Re: Potential Community Residence Site
12 Violet Avenue, Hicksville, N.Y.
Gentlemen
This is in response to the notification dated January 11, 1979 and received by the Town of Oyster Bay on January 16, 1979 concerning the above captioned subject.

and numerous accessory structures including a swimming pool, cabana, storage shed, fence and hedges have all been installed. As a result of all this expansion and building, this small corner lot is virtually all house with very little open space. This obviously poses potential problems if a large number of persons were to occupy the premises. For example, there would be virtually no on site, outside recreational area.

the Epilepsy Foundation that in the future, all necessary material will be submitted simultaneously with the original notice. We urge the adoption of such a practice.

Still another difficulty foreseen by speakers at the meeting was that of parking. As was indicated above, this parcel is located on a corner lot. Furthermore, as a consequence of the expanded building on the premises, there is no provision for any off-street parking. Those who live in the immediate area pointed out that on-street parking in the immediate vicinity is already very limited. They were concerned that if these premises were used to house as many as 10 or 12 adults that this problem of parking could become insurmountable. While it is realized that the clients of the home would not be driving, support personnel and visitors would be driving to and parking at the site.

In addition to the practical difficulties presented by the above, it appears that there are at least 18 violations of Town Ordinances. The expansion and building referred to was accomplished without benefit of obtaining building permits and other required legal documents and inspections. As a result, the Town Building Code, Housing Code and Zoning Ordinances are all presently being violated. The Epilepsy Foundation gave its assurance that all violations would be "cleared up" before anyone was housed in the building, as evidenced by a letter addressed to me dated February 8, 1979 from Roberta Marks. We are therefore assuming that this will be done and we urge that these violations be removed as soon as possible.

After reviewing all the relevant information available to it, the Town concurs with the opinions expressed by a large number of the residents. Therefore, while the Town recommends that this site be approved for a community residence to be run by the Epilepsy Foundation for epileptic and retarded adults, this recommendation can only be made based on two factors. First, that this community residence would serve no more than a maximum of 4 or 5 adult clients and 2 house parents, since to put any more than this number of people in this house would be an over intensified use of the premises, such over crowding would be dangerous to the inhabitants and would also create an unreasonable burden on the community as mentioned above. Secondly, that all of the existing violations of Town Ordinances be cured forthwith and that the entire premises be brought into compliance with all laws and ordinances and that any and all necessary inspections, permits and certificates be obtained prior to any occupancy. Failure to accomplish this would clearly be dangerous and hazardous to all concerned.

Several of the residents at the meeting asked whether the room area in the bedrooms was sufficient to healthfully and safely house 10 adults as is proposed. The answers from the Foundation and the State were vague and inconclusive. When asked by the Town Board to submit architectural plans so that room layout and square footage could be studied, the Foundation responded that they had no such plans but were in the process of having them completed and they would be submitted.

Obviously, as was recognized by all parties at the meeting, it is virtually impossible to make an informed recommendation as to the suitability of this site without such plans. Since the statute mandates that the Town respond within 40 days of receiving the original notice, we can wait no longer to make our reply. We must stress, however, our strong reluctance to do so without having had the opportunity to review the architectural plans and other relevant data. For our municipality to be forced into making such a recommendation without having received these essential documents is certainly counter to the stated intent of the statute even if it is in keeping with the letter of the law. It has been indicated to us by officials of

the proposed residence as a home for 10 or 12 adults would effectively set it apart from the neighborhood and make it a mini-institution incompatible with its neighbors, rather than an integrated member of the community. This would, of course, defeat the very purpose for which the program was designed and not fulfill the plan originally contemplated by the legislative sponsors. Many of the residents observed that the program would be far more successful if limited to 4 or 5 residents in addition to the 2 house parents rather than the 8 to 10 residents which the Foundation has proposed. This would better enable this group home to blend in with the neighborhood.

The Town agrees with the people who presently live in the neighborhood that by so limiting the number of occupants of the group home it would serve to avoid over crowding of both the premises itself and the neighborhood.

Planning

Pursuant to a policy of obtaining maximum community involvement, the Town Board directed that a public meeting be held to consider this matter. At the public meeting, held on February 6, 1979, approximately 200 persons were in attendance.

Although the members of the Epilepsy Foundation and officials from New York State anticipated residents' anger, fear and ignorance, these were not in evidence. Rather, the majority of the residents calmly and constructively presented their opinions and views on the subject. Virtually none were opposed to the basic project. However, as observed by many residents, the suitability of this neighborhood and this particular house as a residence for a large number of persons, especially adults, is extremely questionable. The surrounding neighborhood is made up of average sized one family houses on 7000 square foot plots, occupied by single families of generally no more than 5 persons (2 parents and 3 children). Based upon this fact, the residents stated that using the proposed residence as a home for 10 or 12 adults would effectively set it apart from the neighborhood and make it a mini-institution incompatible with its neighbors, rather than an integrated member of the community. This would, of course, defeat the very purpose for which the program was designed and not fulfill the plan originally contemplated by the legislative sponsors. Many of the residents observed that the program would be far more successful if limited to 4 or 5 residents in addition to the 2 house parents rather than the 8 to 10 residents which the Foundation has proposed. This would better enable this group home to blend in with the neighborhood.

Many residents further called attention to the fact that the house already is too large for the lot it is on. The original structure has been expanded several times

FOUNDERS DAY WRAP UP: We don't have a left to right on these fine snapshots of the February Hicksville PTA Annual Founders Day Dinner, but in past issues we brought you all the details of this gala event. We're sure PTA people will be able to pick out their "Member of the Year" Barbara Smith in the center. Principal Ray Rusch on the extreme right and their fine committee members and officials too.

In the lower picture we see Barbara's parents who flew in for this auspicious occasion, and her family.

In conclusion, it was a really enjoyable and well run annual event. Congratulations to all concerned.

Hicksville's Walter Looney To Retire

On March 31, after completing forty years of Service with the Nassau County Police Department, Assistant Chief Inspector Walter A. Looney, the fifth of six brothers who entered the Police Service in the late thirties will retire.

Military Government, both here and in European Theater. At separation from Service he had advanced to the Rank of Lieutenant Colonel.

Upon return from Military Service his Rise through the Ranks was rapid and covered duty assignments in the Second Precinct, Third Division, Training Division, Office of Chief of Headquarters and Current Command of the Internal Affairs Unit. His present position is within the Third Highest Uniform Rank.

Empire State College. He and his wife the former Katherine Ott of Flatbush, Brooklyn, the parents of Walter Jr., Michael, Timothy and Kathy, plan to travel extensively while still maintaining a home at Broadway, Bethpage.

Chief Looney is a Graduate of the Prestigious FBI National Academy and holds an Associate Degree in Criminal Justice from Nassau Community College and a Bachelor of Science Degree from

In a recent Commentary Chief Looney reflected with pride and satisfaction on his association with the Officers and Members of the Nassau County Police, summing as he did his feelings about his entire Career by stating "IF HE HAD IT ALL OVER TO DO, HE WOULD DO IT AGAIN". A dinner in his honor will be held on April 5, at the Crest Hollow Country Club, Jericho Turnpike, Woodbury, New York.

Colby Evers, G-1 And Clark At The Council

by Carol Wolf

In less than 3 hours on Thursday, March 1st, the Hicksville Community Council presented Supervisor Joseph Colby who discussed Sanitation and CETA. Dick Evers who showed in-depth slides of sewer construction, Steve Didier who reported the organizational progress of the Committee for the Development of Hicksville, and Tom Clark who gave us the latest information and date for progress changes in G-1.

Supervisor Colby opened the meeting by mentioning that he was delighted with the Community Council's Committee for the Development of Hicksville, for instead of being one small group, it consists of representatives of Churches, fraternal, service and Veterans groups, business organizations, schools, cultural groups, fire Department, political and Senior Citizen Clubs who will go back to their organizations with comments and for ideas. Colby said that he is delighted with this task force and will recognize the Committee as the first speakers before the Town Board meeting for a proposed change of zoning on April 10th.

Colby touched lightly on sewers when he mentioned that work is continuing but at a somewhat slower pace than before. The 1977

contract bid was well below estimates but now since there are 4 areas going on once, the bids are coming in higher than estimates.

The Towns of North Hempstead and Oyster Bay had a SETA consortium but Oyster Bay has recently pulled out. The SETA program takes unemployed in your area and trains them for another job, e.g. a teacher may be retrained for key punch. SETA has an 18 month life and was supposed to expire on March 31st but Oyster Bay received a 4 month extension, which is treated as a new program. SETA workers are even funded in private business by the Federal Government who pays their salary for 1 year while they retrain.

In August or September when the Supervisor was forming the

1979 budget, he found that the cost of sanitation was going up faster than any other. Under the CSEA, the Town is limited in their negotiations, so in order to cut costs, they had to find an alternative method. A commissioned report shows comparisons based on the experiences of Freeport which saved between 10 to 30%. In that village, sanitation trucks work with only 2 men. Oyster Bay has 64 routes now. The men receive 52% more than salary in fringe benefits so that if a man was hired for \$10,000 the total cost to the town is \$15,100. There are 191 people currently in the Sanitation Dept. and 1100 total workers in the Town. The only way the town can find out if they can save money is to go out for a bid.

The Town would then give the Union a copy, for the union said that they want to work with the Town to save costs. The union also recently tried a pilot program and if there isn't savings, then the Town will hold a public hearing to get input from all the people.

Sanitation disposal is also a problem for we now have incinerators and landfill, but resource recovery is the way to go. There is a way to convert steam into electricity and we will

go out for bids. The only resource recovery plant is Black Clawson which hopefully will be working by July. The only problem with resource recovery is the cost - currently disposal is \$13 a ton but BC will be anywhere from \$18 to \$25 a ton. Grumman has a whole division devoted to Resource Recovery. We currently pick up 1,000 tons of garbage a day. BC needs 5,000 to 6,000 a day to maximize, but it has already saved 5,000,000 barrels of oil. In 4 years, our landfill will be closed.

