answers."

The show will be aired on Thursday, February 15th, at 6:30 PM on Cablevision Channel 10.

Holiday Schedule

While Oyster Bay Town Government offices will be closed on Monday, February 12 and 13, in observance of Lincoln's and Washington's birthdays respectively, regularly scheduled sanitation collection will not be interrupted. It was announced this week by Town Councilman Joseph J. Saladino.

"Although other Town business will be suspended on February 12th and 13th, sanitation collection will be conducted," Saladino stated, noting that the closings do not affect Town park facilities.

The Councilman further added

that there will be no Town Board meeting on the Tuesdays following both holidays.

Movie Time Schedule

The movie time table for the Syosset Theatre is: Fri. and Sat., Feb. 9, 10, "Same Time, Next Year," 1:30, 3:50, 6:10, 8:30, 10:50; Sun., Mon., Tues., Feb. 11, 12, 13, "Same Time, Next Year," 2:15, 5:00, 7:30, 10:00.

The movie time table for the UA Cinema, 150, Syosset, Fri. and Sat., Feb. 9, 10, "Murder by Decree," 1:30, 3:50, 6:10, 8:30, 10:50, 12:30; Sun., Feb. 11, 12, 13, "Murder by Decree," 2:05, 4:50, 7:20, 9:45.

Handicapped Teenagers Learn and Work

Terry W. wears a pink uniform to school instead of blue jeans. And her school is not a school, but a bustling hospital.

For part of each day she performs such tasks as feeding patients, filling their water pitchers, and delivering flowers to their rooms—thereby facing up to the adult world and learning to cope with it.

For the rest of the day, she studies academic subjects, with her schoolmates and a teacher, in a room set aside by the hospital.

Terry spends her school days in this fashion under a special program conducted by the BOCES Career Development Center in Syosset, where she's a full-time student.

The Center—which is operated by the Nassau Board of Cooperative Educational Services—is a secondary school for handicapped teenagers who cannot function in the educational mainstream.

And as one of its instructional approaches, the Center conducts small classes in eight off-campus locations, where students can be exposed to the object lessons presented by the economic world and the adult workers who inhabit it.

One of those locations is Syosset Hospital, where Terry does her learning. Others are Nassau Community College, the State University Agricultural and Technical College at Farmingdale, the BOCES Salisbury Center, the West Publishing Company in Mineola, the Jones Institute, the A. Holly Patterson Home, and the Nassau County Medical Center.

In the offices, cafeterias, and service departments of these institutions about 70 young people like Terry learn while working as

messengers, clerks, aides, and assistants. Each group of eight to ten has a teacher who provides academic instruction and work-station supervision—and who's backed by the Center's staff of counselors and psychologists.

"It's a form of controlled mainstreaming," says Principal Ida Acunto of the Career Development Center.

"These kids have learned all they can from the campus environment at Career. Now they need real-life experiences to teach them how to function in the economic world. This program, we hope, will meet their needs."

Above all, says Ms. Acunto, the students need a sense of responsibility, an awareness of what constitutes a marketable skill, and a competitive spirit. And for this they need object lessons.

In their work stations at Syosset Hospital and elsewhere, Terry and her schoolmates get a clear view of adults at work. They see that workers are expected to take directions and do an acceptable job; be punctual and dress appropriately; behave like adults; and recognize and correct their mistakes.

And on most of the students, the view makes a strong impression.

At SUNY at Farmingdale, twenty-year old Vinnie F. has made great strides since he joined the program. Formerly he cut classes frequently, and lacked the patience to sit for more than a few minutes at a time. Now he does useful work as a kitchen helper, has a near-perfect attendance record, and is able to sit for an hour or more to take a test.

Vinnie has become such a good worker, in fact, that SUNY has hired him as a kitchen helper—

full-time last summer and part-time during this school year.

Says Alan Chapen Vinnie's teacher, "This program has worked like a sledgehammer for Vinnie. Instead of being forced into a place where he didn't fit, he's been eased into one where he does fit. And being comfortable, he's productive."

Eighteen-year old Aidan C. has also found a comfortable and motivating niche at SUNY, where he's a cafeteria helper. Because he wants to become a paid part-time employee so that he can save up for a CB radio, Aidan has begun to pay more attention to his schoolwork and is diligent about his job.

And, at Syosset Hospital, Robert O., a messenger, used to be so uncomfortable in the company of others that he ate his lunch alone in a closet. Now, with a job that takes him all over the hospital and puts him in touch with many people, Robert has found that he enjoys the sociability of lunchtime in the hospital cafeteria with other students and employees.