Dick Evers, at his slide projector, showed some unusually good shots of the construction men working 25 feet in trenches clearing the way for the steel sheathing to be put into place for the sewers. He mentioned that during the digging, driveways are blocked and you must find another place to park and walk. He emphasized that children should be kept within eyesight and dogs and cats too. And chlorine must be injected into the lines to prevent contamination, so when the sewers come close, have you last good cup of coffee.

On Friday, February 16th when it was 2 below, 23 people participated in the first meeting of the Committee for the Development of Hicksville. Steve Didier as the Chairman of the Committee organized Hicksville into 10 branches and the following are his committee members: Business - Vern Wagner, Cultural - Dick Evers, Fire Department - Bill Fowley, Fraternal - Tony Prevote, Political - Republican Club's Charlie Lynch, Senior Citizens - Bill MacDonald, and Veterans - Joe Normandy. His staff includes Millie Pino - PR, Joan Eannucci - Recording Secretary and Arlene Didier - Corresponding Secretary. Steve said that he is looking for a representative from the Schools, from Service Groups, from the Democratic Club and 2 representatives from the 14 Houses of Worship in Hicksville. The next meeting of only committee representatives will be March 23rd at the VFW hall. Homeowners and landowners are encouraged to come to the regular Hicksville Community Council meeting on April 5th to present their views.

Councilman Clark then took the podium. Some figures of traffic flow taken by the County are 5,500 cars travel on East Marie per day, 5,800 North and South behind the Bank of N.A. and 7,100 cars in the intersection of Jerusalem and Broadway. He mentioned that to have a whole comprehensive road change there would have to be a bond issue. Councilman Clark mentioned that he wrote a letter to Supervisor Colby officially requesting estimates and surveys for a proposed Duffy Avenue change. Clark said that he is delighted to see the growth and interest in G-1 for a Town meeting, usually less than 4 people come from Hicksville.

The sewer area from Old Country Road to Newbridge to the Wantagh Pkwy., to the Railroad will not go out to bid until the end of October. The delay in front of Cantigue is due to the pounding sheets - General Instruments is right there and the pounding upsets their delicate instruments. Concerning zoning, there is an application for the old Robert Hall and the Town Board will not see the Racquetball Application until the papers are cleared up.

Changes proposed for the G-1 zoning are as follows: area needed to build \$ 17,000 square feet, down from 20,000, parking will not have to be underground; ground floor can be shops and retail business. The initial G-1 was a stop-gap. It must be remembered that a person who now owns a 160 by 100 square foot of property pays \$6,000 a year in tax, so the building placed in that

Message From Rep. Lent

LOST: A CHANCE TO GET INFLATION UNDER CONTROL

The first significant vote in the new Congress was taken in the House of Representatives this past week. It resulted in a disastrous defeat for the American people. The House had a chance to respond to the still-growing public demand to stop inflation by ending federal deficit spending. Instead, the Democratic majority chose to ignore that cry for help. Bowing to the crack of the leadership whip and to White House pressure, the Democratic majority voted against a Republican-sponsored provision that would have required a balanced budget before any further increases in the debt ceiling.

It was a close vote. 197 of us—more than 130 Republicans joined half that many Democrats—voted for the fiscally responsible balanced budget requirement. This is a goal favored by 81 percent of the American people, according to a recent Gallup poll. But 222 Members—almost all Democrats—voted against us.

We lost. And so did you. So did every other Long Island family and, for that matter, every family in our country. The Democratic majority in the House has given a green light to more increases in federal spending, still higher deficits, and more inflation—already out-of-control.

We've just learned from the Consumer Price Index that the January rate of inflation soared into double-digit figures. In our New York area, the January rise in the cost of living meant an annual inflation rate of 13 percent. Herbert Bienstock of the Bureau of Labor Statistics calls that rate "appalling." I agree. A constituent who called my office termed it "economic cruelty." Exactly. Such a high rate of inflation is cruel. It is a 13 percent tax that robs each one of us of a sizeable portion of our take-home pay or retirement income. There are no exemptions from this tax.

The 13 percent inflation rate has been built up during the Carter presidency. When Carter came into office, the rate of inflation was below 5 percent. Now it is nearly triple that.

A major cause of this new and constantly increasing inflationary surge has been the sharply increased federal spending promulgated by the Carter Administration and the resulting huge federal deficits which do nothing but feed inflation. These deficits have pushed our national debt up to the \$800 billion mark.

It is difficult to grasp the full impact of this staggering sum. Perhaps it may help you to realize that your family's share of this national debt is about \$11,000. When you pay your federal income taxes this year, your family's share of the interest due on this debt is approximately \$842! And remember, that interest payment is not deductible. We taxpayers are paying a daily interest rate of \$180 million on this debt!

Every billion of additional debt created by irresponsible federal deficit spending edges us closer to the brink of a real financial disaster in this nation of ours. We have to get spending under control. The best method is through a law requiring the federal government to operate under a balanced budget. We Republicans in the House plan to bring this issue to the floor of the House again—as soon as possible. We are confident that even fiscally foolish Democrats will eventually heed the expressed desire of 81 percent of the American people and vote to get federal deficit spending under control.

Boating Course For Adults

A safe boating course for adults 17 years of age and older will be offered to Oyster Bay Town residents beginning March 15. It was announced this week by Town Councilman Kenneth S. Diamond.

Entitled "Seamanship and Safe Boat Handling," the course will be held at the Syosset Library, 225 South Oyster Bay Road, on Thursday evenings from 8 to 10 P.M. Registration for the nine-week course will be open through the second session. There is no

registration fee, but there will be a minimal charge for materials.

The course, which is being sponsored by the Town's Bureau of Conservation and Waterways, Environmental Control Division, in cooperation with the Coast Guard Auxiliary Flotilla 13-2, will feature instruction in piloting, compass and chart reading, rules of the road, weather, and legal requirements for power boats. Participants successfully completing the course will receive a Coast Guard certificate and a wallet card.

What Date Memorial Day?

The Town Board will hold a public hearing to consider a proposed clarification of the Town Law regulating the conduct of business on Memorial Day. The hearing is scheduled for Tuesday, March 27, at 10 A.M.

"Since 1971 the Town has prohibited the operation of most businesses between the hours of 9 A.M. and 1 P.M. on Memorial Day in order to properly observe the solemnity of the day and honor those who gave their lives for their country," Town Supervisor Joseph Colby commented. "However, in recent years the Federal Government has changed the observance dates of some national holidays, but the Town and New York State have continued to observe the more traditional date of May 30 as Memorial Day, and dual observance has resulted in some confusion."

To rectify the situation, the Town Board proposes to amend the 1971 Local Law, which set Memorial Day as "the last Monday in May," and establish May 30 as the date of observance on which certain commercial and business activities are prohibited between the hours of 9 A.M. and 1 P.M.

The hearing will be held in the Hearing Room, Town Hall East, Audrey Avenue, Oyster Bay.

Artists Contest In Westbury

The Greater Westbury Arts Council is currently running a contest for artists in connection with their forthcoming poetry exhibit on the Long Island Rail Road.

Artists are being asked to call or write to the Greater Westbury Arts Council, 600 Old Country Road, Room 310, Garden City, N.Y. 11530; telephone 741-6760 to receive the poem to be illustrated and for further details. All Long Island artists are eligible and the work is to be done in black and white only, suitable for reproduction into posters. Winners will be displayed in passenger cars of the Long Island Railroad's this summer.

MDA Program

The Muscular Dystrophy Association is offering a program that can change the lives of many young people in Nassau County. The program is called "Youth in Action" and the enrollment fee is simply the time and commitment of young people throughout Nassau. The Youth Conference will be held on Saturday, March 24th from 11:00 am to 3:00 pm at the Green Acres Bowl in Valley Stream.

Students of junior high, high school and college age will meet together to learn how they can get involved with MDA as they continue to fight 36 neuromuscular diseases. Danee Marahons, Sports Marathons and Jog-a-thons are just a few "fun" raising events that will be discussed. Young people from age 13 and up are invited to attend.

For additional information, call the MDA field office at 536-0220.

Winners Of Chess Tourney

It was an afternoon of checkmate for the winners of the 5th Annual Town of Oyster Bay Chess Tournament held Saturday, February 24th, at Marjorie R. Post Community Park, Massapequa.

Town Councilman Salvatore R. Mosca announced that Adam Friedman of Plainview won first place in the elementary school category while Massapequan Robert Ozello took second. In the junior high school division, Robert Snow of Plainview won

first place while Don Cornell of Massapequa copped second.

In the senior high school category, Massapequan Michael Kass took first place with Dennis Ryan of Woodbury taking second. The adult category was won by Peter Kuhl of Syosset with second going to Roland Korotkin of Massapequa.

This year's tournament attracted 64 participants. Trophies were awarded to first and second place winners in each category.

Tobay Seeking Lifeguards

Qualified lifeguards may now apply for positions with the Town of Oyster Bay as a pool or beach guard.

Town Councilman Joseph J. Saladino announced that applications for the summer 1979 season, June 15 through Labor Day, are now available. They must be picked up in person at

the Department of Parks, 800 South Oyster Bay Road, Hicksville, between 9 A.M. and 4:45 P.M. weekdays. Applicants should bring proof of certification with them at that time.

The positions are open only to Town of Oyster Bay residents. Applicants must be at least 17 years of age.

Board Summer Meeting Dates

The Oyster Bay Town Board has amended its schedule of meetings for the summer months when it meets twice monthly.

This year, the meetings will be held on: June 12 and 26; July 10

and 24; August 14 and 28; and September 11 and 25.

Regular meetings of the Town Board are held on Tuesdays at 10 A.M. in the hearing room of Town Hall, East Building.

Dear Friends

Some people believe the devil is a man who wears a red suit and has a tail, horns and a pitchfork. Not so, folks. We believe that the devil has many faces and many approaches, mostly within our tired, work-a-day minds. For example, how come only 37 percent of the people in this great Country of ours voted in the last election? We can hear the devil saying to them, "Your vote doesn't count, your opinion doesn't count, stay home and get some rest, you work too hard anyway. You just don't count."

And how come, after much prior publicity only one "civilian" showed up at the Public Service Commission hearing on Feb. 28th at 7 pm concerning the request of the NY Telephone Company for a total increase of \$240 million annually in its rates? We ourselves published this date and some pertinent information regarding this proposed raise in our Feb. 22 edition. One "civilian" showed up, and he turned out to be a representative of a competing telephone company? If you couldn't go for whatever reason, how many of you have written to your representative in Albany expressing your feelings concerning such a raise? We all should feel equal guilt on other matters where we feel strongly, but still take absolutely no steps to make our feelings known to those whom we have elected to office. So, don't be surprised when your telephone bill shows an increase, they figure, by your absence at this hearing, or a letter opposing such a raise, you are saying, "I just don't mind, I can afford it, or, worse still, "My opinion doesn't count", and that, my friends, is the devil convincing you of a whole series of lies. We're sure he has many more activities in many different areas, but there is only one way to beat him and it starts with denial of his statements and positive action on the part of each one of us. "Get thee behind me, Satan", is our example. We will never know how rewarding it is to turn from the apathy of inaction to the reward of well thought out and positive action, unless we change first our minds and then our actions.

YOUR VOTE DOES COUNT YOUR OPINION DOES COUNT...but not in random conversation socially, or after each meeting is over...

Maybe we can't all attend every hearing...but how many of you can neither read or write? I'm just as much to blame as anyone else except that I have never missed a vote. So, let's not succumb to the devil's inertia. Let's get with it...NOW...and then keep at it for as long as the good Lord gives us life.

As usual, this week there is some good news and some bad news. As far as what didn't happen at the Phone Company hearing, we consider that "mixed" news because by its very negative tone, it leaves us with the opportunity to change in the future.

NOW, with our newly-acquired positive activism we should be sending out scathing letters on the fact that Long Island's ONLY daily newspaper is presently making an uncalculated attempt to revive the dead issue of a Nassau Legislature. This was completely defeated last year. The reasons being THE COST of such another layer of government. And don't believe the old wheeze that the salaries of such an august body are all that we must consider expense-wise. What Suffolk legislator has no aides secretaries, and expense accounts? Would Nassau, if so governed be any different?

We don't need more government! We need less government! Please let your elected officials know just how you feel on this matter. If you wish to send us a copy of your letter on this (or any other subject) we will include it in our "Letters To The Editor".

NEXT we see in our only daily that Dem. Arthur Kremer and Rep. Alfonso D'Amato are involved in an argument as to who is responsible for the newly-proposed bill (in the Albany Legislature) that will permit Nassau County to pay for \$200 million in court-ordered tax refunds to owners of County commercial property by 15 or 20 year bonds. We are sure that it is a meeting of great political minds and are happy to give credit to both these gentlemen. This is due to the fact that we want them BOTH to keep working hard on reducing town and county spending, which is the only way that any tax cut makes sense.

NEXT we are pleased to see that the Town of Oyster Bay is moving toward plans to build its own resource recovery plant. Eventually we see this as a realistic way to save tax dollars. That's good...and that's essential.

NEXT we read that CETA workers are faced with layoffs. As we understand the CETA program it is designed to train unemployed people so that in a given period of time they have a better chance to become employed in the private sector. Layoffs are, from the beginning, a part of the CETA program. Any training period must eventually come to an end. But we'd like to hear figures on how many through this CETA training period have gone out and gotten jobs. This is how one could evaluate the CETA program.

FINALLY, we'll end with good news. The plans for a 361-room hotel to be built next to the Nassau Coliseum has gone one step for-

At The Town Board

by Gerry Kahn

The Town Board meeting held on Tues., March 6, concluded at 11:55 completing a calendar of 28 items.

The opening hearing was the petition of Jerry Spigal for a change of zone from Res. D to Bus G District and for modification of certain restrictive covenants, for use as a retailing business and additional parking for an office building at Jericho-Hicksville (18th St. and Burke Ave.) The relief from the restrictive covenant (a 10 foot buffer zone) would create an additional six parking spaces.

The petitioner was represented by Mr. R. Roeckel who provided a professional Real Estate appraisal as a witness.

The following members from the audience spoke before the

Board and provided their opinions and suggestions toward the application.

Mrs. Daniel Wisolovsky, William Humphrys, William Bridenbeck and Robert Borley.

Other items of local concern were item No. 8, which directed the Town Clerk to advertise Notice of Hearing on petition of Woodbury Road Runner Motel for modification of form Town Board Resolutions, Hearing Date 4-3-79, (Jericho Tpke. e o Piquets Lane, Woodbury.)

The petition of Emanon Auto Sales and Parts Suppliers for a special use permit to operate and maintain an automobile repair and wrecking garage at Hicksville, will be part of the calendar on 4-3-79. The item directed the

Town Clerk to advertise Notice of Hearing.

Item No. 12 related to the appointment of real estate appraiser to appraise property known as Penthouse Plaza, Plainview.

The petition of Howard Johnson Company for a change of zone and special use permit at Jericho, heard on Jan. 16, was approved in item 23.

Item No. 24 approved the petition of Communications Leasing for a special use permit at Plainview, heard on Jan. 30.

Item No. 27 directed the Town Clerk to advertise Notice of Hearing on petition of TOB Housing Authority for a change of zone Res. D to S-1 Senior Citizens Zone at Plainview. Hearing Date March 20.

Letters To The Editor

Listener's Letters
WGSM P.O. Box 74
Long Island, New York 11747
Gentlemen:

I was incensed by your February 21, 1979, news reporting of the apparent outcome of the Levittown Teachers' strike, a possible tax cut for Levittown residents, which you referred to as a "silver lining." Unfortunately, you failed to mention that this tax reduction was obtained at the expense of the two most important elements of the Levittown school system: its students and its teachers.

Obviously the students of Levittown lost many valuable days of education which can never be replaced by any tax cut, no matter how bountiful.

The teachers of Levittown, because of the inequities of the Taylor Law which punishes striking teachers with two for one penalties while rewarding strike-provoking Boards of Education with the monies from these fines, have had to go heavily in debt, and, in some cases, become dependent upon food stamps in order to feed their families.

Such glowing news reports of the results of school strikes can only serve to encourage other school boards throughout Nassau and Suffolk Counties to follow the Levittown School Boards example and drive its teachers into a catastrophic strike. It must also be kept in mind that many

current school boards are comprised of members who are solely concerned with cutting school costs and who were elected by a majority of residents who no longer have children in the school systems.

The unfortunate effects of the Levittown strike on its students and teachers have already surfaced. What will surface in the near future is the strike's devastating effect on the property values throughout Levittown. Prospective home buyers with school age children tend to shy away from strife-torn school districts.

Is a small tax cut at the expense of an educational system really "a silver lining"?

Very truly yours,
Frank J. Bohl

Mr. Ken Barnes, Director
Hicksville Public Library
Dear Mr. Barnes:

My thanks to the Hicksville Public Library for providing the services of a career guidance counselor Mrs. Sohn was of great help to me and provided additional resources on career planning.

Hicksville residents are fortunate to have this valuable, free service.

Again, my personal thanks to you and the Hicksville Library for this important service to our community.

Sincerely, S. Linda M. Strongin

ward. A lease with the County is expected to be signed in the near future and this week mortgage money for this tremendous project has become available. This is a big boost for, not only will it add to our county's tax rolls but it will also help to reduce our unemployment rolls by several hundred Good

THAT'S ALL for this week. Remember, your home, your church, your community, your town, your county, your state and your nation will all be better if YOU take an active roll in its operation.

Report On Mental Health

The Educational Goals and Objectives Committee of Hicksville met again on February 26th to discuss the proposed Strand III Curriculum for health education. This segment of the curriculum includes: Personality development, human sexuality, and family life education.

The Committee is extensively reviewing and discussing the student and teacher resource materials. All resource materials in the final draft will apply only to grades K-3. Taking the many community concerns into consideration, the Committee hopes to finalize acceptable guidelines in this area within the next few weeks.

A number of suggestions were noted, and accepted, from a member of the Hicksville clergy who also added: "Overall, I think it (Strand III) represents a sound approach to health education in the area of human sexuality. I find nothing in the curriculum which is inconsistent with my understanding of basic Christian teachings."

The Committee recognizes that parents are the prime educators of their children. However, the focus of this curriculum is to help parents and students establish more positive attitudes toward themselves, their growing bodies and toward their peer and family groups. These attitudes will give them a basis for making responsible decisions as they grow to assume appropriate places in society.

It was announced that the Adult Education Committee of the Community Reform Temple in Westbury, in conjunction with the Sisterhood and Mens' Club of Temple OR-Elohim, Jericho, is sponsoring a program on Sunday, March 18th, at the Community Reform Temple. The topic: "Coming to Terms With Your Child's Sexuality." It is the hope of the committee that parent education will be a continuous process. The Hicksville Adult Education Course, "Parenting Today" will begin on Thursday evening, March 15, at 7:30, at Hicksville High School.

A general public meeting is planned prior to submitting the final draft of the curriculum to the Board of Education.

Ice-Skate-A-Thon

The Long Island Diabetes Association will sponsor its second Ice-Skate-A-Thon at Racquet and Rink in Farmingdale, Saturday, March 24th, 1 P.M. to 5 P.M. is the big date and time.

Ice skates are free for all participants.

To join them you must obtain a sponsor sheet by calling their office at 752-1752. The same number can be used for further information.

Around Our Towns

Harriet A. Maher

Good news - Bob Kluck, who was recently hospitalized, is not only home and feeling much better, but has returned to work. Bob is working part-time now but will shortly return to his full work schedule. He has asked us to tell all his friends and neighbors that he appreciated all their cards, phone calls, and good wishes during his illness.

An Tom Kluck graduated from Submarine School, Groton, Conn. on February 15. Tom is home with his parents, Jo and Bob, at present; but will leave for Charleston, S.C. on March 5 where he will be assigned to the USS George Bancroft Submarine. Tom is a member of the Blue Crew. The other crew is the Gold Crew. These two crews relieve each other after three months at sea. Within a year, Tom hopes to be sent to San Diego for additional schooling - in the sonar technical area. Upon completion of this training, Tom will have 2 years left of his enrollment and will spend it at Pearl Harbor. Good luck to you, Tom.