Terry W., for her part, has been so happy working at Syosset Hospital that her attendance has improved considerably. She's now training another student to replace her so she can move on to an even more responsible job in the hospital's linen room. There's an opening in the linen room because Sandy H., a Career Development Center student who has been working there for the past six months, has just obtained a full-time paid job in the housekeeping department of the Downstate Medical Center in Brooklyn.

Dear Friends . . .

Best wishes go this week to a "business friend" of many years standing who is retiring. Mr. Andrew Bankosky of Hicksville has served as Chief Photographer at Photonews in Bethpage for the past 28 years. This is where we print.

We were glad to hear that Andy, who is well thought of by all in his profession, is not going to retire completely but will be working at least one day a week. So much knowledge should not be put on the shelf. We wish you the very best, Andy.

If you are enthusiastic, articulate, and can work from 6 pm to 9:30 pm on weeknights and from 9 am to 2 pm on Saturdays, there are jobs promoting major publications via the phone on behalf of Big Brothers and Sisters Organization. For details call 485-7753 after 1 pm.

On the political front, charging that the NY State Dormitory Authority is guilty of "gross mismanagement" of the \$75 million County Community College construction project TOH Presiding Supvr. Al D'Amato called for a "full accounting and reconciliation" of deficiencies created by not following the design plan. "This campus would make an excellent Theme Park or World's Fair Exhibit," Mr. D'Amato told us, "but what we need, and what was originally ordered, is a campus that is functional, not frivolous."

The Nassau County Department of Social Services will hold two meetings in February for families interested in becoming foster parents.

"There is an urgent need," announced Social Services Commissioner Joseph A. D'Elia, "for families interested in being foster parents to teenagers and handicapped youngsters."

The first February meeting will be Thursday, February 8 at 10 A.M. in the Social Services Administration offices, 2nd floor, 900 Ellison Avenue, (Motor Vehicle Building, Westbury).

An evening meeting for those families who find those hours more convenient will be held the following Thursday, February 15, at 7:30 P.M.

That's all for this week. Stay well and remember that St. Valentine was known for how much he loved, not how many people loved him. Think that one over. Much love from SHEILA.

Letters To The Editor

TO THE EDITOR

I think it is important that homeowners in the Hicksville and Plainview-Old Bethpage school districts understand what Governor Carey is planning for them in Albany. If you think you are overtaxed now, wait until you see what happens if his school aid plan for 1979-80 is adopted by the Legislature.

This year, the Hicksville district is getting \$5,772,000 in state aid for its schools. Under the governor's plan, next year the district would get \$4,829,000. That is a 16 per cent reduction. The Plainview-Old Bethpage district would also lose 16 per cent. School costs will have gone up next year but, if Governor Carey has his way, both districts will be getting less state money for their schools than they are getting this year. That can mean only one thing: Increased school property taxes.

If you are an average homeowner in Hicksville - with a home assessed at the county average of \$6,800 - you have seen your school taxes climb from \$766 in 1971 to \$1,157 in 1979, an increase of 51 per cent. School taxes in the Plainview-Old Bethpage district rose 59 per cent. During that same period, your

county general fund tax went down each year except one. Your total county general fund tax this year is lower than what it was in 1971: \$271.

All told, 38 of Nassau County's 36 school districts - Hicksville and Plainview-Old Bethpage among them - will lose nearly \$15 million under the plan that the governor wants. School taxes in Nassau will go up an estimated 10 to 20 per cent as a result. And most of the money that we lose will go to New York City.

The governor tried a similar scheme a year ago but he was blocked by a bi-partisan coalition of suburban legislators. I hope these same legislators will join forces again this year to save Nassau County homeowners in your community and elsewhere from being taxed out of their homes. I urge every homeowner in the Hicksville and Plainview-Old Bethpage school districts to write immediately to his state senator and assemblyman. Tell them that you want them to fight for you against a plan that would drive your school property taxes even higher.

Sincerely,
Francis T. Purcell
County Executive

At The Town Board Meeting

By Gerry Kahn

Twenty-one items made up the calendar at the Town Board Hearing on Tues., Feb. 6.

The 3rd item on the agenda was a night hearing held at 8 p.m.

The subject of the notification was to consider the notification received by the Town from the N.Y. State Dept. of Mental Hygiene that the Epilepsy Foundation of Nassau County is considering establishing a group Home Community Residence facility at Hicksville (12 Violet Ave.).

Under the recent state law, TOB has 40 days in which to respond to the notification and has a choice of three answers (great, great, but not this house; negative for the following...).

On Jan. 27, Councilman Tom Clark chaired a meeting relative to the petition. Approximately 125 members of the community were

present and were asked to pose questions to the disas which included Hal Mayer, Town Attorney's office, representatives from the Epilepsy Foundation and Father Fagan, Director of Rockville Center Catholic Charities.

Councilman Clark stated that there was no definite indication of community reaction, he added, a petition of more than 100 names will be presented in protest however there are several members of the community in favor of the granting.

Item No. 13 directed the Town Attorney to acquire the land for the widening and improvement of Central Park Rd. from Southern Parkway, Plainview.

Item No. 17 was a resolution relating to the Planning Advisory approval on Map of Hidden Ridge

Condominiums at Syosset (area between Rte. 135 and Golf Range on n.s. Jericho).

Item No. 18 directed the Town Clerk to readvertise notice of Hearing on the application of Jerry Spiegel for a change of zone from "D" Res. to "G" Bus. at Jericho, Hicksville. Hearing Date, March 6.

The formal meeting concluded at 11:20.

Judy Jacobs addressed the Board relative to helicopters and claimed that Philips Business Machines has a helicopter port and that landings and take-offs are on a regular basis.

Mrs. Jacobs stated that in her discussions with the F.A.A. she learned that TOB has jurisdiction to the permission to land and for take-off.

Hicksville Fire Dept. Year-End Report

During the year 1978, Hicksville Volunteers responded to a record 1,217 alarms.

168 fires resulted in \$425,620.00 damage, 171 malicious, false alarms, 364 sounded alarms, 407 silent alarms, 21 firefighter line of duty injuries, 7 civilian fire injuries, 1 civilian fatal injury, 746 rescue calls, 11 mutual aid calls to outside Fire Departments, 26 working fires (serious total involvement).

During 1977, the total alarms were 1,521. Totals in most categories increased.

Looking ahead to 1979, the Hicksville F.D. will accept delivery of a 100 ft. tower ladder truck, the only one of its kind on Long Island; a new ambulance, chiefs car, and will place an order for another 1,500 GPM pumper for Engine Co. 7. The

new pumper will feature many new innovations. The fire Headquarters on Gebhardt Plaza is undergoing a top to bottom face lifting. A new Dispatchers Computer system has been installed.

85 Alarms Jan. 14
to Feb. 3

During the period Jan. 14 to Feb. 3, there were 16 malicious false alarms, 42 fire calls, and 27 rescue calls.

On Jan. 4, Hicksville firefighters 43 manned three pieces of apparatus in Plainview, at the Waldbaum Supermarket blaze for over 8 hours.

Fire Department Training
The Firefighters Training Academy in Old Bethpage is closed for the winter, but Hicksville Vamps continue many

hours of fire and rescue training to keep up with the latest methods. There are schools going on now in hazardous materials, air craft fire and rescue, automobile extrication. Upcoming schools anticipated are sessions on elevator emergencies, pump operators course, and a ladder operations course.

Two new cardiac "thumper" CPR machines were recently put into service. These new machines perform the life-saving Cardiac Pulmonary Resuscitation automatically, assuring uninterrupted CPR while the patient is prepared for transportation on stairways, where manual CPR is almost impossible, or while paramedics administer life saving drugs.

New Courses At Gregory Museum

The Gregory Museum, Long Island Earth Science Center, of Hicksville has announced the scheduling of three in-service credit courses for teachers to be conducted at the museum's headquarters in the historic Heitz Place Court House this spring.

Registration for these two credit, twenty hour courses is now under way and will continue until February 21st. Dr. Charles Rockwell, popular senior staff member of the Geology Department at Nassau Community College will offer the course Environmental Geology

with a focus on Long Island's problems, on Thursday afternoons, 4:30 to 6:30, commencing February 22 and continuing until April 26.

Long Island's History and Culture: Yesterday and Today will be scheduled for Wednesday afternoons, February 21st to April 25. The course is being offered again, by request, by Richard Evers, local historian and long-time lecturer in history at Adelphi University. Our Exciting Earth: Geology for Youthful Minds will be offered for teachers and parents of

elementary school children. Conducted by George Anderson, former Fellow and Instructor in the Department of Geology, Norwich University, the course will be held Monday evenings from 7:30 to 9:30, from February 26th to April 30th.

Information and brochures for descriptions of these exciting, informative in-service credit courses may be obtained by calling the office of the Gregory Museum, Hicksville, 822-7506. Course fee is \$50 and is refundable in the event of insufficient registration.

Figure Skating Competition

Cantiague Park Ice Rink will be the site of several exciting figure skating competitions during March featuring skaters at the highest levels of proficiency. Spectators will be admitted free.

On Saturday and Sunday, Mar. 24 and 25, the Nassau County Department of Recreation and Parks will host the 11th Annual Nassau County Freestyle Figure Skating Championships beginning at Noon on Saturday and 9 a.m. on Sunday. The event is co-sponsored by the Cantiague Figure Skating Club and is sanctioned by the United States Figure Skating Association. The competition, which is for USFSA members only, will range from preliminary to the 8th level test.