HICKSVILLE'S artist in residence, Harline Falk, will have an exhibition of her paintings at the New Age Arts Center, 265 South Broadway, Hicksville, on Friday, March 2, at 8:30 p.m. There will be an open reception in the Golden Gallery Room, and a preview of "Timeless Visions and Thoughts Into Poetry" by Kenneth Allan and illustrated by Harline. Following this will be a painting demonstration by Harline in a new period of style: "Crossover to Prismatic Expression. Released to Chromatic Abstractions." You will have the opportunity to meet Kenneth and Harline in person for both discussion and review of their works. It's nice to have culture so close to home.

Not only did Lincoln celebrate his birthday on February 12, but so did George Knight of HICKSVILLE. Congratulations and best wishes from your friends and neighbors. George, and much love from your family.

Barbara and Frank DiStefano, Mayfair Lane, HICKSVILLE, just returned from a marvelous trip to Florida. Frank's dad, George, celebrated his birthday on February 6, so Barbara, Frank, Frank Jr., and daughter, Renee, all flew to Florida to spend a week with their folks. Renee was 2 years old on February 13, so they had a party for the two birthday celebrants. They left balmy weather in Florida and returned home to frigid, snowy weather in Hicksville.

Ray Hand, long-time HICKSVILLITE, is impatiently awaiting the golf season. Seems Charlie Lynch, past president of the Hicksville Republican Club, was presented with a beautiful set of clubs and golf bag by the Club in appreciation of the excellent job he performed as Club president. And Ray Hand wants to get Charlie out on the golf course so he can show Charlie how a "pro" plays the game. Charlie said that he mightn't be the best player, but he certainly looks great with all the new golf equipment he's sporting.

Valentine's Day was indeed special in the Kremler household. Frank and Ann's daughter, Ann, celebrated her birthday that day. And she is a special Valentine's Day present to the Kremlers who have a house full of sons. Congratulations, Ann.

And I can't miss the op-

portunity to wish two great men in my life "Happy Birthday." My husband, Bill, had a birthday on February 16; and our son, Michael, had a birthday on February 15. Love ya', men.

Vic Ingram and his friend, Nick Benedetto, took advantage of the three-day holiday weekend to drive down from Exeter, N.H. to visit the Maher family. They joined in the family birthday party that was held for Vic's Uncle Bill and cousin, Mike. Vic's sister, Harriet, and her husband, Pat, joined with other relatives to help make the birthday festivities really joyous. Vic and Nick planned on driving back to New Hampshire on the Monday holiday, but the snow forced them to cancel their plans and return home the following day. Vic graduated from Hicksville Jr. H.S., and attended Hicksville H.S., for some time. He is a graduate of Exeter H.S. and is currently attending the University of New Hampshire as an evening student. He is employed by Data General, Inc. as a Documentation Illustrator. As a special birthday treat, Vic brought down from New Hampshire FOURTEEN lobster-sticks, and were they "finger licking" good.

Not only is spring on its way, but so is another member of the Gioia clan. A new baby is expected this May and will join mom, Janet, dad, Frank, and two brothers: Anthony 6 years old, and Christopher 4 years old. The Gioias are hoping for a girl. Good luck, but we know you'll happily accept a boy or a girl.

Jean Crawford, HICKSVILLE, not only shares her birthday with Lincoln, but her maiden name was LIBERTY, and her mom and dad were married on ARMISTICE DAY (known now as Veterans Day). Very patriotic, Jean.

Paul Stuenkel of HICKSVILLE, will direct the Long Island Lutheran High School Jazz Ensemble, when they participate in the 11th Annual Jazz Ensemble Festival, to be held at Boston's Berklee College of Music in April.

Happy 14th birthday to Lisa Moyer, of Center St., HICKSVILLE. She celebrated Feb. 25.

Mercy Hospital, Rockville Centre, recently honored men and women volunteers and candy strippers at the 19th Annual Award Ceremony Mass. Among the HICKSVILLE residents honored were Mackie Aversano and Sara Baldassarri, both for 1,000 hours of volunteer work each, and Rose McGenner and Frances Thomas, for 100 hours of volunteer work each.

Mark Villazon of 5th St., HICKSVILLE, celebrated his 10th birthday on Feb. 23. Happy birthday Mark.

Congratulations to Gerry and John McManus of HICKSVILLE, who are proud grandparents, via their daughter and son-in-law, Anne and Peter Ford, of Valley Stream. Their granddaughter, Melissa Anne, was born on Feb. 2 in Central General Hospital. Congratulations and best wishes.

Sidney Jacobson has been appointed to the Board of Trustees of the County Federal Savings and Loan Assoc. Mr. Jacobson, a resident of Great Neck, is President of the Sid Tool Co. of PLAINVIEW.

James H. McNamara of HICKSVILLE has been elected

an assistant Secretary in Manufacturers Hanover Trust's Portfolio and Investment Banking Dept.

HICKSVILLE'S well known Realtor, Joseph Sinacore, has become part of the Multiple Listing Service of Long Is ind. Inc.

Congratulations to Martin Woros, a third grader at East St. School, who beat all participants with a hang time of 1:47 seconds during the annual Rope Hang.

Best wishes to Jemine Mund, Lorna Mund and Erika Lang, of HICKSVILLE who will represent the Mid Nassau Stingray team at the Girls State competition for the New York State Y-CA Swimming Championships to be held in Oneonta, N.Y. I've seen Schenck, Mike White, Glen Ednie, Adam Schwartz and Drew Blake, of HICKSVILLE, who will be competing for the Stingrays at the Boys Championships. Good luck to you all.

Karen Donovan spent a delightful vacation in Florida with her three sisters and two brothers at her parents' home. The whole Von Hof clan (Karen's family) enjoyed warm, balmy weather in Seminole. Karen's husband, Joe, had to remain at home because his law practice (he's in business with his dad, Judge Francis Donovan) required his presence in this area.

Another visitor to Florida was Ida Mae Herfurth of HICKSVILLE. Ida Mae's Christmas present from her son, Harry, and daughter-in-law, Lillian, was an all expense-paid trip to Florida in February.

And fabulous Florida hosted Bill and Harriet Maher for nine days. This trip was in celebration of their February 26 wedding anniversary, and followed a surprise anniversary party given by their son, Michael, and daughter, Joanie, and her husband, Andy. Thirty guests were on hand to shout, "surprise" and help the Mahers enjoy this happy occasion.

HICKSVILLITES Bob and Ann Becker celebrated their 32nd wedding anniversary on February 23. The Beckers are wished another 32 happy years together from their family, friends and neighbors.

Heard that Anthony Gioia had a "Bang-up" celebration on March 3. This was the day Anthony celebrated his seventh birthday with a party given by his parents.

Debbie and Ken Cheslock's daughter, Amy, was one year old on February 21. Amy lives in HICKSVILLE with her parents and grandmother, Catherine Cheslock. Her other grandparents, Florence and Bob Hayes of Garden City, joined the rest of the family at a party for little Amy.

The Town of Oyster Bay Town Clerk, Ann Ocker, and her husband, Ed, celebrated their 35th wedding anniversary on February 20. This was also Ann's birthday and a double cause for well wishes from the Ocker's family and friends. The Ocker's son, Dr. Glenn Ocker and his lovely wife, Karen, reside in California with their two children, Paul and Danielle. The Ocker's other daughter is Jean Foxen. Congratulations to both Ann and Ed.

Charles Brady has been named a Vice President of the National Bank of North America. A Navy

veteran, he lives with his wife, Patricia in HICKSVILLE. They have five children.

Happy birthday to Catherine Eberle, daughter of Mr. and Mrs. William Eberle, Switzerland Rd., HICKSVILLE, celebrating her 10th on March 10.

Miss Grace Fippinger, Treasurer of the N.Y. Telephone Co. is recuperating at home.

Dr. Seymour R. Weinstein of HICKSVILLE, attended the largest meeting of health professionals recently at the Holiday Inn of Hempstead, where the Greater Long Island Dental Meeting was held.

William Archer of HICKSVILLE has been named a banking officer of the National Bank of North America.

Bernice Neufeld, our favorite HICKSVILLE librarian, is a

proud grandmother, her son-in-law and daughter, Don and Hope Lambert Block, are the parents of a daughter, Lauren Michelle, born on March 5, and Bernice is with them in Portland, Maine, playing grandma. Congratulations and best wishes to all.

Proud grandparents these days are Alice and Vern Wagner of HICKSVILLE, via their son William, and daughter-in-law Margaret of Wheatley Heights. Evan Seth was born on Feb. 21, weighing in at 8 lbs. He joins a brother, Matthew and a sister, Michale.

School Board Meeting

The Hicksville Board of Education will hold its next regular meeting on Wednesday, March 14, at 8:15 p.m., in the Board Room of the Administration Building, Division Avenue, Hicksville. The public is invited to attend.

Galileo Lodge News

By Joe Lorenzo

Nothing succeeds like success. The old saying goes, and the Galileo Lodge has shown that there is much truth in this often-used axiom. The members of the Galileo Lodge who comprise the dance committee for the coming St. Joseph's Dance (St. Patrick's) to be held on March 17th at the Lodge quarters, 200 Levittown Parkway, Hicksville, announce that ticket sales and table reservations have far exceeded expectations... and this is another way of saying that the Lodge has another successful affair on its hands. The success of these dances is not accidental but it is based on the idea of providing good times with the least amount of bite on the individual pocketbook. For \$8.50 one gets a hot meal, soda and set-ups, beer, coffee and cake; and, of course, not leaving out entertaining and enjoyable dance music provided by leading dance band groups in this area. Please call 931-8351 for more details concerning this event.

Some sad news out of the Galileo Lodge is that former Asst. Venerable Ralph Vestuti

has suffered the loss of his mother. The Galileo Lodge extends to Ralph and his family its deepest sympathies. Since I too have suffered a great loss, I can really sympathize with Ralph Vestuti because I had to share the great pains of sorrow and bereavement. Ralph Vestuti has always been one of the stalwarts of the Galileo Lodge and his efforts and sacrifices will always be held in the highest esteem.