On Saturday, Mar. 10, less accomplished skaters will get their chance to Shine in a competition strictly for those not affiliated with clubs. Skaters ages 5 through adult will perform

one minute programs to music provided by the Rink. Registration begins Sunday, Feb. 18 and continues through Saturday, Mar. 3.

For further information on these and other ice skating programs, call 935-3500.

Travel With Singles

The March meeting of Singles With Heart will feature an exciting program of travel possibilities. Travel night will have a Pan Am captain take us on a filmed flight on Flight 901 to Tokyo and London. Film is narrated by Jonathan Winters and there will be Pan Am "give-aways," door prizes and a travel agent to give helpful hints.

Join the fun on Thursday, March 1st at 8:30 P.M. at American Savings Bank, East Meadow Models Shopping Plaza, Hempstead Turnpike, East Meadow. All are welcome.

1979 Holy Family Falcons Champs

The Holy Family Falcons, 7th grade boys basketball team, have just clinched the Westbury Region, Section 2 Championship of the Rockville Center Diocese CYO.

The boys achieved this goal with a hard fought 58 to 35 victory over St. Dominics of Oyster Bay on Sunday Feb. 4th. The Falcons are undefeated in 12 starts this season, which includes a first place finish in the county wide Christmas tournament. The charges of Coach Joe Trapp and Asst. Coaches Tom Hartmann and Dennis Bergamini are currently preparing for the final 3 games of the regular season. The first of these games will be against Hicksville Rival, Our Lady of Mercy, on Sunday February 11th at 3:00 PM at Our Lady of Mercy.

These fine young athletes have been invited to participate in a series of exhibition games in Tampa and Orlando, Florida. The boys along with their coaches will leave via a 15 passenger van on Saturday February 17th at 8:00 AM and return on Saturday February 24. Aside from the exhibition games this trip will provide an educational and fun experience for the boys. They will

pass through the nations capital and visit St. Augustine, the nations oldest city. They will also spend some time in Busch Gardens and Disney World. In the words of Coach Trapp "these boys have worked hard this year and deserve a little fun."

In order to raise the necessary funds for lodging and food on the trip, the boys conducted a sock sale at Holy Family Church and are planning a socker clinic to be run by the N.Y. Apollos, Long

Islands own professional soccer team. At the conclusion of the clinic the Holy Family coaches will play a basketball game against the Apollos. Tickets for all home Apollo games will be available at the clinic. The boys are also accepting contributions to help with the expenses. Anyone wishing to contribute can send their donation to Holy Family CYO, 25 Fordham Ave., Hicksville, N.Y. 11801 or can contact Coach Joe Trapp at 433-3182.

G-1 AT THE COUNCIL

(Continued from Page 1)

There has to be a clear mandate from the people on how they want education financed. Re-Assessment will possibly be completed in 1983. It is a very slow job and a firm will be hired who are experts in revaluation. Those who have houses assessed in 1938 will have their taxes go up, those in 1962 will have taxes stay approximately the same, and those who bought homes in the last few years will have their taxes go down.

The President of the Council then introduced Steve Didier, third Vice-President of the Community Council, who will undertake the Chairmanship of the Ad Hoc Committee for the Development of Hicksville. It was explained that this committee will not take a stand but will be opened minded and united in its efforts to bring about the rational development of the Town. It will be a sensible hard-working committee, who with the help of the Community and the Town Board, will promote the elimination of the mud puddles that dot the center of our Community.

Steg Widder, Past President of the Council, then described G-1 according to the Building Zone Ordinance of the Town. G-1 was to develop in the incorporated

area of Hicksville within walking distance of the Railroad. The main lot area was to be 20,000 square feet with a maximum lot coverage of 60%. Open spaces were to be lawn and landscaped and the height of the building was to be 60 feet or 5 stories; whichever is less. The front yard was designated to be 25 feet and the back 20 feet, with the distance between buildings 1/2 the height of the taller building. Parking was supposed to be 90% underground, with one space for every 250 feet of floor space or 7 seats in a house of worship. The G-1 boundaries are the LIRR on the East, Old Country Road on the South and Newbridge Road on the West.

Sheila Noeth, the first President of the Council, declared that G-1 does not help us to pay our taxes. She said that we must work together and put differences of opinion aside. She received a call from Supervisor Colby's office and she was told that the Supervisor is in favor of the Committee, a representative Committee. There are flyers available at the main desk of the Library asking for questions and suggestions. What could be done with G-1? "Ten years is too long. Let's get together — work together. This time, let's not stop for we can't afford these expensive mud puddles."

places to be with us to celebrate our fifteen exciting years, at a Museum Open House and Earth Science Fair.

Museum founders, Gardiner and Ann Gregory, have been invited to share in the weekend of festivity marking their creation's notable contributions of educational, recreational and community service to Long Island.

A special invitation is being extended to Hicksville's public and parochial school students and teachers to participate in the Fifteenth Anniversary by creating science projects for exhibit at the Earth Science Fair to be visited by a great many people. Projects may consist of dioramas, models, posters, experiments or specimens and examples of earth science materials.

The field of Earth Science offers many possibilities for creative student effort. School exhibitors are being invited to prepare a project of their own creation or to present projects dealing with any of the following topics: glacial activity and glacial features; ground water; geological evolution of Long Island, mountain building; fossils and paleontology; the water cycle; plate tectonics and continental drift; mineral identification; earth and the universe; earthquakes.

volcanoes and volcanic activity; three rock types and their formation; barrier beaches; soil types; polar wandering, etc.

It is hoped each elementary and secondary school will provide the Gregory Museum Anniversary Earth Science Fair with three project exhibits representative of the best student efforts. The exhibits will be grouped by school level and will receive publicity in various media, earning commendation from the Museum. Project sizes should not exceed 3 feet in any dimension.

Hicksville Jr. Varsity Basketball 11-0

This past week the Jr. Varsity Basketball Team won three more games, bringing their undefeated record to 11-0.

The ninth win was a tight 59-52 decision over Syosset; the game not being decided until the last minute of play. Leading scorers were Brian Ahern with 19 points, Greg Jordan with 16 points and Chris Martin and Jim Massaro with 8 points apiece.

Win number ten was over Bellmore-Kennedy by the score of 67-60. Chris Martin had 20 points, Brian Ahern 17 points,

Rich Kershaw 11 points and Jim Massaro 8 points. Steve Jankowski played a fine floor game for the Comets. John Massaro also had 8 big rebounds.

Win number 11 was a tough come-from-behind win over Farmingdale 43-42. Brian Ahern's 3 point play with 18 seconds left gave the Comets the win. Ahern led the scorers with 14 points, followed by Chris Martin with 9 points; Jim Massaro with 8 points and Rich Kershaw with 6 points. Chris Martin also came up with 12 big rebounds.

Burns Ave. PTA

On February 15th the Hicksville Council of PTA will celebrate its Annual Founders Day. Burns Avenue PTA is proud to have honored many wonderful and dedicated people. Our Burns Avenue honored guest is Mrs. Dorothy Davidowsky, a woman who has contributed many hours of her time to the children of Burns Avenue School.

Mrs. Davidowsky has been a member of the PTA Executive Board while all three of her children attended Burns Avenue School. She has served on many

committees ranging from Open House and Grandparents Day, to Holiday Fairs, Cake Sales and Graduation Parties. Most recently, Mrs. Davidowsky has been on the clerical staff of Executive Board, a Newsletter Editor, and a Council Delegate. She has also found time to be a Cub Scout Den Leader, and an Assistant Leader for the Campfire Girls. It is with great pleasure that we honor Dorothy Davidowsky at this Founders' Day Dinner, which is being held at the Galaxie in Plainville.

Hicksville Dem's Hold Community Open Forum

The Edward J. Giannelli Democratic Club of Hicksville suspended their regular meeting held on Thursday evening February 1, at Levittown Hall, and proceeded with a Public Forum titled "Help prevent a Levittown in Hicksville." The Forum had been in the planning state for a month, and was in reference to the current stalled negotiations between the Hicksville School Board and the Hicksville Congress of Teachers.

Stanley Meltzer, President of the Hicksville Club, stated "This Forum was planned so the people of Hicksville can gain an insight into just what is happening on the negotiations of our School contract." "We do not want the polarization in Hicksville that has recently occurred in Levittown."

"We must ensure our Children continued quality education, for which Hicksville Schools are known for."

Members of the School Board and the Hicksville Congress of Teachers were invited to state their views and answer questions from the audience. Unfortunately, due to the fact that they are presently in mediation, the

two members of the School Board could not attend.

Mr. Bob Zaleski, representing the Hicksville Congress of Teachers addressed the more than seventy people who attended on a cold windy evening. Mr. Zaleski said "The Teachers want desperately to avert a repetition of the tragedy that occurred in Levittown." "The morale of the Teachers is extremely low." "No one wins if a strike occurs, and the students will be hurt the most, severely damaging the quality of education, and hurting the chances for students looking forward to higher education." The question and answer part of the program was dominated by questions on just how far apart the Teachers and School Board are in their negotiations.

Mr. Meltzer is closing the Forum said, "If negotiations between the Board and the Teachers is not concluded by our March 1 meeting, I would like to again invite the Hicksville School Board to send a representative to our next meeting so they can explain their position."