The Galileo Lodge announces that it will hold its installation of officers on March 22nd, a social meeting night. This is a pleasant event to view because it reveals the dedication and loyalty these newly-to-be installed officers will swear for the betterment of the Galileo Lodge organization. This is not a private affair, in fact, I am proud to announce that the proceedings of this night are open to the general public. Perhaps there are some of you in the general public area who might be interested in joining the Galileo Lodge, so why not attend this ceremony and get a good glimpse of the Galileo Lodge in operation. The ceremonies will start at 9:00

P.M.

Another bit of news concerns the Galileo Lodge memorial which was held up because of a shortage of materials and inclement weather. But now Chairman Tony Previte announces that the marble, stone and bronze letters are in readiness and that the only thing preventing completion of this memorial is the unseasonable weather we have been getting lately. Chairman Tony Previte also announces that work for completion will start in about two weeks. A ceremony will follow the unveiling and it is reported that leading dignitaries from the Town of Oyster Bay will attend.

Help is still needed for the Las Vegas Nights programs. Members are urged to pitch in and give a little of themselves in order that many of the duties and chores associated with Las Vegas nights might be taken care of.

Lodge News

Many of the coming events for the spring and summer months - the Follies-type dance by the Ladies Auxiliary, the Anniversary Dance by the Lodge, the Hawaiian-type Luau Dance to be held sometime in late summer by the Lodge will be given dates very shortly.

Hicksville Fire Report

Hicksville Vamps responded to 40 alarms during the period of Feb. 18 to March 3. There were 4 malicious false alarms, 24 fire calls and 12 rescue calls.

Fire Victim Dies of Injuries

It was learned that the seriously burned victim of the fire at 329 W. John St., on Feb. 20, died at Nassau County Medical Center. Gertrude Johnson, 64, was burned when fire flared up in a couch in her apartment. Neighbors rescued her and doused the flames by rolling her in the snow. The Fire Marshals office is investigating.

The alarm came in at 11:22 p.m. In the other school blaze, a smokey fire in a fourth floor classroom caused light damage, mostly smoke, at the Holy Trinity H.S. on Cherry Lane. The alarm rang in on Feb. 27 at 6:52 p.m. Hicksville Vamps hauled up hoses by rope and quickly extinguished the fire. The Fire Marshals office is investigating both fires. The origin of the fire at Trinity was not termed suspicious.

Mutual Aid To Jericho

Hicksville Vamps gave assistance to Jericho Vamps by standing by for additional alarms as they battled a spectacular blaze in a trailer fire loaded with chlorine. Smoke from the fire could be seen for miles around and was reported on T.V. The truck driver and several firefighters were injured.

School Fires

Two Hicksville schools were damaged by fires recently. A fire on Feb. 23 at the Hicksville High School was deliberately set, in a similar manner as the greenhouse was destroyed a few months back. One classroom was

Choosing a Preparer

The IRS tries to make the tax forms and instructions less complicated so that more taxpayers can prepare their own returns. However, some taxpayers may require a professional tax return preparer to do the work for them.

For these taxpayers the IRS offers guidance on selecting a reputable preparer since the taxpayer is solely responsible for the accuracy and completeness of his or her tax return.

A taxpayer should be suspicious of a preparer who claims to have IRS *connections* or claims to use the same computer

system as the IRS, possesses inside knowledge, or knows all the angles. The IRS also discourages taxpayers from using any preparer who guarantees refunds, or bases the preparation fee on a percentage of the expected refund. And of course, taxpayers should never sign a blank return or one prepared in pencil.

The law now requires preparers to sign returns they prepare and include their identification numbers. Taxpayers should double check their returns for these requirements and be sure to get a copy of the final return from the preparer.

Items that Do Qualify for Credit:

- insulation, such as fiberglass and cellulose for ceilings, wall, floors, roofs, water heaters, etc.
- exterior storm or thermal windows or doors.
- caulking or weatherstripping for exterior windows or doors.
- a furnace replacement burner which reduces the amount of fuel used.
- a device to make flue openings for a heating system more efficient.
- an electrical or mechanical furnace ignition system which replaces a gas pilot light.
- an automatic energy-saving setback thermostat, and a meter which displays the cost of energy usage.

Items that Do Not Qualify for Credit:

- carpeting.
- drapes.
- wood paneling.
- exterior siding.
- heat pump.
- wood or coal fueled residential equipment.
- fluorescent replacement lighting system.
- hydrogen fueled residential equipment.
- equipment using wind energy for transportation.
- expenditures for a swimming pool used as an energy storage medium, and
- greenhouses.

Free Tax Assistance Available

Free tax assistance at the community level is available to Spanish-speaking, lower income and older taxpayers who need help in preparing basic Federal tax returns. The following questions and answers are provided by the Internal Revenue Service to explain this service.

Q Who sponsors this free tax assistance and what is it called?

A Support for the Volunteer Income Tax Assistance (VITA) Program is provided through Internal Revenue Service trained volunteers from various civic and social organizations, college students, military personnel, and bi-lingual persons.

Q Just what is a basic tax return?

A A Form 1040A or 1040 which does not involve complicated tax issues such as capital gains, business expenses and the like.

Q Why should I go to VITA for help instead of my local IRS office?

A Many taxpayers find it more convenient to visit a VITA center because of location. VITA centers are set up during filing season in neighborhood churches, schools, civic centers and even store fronts, making them easier to get to. Also, some taxpayers simply feel more comfortable dealing with volunteers in their own neighborhood.

Q What should I take with me when I go to a VITA office?

A Take your tax package, including Form 1040 or 1040A, if you have one, and all pertinent records such as W-2 forms and interest statements.

Q What kind of training have the VITA assistants received?

A VITA assistants are usually members of social, civic and religious organizations.

Excess Social Security Tax Withheld

If you worked for two or more employers during the year and received wages totaling more than \$17,700 and more than \$1,070.85 of social security tax was withheld, you are entitled to claim the excess social security tax withheld as a credit against your income tax.

Taxpayers filing the 1040 form should refer to line 59 while 1040A filers use line 11b to claim the credit.

If you file a joint return you and your spouse must make separate computations. However, if you worked for only one employer and more than \$1,070.85 was withheld, you may not claim the excess as a credit against your income tax. Your employer should adjust this over-collection with you.

retired persons or college students who have attended an IRS training session. These sessions emphasize basic income tax preparation involving step-by-step completion of Forms 1040 and 1040A. Assistors also are provided with information about tax benefits such as earned income credit and the tax credit for the elderly.

Q How can I find out if there's a VITA center near my home?

A Call the IRS using the telephone number listed in your tax package.

Although retirement anxiety fluctuates and planning varies from one person to the next, most American workers take some interest in preparing for retirement.

The 1040A. Designed to save you time. Only 15 lines and the Internal Revenue Service will even figure your tax for you. Maybe you should try the 1040A this year.

Taxpayers May Request Filing Extension

The following has been prepared by the Internal Revenue Service to assist taxpayers who may have questions concerning extensions of time to file.

Q I have been travelling for my business and haven't been home to work on my tax forms. Can I get extra time to file my return?

A Yes, the IRS grants an automatic two-month extension, of time to file a tax return. Just fill out, in duplicate, Form 4868, "Application for Automatic Extension of Time to File U.S. Individual Income Tax Return." On the form, make a tentative tax estimate for the year, pay the amount, and file the original of the application.

Q How do I file my return after I get the two-month extension?

A Prepare your return as you normally would but be sure to attach the duplicate Form 4868 to the face of the 1040. Remember that you may not use Form 1040A or have the IRS compute your tax if you apply for an extension of time to file.

Q If the estimate of tax due on Form 4868 isn't right, what happens when I file my return?

A If you underestimated the actual

Some Part-Time Workers Due Refunds; Must File Return

Certain workers who had low incomes last year and Federal tax withheld from their salaries may be eligible for tax refunds. But, these workers must file a Federal tax return in order to get their refunds, according to the Internal Revenue Service.

Often taxpayers do not file because their low earnings fail to reach the level at which the law requires them to file a return. Students, retirees and homemakers working a few hours a week, and other part-time workers, are generally in this category.

Basically, the income requirements for filing are:

—Single taxpayers who made less than \$2,950 in 1978 are not required to file a Federal tax return.

—Singles 65 and older who earned less than \$3,700 don't have to file.

—Married couples under 65 years of age must have earned a combined gross income of \$4,700 before they must file.

—Married couples in which one spouse is 65 or older must file if they earned \$5,450. They must file a return if both are 65 or older and they made at least \$6,200 last year.

Part-time workers can determine whether they have a refund coming by checking their Form W-2, Wage and Tax Statement. If Federal income taxes were withheld, they must file a return to claim a refund.

Taxpayers who had no liability for income tax in 1978, and do not expect to have any tax liability for 1979, qualify for exemption from withholding of Federal tax from their salaries. These taxpayers should file a copy of Form W-4, Employee's Withholding Allowance Certificate, with their employers.

Keep Tax Records

Federal law requires a taxpayer to keep the necessary records to prepare a complete and accurate income tax return. You must also keep your records for as long as their contents may be material in administering any Internal Revenue law.

Records to keep —

• receipts, cancelled checks and other evidence to prove amounts claimed as deductions.

• any documents to prove an overpayment of tax if a claim for refund is made.

• copies of tax returns filed.

How long to keep records —

• Records that support an item of income or a deduction must be kept until the statute of limitations for the return expires (three years from the date the return was due or filed, or two years from the date the tax was paid, whichever occurs later).

• Other records, that concern income averaging or property transactions — purchase of a home, for example — must be kept for as long as they are material.

• Copies of tax returns filed should be kept since they may be helpful in preparing future returns.

• Additional information is contained in IRS Publication 552, *Recordkeeping Requirements and a Guide to Tax Publications*, available free from local IRS offices by using the mail-order form in your tax package.

Employers Must Provide W-2 Forms for Wages Paid

Dividends Must be Reported on Tax Return, IRS Advises

Dividends from corporations must be reported on your return, but they are ordinarily included in income only if the total received exceeds \$100.

The first \$100 of total ordinary dividends received from qualifying corporations is excluded from taxable income. Qualifying corporations are taxable corporations created in the United States or under the laws of the United States or of a state.

A husband and wife each may exclude from income up to \$100 of the dividends each of them received during the year. However, neither may use any part of the other's exclusion. If one of them has dividends of less than \$100, the exclusion will be the actual amount of the dividends received, and the other's exclusion will be no more than \$100.