The Edward J. Giannelli Democratic Club of Hicksville

Woodland Ave. PTA Founders Day

Woodland Ave. PTA will hold its annual Founder's Day Program on Tuesday, February 13, at 6 PM in school all-purpose room.

Program will honor their special guests and then be entertained by "The Pearl Drops" from the Hicksville Sr. High musical singing group.

Founder's Day guests that will be honored are Eileen Nalepa and Herbert F. Cavanagh.

Eileen Nalepa is a resident of Hicksville for 22 years with her four children and husband. She has taught in Religious Education program at Our Lady of Mercy Church. She is the founder of special program for special education for "Exceptional Children" of all ages. Program was started seven years ago with six children and has grown to 35 students. Programs are held on Saturday mornings and Monday evenings. Eileen with volunteer co-workers

meets the first Thursday of every month at Levittown Hall. The next meeting will be March 1, at 8:30 PM.

Thrift Shop Opens

Come and explore Plainview's newest Thrift Shop at the United Methodist Church, 992 Old Country Road.

The hours will be: Tuesdays, 11 AM - 3 PM; Saturdays, 10 AM - 3 PM.

Good used clothing, small appliances and white elephants will be offered.

have been successful spiritually and socially. Tremendous benefit for the group in hosting activities and dances for the handicapped. These young people come from various parishes in Nassau and Suffolk as well as hostels and hospitals. This group has received much cooperation from people all over and has good relations with Town of Oyster Bay - Group Activities Program who also provide for the handicapped and keep in contact to work together on many programs they share. Also experiences with other religious denominations in our area.

Eileen has been active in past as Assistant Girl Scout Leader at Woodland Ave. School for two years. Has been officer in Our Lady of Mercy Rosary Altar Society and member of their School board for three years. She is member of AHRC and National Apostolate for Mentally Retarded. Presently working as Assistant Administrator at Our Lady of Mercy Religious Education Program.

Herbert Cavanagh is no stranger to Woodland Avenue students and parents. He has been our principal for 22 years. He has been involved in public education for 32 years and came to Hicksville in 1952 as principal of Fork Lane School where he served for five years. He graduated from New York State Teachers College in Oswego and went on to acquire Master Degree in guidance and administration from Columbia

University, also has done extensive study at Teacher's College and Queens College.

Our principal is a member of several honor societies in education and has been active in Long Island and state wide professional associations. His efforts in behalf of Individualized Instruction for the children at Woodland Ave. have led to consultant work for the New York City, Baltimore and Rochester public schools as well as for BOCES in Suffolk. Mr. Cavanagh was prime supporter of our Individualized Instruction program when it first came to Woodland Ave. in 1965 and was known as Project PLAN and was funded by Westinghouse. He has served for several years on an advisory planning committee for Hofstra Annual National Conference For Individualized Instruction.

Herb Cavanagh has faithfully served on our PTA board since joining Woodland's staff. His presence is always noted and has been a supporter of various PTA sponsored programs and activities. 1962 he was awarded the coveted Life Membership Award for his efforts on behalf of children.

The Cavanaghs have seven children and ten grandchildren. All share common interest in camping, boating and the design and building of colonial furniture. It is a pleasure to have Eileen Nalepa and Herbert Cavanagh Founder's day guest.

Congratulations

Our Foreign Correspondent

A Letter From Edna Heyman

Hola Amigos!
How shall I explain the meaning of the word "FINCA"? I think it means "farm" or "estate" but we visited one this week.

Owned by Americans, it is situated in the mountains of a small town called Alhaurin El Grande. The brick pathways lead you through and around magnificent gardens with all kinds of exotic trees, cactus and flowers. We picked dozens of oranges, grapefruits and tangerines from their orchard. The double swimming pool was trimmed with colorful Spanish tiles. The small gold fish ponds along the walks, added to the tranquility. The interior of this small mansion held a fortune in paintings and other works of art, but done in Spanish decor. Although the owners are in the States at the moment, it was their son Danny and his Finnish girlfriend, Yata (an artistic weaver) who showed us around. It was a glorious day!

And yesterday, we went to Malaga. In the harbor was the U.S. John F. Kennedy Aircraft carrier. Making friends with two

young sailors going back to the ship; they invited us to tour this ship as their guests. How fantastic! Although the ride out in the Tender was very rough (I almost fell like Tallulah Bankhead in "Lateboat"), once aboard the Kennedy it was an awesome experience. Our knowledgeable guides, Mike Panaro from Queens Village and Kevin Lavery of Conn. explained the workings of the various planes aboard. Climbing up and down what seemed like hundreds of ladders and passageways we saw offices, the Brig, the mess halls, stores, basketball courts. Five thousand men live and work aboard this giant vessel and it was an experience I shall long remember.

In four days, we move to our villa. That, too, should be an interesting change, with the mountains just behind us and the Mediterranean before us.

All the stores in "my town" of Los Bolicitos and Fuengirola are holding "rebajas" (sales) and I think of all my merchant friends in "my real town" of Syosset and Woodbury who are holding their

rebajas now. Things are pretty much the same the world over, I guess, but it is the little differences that I find so fascinating.

Adios,
Edna Heyman

Cross Country Skiing

A free, lecture-demonstration on "Cross Country Skiing" highlights the first meeting of the new year of the Long Island group of the Sierra Club.

The public is invited to attend the presentation, which takes place at 8:00 p.m. on Thursday, February 15, at "The 19th Hole," Eisenhower Park. A representative from Eastern Mountain Sports will be the guest speaker.

Persons interested in learning more about the Sierra Club and the Long Island group's future outings and activities are also urged to attend.

Marino Seeks Welfare Takeover

State Senator Ralph J. Marino (R-Syosset) has introduced a bill in Albany shifting the local welfare burden to the state. The takeover would be phased in over a five-year period.

Marino's plan would require New York State to pick up an additional 10 percent of public assistance costs starting with the local fiscal year beginning January 1, 1980, and for five years until the local burden is eliminated.

"One-third of Nassau County's real property tax revenues is spent on public assistance programs," said Marino. "Welfare is constitutionally a state responsibility and should therefore be paid for by the state. If we can relieve local governments of this large budget item, we can lighten the load on local property taxpayers. The

legislation I have introduced will reduce the county's burden by \$5 million the first year, relieving budget pressures and averting cutbacks in essential services."

The cost of social services in New York State including income maintenance, Medicaid and other services is estimated at \$7.5 billion for fiscal year 1979-80. The federal government pays 50 percent of the cost while the state and localities split the remainder.

Nassau County's social services budget is \$202 million, of which \$60 million is paid by the county out of local revenues.

"If the state and federal governments are going to continue mandating services that localities must offer, then local governments should not have to 'break the bank' to pay the bill," said Marino. "This fiscal madness must be brought to an end."

CUMMINGS 'N GOINGS

By Jim Cummings

NOW HEAR THIS: General Instrument Corporation of Hicksville has been awarded a million dollar defense contract for construction of various communication substation units for the U.S. Navy, according to our Congressman Norman F. Lent. ...pledges to keep 91.7 FM Fordham University station programming two hours of non-

commercial Irish music should be sent now to station at PO Box 37, NYC. WHPC-FM Nassau Community College host Gene Weiss doing a professional job with the "Big Band Sound of the 30-40's" - great research on band leaders and side-men-the Dick Jergens and Artie Shaw music last Sunday P.M. was truly nostalgic. ...There are several

tables available for this Saturday evening at the "Square Dance" at the Joseph Barry Coun. I. Knights of Columbus and while planning your social schedule please mark Saturday evening, March 10th for the 21st Annual Patrick's Day Ball of the Commodore John Barry "Division of the Green Berets" Ancient Order of Hibernians of Hicksville music by "Kelly's Eyes" phone chairman John Murphy 681-7431 - you can't afford to miss this one-\$25.00 per couple, dinner and this great band. -table reservations available.

WELCOME BACK: to our own Long Island "Channel 21". WLIW, Garden City - brand new powerful signal and facilities at Plainview-excellent viewing as we observed John Miller's "Long Island News Magazine" a week nite feature at 7:30 P.M. - we hear studio plans additional programming, too.

DID-YA KNOW THAT: talk of gas rationing is no joke...through the efforts of the Republican Senate led by Senator Ralph J. Marino and Senator John D. Caemmerer, Chairman of the Senate Standing Committee on Transportation LI is marked to receive \$35 million for transit aid. good work gentlemen... On February 21st, Senator Caemmerer will be the guest speaker at the regular meeting of the Nassau County Grand Juror's Association, Inc., to be held at the Bar Association building, 15th and West Streets in Mineola-time 8:15 P.M. - these dedicated public officials mentioned herewith, continue to serve you in Albany and reflect deep concern for their constituency...there are still organizations who have not joined the committee with a pledge of support for the "Hicksville Memorial Fountain" to be located at the Hicksville R.R. station, please discuss this with your group next meeting.