The IRS will notify the taxpayer if the application is accepted. This notification must be attached to the return when it is filed. If the application is denied, the return must be filed by the due date of the automatic extension. Sometimes, the IRS will allow a taxpayer to file within ten days of the date of the denial notice if the end of the ten-day period is later than the due date.

Q What information is required on Form 2688?

A Your application for an extension beyond the automatic two-month extension must give the reason for requesting the extension and the tax year to which the extension applies. You must also state the length of time you need, whether you already have received an extension for this tax year, and whether you filed timely returns for the preceding three years. If those returns weren't timely, you have to give reasons why they weren't. Finally, you must state whether you had an estimated tax return, and if so, whether you filed and paid those taxes on or before the due dates.

You may sign the request for extension, or your attorney, CPA, enrolled agent or someone with a power of attorney may sign it.

L.I. Marathon

More than 1,000 stout-hearted runners have already entered the Newsday Long Island Marathon slated for Sunday, May 6 beginning at 9 a.m. in Eisenhower Park. The 26-mile 385-yard race to Jones Beach and back via Wantagh Parkway will accommodate up to 4,000 competitors on a first-come first-served basis.

Registration information and entry blanks can be obtained by calling 292-4284 or writing Sports Unit, Nassau County Department of Recreation and Parks, Eisenhower Park, East Meadow, N.Y., 11554. The entry fee is \$4 and the deadline is April 1. The number of runners is limited for logistical and safety reasons.

This year's marathon is expected to be the largest by far of any footrace ever run on Long Island surpassing the 1978 event which drew 1750 athletes. The rising popularity of major races like the Newsday Long Island Marathon is attributed largely to the fine backing of many sponsors.

Senior Citizen Softball Team

Are you an athletics drop-out 60 or over who decided you were over the hill when you turned 50? Take heart, your rebirth may be at hand.

A senior citizen softball team is now being organized at Eisenhower Park by the Nassau County Department of Recreation and Parks to play in a

newly-formed league against other teams of seniors. Bus transportation will be arranged for away games.

Practices will be held on Mondays, Wednesdays and Fridays at 9 a.m. beginning Apr. 9. To register, or obtain further information, call 292-4247.

Momma

by Edith Schryver

And now it's been three whole years
My Mom has gone to rest,
I miss her sorely—her laugh, her song
Time cannot dim her zest

She was loving and caring
And full of joy and fun,
She was understanding—patient,
A haven to which I'd run.

My heart aches, my eyes well-up
With tears I cannot shed,
Because I am still a part of her
And she lives with GOD—instead.

Bible Seminar At Holy Trinity

In spite of the pouring rain, Bible enthusiasts met at Holy Trinity Episcopal Church, Hicksville, last Tuesday night to attend Bishop Jonathan Sherman's introduction to St. John's Biblical writings. This session was the first in a series being held every Tuesday at 8 P.M. at Holy Trinity Church, at the corner of Jerusalem Avenue and Old Country Road, Hicksville. Bishop Sherman will continue the series through April 3.

Speaking of St. John the Evangelist, Bishop Sherman portrayed an early disciple of Jesus who settled at Ephesus and became intent upon proclaiming the Gospel to a Greek speak and

Members of the community are also invited to attend an inquirers class at Holy Trinity Church on Monday evenings at 8 P.M. There is no obligation for membership in attending these classes; persons can come out of curiosity as well as interest in the Episcopal Church. Services at Holy Trinity Church are held every Sunday at 8 and 10 A.M. with Church School and nursery care at 10 A.M. There is mid-week Communion service on Wednesdays at 9:30 A.M. with breakfast and Bible study following. AT present the Bible study is on the Book of Ecclesiasticus. Everyone is welcome!

Members of the community are cordially invited to attend this series on St. John's writings, Tuesday evenings at 8 P.M.

World Day Of Prayer-A Success

The World Day of Prayer, presented by the Parkway Community Church, Hicksville, on Friday, March 2nd, was a tremendous success. There were 150 women, from all the neighboring churches enjoying the fellowship, prayer service, and the hymns, and delighting in the delicious hot luncheon.
Pastor MacDonald installed the new officers of the East

Nassau Unit: Inez Schumacher of Westbury, as President; Juanita MacFarland of Levittown, as Vice-President. Edith Schryver of Plainview, as secretary and Bobbie Marcussen of Levittown, as Treasurer.

The speaker was Paula Spero, who is the Volunteer Coordinator of North East Nassau Psychiatric Centre. She praised the women of

Church Women United for supporting the Geriatric Unit at Hoch, by giving luncheons and sing-a-longs, or bingo, and especially for answering pleas for warm clothing, gifts for them at Christmas and other times. You may contact Mrs. Spero at Hoch - 231-5111 Ext. 225. She will be happy to come and pick up any good clean clothing you may have for men and women.

NOTICE OF HICKSVILLE PUBLIC LIBRARY ELECTION AND VOTE ON APPROPRIATION OF FUNDS HICKSVILLE UNION FREE SCHOOL DISTRICT

Hicksville, New York
NOTICE IS HEREBY GIVEN that pursuant to the resolution of the Board of Trustees of the Hicksville Public Library of Hicksville Union Free School District, Hicksville, New York adopted February 13, 1979 the Special District Election of the qualified voters of this School District for the Hicksville Public Library Election and Vote on appropriation of funds will be held on April 10, 1979, between the hours of 12 Noon P.M. (E.S.T.) and 10:00 o'clock P.M. (E.S.T.) in the seven election districts, stated below, for the purpose of voting upon the following propositions:

PROPOSITION NO. 1

Shall the Library Budget for the school year 1979-1980 adopted by the Library Board in the gross amount of \$721,015.22 be approved and a tax be levied on taxable property of the District in the amount of such budget less sums received in the form of State and Federal Aid and from any other sources, all pursuant to the pertinent provisions of the Education Law?

NOTICE IS FURTHER GIVEN that nominating petitions for the office of member of the Board of Trustees of the Library must be filed with the Clerk of the School District no later than thirty (30) days before the Special Meeting, said date being Monday, March 12, 1979 between the hours of 9:00 A.M. and 5:00 P.M. Separate petitions shall be required to nominate a candidate. Each petition shall be directed to the Clerk of the School District, shall be signed by at least 25 qualified voters of the District (the same being at least 25 qualified voters of the District or two percent (2%) of the number of voters who voted in the previous Library election, whichever is greater), shall state the residence of each signer, the name and residence of the candidate, and include at least the length of the term of the office. Forms of petitions for Library Board Members may be obtained from the Clerk of the School District and at the Hicksville Public Library.

The following vacancy is to be filled on the Board of Library Trustees:

Office of Member of Board of Library Trustees held by Ruth Aaron
 5 year term ending June 30, 1984

NOTICE IS FURTHER GIVEN that personal registration and Election Districts have been established in the School District, that no person shall be entitled to vote at the Special Meeting whose name does not appear on the register of the School District unless such person is registered under the provisions of Section 352 of the Election Law as amended by Chapter 629 of the Laws of 1975, and that those qualified to register and vote shall do so in the School Election District in which they reside.

NOTICE IS FURTHER GIVEN that copies of the estimated expenses of the Library for the year 1979-1980 may be obtained at the Library and each school house in the District on and after April 3, 1979 on any weekday from 9:00 A.M. to 4:00 P.M. and that any other proposition to be voted upon are available for inspection by any taxpayer in the District at the Library daily except Saturday and Sunday on and after April 3, 1979, between 9:00 A.M. and 4:00 P.M.

NOTICE IS FURTHER GIVEN that the Board of Registration shall meet in the seven (7) Election Districts described

below on: April 3, 1979 from 3:00 P.M. until 8:00 P.M. (E.S.T.)

Any person shall be entitled to have his name placed upon such register provided that at such meeting of the Board of Registration he proves to the satisfaction of such Board of Registration to be then or thereafter entitled to vote at the Library meeting or election for which such register is prepared. Said register will be filed in the Office of the Clerk of the District on April 3, 1979, and will be open for inspection by any qualified voter of the District from 9 A.M. to 4:00 P.M. on any week day from April 3, 1979 up to and including April 10, 1979. Residents who voted at an Annual or Special Meeting of the District within two years from the date of the current Special Meeting, or who registered within that time need not register to be eligible to vote at the Special Meeting. Residents otherwise qualified to vote who are registered under the provisions of Section 352 of the Election Law as amended by Chapter 629 of the Laws of 1975 need not register to be eligible to vote at the Meeting.

NOTICE IS FURTHER GIVEN that during the voting hours on April 10, 1979, the Board of Registration will meet in the various election districts to receive registration for the ensuing year.

Operation VFW

By Lou Palladino

Our last meeting was made short because it was the night we gave prizes to the winners of the Voice of Democracy. Considering it was a Monday night we had a very nice turnout. It really is beautiful seeing our kids walk up to receive their awards. We hear so much about the bad ones but we never hear about these wonderful young people. Let us all be proud we have youngsters such as these to let us know what this Country of ours mean to them. We also had our good friend Town Councilman Tom Clarke present, he too gave his feelings towards these award winners. We will make mention of David Blazkowski, he was the High School winner, and Jim Dirken our County Chaplain also gave David an Award for coming in first in Nassau County.

Another group of new members became part of our Post, Arnold Sonnenbleek a Korean Vet., Phil Mateo, a transfer, and three old war horses of the W W 2 conflict, Jim Sharkey, Jerry O'Brien and Ed David. That's very good now, lets hope you comrades get active and enjoy our Post. We feel we are good, and with your help we can be even better. The more hands we have to work with, the more help we can be to others, so pitch in and do your share. You will be surprised how much pleasure you will get from it.

We had our Las Vegas night in Feb. and we had a great crowd for our limited space. We sure could have used more help, it's a long stretch and each one of us can use some relief now and then. Our next Las Vegas night will be Sat. March 10th, so you good fellas that have been approved come on over and give a helping hand. We can always use more people especially if we get another turn out like the last one.

Vice Cmr. Al Vitiello gave his report on the Charter Night Dinner Dance. It was a huge success, if anything it was a little crowded, Dan Hoiser Co-chairman with Al also gave his summation. It was a great night for our 44th year. Congratulations to you both for a job well done, we also wish to congratulate Vinnie Edwards on the Journal. We know all these things take time and effort.

Carmine Somma has planned another party at our Post for the Northport Veterans, they had a great time at our Christmas

party they requested another be given so Fri. March 23rd will be their St. Patts party. We do what we can for these Vets more unfortunate than ourselves.

Our Ladies Aux. bless them, placed third on two County Poppy displays. They always do a good job. Incidentally our girls are having their St. Patty's Day Dance Sat. Mar. 17th. Time is very short so if you're interested get in touch with Edna Barone. Our Ladies always give you more than your moneys worth. Tickets are \$12.50 per. It's a steal for the price.

We have bad news Jerry Bishop is back in the hospital. Our condolences from the entire Post to the family of Ed Gier on his sudden passing. Ed was one of the stalwarts of the J.W.V. He was at our Post the night before his passing away, preparing for the Memorial Day Parade. Again our sincere sympathy to his family.

Next meeting is March 12th, so come on over

Willet Avenue students comprised two out of five elementary school winners in the recent V.F.W. "Voice of Democracy" essay contest. Paul Costello from Mrs. Phillips' class won a medal and

certificate for third place. Kathy Jonason from Mr. Leuci's class received Honorable Mention.

Camp Fire News

The Hicksville Camp Fire Girls recently received a letter from the L.I. R.R. awarding them with a check and honorable mention in the 1978 Holiday Decorating Contest at the Hicksville Railroad Station. Congratulations girls, on a job well done.

On Friday, March 9th, at Levittown Hall, Camp Fire Girls will attend their annual Father-Daughter Square Dance. Raffles for prizes, refreshments, corsages and lots and lots of dancing to the tune of a square dance caller will be on the agenda. This is always a gala event for our girls and one where father and daughter get together for lots of fun. This year the fathers will be asked to pick out their daughter from a baby picture. A good time should be had by all.

Appointed To Committee

Harold Fuchatsky, president of Beacon Federal Savings and Loan Association of Baldwin, has been appointed to the 1979 Committee on the Federal Home Loan Bank System of the United States League of Savings Associations.

The U.S. League is the principal trade organization for the savings and loan business and represents over 4,000 associations throughout the country.

Savings and loan associations are the second largest type of financial institution in America and specialize in attracting savings accounts for investment primarily in mortgage loans on residential property. Currently savings associations provide approximately twice the amount of funds for home mortgage financing as all other lenders combined.

H.A.D. Provides Counselor

by Linda Strongin

Help-Aid-Direction (H.A.D.), Hicksville's community based human relations-drug counseling service, is providing one counselor at the junior high school for one day a week, it was revealed at last week's meeting of the Hicksville Board of Education.

According to Asst. Supt. Dr. Manus Clancy, when asked by this reporter on the status of the drug counseling program at the secondary level, H.A.D. had been providing a full-time counselor at the junior high school until December 31. At that time H.A.D.'s funding through CETA ran out.

The school board had approved H.A.D.'s original proposal for two full-time human relations-drug counselors in June, one for the junior high and one for the senior high. CETA funds for this program were not forthcoming.

H.A.D. Director, Al Peck, told this reporter that the legislature tightened up on its eligibility requirements for CETA funding.

"Employees hired under CETA have to come from the hard-core unemployed and the disadvantaged," he stated. H.A.D.'s candidates for the counseling jobs held masters degrees.

"H.A.D. is trying to fill its commitment by providing a certified guidance counselor one day a week at the junior high," Dr. Clancy stated.

The school board during last spring's budget meetings did not include the necessary funds for participation in the Nassau County Department of Drugs and Alcohol Addiction program. The program funded all but approximately \$4,800 of the human resources-drug counselor's salary and fringe benefits.

Dr. Clancy also announced that the district had reapplied for funds from this Nassau County Agency. The proposal, if approved, would provide two human resources-drug counselors to the district, effective July 1.

"There is a community concern and need for this type of program," he later told this reporter.

Trustee Iris Wolfson questioned if the "type of service provided by H.A.D. was the same" as that provided by the drug counselor the district formally employed through Nassau County.

Dr. Clancy stated that most of the students seem by that counselor "were in the junior high."

She also stated, "I thought once we dropped the program (from Nassau County) that we wouldn't get back in."

Dr. Clancy pointed out at this "was not necessarily so. We have received favorable initial response to the proposal for '79-80 from Mr. Steve Liss, Director, of the Nassau County Agency" he stated.

The current program at the junior high is a group situation for seventh graders. Dr. Clancy explained to this reporter that referrals are received by the human resources-drug counselor from guidance counselors, teachers, and/or parents. A letter is sent to the parent asking permission for the student to participate in the group. "If the parent says 'no,' the student cannot participate," he stated.

President Tom Nagle announced that the Board school district had been served with court papers, on behalf of Bob Zaleski, President, Hicksville Congress of Teachers. The court said that information requested by Mr. Zaleski must be given. "The Board and district are willing to cooperate," he added.

Mr. Zaleski later told this reporter that both parties "were now working on it."

In other business, the Board continued its policy update discussions, concentrating on recreation policy-use of fields of the district. Secretary Bill Bennett stated that Board members had until March 28 to make recommendations and

revisions on this code. The Board members discussed and questioned various items in the code such as "adult" use of fields; correct name of committee; clarification of the word "permanent"; recovery of

Message From Sup. Colby Approves Of Hiring Disabled Senior Citizen Energy Conservation

As you may have read in this paper last week, I wrote to the Governor's Task Force on Excellence and Equity in Education (the Rubin Commission) regarding the need to recognize that regional cost differences must be the basis for the formulation of any plans for State aid to education. This is not an attempt by the Town to infringe upon the prerogatives of another municipal entity, the school district, but to serve as an advocate in the best interests of our mutual constituencies.

One of the local radio stations has questioned whether the disparity in quality of education on a regional basis isn't at least as important, if not more important than cost differences. In my response, I noted that the disparity in the quality of education among districts is a matter already addressed by the State Supreme Court. The Levittown decision—one with which I am in full agreement—clearly states that children must be afforded the opportunity to have an equal quality of education and that quality is directly tied to finances.

In addressing the question of financing education, I am offering a solution aimed at bringing about equity in the quality of education. But, my proposal also addresses the fact

that, in the Town of Oyster Bay, school taxes amount to about 57 percent of a homeowner's property tax bill. I am addressing the need to develop a fair method of financing education so that real relief can be brought to the homeowners of the Town of Oyster Bay. The property tax is the most regressive of all taxes and is in no way related to the homeowners' ability to pay.

In the name of equity, Governor Carey has proposed a financing system that increases the local property tax in our Town's districts and pushes these districts to lowering their educational standards.

That is absurd and unnecessary. With true and fair reform, Long Island homeowners can gain relief from their property tax burden, and the State can achieve equity at the higher standard, not the lower standard, of educational quality.

If the Rubin Commission recognizes that in different areas of this State there are differences in the cost of living, cost of fuel, cost of land and so forth, then it is natural to recognize that these real differences in costs demand real differences in State funding just to keep educational quality equal.

Face it. These cost differences make it more expensive to teach American History on Long Island

Approval for the continuation of a program of hiring disabled students to work with the Group Activities Program (GAP) for the handicapped was granted recently by the Oyster Bay Town Board.

Town Councilman Thomas L. Clark explained that the cooperative program between the Town and the Human Resources Center in Albertson provides part-time employment for specially selected college students. Now in its fourth year, funding is equally shared by the Town and the Office of Vocational Rehabilitation, through the Human Resources Center, with a maximum of \$1,300 for the Town's share of salaries.

"The concept of having handicapped teens work with handicapped youngsters has proved to be a very solid one," Clark commented. "In addition to providing role models for the youngsters, the college students are given a job opportunity they might not otherwise get."

than in some rural areas of the State. To provide equal quality in this subject, shouldn't Long Island districts receive a greater portion of State dollars?

A Senior Citizen Energy Conservation Service for residents of the Town of Hempstead and the City of Long Beach is being conducted by the Nassau County Department of Senior Citizen Affairs in cooperation with the Nassau County Division of Energy Resources.

The project is designed to help reduce heating and electric bills for older homeowners or renters, as well as to make older persons more comfortable in their homes. Workers will make appointments to perform the following energy conservation checks:

Inspect heating systems, test combustion efficiency, recom-

mend energy conserving alterations, inspect insulation needs, and advise homeowners on electric appliance management.

Funds for the project are being made available by a special CETA VI grant from the Town of Hempstead's Office of Training and Development.

To be eligible for this free service, clients may own or rent the house they live in and must be 60 years of age or older. They must be residents of the Town of Hempstead or City of Long Beach.

For further information, call 535-4417.

Public Hearing On Public Assembly Exemption For Firehouse

Oyster Bay Town Councilman Salvatore R. Mosca announced that the Town Board will hold a public hearing to consider exempting volunteer fire department and fire company facilities from the requirements of the Town's local law relating to the licensing of places of assembly.

The hearing will be held on Tuesday, March 20, at 10 AM in

the hearing room, Town Hall East, Audrey Avenue, Oyster Bay.

ST. PATRICK'S BLVD. Oyster Bay Town Supervisor Joseph Colby will once again officiate at ceremonies to be held in Hicksville, on Sunday, March 11, at 12 Noon, noting the change of Heitz Place and Bay Avenue street sign to St. Patrick's Blvd. This observance is held each year at the request of the Commodore John Barry Division, Ancient Order of Hibernians of Hicksville and its Ladies Auxiliary. President John Steele and Auxiliary President Katherine Roemer and the members of the "Division of the Green Berets" extend a cordial "Cead Mile Failte" to Supervisor Colby, our own Town Councilman Thomas Clark (a proud member) and the Town Board on the occasion of our 21st yearly salute to the patron Saint of Ireland. Immediately following the ceremonies Supervisor Colby and the Hibernian unit will depart (in car

pool) to participate in the 29th Annual Saint Patrick's Day Parade sponsored by the Irish American Society of Nassau, Suffolk and Queens, Inc.; parade assembly point is 9th Street and Franklin - route will proceed north on Franklin and east on Old Country Road for the thousands that will view the parade - kick-off is at 1 P.M. - see you there!