ROUND OUR TOWN: We attended the February 16th meeting of the Hicksville Community Council at the Public Library as representative of the American Irish Community, the Ancient Order of Hibernians - more than 40 community leaders and residents turned out for the important G-I discussion on what's going to happen to Broadway, Hicksville as outlined by Town Councilman Thomas L. Clark - next planning meeting is next Friday, February 16th at the Sons of Italy Hall, at 8:30 P.M. - the three major TV stations in New York are about to expand their coverage of Long Island, ABC, CBS, and NBC - the planned new look will be seeing what's really happening in Nassau County and the Town of Oyster Bay on the prime-time news programs - we again applaud the work of our Congressman Norman F. Lent, in meeting with the networks and pointing-up the need for full-time coverage of Island news in fact we note that this "input" has resulted in recent coverage of local special

events - it takes two to communicate. My good buddy, Charles A. White, with the Moller Steamship Company (Maersk Line) located at the Worlds Trade Center talked about the "old neighborhood" and behold he was talking about east 96th Street, in Manhattan where this reporter was born and raised - St. Francis De Sales parish - he talked about knowing the Doody family, "Sis" Casey, the Duffy boys - all my fellow grad-u-8's at St. Francis - small world, but great reunion at the Joseph Barry Council, Knights of Columbus last meeting...

GUEST SPEAKER: Donald Hamill, Deputy Counsel General of Ireland will address the American Irish Congress

meeting of Monday evening, February 26 at the Irish American Center, 297 Willis Avenue, Mineola John Sugrue, Nassau County Chairman reports - please mark your calendar - open meeting - and an opportunity to see and hear what the Irish are doing on LI - further evidence of the strong united support of these Irish groups will be observed on Easter Monday, April 16 in front of the Supreme Court Building, we are proud to work with co-chairmen Nassau County Executive Fran Purcell and District Attorney Denis Dillon, proud members of the American Irish Congress - "If Your Irish" - this is where you belong - contact the writer 935-4229 for details.

COMPARE YOUR BANK'S INTEREST-ON-CHECKING ACCOUNT WITH EASTERN'S.

If your bank's interest-on-checking account doesn't measure up to Eastern's, stop by and discover what good banking is all about.

Eastern's 5% Interest Checking is one of the best deals in town. Provided, of course, that this type of account makes sense for you.

Choose the checking system that's right for you. If you normally maintain a minimum balance of \$1,000 or more in checking, it will definitely pay you to open an Eastern 5% Interest Checking Account. However, if your average checking account balance is \$400 or less, and you write 10 or more checks a month, it may

be to your advantage to open an Eastern free checking account, along with a separate 5 1/2% savings account.

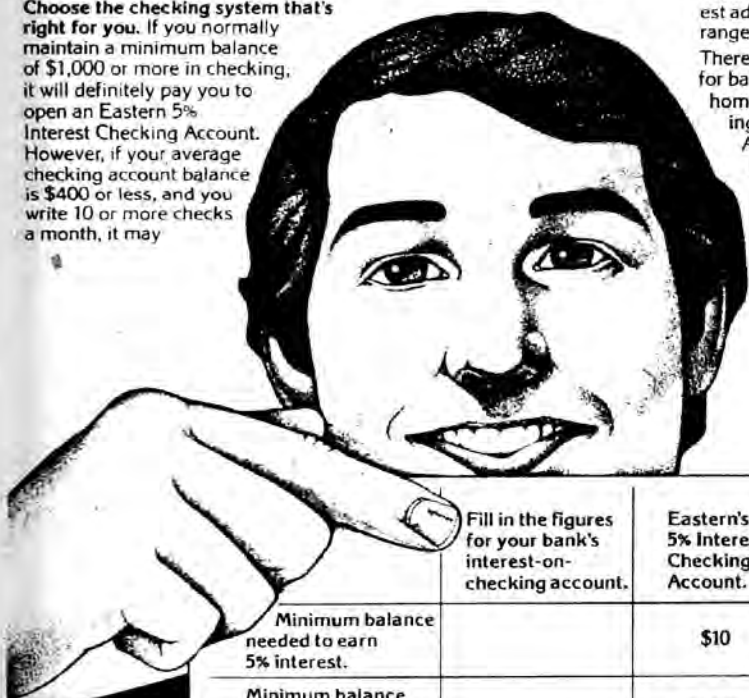

Free checking. Eastern's Free and Easy Checking is completely free. There's no per-check charge, no monthly maintenance fee, and no minimum balance requirements. You'll be kept supplied with blank

checks—imprinted with your name—free of charge. And if you qualify for overdraft protection, you can write checks for up to \$1,000 more than your balance.

5 1/2% savings. Eastern's Passbook and Statement Savings Accounts pay 5 1/2% a year compounded daily, for an effective annual yield of 5.47%. That's more than any commercial bank can offer. And that same interest advantage extends through all ranges of Term Savings Certificates.

There are lots of other good reasons for banking at Eastern—including home improvement and furnishings loans. So come to Eastern. And find out what you've been missing.