CEAD MILE FAILTE: This traditional Gaelic welcome is extended to all attending the 21st annual St. Patrick's Day Dance of the Hicksville Ancient Order of Hibernians at the Joseph Barry Council, Knights of Columbus this Saturday evening, March 10 commencing at 9 P.M., according to John Murphy, Dinner-Dance Chairman - if per chance your plans were revised and you wish to attend - please phone Murphy at 681-7431 today - tickets \$25.00 per couple (includes dinner, dancing and refreshments) and

the company of good friends!

WE HEAR THAT: Nassau County Executive Francis Purcell will be honored by the Irish National Caucus on Saturday evening, March 31 at the Irish American Center - Chairman Gab Kennedy tells me it will be music by the fabulous Pat Roper with Denis Dillon, Nassau County District Attorney; guest speaker - phone Gabe at 54-0680 for information or reservations... Helene Healey is home at Wishing Lane following an extended visit in Delaware - her dad, Warren Healey held a recent welcome-home party.

vandalism costs; and insurance. Absent from last week's meeting was trustee Neil McCormack who is on vacation. The Board accepted a \$1,000 donation to the Hicksville Scholarship Fund from the Nassau County Chapter, Association of School Business Officers. The donation was made in gratitude for the use of the senior high by the Association to conduct a custodial workshop, according to Business Manager Richard Weigang. The Board awarded bids for the

following: Lumber supplies, \$7,920; and musical instruments, \$10,595.10. President Nagle announced that the Board would meet on March 7 to discuss and hopefully arrive at a flash budget figure which will be announced on March 14. Public budget meeting dates will be announced on March 28. He also announced that the library budget vote would be held on April 10.

Drug and Alcohol Abuse, Serious Youth Problems

On Tuesday evening, March 13, at 8:15 pm Woodland Ave., PTA will have a very important general meeting. It will deal with two very serious problems - drugs and alcoholism use with our young people.

They would like all parents to attend this meeting, especially the parents of our 5th and 8th graders. They also feel it would be appropriate for these parents to bring their children. They feel it is wise for all of us to be aware

of the problems and the laws regarding drugs.

Mrs. Marie Agnoli has done a lot of hard work to put this program together. She has asked two guest speakers: Mr. Alfred J. Peck, Director of H.A.D. and Mr. Neil Toelle, Supervising Probation Officer.

Mr. Peck, a graduate of Fordham University, has been the Director of H.A.D. for one year. The H.A.D. stands for Help-Aid Direction and Mr. Peck will speak of the "aid" that is available for students and families who do have a problem with drugs and alcoholism. He will also talk of the problems here in Hicksville with drugs and alcoholism.

Mr. Toelle has been with the Dept. of Probation, Nassau County Family Department of Juveniles for 10 years. He, on the other hand, will explain the programs involved with probation for juveniles involved with drugs and alcoholism. Mr. Toelle, a college graduate and now working towards his Master's degree at Adelphi Univ. for Social work, has been Supervisor for the last 5 years and his case loads include 60 juveniles ages 10-17 years old. He is also involved with a "youth outreach" group in Elmont.

They are positive both of these gentlemen will be able to "open our eyes" to many problems and remedies. It is something that we all must understand, especially our young people. Possession or sale of marijuana is still punishable under N.Y. law.

St. Patrick's Program

An unusual music program will be presented at Hicksville High School on Friday, March 16th. Sponsored by the school's Symphonic Wind Ensemble, the concert will include music a la the Boston Pops Orchestra played by the Wind Ensemble, the Jake Lezley rock band, which is made up of Hicksville High School students, a special celebration of Irish melodies in time for St. Patrick's Day, with Mr. William Goleeke singing "O Danny Boy". Tickets are available at \$2.00 each and may be purchased from Mr. Abt at the Senior High School Music Office, telephone 733-2146.

AT THE COUNCIL

(Continued from Page 15) area will have to be profitable. King Kelly then mentioned that he is very concerned with an overall concept. After all these years of waiting, the Town Planning didn't come to any organization to ask for ideas. Councilman Clark then mentioned that the Town does not have to approve any plans, but can reserve decision for 2 weeks for input. Charlie Lynch then suggested that the hearing not be delayed but that the Town keep the options of Hicksville open. The Committee is just getting off the ground and the Town should act with an open mind. Bill MacDonald said that we are talking of the young people's future and we should also get them involved.

The evening concluded with the Town Meeting. Ken Barnes of the Library said that they have an income tax assistance program from Hofstra and Retired Persons. The program will run until April 15th on Monday from 10 to 2, Wednesday from 4 to 6, Thursday from 7 to 9, and Sunday from 3 to 5. On March 11th Assemblyman Parola will have a "Meet the People" forum at the Library, and the Seroptomists will meet at the Library on March 20th at 8 P.M. And Marge Giannelli reported that there are 4 Employee groups from the Hicksville School District with no settlement on their contract and she encouraged people to listen to both sides.

The next Hicksville Community Council meeting will be held on Thursday, April 5th downstairs at the Library. The Library Budget will be discussed and the Committee for the Development of Hicksville will give a report on their progress. Don't forget - Mark your Calendar - April 10th - Tuesday - Town Meeting - G-1 zoning.

COMPARE YOUR BANK'S INTEREST-ON-CHECKING ACCOUNT WITH EASTERN'S.

If your bank's interest-on-checking account doesn't measure up to Eastern's, stop by and discover what good banking is all about.

Eastern's 5% Interest Checking is one of the best deals in town. Provided, of course, that this type of account makes sense for you.

Choose the checking system that's right for you. If you normally maintain a minimum balance of \$1,000 or more in checking, it will definitely pay you to open an Eastern 5% Interest Checking Account. However, if your average checking account balance is \$400 or less, and you write 10 or more checks a month, it may

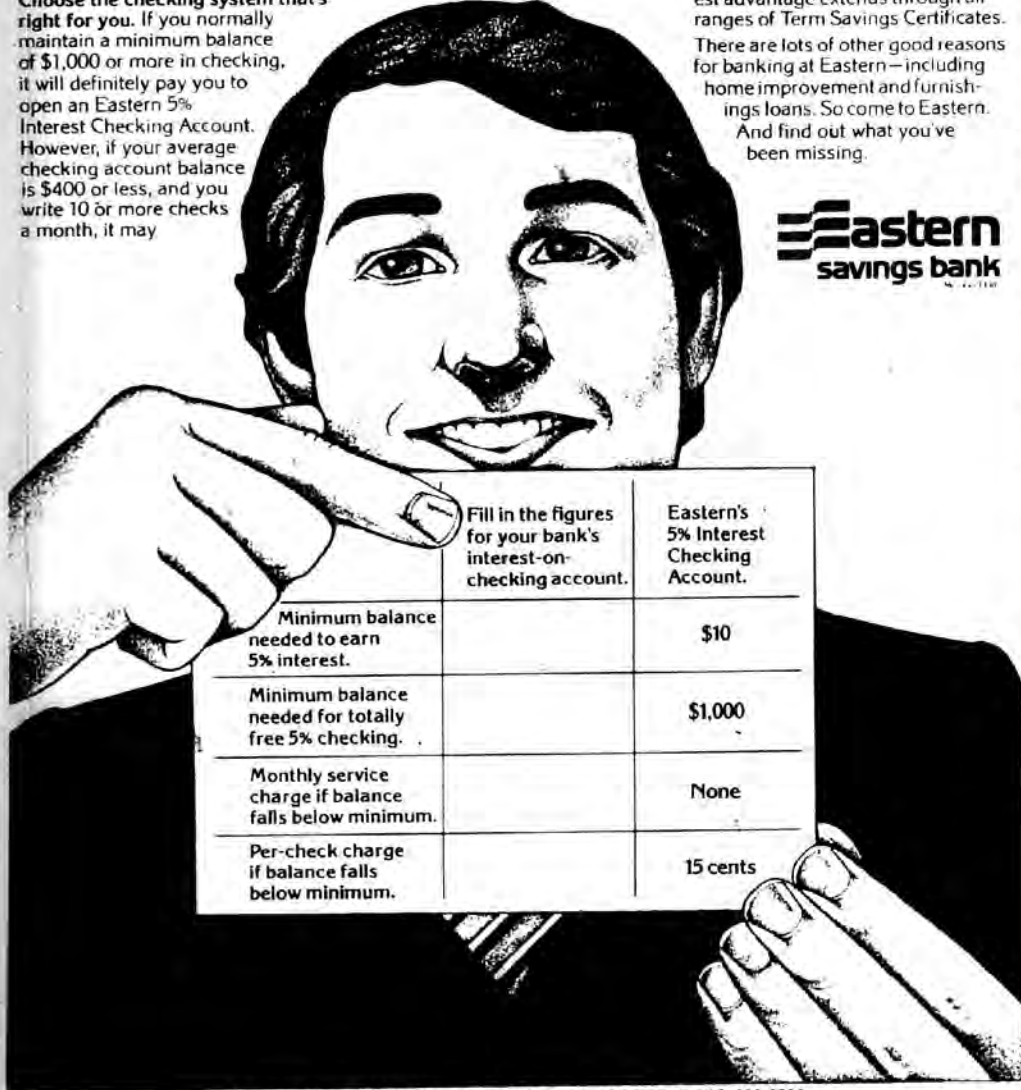

be to your advantage to open an Eastern free checking account, along with a separate 5% savings account.

Free checking. Eastern's Free and Easy Checking is completely free. There's no per-check charge, no monthly maintenance fee, and no minimum balance requirements. You'll be kept supplied with blank

checks—imprinted with your name—free of charge. And if you qualify for overdraft protection, you can write checks for up to \$1,000 more than your balance.

5% savings. Eastern's Passbook and Statement Savings Accounts pay 5 1/4% a year compounded daily, for an effective annual yield of 5.47%. That's more than any commercial bank can offer. And that same interest advantage extends through all ranges of Term Savings Certificates.

There are lots of other good reasons for banking at Eastern—including home improvement and furnishings loans. So come to Eastern. And find out what you've been missing.
